(e) *Communications Solutions Long-Term Incentive Plan* On March 26, 2010, the Leadership Development and Compensation Committee (the Committee) of the Board of Directors of Dell Inc. (Dell) approved a long-term incentive plan (the Plan) for certain executives of Dell's Communications Solutions unit which will tie award payouts to the achievement of performance targets based on the unit's financial results. Equity grants under the Plan will be made pursuant to the terms and conditions of the Dell Inc. Amended and Restated 2002 Long-Term Incentive Plan (the LTIP). However, instead of receiving long-term stock option and performance based stock unit awards for fiscal year 2011 under the LTIP, the value of which is contingent on the achievement of company-wide performance goals, each participant in the Plan will receive a performance based stock unit award incorporating the Plan's incentive terms. Each award under the Plan will have a performance range of 0% to 400% of the participant's target opportunity and a three-year performance period. Total award value will depend on the achievement of minimum revenue, operating income and cumulative operating income goals for the Communications Solutions unit for the 2013, 2014 and 2015 fiscal years. Participants will earn 100% of target for meeting the goals in one of three years, 250% of target for meeting the goals in two of three years, and 400% of target for meeting the goals in all three years. Awards will be paid out if and when the performance goals are achieved. On March 26, 2010, the Committee granted 260,174 performance based stock units under the Plan to Ronald G. Garriques, President, Communications Solutions. Each performance based stock unit represents a contingent right to receive one share of Dell Inc. common stock.
