- A. Proposal 2:** Amendment of our certificate of incorporation to change our name from United Auto Group, Inc. to Penske Automotive Group, Inc.

Q. Who can vote?

- A.** Stockholders of UnitedAuto as of the close of business on the record date, March 12, 2007, can vote at the annual meeting. Each share of our common stock gets one vote. Votes may not be cumulated. As of March 12, 2007, there were 94,874,030 shares of our common stock outstanding.

Q. How do I vote before the meeting?

- A.** By completing, signing and returning the enclosed proxy card.

Q. May I vote at the meeting?

- A.** You may vote at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

Q. Can I change my mind after I vote?

- A.** You may change your vote at any time before the polls close at the meeting by (1) signing another proxy card with a later date and returning it to us prior to the meeting, (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker or (3) sending a notice to our Corporate Secretary prior to the meeting stating that you are revoking your proxy.

Q. What if I return my proxy card but do not provide voting instructions?

If you hold shares through an account with a bank or broker, your shares may be voted even if you do not provide voting instructions on your instruction form. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors and the amendment of our certificate of incorporation are considered routine matters for which brokers may vote without specific instructions.

Q. May stockholders ask questions at the meeting?

- A. Yes. Our representatives will answer stockholders' questions of general interest at the end of the meeting. In order to give a greater number of stockholders an opportunity to ask questions, individuals or groups may be allowed to ask only one question and repetitive or follow-up questions may not be permitted.

- A. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of March 12, 2007 must be present in person or by proxy at the meeting (47,437,016 shares). This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Q. How many votes are needed to approve UnitedAuto's proposals?

- A. Regarding proposal 1, the twelve nominees receiving the highest number of For votes will be elected as directors. This number is called a plurality. Shares not voted, whether by marking Abstain on the proxy card or otherwise, will have no impact on the election of directors. Regarding proposal 2, the affirmative vote of holders of a majority of the outstanding shares of common stock (47,437,016 shares) will be required for approval of the amendment to our certificate of incorporation and abstentions and broker non-votes will have the effect of voting against the proposal.

**PROPOSAL 2 AMENDMENT TO CERTIFICATE OF INCORPORATION TO CHANGE OUR NAME
FROM UNITED AUTO GROUP, INC. TO
PENSKE AUTOMOTIVE GROUP, INC.**

Our Board of Directors has unanimously approved, subject to stockholder approval, an amendment to our certificate of incorporation to change our name from United Auto Group, Inc. to Penske Automotive Group, Inc.

The Board of Directors believes that the Penske name is favorably received in the business community in light of the performance and recognition of other Penske Corporation investments such as Penske Truck Leasing, a global transportation services provider and supply chain management company. We also believe the change will benefit our company because of the Penske name recognition and its association with general excellence, due in part to the successes of Penske Racing as well as the business success of Penske Corporation. For these same reasons, we currently utilize the Penske name at several of our franchises. If the name change is approved, we will execute a license agreement for the Penske name from Penske Corporation.

The voting and other rights of our common stock will not be affected by the change in corporate name. It also will not affect in any way the validity or transferability of currently outstanding stock certificates and stockholders are not required to surrender those certificates as a result of the name change. In connection with our name change, we expect to obtain a new New York Stock Exchange Trading Symbol. The text of the proposed amendment to our certificate of incorporation is attached as Annex A. We expect to officially change our corporate name by filing this amendment on July 1, 2007.

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Nominating and Corporate Governance Committee and the Executive Committee. The Board of Directors approved a charter for each of the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees, which charters are available on our website,

Table of Contents

www.unitedauto.com under the tab Corporate Governance or in print (see Corporate Governance Guidelines below). The principal responsibilities of each committee are described below. All of our directors attended over 83% of our board and committee meetings in 2006, other than Ms. McWaters who attended 67% of the relevant meetings. The average attendance of our Board members in 2006 was 93%. All of our directors are encouraged to attend the annual meeting and all did attend the annual meeting in 2006.

Audit Committee. The purpose of this committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (1) the integrity of our financial statements and financial reporting process and our systems of internal accounting and financial controls; (2) the performance of the internal audit function; (3) the annual independent audit of our financial statements, (4) the engagement of the independent registered public accounting firms and the evaluation of the independent registered public accounting firms' qualifications, independence and performance; and (5) the fulfillment of the other responsibilities set out in the Audit Committee charter. The Board of Directors has confirmed that all members of the Audit Committee are independent and financially literate under the New York Stock Exchange rules and applicable law, and each is an audit committee financial expert, as that term is defined in Securities and Exchange Commission rules. Mr. Steinhart serves on the audit committee of three other entities. In 2007, the Board determined that Mr. Steinhart's simultaneous service on four audit committees would not impair his ability to effectively serve as a member of our audit committee.

Compensation and Management Development Committee. The purpose of this committee is to assist the Board of Directors in discharging its responsibility relating to compensation of our directors, executive officers and such other employees as this committee may determine, succession planning and related matters. Each committee member is independent under our guidelines for director independence.

Nominating and Corporate Governance Committee. The purpose of this committee is to identify individuals qualified to become members of the Board of Directors, to recommend Director nominees for each annual meeting of stockholders and nominees for election to fill any vacancies on the Board of Directors and to address related matters. This committee also develops and recommends to the Board of Directors corporate governance principles and is responsible for leading the annual review of our corporate governance policies and the Board of Directors performance. Each of the Committee members is independent under our guidelines for director independence.

Executive Committee. Our Executive Committee's primary function is to assist our Board of Directors by acting upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws.

Corporate Governance Guidelines. The Nominating and Corporate Governance Committee also makes recommendations concerning our corporate governance guidelines, which are posted on our website, www.unitedauto.com, under the tab Corporate Governance. These guidelines, and the other documents referenced in this section, are also available in print without charge to any stockholder who requests them by calling our investor relations department at 248-648-2500.

