**PROXY STATEMENT FOR THE
2010 ANNUAL MEETING OF STOCKHOLDERS**

INFORMATION ABOUT THE MEETING, MEETING MATERIALS, VOTING AND PROXIES

Date, Time and Place of Meeting

The Board of Glu Mobile Inc., a Delaware corporation (Glu, the Company, we, our and similar terms), is asking for your proxy for use at the 2010 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournments or postponements thereof. We are holding the meeting on Thursday, June 3, 2010, at 10:00 a.m. Pacific Time, at our offices at 2207 Bridgepointe Parkway, San Mateo, California. This proxy statement and the accompanying proxy card are first being mailed to stockholders on or about May 4, 2010. The address of our principal executive offices is 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404.

Internet Availability of Proxy Materials

As we did last year, we are mailing printed proxy materials to our stockholders. In addition, you may access the proxy materials online at www.glu.com/investors.

Record Date; Outstanding Shares; Quorum

Only holders of record of our common stock at the close of business on April 8, 2010 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, there were 30,575,219 shares of our common stock outstanding and entitled to vote, held of record by 123 stockholders and held beneficially by approximately 2,067 stockholders.

Pursuant to our Bylaws, a majority of the outstanding shares of common stock, present in person or by proxy, will constitute a quorum for the transaction of business. We must have a quorum to transact business at the Annual Meeting. Each of our stockholders is entitled to one vote for each share of common stock held as of the Record Date. For ten days before the Annual Meeting, a complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder, for any purpose germane to the meeting, during ordinary business hours at our principal executive office at 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404.

Voting of Proxies; Revocation of Proxies; Votes Required

Stockholders are requested to complete, date, sign and return the accompanying proxy card in the enclosed postage-paid envelope. All properly executed, returned and unrevoked proxies will be voted in accordance with the instructions indicated thereon. **Signed but unmarked proxies will be voted FOR each director nominee listed on the proxy card, FOR the approval of the amendment to our 2007 Equity Incentive Plan and FOR the ratification of our independent registered public accounting firm for the fiscal year ending December 31, 2010.** The Board does not know of, and does not intend to bring, any business before the Annual Meeting other than that referred to in this proxy statement and specified in the Notice of Annual Meeting. As to any other business that may properly come before the Annual Meeting, including any motion made for adjournment of the Annual Meeting (including for purposes of soliciting additional votes), signing and returning the proxy card will confer discretionary authority on the proxies (Niccolo M. de Masi and Eric R. Ludwig, who have been designated by the Board) to vote all

shares covered by the proxy card in their discretion. Any stockholder who has given a proxy may revoke it at any time before it is exercised at the Annual Meeting by (1) filing a written notice of revocation with, or delivering a duly executed proxy bearing a later date to, the Corporate Secretary of Glu, 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404 or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

Director elections are determined by a plurality of shares of common stock represented in person or by proxy and voting at the Annual Meeting (Proposal No. 1). Approval of both the proposal to approve an amendment to our

Table of Contents

2007 Equity Incentive Plan to increase the aggregate number of shares of common stock authorized for issuance under the plan by 3,000,000 shares (Proposal No. 2) and to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010 (Proposal No. 3) requires the affirmative vote of a majority of the shares of common stock represented in person or by proxy at the Annual Meeting and entitled to vote on the matter.

Effect of Abstentions

If an executed proxy is returned and the stockholder has specifically abstained from voting on any matter, the shares represented by such proxy will be considered present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter. As such, an abstention will have the effect of a vote against both approval of the amendment to our 2007 Equity Incentive Plan (Proposal No. 2) and ratification of our independent registered public accounting firm (Proposal No. 3), but will have no effect on the election of the three Class III directors to our Board of Directors (Proposal No. 1).

Effect of Broker Non-Votes

If an executed proxy is returned by a broker, bank or other agent holding shares in street name that indicates that the broker does not have discretionary authority as to certain shares to vote on a proposal (broker non-votes), such shares will be considered present at the Annual Meeting for purposes of determining a quorum on all proposals, but will not be considered to be entitled to vote on and thus will have no effect on the outcome of such proposal.

Voting Electronically via the Internet or by Telephone

General Information for All Shares Voted via the Internet or by Telephone

Stockholders whose shares are registered in their own name may choose to grant a proxy to vote their shares either via the Internet or by telephone. The laws of Delaware, under which Glu is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspector of elections can determine that such proxy was authorized by the stockholder.

The Internet and telephone voting procedures set forth below, as well as on the enclosed proxy card, are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' voting instructions have been properly recorded. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which must be borne by the stockholder.

For Shares Registered in Your Name

Stockholders of record may go to <http://www.voteproxy.com> to grant a proxy to vote their shares via the Internet. They will be required to provide the control number contained on their proxy cards. The voter will then be asked to complete an electronic proxy card. Any stockholder using a touch-tone telephone may also grant a proxy to vote shares by calling 1-800-776-9437 from within the United States (1-718-921-8500 from outside of the United States) and following the recorded instructions.

You may use the Internet or your touch-tone telephone to vote your proxy 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time (8:59 p.m. Pacific Time) on June 2, 2010. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose shares are held in street name receive voting instruction forms from their banks, brokers or other agents, rather than Glu's proxy card.

Table of Contents

If on the record date, your shares were held, not in your name, but rather in an account at a brokerage firm, bank or other agent, then you are the beneficial owner of shares held in street name and these proxy materials have been forwarded to you by your broker, bank or other agent. The broker, bank or other agent holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting.

As a beneficial owner, you have the right to direct your broker, bank or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy issued in your name from your broker, bank or other agent.

Solicitation of Proxies and Expenses

We will bear the cost of the solicitation of proxies from our stockholders in the enclosed form. Our directors, officers and employees, without additional compensation, may solicit proxies by mail, telephone, letter, facsimile, electronically or in person. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders forward copies of the proxy and other soliciting materials to persons for whom they hold shares of common stock and request authority for the exercise of proxies. In such cases, we will reimburse such record holders for their reasonable expenses incurred for forwarding such materials.

Voting Results

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by our Inspector of Elections and published in a Current Report on Form 8-K to be filed with the U.S. Securities and Exchange Commission (the SEC) within four business days of the Annual Meeting.

Delivery of Voting Materials to Stockholders Sharing an Address

To reduce the expense of delivering duplicate materials to stockholders sharing the same address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain stockholders of record who have the same address and last name will receive only one copy of the proxy materials sent to stockholders until such time as one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce duplicate mailings and save printing costs and postage fees, as well as natural resources.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

How to Obtain a Separate Set of Voting Materials

If you received a householded mailing this year, and you would like to have additional copies of the proxy materials mailed to you, please submit your request to Investor Relations, Glu Mobile Inc., 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404, or call (650) 532-2400. You may also contact us at the address or phone number above if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future. If you would like to opt out of householding for future mailings, call (800) 542-1061 or send a written request to Investor Relations at the above address.

Annual Report on Form 10-K

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, including the financial statements, list of exhibits and any exhibit specifically requested, filed with the SEC is available

without charge upon written request to: Corporate Secretary, Glu Mobile Inc., 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404.

PROPOSAL NO. 1

ELECTION OF CLASS III DIRECTORS

Our Board currently consists of eight directors. Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide for a classified Board, divided into three classes. At each annual meeting of stockholders, successors to the class of directors whose term expires at that annual meeting will be elected for a term to expire at the third succeeding annual meeting. The individuals so elected will serve until their successors are elected and qualified.

This year the terms of our Class III directors, consisting of Niccolo M. de Masi, William J. Miller and A. Brooke Seawell, will expire at the Annual Meeting. At the Annual Meeting, holders of common stock will be asked to vote on the election of three directors as Class III directors.

The Board has nominated Niccolo M. de Masi, William J. Miller and A. Brooke Seawell to serve as Class III directors for a three-year term that is expected to expire at Glu's annual meeting in 2013, or until their earlier resignation or removal (the Board's Nominees). You can find the principal occupation and other information about the Board's Nominees, as well as other Board members, below.

Three of our continuing directors are Class I directors, whose terms will expire at our 2011 annual meeting, and two of our continuing directors are Class II directors, whose terms will expire at our 2012 annual meeting.

The election of our Class III directors will be determined by the three nominees receiving the greatest number of votes from shares eligible to vote. Unless a stockholder signing a proxy withholds authority to vote for one or more of the Board's Nominees in the manner described on the proxy card, each proxy received will be voted for the election of each of the Board's Nominees. In the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for the nominee or nominees who shall be designated by the present Board to fill the vacancy. We are not aware that any of the nominees will be unable or will decline to serve as a director.

There are no family relationships between any of our directors, nominees or executive officers. There are also no arrangements or understandings between any director, nominee or executive officer and any other person pursuant to which he or she has been or will be selected as a director and/or executive officer.

The Board recommends that stockholders vote FOR the election of Niccolo M. de Masi, William J. Miller and A. Brooke Seawell as Class III Directors.

He is currently on the investment committee of the Marin Community Foundation, a large charitable organization, and the Harvard College Fund Council, and was a founding advisory board member of Northstar Capital LLC, a subordinated debt fund based in Minneapolis. Mr. Skaff holds an A.B. in economics with honors from Harvard University and an M.B.A. from the Wharton School, University of Pennsylvania, where he was a Wharton Fellow.

Mr. Skaff's experience in the venture capital industry, where he focuses on consumer, retail, wireless and financial services businesses, his experience as a director of high technology and the insights he has gained into our business during his more than eight years on our Board, including more than four years as our lead independent director and six months as our co-Chairman, led the Board of Directors to conclude that he should serve as a director.

CORPORATE GOVERNANCE

Our Board of Directors has adopted Corporate Governance Principles that are designed to assist the Board in observing practices and procedures that serve the best interests of Glu and our stockholders. The Nominating and Governance Committee is responsible for overseeing these Corporate Governance Principles and periodically making recommendations to the Board regarding any changes. These Corporate Governance Principles address, among other things, our policy on succession planning and senior leadership development, retirement, Board performance evaluations, committee structure and stock ownership requirements.

We maintain a corporate governance page on our company website that includes key information about corporate governance matters, including copies of our Corporate Governance Principles, our Code of Conduct and Business Ethics for all employees, including the Company's senior executive and financial officers, and the charter for each Board committee. The link to this corporate governance page can be found at www.glu.com/investors.

Board Responsibilities and Leadership Structure

Our Board of Directors oversees management's performance on behalf of Glu's stockholders. The Board's primary responsibilities are (1) to select, oversee and determine compensation for our President and Chief Executive Officer who, with senior management, runs Glu on a day-to-day basis, (2) to monitor management's

Table of Contents

performance to assess whether Glu is operating in an effective, efficient and ethical manner to create value for Glu's stockholders and (3) to periodically review Glu's long-range plans, business initiatives, capital projects and budget matters.

The Board and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board held nine meetings during fiscal 2009. The independent directors meet without management present at regularly scheduled executive sessions at each quarterly Board meeting and some special Board meetings. During 2009, the independent directors held executive sessions at five Board meetings. The Board has delegated certain responsibilities and authority to the committees described below. Committees report regularly to the full Board on their activities and actions.

The Board has designated Mr. Miller as its Chairman. We believe it is beneficial to separate the roles of Chief Executive Officer and Chairman to facilitate their differing roles in the leadership of our company. The role of the Chairman includes setting the agenda for, and presiding over, all meetings of the Board, including executive sessions of non-management or independent directors, providing input regarding information sent to the Board, serving as liaison between the Chief Executive Officer and the independent directors and providing advice and assistance to the Chief Executive Officer. Mr. Miller also is a key participant in establishing performance objectives and overseeing the process for the annual evaluation of our Chief Executive Officer's performance. In addition, under our Amended and Restated Bylaws, our Chairman has the authority to call special meetings of our Board and stockholders. In contrast, the Chief Executive Officer is responsible for handling the day-to-day management direction of our company, serving as a leader to the management team and formulating corporate strategy. Mr. Miller, as an independent director and our Chairman, brings experience, oversight and expertise from outside our company and industry, while Mr. de Masi, as a director and our Chief Executive Officer, brings company and industry-specific experience and expertise. We believe that this structure allows for a balanced corporate vision and strategy, which are necessary to address the challenges and opportunities facing us.

Role of the Board in Risk Oversight

One of our Board's key functions is providing oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking, our Nominating and Governance Committee monitors our major legal compliance risk exposures and our program for promoting and monitoring compliance with applicable legal and regulatory requirements and our Board is responsible for monitoring and assessing strategic risk exposure and other risks not covered by our committees.

The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives reports on risk facing Glu from our Chief Executive Officer or other members of management to enable it to understand our risk identification, risk management and risk mitigation strategies. When a committee receives the report, the chairman of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. However, it is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Director Independence

Our Board currently includes seven independent directors, two of whom are standing for election. To be considered independent under NASDAQ rules, a director may not be employed by the Company or engage in certain types of business dealings with Glu. In addition, as required by NASDAQ rules, the Board has made a determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the directors and by the Company with regard to each director's business and personal activities as they relate to Glu and Glu's management. In assessing

Table of Contents

director independence under NASDAQ rules, the Nominating and Governance Committee and the full Board reviewed relevant transactions, relationships and arrangements that may affect the independence of our Board members, including that (1) Mr. Miller served as our interim President and Chief Executive Officer from December 1, 2009 until January 4, 2010, (2) Ms. Mather was during 2009, and currently is, a director of Google Inc., a company with which we conduct business in the ordinary course, and (3) Mr. Seawell's step-daughter is an employee of PricewaterhouseCoopers LLP, our independent registered public accounting firm, although she has not worked on our audit. Following review of these transactions and other relevant standards, the Board has determined that each of Ms. Mather, Mr. Miller, Mr. Moran, Mr. Nada, Mr. Seawell, Ms. Siminoff and Mr. Skaff is an independent director.

Attendance at Board, Committee and Annual Stockholders Meetings

The Board expects that each director will prepare for, attend and participate in all Board and applicable committee meetings and that each Board member will see that other commitments do not materially interfere with his or her service on the Board. Our Corporate Governance Principles provide that non-employee directors may not serve on the boards of more than five public companies, and our Chief Executive Officer may not serve on the boards of more than three public companies, in each case including Glu.

No director attended fewer than 75% of the aggregate number of meetings of the Board and the committees on which he or she served. Two directors attended the 2009 Annual Meeting of Stockholders. Under our Corporate Governance Principles, all directors are encouraged to attend the annual meetings of Glu's stockholders.

Board Committees and Charters

The Board currently has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee. The members of each committee are appointed by the Board based on recommendations of the Nominating and Governance Committee. Each member of these committees is an independent director as determined by the Board in accordance with NASDAQ listing standards. Each committee has a charter and annually reviews its charter and makes recommendations to our Board for revision to reflect changes in laws and regulations and evolving best practices. Copies of each charter can be found on our website at <http://www.glu.com/investors>. Current committee members are as follows:

Director	Audit Committee	Compensation Committee	Nominating and Governance Committee
Ann Mather	Chair		
William J. Miller			Chair
Richard A. Moran		Member	
Hany M. Nada	Member		
Daniel L. Skaff		Chair	Member

Audit Committee

The Audit Committee currently consists of three of our outside directors, Ms. Mather, who is the committee chair, and Messrs. Nada and Seawell. Mr. Seawell was appointed to the Audit Committee in April 2010 in connection with the rotation of Mr. Skaff from the Audit Committee to the Nominating and Governance Committee. The composition of

our Audit Committee meets the requirements for independence under the current NASDAQ Stock Market and SEC rules and regulations. Each member of our Audit Committee is financially literate. Our Board has determined that Ms. Mather and Mr. Seawell are audit committee financial experts as defined in Item 407(d) of Regulation S-K, and that Mr. Skaff qualified as an audit committee financial expert during his service on the committee. The Audit Committee met seven times during 2009, including holding an executive session with our independent registered public accounting firm at each meeting. The responsibilities and activities of the Audit

Committee are described in greater detail in the section titled "Audit Committee Report" in this proxy statement and the committee's charter, which was most recently revised in January 2010, posted on our website.

