The Annual Meeting will be held at the Company's headquarters at 37400 Central Court, Newark, California 94560. The Company's telephone number at that location is (510) 744-2700.

These proxy solicitation materials and our Annual Report on Form 10-K for the year ended December 31, 2004, including financial statements, were first mailed on or about March 18, 2005 to all stockholders entitled to vote at the Annual Meeting.

RECORD DATE AND PRINCIPAL SHARE OWNERSHIP

Holder of record of Common Stock and of Series F Preferred Stock at the close of business on February 21, 2005 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. At the Record Date, 30,157,893 shares of the Common Stock were issued and outstanding, and 838,230 shares of the Series F Preferred Stock were issued and outstanding (83,823 Series F Preferred Stock shares on an as-converted basis). Each share of Common Stock is entitled to one vote, and each share of Series F Preferred Stock is entitled to 10 votes. Except as otherwise required by applicable law, the holders of shares of Series F Preferred Stock are entitled to vote together as a single class with the holders of the Common Stock upon the election of directors and

upon any other matter submitted to stockholders for a vote. The Company has no other class of voting securities outstanding entitled to be voted at the meeting.

The only person known by the Company to beneficially own more than five percent of the Company's Common Stock as of the Record Date was Charlie Bass, the Chairman of the Company. The only persons known by the Company to beneficially own more than five percent of the Company's Series F Preferred Stock as of the Record Date were Charlie Bass, Jonathan Fleisig, Headwaters Holdings LLC and Ezra P. Mager. Please see "Security Ownership of Certain Beneficial Owners and Management" for more information on these beneficial owners.

REVOCABILITY OF PROXIES

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

1

VOTING AND SOLICITATION

Each stockholder is entitled to one vote for each share of Common Stock held and 10 votes for each share of Series F Preferred Stock held in all matters to be voted on by the stockholders. If any stockholder at the Annual Meeting gives notice of his or her intention to cumulate votes in respect of the election of directors, then each stockholder voting for the election of directors (Proposal One) may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares of Common Stock and 10 times the number of shares of Series F Preferred Stock that such stockholder is entitled to vote, or distribute such stockholder's votes on the same principle among as many candidates as the stockholder may select, provided that votes cannot be cast for more than seven candidates. However, no stockholder shall be entitled to cumulate votes for a candidate unless the candidate's name has been placed in nomination prior to the voting and the stockholder, or any other stockholder, has given notice at the meeting, prior to the voting, of the intention to cumulate votes. On all other matters, stockholders may not cumulate votes.

This solicitation of proxies is made by the Company, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of stock for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by the Company's directors, officers and regular employees, without additional compensation, personally or by telephone, email or facsimile. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from brokers, bank nominees and other institutional investors. The Company's costs for such services, if retained, are not expected to be material.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The presence at the Annual Meeting, either in person or by proxy, of the holders of a majority of votes entitled to be cast with respect to the outstanding shares of Common Stock and Series F Preferred Stock shall constitute a quorum for the transaction of business. Shares that are voted "FOR," "AGAINST" or "WITHHELD" on a matter are treated as being present at the meeting for purpose of establishing a quorum entitled to vote on the subject matter (the "Votes Cast").

The Company intends to count abstentions for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with

respect to a proposal (other than the election of directors). Thus, abstentions will have the same effect as a vote against a proposal.

Broker non-votes will be counted for purpose of determining the presence or absence of a quorum for the transaction of business. Broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

A plurality of the votes duly cast is required for the election of directors. Thus, neither abstention nor broker non-votes affect the election of directors, as only affirmative votes will affect the outcome of election.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS TO BE INCLUDED IN THE COMPANY'S PROXY MATERIALS

The Company currently intends to hold its 2006 Annual Meeting of Stockholders in April 2006 and to mail proxy statements relating to such meeting in March 2006. Proposals of stockholders of the Company that are intended to be presented by such stockholders at the 2006 Annual Meeting must be received by the Company no later than November 15, 2005 and must otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

2

BOARD MEETINGS AND COMMITTEES

The Board of Directors has determined that all of the nominees, except Messrs. Mills and Gifford, satisfy the definition of "independent director," as established in Nasdaq listing standards. The Board of Directors has an Audit Committee, a Nominating Committee and a Compensation Committee. Each committee has adopted a written charter, all of which are available on the Company's web site at <http://www.socketcom.com>. The Board of Directors has also determined that each of the members of the Audit Committee, the Nominating Committee and the Compensation Committee satisfies the definition of "independent director," as established in NASDAQ listing standards.