Lead Director. One of our governance principles is that we have an independent Lead Director, who is responsible for coordinating the activities of the other outside Directors, including the establishment of the agenda for executive sessions of the outside Directors, and who shall preside at their meetings. These sessions generally occur as part of each Board meeting and include, at least annually, a session comprised of only our independent directors. Our Lead Director is currently H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our

Table of Contents

Corporate Secretary's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the Board of Directors may be sent care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) also will be forwarded to the Lead Director.

Code of Conduct. We have also adopted a Code of Business Conduct and Ethics, applicable to all of our employees and directors, which is posted on our website at www.unitedauto.com under the tab "Corporate Governance" and is available in print (see "Corporate Governance Guidelines" above). We plan to disclose waivers, if any, for our executive officers or directors from the code on our website, www.unitedauto.com.

Director Independence. A majority of our Board of Directors is independent and each of the members of our audit, compensation and nominating committees is independent. The Board of Directors has determined that Ms. McWaters and Messrs. Barr, Eisenson, Lovejoy, Mita, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange, as well as with the more stringent requirements of our guidelines for independent directors found in our corporate governance guidelines which are available on our website www.unitedauto.com and are set forth below. As required by New York Stock Exchange rules, our Board of Directors made an affirmative determination as to each independent director that no material relationship exists which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities as they may relate to us and our management.

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect material relationship with us (including any parent or subsidiary in a consolidated group with us). In addition to applying these guidelines, the Board of Directors considers relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. With respect to our independent directors, the Board considered the transactions, relationships and arrangements described under "Related Party Transactions" in its independence determination.

Under our guidelines, a director will not be independent if:

1. the director is employed by us, or an immediate family member is one of our executive officers;
2. the director receives any direct compensation from us, other than director and committee fees and forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. the director is affiliated with or employed by our independent registered public accounting firms (or internal auditors), or an immediate family member is affiliated with or employed in a professional capacity by our independent registered public accounting firms (or internal auditors); or
4. an executive officer of ours serves on the compensation committee of the board of directors of a company that employs the director or an immediate family member as an executive officer.

A director also will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the

Table of Contents

evaluation period, are more than the greater of one percent of the annual revenues of that company or \$1 million. Furthermore, a director will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or an immediate family member is an executive officer, of another company that is indebted to us, or to which we are indebted, and the total amount of either company's indebtedness to the other at the end of the last completed fiscal year is more than one percent of the other company's total consolidated assets. Finally, a director will not be independent if, at the time of the independence determination, the director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than one percent of that organization's total annual charitable receipts during its last completed fiscal year.

Under the New York Stock Exchange rules, if a company is controlled, it need not have a majority of independent directors or solely independent compensation or nominating committees. We are a controlled company because more than 50% of the voting power for the election of directors is collectively held by Penske Corporation, Mitsui & Co. and their affiliates. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under Related Party Transactions. Even though we are a controlled company, we are fully compliant with the New York Stock Exchange rules for non-controlled companies. A majority of our Board of Directors is independent and each of our nominating, audit and compensation committees is comprised solely of independent directors.

Director Nominees. The Nominating and Corporate Governance Committee believes that director candidates should have certain minimum qualifications, including having personal integrity, loyalty to UnitedAuto and concern for its success and welfare, willingness to apply sound and independent business judgment and time available for UnitedAuto matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting UnitedAuto, willingness to contribute special competence to board activities, accomplishments within the director's respective field, and experience reading and understanding financial statements. The Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees is as follows: in the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to UnitedAuto during their term. In the case of new director candidates, the Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee considers whether the nominee would be independent and meets with each candidate individually to discuss and consider his or her qualifications and, if approved, recommends the candidate to the Board.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Stockholder proposals for nominees should be addressed to Corporate Secretary, United Auto Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302 and must comply with the procedures outlined immediately below. The committee's evaluation of stockholder-proposed candidates will be the same as for any other candidates.

Stockholders who wish to recommend individuals for consideration by the committee to become nominees for election to the Board may do so by submitting a written recommendation to the Corporate Secretary. Submissions must include sufficient biographical information concerning the recommended individual, including age, employment history with employer names and a description of the employer's business, whether such individual can read and understand basic financial statements and a list of board memberships and other affiliations of the nominee. The submission must be accompanied by a written consent of the individual to

stand for election and serve if elected by the stockholders, a statement of any relationships between the person recommended and the person submitting the recommendation, a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier and proof of ownership by the person submitting the recommendation of 500 shares of our common stock for one year. Recommendations received by November 29, 2007, will be considered for nomination at the 2008 annual meeting of stockholders. Recommendations received after November 29, 2007 will be considered for nomination at the 2009 annual meeting of stockholders.

Compensation Committee Interlocks and Insider Participation. During 2006, the Compensation and Management Development Committee was comprised of H. Brian Thompson (Chairman), Eustace Mita and William Lovejoy. COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

I. General Information

Our Compensation Committee. Our compensation committee is comprised of three independent directors, as determined by our Board of Directors pursuant to the listing requirements of the New York Stock Exchange, as well as the more stringent requirements of our corporate governance guidelines. See *Our Corporate Governance Director Independence* for a discussion of these independence requirements. Our committee's primary responsibilities are to:

Determine all elements of our executive officer compensation;

Review and recommend compensation for other members of senior management;

Review and recommend our compensation and benefit policies for our employees generally;

Administer our equity incentive plans;

Make recommendations to the Board of Directors with respect to director compensation; and

Review our management progression and succession plans.

These responsibilities are set out in the committee's charter which you can find at our website www.unitedauto.com. This charter is reviewed annually by our corporate governance committee and Board of Directors. The compensation committee retains the authority to delegate its duties to a subcommittee, though it did not do so in 2006. Proposed committee meeting agendas are prepared by management and sent to the committee prior to every meeting along with material for committee review. The final agenda for each meeting is determined by the committee chairman. The committee met five times during 2006, and each meeting is typically concluded with an executive session including only the committee members.