Compensation Committee

The Compensation Committee currently consists of three of our outside directors, Mr. Skaff, who is the committee chair, Mr. Moran and Ms. Siminoff. Mr. Skaff joined the Compensation Committee in December 2009 replacing Mr. Miller who left the Committee on December 1, 2009 in connection with his appointment as our interim President and Chief Executive Officer. The composition of the Compensation Committee meets the requirements for independence under the current NASDAQ Stock Market and SEC and the rules and regulations of the Internal Revenue Code (the "Code"). The Compensation Committee, which met seven times and acted by written consent seven times during 2009, discharges the responsibilities of our Board relating to compensation of our executive officers and oversees our company-wide cash and equity compensation programs. The responsibilities and activities of the Compensation Committee are described in greater detail in the section titled "Compensation Discussion and Analysis" in this proxy statement and the committee's charter, which was most recently revised in January 2010, posted on our website.

Nominating and Governance Committee

The Nominating and Governance Committee currently consists of three of our outside directors, Mr. Miller, who is the committee chair, Ms. Siminoff and Mr. Skaff. Mr. Miller and Mr. Skaff were each appointed to the Nominating and Governance Committee in April 2010 in connection with the rotation of Mr. Seawell from the Nominating and Governance Committee to the Audit Committee. The composition of our Nominating and Governance Committee meets the requirements for independence under the current NASDAQ Stock Market and SEC rules and regulations. Our Nominating and Governance Committee, which met two times during 2009, makes recommendations to the Board regarding Board and committee composition and appropriate corporate governance standards, reviews related party transactions and administers our Code of Business Conduct and Ethics and Corporate Governance Principles, among other things. The responsibilities and activities of the Audit Committee are described in greater detail in the committee's charter, which was most recently revised in April 2010, posted on our website.

Compensation Committee Interlocks and Insider Participation

During 2009, Messrs. Miller, Moran and Skaff and Ms. Siminoff each served on the Compensation Committee. None of these individuals is or has been an officer or employee of Glu or any of its subsidiaries, except that Mr. Miller served as our interim President and Chief Executive Officer from December 1, 2009 until January 4, 2010 while our search for a permanent successor continued, having resigned from the Compensation Committee effective as of December 1, 2009. There are no other relationships between committee members and Glu or any other company that are required to be disclosed under this caption by SEC regulations.

DIRECTOR COMPENSATION

Overview

The Compensation Committee and the Nominating and Governance Committee evaluate the appropriate level and form of compensation for non-employee directors and recommend changes to the Board when appropriate. The Board adopted the following policy with respect to the 2009 compensation of non-employee directors:

Non-employee directors receive an annual cash retainer of \$20,000;

Edgar Filing: GLU MOBILE INC - Form DEF 14A

The chair of the Audit Committee receives additional annual cash compensation of \$15,000;

The chair of the Compensation Committee receives additional annual cash compensation of \$15,000;

The chair of the Nominating and Governance Committee receives additional annual cash compensation of \$5,000; and

Table of Contents

Each non-employee director receives additional annual compensation of \$5,000 for service on each of the Audit Committee, Compensation Committee or Nominating and Governance Committee, other than as chair.

In addition, until July 6, 2009, Daniel L. Skaff served as our lead independent director, and in such capacity received additional annual cash compensation of \$15,000. On July 6, 2009, our Board elected Mr. Skaff and William J. Miller as co-Chairmen of our Board of Directors, with each of Mr. Skaff and Mr. Miller receiving additional annual cash compensation of \$30,000 in such role; Mr. Skaff received this additional annual cash compensation in lieu of the compensation he previously received as our lead independent director.

On January 4, 2010, our Board elected Mr. Miller as the sole Chairman of our Board of Directors. As our sole Chairman, Mr. Miller will receive additional annual cash compensation of \$15,000 rather than the \$30,000 of additional annual cash compensation he previously received as a co-Chairman of our Board of Directors.

All cash compensation to directors is paid in arrears in quarterly installments upon continuing service. We also reimburse our directors for reasonable expenses in connection with attendance at Board and committee meetings.

Our non-employee director compensation program provides that each non-employee director will receive an annual grant, at that director's discretion, of either (1) a grant of a number of shares of Glu restricted stock with a then fair market value equal to \$50,000, or 6,700 shares, whichever is less or (2) an option to purchase three times as many shares of our common stock, calculated based on such lesser amount. This annual grant, which is awarded effective as of close of market on the day of our annual meeting of stockholders, vests in equal monthly installments over one year. In addition, each new non-employee director is eligible to receive an initial equity award of, at that director's discretion, either (1) a grant of a number of shares of Glu restricted stock with a then fair market value equal to \$150,000, or 20,000 shares, whichever is less or (2) an option to purchase three times as many shares of our common stock, calculated based on such lesser amount. This initial grant vests with respect to 162/3% of the underlying shares after six months and thereafter vests in equal monthly installments over the next 30 months.

Each of our incumbent non-employee directors elected to receive a stock option grant as his or her annual award for 2009, which was granted on May 29, 2009 following our 2009 Annual Meeting of Stockholders. Each director received an option to purchase 20,100 shares of our common stock with an exercise price of \$0.76 per share, which option vests pro rata monthly over one year. In addition, for their service as co-Chairmen of our Board, each of Mr. Skaff and Mr. Miller were granted an option on August 7, 2009 to purchase 30,000 shares of our common stock with an exercise price of \$1.07 per share. These options were to vest and become exercisable on a monthly basis as to 9.09% of the underlying shares, beginning as of July 1, 2009, such that the option would fully vest in 11 months so long as Mr. Skaff or Mr. Miller, as applicable, served as a co-Chairman of our Board. Finally, we also awarded Mr. Miller an option to purchase 75,000 shares of our common stock with an exercise price of \$1.05 per share on December 1, 2009 in connection with his appointment as our interim President and Chief Executive Officer. This option was to vest and become exercisable in equal 25,000 share monthly installments over three months, subject to Mr. Miller's continued service as Glu's interim President and Chief Executive Officer. Each of these 2009 grants are reported in the Director Summary Compensation Table below.

We do not provide additional compensation to Mr. de Masi for his service on our Board because he is an officer of the Company.

- (1) Amounts shown in this column do not reflect dollar amounts actually received by the non-employee director. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB ASC Topic 718 (formerly SFAS 123R) for awards granted during 2009. See Note 11 – Stock Option and Other Benefit Plans in the notes to consolidated financial statements contained in our annual report on Form 10-K for the year ended December 31, 2009 for a description of the ASC Topic 718 methodology and assumptions.
- (2) Each of the listed directors received an option on May 29, 2009 to purchase 20,100 shares of our common stock with an exercise price of \$0.76 per share. In addition, for their service as co-Chairmen of our Board, each of Mr. Skaff and Mr. Miller were granted an option on August 7, 2009 to purchase 30,000 shares of our common stock with an exercise price of \$1.07 per share, of which 13,636 shares each actually vested (the remainder of which were forfeited). We also awarded Mr. Miller an option to purchase 75,000 shares of our common stock with an exercise price of \$1.05 per share on December 1, 2009 in connection with his appointment as our interim President and Chief Executive Officer, of which 25,000 shares actually vested (the remainder of which were forfeited).
- (3) The aggregate number of outstanding stock options held by each of our non-employee directors as of December 31, 2009 was: Ms. Mather: 126,285; Mr. Miller: 189,618; Mr. Moran: 77,285; Mr. Nada: 84,618; Mr. Seawell: 67,952; Ms. Siminoff: 113,655; and Mr. Skaff: 114,618. Of the shares held by Mr. Miller as of December 31, 2009, 66,364 shares were forfeited as of January 4, 2010. This was due to the fact that (a) 16,364 of the 30,000 shares subject to the option awarded to Mr. Miller on August 7, 2009 relating to his service as a co-Chairman of our Board were forfeited when he ceased serving as a co-Chairman on January 4, 2010 and (b) 50,000 of the 75,000 shares subject to the option awarded to Mr. Miller on December 1, 2009 in connection with his appointment as our interim President and Chief Executive Officer were forfeited when he ceased serving in such capacity on January 4, 2010. In addition, 16,364 of the shares held by Mr. Skaff as of December 31, 2009 were forfeited as of January 4, 2010 when he ceased serving as a co-Chairman of our Board.
- (4) Mr. Miller also received \$31,250 of cash compensation for his service as our interim President and Chief Executive Officer which is not included in this amount.

STOCKHOLDER MATTERS

Stockholder Communications with Directors

Stockholders may communicate with the Board by sending an email to bod@glu.com, or by sending written correspondence to: Board, c/o Corporate Secretary, Glu Mobile Inc., 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404. Communications are distributed to the Board, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication. The Board has instructed the Corporate Secretary to review all correspondence and to determine, in his discretion, whether matters submitted are appropriate for Board consideration. In particular, the Board has directed that communications such as product or commercial inquiries or complaints, resume and other job inquiries, surveys and general business solicitations or advertisements should not be forwarded to the Board. In addition, material that is unduly hostile, threatening,

illegal, patently offensive or similarly inappropriate or unsuitable will be excluded, with the provision that any communication that is filtered out must be made available to any non-management director upon request. The Corporate Secretary may forward certain communications elsewhere in the company for review and possible response.

Stockholder Recommendations of Director Candidates

The Nominating and Governance Committee will consider nominees recommended by stockholders for election as directors. If a stockholder would like to recommend a director candidate for our 2011 Annual Meeting of Stockholders, the stockholder must deliver the recommendation in writing to the Corporate Secretary, Glu Mobile Inc., 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected identified candidates as appropriate. In conducting its review and evaluation, the Nominating and Governance Committee may solicit the views of management, other members of the Board and other individuals it believes may have insight into a candidate's qualifications and the needs of the Board and its committees. Candidates for the Board are generally selected based on desired skills and experience in the context of the existing composition of the Board and needs of the Board and its committees at that time, including the requirements of applicable SEC and NASDAQ rules. The Nominating and Governance Committee will consider these needs and further evaluate each candidate's qualifications based on their independence, integrity, collegiality, diversity, skills, financial, technical, operational and other expertise and experience, breadth of experience, practical wisdom, judgment, knowledge about our business or industry, personal and professional ethics, availability and commitment to representing and enhancing the long-term interests of our stockholders. From time to time, the Nominating and Governance Committee may also identify and consider other factors that reflect our environment as it evolves or that it believes will otherwise contribute to the Board's overall effectiveness and our success. Although the Nominating and Governance Committee does not have a specific policy on diversity, the committee considers the criteria noted above in selecting nominees for directors, including members from diverse backgrounds who combine a broad spectrum of experience and expertise. The Nominating and Governance Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all candidates, and will choose candidates to recommend for nomination based on the specific needs of the Board and Glu at that time. Although the Nominating and Governance Committee uses these and other criteria as appropriate to evaluate candidates, the Nominating and Governance Committee has no stated minimum criteria for candidates. Final approval of nominees to be presented for election is determined by the full Board.

Stockholder Proposals for the 2011 Annual Meeting of Stockholders

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires our directors and certain of our officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and written representations from these officers and directors, we believe that all Section 16(a) filing requirements were met during 2009, except that a Form 4 with respect to the exercise by Jill S. Braff, our former Senior Vice President of Global Publishing, of an option on March 18, 2009 was not filed until March 24, 2009.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our executive officers should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

The Compensation Committee, comprised of three non-employee members of our Board, oversees our compensation plans and policies, approves the compensation of our executive officers and administers our stock compensation plans. The Compensation Committee's basic responsibilities are to review the performance of our management in achieving corporate goals and objectives and to ensure that our executive officers are compensated effectively in a manner consistent with our strategy and competitive practices. This Compensation Discussion and Analysis (CD&A) contains a discussion and analysis of the compensation approved by the Compensation Committee and earned by or paid to the executive officers named below (the Named Executive Officers) in 2009 who are included in the Summary Compensation Table below:

L. Gregory Ballard, our former President and Chief Executive Officer;

William J. Miller, our former interim President and Chief Executive Officer;

Alessandro Galvagni, our former Senior Vice President, Global Product Development and Chief Technology Officer;

Eric R. Ludwig, our Senior Vice President and Chief Financial Officer;

Kevin S. Chou, our Vice President and General Counsel; and

Thomas M. Perrault, our former Vice President of Global Human Resources.

On July 8, 2009, we announced that Mr. Ballard had indicated his intention to transition his role as our President and Chief Executive Officer. Mr. Ballard remained as our President and Chief Executive Officer until December 1, 2009, at which time our Board appointed Mr. Miller as our interim President and Chief Executive Officer. Mr. Miller remained our interim President and Chief Executive Officer for the remainder of 2009, with our Board appointing Niccolo M. de Masi as our new President and Chief Executive Officer effective as of January 4, 2010. Each of Mr. Galvagni and Mr. Perrault were employed by us for all of 2009, and each terminated his

employment with Glu in April 2010. The effects of these decisions on our executive compensation are discussed in this CD&A.

Compensation Philosophy and Objectives

The Compensation Committee has established a compensation program for executive officers designed to attract individuals with the skills necessary for us to achieve our business plan, to motivate those individuals, to reward those individuals fairly over time and to retain those individuals who continue to perform at or above the levels that we expect. It is also designed to reinforce a sense of ownership, urgency and overall entrepreneurial spirit and to link rewards to measurable corporate and, where appropriate, individual performance. We believe that the most effective executive compensation program is one that is designed to reward the achievement of specific long-term and strategic goals, and which aligns executive officers' interests with those of the stockholders by rewarding performance of established goals, with the ultimate objective of creating stockholder value. The Compensation Committee evaluates compensation to ensure that Glu maintains the ability to attract and retain talented employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executive officers of our peer companies. To that end, the Compensation Committee believes that executive compensation packages provided by Glu to its executive officers should include both cash and stock-based compensation that reward performance against established goals.

The Compensation Committee works within the framework of a pay-for-performance philosophy to determine each component of an executive officer's compensation package based on numerous factors, including:

the individual's particular background and circumstances, including training and prior relevant work experience;

the individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

the demand for individuals with the individual's specific expertise and experience at the time of hire or review;

performance goals and other expectations for the position where appropriate;

comparison to other executives within our company having similar levels of expertise and experience; and

compensation data of peer companies for similar positions.

The Compensation Committee performs at least annually a strategic review of our executive officers' compensation levels to determine whether they provide adequate incentives and motivation and whether they appropriately compensate our executive officers relative to comparable executive officers in other companies with which we compete for executives.