The Board of Directors held a total of three regular meetings during fiscal 2004 and one telephonic meeting. The Board of Directors also approved certain actions by written consent. The Company strongly encourages members of the Board of Directors to attend all meetings, including meetings of committees on which they serve and the annual meeting of stockholders. No director attended fewer than 75 percent of the meetings of the Board of Directors and the Board committees on which they served. Messrs. Gifford, Malmed, Mills, Rattazzi and Sealey attended the 2004 Annual Meeting of Stockholders.

The Audit Committee consists of Messrs. Bass, Malmed and Sealey. As required by NASDAQ rules, the members of the Audit Committee each qualify as "independent" under special standards established by the United States Securities and Exchange Commission ("SEC") for members of audit committees. The Audit Committee also includes one independent member, Dr. Bass, who has been determined by the Board of Directors to meet the qualifications of an "audit committee financial expert" in accordance with SEC rules. Stockholders should understand that this designation is a disclosure required by the SEC relating to Dr. Bass' experience and understanding with respect to certain accounting and auditing matters. This designation does not impose upon Dr. Bass any duties, obligations or liability that are greater than are generally imposed on him as member of the Audit Committee, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors. The Audit Committee met three times in person during the year ended December 31, 2004, and members of the Audit Committee held three additional telephone meetings with management and the independent auditors to review quarterly financial information and to discuss the results of quarterly review procedures performed by the independent auditors before quarterly financial reports were issued. The Audit Committee is responsible for appointing, compensating and overseeing actions taken by the Company's independent auditors and reviews the Company's internal financial controls and financial statements. The Audit Committee met in December 2004 with management and with the independent auditors to review the audit plan for the audit of the financial statements and internal controls for the year ended December 31, 2004. In connection with the completion of the annual audit of the Company's financial statements for the year ended December 31, 2004 and the audit of the Company's internal controls as of December 31, 2004, the Audit Committee met in February 2005 with management and with the independent auditors to review the financial statements and the annual audit results, including an assessment of internal controls and procedures, and discussed the matters with the independent auditors denoted as required communications by Statement of Auditing Standards 61 (SAS 61). The meeting included review of internal accounting controls, discussion and review of auditor independence, review with management and discussion with the independent auditors of the annual financial statements, the pre-approval of fees, and other matters included in required communications with the independent auditors under SAS 61, and a recommendation to the Board of Directors to approve the issuance of the financial statements for the year ended December 31, 2004. The report of the Audit Committee for the year ended December 31, 2004 is included in this Proxy Statement.

The Nominating Committee consisted of the Company's independent directors. The Nominating Committee considers and recommends nominations for the Board of Directors and facilitates the self-assessment of Board performance by the independent directors. For 2005, the Nominating Committee contacted each current director and determined that each director was willing and able to serve as a director for the ensuing year. The Nominating Committee in a meeting held in January 2005 recommended nomination of the current directors to serve for the ensuing year. For 2006, the nominating committee will consider nominees recommended by security holders. Such nominations should be made in writing to the Company, attention Corporate Secretary, no later than November 15, 2005 in order to be considered for inclusion in next year's proxy statement.

The Compensation Committee, which consisted of Messrs. Torresi and Rattazzi, held four telephonic meetings during fiscal 2004. The Compensation Committee is responsible for determining salaries, incentives and other forms of compensation for directors and officers of the Company and administering the Company's incentive compensation and benefit plans. The report of the Compensation Committee for fiscal 2004 is included in this Proxy Statement.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company received \$1,500 per regular meetings of the Board of Directors that they attended in 2004, and will receive \$3,000 per regular meetings that they attend in 2005. These outside directors are also entitled to participate in the Company's 2004 Equity Incentive Plan. During fiscal 2004, Messrs. Bass, Malmed, Rattazzi, Sealey and Torresi were each granted an option to purchase 25,000 shares at an exercise price of \$3.20 per share, the fair market value of the Common Stock on the date of grant. Each such option vested in full on February 3, 2004.

