During the fiscal year ended November 30, 2005, D. Tysen Nutt, Jr., Jordan L. Irving, Anthony A. Lombardi and Robert A. Vogel, Jr. (the "New Equity Team") were appointed co-portfolio managers of the Fund. The New Equity Team replaced Nancy M. Crouse, and will work with Damon J. Andres with respect to the equity portion of the Fund. The members of the New Equity Team will work with Damon J. Andres and Timothy L. Rabe in making day-to-day decisions for the Fund.

### PLEASE DISCUSS THE INVESTMENT ENVIRONMENT DURING THE YEAR.

During the 12-month period ended November 30, 2005, the Federal Reserve steadily increased short term interest rates in the form of the fed funds rate--a factor which we believe has had a significant impact on equity and fixed income markets. The market sustained further losses due to rising energy prices and a string of intense hurricanes, which disrupted oil production on the Gulf Coast and initiated massive federal borrowing to fund rebuilding. While the economy and corporate earnings continue to grow, there was the potential for the combined effects of heavy consumer debt, higher energy prices, and rising interest rates to impact consumer spending and increase volatility in the financial markets going forward.

Q: HOW DID THE FUND PERFORM RELATIVE TO ITS BENCHMARK FOR THE 12-MONTH PERIOD ENDED NOVEMBER 30, 2005?

A: Delaware Investments Dividend and Income Fund, Inc., a diversified closed-end fund, returned +5.44% at net asset value and +15.38% at market price (both figures reflect all distributions reinvested) for the fiscal year ended November 30, 2005. For complete, annualized performance, please see the table on page 4.

By comparison, the Fund's collective benchmark, the Standard & Poor's (S&P) 500 Index, returned +8.44% during the same period. Unlike its all-stock benchmark, the Fund is diversified across four sectors: large-cap value stocks, high yield bonds, real estate investment trusts (REITs), and convertible securities. Generally speaking, each of these asset classes has relatively low correlation with the others. As such, the Fund is designed with the idea that this well-diversified asset allocation may help to reduce volatility over time.

Q: PLEASE DISCUSS THE FUND'S EQUITY PERFORMANCE.

A: In March, 2005, the Delaware Investments Large-Cap Value Equity Team of D. Tysen Nutt, Jordan Irving, Anthony Lombardi, and Robert Vogel took over day-to-day operations of the equity investments within Delaware Investments Dividend and Income Fund, Inc. (Damon Andres remained as the portfolio manager

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

responsible for both REITs and convertible securities in the Fund, while Tim Rabe continued to handle the Fund's allocation to high-yield fixed income.)

During the 12-month period, the Fund's common stocks trailed our collective benchmark, the S&P 500 Index. We attribute performance to individual security selection and sector allocations. The strongest returns came from the industrial sector. We also benefited from our positioning in the information technology sector. Hewlett-Packard, one of our strongest holdings in this group, was the beneficiary of a successful corporate restructuring that included management changes. The company benefited in particular from its imaging business. Overall, we remain confident about Hewlett-Packard's long-term prospects. The company offers investors a fairly diversified line of business, and we believe that improved efficiency and earnings were reflected in attractive valuations at the close of the period.

1

Conversely, individual security selection in the staples and healthcare sectors hurt performance. The stock performance of both Pfizer and Merck, in particular, proved disappointing during the fiscal year. Growing concern about the number of drugs coming off patent and the impact of generic competition was compounded by an unfavorable outlook for new product development. In addition, potential legal liabilities related to the withdrawal of Merck's Vioxx in 2004 and Pfizer's Bextra in April 2005 had a significant impact on valuations. We believe that these companies have suffered unfairly, and remain optimistic that they will benefit from strong franchises, healthy balance sheets, improving cash flow, and attractive dividend generation over the next three to five years.

Q: HOW DID THE FUND'S REIT INVESTMENTS PERFORM?

A: The Fund's REIT investments contributed positively to overall performance as this asset class turned in another strong year. During the period, we had exposure to mortgage REITs, which underperformed due to concerns about consumer credit and the housing market. Our investment strategy is focused on identifying high-quality securities with attractive dividend yields, while avoiding rich valuations and stressed balance sheets.

PLEASE DISCUSS AREAS OF POSITIVE AND NEGATIVE PERFORMANCE OF THE FUND'S REIT INVESTMENT.