Outside Advisors and Consultants. Our compensation committee has the authority to hire outside consultants and advisors at their discretion, and it has full access to any of our employees. While it may do so in the future, neither the committee nor company management has retained any outside consultants to assist them in fulfilling their duties in the past several years.

Role of Executive Officers. The committee relies on our senior management to assist in fulfilling many of its duties, in particular our Executive Vice President Human Resources and Chief Executive Officer, each of whom attend part of most committee meetings. These executives make recommendations concerning our compensation policies generally, certain specific elements of compensation for senior management (such as restricted stock awards and bonuses) as well as report to the committee as to company personnel and developments. Our Chief Executive Officer also makes specific compensation recommendations concerning our other executive officers and other employees. Our Chief Executive Officer does not participate in determining his own compensation.

II. Compensation Philosophy

Our compensation program is designed to motivate and reward our executive officers and other key employees, to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. We believe our executive compensation should be aligned with increasing the value of our common stock

and promoting our key strategies, values and long term financial and operational objectives.

Table of Contents

Our compensation program detailed below has evolved over time. At several times during each year, the program is reviewed in whole or in part with respect to various factors, including: competitive benchmarking; the tax treatment and the accounting treatment of certain elements of employee compensation; and recent trends regarding executive compensation. We evaluate the effectiveness of our program generally based on our ability to motivate our executives to deliver superior company wide performance and to retain them on a cost-effective basis.

The majority of our executive and employee compensation is payable in cash in the short-term, and is comprised principally of salary and cash bonuses, which we believe is typical within our industry. We use cash compensation as the majority of our compensation because we believe it provides the most flexibility for our employees. However, we also provide long-term compensation in the form of restricted stock awards for certain employees. Our restricted stock program awards typically vest over four years, with 70% of any award vesting in the third and fourth years. We believe this long term compensation helps us to align management's goals with those of our other stockholders and provides a long-term retention inducement for our key employees, as discussed below under the heading Restricted Stock.

We do not have any required stock ownership guidelines for our employees. We monitor the stock ownership of our key executives and believe the weighted vesting of our restricted stock awards will contribute to our executive officers holding a significant equity position in our company.

Determination of Amounts. The committee reviews and determines all aspects of compensation for our executive officers. In making decisions regarding non-CEO compensation, the committee receives input from our Chief Executive Officer. The committee reviews annual salary increases or decreases with a view to maintaining external compensation competitiveness. External competitiveness is benchmarked against each of the other publicly traded automotive retailers. We are the second largest publicly traded automotive retailer and the only one with international operations. While we benchmark our compensation, we do not target a specific quartile of pay for our executive officers as compared to our peers as we believe each of our executive officer's circumstances and challenges is unique to the individual and we base our compensation accordingly.

Management Incentive Plan. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1 million per year ceiling on tax-deductible remuneration paid to any one of the named executive officers of a public company, unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). We have designed our Management Incentive Plan, which was approved by our shareholders in 2004, to provide for the payment of performance-based compensation that is qualified within the meaning of Section 162(m) of the Internal Revenue Code.

We expect to continue to issue awards under the Management Incentive Plan for our Chief Executive Officer, as well as any other officers for whom we believe this plan would provide a key motivation to advance specific annual objectives of the Company. For any awards, the compensation committee reserves negative discretion to reduce (but not increase) the payout under the award. While the committee intends to maximize the tax-efficiency of its compensation programs generally, it retains flexibility in the manner in which it awards compensation to act in our best interests, including awarding compensation that may not be tax deductible.

III. Our Compensation Program

Our compensation program primarily consists of four elements:

base salary;

annual cash bonus payment;

Table of Contents

annual restricted stock award; and

employee health care and other benefits, such as the use of a company vehicle.

Base Salary. We pay base salary to set a baseline level of compensation for all senior management. The salary levels for our executive officers are determined by scope of job responsibility, experience, individual performance, historical salary levels and benchmarking information discussed earlier under *Determination of Amounts*. The committee approves salary levels for executive officers and certain key employees in order to maintain external compensation competitiveness using the benchmarks noted above, and to reflect the contributions by those employees in the prior year. The committee also considers our achievement of corporate objectives and general economic factors.

Annual Bonus Payments. Each member of our senior management is also eligible to receive an annual discretionary bonus payment, although our Chief Executive Officer instead has historically received the amounts resulting from his performance based awards described below under *Chief Executive Officer Compensation*. We pay annual bonuses to provide an incentive for future performance and as a reward for performance during the prior year. Bonus payments are determined in varying degrees based on three criteria:

Evaluation of an individual's performance in the prior year;

Evaluation of the annual performance of an individual's business unit; and

Our previous year's company-wide performance and the attainment of corporate objectives.

Since the annual bonus is based in part on our company-wide performance, we believe the annual bonus also focuses employees on our corporate goals designed to increase stockholder value.

Restricted Stock. The committee believes that the interests of senior management should be closely aligned with those of our stockholders. Therefore, each member of senior management is eligible to receive an incentive equity award because we believe equity grants effectively align management's goals with those of our other stockholders.

In 2006, we adopted a written equity award approval policy. Under this policy, all equity awards must be approved by the Board of Directors or compensation committee, which approval, absent extenuating circumstances, shall occur at a meeting as opposed to by written consent. The award grant date and price (if applicable) shall be the closing price of our common stock on the meeting date and the terms of every award are to be reflected in the minutes of the meeting. We typically grant restricted stock awards annually at the first compensation committee meeting of the calendar year. Committee meetings are generally scheduled at least a year in advance and scheduling decisions are made without regard to anticipated earnings or other major Company announcements. We endeavor to vest all shares on the same date for administrative ease and endeavor to vest shares outside of a restricted period under our insider trading policy in order to facilitate sales of shares by recipients to pay for applicable taxes.