VOTE REQUIRED AND RECOMMENDATION OF THE BOARD

If a quorum is present, the seven nominees receiving the highest number of votes will be elected to the Board of Directors. Votes withheld from any nominee are counted for purposes of determining the presence or absence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE COMPANY'S NOMINEES FOR DIRECTORS.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has selected Moss Adams LLP, independent public accountants, to audit the financial statements and internal controls of the Company for the fiscal year ending December 31, 2005, and recommends that stockholders vote for ratification of such appointment.

Moss Adams LLP has audited the Company's financial statements for the fiscal year ended December 31, 2004. Representatives of Moss Adams LLP are expected to be present at the Annual Meeting. The firm will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The Company's financial statements from inception in 1992 through December 31, 2003 were audited by Ernst & Young, LLP. On March 16, 2004, the Company dismissed Ernst & Young, LLP as the Company's independent auditors. The reports of Ernst & Young on the Company's consolidated financial statements for the fiscal years ended December 31, 2002 and 2003 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The Audit Committee recommended, and the Board of Directors of the Company approved, the change of auditors at their respective meetings on March 15, 2004. In connection with the audits of the Company's consolidated financial statements for the fiscal years ended December 31, 2002 and 2003 and the subsequent interim period ended March 16, 2004, there were no disagreements between the Company and Ernst & Young LLP on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference to the matter in their report. On March 17, 2004, the Company engaged Moss Adams LLP as the Company's independent auditors. The Company did not consult with Moss Adams LLP during the fiscal years ended December 31, 2002 and 2003, and subsequent interim period ended March 16, 2004 on any matter which was the subject of any disagreement or any reportable event or on the application of accounting principles to a specified transaction, either completed or proposed. Ernst & Young LLP furnished a letter to the Company addressed to the SEC stating that Ernst & Young LLP agreed with the above statements. A copy of that letter has been filed with the SEC on a Form 8-K.

FEES BILLED TO THE COMPANY BY MOSS ADAMS LLP DURING FISCAL YEAR 2004 AND BY ERNST & YOUNG LLP DURING FISCAL YEAR 2004 AND 2003

Audit Fees:

Audit fees billed to the Company by Moss Adams LLP for their audit of the Company's 2004 fiscal year financial statements and review of the Company's quarterly financial statements for fiscal 2004 totaled \$183,098. Audit fees billed to the Company by Moss Adams LLP for their audit of the Company's internal controls at December 31, 2004 totaled \$95,000. Audit fees billed to the Company by Ernst & Young LLP for their audit of the Company's 2003 fiscal year financial statements and review of the Company's quarterly financial statements for fiscal 2003 totaled \$251,263.

Audit-Related Fees:

Audit-related fees billed to the Company by Moss Adams LLP during the Company's 2004 fiscal year totaled \$7,825. Audit-related fees billed to the Company by Ernst & Young LLP during the Company's 2004 and 2003 fiscal years totaled \$10,100 and \$49,199, respectively. Audit-related fees were primarily related to meetings with the Audit Committee, attendance at the annual stockholder meeting and accounting advice.

Tax Fees:

Tax fees are for preparation of annual tax returns and tax advice. Ernst & Young LLP prepared the annual tax returns for fiscal 2003 and fiscal 2002 during 2004 and 2003, respectively. Tax fees billed to the Company by Ernst & Young LLP during the Company's 2004 and 2003 fiscal years for preparation of annual tax returns totaled \$21,000 and \$19,140, respectively. Tax fees billed to the Company for tax advice during 2004 by Moss Adams LLP totaled \$7,650 and by Ernst & Young LLP totaled \$8,000.