In making compensation decisions for 2009, the Compensation Committee gave significant weight to the Company's financial performance for the year, and in setting compensation for 2010, the Compensation Committee considered the Company's operating plan approved by the Board with respect to cash and equity compensation and the existing equity awards held by our executive officers with respect to equity compensation.

Table of Contents**Components of Executive Compensation**

In 2009, our executive officers were compensated through the following compensation elements, each designed to achieve one or more of our overall compensation objectives:

Component	How Determined	Objective
Base Salary	Market data and scope of the executive's responsibilities	Attract and retain experienced executives
Non-Equity Incentive (Cash) Bonus Plan	Market data and scope of executive's responsibility and based on achieving pre-established corporate financial objectives	Motivate executives to achieve the Company's 2009 financial plan and to achieve strategic goals
Long-Term Equity Incentive Awards	Market data, scope of executive's responsibility and value of existing equity awards	Align interests of our executives with our stockholders

The Compensation Committee views these components of compensation as related but distinct. Although the Compensation Committee reviews total compensation, it does not believe that significant compensation derived from one component of compensation should negate or reduce compensation from other components. The Compensation Committee determines the appropriate level for each compensation component based on our compensation philosophy discussed above. Except as described in this CD&A, the Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation. However, our Named Executive Officers have the ability to directly influence overall Company performance, so a greater portion of their pay is tied to short and long-term incentive programs than is the case for most other Glu employees. In addition, the Compensation Committee's philosophy is to make a greater percentage of an employee's compensation performance-based as he or she becomes more senior and to keep cash compensation to the minimum competitive level while providing the opportunity to be well rewarded through equity if we perform well over time, consistent with our pay-for-performance culture.

Benchmarking

In April 2007, Radford and the Compensation Committee considered a set of peer companies in connection with a Radford assessment of our equity compensation program for our employees in general. Radford conferred with our management to develop a proposed group of peer companies of companies similar to us based on industry, financial and organizational comparability. Radford and management presented the proposed group of peer companies to Compensia and the Compensation Committee for consideration and, based on input from Compensia and the committee, the group of peer companies was modified slightly to reflect their view of better aligned comparators, including consideration of similar growth characteristics for example. At the Compensation Committee's July 2008 meeting, Compensia presented to the Compensation Committee for the committee's input a new group of peer companies of companies similar to Glu, again based on industry, financial and organizational comparability, along with a new set of surveys and market data for the new peer group that Compensia would be using in 2008 for the benchmarking. The new group of peer companies included most of the group of peer companies used by Compensia and the Compensation Committee for benchmarking in 2007, but also included Compensia's recommendations for

certain additions and deletions. The Compensation Committee accepted Compensia's recommended revisions to the peer group companies, since it believed that this peer group was representative of companies in our revenue range and industry that are a fair representation of the employment market in which Glu competes.

For the Compensation Committee's October 2008 meeting, Compensia prepared a peer analysis based on data from the following sources for the Compensation Committee's consideration in determining the 2009 cash and stock-based compensation for all of our executive officers:

comparable position compensation data for the following peer companies: Actuate, Aruba Networks, Autobyte, BigBand Networks, Chordiant Software, CommVault Systems, CyberSource, DemandTec,

Digimarc, DivX, NetSuite, Omniture, Riverbed Technology, Shutterfly, Sonic Solutions, SuccessFactors and Taleo; and

the Radford July 2008 Broad High-Tech Industry Executive Survey of primarily public and some private software companies, limited to companies with revenues between \$50 million and \$200 million.

The Compensation Committee's judgments regarding market levels of base compensation and aggregate equity holdings were based, in part, on a report prepared by Compensia at the Compensation Committee's request; the report compared our executive compensation with the executive compensation at our peer companies and the companies contained in the Radford survey specified above, analyzing various factors including employee headcount and revenues.

For 2008 executive compensation decisions, the Compensation Committee utilized as a guideline the 60th percentile for base salaries and total cash compensation and approximately the 75th percentile for equity grants, as measured against our peer companies and the companies contained in the Radford survey specified above. The Compensation Committee's choice of these percentiles reflected consideration of our stockholders' interests in paying what was necessary, but not significantly more than necessary, to attract and retain talented executive officers and motivate them to achieve our annual financial plan and individual strategic goals, while conserving cash and equity as much as practicable. The Compensation Committee chose to target equity grants at a higher percentile than cash compensation because it had fixed salaries near the median of comparable executive officers' salaries. For 2009 executive compensation decisions, however, while the Compensation Committee reviewed the percentile information set forth in the Compensia report, it also considered a number of additional factors in making executive compensation decisions, including the Company's overall performance, the executive officer's overall performance, the scope of responsibility of the executive officer and the then-current compensation and equity holdings of the executive officer. We believe that, given the industry in which we operate and the corporate culture that we have created, the executive compensation levels that we have established are generally sufficient to retain our existing executive officers and to hire new executive officers when and as required.

The Compensation Committee's considered the information discussed above at its October 2008 and November 2008 meetings at which it set 2009 annual base salaries and began considering 2009 total cash compensation, including target bonus-plan awards. In addition, the Compensation Committee also considered this information at its February 2009 meeting at which it approved the 2009 Executive Bonus Plan.

At its July 2009 meeting, the Compensation Committee determined not to engage Compensia to prepare a formal executive compensation report based on peer company data and market surveys, but instead elected to utilize the prior year's data since it believed that there had been little change with respect to executive compensation due, in large part, to global economic conditions, and that the expense of such an engagement was therefore not warranted. As a result, the executive compensation decisions made by the Compensation Committee in 2009, including the option grants awarded to the Named Executive Officers in 2009, were based on the information discussed above and a discussion with Compensia regarding general compensation trends in 2009.

Base Salary

The Compensation Committee fixes executive officer base compensation at a level it believes enables Glu to hire and retain individuals in a competitive environment and to reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals. The Compensation Committee also takes into account the base compensation payable by companies believed to be our competitors and by other companies it believed to be those with which we generally compete for executive officer talent. The base salaries of executive officers are determined at the time of hiring by evaluating the responsibilities of the position held and the experience and performance of the

individual. The Compensation Committee reviews executive salaries annually, typically in the fourth quarter, and adjusts them as appropriate to reflect changes in the peer companies, individual performance and responsibility, prior experience and salary history. In instances where an executive officer is uniquely key to our success or has a role that does not exactly match the benchmarking data, the Compensation Committee takes these factors into consideration. In the event of a promotion during the year, base salaries may be increased at mid-year to reflect increased responsibilities.

Table of Contents

The table below sets forth the salaries for each of Named Executive Officers, other than Mr. Miller, for 2009 as compared to 2008:

Named Executive Officer	2008 Salary	2009 Salary
L. Gregory Ballard	\$ 375,000	\$ 281,250
Alessandro Galvagni	270,000	270,000
Eric R. Ludwig	250,000	250,000
Kevin S. Chou	205,000	225,000
Thomas M. Perrault	210,000	210,000

In October 2008, the Compensation Committee approved an increase in Mr. Chou's base salary to \$225,000, effective November 1, 2008, in connection with his designation as an executive officer of the Company. In addition, the Compensation Committee believed that this increase was merited in light of Mr. Chou's key role with Glu and due to the fact that Mr. Chou's base salary was significantly below the guideline levels reviewed by the committee, as evidenced by the report that Compensia delivered at the Compensation Committee's October 2008 meeting.

In December 2008, the Compensation Committee, at Mr. Ballard's request, approved a 25% reduction in Mr. Ballard's annual base salary from \$375,000 to \$281,250, effective as of January 1, 2009. Mr. Ballard requested this salary reduction in light of Glu's 2008 financial performance, which was below plan, and to assist in our ongoing cost-reduction efforts. However, for purposes of our change of control severance agreement with Mr. Ballard, his annual base salary was still deemed to be \$375,000 (or such higher salary as may then be in effect), which the Compensation Committee believed was appropriate since Mr. Ballard voluntarily elected to reduce his base salary.

The Compensation Committee determined to keep the base salaries of Messrs. Galvagni, Ludwig and Perrault at their 2008 levels. The Compensation Committee believed that a salary increase for these individuals was not warranted in light of Glu's 2008 financial performance and due to the fact that the base salaries of Messrs. Galvagni and Perrault were above the guideline levels reviewed by the committee. With respect to Mr. Perrault, the Compensation Committee also considered the fact that he joined Glu in August 2008, and that it was premature to consider any increase to his base salary.

The Compensation Committee approved an annualized base salary of \$375,000 for Mr. Miller in connection with his appointment as our interim President and Chief Executive Officer on December 1, 2009. The Compensation Committee believed such base salary to be consistent with both the guideline levels reviewed by the committee and the salary it expected would be required to retain a full-time President and Chief Executive Officer. In addition, the Compensation Committee believed such base salary to be appropriate in light of the anticipated burden that Mr. Miller was undertaking (and consequent sacrifices to his other interests) in agreeing to assume this position with Glu, potentially for an extended period.

Cash Bonuses under Our Non-Equity Incentive Plan

The Compensation Committee designs our executive bonus plan to focus management on, and reward them for, achieving key corporate financial objectives. The Compensation Committee utilizes cash bonuses to reward performance achievements with a time horizon of one year or less, while utilizing salary as the base amount necessary to match the Company's competitors for executive talent.

Table of Contents

Our 2009 executive bonus plan was adopted by the Compensation Committee in February 2009 to reward all executive officers, vice presidents and certain senior director-level employees. It contemplated the payment to a participant of a maximum annual bonus equal to a percentage of the participant's current annual base salary approved by the Compensation Committee in the case of our executive officers, and in the case of non-executive officers, our Chief Executive Officer and Chief Financial Officer. Mr. Miller did not participate in the 2009 executive bonus plan. The 2009 targets and actual bonuses earned for our Named Executive Officers, other than Mr. Miller, are set forth below.

Named Executive Officer	2008 Target Percentage	2009 Target Percentage	2009 Salary	2009 Target Bonus	2009 Bonus Earned
L. Gregory Ballard	75%	85%	\$ 281,250	\$ 239,063	
Alessandro Galvagni	50%	50%	\$ 270,000	\$ 135,000	
Eric R. Ludwig	50%	50%	\$ 250,000	\$ 125,000	
Kevin S. Chou	30%	40%	\$ 225,000	\$ 90,000	
Thomas M. Perrault	30%	40%	\$ 210,000	\$ 84,000	

The Compensation Committee believed that the increase to the target bonus percentages for Mr. Ballard was merited due to his key role with Glu, the fact that his total cash compensation was below the guideline levels reviewed by the committee and in light of his voluntary salary reduction that was implemented in December 2008. The Compensation Committee believed that the increases to the target bonus percentages for Messrs. Chou and Perrault were merited due to the fact that each of them had been designated executive officers in October 2008 in recognition of the expansion and importance of their roles with Glu and due to the fact that their total cash compensation was below the guideline levels reviewed by the committee.

We based the annual bonuses under our 2009 executive bonus plan on two components—Glu revenues and Glu non-GAAP operating margin. In light of the developments in our business, industry and financial position, the Compensation Committee felt that the annual bonus should be based on our executive officers' success as a team achieving corporate financial goals. This is in contrast to the 2008 executive bonus plan in which 20-25% of our executive officers' annual bonuses were based upon the achievement of individual goals. The Compensation Committee believed it to be preferable to have the annual bonuses for our executives based on objective measures that reflected the achievement of significant corporate financial goals rather than more subjective individual contributions that were not correlated as precisely with the overall success of Glu. The Compensation Committee chose revenues and non-GAAP operating margin because it believed that, as a growth company, we should reward revenue growth, but only if that revenue growth is achieved cost effectively, and that a profitable company with little or no growth was not acceptable. In addition, non-GAAP operating margin was closely aligned with the Company's 2009 operating plan approved by the Board and was a primary measure that management and the Board used to evaluate our performance. The targets were based on our annual operating plan, as approved by the Board. The Compensation Committee elected to award bonuses annually, rather than quarterly as we did in 2008, because the committee believed a more long-term orientation was appropriate given the uncertainty and unpredictability of operations in a small company in the then-current economic and industry environment; the committee believed that management should not be rewarded for one or two successful quarters if performance for the entire year did not meet or exceed the targets.

Our 2009 executive bonus plan provided that, for each Named Executive Officer, 50% of his bonus could be earned based on Glu achieving at least 105% of its revenue target and 50% of his bonus could be earned based on Glu achieving at least 105% of its non-GAAP operating margin target, with each component of the bonus evaluated independently of the other. If Glu met either component at 105% of its plan, then the Named Executive Officer would

earn 100% of the bonus related to that component, whether or not Glu met the 105% threshold on the other component. If Glu met either component at or above 115% of its plan, then the Named Executive Officer would earn 130% of the bonus related to that component; however, before either component of the bonus may be earned above target, the 105% threshold must be met on the other component. If Glu achieved both the revenue and the non-GAAP operating margin components above the 105% minimum threshold but below the 115% maximum threshold, then the bonus earned would be scaled up on a straight-line basis.

Table of Contents

The Compensation Committee established the 2009 target financial measures in February 2009 when it adopted the 2009 executive bonus plan. The target financial measures were based on our 2009 annual operating plan approved by our Board in December 2008. The 2009 target and actual financial measures for purposes of our 2009 executive bonus plan were as follows (in thousands):

2009 Financial Measures	Target	Actual
2009 Revenues	\$ 86.0 million	\$79.3 million
2009 Non-GAAP Operating Margin	7.368 million	(1.922) million

Appendix A to this proxy statement includes a reconciliation of these non-GAAP operating margin amounts to the most comparable GAAP measure.

The Compensation Committee did not award bonuses to any of our Named Executive Officers because we did not achieve at least 105% of our revenue target or 105% of our non-GAAP operating margin target.

As Glu's interim President and Chief Executive Officer, Mr. Miller was eligible to receive a cash bonus of up to a target of 85% of his annual base salary, pro-rated based on the period of time that he served as Glu's interim President and Chief Executive Officer. In January 2010, our Board of Directors awarded Mr. Miller a bonus of \$13,000, representing approximately one-half of the target bonus he was eligible to receive, in recognition of Mr. Miller's contributions in leading the Company through the Chief Executive Officer transition period.

Equity Compensation

We utilize initial and refresh stock options to reward long-term performance, with strong corporate performance and extended executive officer tenure producing potentially significant value for the executive officer. Generally, a significant stock option grant is made in the year when an executive officer commences employment with us. This grant is made within our written guidelines for new hire grants, consistent with the executive officer's position and considering also the benchmarks. The size of each grant is generally set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for significant equity compensation and is based upon the grant guidelines, the individual's position with us and the individual's potential for future responsibility and promotion. The relative weight given to each of these factors varies from individual to individual at the Compensation Committee's discretion. Adjustments may be made as the Compensation Committee deems reasonable to attract candidates. These initial grants vest over four years and no shares vest before the one year anniversary of the executive's employment. The Compensation Committee spreads the vesting of our options over four years to compensate executive officers for their contribution over a period of time.

