CONSHOHOCKEN, Pa., August 26, 2003 -- Integrated Data Corp.  
(OTC BB:ITDD.OB - News) ("IDC")

This Notice is made pursuant to Rule 425 under the Securities Act of 1933, and replaces and supercedes a certain press release of similar content issued by IDC, dated as of Wednesday, August 20, 2003.

IDC has written, by way of a non-binding letter of intent, to the Board of TransNet Corporation (OTC BB:TRNT.OB - News) ("TransNet") in respect to IDC's continued interest in negotiating the terms of a recommended offer by IDC to acquire 100% of the equity of TransNet (the "IDC Offer"). The IDC Offer's terms would value each TransNet share at \$3.50, with consideration being payable partly in cash of \$1.25 and the remaining \$2.25 payable in IDC common stock, which would be issued pursuant to a registration statement and prospectus. The cash portion of the IDC Offer would amount to an excess of TransNet's average share price over the past three months.

"IDC believes that this corporate marriage is in the best interests of the shareholders of both enterprises," said IDC's Chairman and CEO Dave Bryan. "Diversification of products, services, and global markets is the way to strong future profits in these turbulent economic times, which, in turn, maximizes shareholder value." In the event that IDC is successful in acquiring TransNet, IDC could provide TransNet with additional products and opportunities and would hope to operate the company as a wholly owned subsidiary of IDC, utilizing TransNet's existing management team.

IMPORTANT INFORMATION: The IDC Offer is expressly conditioned upon and subject to the following:

1. Other than existing public information, IDC has received no indication of TransNet's current financial results; therefore, the IDC Offer is based solely on TransNet's last published 10-Q for the quarter ending March 31, 2003. Dependent on TransNet's current financials and business performance, IDC reserves the right to rescind the IDC Offer or alter the conditions of the IDC Offer at its sole discretion.
2. Should the IDC Offer be made (which would be by means of a registration

statement and prospectus and in accordance with the tender offer Rules pursuant to the Securities Exchange Act of 1934), the Offer would only become effective following acceptance by the holders of at least 90% of the outstanding equity of TransNet.