All Other Fees:

Fees billed to the Company by Ernst & Young LLP during the Company's 2003 fiscal year for all other non-audit and non-tax services rendered to the Company consisted of assistance with SEC filings of \$98,543. There were no fees billed to the Company by Moss Adams LLP during the Company's 2004 fiscal year for other non-audit and non-tax services rendered to the Company.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to report periodically to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval process, and the fees for the services performed through such date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

The Audit Committee has considered whether the provision of the services covered in this section is compatible with maintaining Ernst & Young LLP's and Moss Adams LLP's independence.

VOTE REQUIRED AND RECOMMENDATION OF THE BOARD

Ratification of the selection of Moss Adams LLP as the Company's independent public accountants for the fiscal year ending December 31, 2005 requires the affirmative vote of a majority of the Votes Cast on the matter at the Annual Meeting.

Stockholder ratification of the selection of Moss Adams LLP as the Company's independent public accountants is not required by the Company's by-laws or other applicable legal requirement. However, the Audit Committee is submitting the selection of Moss Adams LLP to the stockholders for ratification as a matter of common corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year, if it determines that such a change would be in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF MOSS ADAMS LLP AS THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS.

Employment Contracts and Change-In-Control Agreements

In February 1998, the Company adopted a bonus plan pursuant to which a bonus pool in the amount of up to 10 percent of any consideration payable by a buyer in any acquisition of the Company is to be allocated to the executive officers and such other employees as the Board of Directors determines in its discretion.

15

In March 2003, the Company renewed separate employment agreements with Messrs. Kevin J. Mills, David W. Dunlap, Micheal L. Gifford, Robert J. Miller, Leonard L. Ott and Kevin T. Scheier and entered into employment agreements with Tim I. Miller and Peter K. Phillips (each an "Executive"). The agreements expire on December 31, 2005. The agreements set forth the base salaries for each Executive, and provide that if the Company terminates the Executive's employment without cause, the Company will pay the Executive (i) six months base salary regardless of whether he secures other employment during those six months, (ii) health insurance until the earlier of the date of the Executive's eligibility for the health insurance benefits provided by another employer or the expiration of six months, (iii) the full bonus amount to which he would have been entitled for the first quarter following termination and one-half of such bonus amount for the second quarter following termination, and (iv) certain other benefits including the ability to purchase at book value certain items of the Company's property purchased by the Company for the Executive's use, which may include a personal computer, a cellular phone and other similar items.

Additionally, under the Stock Option Plans, all rights of all optionees (including executive officers) to purchase stock shall, upon a change of control of the Company, be immediately vested and be fully exercisable if such options are not assumed by the acquiring entity.

Limitation Of Liability and Indemnification Matters

Pursuant to the Delaware General Corporation Law, the Company has adopted provisions in its Amended and Restated Certificate of Incorporation that eliminate the personal liability of the directors to the Company or the stockholders for monetary damages for breach of the directors' fiduciary duties in certain circumstances. The Company's Bylaws require the Company to indemnify the Company's directors and officers and authorize the Company to indemnify its employees and other agents to the fullest extent permitted by law.

The Company has entered into indemnification agreements with each of its current directors and officers that provide for indemnification to the fullest extent permitted by Delaware law, including in circumstances in which indemnification and the advancement of expenses are discretionary under Delaware law. The Company believes that the limitation of liability provisions in its Amended and Restated Certificate of Incorporation and the indemnification agreements will enhance its ability to continue to attract and retain qualified individuals to serve as directors and officers. There is no pending litigation or proceeding involving a director, officer or employee to which the indemnification agreements would apply.

CORPORATE GOVERNANCE

The Company and its Board of Directors are committed to high standards of corporate governance as an important component in building and maintaining stockholder value. To this end, the Company regularly reviews its corporate governance policies and practices to ensure that such policies are consistent with the high standards of other companies. The Company has also been closely monitoring guidance issued or proposed by the SEC, new listing standards of NASDAQ, and provisions of the Sarbanes-Oxley Act. As a result of review of these matters, as well as the emerging best practices of other companies, the Company has implemented the following:

Director Independence

- The Board of Directors confirmed that a majority of the Company's directors are independent as defined by currently available SEC and NASDAQ regulations.
- The Company's independent directors hold formal meetings convened separately from management and chaired by an independent director.
- The Audit, Compensation and Nominating Committees consist solely of independent directors.