The Fund benefited from Simon Property Group, a regional mall company. The company's strong internal growth and operating performance were further enhanced by its 2004 acquisition of Chelsea Property Group, the world's largest owner and operator of outlet centers. This acquisition represents an attractive complement to Simon's overall business strategy and development pipeline.

The Fund's position in Great Wolf Resorts, an entertainment resort company in the consumer discretionary sector, generated disappointing performance. We were adversely impacted by a variety of factors, including earnings misrepresentation and poor corporate management. As investors, we believe a buyout may be imminent for the company, which could lead to brighter long-term prospects. A light weighting in the multi-family housing sector, which performed well, also served as a drag on the performance of our REIT allocation compared to the NAREIT Equity REIT Index. We maintained less exposure than the NAREIT Equity REIT Index in this sector due to our concerns about the long-term prospects for new home and condominium construction, and about rising interest rates.

Q: HOW DID THE FUND'S FIXED INCOME INVESTMENTS FARE DURING THE YEAR?

A: Overall, the Fund's investments in high yield corporate bonds performed positively on an absolute basis, despite a difficult environment for the sector. Though defaults among issuers in the sector remained low, we believe the

# Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

negative effect of the Treasury market and tightening spreads created a drag on performance.

Within these markets, we continued to thoroughly research new offerings -- and especially first-time issuers -- before investing. We have especially been cautious about deals that may be used solely for a dividend.

## PERFORMANCE SUMMARY

DELAWARE INVESTMENTS DIVIDEND AND INCOME FUND, INC.

The performance data quoted represent past performance; past performance does not guarantee future results. Investment return and principal value will fluctuate so your shares, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. A rise/fall in interest rates can have a significant impact on bond prices and the net asset value (NAV) of the Fund. Funds that invest in bonds can lose their value as interest rates rise and an investor can lose principal. Instances of high double-digit returns are highly unusual and cannot be sustained, and were achieved primarily during favorable market conditions.

(1) As required, effective December 1, 2001, the Fund adopted the provision of the AICPA Audit and Accounting Guide for Investment Companies that requires amortization of all premiums and discounts on debt securities. The effect of this change for the year ended November 30, 2002 was a decrease in net investment income per share of \$0.025, an increase in net realized and unrealized gain (loss) per share of \$0.025, a decrease in the ratio of net investment income to average net assets of 0.22%, and a decrease in the ratio of net investment income to adjusted net assets of 0.16%. Per share data and ratios for the periods prior to December 1, 2001 have not been restated to reflect this change in accounting.

(2) The average shares outstanding method has been applied for per share information.

(3) Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for the purpose of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods.

(4) Adjusted average net assets excludes debt outstanding.

NOTES DELAWARE INVESTMENTS DIVIDEND AND INCOME FUND, INC.  
TO FINANCIAL STATEMENTS November 30, 2005

Delaware Investments Dividend and Income Fund, Inc. (the "Fund") is organized as a Maryland corporation and is a diversified closed-end management investment company under the Investment Company Act of 1940, as amended. The Fund's shares trade on the New York Stock Exchange under the symbol DDF.

The investment objective of the Fund is to seek high current income. Capital appreciation is a secondary objective.

### 1. SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies are in accordance with U.S generally accepted accounting principles and are consistently followed by the Fund:

Security Valuation - Equity securities, except those traded on the Nasdaq Stock Market, Inc. (Nasdaq), are valued at the last quoted sales price as of the time of the regular close of the New York Stock Exchange (NYSE) on the valuation date. Securities traded on the Nasdaq are valued in accordance with the Nasdaq Official Closing Price, which may not be the last sales price. If on a particular day an equity security does not trade, then the mean between the bid and the asked prices will be used. U.S. Government and agency securities are valued at the mean between the bid and asked prices. Long-term debt securities

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

are valued by an independent pricing service and such prices are believed to reflect the fair value of such securities. Short-term debt securities having less than 60 days to maturity are valued at amortized cost, which approximates market value. Securities lending collateral is valued at amortized cost, which approximates market value. Other securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith under the direction of the Fund's Board of Directors. In determining whether market quotations are readily available or fair valuation will be used, various factors will be taken into consideration, such as market closures, or with respect to foreign securities, aftermarket trading or significant events after local market trading (e.g., government actions or pronouncements, trading volume or volatility on markets, exchanges among dealers, or news events).

Federal Income Taxes - The Fund intends to continue to qualify for federal income tax purposes as a regulated investment company and make the requisite distributions to shareholders. Accordingly, no provision for federal income taxes has been made in the financial statements.