In 2006, we issued incentive compensation to our senior management team in the form of restricted stock under our 2002 Equity Compensation Plan. Our restricted stock grants for management typically vest over four years at a rate of 15%, 15%, 20% and 50% per annum, respectively. These shares are subject to forfeiture in the event the executive departs from the Company. We believe vesting the majority of the awards in the third and fourth years provides a longer-term incentive and more closely aligns the incentives for management with the interests of our long-term stockholders. We employ this form of compensation in part because many of our initiatives may take several years to show benefits, such as building best-in-class facilities. These initiatives may be costly in the short-term, but we believe they will provide benefits for years to come. We also believe that weighted vesting of these awards provides

an additional

Table of Contents

incentive to retain our valuable employees due to the value that may be created over time. Our restricted stock awards are designed to mirror our other outstanding stock and thus enable the recipients to vote with our other shareholders and receive dividends.

Our restricted stock grants are generally discretionary (other than those awarded to our Chief Executive Officer or others under our Management Incentive Plan discussed above), based upon a guideline range that takes into account the responsibilities of executive officers and key employees whose contributions and skills are important to our long-term success. In 2006, the committee granted approximately 241,000 shares of restricted stock to employees (representing about 0.25% of our current outstanding equity), some of which have reverted back to us as employees have departed from our company. From time-to-time, the committee also approves special equity awards based on an employee's outstanding contributions, commencement of employment or other factors.

Other Compensation. We provide our employees with selected benefits or perquisites in order to attract and retain highly skilled employees. All of our employees are entitled to a number of benefits such as company contributions toward health and welfare benefits, company matching under our 401(k) plan, and life insurance. We believe these benefits manifest our concern for our employees and provide an inducement and retention advantage. With respect to health and welfare benefits, the committee believes that our employees should receive a meaningful benefit package commensurate with those of other automotive retailers, recognizing the increasing cost of those benefits in recent years.

As we are an automotive retailer, our senior management is typically provided the use of a company vehicle, company-sponsored automobile insurance, and a tax gross-up relating to these amounts. We typically contribute a monthly allowance toward a lease payment for a company vehicle selected by the employee. The vehicle must be leased from one of our dealerships and the allowance is based on an employee's position within our company. In some circumstances, we purchase a vehicle outright if we believe this will be more cost effective over the life of the vehicle's use. We have valued the use of company vehicles in the following disclosure tables based on the value of our lease payments or, in situations where we have purchased a vehicle, on IRS guidelines. We also pay for maintenance and repairs on the vehicles, which costs are included in those tables. Similar to any company providing its products to employees, we provide these vehicles as an inducement and retention benefit. Moreover, because of our unique position as an automotive retailer, we generally can provide these vehicles to employees at a lower cost than could be obtained by the employee.

From time to time, we may adopt other benefits for our senior management, such as payment for a country club membership or tax gross-ups for certain items. We review these benefits on a case-by-case basis and believe, if limited in scope, such benefits can provide an incentive to long term performance and help retain our valuable employees. The value of these other types of perquisites are quantified based on our cost.

Other Forms of Compensation. The committee has also reviewed various other forms of executive compensation for our management, such as stock options and supplemental retirement plans. Prior to 2003, the principal form of equity compensation we employed was the granting of stock options. Currently, the committee is of the view that salary, bonus and restricted stock awards should provide the principal components of management compensation and that these forms of compensation best align management's goals with those of our stockholders. Therefore, after review, the committee has determined not to issue or grant stock options, allow for deferred compensation in the form of a deferral of salary or bonus, or any retirement benefit (other than under our 401(k) plan that is available to all qualified employees). The committee considers the advisability of these additional types of compensation periodically and retains the flexibility to implement other forms of compensation in the future.

Table of Contents

No Employment Agreements, Change of Control and Severance Compensation. None of our current executive officers have been provided an employment agreement, nor are they entitled to any severance compensation or compensation upon a change of control. We believe our mix of short-term and long-term compensation provides a retention incentive that makes an employment contract unnecessary, while providing us maximum flexibility with respect to managing our executive officers. Our lack of pre-arranged severance compensation is consistent with our performance based compensation philosophy, and provides us the flexibility to enter into a post-employment arrangement with an employee based on the circumstances existing upon departure. This also provides a retention benefit by subjecting to forfeiture our historical equity grants. Historically, we have entered into consulting agreements with our departing senior management as we believe it may be important to have continuing access to these employees' institutional knowledge base and guidance. In these events, we insist on obtaining a non-compete agreement with these individuals.

In January 2007, our former Executive Vice President Finance, James R. Davidson, retired from this position. We agreed that Mr. Davidson will remain a part-time employee of ours taking on the responsibility of assisting with certain of our finance operations. We believe this arrangement will provide us with continuing access to Mr. Davidson's guidance at a significantly reduced cost. With respect to our former president and chief operating officer who retired in March 2006, we began a multi-year consulting arrangement that was agreed contractually at the time of his initial employment. See the discussion under Potential Termination Payments for details of this agreement. Both of these former executive officers are limited by typical non-compete and confidentiality restrictions.

With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments. However, our outstanding equity awards provide that, in the event of a change of control, the compensation committee has the discretion to accelerate, vest or rollover any outstanding equity awards.

IV. 2006 Compensation

2006 compensation is noted in the tables following this section. In reviewing individual compensation, the committee employs a form of tally sheet designed to capture all elements of compensation.

Chief Executive Officer Compensation. In determining the compensation of Mr. Penske, the committee considered the company performance noted below, and also reviewed the CEO compensation and the financial performance of our peer companies. The committee also considered Mr. Penske's previous year's compensation. Based on their review, the committee proposed an increase in Mr. Penske's base salary in 2006. However, for the second consecutive year, Mr. Penske declined the salary increase in order to align a greater percentage of his compensation with company performance and the value of our common stock. Therefore, the committee maintained Mr. Penske's base salary at \$750,000 in 2006. In March 2007, the Committee again proposed an increase in Mr. Penske's salary which he declined for the same reasons.

