Item 2.02. Results of Operations and Financial Condition.

On February 3, 2010, United Rentals, Inc. issued a press release reporting its results of operations for the quarter and year ended December 31, 2009. A copy of the press release is being furnished with this report as Exhibit 99.1.

Item 7.01. Regulation FD Disclosure.

Certain information concerning our business, financial results and 2010 outlook that we expect to use at certain investor meetings and presentations can be accessed currently on our website, www.ur.com. Such presentation will be maintained on our website for at least the period of its use at such meetings and presentations or until superseded by more current information.

The presentation includes certain financial measures — free cash flow, earnings before interest, taxes, depreciation and amortization (“EBITDA”), adjusted EBITDA and adjusted earnings per share (“EPS”) — that are “non-GAAP financial measures” as defined under the rules of the SEC. Free cash flow represents net cash provided by operating activities, less purchases of rental and non-rental equipment, plus proceeds from sales of rental and non-rental equipment and excess tax benefits from share-based payment arrangements. EBITDA represents the sum of net income (loss), loss from discontinued operations, net of taxes, benefit for income taxes, interest expense, net, interest expense-subordinated convertible debentures, net, depreciation-rental equipment and non-rental depreciation and amortization. Adjusted EBITDA represents EBITDA plus the sum of the restructuring charge, the charge related to the settlement of the SEC inquiry, the goodwill impairment charge and stock compensation expense, net. Adjusted EPS represents EPS plus (i) the sum of the restructuring and asset impairment charges, the losses on the repurchase/retirement of debt securities and subordinated convertible debentures, the charge related to the settlement of the SEC inquiry, the preferred stock redemption charge and the foreign tax credit valuation allowance and other less (ii) the gains on the repurchase/retirement of debt securities.

The presentation includes reconciliations of these non-GAAP financial measures to their nearest generally accepted accounting principles financial measures. The Company believes that: (i) free cash flow provides useful additional information concerning cash flow available to meet future debt service obligations and working capital requirements; (ii) EBITDA and adjusted EBITDA provide useful information about operating performance and period-over-period growth and (iii) adjusted EPS provides useful information concerning future profitability. However, none of these measures should be considered as alternatives to net income, cash flows from operating activities or earnings per share under GAAP as indicators of operating performance or liquidity.