Audit Committee

- All Audit Committee members possess the required level of financial literacy.
- The Audit Committee charter formalizes and makes explicit the following:
 - ◆ The Audit Committee's ability to retain independent consultants and experts as it sees fit, at Company expense;
 - ◆ The Audit Committee's right to appoint, review and assess the performance of the Company's independent auditors;
 - ◆ The Audit Committee's ability to hold regular executive sessions with the Company's independent auditors, the Company's Chief Financial

Officer and Controller, and other Company officers directly, as it considers appropriate;

- ◆ The Audit Committee's requirement to review and approve in advance non-audit services by the Company's independent auditors, as well as related party transactions;
- ◆ The Audit Committee's duty to maintain a formal complaint monitoring procedure (whistleblower policy) to enable confidential and anonymous reporting to the audit committee; and
- ◆ The Audit Committee's authority over the independent auditors' rotation policy.

Other Governance Matters

- The Company has a formal Code of Business Conduct and Ethics that applies to all officers, directors and employees.
- The Company has a requirement that any waiver or amendment to the Code of Business Conduct and Ethics involving a director or officer be reviewed by the Nominating Committee and disclosed to the Company's stockholders.
- The Company has a Compensation Committee charter and Nominating Committee charter.
- The Company has an Insider Trading Policy, including control procedures to comply with current SEC and NASDAQ regulations.

More details on the Company's corporate governance initiatives, including copies of its Code of Business Conduct and Ethics and the committee charters can be found in the "Corporate Governance" section of the Company's web site at <http://www.socketcom.com>.

Policy for Director Recommendations and Nominations

The Nominating Committee considers candidates for board membership suggested by the Board of Directors, management and the Company's stockholders. It is the policy of the Nominating Committee to consider recommendations for candidates to the Board of Directors from stockholders holding no less than five percent of the total outstanding shares of the Company. Stockholders must have held such Common Stock continuously for at least 12 months prior to the date of the submission of the recommendation. The Nominating Committee will consider persons recommended by the Company's stockholders in the same manner as nominees recommended by members of the Board of Directors or management.

A stockholder that desires to recommend a candidate for election to the Board of Directors shall direct the recommendation in written correspondence by letter to the Company, attention of:

Chairman of the Nominating Committee
c/o Socket Communications, Inc.
37400 Central Court
Newark, CA 94560

Such notice must include:

- the candidate's name, home and business contact information;
- detailed biographical data and relevant qualifications;
- a signed letter from the candidate confirming willingness to serve;
- information regarding any relationships between the candidate and the Company within the last three years; and
- evidence of the required ownership of Common Stock by the recommending stockholder.

In addition, a stockholder may nominate a person directly for election to the Board of Directors at the annual meeting of the Company's stockholders provided the stockholder complies with the requirements set forth in the Company's Bylaws and the rules and regulations of the SEC related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to the Board of Directors at an annual meeting, is described above in the section entitled "Deadline for Receipt of Stockholder Proposals to be Included in the Company's Proxy Materials."

Where the Nominating Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating Committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board of Directors or management. In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Nominating Committee considers a number of factors, including the following:

- The current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors.
- Such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service and potential conflicts of interest.
- Such other factors as the Nominating Committee may consider appropriate.

18

The Nominating Committee has also specified the following minimum qualifications that it believes must be met by a nominee for a position on the Board of Directors:

- The highest personal and professional ethics and integrity.
- Proven achievement and competence in the nominee's field and the ability to exercise sound business judgment.

- Skills that are complementary to those of the existing members of the Board of Directors.
- The ability to assist and support management and make significant contributions to the Company's success.
- An understanding of the fiduciary responsibilities that are required of a member of the Board of Directors and the commitment of time and energy necessary to carry out those responsibilities diligently.

In connection with its evaluation, the Nominating Committee determines whether it will interview potential nominees. After completing the evaluation and interview, the Nominating Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated to the board, and the Board of the Directors determines the nominees after considering the recommendation and report of the Nominating Committee.