In May 2009, the Compensation Committee awarded options to purchase 40,000 shares of common stock to Mr. Ludwig and Mr. Galvagni and 25,000 shares to Mr. Chou and Mr. Perrault. Each of these grants has an exercise price of \$0.78 per share and vest with respect to 25% of the underlying shares on the first anniversary of the grant date and as to 1/48th of the shares of common stock underlying it monthly thereafter. These grants were issued to these Named Executive Officer in order to build long-term retentive value for our most critical employees in light of, among other things, the fact that (1) none of the Named Executive Officers, except Mr. Chou, received a salary increase for the 2009 fiscal year, (2) executive officers would not receive any cash bonus payment during 2009 due to Glu moving to annual, rather than quarterly, bonus payments under its executive bonus plan, (3) none of the executive officers was eligible to participate in the stock option exchange program that we implemented in May 2009 and (4) the threat of loss of executives at a time when the Company's execution was critical and Glu was perceived by talent competitors as a target. See Executive Compensation Plan Information Option Exchange Program below for more information

regarding this stock option exchange program.

In August 2009, we awarded options to purchase 60,000 shares of common stock to Mr. Ludwig and Mr. Galvagni. Each of these grants has an exercise price of \$1.07 per share and were to vest with respect to 50% of the underlying shares on the date that a new Chief Executive Officer joined Glu (the Start Date), with the remaining 50% of the underlying shares vesting and becoming exercisable on the six-month anniversary of the Start Date. Our Board deemed the appointment of Mr. Miller as our interim President and Chief Executive Officer on December 1, 2009 to be the Start Date. These grants were issued to Mr. Ludwig and Mr. Galvagni for retention purposes, as the Board believed that retention of them was important to the successful transition to a new Chief

Table of Contents

Executive Officer and that these executives should be provided an additional measure of comfort given the uncertainty surrounding Glu's Chief Executive position, as Mr. Ballard had announced his intention to transition his role.

In December 2009, the Compensation Committee awarded options to purchase 140,000 shares of common stock to Mr. Ludwig and Mr. Galvagni and 90,000 shares to Mr. Chou and Mr. Perrault. Each of these grants has an exercise price of \$1.0648 per share and vest with respect to 25% of the underlying shares on the first anniversary of the grant date and as to 1/48th of the shares of common stock underlying it monthly thereafter. The Compensation Committee approved these annual refresh grants after considering the 2008 peer analysis data prepared by Compensia, supplemented by a discussion with Compensia on the general compensation trends for 2009.

All of the grants discussed above have a six-year term and have an exercise price equal to the closing price of our common stock on the date of grant. The value of these grants for financial statement reporting purposes is reflected in the Grants of Plan-Based Awards in 2009 table below. The options granted to our Named Executive Officers in 2009 represented approximately 43.4% of the total number of options that we awarded to all employees in 2009.

To date, we have not awarded shares of restricted stock to our executive officers. Since we have been in a growth phase of our business, the Compensation Committee believes that stock options currently provide a more powerful incentive for our executive officers. However, the Compensation Committee may approve restricted stock awards in the future.

Risk Analysis of Performance-Based Compensation Plans

The Compensation Committee believes that although a significant portion of total target compensation provided to our executive officers is performance-based, our executive compensation programs do not encourage excessive and unnecessary risk-taking. The design of these compensation programs is intended to encourage our executive officers to remain focused on both the short- and long-term operational and financial goals of the Company in several key respects. For example, our 2009 executive bonus plan included both revenue and non-GAAP operating margin metrics, as the Compensation Committee believed that, as a growth company, we should reward revenue growth, but only if that revenue growth is achieved cost effectively, and that a profitable company with little or no growth was not acceptable. In addition, our 2009 executive bonus plan no longer contained individual goals, as the Compensation Committee believed it to be preferable to have the annual bonuses for our executives based on objective measures that reflected the achievement of significant corporate financial goals rather than more subjective individual contributions that were not correlated as precisely with the overall success of Glu. Our 2009 executive bonus plan also capped potential bonuses at 130% of the target awards, which we believe limits the incentive for excessive risk-taking by our executives. In addition, stock options granted to our executive officers generally vest with respect to 25% of the underlying shares on the first anniversary of the grant date and as to 1/48th of the underlying shares monthly thereafter, encouraging executive officers to focus on sustained stock price appreciation over the long term.

Transitional Employment Agreement with Mr. Ballard

On July 8, 2009, Glu and Mr. Ballard entered into a Transitional Employment Agreement (the Transitional Agreement) in connection with the transition of Glu's Chief Executive Officer position. Pursuant to the terms of the Transitional Agreement, because Mr. Ballard continued his employment with Glu until December 1, 2009 when Mr. Miller was appointed as our interim President and Chief Executive Officer, Mr. Ballard received:

continued payment of his base salary (at an annual rate of \$281,250) through December 31, 2009;

a lump sum payment of \$278,906.25, representing 10.5/12ths of the maximum bonus Mr. Ballard could be eligible for under our Executive Bonus Plan, which was paid on Glu's first regular pay cycle in 2010;

\$328,125, representing 10.5/12ths of Mr. Ballard's \$375,000 base salary that was in effect prior to his voluntary salary reduction, as discussed above, which was paid on Glu's first regular pay cycle in 2010;

reimbursement for up to nine months of COBRA premiums;

Table of Contents

an additional nine months of vesting with respect to his remaining unvested options to purchase Glu common stock;

an extension of the post-termination exercise period applicable to his vested stock options until September 30, 2010; and

the right to keep his laptop computer and Blackberry device, subject to a review by Glu's information technology department for confidential proprietary information.

Our Board of Directors believed that the terms of the Transitional Agreement were appropriate given the fact that Mr. Ballard had agreed to continue serving as President and Chief Executive Officer until the earlier to occur of Glu's hiring of a replacement President and Chief Executive Officer or January 1, 2010, and that Glu could have suffered serious operational issues if Mr. Ballard were to leave prior to identifying and retaining his successor.

Severance and Change of Control Payments

Each of our executive officers has an agreement with us that provides for payments and benefits if the individual is terminated under certain circumstances within 12 months following a change of control of the Company. For a description of these agreements and quantification of these severance and change of control benefits, please see the discussion under "Executive Compensation-Potential Payments Upon Termination or Change in Control" below.

On July 6, 2009, our Board approved retention arrangements for Mr. Galvagni and Mr. Ludwig. Pursuant to these retention arrangements, in the event that the employment with Glu of Mr. Galvagni or Mr. Ludwig is terminated by Glu without cause or as the result of an involuntary termination prior to June 30, 2010, the terminated executive will receive an amount equal to six months of his annualized base salary plus 50% of what his bonus would have been for the year in which he is terminated once such bonus amount is determined subsequent to the end of such year. As discussed above, the Board believed that these retention arrangements were desirable given the uncertainty surrounding Glu's Chief Executive Position, as Mr. Ballard had announced his intention to transition his role. In April 2010, Mr. Galvagni's employment relationship with Glu terminated and he received the payments described in this paragraph in connection with his separation from Glu.

Absent a change of control event and except for the retention arrangements described in the preceding paragraph, no executive officer is entitled upon termination to either equity vesting acceleration or cash severance payments.

Our Board decided to provide these arrangements to mitigate some of the risk that exists for executives working in a small public company, an environment where there is a meaningful likelihood that we may be acquired. These arrangements are intended to attract and retain qualified executives that have employment alternatives available to them that may appear to them to be less risky absent these arrangements and to mitigate a potential disincentive to consideration and execution of such an acquisition where the services of these executive officers may not be required by the acquirer.

Other Benefits

Executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, disability, and accidental death and dismemberment insurance and our 401(k) plan, in each case on the same basis as other employees. As part of our cost-reduction efforts, in February 2009 we elected to indefinitely suspend our 401(k) match for U.S. employees, which includes all of our current executive officers. We also provide vacation and other paid holidays to most of our employees which are comparable to those provided at peer companies.

Although our executive officers also receive such paid holidays, as of July 2009 as part of cost-reduction efforts, they no longer accrue vacation time which, if unused, is paid to them when their employment with Glu terminates. There were no special benefits or perquisites provided to any executive officer in 2009.

Financial Restatements

The Compensation Committee has not adopted a policy with respect to whether we will make retroactive adjustments to any cash- or equity-based incentive compensation paid to executive officers (or others) where the

Table of Contents

payment was predicated upon the achievement of financial results that were subsequently the subject of a restatement. The Compensation Committee has considered the adoption of such a policy, but believes that this issue would be best addressed when and if the need actually arises, after all of the facts regarding the restatement are known.

Role of Executive Officers in Compensation Decisions

For compensation decisions relating to executive officers other than our Chief Executive Officer, the Chief Executive Officer, as the manager of the members of the executive team, assesses each individual's contributions to their respective goals and makes a recommendation to the Compensation Committee regarding any merit-based adjustment to salary, the amount of cash bonus and bonus level for the coming year and replenishment stock option or other equity compensation grant. The Compensation Committee evaluates, discusses and modifies or approves these recommendations and conducts a similar evaluation of our Chief Executive Officer's contributions to corporate goals and achievement of individual goals. Consistent with our compensation philosophy, each employee's evaluation begins with a written self-assessment, the supervisor's own evaluation of the employee's performance and input from others within Glu. Our Chief Executive Officer bases his recommendations in part upon annual performance reviews of our executive officers, including a review of self-evaluations prepared by such executive officers. The Compensation Committee may exercise its discretion in modifying any recommended compensation adjustments or awards to executive officers. Compensation Committee meetings during 2009 typically included, for all or a portion of each meeting, not only the Compensation Committee members but also our Chief Executive Officer, our Vice President of Global Human Resources and our Vice President and General Counsel. Any executive officers attending a Compensation Committee meeting excused himself for those portions of the meeting in which his own compensation was discussed or considered.

Equity Granting Policy

Equity awards may be granted by either the Compensation Committee or our Stock Option Administration Committee, which is currently comprised of our Chief Executive Officer, our Chief Financial Officer and our Vice President and General Counsel. The Compensation Committee has delegated authority to our Stock Option Administration Committee to grant equity awards to employees who are not executive officers and do not report to the Chief Executive Officer, up to a certain number of shares per individual, as specified by the Compensation Committee. In order for the Stock Option Administration Committee to act, our Chief Executive Officer and at least one other member of that committee must vote. The Stock Option Administration Committee reports to the Compensation Committee awards approved by the Stock Option Administration Committee promptly after any such approvals. Equity grants made to individuals who report to our Chief Executive Officer or to individuals who receive amounts above the stated share limit per individual must be approved by the Compensation Committee.

Equity awards are typically granted on regularly scheduled Stock Option Administration Committee meetings held on the second Tuesday of each month. The only exception is for new hire or promotion grants that require Compensation Committee approval, which grants are generally approved at or around the time the individual is hired or promoted. The Stock Option Administration Committee does not have discretion to set other grant dates for awards made pursuant to its delegated authority. Our annual performance-related awards for our executive officers are currently made at the Compensation Committee meeting held during our fourth quarter, at which the Compensation Committee reviews executive compensation for the upcoming year.

Other than as described in this CD&A and under the sections in this proxy statement titled "Director Compensation" above, we do not have any program, plan or obligation that requires us to grant equity compensation on specified dates.

The exercise price of a newly granted option (i.e., not an option assumed or substituted in connection with a corporate transaction) is the closing price of our common stock on the date of grant.

Tax and Accounting Treatment of Compensation

In designing our compensation programs, the Compensation Committee considers the financial accounting and tax consequences to the Company, as well as the tax consequences to our employees. We account for equity

Table of Contents

compensation paid to our employees under the rules of FASB ASC Topic 718 (formerly SFAS 123R), which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. Management considers the FASB ASC Topic 718 cost of outstanding equity awards as part of our equity grant recommendations to the Compensation Committee.

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer, our Chief Financial Officer and each of our three most highly paid executive officers. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. To qualify for the exemption, we asked our stockholders to approve a limit under our 2007 Equity Incentive Plan (the 2007 Plan) on the maximum number of shares for which a participant may be granted stock options in any calendar year. Because this limit was adopted, any compensation deemed paid to an executive officer when he or she exercises an option with an exercise price that is at least equal to the fair market value of the option shares on the grant date should qualify as performance-based compensation and should not be subject to the \$1 million deduction limitation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy requiring all compensation to be deductible. However, to date we have not exceeded the \$1 million limit for any executive officer. Moreover, exceeding that limitation may not result in the current payment of increased federal income taxes due to our significant net operating loss carryforward and the fact that we have not achieved sustained profitability.

We currently intend that all cash compensation paid will be tax deductible for us. However, with respect to equity compensation awards, while any gain recognized by an employee from a nonstatutory option should be deductible, if an option is an incentive stock option, we will not be able to deduct any gain recognized by the employee unless there is a disqualifying disposition by the employee.

We also consider the tax impact to employees in designing our compensation programs, particularly our equity compensation programs. For example, employees generally control the timing of taxation with respect to stock options. We structure cash bonus compensation so that it is taxable to our employees at the time it becomes available to them.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed this Compensation Disclosure and Analysis set forth above with our management. Based on its review and discussions, the Compensation Committee recommended to our Board that the Compensation Disclosure and Analysis be included in this proxy statement.

Potential Payments upon Termination or Change in Control

Mr. Ballard

In January 2007, the Compensation Committee approved a severance agreement with Mr. Ballard. The agreement provided that, should Mr. Ballard terminate his employment for good reason or be terminated, other than for cause or disability, within 12 months after a change in control transaction, he would continue for 12 months to receive his then-current base salary and benefits (other than any prospective bonus) he might have been eligible to receive. Mr. Ballard would also be eligible to receive a partial bonus prorated for the portion of the relevant period served by him prior to the termination. Additionally, all of his unvested options or outstanding shares of common stock subject to our lapsing right of repurchase would become fully vested. The Compensation Committee approved an amendment to Mr. Ballard's agreement in October 2008 related to compliance with Section 409A of the Code.

In December 2008, the Compensation Committee, at Mr. Ballard's request, approved a reduction in Mr. Ballard's annual base salary from \$375,000 to \$281,250, effective as of January 1, 2009. Mr. Ballard requested this salary reduction in light of Glu's 2008 financial performance, which was below plan, and to assist in our ongoing cost-reduction efforts. However, for purposes of our change of control severance agreement with Mr. Ballard, his annual base salary was still deemed to be \$375,000 (or such higher salary as may then be in effect), which the Compensation Committee believed was appropriate since Mr. Ballard voluntarily elected to reduce his base salary.

See the description of the severance arrangement entered between Glu and Mr. Ballard in July 2009 under Compensation Discussion and Analysis Transitional Employment Agreement with Mr. Ballard above.

Messrs. Chou, Galvagni, Ludwig and Perrault

We have entered into severance agreements with each of Messrs. Chou, Galvagni, Ludwig and Perrault, under which, should the executive terminate his employment for good reason or be terminated, other than for cause or disability, within 12 months after a change in control transaction, the executive would continue for six months to receive his then-current base salary and benefits (other than any prospective bonus) the executive might have been eligible to receive. Each such executive will also be eligible to receive a partial bonus prorated for the portion of the relevant period served by the executive prior to the termination. Additionally, each of these executives' outstanding unvested options or outstanding shares of common stock subject to our lapsing right of repurchase would become vested as to an additional 50% of the shares originally subject to that option or lapsing repurchase right. Finally, each of the executives would receive reimbursement for up to 12 months of COBRA premiums.