In March 2007, the Committee awarded Mr. Penske 78,886 shares of restricted stock valued at \$1.7 million based on the closing price on the New York Stock Exchange on the date of approval (\$21.55). These shares vest over a four year period at a rate of 15%, 15%, 20% and 50% with the final vesting in June 2011, subject to forfeiture in the event Mr. Penske departs from the Company. These shares resulted from a performance based award which had been granted to Mr. Penske in March of 2006 under our management incentive plan discussed above. The maximum potential amount Mr. Penske could have earned pursuant to this award was \$2.5 million, though the committee reserved discretion to reduce (but not increase) the payout under these awards. The amount earned was payable in either cash or stock at the

Table of Contents

committee's discretion. Mr. Penske achieved 68% of the performance metrics noted below, which entitled Mr. Penske to the \$1.7 million. The specific 2006 performance objectives and related performance were as follows:

Objective	Result	% of award	Achievement
return on equity of 11%	10.8%	8%	0%
same store retail sales revenue increase of 3%	4.3%	8%	8%
acquisition of annualized revenue of \$300 million	\$1.7 billion	8%	8%

common stock price appreciation of 10%	23%	10%	10%
Total:		100%	68%

(1) In December 2006, we issued \$375 million of 7.75% senior subordinated notes. For strategic reasons, we used a portion of the proceeds to temporarily repay amounts outstanding under our floor plan borrowings until redemption of our outstanding 9.625% notes in March 2007. Had we instead redeemed the 9.625% notes in December 2006, our debt to capitalization would have been 40%, which would have satisfied this percentage of the award.

In March 2007, the Committee established a similar award for Mr. Penske with respect to 2007 with a maximum potential payout of \$3.0 million. The performance objectives for 2007 are as follows:

Objective	% of award
return on equity of 11%	8%
same store retail revenue increase of 3%	8%
acquisition of annualized revenue of \$250 million	8%
employee turnover below 31%	8%

Table of Contents

In summary, Mr. Penske earned \$750,000 in salary and \$1.7 million in the form of a restricted stock award for a total of \$2.45 million for his performance in 2006. This figure differs from the amount disclosed in the summary compensation table because, for reporting purposes, the table includes only \$393,878 relating to equity awards, which is the amount we expensed in 2006 relating to Mr. Penske's equity awards. For internal benchmarking purposes, we will look to the \$2.45 million figure as a more accurate measure of Mr. Penske's total annual compensation.

Other Executive Officer Compensation. Each of our other executive officers received the stock awards and bonuses set forth in the tables below. In March 2007, the compensation of Mr. O'Shaughnessy was increased to \$565,000 retroactive to January 1, 2007, and he was awarded 10,000 shares of restricted stock vesting over four years at a rate of 15%, 15%, 20% and 50%. Messrs. Kurnick and Walters also received 10,000 and 6,000 restricted shares, respectively, with the same vesting schedule. These amounts were determined based on the principles set forth above. Mr. Kurnick, our Vice Chairman, is also the President of Penske Corporation and Mr. Walters, our Executive Vice President of Human Resources, also serves in a similar capacity for Penske Corporation. As a result, Messrs. Kurnick and Walters also receive a substantial amount of total compensation from Penske Corporation, our controlling shareholder. While these individuals devote a substantial amount of time and effort to our company, their total compensation paid by us does reflect that they devote efforts to Penske Corporation. Messrs. Kurnick and Walters did not receive a cash bonus related to 2006 for this reason.

EXECUTIVE AND DIRECTOR COMPENSATION

The following table contains information concerning 2006 annual and long-term compensation for our Chief Executive Officer, Executive Vice President Finance in 2006, each of our three other most highly compensated executive officers during 2006, and our former President and Chief Operating Officer, collectively referred to as the named executive officers.

Narrative Discussion of Summary Compensation Table and Plan Based Awards

Mr. Penske's Performance Based Award. The amounts set forth in the two preceding tables reflect payments and awards to our named executive officers based on the principles and descriptions discussed under Compensation Discussion and Analysis. Mr. Penske was our only named executive officer to receive a performance based award in 2006. The award was issued under our management incentive plan and was based on performance targets to be achieved in 2006. A maximum potential payout of \$2.5 million was available under the award, payable in cash or stock at the election of the compensation committee at the time the committee determined satisfaction of the award. Because the form of compensation was discretionary in either cash or stock, we have presented the award as a \$2.5 million non-equity incentive plan award and as a \$2.5 million equity incentive plan award, even though the total maximum payable under the award is \$2.5 million. The payment of the award in March 2007 was \$1.7 million in the form of 78,886 shares of restricted common stock vesting over four years at a rate of 15%, 15%, 20% and 50% valued on the date of grant of the restricted stock award. The objective performance targets of Mr. Penske's award are described in the Compensation Disclosure and Analysis.

Other Restricted Stock Awards. The other equity awards noted in the table were each issued to our named executive officers as part of our annual grant of restricted stock pursuant to the terms of the 2002 Equity Compensation Plan. These awards vest annually over four years at a rate of 15%, 15%, 20% and 50% and are issued based on principles described in the Compensation Disclosure and Analysis Restricted Stock.

Former Employees. Mr. Davidson served as our Executive Vice President Finance through December 2006. Beginning in 2007, he retired from that office and now is employed on a part-time basis assisting with certain of our finance operations. Mr. DiFeo served as our president and chief operating officer until March 8, 2006, at which time he retired from those offices. We and Mr. DiFeo were party to an employment agreement discussed below under Potential Termination Payments. We are not a party to employment contracts with any of our current executive officers.

Potential Termination Payments

Except for Mr. DiFeo, our former president and chief operating officer, none of our named executive officers is employed under an employment agreement and none have any contractual severance or termination payments.