Stockholder Communications to Directors

Stockholders may communicate directly with the members of the Board of Directors by sending an email to board@socketcom.com. The Company's Secretary monitors these communications and will ensure that summaries of all received messages are provided to the Board of Directors at its regularly scheduled meetings, or directly to the Chairman of the Board if the matter is deemed to be urgent and require the immediate attention of the Board. Where the nature of a communication warrants, Mr. Bass, Chairman of the Board, may decide to obtain the more immediate attention of the appropriate committee of the Board of Directors or a non-management director, or the Company's management or independent advisors, as appropriate. Mr. Bass will also determine whether any response to a stockholder communication is necessary or warranted, and whether further action is required.

Director Independence

In February 2005, the Board of Directors undertook a review of the independence of its directors and considered whether any director had a material relationship with the Company or its management that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, the Board of Directors affirmatively determined that all of the directors of the Company, with the exception of Mr. Mills, the Company's President and Chief Executive Officer, and Mr. Gifford, the Company's Executive Vice President, are independent of the Company and its management under the corporate governance standards of NASDAQ

Code of Business Conduct and Ethics

The Board of Directors has a Code of Business Conduct and Ethics that is applicable to all employees, officers and directors of the Company, including the Company's senior financial and executive officers. The Code of Business Conduct and Ethics is intended to deter wrongdoing and promote ethical conduct among the Company's directors, executive officers and employees. The Code of Business Conduct and Ethics is available on the Company's website. The Company will also post any amendments to or waivers from the Code of Business Conduct and Ethics on its website.

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, or the Securities Exchange Act of 1934 that might incorporate future filings, including this Proxy Statement, in whole or in part by reference, the following report and the Performance Graph (set forth below on page 24) shall not be incorporated by reference into any such filings.

Introduction

The Compensation Committee establishes the general compensation policies of the Company, and establishes the compensation plans and specific compensation levels for executive officers. The Compensation Committee strives to ensure that the Company's executive compensation programs will enable the Company to attract and to retain key people and motivate them to achieve or exceed key objectives of the Company by making individual compensation directly dependent on the Company's achievement of certain financial goals, such as profitability and asset management, and by providing rewards for exceeding those goals.

Compensation Programs

The three major components of the Company's executive officer compensation are: (i) base salary, (ii) variable incentive awards, and (iii) long-term equity-based incentive awards.

Base Salary. The Compensation Committee establishes base salaries for executive officers, normally within ten percent of the average paid for comparable positions at other similarly sized companies as set forth in national and local compensation surveys. Base pay increases vary according to individual contributions to the Company's success and comparisons to similar positions within the Company and at other comparable companies.

Variable Incentive Awards. To reinforce the importance of Company goals, the Compensation Committee believes that a substantial portion of the quarterly compensation of each executive officer should be in the form of variable incentive pay. The variable incentive award set aside for each executive officer is determined in part on the basis of the Company's achievement of the quarterly financial performance targets established at the beginning of the fiscal year and also on individual quarterly objectives. The incentive plan requires a threshold level of Company performance that must be attained before any financial performance incentives are awarded. Once the threshold is reached, specific formulas are in place to calculate the actual incentive payment for each officer. A target is set for each executive officer based on targets for similar positions at comparable companies. In fiscal 2004, the Company met many of its performance targets.

Long-term, Equity-Based Incentive Awards. The goal of the Company's long-term equity-based incentive awards is to align the interests of executive officers with those of stockholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The Compensation Committee determines the size of long-term, equity-based incentives according to each executive's position within the Company and sets a level it considers appropriate to create a meaningful opportunity for stock ownership. In addition, the Compensation Committee takes into account an individual's recent performance, his or her potential for future responsibility and promotion, comparable awards made to individuals in similar positions with comparable companies, and the number of unvested options held by each individual at the time of the new grant. The relative weight given to each of these factors varies among individuals at the Compensation Committee's discretion.