The following are the definitions generally used in the severance agreements and retention arrangements described for each of the Named Executive Officers above:

A change in control transaction is defined to mean the closing of (1) a merger or consolidation in one transaction or a series of related transactions, in which our securities held by our stockholders before the merger or consolidation represent less than 50% of the outstanding voting equity securities of the surviving corporation after the transaction or series of related transactions, (2) a sale or other transfer of all or substantially all of our assets as a going concern, in

one transaction or a series of related transactions, followed by the distribution to our stockholders of any proceeds remaining after payment of creditors or (3) a transfer of more than 50% of our outstanding voting equity securities by our stockholders to one or more related persons or entities other than Glu in one transaction or a series of related transactions.

Good reason is defined to mean the executive's resignation of employment from Glu expressly based on the occurrence of any of the following conditions, without the executive's informed written consent, provided, however, that with respect to each of the following conditions, the executive must (a) within 90 days following

its occurrence, deliver to us a written notice explaining the specific basis for the executive's belief that he is entitled to terminate his employment due to an Involuntary Termination and (b) give us an opportunity to cure any of the following within 30 days following delivery of such notice and explanation: (1) a material reduction in his duties, position or responsibilities, or his removal from these duties, position and responsibilities, unless he is provided with a position of substantially equal or greater organizational level, duties, authority and compensation; provided, however, that a change of title, in and of itself, or a reduction of duties, position or responsibilities solely by virtue of our being acquired and made part of a larger entity will not constitute an Involuntary Termination, (2) a greater than 15% reduction in his then current annual base compensation that is not applicable to our other executive officers or (3) without his express written consent, a relocation to a facility or a location more than 30 miles from his then current location of employment. Involuntary Termination does not include a termination of employment for death or permanent disability.

Cause is defined to mean (1) the executive's committing an act of gross negligence, gross misconduct or dishonesty, or other willful act, including misappropriation, embezzlement or fraud, that materially adversely affects us or any of our customers, suppliers or partners, (2) his personal dishonesty, willful misconduct in the performance of services for us, or breach of fiduciary duty involving personal profit, (3) his being convicted of, or pleading no contest to, any felony or misdemeanor involving fraud, breach of trust or misappropriation or any other act that our Board reasonably believes in good faith has materially adversely affected, or upon disclosure will materially adversely affect, us, including our public reputation, (4) any material breach of any agreement with us by him that remains uncured for 30 days after written notice by us to him, unless that breach is incapable of cure, or any other material unauthorized use or disclosure of our confidential information or trade secrets involving personal benefit or (5) his failure to follow the lawful directions of our Board or, if he is not the Chief Executive Officer, the lawful directions of the Chief Executive Officer, in the scope of his employment unless he reasonably believes in good faith that these directions are not lawful and notifies our Board or Chief Executive Officer, as the case may be, of the reasons for his belief.

See the discussion of the retention arrangements entered into with Mr. Galvagni and Mr. Ludwig in July 2009 under Compensation Discussion and Analysis Severance and Change of Control Payments above.

The following table below estimates the potential payments to each Named Executive Officer upon involuntary termination or his terminating his employment for good reason within 12 months following a change in our control as of December 31, 2009 upon the terms of the agreements set forth above. None of our Named Executive Officers have agreements with us that provide for potential payments upon termination absent a change of control or upon death or disability, other than arrangements generally available to all of our employees (such as payout of accrued but unused paid time off).

The following table sets forth certain information, as of December 31, 2009, concerning securities authorized for issuance under all of our equity compensation plans: our 2007 Plan, our 2007 Employee Stock Purchase Plan (the ESPP), our 2008 Equity Inducement Plan (the Inducement Plan) and our 2001 Second Amended and Restated Stock Option Plan (the 2001 Plan), which plan terminated upon the adoption of the 2007 Plan. Each of the 2007 Plan and ESPP contains an evergreen provision, pursuant to which on January 1st of each year we automatically add 3% and 1%, respectively, of our shares of Common Stock outstanding on the preceding December 31st to the shares reserved for issuance under each plan. The evergreen provision of our 2007 Plan expires after the increase on January 1, 2011, while the evergreen provision of our ESPP expires after the increase on January 1, 2015. In addition, pursuant to a pour over provision in our 2007 Plan, options that are cancelled, expired or terminated under the 2001 Plan are added to the number of shares reserved for issuance under our 2007 Plan.

Equity Compensation Plans Not Approved by Security Holders

In March 2008, our Board of Directors adopted the Inducement Plan to augment the shares available under its existing 2007 Plan. The Inducement Plan, which has a ten-year term, did not require the approval of our stockholders. We initially reserved 600,000 shares of our common stock for grant and issuance under the Inducement Plan, and on December 28, 2009, the Compensation Committee of our Board of Directors increased the number of shares reserved for issuance under the Inducement Plan to 1,250,000 shares in connection with the appointment of Niccolo M. de Masi as our new President and Chief Executive Officer. As of December 31, 2009, there were 1,250,000 shares available for future grants under the Inducement Plan, and on January 4, 2010, we granted Mr. de Masi a stock option to purchase 1,250,000 shares of our common stock under the Inducement Plan. We may only grant nonstatutory stock options (NSOs) under the Inducement Plan and grants under the

Table of Contents

Inducement Plan may only be made to persons not previously an employee or director of Glu, or following a bona fide period of non-employment, as an inducement material to such individual s entering into employment with us and to provide incentives for such persons to exert maximum efforts for our success. We may grant NSOs under the Inducement Plan at prices less than 100% of the fair value of the shares on the date of grant, at the discretion of our Board of Directors. The fair value of our common stock is determined by the last sale price of our stock on the NASDAQ Global Market on the date of determination. If any option granted under the 2008 Plan expires or terminates for any reason without being exercised in full, the unexercised shares will be available for grant by us under the Inducement Plan. All outstanding NSOs are subject to adjustment for any future stock dividends, splits, combinations, or other changes in capitalization as described in the Inducement Plan. If we were acquired and the acquiring corporation did not assume or replace the NSOs granted under the Inducement Plan, or if we were to liquidate or dissolve, all outstanding awards will expire on such terms as our Board of Directors determines.

Option Exchange Program

On April 22, 2009, we launched a stock option exchange program for our U.S. and U.K. employees who held options with exercise prices at or above \$1.25 (the Exchange Program). Our executive officers and non-employee directors were not eligible to participate in the Exchange Program. Under the Exchange Program, employees who elected to tender an eligible option received a new nonstatutory stock option, granted under the 2007 Plan, for a certain number of shares, depending on the exercise price of the underlying option (the New Options). These New Options will vest over three years, in equal monthly installments (i.e., with no initial cliff), and have a six-year term. The grant date of the New Options was May 22, 2009, which was the first trading day following the closing of the Exchange Program. The Compensation Committee approved the Exchange Program (1) to provide our eligible U.S. and U.K. employees with the opportunity to own options that over time may have a greater potential to increase in value, which we hope will create better performance incentives for those employees and will maximize the value of our common stock for our current stockholders, (2) to decrease the number of outstanding options with little retentive effect and (3) to increase the number of shares available for future awards under the 2007 Plan (the options cancelled pursuant to the Exchange Program will be available for future issuances pursuant to the terms of that plan).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Our Nominating and Governance Committee has adopted a written related-person transactions policy. The Nominating and Governance Committee reviews transactions that may be related-person transactions, which are transactions between Glu and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is a director, executive officer, nominee for director, or a greater than 5% beneficial owner of Glu s common stock, in each case the beginning of our last fiscal year, and their immediate family members.

This policy provides that, barring special facts or circumstances, a related person does not have a direct or indirect material interest in the following categories of transactions:

employment-related compensation to executive officers that is approved by the Compensation Committee;

compensation to non-employee directors that is reported in Glu s proxy statement;

any transaction with another company to which the related party s only relationship is as a director, beneficial owner of less than 10% of that company s shares, or employee (other than an executive officer), if the aggregate amount involved does not exceed the greater of \$500,000 or 2% of that company s total annual revenues;

any transaction where the related party's interest arises solely from the ownership of our common stock and all holders of our common stock receive the same benefit on a pro rata basis (e.g., a dividend); and

ordinary course business travel and expenses, advances and reimbursements.

Table of Contents

In determining whether to approve or ratify a related-person transaction, the Nominating and Governance Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related party's interest in the transaction, the benefits to Glu of the transaction, the potential impact on a director's independence and whether the transaction would impair the judgment of a director or executive officer to act in the best interests of Glu and its stockholders.

Certain Transactions with Related Persons

Other than the compensation arrangements that are described above in Director Compensation, Compensation Discussion and Analysis and Executive Compensation and Related Information, and the indemnification agreements described below, since January 1, 2009, we have not been a party to any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$120,000 and in which any director, nominee for director, executive officer, holder of more than 5% of our common stock or certain persons or entities affiliated with them had or will have a material interest.

Our Board and stockholders have approved, and we have entered into, indemnity agreements with each of our directors and executive officers that may be broader than the specific indemnification provisions contained in the Delaware General Corporation Law. These indemnity agreements may require us, among other things, to indemnify our directors and executive officers against liabilities that may arise by reason of their status or service. These indemnity agreements may also require us to advance all expenses incurred by the directors and executive officers in investigating or defending any such action, suit or proceeding. We believe that these agreements are necessary to attract and retain qualified individuals to serve as directors and executive officers. We have obtained insurance policies under which, subject to the limitations of the policies, coverage is provided to our directors and officers against loss arising from claims made by reason of breach of fiduciary duty or other wrongful acts as a director or officer, including claims relating to public securities matters, and to us with respect to payments that may be made by us to these officers and directors pursuant to our indemnification obligations or otherwise as a matter of law.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is composed of Ms. Mather and Messrs. Nada and Seawell, each of whom is an independent director, as independence for audit committee members is defined in The NASDAQ Stock Market's listing standards. During 2009, the Audit Committee consisted of Ms. Mather and Messrs. Nada and Skaff; however, Mr. Seawell was appointed to the Audit Committee in April 2010 as Mr. Skaff's replacement.

As members of the Audit Committee, we assist the Board in fulfilling its responsibilities relating to the oversight of the accounting, financial reporting, internal controls, financial practices and audit activities of Glu and its subsidiaries.

In fulfilling its oversight role, the Audit Committee has reviewed and discussed with management and the independent registered public accounting firm Glu's audited financial statements. The Audit Committee met seven times during 2009, including meetings with Glu's independent registered public accounting firm, PricewaterhouseCoopers LLP, to review Glu's quarterly and annual results. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the financial statements are complete and accurate and conform to generally accepted accounting principles. Management is responsible for the preparation, presentation and integrity of Glu's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. PricewaterhouseCoopers LLP is responsible for expressing an opinion on the conformity of Glu's audited financial statements to generally accepted accounting principles.

The Audit Committee discussed with Glu's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm that firm's independence.

Based upon the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board that Glu's audited consolidated financial statements be included in Glu's Annual Report on Form 10-K for the year ended December 31, 2009, filed with the SEC on March 31, 2010.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE 2007 EQUITY INCENTIVE PLAN

Our Board of Directors is requesting stockholder approval of an amendment to the 2007 Plan to add an additional 3,000,000 shares to the number of shares of common stock authorized for issuance under the 2007 Plan.

In April 2010, our Board of Directors approved an amendment to the 2007 Plan, subject to stockholder approval, to reflect this increase to the 2007 Plan's share reserve. Our Board of Directors increased the share reserve to ensure that we have a sufficient number of shares to continue to utilize a broad array of equity incentives in order to retain the services of our and our affiliates' employees, consultants and directors, to provide incentives for such persons to exert maximum efforts toward our success, and to attract and retain the new talent to our company that we will require to execute our strategy and grow our business.

The affirmative vote of the holders of a majority of votes cast either in person or by proxy at the Annual Meeting will be required to approve the amendment to the 2007 Plan. Abstentions and broker non-votes are counted towards a quorum. Abstentions will have the same effect as a vote against Proposal No. 2, but broker non-votes will not be counted for any purpose in determining whether the proposal has been approved.

The Board recommends that stockholders vote FOR the approval of an amendment to the 2007 Plan.

The terms and provisions of the 2007 Plan are summarized below. This summary, however, does not purport to be a complete description of the 2007 Plan. The 2007 Plan, amended to reflect the increase in number of shares reserved, has been filed with the SEC as an attachment to this proxy statement and may be accessed from the SEC's website at www.sec.gov. The following summary is qualified in its entirety by reference to the complete text of the 2007 Plan. Any stockholder that wishes to obtain a copy of the actual plan document may do so by written request to: Corporate Secretary, Glu Mobile Inc., 2207 Bridgepointe Parkway, Suite 300, San Mateo, California 94404.

The following is a summary of the material features of the 2007 Plan.

General

The 2007 Plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock awards, stock appreciation rights, restricted stock units and stock bonuses and performance shares (collectively, the "stock awards"). The 2007 Plan also provides the ability to grant performance shares that may qualify the compensation attributable to those awards as performance-based compensation for purposes of the Code, as explained in greater detail below.

Incentive stock options granted under the 2007 Plan are intended to qualify as "incentive stock options" within the meaning of Section 422 of the Code. Nonstatutory stock options granted under the 2007 Plan are not intended to qualify as incentive stock options under the Code. See "Federal Income Tax Information" for a discussion of the tax treatment of stock awards.

Purpose

Our Board adopted the 2007 Plan to provide a means to retain the services of our employees, directors, consultants, independent contractors and advisors, and those of any parent or subsidiary of ours, to attract and retain the new talent to our company that we will require to execute our strategy and grow our business, and to provide a means by which these eligible individuals may be given an opportunity to benefit from increases in the value of our common stock through the grant of stock awards, thereby aligning the long-term compensation and interests of those individuals with our stockholders.

Administration

The 2007 Plan is administered by our Compensation Committee, all of the members of which are non-employee directors under applicable federal securities laws and outside directors as defined under applicable

Table of Contents

federal tax laws. Our Compensation Committee has the authority to construe and interpret the 2007 Plan, grant and determine the terms of each award, including the exercise price, the number of shares subject to the award, the exercisability of the award and the form of consideration payable upon exercise of the award, and make all other determinations necessary or advisable for the administration of the 2007 Plan. The Compensation Committee also has the authority to institute an exchange program whereby outstanding awards may be surrendered, cancelled or exchanged.

Eligibility

The 2007 Plan provides for the grant of incentive stock options only to our employees and employees of any parent or subsidiary of ours. All awards other than incentive stock options may be granted to our employees, directors, consultants, independent contractors and advisors, and those of any parent or subsidiary of ours. As of March 18, 2010, we had a total of 479 employees and seven non-employee directors who would be eligible to be granted awards from the 2007 Plan.

Stock Subject to the 2007 Plan

We are proposing an increase in the available share reserve under the 2007 Plan by 3,000,000 shares of our common stock. If such increase is approved by our stockholders, the cumulative aggregate share authorization under our 2007 Plan will increase from 5,871,148 to 8,871,148 shares. As of April 8, 2010, 3,183,656 shares of common stock were subject to outstanding options under the 2007 Plan and 1,231,890 shares of common stock remained available for future issuance.

The number of shares available for grant and issuance under the 2007 Plan has been, and will be, increased automatically on January 1 of each of 2008 through 2011 by an amount equal to 3% of our shares outstanding on the immediately preceding December 31, unless our Board of Directors, in its discretion, determines to make a smaller increase. In addition, the following shares will again be available for grant and issuance under our 2007 Plan:

shares surrendered pursuant to an exchange program;

shares subject to an option or stock appreciation right granted under our 2007 Plan that cease to be subject to the option or stock appreciation right for any reason other than exercise of the option or stock appreciation right;

shares subject to an award granted under our 2007 Plan that are subsequently forfeited or repurchased by us at the original issue price; or

shares subject to an award granted under our 2007 Plan that otherwise terminates without shares being issued.