Distributions - The Fund has a managed distribution policy. Under the policy, the Fund declares and pays monthly distributions and is managed with a goal of generating as much of the distribution as possible from ordinary income (net investment income and short-term capital gains). The balance of the distribution then comes from long-term capital gains and if necessary, a return of capital. The current annualized rate is \$0.96 per share. The Fund continues to evaluate its monthly distribution in light of ongoing economic and market conditions and may change the amount of the monthly distributions in the future.

Borrowings - The Fund issues short-term commercial paper at a discount from par. The discount is amortized as interest expense over the life of the commercial paper using the straight-line method (See Note 6).

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Other - Expenses common to all funds within the Delaware Investments(R) Family of Funds are allocated amongst the funds on the basis of average net assets. Management fees and some other expenses are paid monthly. Security transactions are recorded on the date the securities are purchased or sold (trade date) for financial reporting purposes. Costs used in calculating realized gains and losses on the sale of investment securities are those of the specific securities sold. Dividend income is recorded on the ex-dividend date and interest income is

recorded on the accrual basis. Discounts and premiums on non-convertible debt securities are amortized to interest income over the lives of the respective securities. Distributions received from investments in Real Estate Investment Trusts are recorded as dividend income on ex-dividend date, subject to reclassification upon notice of the character of such distributions by the issuer. The Fund may direct certain security trades to brokers who have agreed to rebate a portion of the related brokerage commission to the Fund in cash. There were no commission rebates during the year ended November 30, 2005.

The Fund may receive earnings credits from its custodian when positive cash balances are maintained, which are used to offset custody fees. The expense paid under the above arrangement is included in custodian fees on the Statement of Operations with the corresponding expense offset shown as "expense paid

indirectly."

2. INVESTMENT MANAGEMENT, ADMINISTRATION AGREEMENTS AND OTHER  
TRANSACTIONS WITH AFFILIATES

In accordance with the terms of its investment management agreement, the Fund pays Delaware Management Company (DMC), a series of Delaware Management Business Trust and the investment manager, an annual fee of 0.55%, which is calculated daily based on the adjusted average weekly net assets.

Delaware Service Company, Inc. (DSC), an affiliate of DMC, provides accounting and administration services. Effective May 19, 2005, the Fund pays DSC a monthly fee computed at an annual rate of 0.04% of the Fund's adjusted average weekly net assets for accounting and administration services. Prior to May 19, 2005, the Fund paid DSC a monthly fee computed at the annual rate of 0.05% of the Fund's adjusted average weekly net assets, subject to an annual minimum of \$85,000.

For purposes of the calculation of investment management fees and administration fees, adjusted average weekly net assets does not include the commercial paper liability.

At November 30, 2005, the Fund had liabilities payable to affiliates as follows:

Investment management fee payable to DMC	\$88,808
Accounting and administration fees and other expenses payable to DSC	7,232
Other expenses payable to DMC and affiliates*	18,035

\* DMC, as part of its administration services, pays operating expenses on behalf of the Fund and is reimbursed on a periodic basis. Such expenses include items such as printing of shareholder reports, fees for audit, legal and tax services, stock exchange fees, custodian fees and directors fees.

As provided in the investment management agreement, the Fund bears the cost of certain legal services expenses, including internal legal services, provided to the Fund by DMC employees. For the year ended November 30, 2005, the Fund was charged \$9,987 for internal legal services provided by DMC.

Certain officers of DMC and DSC are officers and/or directors of the Fund. These officers and directors are paid no compensation by the Fund.

3. INVESTMENTS

For the year ended November 30, 2005, the Fund made purchases of \$194,173,980 and sales of \$221,373,982 of long-term investment securities other than long-term U.S. government securities and short-term investments. At November 30, 2005, the cost of investments for federal income tax purposes was \$210,818,035.

At November 30, 2005, the net unrealized appreciation was \$10,290,474, of which \$20,291,844 related to unrealized appreciation of investments and \$10,001,370 related to unrealized depreciation of investments.

NOTES  
TO FINANCIAL STATEMENTS (CONTINUED)

4. DIVIDEND AND DISTRIBUTION INFORMATION

Income and long-term capital gain distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles. Additionally, gains (losses) on foreign currency

Ordinary income	\$8,898,947	\$12,361,997
Long-term capital gains	2,947,249	--
	-----	-----
Total	\$11,846,196	\$12,361,997
	=====	=====

As of November 30, 2005, the components of net assets on a tax basis were as follows:

Shares of beneficial interest	\$134,764,355
Undistributed long-term capital gain	1,583,302
Unrealized appreciation of investments	10,290,474
	-----
Net assets	\$146,638,131
	=====

The differences between book basis and tax basis components of net assets are primarily attributable to tax deferral of losses on wash sales, tax treatment of market discount and premium on debt instruments and treatment of contingent payment debt instruments.

