**CVRD Clarifies the Procedures for the Payment to Foreign Investors
of Remuneration on Shareholders Debentures**

Rio de Janeiro, April 14, 2004 – Companhia Vale do Rio Doce (CVRD) hereby announces that the payment of remuneration on shareholders debentures (debentures) issued in 1997 has been made available as from April 1, 2004, in the amount of R\$ 0.0120628 per debenture, for a total of R\$ 4,687,105.79.

The Central Bank of Brazil (BACEN) issued authorization on March 25, 2004, under the terms of Resolution N° 2,689/2000, granting the registration of foreign investment status to shareholders of the Company at the time of privatization, which occurred in May 1997, who brought their funds into Brazil via Regulation Annex IV of BACEN Resolution N° 1,287/87, and who also received a bonus issue of debentures. These investors should proceed with the registration of these debentures with BACEN, entering in contact with their representatives in the local market, who will be responsible for formalizing the registration of these securities in Brazil, through the carrying out of simultaneous foreign exchange transactions.

After the registration is formalized, the representatives of the foreign investors should visit any branch of Banco Bradesco S.A., CVRD's debenture custodian bank, to update the shareholders' records and request the remuneration payment to which they are entitled.

With regard to those shareholders in the Company at the time of privatization who brought in their funds into Brazil via Regulation Annex V of BACEN Resolution n° 1.287/87 (holders of American Depositary Receipts – ADRs), the Company is currently verifying with JP Morgan Chase, the depositary agent for the ADRs of CVRD, and Banco Bradesco S.A. as to what procedure should be adopted for these investors.

CVRD hereby informs that the authorization granted by BACEN for formalizing the registration of these debentures is valid until September 21, 2004.

This press release may contain statements that express management's expectations about future events or results rather than historical facts. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements, and CVRD cannot give assurance that such statements will prove correct. These risks and uncertainties include factors: relating to the Brazilian economy and securities markets, which exhibit volatility and can be adversely affected by developments in other countries; relating to the iron ore business and its dependence on the global steel industry, which is cyclical in nature; and relating to the highly competitive industries in which CVRD operates. For additional information on factors that could cause CVRD's actual results to differ from expectations reflected in forward-looking statements, please see CVRD's reports filed with the Brazilian Comissão de Valores Mobiliários and the U.S. Securities and Exchange Commission.