Terms of Options

The 2007 Plan provides for the grant of nonstatutory stock options, incentive stock options or a combination of each. Incentive stock options may only be granted to our employees and employees of any parent or subsidiary of ours. Subject to appropriate adjustment as provided in the 2007 Plan, no person will be eligible to receive more than 333,333 shares in any calendar year under our 2007 Plan other than a new employee of ours or a new employee of any parent or subsidiary of ours, who will be eligible to receive no more than 666,666 shares under the plan in the calendar year in which the employee commences employment. Subject to adjustment as provided in the 2007 Plan, in no event shall more than 16,666,666 shares of our common stock be available for issuance pursuant to the exercise of incentive stock options granted under the 2007 Plan.

Each stock option granted under the 2007 Plan must be evidenced by a written agreement between us and the optionee specifying the number of shares subject to the stock option and the other terms and conditions of the stock option, consistent with the requirements of the 2007 Plan. The exercise price of each stock option may not be less than the fair market value of a share of our common stock on the date of grant (except in connection with the assumption or substitution for another stock option in a manner qualifying under Sections 409A and 424(a) of the Code). In addition, any incentive stock option granted to a person who at the time of grant owns stock possessing

Table of Contents

more than 10% of the total combined voting power of all classes of our stock or any subsidiary corporation of Glu (a Ten Percent Stockholder) must have an exercise price equal to at least 110% of the fair market value of a share of our common stock on the date of grant.

The 2007 Plan provides that the stock option exercise price may be paid in cash or by check or, where expressly approved by our Compensation Committee and permitted under applicable law, by means of:

cancellation of indebtedness;

surrender of shares of our common stock owned by the optionee having a fair market value not less than the aggregate exercise price of the shares being exercised;

waiver of compensation due or accrued to the optionee for services rendered or to be rendered to Glu or a parent or subsidiary of Glu;

a broker-assisted cashless exercise;

by any combination of the above methods; or

any other method of payment permitted by applicable law.

Our Compensation Committee may provide for options to be exercised only as they vest or to be immediately exercisable with any shares issued on exercise being subject to our right of repurchase that lapses as the shares vest. Options may vest based on time or achievement of performance conditions. In general, our employee stock options vest over a four-year period, with 25% of the underlying shares vesting on the first anniversary of the grant date and the remaining shares vesting in equal monthly installments thereafter for the following three years. Stock options granted to our continuing directors generally vest in equal monthly installments over one year. Stock options granted to new directors generally vest with respect to 162/3% of the underlying shares after six months and thereafter vest in equal monthly installments over the next 30 months.

Stock options granted to our employees and directors will expire not later than ten years from the date of grant and in no event will the term of an incentive stock option granted to a Ten Percent Stockholder exceed five years. Since October 2007, we have generally granted stock options having a six-year term, whereas we had previously generally granted options having a ten-year term. Subject to the term of the stock option, a stock option generally will remain exercisable for three months following the optionee's termination of service, except that if service terminates as a result of an optionee's death or disability, the stock option generally will remain exercisable for 12 months, and, if an employee optionee's service is terminated for cause, the stock option will terminate immediately. The Committee, in its discretion, may provide different post-termination exercise periods, but in any event the stock option must be exercised no later than the original expiration of its term.

Unless otherwise determined by our Compensation Committee, stock options are not assignable or transferable by the optionee other than by will or by the laws of descent and distribution.

Terms of Stock Appreciation Rights

Stock appreciation rights provide for a payment, or payments, in cash or shares of our common stock, to the participant based upon the increase in the fair market value of our common stock on the date of exercise from the stated exercise price. Stock appreciation rights may vest based on time or achievement of performance conditions. Each stock appreciation right awarded under the 2007 Plan must be evidenced by a written agreement between us and

the participant specifying the terms and conditions of the stock appreciation right, consistent with the requirements of the 2007 Plan.

Our Compensation Committee will determine the terms of each stock appreciation right, including the number of shares subject to the stock appreciation right, the exercise price and the time or times during which the stock appreciation right may be settled, the consideration to be distributed on settlement of the stock appreciation right and the effect of the participant's termination on his or her stock appreciation rights. The exercise price of the stock appreciation right may be less than the fair market value of the underlying shares of common stock.

Table of Contents

A stock appreciation right may be awarded upon satisfaction of performance factors that are set out in advance in the participant's individual award agreement. If the stock appreciation right is being earned upon the satisfaction of performance factors, then the Compensation Committee will determine the performance factors to be used, as well as the nature, length and starting date of the performance period.

The maximum term of any stock appreciation right granted under the 2007 Plan is ten years. Except as may be set forth in the participant's individual award agreement, vesting ceases upon the participant's termination of service unless determined otherwise by the Compensation Committee.

Terms of Restricted Stock Unit Awards

Restricted stock units represent the right to receive shares of our common stock at a specified date in the future, subject to forfeiture of that right because of termination of the participant's services to us or the participant's failure to achieve certain performance conditions. If a restricted stock unit has not been forfeited, then on the date specified in the restricted stock unit agreement, we will deliver to the holder of the restricted stock unit whole shares of our common stock, which may be subject to additional restrictions, cash or a combination of our common stock and cash.

Our Compensation Committee will determine the terms of each restricted stock unit award, including the number of shares subject to the restricted stock unit award, the time or times during which the restricted stock unit award may be settled, the consideration to be distributed on settlement of the restricted stock unit award and the effect of the participant's termination on his or her restricted stock unit award.

A restricted stock unit award may be granted upon satisfaction of performance factors that are set out in advance in the participant's individual award agreement. If the stock appreciation right is being earned upon the satisfaction of performance factors, then the Compensation Committee will determine the performance factors to be used, the nature, length and starting date of the performance period and the number of shares that will be subject to the restricted stock unit award.

Except as may be set forth in the participant's individual award agreement, vesting ceases upon the participant's termination of service unless determined otherwise by the Compensation Committee.

Terms of Stock Bonus Awards

Stock bonuses are awards of shares of our common stock, which may be restricted stock or restricted stock units, that are granted as additional compensation for service and/or performance. Payment from the participant is not required for stock bonuses, and stock bonuses are generally not subject to vesting.

Our Compensation Committee will determine the number of shares to be awarded to a participant under a stock bonus award and any restrictions thereon. These restrictions may be based upon completion of a specified number of years of service with Glu or upon satisfaction of performance goals as specified in the participant's individual award agreement. Prior to the grant of any stock bonus award, our Compensation Committee will determine the performance factors to be used, the nature, length and starting date of the performance period and the number of shares that will be awarded to the participant.

Except as may be set forth in the participant's individual award agreement, vesting ceases upon the participant's termination of service unless determined otherwise by the Compensation Committee.

Terms of Performance Shares

Performance shares are awards denominated in shares of our common stock that may be settled in cash or by issuance of those shares only if performance goals established by our compensation committee have been achieved or the awards otherwise vest. Each performance share will have an initial value equal to the fair market value of a share of our common stock on the date of grant. After the applicable performance period has ended, the holder of performance shares will be entitled to receive a payout of the number of performance shares earned by the participant over the performance period, to be determined as a function of the extent to which the corresponding performance factors or other vesting provisions have been achieved.

Table of Contents

Our Compensation Committee will determine the terms of each performance share award, including the number of shares subject to the award, the performance factors and performance period that will determine the time and extent to which each award of performance shares will be settled, the consideration to be distributed on settlement of the award and the effect of the participant's termination on his or her stock appreciation rights.

Prior to the grant of any performance share award, our Compensation Committee will determine the performance factors to be used, the nature, length and starting date of the performance period and the number of shares that will be awarded to the participant. Prior to settlement, the Compensation Committee shall determine the extent to which the performance shares have been earned.

Grants to Non-Employee Directors

Non-employee members of our Board of Directors are eligible to receive any type of award offered under the 2007 Plan except incentive stock options, which can only be granted to employees. If stock options or stock appreciation rights are granted to our non-employee directors, their exercise price may not be less than the fair market value of our common stock when the option or stock appreciation right is granted. In the event of a corporate transaction, all awards held by our non-employee directors will accelerate fully and become vested and exercisable or settled, as the case may be.

Changes to Capital Structure

In the event any change is made to the outstanding shares of our common stock without our receipt of consideration (whether through stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, reclassification or similar change in our capital structure), appropriate adjustments will be made to: (a) the maximum number of securities issuable under the 2007 Plan, (b) the exercise prices of and number of shares subject to outstanding options and stock appreciation right, (c) the number of shares subject to other outstanding awards, (d) the maximum number of shares that may be issued as incentive stock options (e) the maximum number of shares that may be awarded to an individual or new employee in a calendar year and (f) the number of shares that are granted as awards to our non-employee directors.

Corporate Transactions; Changes in Control

In the event of certain significant corporate transactions, any or all outstanding awards under the 2007 Plan may be assumed or replaced by the successor corporation. In the alternative, the successor corporation may substitute equivalent awards or provide substantially similar consideration to award holders as was provided to stockholders after taking into account the existing provisions of the awards. The successor corporation may also issue, in place of outstanding Glu shares held by the award holder, substantially similar shares or other property subject to repurchase restrictions no less favorable to the holder. In the event such successor corporation refuses to assume, convert, replace or substitute awards, then such awards will expire on such transaction at such time and on such conditions as the Board will determine. However, our Board or Compensation Committee may accelerate the vesting of such awards in connection with certain significant corporate transactions.

In the event of certain significant corporate transactions, the vesting of all awards granted to non-employee members of our Board of Directors will accelerate and such awards will become exercisable (as applicable) in full prior to the consummation of such corporate transaction at such times and on such conditions as the Compensation Committee determines.

A significant corporate transaction means the occurrence of any of the following events: (i) any person becomes the beneficial owner of Glu securities representing 50% or more of the total voting power represented by our

then-outstanding voting securities; (ii) our consummation of the sale or disposition of all or substantially all of our assets; (iii) the consummation of a merger or consolidation of Glu with any other corporation, other than a merger or consolidation which would result in our voting securities outstanding immediately prior to such merger or consolidation continuing to represent 50% of the total voting power represented by the voting securities of Glu or such surviving entity or its parent outstanding immediately after such merger or consolidation.

Table of Contents

The acceleration of a stock award in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control over us.

Duration, Termination and Amendment

Our Board of Directors may terminate or amend the 2007 Plan at any time; provided, however, that the Board will not, without the approval of our stockholders, amend the 2007 Plan in any manner that requires such stockholder approval. Unless sooner terminated, the 2007 Plan will terminate on January 25, 2017.

Federal Income Tax Information

The following summary is intended only as a general guide to the current U.S. federal income tax consequences of participation in the 2007 Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances. Furthermore, the tax consequences are complex and subject to change, and a taxpayer's particular situation may be such that some variation of the described rules is applicable.

Incentive Stock Options

A participant recognizes no taxable ordinary income as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. However, the exercise of an incentive stock option may increase the participant's alternative minimum tax liability, if any.

If a participant holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the stock option was granted and more than one year after the date the stock option was exercised for those shares, any gain or loss on a disposition of those shares (a qualifying disposition) will be a long-term capital gain or loss. Upon such a qualifying disposition, we will not be entitled to any income tax deduction.

Generally, if the participant disposes of the stock before the expiration of either of those holding periods (a disqualifying disposition), then at the time of such disqualifying disposition, the participant will realize taxable ordinary income equal to the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price, or (ii) the participant's actual gain, if any, on the purchase and sale. The participant's additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year. To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, generally we will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which the disqualifying disposition occurs.

Nonstatutory Stock Options

Stock options not designated or qualifying as incentive stock options are nonstatutory stock options having no special tax status. A participant generally recognizes no taxable ordinary income as the result of the grant of such a stock option. Upon exercise of a nonstatutory stock option, the participant normally recognizes ordinary income in the amount of the difference between the stock option exercise price and the fair market value of the shares on the date of purchase. Generally, we will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to an income tax deduction in the tax year in which such ordinary income is recognized by the participant.

Upon the disposition of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss.

Stock Appreciation Rights

A participant recognizes no taxable ordinary income upon the receipt of a stock appreciation right. Upon the exercise of a stock appreciation right, the participant will recognize ordinary income in an amount equal to the

Table of Contents

excess of the fair market value of the underlying shares of common stock on the exercise date over the exercise price. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant in connection with the exercise of the stock appreciation right, except to the extent such deduction is limited by applicable provisions of the Code.

Restricted Stock Units

No taxable income is recognized upon receipt of a restricted stock unit award. In general, the participant will recognize ordinary income in the year in which the shares subject to that award vest and are actually issued to the participant in an amount equal to the fair market value of the shares on the date of issuance. We will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Stock Bonuses

A participant acquiring restricted stock generally will recognize ordinary income equal to the difference between the fair market value of the shares on the determination date (as defined below) and the participant's purchase price, if any. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The determination date is the date on which the participant acquires the shares unless they are subject to a substantial risk of forfeiture and are not transferable, in which case the determination date is the earlier of (i) the date on which the shares become transferable or (ii) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as a capital gain or loss. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year. We will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the year in which ordinary income is recognized by the participant.

Performance Shares

A participant generally will recognize no income upon the grant of a performance share award. Upon the settlement of a performance share award, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received, if any, and the fair market value of any unrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of restricted stock, the participant generally will be taxed in the same manner as described above in *Stock Bonuses*. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as a capital gain or loss. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Potential Limitation on Deductions

Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to each covered employee exceeds \$1 million. It is possible that compensation attributable to awards granted under the 2007 Plan, when combined with all other types of compensation received by a covered employee from Glu, may cause this limitation to be exceeded in any particular year. However, certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation.

Table of Contents

In accordance with Treasury Regulations issued under Section 162(m) of the Code, compensation attributable to stock options and stock appreciation rights will qualify as performance-based compensation if: (i) such awards are approved by a compensation committee comprised solely of outside directors, (ii) the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, (iii) the terms of the plan, including the per-employee limitation on grant size, are approved by the stockholders, and (iv) the exercise or strike price of the award is no less than the fair market value of the stock on the date of grant. It is intended that the Compensation Committee may grant stock options and stock appreciation rights under the 2007 Plan that qualify as performance-based compensation that is exempt from the \$1 million deduction limitation.

Compensation attributable to restricted stock units, stock bonus awards and performance shares will qualify as performance-based compensation, provided that: (i) the award is approved by a compensation committee comprised solely of outside directors, (ii) the award is granted (or vests) based upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, (iii) the compensation committee certifies in writing prior to the grant (or vesting, as applicable) of the award that the performance goal has been satisfied, and (iv) prior to the issuance, stockholders have approved the material terms of the plan (including the class of employees eligible for awards, the business criteria on which the performance goals may be based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of performance goals). It is intended that the Compensation Committee may grant restricted stock units, stock bonus awards and performance shares under the 2007 Plan that qualify as performance-based compensation that is exempt from the \$1 million deduction limitation.