Termination Payments for Mr. DiFeo. Mr. DiFeo served as our president and chief operating officer until March 8, 2006, at which time he retired from those offices. The following is a description of the relevant termination payments and arrangements provided to Mr. DiFeo, each as required under Mr. DiFeo's employment agreement as in effect at that time.

We have agreed to employ Mr. DiFeo as a consultant through December 31, 2010. During that time, Mr. DiFeo is expected to render services and assist in the management of our business approximately one work week per month. While a consultant, Mr. DiFeo is entitled to compensation of \$400,000 per year, plus the use of an automobile, reimbursement of expenses incurred on behalf of us as a consultant, and health benefits comparable to those available to our management. The estimated annual expense of the consulting agreement for each of years 2006 through 2010 is \$417,667, consisting of \$400,000 in direct compensation, continuing health benefits under our health care plan, and \$12,000 in automobile expenses. See Compensation Disclosure and Analysis Other Compensation for a discussion of our valuation of those expenses. As part of this consulting agreement, we receive the benefit of a confidentiality and a non-compete arrangement where Mr. DiFeo is prohibited from seeking or obtaining employment in the automotive industry without our consent, which consent shall not be unreasonably withheld. The non-compete arrangements may be waived by us in our discretion.

Director Compensation

The Board of Directors believes that its members should receive a mix of cash and equity compensation, with the option to receive all compensation in the form of equity. The Board of Directors approves changes to director compensation only upon the recommendation of the compensation committee, which is composed solely of independent directors. Only directors who are not our paid employees, who we call outside directors, are eligible for director compensation, unless otherwise noted.

Annual Fee and Restricted Stock Award. Each outside director receives an annual fee of \$40,000, except for audit committee members, who receive \$45,000. These fees are payable, at the option of each outside director, in cash or common stock valued on the date of receipt (generally in March of the year subsequent to service). Our outside directors also receive an annual grant of 2,000 shares of restricted stock which is typically awarded during the first quarter of the calendar year. These restricted shares vest ratably and annually over three years.

Option to Defer Receipt until Termination of Board Service. Under our Non-Employee Director Compensation Plan, the annual fee and restricted stock awards may be deferred in either the form of cash (for the annual fee) and/or deferred stock. Each deferred stock unit is equal in value to a share of common stock and ultimately paid in cash after a director retires. These stock units do not have voting rights, but do generate dividend equivalents in the form of additional stock units which are credited to the director's account on the date dividends are paid. All fees deferred in cash are held in our general funds and interest on such deferred fees is credited to the director's account at the then current U.S. 90-day Treasury bill rate on a quarterly basis.

Charitable Donation Matching Program. All directors are also eligible to participate in a charitable matching gift program. Under this program, we will match up to \$25,000 per year in contributions by each director to institutions qualified as tax-exempt organizations under

Table of Contents

501(c)(3) of the Internal Revenue Code and other institutions approved at the discretion of management. We may decline to match any contribution to an institution with goals that are incompatible with ours, or due to conflicts with our director independence policy. This program is not available for matching of political contributions. While the contributions are directed by our directors, we retain the tax deduction for these contributions.

Other Amounts. As part of our director continuing education program, each director is eligible to be reimbursed by us for the cost and expenses relating to one education seminar per year. These amounts are excluded from the table below. Each outside director also is entitled to the use of a vehicle, the cost of routine maintenance and repairs, and company-sponsored automobile insurance relating to that vehicle. All directors are also entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. Because we expect attendance at all meetings, and a substantial portion of the Board of Directors work is done outside of formal meetings, we do not pay meeting fees.

Director Compensation Table

Our directors who are also our employees (Messrs. Kurnick, Ishikawa, and Penske) receive no additional cash compensation for serving as directors, though they are eligible for the charitable matching program noted above.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee acts under a written charter adopted and approved by the Board of Directors. The Audit Committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange, the more stringent requirements of our corporate governance guidelines and the Securities and Exchange Commission's additional independence requirements. In addition, our Board of Directors has determined that each of our committee members is an audit committee financial expert, as defined by Securities and Exchange Commission rules.

In accordance with the Audit Committee charter, the Audit Committee has the sole authority to retain and terminate our independent registered public accounting firms and is responsible for recommending to the Board of Directors that our financial statements be included in our annual report on Form 10-K.

The Audit Committee took a number of steps in making this recommendation for our 2006 annual report. First, the Audit Committee discussed with our independent registered public accounting firms those matters required to be discussed by Statement on Auditing Standards No. 61, including information regarding the scope and results of their audits. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with the independent registered public accounting firms their independence and received letters and written disclosures from the independent registered public accounting firms required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These discussions and disclosures assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed the annual audited and quarterly unaudited financial statements with our management and the independent registered public accounting firms in advance of the public release of operating results, and before the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the foregoing, as well as on the review and discussions referred to above, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our financial statements be included in our 2006 annual report on Form 10-K as filed with the SEC on March 1, 2007.

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively referred to as "Deloitte") will audit our consolidated financial statements for 2007 and perform other services. In 2006, Deloitte did not audit certain of our subsidiaries which own certain of our international operations and their opinions, insofar as they relate to those operations, are based solely on the reports of the independent auditor of those operations, KPMG Audit PLC ("KPMG"). This arrangement will continue in 2007. We refer to Deloitte and KPMG collectively as our independent registered public accounting firms. We paid the independent registered public accounting firms the following fees for the enumerated services in 2005 and 2006, all of which services were approved by our Audit Committee.

Audit Fees. Audit Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with the audits of our consolidated financial statements, including the audits of management's assessment of internal control over financial reporting, reviews of the consolidated condensed financial statements included in our quarterly reports on Form 10-Q, and other services normally provided in connection with statutory or regulatory engagements.

Audit Related Fees. Audit Related Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with registration statements, acquisition due diligence, their assurance services related to benefit plans and accounting research and consultation.