For financial reporting purposes, capital accounts are adjusted to reflect the tax character of permanent book/tax differences. Reclassifications are primarily due to tax treatment of market discounts and premiums on certain debt instruments, gain (loss) on foreign currency transactions, distributions from net realized gains and treatment of contingent payment debt instruments. Results of operations and net assets were not affected by these reclassifications. For the year ended November 30, 2005, the Fund recorded the following permanent reclassifications.

Undistributed net investment income	\$1,143,289
Accumulated net realized gain (loss)	(1,143,289)

For federal income tax purposes, \$15,214,564 of capital loss carryforwards from prior years was utilized in the year ended November 30, 2005. There are no remaining capital loss carryforwards.

### 5. CAPITAL STOCK

Shares issuable under the Fund's dividend investment plan are purchased by the Fund's transfer agent, Mellon Investor Services, LLC, in the open market. There were no shares issued under the Fund's dividend reinvestment plan.

On May 19, 2005, the Fund's Board of Directors approved a tender offer for shares of the Fund's common stock. The tender offer authorized the Fund to purchase up to 10% of its issued and outstanding shares at a price equal to the Fund's net asset value at 4:00 pm. New York City time on July 1, 2005, the first business day following expiration of the offer. The tender offer commenced on June 3, 2005 and expired on June 30, 2005. In connection with the tender offer, the Fund purchased 1,287,630 shares of capital stock at a total cost of \$16,855,077.

The Fund did not purchase any shares under the Share Repurchase Program during the year ended November 30, 2005.

### 6. COMMERCIAL PAPER

As of November 30, 2005, \$48,000,000 (par value) of commercial paper was outstanding with an amortized cost of \$47,725,117. The weighted average discount rate of commercial paper outstanding at November 30, 2005 was 4.18%. The average daily balance of commercial paper outstanding during the year ended November 30, 2005 was \$51,697,090 at a weighted discount rate of 1.89%. The maximum amount of commercial paper outstanding at any time during the year was \$55,000,000. On June 24, 2005, the Fund reduced the commercial paper outstanding to \$48 million in conjunction with the tender offer. In conjunction with the issuance of the commercial paper, the Fund entered into a line of credit arrangement with J.P. Morgan Chase for \$30,000,000. Interest on borrowings is based on market rates in effect at the time of borrowing. As of November 18, 2005, the commitment fee is computed at the rate of 0.12% per annum on the unused balance. Prior to November 18, 2005, the rate was 0.15%. For the year ended November 30, 2005, the Fund was charged fees of \$45,458 which are included in "commercial paper fees" on the Statement of Operations. During the year ended November 30, 2005, there were no borrowings under this arrangement.

### 7. SECURITIES LENDING

The Fund, along with other funds in the Delaware Investments(R) Family of Funds, may lend its securities pursuant to a security lending agreement (Lending Agreement) with J.P. Morgan Chase. Initial security loans made pursuant to the Lending Agreement are required to be secured by U.S. Treasury obligations and/or cash collateral not less than 102% of the market value of the securities issued in the United States. With respect to each loan, if the aggregate market value of the collateral held on any business day is less than the aggregate market value of the securities which are the subject of such loan, the borrower will be notified to provide additional collateral not less than the applicable collateral requirements. Cash collateral received is invested in fixed-income securities, with a weighted average maturity not to exceed 90 days, rated in one of the top two tiers by Standard & Poor's Ratings Group or Moody's Investors Service, Inc. or repurchase agreements collateralized by such securities. However, in the event of default or bankruptcy by the lending agent, realization and/or retention of the collateral may be subject to legal proceedings. In the event the borrower fails to return loaned securities and the collateral received is insufficient to cover the value of the loaned securities and provided such collateral shortfall is not the result of investment losses, the lending agent has agreed to pay the amount of the shortfall to the Fund, or at the discretion of the lending agent, replace the loaned securities. The Fund continues to record dividends on the securities loaned and is subject to change in value of the securities loaned that may occur during the term of the loan. The Fund has the right under the Lending Agreement to recover the securities from the borrower on demand. The security lending agent and the borrower retain a portion of the earnings from the collateral investments. The Fund records security lending income net of such allocation.