TO MOST DIRECTLY COMPARABLE GAAP MEASURES**

The Compensation Discussion and Analysis (CD&A) of this proxy statement contains non-GAAP financial measures non-GAAP operating margin (target and actual) for the year ended December 31, 2009. Table 1 on page A-2 of this proxy statement reconciles these non-GAAP financial measures to the most directly comparable financial measure prepared in accordance with Generally Accepted Accounting Principles (GAAP).

The non-GAAP financial measures are provided in the CD&A solely because they are used as performance metrics for executive compensation purposes. The presentation this non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP, and may be different from non-GAAP financial measures used by other companies. In addition, non-GAAP measures have limitations in that they do not reflect all of the amounts associated with our results of operations as determined in accordance with GAAP. GLU MOBILE INC.
2007 Equity Incentive Plan
(adopted by the Board on January 25, 2007)

1. PURPOSE. The purpose of this Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of the Company, and any Parents and Subsidiaries that exist now or in the future, by offering them an opportunity to participate in the Company's future performance through the grant of Awards. Capitalized terms not defined elsewhere in the text are defined in Section 27.

2. SHARES SUBJECT TO THE PLAN.

2.1 Number of Shares Available. Subject to Sections 2.6 and 22 and any other applicable provisions hereof, the total number of Shares reserved and available for grant and issuance pursuant to this Plan as of the date of adoption of the Plan by the Board, is Five Million Three Hundred Thousand (5,300,000) Shares plus (i) any reserved shares not issued or subject to outstanding grants under the Company's 2001 Stock Option Plan (the *Prior Plan*) on the Effective Date (as defined below), (ii) shares that are subject to stock options granted under the Prior Plan that cease to be subject to such stock options after the Effective Date and (iii) shares issued under the Prior Plan before or after the Effective Date pursuant to the exercise of stock options that are, after the Effective Date, forfeited or shares issued under the Prior Plan that are repurchased by the Company at the original issue price.

2.2 Lapsed, Returned Awards. Shares subject to Awards, and Shares issued upon exercise of Awards, will again be available for grant and issuance in connection with subsequent Awards under this Plan to the extent such Shares: (i) are subject to issuance upon exercise of an Option or SAR granted under this Plan but which cease to be subject to the Option or SAR for any reason other than exercise of the Option or SAR; (ii) are subject to Awards granted under this Plan that are forfeited or are repurchased by the Company at the original issue price; (iii) are surrendered pursuant to an Exchange Program; or (iv) are subject to Awards granted under this Plan that otherwise terminate without such Shares being issued. With respect to SARs, only Shares actually issued pursuant to a SAR will cease to be available under the Plan; all remaining Shares under SARs will remain available for future grant or sale under the Plan. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan.

2.3 Minimum Share Reserve. At all times the Company shall reserve and keep available a sufficient number of Shares as shall be required to satisfy the requirements of all outstanding Awards granted under this Plan and all other outstanding but unvested Awards granted under this Plan.

2.4 Automatic Share Reserve Increase. The number of Shares available for grant and issuance under the Plan shall be increased on January 1, of each of 2008 through 2011, by the lesser of (i) three percent (3%) of the number of Shares issued and outstanding on each December 31 immediately prior to the date of increase or (ii) such number of Shares determined by the Board.

2.5 Limitations. No more than Fifty Million (50,000,000) Shares shall be issued pursuant to the exercise of ISOs.

2.6 Adjustment of Shares. If the number of outstanding Shares is changed by a stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, reclassification or

Table of Contents

similar change in the capital structure of the Company, without consideration, then (a) the number of Shares reserved for issuance and future grant under the Plan set forth in Section 2.1, (b) the Exercise Prices of and number of Shares subject to outstanding Options and SARs, (c) the number of Shares subject to other outstanding Awards, (d) the maximum number of shares that may be issued as ISOs set forth in Section 2.5, (e) the maximum number of Shares that may be issued to an individual or to a new Employee in any one calendar year set forth in Section 3 and (f) the number of Shares that are granted as Awards to Outside Directors as set forth in Section 12, shall be proportionately adjusted, subject to any required action by the Board or the stockholders of the Company and in compliance with applicable securities laws; provided that fractions of a Share will not be issued.

3. ELIGIBILITY. ISOs may be granted only to Employees. All other Awards may be granted to Employees, Consultants, Directors and Outside Directors of the Company or any Parent or Subsidiary of the Company; provided such Consultants, Directors and Outside Directors render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction. No Participant will be eligible to receive more than one million (1,000,000) Shares in any calendar year under this Plan pursuant to the grant of Awards except that new Employees of the Company or of a Parent or Subsidiary of the Company (including new Employees who are also officers and directors of the Company or any Parent or Subsidiary of the Company) are eligible to receive up to a maximum of two million (2,000,000) Shares in the calendar year in which they commence their employment.

4. ADMINISTRATION.

4.1 Committee Composition; Authority. This Plan will be administered by the Committee or by the Board acting as the Committee. Subject to the general purposes, terms and conditions of this Plan, and to the direction of the Board, the Committee will have full power to implement and carry out this Plan, except, however, the Board shall establish the terms for the grant of an Award to Outside Directors. The Committee will have the authority to:

- (a) construe and interpret this Plan, any Award Agreement and any other agreement or document executed pursuant to this Plan;
 - (b) prescribe, amend and rescind rules and regulations relating to this Plan or any Award;
 - (c) select persons to receive Awards;
 - (d) determine the form and terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Awards may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Committee will determine;
 - (e) determine the number of Shares or other consideration subject to Awards;
 - (f) determine the Fair Market Value in good faith, if necessary;
 - (g) determine whether Awards will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Awards under this Plan or any other incentive or compensation plan of the Company or any Parent or Subsidiary of the Company;
 - (h) grant waivers of Plan or Award conditions;
-

Table of Contents

- (i) determine the vesting, exercisability and payment of Awards;
- (j) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Award or any Award Agreement;
- (k) determine whether an Award has been earned;
- (l) determine the terms and conditions of any, and to institute any Exchange Program;
- (m) reduce or waive any criteria with respect to Performance Factors;
- (n) adjust Performance Factors to take into account changes in law and accounting or tax rules as the Committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships provided that such adjustments are consistent with the regulations promulgated under Section 162(m) of the Code with respect to persons whose compensation is subject to Section 162(m) of the Code; and
- (o) make all other determinations necessary or advisable for the administration of this Plan.

4.2 **Committee Interpretation and Discretion.** Any determination made by the Committee with respect to any Award shall be made in its sole discretion at the time of grant of the Award or, unless in contravention of any express term of the Plan or Award, at any later time, and such determination shall be final and binding on the Company and all persons having an interest in any Award under the Plan. Any dispute regarding the interpretation of the Plan or any Award Agreement shall be submitted by the Participant or Company to the Committee for review. The resolution of such a dispute by the Committee shall be final and binding on the Company and the Participant. The Committee may delegate to one or more executive officers the authority to review and resolve disputes with respect to Awards held by Participants who are not Insiders, and such resolution shall be final and binding on the Company and the Participant.

4.3 **Section 162(m) of the Code and Section 16 of the Exchange Act.** When necessary or desirable for an Award to qualify as performance-based compensation under Section 162(m) of the Code the Committee shall include at least two persons who are outside directors (as defined under Section 162(m) of the Code) and at least two (or a majority if more than two then serve on the Committee) such outside directors shall approve the grant of such Award and timely determine (as applicable) the Performance Period and any Performance Factors upon which vesting or settlement of any portion of such Award is to be subject. When required by Section 162(m) of the Code, prior to settlement of any such Award at least two (or a majority if more than two then serve on the Committee) such outside directors then serving on the Committee shall determine and certify in writing the extent to which such Performance Factors have been timely achieved and the extent to which the Shares subject to such Award have thereby been earned. Awards granted to Insiders must be approved by two or more non-employee directors (as defined in the regulations promulgated under Section 16 of the Exchange Act).

5. OPTIONS. The Committee may grant Options to Participants and will determine whether such Options will be Incentive Stock Options within the meaning of the Code (*ISOs*) or Nonqualified Stock Options (*NQSOs*), the number of Shares subject to the Option, the Exercise Price of the Option, the period during which the Option may be exercised, and all other terms and conditions of the Option, subject to the following:

5.1 **Option Grant.** Each Option granted under this Plan will identify the Option as an ISO

Table of Contents

or an NQSO. An Option may be, but need not be, awarded upon satisfaction of such Performance Factors during any Performance Period as are set out in advance in the Participant's individual Award Agreement. If the Option is being earned upon the satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for each Option; and (y) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to Options that are subject to different performance goals and other criteria.

5.2 **Date of Grant**. The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, or a specified future date. The Award Agreement and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option.

5.3 **Exercise Period**. Options may be exercisable within the times or upon the conditions as set forth in the Award Agreement governing such Option; **provided, however**, that no Option will be exercisable after the expiration of ten (10) years from the date the Option is granted; and **provided further** that no ISO granted to a person who, at the time the ISO is granted, directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any Parent or Subsidiary of the Company (***Ten Percent Shareholder***) will be exercisable after the expiration of five (5) years from the date the ISO is granted. The Committee also may provide for Options to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines.

5.4 **Exercise Price**. The Exercise Price of an Option will be determined by the Committee when the Option is granted; provided that: (i) the Exercise Price of an ISO will be not less than one hundred percent (100%) of the Fair Market Value of the Shares on the date of grant and (ii) the Exercise Price of any ISO granted to a Ten Percent Shareholder will not be less than one hundred ten percent (110%) of the Fair Market Value of the Shares on the date of grant. Payment for the Shares purchased may be made in accordance with Section 11. The Exercise Price of a NQSO may be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant in the Committee's discretion.

5.5 **Method of Exercise**. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share. An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Committee may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 2.6 of the Plan. Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

5.6 **Termination**. The exercise of an Option will be subject to the following (except as may be otherwise provided in an Award Agreement):

- (a) If the Participant is Terminated for any reason except for Cause or the

Table of Contents

Participant's death or Disability, then the Participant may exercise such Participant's Options only to the extent that such Options would have been exercisable by the Participant on the Termination Date no later than three (3) months after the Termination Date (or such shorter time period or longer time period not exceeding five (5) years as may be determined by the Committee, with any exercise beyond three (3) months after the Termination Date deemed to be an NQSO), but in any event no later than the expiration date of the Options.

(b) If the Participant is Terminated because of the Participant's death (or the Participant dies within three (3) months after a Termination other than for Cause or because of the Participant's Disability), then the Participant's Options may be exercised only to the extent that such Options would have been exercisable by the Participant on the Termination Date and must be exercised by the Participant's legal representative, or authorized assignee, no later than twelve (12) months after the Termination Date (or such shorter time period not less than six (6) months or longer time period not exceeding five (5) years as may be determined by the Committee, with any exercise beyond (a) three (3) months after the Termination Date when the Termination is for any reason other than the Participant's death, or (b) twelve (12) months after the Termination Date when the Termination is for the Participant's death, deemed to be an NQSO), but in any event no later than the expiration date of the Options.

(c) If the Participant is Terminated because of the Participant's Disability, then the Participant's Options may be exercised only to the extent that such Options would have been exercisable by the Participant on the Termination Date and must be exercised by the Participant (or the Participant's legal representative or authorized assignee) no later than twelve (12) months after the Termination Date (with any exercise beyond (a) three (3) months after the Termination Date when the Termination is for a Disability that is not a permanent and total disability as defined in Section 22(e)(3) of the Code, or (b) twelve (12) months after the Termination Date when the Termination is for a Disability that is a permanent and total disability as defined in Section 22(e)(3) of the Code, deemed to be exercise of an NQSO), but in any event no later than the expiration date of the Options.

(d) If the Participant is terminated for Cause, then Participant's Options shall expire on such Participant's Termination Date, or at such later time and on such conditions as are determined by the Committee, but in any no event later than the expiration date of the Options.

5.7 Limitations on Exercise. The Committee may specify a minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent any Participant from exercising the Option for the full number of Shares for which it is then exercisable.

5.8 Limitations on ISOs. With respect to Awards granted as ISOs, to the extent that the aggregate Fair Market Value of the Shares with respect to which such ISOs are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as NQSOs. For purposes of this Section 5.8, ISOs will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted. In the event that the Code or the regulations promulgated thereunder are amended after the Effective Date to provide for a different limit on the Fair Market Value of Shares permitted to be subject to ISOs, such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

5.9 Modification, Extension or Renewal. The Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted. Any outstanding ISO that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code. Subject to Section 18 of

Table of Contents

this Plan, by written notice to affected Participants, the Committee may reduce the Exercise Price of outstanding Options without the consent of such Participants; provided, however, that the Exercise Price may not be reduced below the Fair Market Value on the date the action is taken to reduce the Exercise Price.

5.10 No Disqualification. Notwithstanding any other provision in this Plan, no term of this Plan relating to ISOs will be interpreted, amended or altered, nor will any discretion or authority granted under this Plan be exercised, so as to disqualify this Plan under Section 422 of the Code or, without the consent of the Participant affected, to disqualify any ISO under Section 422 of the Code.

6. RESTRICTED STOCK AWARDS.

6.1 Awards of Restricted Stock. A Restricted Stock Award is an offer by the Company to sell to a Participant Shares that are subject to restrictions (*Restricted Stock*). The Committee will determine to whom an offer will be made, the number of Shares the Participant may purchase, the Purchase Price, the restrictions under which the Shares will be subject and all other terms and conditions of the Restricted Stock Award, subject to the Plan.

6.2 Restricted Stock Purchase Agreement. All purchases under a Restricted Stock Award will be evidenced by an Award Agreement. A Participant accepts a Restricted Stock Award by signing and delivering to the Company an Award Agreement with full payment of the Purchase Price, within thirty (30) days from the date the Award Agreement was delivered to the Participant. If the Participant does not accept such Award within thirty (30) days, then the offer of such Restricted Stock Award will terminate, unless the Committee determines otherwise.

6.3 Purchase Price. The Purchase Price for a Restricted Stock Award will be determined by the Committee and may be less than Fair Market Value on the date the Restricted Stock Award is granted. Payment of the Purchase Price must be made in accordance with Section 11 of the Plan, and the Award Agreement.

6.4 Terms of Restricted Stock Awards. Restricted Stock Awards will be subject to such restrictions as the Committee may impose or are required by law. These restrictions may be based on completion of a specified number of years of service with the Company or upon completion of Performance Factors, if any, during any Performance Period as set out in advance in the Participant's Award Agreement. Prior to the grant of a Restricted Stock Award, the Committee shall: (a) determine the nature, length and starting date of any Performance Period for the Restricted Stock Award; (b) select from among the Performance Factors to be used to measure performance goals, if any; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Restricted Stock Awards that are subject to different Performance Periods and having different performance goals and other criteria.

6.5 Termination of Participant. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such Participant's Termination Date (unless determined otherwise by the Committee).

7. STOCK BONUS AWARDS.

7.1 Awards of Stock Bonuses. A Stock Bonus Award is an award to an eligible person of Shares (which may consist of Restricted Stock or Restricted Stock Units) for services to be rendered or for past services already rendered to the Company or any Parent or Subsidiary. All Stock Bonus Awards shall be made pursuant to an Award Agreement. No payment from Participant will be required for Shares awarded pursuant to a Stock Bonus Award.

