Announcement in relation to the implementation of the Regulations regarding the Accounting Treatment of Insurance Contracts

On 30 December 2009, the Company received the Notification issued by the Ministry of Finance on the promulgation of the Regulations regarding the Accounting Treatment of Insurance Contracts, which regulates issues relating to, *inter alia*, the unbundling of mixed insurance contracts, tests for significant insurance risks and the calculation of reserves for insurance contracts, and requires insurance companies to adopt such regulations beginning with the preparation of their 2009 annual financial reports. The implementation of the abovementioned regulations will significantly affect the Company's accounting policies.

Shareholders and investors are urged to exercise caution when dealing in the securities of the Company.

On 7 August 2008, the Ministry of Finance issued the No.2 Interpretation of Accounting Standards for Business Enterprises, requiring listed companies which issue both A shares and H shares to, save for certain differences in relation to the reversal of impairment losses of long-term assets and disclosures in relation to related party transactions, use the same accounting policies and estimates to confirm, calculate and report a particular transaction in their A share and H share financial reports (the use of different accounting treatments in A share and H share financial reports is prohibited).

On 5 January 2009, the CIRC issued the Notification on the Implementation of the No.2 Interpretation of Accounting Standards for Business Enterprises in the Insurance Sector (No.1 [2009] of CIRC), whereby insurance companies should make appropriate changes to accounting policies that cause differences between onshore and offshore financial reports when preparing their 2009 annual financial reports, such that the same accounting policies and estimates will apply to a particular transaction, thereby eliminating differences between onshore and offshore financial reports.

On 30 December 2009, the Company received the Notification issued by the Ministry of Finance on the promulgation of the Regulations regarding the Accounting Treatment of Insurance Contracts, which regulates issues relating to, *inter alia*, the unbundling of mixed insurance contracts, tests for significant insurance risks and the calculation of reserves for insurance contracts, and requires insurance companies to adopt such regulations beginning with the preparation of their 2009 annual financial reports. For accounting treatments of any transactions and items adopted in past years which differ from those set out in the above regulations, they should be retrospectively adjusted unless any such adjustment is not practicable in the circumstances.

Commission File Number 001-31914

The implementation of the abovementioned regulations will significantly affect the Company's accounting policies. The Company will prepare its 2009 annual financial reports in accordance with the Regulations regarding the Accounting Treatment of Insurance Contracts and thereby comply with the No.2 Interpretation of Accounting Standards for Business Enterprises. The Company will also fulfill relevant information disclosure obligations.

Shareholders and investors are urged to exercise caution when dealing in the securities of the Company.