At November 30, 2005, the market value of securities on loan was \$27,410,643, for which cash collateral was received and invested in accordance with the Lending Agreement. Such investments are presented on the Statement of Net Assets under the caption "Securities Lending Collateral."

TO FINANCIAL STATEMENTS (CONTINUED)

### 8. CREDIT AND MARKET RISKS

The Fund invests in high-yield fixed income securities, which carry ratings of BB or lower by Standard & Poor's Rating Group and/or Ba or lower by Moody's Investors Service, Inc. Investments in these higher yielding securities are

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

generally accompanied by a greater degree of credit risk than higher rated securities. Additionally, lower rated securities may be more susceptible to adverse economic and competitive industry conditions than investment grade securities.

The Fund may invest up to 10% of its total assets in illiquid securities, which may include securities with contractual restrictions on resale, securities exempt from registration under Rule 144A of the Securities Act of 1933, as amended, and other securities which may not be readily marketable. The relative illiquidity of these securities may impair the Fund from disposing of them in a timely manner and at a fair price when it is necessary or desirable to do so. While maintaining oversight, the Board of Directors has delegated to DMC the day-to-day functions of determining whether individual securities are liquid for purposes of the Fund's limitation on investments in illiquid assets. At November 30, 2005, no securities were determined to be illiquid under the Fund's Liquidity Procedures.

The Fund invests in real estate investment trusts (REITs) and is subject to some of the risks associated with that industry. If the Fund holds real estate directly as a result of defaults or receives rental income directly from real estate holdings, its tax status as a regulated investment company may be jeopardized. There were no direct holdings during the year ended November 30, 2005. The Fund's REIT holdings are also affected by interest rate changes, particularly if the REITs it holds use floating rate debt to finance their ongoing operations.

### 9. CONTRACTUAL OBLIGATIONS

The Fund enters into contracts in the normal course of business that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

### REPORT

OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors  
Delaware Investments Dividend and Income Fund, Inc.

We have audited the accompanying statement of net assets of Delaware Investments Dividend and Income Fund, Inc. (the "Fund") as of November 30, 2005, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2005, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Delaware Investments Dividend and Income Fund, Inc. at November 30, 2005, the results of its operations and cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended, and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

### OTHER DELAWARE INVESTMENTS DIVIDEND AND INCOME FUND, INC. FUND INFORMATION

#### TAX INFORMATION (UNAUDITED)

The information set forth below is for the Fund's fiscal year as required by federal laws. Shareholders, however, must report distributions on a calendar year basis for income tax purposes, which may include distributions for portions of two fiscal years of a fund. Accordingly, the information needed by shareholders for income tax purposes will be sent to them in January of each year. Please consult your tax advisor for proper treatment of this information.

For the fiscal year ended November 30, 2005, the Fund designates distributions paid during the year as follows:

(A)	(B)	(C)	Total	(D)
Long-Term Capital Gains Distributions (Tax Basis)	Ordinary Income Distributions* (Tax Basis)	Return of Capital (Tax Basis)	Distribution (Tax Basis)	Qualifying Dividends(1)
-----	-----	-----	-----	-----
25%	75%	--	100%	42%

(A) (B) and (C) are based on a percentage of the Fund's total distributions.

(D) is based on a percentage of the Fund's ordinary income distributions.

(1) Qualifying dividends represent dividends which qualify for the corporate dividends received deduction.

\*For the fiscal year ended November 30, 2005, certain dividends paid by the Fund may be subject to a maximum tax rate of 15%, as provided for by the Jobs and Growth Tax Relief Reconciliation Act of 2003. The Fund intends to designate up to a maximum amount of \$8,898,947 to be taxed at a maximum rate

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

of 15%. Complete information will be computed and reported in conjunction with your 2005 Form 1099-DIV.

### CORPORATE GOVERNANCE (UNAUDITED)

The Fund's audit committee charter is available on its web site at <http://www.delawareinvestments.com>, and the charter is also available in print to any shareholder who requests it. The Fund submitted its Annual CEO certification for 2005 to the NYSE on August 31, 2005 stating that the CEO was not aware of any violation by the Fund of the NYSE's corporate governance listing standards. In addition, the Fund had filed the required CEO/CFO certifications regarding the quality of the Fund's public disclosure as exhibits to the Form N-CSRs and Form N-Qs filed by the Fund over the past fiscal year. The Fund's Form N-CSR and Form N-Q filings are available on the Commission's web site at <http://www.sec.gov>.