Table of Contents

7.2 Terms of Stock Bonus Awards. The Committee will determine the number of Shares to be awarded to the Participant under a Stock Bonus Award and any restrictions thereon. These restrictions may be based upon completion of a specified number of years of service with the Company or upon satisfaction of performance goals based on Performance Factors during any Performance Period as set out in advance in the Participant's Stock Bonus Agreement. Prior to the grant of any Stock Bonus Award the Committee shall: (a) determine the nature, length and starting date of any Performance Period for the Stock Bonus Award; (b) select from among the Performance Factors to be used to measure performance goals; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Stock Bonus Awards that are subject to different Performance Periods and different performance goals and other criteria.

7.3 Form of Payment to Participant. Payment may be made in the form of cash, whole Shares, or a combination thereof, based on the Fair Market Value of the Shares earned under a Stock Bonus Award on the date of payment.

7.4 Termination of Participation. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such Participant's Termination Date (unless determined otherwise by the Committee).

8. STOCK APPRECIATION RIGHTS.

8.1 Awards of SARs. A Stock Appreciation Right (*SAR*) is an award to a Participant that may be settled in cash, or Shares (which may consist of Restricted Stock), having a value equal to (a) the difference between the Fair Market Value on the date of exercise over the Exercise Price multiplied by (b) the number of Shares with respect to which the SAR is being settled (subject to any maximum number of Shares that may be issuable as specified in an Award Agreement). All SARs shall be made pursuant to an Award Agreement.

8.2 Terms of SARs. The Committee will determine the terms of each SAR including, without limitation: (a) the number of Shares subject to the SAR; (b) the Exercise Price and the time or times during which the SAR may be settled; (c) the consideration to be distributed on settlement of the SAR; and (d) the effect of the Participant's Termination on each SAR. The Exercise Price of the SAR will be determined by the Committee when the SAR is granted, and may be less than Fair Market Value. A SAR may be awarded upon satisfaction of Performance Factors, if any, during any Performance Period as are set out in advance in the Participant's individual Award Agreement. If the SAR is being earned upon the satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for each SAR; and (y) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to SARs that are subject to different Performance Factors and other criteria.

8.3 Exercise Period and Expiration Date. A SAR will be exercisable within the times or upon the occurrence of events determined by the Committee and set forth in the Award Agreement governing such SAR. The SAR Agreement shall set forth the expiration date; provided that no SAR will be exercisable after the expiration of ten (10) years from the date the SAR is granted. The Committee may also provide for SARs to become exercisable at one time or from time to time, periodically or otherwise (including, without limitation, upon the attainment during a Performance Period of performance goals based on Performance Factors), in such number of Shares or percentage of the Shares subject to the SAR as the Committee determines. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such Participant's Termination Date (unless determined otherwise by the Committee). Notwithstanding the foregoing, the rules of Section 5.6 also will apply to SARs.

Table of Contents

8.4 **Form of Settlement.** Upon exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying (i) the difference between the Fair Market Value of a Share on the date of exercise over the Exercise Price; times (ii) the number of Shares with respect to which the SAR is exercised. At the discretion of the Committee, the payment from the Company for the SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

9. RESTRICTED STOCK UNITS.

9.1 **Awards of Restricted Stock Units.** A Restricted Stock Unit (*RSU*) is an award to a Participant covering a number of Shares that may be settled in cash, or by issuance of those Shares (which may consist of Restricted Stock). All RSUs shall be made pursuant to an Award Agreement.

9.2 **Terms of RSUs.** The Committee will determine the terms of an RSU including, without limitation: (a) the number of Shares subject to the RSU; (b) the time or times during which the RSU may be settled; and (c) the consideration to be distributed on settlement, and the effect of the Participant's Termination on each RSU. An RSU may be awarded upon satisfaction of such Performance Factors (if any) during any Performance Period as are set out in advance in the Participant's Award Agreement. If the RSU is being earned upon satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for the RSU; (y) select from among the Performance Factors to be used to measure the performance, if any; and (z) determine the number of Shares deemed subject to the RSU. Performance Periods may overlap and participants may participate simultaneously with respect to RSUs that are subject to different Performance Periods and different performance goals and other criteria.

9.3 **Form and Timing of Settlement.** Payment of earned RSUs shall be made as soon as practicable after the date(s) determined by the Committee and set forth in the Award Agreement. The Committee, in its sole discretion, may settle earned RSUs in cash, Shares, or a combination of both.

9.4 **Termination of Participant.** Except as may be set forth in the Participant's Award Agreement, vesting ceases on such Participant's Termination Date (unless determined otherwise by the Committee).

10. PERFORMANCE SHARES.

10.1 **Awards of Performance Shares.** A Performance Share Award is an award to a Participant denominated in Shares that may be settled in cash, or by issuance of those Shares (which may consist of Restricted Stock). Grants of Performance Shares shall be made pursuant to an Award Agreement.

10.2 **Terms of Performance Shares.** The Committee will determine, and each Award Agreement shall set forth, the terms of each award of Performance Shares including, without limitation: (a) the number of Shares deemed subject to such Award; (b) the Performance Factors and Performance Period that shall determine the time and extent to which each award of Performance Shares shall be settled; (c) the consideration to be distributed on settlement, and the effect of the Participant's Termination on each award of Performance Shares. In establishing Performance Factors and the Performance Period the Committee will: (x) determine the nature, length and starting date of any Performance Period; (y) select from among the Performance Factors to be used; and (z) determine the number of Shares deemed subject to the award of Performance Shares. Prior to settlement the Committee shall determine the extent to which Performance Shares have been earned. Performance Periods may overlap and Participants may participate simultaneously with respect to Performance Shares that are subject to different Performance Periods and different performance goals and other criteria.

Table of Contents

10.3 Value, Earning and Timing of Performance Shares. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant. After the applicable Performance Period has ended, the holder of Performance Shares will be entitled to receive a payout of the number of Performance Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Factors or other vesting provisions have been achieved. The Committee, in its sole discretion, may pay earned Performance Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Shares at the close of the applicable Performance Period) or in a combination thereof.

10.4 Termination of Participant. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such Participant's Termination Date (unless determined otherwise by the Committee).

11. PAYMENT FOR SHARE PURCHASES.

Payment from Participant for Shares purchased pursuant to this Plan may be made in cash or by check or, where expressly approved for the Participant by the Committee and where permitted by law (and to the extent not otherwise set forth in the applicable Award Agreement):

- (a) by cancellation of indebtedness of the Company to the Participant;
- (b) by surrender of shares of the Company held by the Participant that have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Award will be exercised or settled;
- (c) by waiver of compensation due or accrued to the Participant for services rendered or to be rendered to the Company or a Parent or Subsidiary of the Company;
- (d) by consideration received by the Company pursuant to a broker-assisted and/or same day sale (or other) cashless exercise program implemented by the Company in connection with the Plan;
- (e) by any combination of the foregoing; or
- (f) by any other method of payment as is permitted by applicable law.

12. GRANTS TO OUTSIDE DIRECTORS.

12.1 Types of Awards. Outside Directors are eligible to receive any type of Award offered under this Plan except ISOs. Awards pursuant to this Section 12 may be automatically made pursuant to policy adopted by the Board, or made from time to time as determined in the discretion of the Board.

12.2 Eligibility. Awards pursuant to this Section 12 shall be granted only to Outside Directors. An Outside Director who is elected or re-elected as a member of the Board will be eligible to receive an Award under this Section 12.

12.3 Vesting, Exercisability and Settlement. Except as set forth in Section 21, Awards shall vest, become exercisable and be settled as determined by the Board. With respect to Options and SARs, the exercise price granted to Outside Directors shall not be less than the Fair Market Value of the Shares at the time that such Option or SAR is granted.

13. WITHHOLDING TAXES.

Table of Contents

13.1 **Withholding Generally.** Whenever Shares are to be issued in satisfaction of Awards granted under this Plan, the Company may require the Participant to remit to the Company an amount sufficient to satisfy applicable federal, state, local and international withholding tax requirements prior to the delivery of Shares pursuant to exercise or settlement of any Award. Whenever payments in satisfaction of Awards granted under this Plan are to be made in cash, such payment will be net of an amount sufficient to satisfy applicable federal, state, local and international withholding tax requirements.

13.2 **Stock Withholding.** The Committee, in its sole discretion and pursuant to such procedures as it may specify from time to time, may require or permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld, or (iii) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

14. TRANSFERABILITY. Unless determined otherwise by the Committee, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. If the Committee makes an Award transferable, such Award will contain such additional terms and conditions as the Committee deems appropriate. All Awards shall be exercisable: (i) during the Participant's lifetime only by (A) the Participant, or (B) the Participant's guardian or legal representative; and (ii) after the Participant's death, by the legal representative of the Participant's heirs or legatees

15. PRIVILEGES OF STOCK OWNERSHIP; RESTRICTIONS ON SHARES.

15.1 **Voting and Dividends.** No Participant will have any of the rights of a shareholder with respect to any Shares until the Shares are issued to the Participant. After Shares are issued to the Participant, the Participant will be a shareholder and have all the rights of a shareholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares; provided, that if such Shares are Restricted Stock, then any new, additional or different securities the Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock; provided, further, that the Participant will have no right to retain such stock dividends or stock distributions with respect to Shares that are repurchased at the Participant's Purchase Price or Exercise Price, as the case may be, pursuant to Section 15.2.

15.2 **Restrictions on Shares.** At the discretion of the Committee, the Company may reserve to itself and/or its assignee(s) a right to repurchase (a ***Right of Repurchase***) a portion of any or all Unvested Shares held by a Participant following such Participant's Termination at any time within ninety (90) days after the later of the Participant's Termination Date and the date the Participant purchases Shares under this Plan, for cash and/or cancellation of purchase money indebtedness, at the Participant's Purchase Price or Exercise Price, as the case may be.

16. CERTIFICATES. All certificates for Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Committee may deem necessary or advisable, including restrictions under any applicable federal, state or foreign securities law, or any rules, regulations and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted.

17. ESCROW; PLEDGE OF SHARES. To enforce any restrictions on a Participant's Shares, the Committee may require the Participant to deposit all certificates representing Shares, together with stock powers or other instruments of transfer approved by the Committee, appropriately endorsed in

blank, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated, and the Committee may cause a legend or legends referencing such restrictions to be placed on the certificates. Any Participant who is permitted to execute a promissory note as partial or full consideration for the purchase of Shares under this Plan will be required to pledge and deposit with the Company all or part of the Shares so purchased as collateral to secure the payment of the Participant's obligation to the Company under the promissory note; provided, however, that the Committee may require or accept other or additional forms of collateral to secure the payment of such obligation and, in any event, the Company will have full recourse against the Participant under the promissory note notwithstanding any pledge of the Participant's Shares or other collateral. In connection with any pledge of the Shares, the Participant will be required to execute and deliver a written pledge agreement in such form as the Committee will from time to time approve. The Shares purchased with the promissory note may be released from the pledge on a pro rata basis as the promissory note is paid.

18. REPRICING; EXCHANGE AND BUYOUT OF AWARDS. The Committee may reprice Options or SARS without prior stockholder approval. The Committee may, at any time or from time to time authorize the Company, in the case of an Option or SAR exchange, and with the consent of the respective Participants (unless not required pursuant to Section 5.9 of the Plan), to pay cash or issue new Awards in exchange for the surrender and cancellation of any, or all, outstanding Awards. The Committee may reduce the Exercise Price of outstanding Options or SARs without the consent of affected Participants by a written notice to them.

19. SECURITIES LAW AND OTHER REGULATORY COMPLIANCE. An Award will not be effective unless such Award is in compliance with all applicable federal and state securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the date of grant of the Award and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to: (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and/or (b) completion of any registration or other qualification of such Shares under any state or federal law or ruling of any governmental body that the Company determines to be necessary or advisable. The Company will be under no obligation to register the Shares with the SEC or to effect compliance with the registration, qualification or listing requirements of any state securities laws, stock exchange or automated quotation system, and the Company will have no liability for any inability or failure to do so.

20. NO OBLIGATION TO EMPLOY. Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Parent or Subsidiary of the Company or limit in any way the right of the Company or any Parent or Subsidiary of the Company to terminate Participant's employment or other relationship at any time.

21. CORPORATE TRANSACTIONS.

21.1 Assumption or Replacement of Awards by Successor. In the event of a Corporate Transaction any or all outstanding Awards may be assumed or replaced by the successor corporation, which assumption or replacement shall be binding on all Participants. In the alternative, the successor corporation may substitute equivalent Awards or provide substantially similar consideration to Participants as was provided to stockholders (after taking into account the existing provisions of the Awards). The successor corporation may also issue, in place of outstanding Shares of the Company held by the Participant, substantially similar shares or other property subject to repurchase restrictions no less favorable to the Participant. In the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute Awards, as provided above, pursuant to a Corporate Transaction, then notwithstanding any other provision in this Plan to the contrary, such Awards will expire on such

Table of Contents

transaction at such time and on such conditions as the Board will determine; the Board (or, the Committee, if so designated by the Board) may, in its sole discretion, accelerate the vesting of such Awards in connection with a Corporate Transaction. In addition, in the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute Awards, as provided above, pursuant to a Corporate Transaction, the Committee will notify the Participant in writing or electronically that such Award will be exercisable for a period of time determined by the Committee in its sole discretion, and such Award will terminate upon the expiration of such period. Awards need not be treated similarly in a Corporate Transaction.

Notwithstanding anything to the contrary in this Section 21.1, the Committee, in its sole discretion, may grant Awards that provide for acceleration upon a Corporate Transaction or in other events in the specific Award Agreements.

21.2 **Assumption of Awards by the Company.** The Company, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either; (a) granting an Award under this Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to an Award granted under this Plan. Such substitution or assumption will be permissible if the holder of the substituted or assumed award would have been eligible to be granted an Award under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award will remain unchanged (except that the Purchase Price or the Exercise Price, as the case may be, and the number and nature of Shares issuable upon exercise or settlement of any such Award will be adjusted appropriately pursuant to Section 424(a) of the Code).

21.3 **Outside Directors Awards.** Notwithstanding any provision to the contrary herein, in the event of a Corporate Transaction, the vesting of all Awards granted to Outside Directors shall accelerate and such Awards shall become exercisable (as applicable) in full prior to the consummation of such event at such times and on such conditions as the Committee determines.

22. ADOPTION AND SHAREHOLDER APPROVAL. This Plan shall be submitted for the approval of the Company's shareholders, consistent with applicable laws, within twelve (12) months before or after the date this Plan is adopted by the Board.

23. TERM OF PLAN. Unless earlier terminated as provided herein, this Plan will become effective on the Effective Date and will terminate ten (10) years from the date this Plan is adopted by the Board. This Plan and all Awards granted hereunder shall be governed by and construed in accordance with the laws of the State of Delaware.

24. AMENDMENT OR TERMINATION OF PLAN. The Board may at any time terminate or amend this Plan in any respect, including, without limitation, amendment of any form of Award Agreement or instrument to be executed pursuant to this Plan; provided, however, that the Board will not, without the approval of the shareholders of the Company, amend this Plan in any manner that requires such shareholder approval; provided further, that a Participant's Award shall be governed by the version of this Plan then in effect at the time such Award was granted.

25. NONEXCLUSIVITY OF THE PLAN. Neither the adoption of this Plan by the Board, the submission of this Plan to the shareholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock awards and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