Tax Fees. Tax Fees in the table below include aggregate fees for professional services rendered by the independent registered public accounting firms in connection with tax compliance, planning and advice.

All Other Fees. All Other Fees in the table below include aggregate fees for all other services rendered by the independent registered public accounting firms. These fees related primarily to appraisal review services and benefits advisory services.

The Audit Committee has considered the nature of the above-listed services provided by the independent registered public accounting firms and determined that they are compatible with their provision of independent audit services. The Audit Committee has discussed these services with the independent registered public accounting firms and management to determine that they are permitted under the Code of Professional Conduct of the American Institute of Certified Public Accountants and the auditor independence requirements of the Securities and Exchange Commission.

Pre-approval Policy. The Audit Committee has adopted a policy requiring pre-approval of audit and non-audit services provided by the independent registered public accounting firms.

Table of Contents

The primary purpose of this policy is to ensure that we engage our public accountants only to provide audit and non-audit services that are compatible with maintaining independence. The Audit Committee is required to pre-approve all services relating to work performed for us by our independent registered public accounting firms and related fees. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the approved amount prior to payment, except as provided below. Our independent registered public accounting firms are prohibited from performing any service prohibited by applicable law.

Pre-approval of audit and non-audit services may be given at any time up to a year before commencement of the specified service. Engagement of the independent registered public accounting firms and their fees for the annual audit must be approved by the entire Audit Committee. The Chairman of the Audit Committee may independently approve services if the estimated fee for the service is less than 10% of the total estimated audit fee, or if the excess fees for pre-approved services are less than 20% of the approved fees for that service; provided, however, that no such pre-approval may be granted with respect to any service prohibited by applicable law or that otherwise appears reasonably likely to compromise the independent registered public accounting firms' independence. Any pre-approval granted pursuant to this delegation of authority is reviewed with the Audit Committee at its next regularly scheduled meeting. Non-audit services for which the estimated fee is greater than 10% of the audit fee must be approved by the entire Audit Committee before commencement of the service.

It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer appropriate questions.

RELATED PARTY TRANSACTIONS

Our Board of Directors has adopted a written policy with respect to the approval of related party transactions. Under the policy, related party transactions over \$5,000 are to be approved by a majority of either the members of our Audit Committee or our disinterested Board members. At each regularly scheduled meeting, our Audit Committee reviews any proposed new related party transactions for approval and reviews the status of previously approved transactions. The disinterested members of our Board of Directors typically review new material transactions for approval. Each of the transactions noted below was approved by our Board of Directors or Audit Committee pursuant to this policy.

Entities affiliated with Roger S. Penske, our Chairman of the Board and Chief Executive Officer, are parties to a stockholders agreement described below. Mr. Penske is also Chairman of the Board and Chief Executive Officer of Penske Corporation, and, through entities affiliated with Penske Corporation, our largest stockholder. The parties to the stockholders agreement are International Motor Cars Group, II, L.L.C. (IMCGII), Mitsui & Co., Ltd., Mitsui & Co, (USA), Inc. (collectively, Mitsui), Penske Corporation and Penske Automotive Holdings Corp. We refer to IMCGII, Penske Corporation and Penske Automotive Holdings Corp. as the Penske affiliated companies.

In connection with a sale of shares of our common stock to Mitsui in March 2004, Mitsui and the Penske affiliated companies agreed to certain standstill provisions. Until termination of the stockholders agreement discussed below, among other things and with some exceptions, the parties have agreed not to acquire or seek to acquire any of our capital stock or assets, enter into or propose business combinations involving us, participate in a proxy contest with respect to us or initiate or propose any stockholder proposals with respect to us. Notwithstanding the prior sentence, the purchase agreement permits (1) any transaction approved by either a majority of disinterested members of our Board of Directors or a majority of our disinterested stockholders, (2) in the case of Mitsui, the acquisition of securities if, after giving effect to such acquisition, its beneficial ownership in us is less than or equal to 49%, (3) in the

case of the Penske affiliated companies, the acquisition of securities if, after giving effect to such acquisition, their aggregate beneficial ownership in us is less than or equal to 65%, and (4) the acquisition of securities resulting from equity grants by the Board of Directors to individuals for compensatory purposes.

We have also agreed to grant Mitsui the right to an observer to our Board of Directors as long as it owns at least 2.5% of our outstanding common stock, and the right to have an appointee designated as a senior vice president of UnitedAuto, as long as it owns at least 10% of our outstanding common stock. Mr. Hiroshi Ishikawa, one of our directors, has been appointed as our Executive Vice President International Business Development. We also agreed not to take any action that would restrict the ability of a stockholder to propose, nominate or vote for any person as a director of us, subject to specified limitations.

Stockholders Agreement. Simultaneously with this purchase, Mitsui and the Penske affiliated companies entered into a stockholders agreement. Under this stockholders agreement, the Penske affiliated companies agreed to vote their shares for one director who is a representative of Mitsui. In turn, Mitsui agreed to vote its shares for up to fourteen directors voted for by the Penske affiliated companies. In addition, the Penske affiliated companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to tag along by transferring a pro rata amount of its shares upon similar terms and conditions, subject to certain limitations. This agreement terminates on its tenth anniversary, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

Registration Rights Agreements. We have granted the Penske affiliated companies registration rights. Pursuant to our agreements, the Penske affiliated companies each may require us on three occasions to register all or part of our common stock held by them, subject to specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act of 1933, as amended (the Securities Act). In connection with the purchase of shares by Mitsui discussed above, we have granted registration rights to Mitsui. Under our agreement, Mitsui may require us on two occasions to register all or part of its common stock, subject to specified limitations. Mitsui also is entitled to request inclusion of all or any part of its common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act.