### BY-LAWS (UNAUDITED)

The Fund recently amended and restated its By-Laws. The following provisions were included in the Fund's Amended and Restated By-Laws.

#### ARTICLE II, SECTION 3. SPECIAL MEETINGS.

Special meetings of the stockholders may be called at any time by the Chairperson, President or a majority of the members of the Board of Directors and shall be called by the secretary of the Corporation upon the written request of the holders of at least a majority of the shares of the capital stock of the Corporation issued and outstanding and entitled to vote at such meeting. Upon receipt of a written request from such holders entitled to call a special meeting, which shall state the purpose of the meeting and the matter proposed to be acted on at it, the secretary shall issue notice of such meeting. The cost of preparing and mailing the notice of a special meeting of stockholders shall be borne by the Corporation. Special meetings of the stockholders shall be held at the principal office of the Corporation, or at such place within or without the State of Maryland as shall be specified in the notice of such meeting.

#### ARTICLE III, SECTION 2. NUMBER OF DIRECTORS.

The Board of Directors shall consist of not less than three members; provided, however, that if there are fewer than three stockholders, then the number of directors may be the same as the number of stockholders, but not less than one. The Board of Directors may alter the number of directors set by these By-Laws in accordance with applicable provisions of law; provided however, that such action shall not affect the tenure of office of any director.

### CHANGES TO FUND'S INVESTMENT OBJECTIVES AND POLICIES (UNAUDITED)

In August 2005, the Fund's Board of Directors approved the following changes in investment strategies. The changes became effective on November 14, 2005, after a 60 day notice period.

### NON-INCOME PRODUCING COMMON STOCKS

The Fund may invest up to 15 percent of its total assets in non-income producing common stocks.

### SECURITY SELECTION PROCESS

The Fund will adhere to the following policy regarding the selection of securities:

In selecting investments for the Fund's portfolio, Delaware Management Company (the "Manager") employs a yield-oriented and value driven approach. The Manager analyzes economic and market conditions, and assesses the income and potential for appreciation that can be achieved from the equity investments being considered. The Manager will then apply fundamental analysis to identify the equity securities that it believes can best help the Fund meet its investment objectives. The industry sector weightings in the Income Generating Equity Securities portion of the Fund's portfolio will be determined based on the Manager's investment research efforts. The Fund defines Income Generating Equity Securities as dividend paying common stocks, convertible securities, preferred stocks and other equity related securities.

This new policy replaces the following policy regarding the selection of securities:

In selecting Income Generating Equity Securities for the Fund's investment portfolio, the preponderance of the securities in that portion of the Fund's portfolio will be selected by the Manager from among the top two quartiles in terms of yield of all Income Generating Equity Securities as determined by the Manager. After identifying all Income Generating Equity Securities in such quintiles, the Manager will then apply fundamental investment analysis to select the Fund's specific portfolio securities. The industry sector weightings in the Income Generating Equity Securities portion of the Fund's portfolio will be determined based on the Manager's investment research efforts.

### DEFINITION OF COMMON STOCK

The Fund will adhere to the following definition of common stock:

Common stock is defined as shares of a corporation that entitle the holder to a pro rata share of the profits of the corporation, if any, without a preference over any other shareholder or class of shareholders, including holders of the corporation's preferred stock and other senior equity. Common stock usually carries with it the right to vote and frequently an exclusive right to do so. Holders of common stock also have the right to participate in the remaining assets of the corporation after all claims are paid, including those of debt securities and preferred stock. In selecting common stocks for investment, the Manager will generally focus on a variety of factors, including, among other things, the earnings and cash flow potential and the asset value of the issuer.

OTHER DELAWARE INVESTMENTS DIVIDEND AND INCOME FUND, INC.  
FUND INFORMATION (CONTINUED)

## TENDER OFFERS (UNAUDITED)

As described in Note 5 to the Financial Statements, the Fund conducted a tender offer in 2005. There can be no assurance that a tender offer will reduce or eliminate any spread between market price and the net asset value of the Fund's shares. The market price of the shares will, among other things, be determined by the relative demand for and supply of shares in the market, the Fund's investment performance, the Fund's dividends and yields and investor perception of the Fund's overall attractiveness as an investment as compared with other investment alternatives. Nevertheless, the fact that a tender offer may be conducted may result in more of a reduction in the spread between market price and net asset value than might otherwise be the case. The Fund's Board of Directors, consistent with its fiduciary obligations, may explore alternatives to a tender offer to reduce or eliminate the Fund's potential market value discount from net asset value. Therefore, the Fund cannot provide assurance that it will make tender offers in the future.