During fiscal 2004, the Compensation Committee of the Board of Directors made option grants to Messrs. Mills, Scheier, Miller, Dunlap and Gifford and to three other officers of the Company under the Company's 1995 Stock Plan. Each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time. Generally, each option granted under the 1995 Stock Plan and its successor plan, the 2004 Equity Incentive Plan, vests in periodic installments over a four-year period, contingent upon the executive officer's continued employment with the Company. Fully vested grants or grants vesting over a shorter or longer term than four years may be awarded at the discretion of the Compensation Committee. Each of the Named Executive Officer's options will provide a return only if the officer remains with the Company and only if the market price appreciates over the option term.

Compensation of Chief Executive Officer

The factors considered by the Compensation Committee in determining the compensation of Mr. Mills, the Chief Executive Officer, in addition to survey data, include the Company's operating and financial performance, as well as his leadership and establishment and implementation of strategic direction for the Company. During 2004, the Compensation Committee increased the base compensation Mr. Mills is earning by \$7,500 or 5% to \$157,500 per year. The Compensation Committee did not change Mr. Mills' variable compensation under the variable incentive awards program, described above, applicable to all of the officers of the Company. Mr. Mills' variable compensation target of \$100,000 per year is established based upon a review of Chief Executive Officer compensation ranges for companies of similar size and performance.

The Compensation Committee considers stock options to be an important component of the Chief Executive Officer's compensation as a way to reward performance and motivate leadership for long-term growth and profitability. In 2004, Mr. Mills was granted an option to purchase 50,000 shares, with an exercise price equal to the fair market value at date of grant. This option vests in forty-eight equal monthly installments.

Compensation Limitations

Under Section 162(m) of the Internal Revenue Code, which was enacted into law in August 1993, and regulations adopted thereunder by the Internal Revenue Service, publicly held companies may be precluded from deducting certain compensation paid to an executive officer in excess of \$1 million in a single year. The regulations exclude from this limit performance-based compensation and stock options provided certain requirements, such as stockholder approval, are satisfied. The Company plans to take actions, as necessary, to ensure that its stock option plans and executive annual cash bonus plans qualify for exclusion.

The cash compensation paid to the Company's executive officers during 2004 did not exceed the \$1 million limit for any executive officer, nor is the cash compensation to be paid to the Company's executive officers for 2005 expected to reach that level. Because it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limitation, the Compensation Committee has decided not to take any action at this time to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer approach the \$1 million level. The foregoing report has been submitted by the undersigned in our capacity as members of the Compensation Committee of the Board of Directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee has ever been an officer or employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors maintains an Audit Committee comprised of three of the Company's outside directors. The Audit Committee oversees the Company's financial process on behalf of the Board of Directors. Management has the primary responsibility for preparing the financial statements and maintaining the Company's financial reporting process including the system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report to the Securities and Exchange Commission on Form 10-K for the year ended December 31, 2004 with management, including a discussion of the quality of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed the report on internal controls in the Annual Report to the Securities and Exchange Commission on Form 10-K for the year ended December 31, 2004 with management, including a discussion of the design of internal control systems and their effectiveness. The Board has a written charter for the Audit Committee, a copy of which was filed with the Proxy Statement for the 2004 Annual Meeting.

The Audit Committee reviewed the 2004 financial statements with the Company's independent auditors, who are responsible for expressing an opinion on the conformity of the financial statements with generally accepted accounting principles, as well as their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as the auditors are required to discuss with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61. The Audit Committee also reviewed with the independent auditors the auditing standards applied, including the Public Company Accounting Oversight Board's Auditing Standard No. 2, *An Audit of Internal Control Over Financial Reporting*, in evaluating whether management's assessment process had an appropriate basis for its conclusion and whether the design of the internal control was effective for supporting management's conclusion. In addition, the Audit Committee discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and the letter from the independent auditors required by the Independence Standards Board, Standard No. 1.

The Audit Committee also discussed with the Company's independent auditors the overall scope and results of their audits of the financial statements and internal controls. The Audit Committee met periodically with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held three meetings with the auditors in regards to their audits of the annual financial statements for the year ended December 31, 2004 and internal controls as of December 31, 2004. In addition, a conference call between members of the Audit Committee, the auditors and management was held each quarter during fiscal 2004 to review quarterly financial reports prior to their issue.