Other Related Party Interests. Several of our directors and officers are affiliated with Penske Corporation or related entities. Mr. Penske is a managing member of Transportation Resource Partners, an organization that undertakes investments in transportation-related industries. Richard J. Peters, one of our directors, is a director of Penske Corporation and a managing director of Transportation Resource Partners. Robert H. Kurnick, Jr., our Vice Chairman and a director, is also the President and a director of Penske Corporation and Paul F. Walters, our Executive Vice President Human Resources serves in a similar capacity for Penske Corporation. Mr. Ishikawa, one of our directors, serves as our Executive Vice President International Business Development and in a similar capacity for Penske Corporation. Our President, Roger S. Penske, Jr., also serves as a director of Penske Corporation and is the son of our Chairman and Chief Executive Officer. These employees or directors receive salary, bonus or other compensation from Penske Corporation or its affiliates unrelated to their service at UnitedAuto. Our directors, Eustace W. Mita and Lucio A. Noto are each investors in Transportation Resources Partners.

Other Transactions. We are currently a tenant under a number of non-cancelable lease agreements with Samuel X. DiFeo and members of his family. Mr. DiFeo served as our President and Chief Operating Officer until March 8, 2006. The aggregate amount paid by us in 2006 under these leases was \$5.9 million. The aggregate amount of all contractual payments from us under these leases from January 2007 through termination in 2020 is \$78.7 million, with an additional \$42.4 million due in the event we exercised all of our optional extensions under the

leases through 2045. In September 2006, we sold one of our dealerships to an entity affiliated with Mr. DiFeo in exchange for \$2.7 million, including payments for inventory.

From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including rents paid to Automotive Group Realty, LLC (AGR), as described below, payments to third parties by Penske Corporation on our behalf which we then reimburse to Penske Corporation, payments to third parties made by us on behalf of Penske Corporation which they then reimburse to us, payments relating to the use of aircraft from Penske Jet, Inc., and payment of a racing sponsorship to Penske Racing in 2006. These transactions are reviewed quarterly by our Audit Committee and reflect the provider's cost or an amount mutually agreed upon by both parties. Aggregate payments relating to such transactions amounted to \$5.4 million paid by UAG and \$0.2 million received by UAG in 2006, excluding the payments to AGR discussed below.

We are currently a tenant under a number of non-cancelable lease agreements with AGR and its subsidiaries. AGR is a wholly owned subsidiary of Penske Corporation. The aggregate amount paid by us to AGR in 2006 under these leases was \$4.2 million. The aggregate amount of all contractual payments from us to AGR under these leases from January 2007 through termination in 2014 is \$2.7 million, with an additional \$4.5 million due in the event we exercised all of our optional extensions under the leases through 2024. In addition, in 2006, we sold to AGR improvements for \$100,000 which were subsequently leased by AGR to us (and which are included in the preceding figure). We also purchased several properties from AGR for \$25.1 million in 2006. Each purchase or sale was valued at a price that was either independently confirmed by a third party appraiser or at the price for which we purchased the property from an independent third party.

We and Penske Corporation have entered into a joint insurance agreement which provides that, with respect to certain shared insurance policies (which includes our property policy), available coverage with respect to a loss shall be paid to each party as stipulated in the policies. In the event of losses by us and Penske Corporation in excess of the limit of any policy during a policy period, the total policy proceeds shall be allocated based on the ratio of premiums paid.

In 2006, we acquired a 10% interest in Cycle Express, LLC, an auctioneer of powersport vehicles in exchange for \$5.5 million. Transportation Resource Partners (TRP), an organization discussed above, simultaneously acquired a controlling interest in this company on the same financial terms as our investment. We also have continuing investments in two other TRP controlled companies: a provider of outsourced vehicle management solutions (QEK) and a mobile vehicle washing company. In 2006, we paid QEK approximately \$1,403,000, relating principally to the preparation and delivery of new vehicles in the U.K., and we received \$78,500 of management fees from QEK.

We are also party to an operating agreement with Roger S. Penske, Jr. relating to his 10% ownership investment in one of our subsidiaries, HBL, LLC, which is a holding company for five of our franchises in Virginia. From time to time, we provide HBL with working capital and other debt financing and make periodic pro rata distributions from HBL to Mr. Penske, Jr., which for 2006 totaled approximately \$715,200. For 2006, Mr. Penske, Jr., also received total compensation from us of approximately \$1,828,000 in his capacity as Executive Vice President Eastern Operations, and he received 6,000 shares of restricted stock with a grant date fair value of \$130,020 in March 2006.

Our officers, directors and their affiliates periodically purchase, lease or sell vehicles from our dealerships on fair market terms. Additionally, we hire automotive technicians who have graduated from Universal Technical Institute (UTI), a provider of technical education, whose Chief Executive Officer is Kimberly McWaters, one of our directors. We make no payments to UTI for these graduates and hire them on the same terms as other employers.

In 2006, we employed the sons of Eustace Mita, one of our directors, and James Davidson, our former Executive Vice President Finance, at our dealerships as managers, for which they were compensated \$311,400 and \$227,000, respectively. In 2006, we employed the son-in-law of Paul Walters, our Executive Vice President Human Resources, as Senior Vice President Manufacturer Relations and as a general manager, for which he received compensation of \$286,093. The compensation of these individuals is commensurate with their peers. For 2006, Mr. Ishikawa received total compensation from us of approximately \$150,000 in his capacity as Executive Vice President International Business Development, as well as 2,000 shares of restricted stock with a grant date fair value of \$43,340.

An entity controlled by one of our directors, Lucio A. Noto (the Investor), owns an interest in one of our subsidiaries, UAG Connecticut I, LLC (UAG Connecticut I), which entitles the Investor to 20% of the operating profits of UAG Connecticut I. From time to time, we provide UAG Connecticut I with working capital and other debt financing and make periodic pro rata distributions from UAG Connecticut I to the Investor, which in 2006 totaled \$387,538. In addition, the Investor paid us \$132,000 in 2006 pursuant to his option to purchase up to a 20% interest in UAG Connecticut I.