The tender offer plan described in the Fund's prospectus contemplates that a shareholder wishing to accept a tender offer must tender all (but not less than all) of the Fund shares owned by the shareholder or attributed to it under Section 318 of the Internal Revenue Code, unless the Fund has received a private letter ruling the Internal Revenue Service that a tender of less than all of a shareholder's shares will not cause non-tendering shareholders to realize constructive distributions on their shares under Section 305 of the Internal Revenue Code. The Fund has obtained such a ruling in the past. There is no guarantee that the Fund will be able to obtain a similar ruling in the future. Nevertheless, if the Fund determines to conduct another tender offer in the future, the Fund may, in its discretion, choose whether or not to accept tenders of less than all of a shareholder's shares.

## DISTRIBUTION INFORMATION (UNAUDITED)

Shareholders were sent monthly notices from the Fund that set forth estimates, on a book basis, of the source or sources from which monthly distributions were paid. Subsequently, these estimates may have been corrected in part. Listed below is a written statement of the sources of these monthly distributions, as corrected, on a book basis.

Item 2. Code of Ethics

The registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party. A copy of the registrant's Code of Business Ethics has been posted on Delaware Investments' internet website at www.delawareinvestments.com. Any amendments to the Code of Business Ethics, and information on any waiver from its provisions granted by the registrant, will also be posted on this website within five business days of such amendment or waiver and will remain on the website for at least 12 months.

Item 3. Audit Committee Financial Expert

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

The registrant's Board of Trustees/Directors has determined that each member of the registrant's Audit Committee is an audit committee financial expert, as defined below. For purposes of this item, an "audit committee financial expert" is a person who has the following attributes:

- a. An understanding of generally accepted accounting principles and financial statements;
- b. The ability to assess the general application of such principles in connection with the accounting for estimates, accruals, and reserves;
- c. Experience preparing, auditing, analyzing, or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities;
- d. An understanding of internal controls and procedures for financial reporting; and
- e. An understanding of audit committee functions.

An "audit committee financial expert" shall have acquired such attributes through:

- a. Education and experience as a principal financial officer, principal accounting officer, controller, public accountant, or auditor or experience in one or more positions that involve the performance of similar functions;
- b. Experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor, or person performing similar functions;
- c. Experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing, or evaluation of financial statements; or
- d. Other relevant experience.

The registrant's Board of Trustees/Directors has also determined that each member of the registrant's Audit Committee is independent. In order to be "independent" for purposes of this item, the Audit Committee member may not: (i) other than in his or her capacity as a member of the Board of Trustees/Directors or any committee thereof, accept directly or indirectly any consulting, advisory or other compensatory fee from the issuer; or (ii) be an "interested person" of the registrant as defined in Section 2(a)(19) of the Investment Company Act of 1940.

The names of the audit committee financial experts on the registrant's Audit Committee are set forth below:

Thomas L. Bennett (1)  
Thomas F. Madison  
Janet L. Yeomans (1)  
J. Richard Zecher

Item 4. Principal Accountant Fees and Services

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

### (a) Audit fees.

The aggregate fees billed for services provided to the registrant by its independent auditors for the audit of the registrant's annual financial statements and for services normally provided by the independent auditors in connection with statutory and regulatory filings or engagements were \$14,800 for the fiscal year ended November 30, 2005.

The aggregate fees billed for services provided to the registrant by its independent auditors for the audit of the registrant's annual financial statements and for services normally provided by the independent auditors in connection with statutory and regulatory filings or engagements were \$29,250 for the fiscal year ended November 30, 2004.

The Pre-Approval Policy requires the registrant's independent auditors to report to the Audit Committee at each of its regular meetings regarding all services initiated since the last such report was rendered, including those services authorized by the Pre-Approval Policy.

(f) Not applicable.

(g) The aggregate non-audit fees billed by the registrant's independent auditors for services rendered to the registrant and to its investment adviser and other service providers under common control with the adviser were \$213,940 and \$236,704 for the registrant's fiscal years ended November 30, 2005 and November 30, 2004, respectively.

(h) In connection with its selection of the independent auditors, the registrant's Audit Committee has considered the independent auditors' provision of non-audit services to the registrant's investment adviser and other service providers under common control with the adviser that were not required to be pre-approved pursuant to Rule 2-01(c) (7) (ii) of Regulation S-X. The Audit Committee has determined that the independent auditors' provision of these services is compatible with maintaining the auditors' independence.

Item 5. Audit Committee of Listed Registrants

The registrant has a separately-designated standing Audit Committee established in accordance with Section 3(a) (58) (A) of the Securities Exchange

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

Act of 1934. The members of the registrant's Audit Committee are Thomas L. Bennett, Thomas F. Madison, Janet L. Yeomans and J. Richard Zecher.

### Item 6. Schedule of Investments

Included as part of report to shareholders filed under Item 1 of this Form N-CSR.

### Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The registrant has formally delegated to its investment adviser(s) (including any sub-adviser) (the "Adviser") the ability to make all proxy voting decisions in relation to portfolio securities held by the registrant. If and when proxies need to be voted on behalf of the registrant, the Adviser will vote such proxies pursuant to its Proxy Voting Policies and Procedures (the "Procedures"). The Adviser has established a Proxy Voting Committee (the "Committee") which is responsible for overseeing the Adviser's proxy voting process for the registrant. One of the main responsibilities of the Committee is to review and approve the Procedures to ensure that the Procedures are designed to allow the Adviser to vote proxies in a manner consistent with the goal of voting in the best interests of the registrant.

In order to facilitate the actual process of voting proxies, the Adviser has contracted with Institutional Shareholder Services ("ISS") to analyze proxy statements on behalf of the registrant and other Adviser clients and vote proxies generally in accordance with the Procedures. The Committee is responsible for overseeing ISS's proxy voting activities. If a proxy has been voted for the registrant, ISS will create a record of the vote. Information (if any) regarding how the registrant voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge (i) through the registrant's website at <http://www.delawareinvestments.com>; and (ii) on the Commission's website at <http://www.sec.gov>.

The Procedures contain a general guideline that recommendations of company management on an issue (particularly routine issues) should be given a fair amount of weight in determining how proxy issues should be voted. However, the Adviser will normally vote against management's position when it runs counter to its specific Proxy Voting Guidelines (the "Guidelines"), and the Adviser will also vote against management's recommendation when it believes that such position is not in the best interests of the registrant.

As stated above, the Procedures also list specific Guidelines on how to vote proxies on behalf of the registrant. Some examples of the Guidelines are as follows: (i) generally vote for shareholder proposals asking that a majority or more of directors be independent; (ii) generally vote against proposals to require a supermajority shareholder vote; (iii) votes on mergers and acquisitions should be considered on a case-by-case basis, determining whether the transaction enhances shareholder value; (iv) generally vote against proposals to create a new class of common stock with superior voting rights; (v) generally vote re-incorporation proposals on a case-by-case basis; (vi) votes with respect to management compensation plans are generally determined on a case-by-case basis; (vii) generally vote for reports on the level of greenhouse gas emissions from a company's operations and products; and (viii) generally vote for proposals requesting the company to report on its policies and practices related to social, environmental and economic sustainability.

## Edgar Filing: DELAWARE INVESTMENTS DIVIDEND & INCOME FUND INC - Form N-CSR

Because the registrant has delegated proxy voting to the Adviser, the registrant is not expected to encounter any conflict of interest issues regarding proxy voting and therefore does not have procedures regarding this matter. However, the Adviser does have a section in its Procedures that addresses the possibility of conflicts of interest. Most proxies which the Adviser receives on behalf of the registrant are voted by ISS in accordance with the Procedures. Because almost all registrant proxies are voted by ISS pursuant to the pre-determined Procedures, it normally will not be necessary for the Adviser to make an actual determination of how to vote a particular proxy, thereby largely eliminating conflicts of interest for the Adviser during the proxy voting process. In the very limited instances where the Adviser is considering voting a proxy contrary to ISS's recommendation, the Committee will first assess the issue to see if there is any possible conflict of interest involving the Adviser or affiliated persons of the Adviser. If a member of the Committee has actual knowledge of a conflict of interest, the Committee will normally use another independent third party to do additional research on the particular proxy issue in order to make a recommendation to the Committee on how to vote the proxy in the best interests of the registrant. The Committee will then review the proxy voting materials and recommendation provided by ISS and the independent third party to determine how to vote the issue in a manner which the Committee believes is consistent with the Procedures and in the best interests of the registrant.

### Item 8. Portfolio Managers of Closed-End Management Investment Companies
