Each owner of record on the record date is entitled to one vote for each share of common stock held. On June 22, 2001, there were 28,488,450 shares of our common stock issued and outstanding.

QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING AND VOTING

Q: WHAT INFORMATION IS CONTAINED IN THESE MATERIALS?

Our 2001 Annual Report to Shareholders for the fiscal year ended March 31, 2001 is also enclosed.

Q: WHAT IS A PROXY?

A: A proxy is your legal designation of another person to vote the shares that you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. Stephen A. Snider, Ernie L. Danner, Richard W. FitzGerald and Mark L. Carlton have been designated as proxies for our 2001 Annual Meeting of Shareholders.

Q: WHAT IS THE RECORD DATE AND WHAT DOES IT MEAN?

The Audit Committee recommends to the Board of Directors the engagement of the independent auditors and reviews with the independent auditors the scope and results of the audits, the internal accounting controls and the professional services furnished by the independent auditors. The Board of Directors has adopted the Audit Committee Charter, which is attached to this Proxy Statement as Annex I. All four members of our Audit Committee are "independent," as that term is defined in the New York Stock Exchange listing standards. The Audit Committee met twice in fiscal year 2001.

The Compensation Committee reviews and approves all salary arrangements and other compensation for officers. The Compensation Committee is also responsible for the administration of the Company's benefit plans, including our stock option plan and, if approved by our shareholders, the new Employee Stock Purchase Plan and Restricted Stock Plan. In fiscal year 2001, the Compensation Committee met five times, in addition to action taken by unanimous written consent.

In fiscal year 2001, the Board of Directors held seven meetings and took action by unanimous written consent ten times. Committees of the Board of Directors held a total of twelve meetings and took action by unanimous written consent six times. Average overall attendance at such meetings was 92%. Each director

attended at least 75% of the aggregate of all meetings of the Board of Directors and the Committees on which he served during fiscal year 2001.

Directors who are not our officers (other than directors designated by Castle Harlan Partners and Mr. Duroc-Danner and Mr. Huff) receive an annual director fee of \$20,000, \$750 per board of directors or committee meeting attended and reimbursement of reasonable out-of-pocket expenses. Currently, five of our directors are entitled to this compensation. Our directors are not otherwise compensated for their services. The Board of Directors has approved the adoption of the new Directors' Stock Plan, subject to shareholder approval. Under the plan, which is described in Proposal 4 of this Proxy Statement, the directors may elect to receive all or a portion of their future director fees in our common stock.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors of Universal Compression Holdings, Inc., together with the full Board of Directors of the Company, offers this report regarding compensation policies for executive officers, including the President and Chief Executive Officer of the Company.

The overall goal of the Compensation Committee is to develop executive compensation policies and practices that are consistent with the Company's strategic business and financial objectives and that serve to attract, motivate and retain key employees. While these principles apply to compensation policies for all executive officers, the Committee considers individual factors in determining the appropriate mix of compensation for each officer.

Historically, the Company has entered into employment agreements with its executive officers, including its President and Chief Executive Officer. All but one of these agreements expired in February 2001, and the Committee elected as a policy matter not to renew them. Instead, executive officers will be offered change of control agreements with the Company pursuant to which such executives will receive certain payments in the event of termination upon a change of control in exchange for non-competition agreements. To date, Messrs. Hilburn, Townsend and Carlton have entered into change of control agreements with the Company.

COMPONENTS OF EXECUTIVE COMPENSATION

The Company's executive compensation currently consists of three primary components:

- an annual base salary,
- an annual incentive cash bonus and
- periodic grants of stock options.

For fiscal year 2001, stock options were the only form of long-term incentive compensation offered by the Company. In the future, the Committee hopes to use other types of long-term incentive compensation, including restricted stock grants. In April 2001, the Company's Board of Directors, on the recommendation of the Committee, approved the adoption of a new restricted stock plan for executive officers, subject to approval of the Company's shareholders. This plan is described in the Proxy Statement as Proposal 3.

Base Salary. The purpose of base salary is to create a secure base of cash compensation for executive officers that is competitive in the industry. The Compensation Committee exercises its discretion in making salary decisions, taking into consideration the compensation packages paid to executive officers by companies of similar size in the energy industry. Salary increases for

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

executive officers are considered annually, but do not follow a preset schedule or formula. In December 2000, the annual base salary of Stephen A. Snider, our President and Chief Executive Officer, was raised from \$220,000 to \$265,000. Our other executive officers also received raises at that time.

Annual Incentive Bonus. Each year, the Committee adopts an Officers' Incentive Plan which specifies the target bonus or incentive award for each of the Company's executive officers. The purpose of the annual bonus is to provide cash compensation that is at-risk on an annual basis and is contingent on the achievement of certain business, operating and individual objectives, efforts expended on behalf of the Company and overall contributions to the Company's success. For fiscal year 2001, these objectives were divided into three categories: (1) year-end EBITDA levels compared to budgeted EBITDA (worth 60% of the bonus), (2) safety performance (worth 10% of the bonus) and (3) individual performance, which included, among other things, personal effort, contribution to the Company's success and involvement in strategic planning (worth 30% of the bonus). EBITDA is defined in the Officers' Incentive Plan as net earnings plus management fees, payments under the Officers' Incentive Plan, bonuses, interest, taxes, depreciation and amortization, adjusted for unusual and non-recurring items.

Generally, incentive bonus awards are calculated as a percentage of base salary as specified in the Officers' Incentive Plan, ranging from 0% up to 50% of base salary for senior vice presidents, 0% up to 60% of base salary for executive vice presidents and 0% to up to 70% of base salary for the Company's President and

15

20

Chief Executive Officer. In the event of exceptional results or circumstances, the incentive ranges may be exceeded, as they were for fiscal 2001 incentives.

Bonuses for fiscal 2001, which were paid in May 2001, exceeded the targeted amounts. The Committee felt that the increased bonuses were appropriate given the Company's success and strong overall performance during fiscal 2001 and the significant efforts expended by the Company's executive officers during that period. In addition, the Company's EBITDA for fiscal 2001 far exceeded budgeted EBITDA, and the Company's safety performance was very strong. Mr. Snider's bonus for fiscal year 2001 was \$350,437, or 132% of his base salary. See the Summary Compensation Table for bonuses paid to the Company's other named executive officers.

Long-Term Incentive Compensation. Long-term incentives generally comprise a significant portion of the total compensation package for executive officers, as the Committee believes it is a critical tool in the retention of officers. For fiscal 2001, incentive stock options were the only form of long-term incentive compensation used by the Company. The purpose of stock options is to provide equity compensation whose value is entirely at-risk based on the increase in the Company's stock price and the creation of shareholder value, thereby aligning the financial interests of our executive officers with our shareholders. Stock options also allow executive officers to have equity ownership in the Company and to share in the appreciation of the value of the Company's stock over time. The options only have value if the Company's stock price appreciates from the date the options are granted.

During fiscal 2001, stock options were awarded throughout the Company to professional, managerial and technical employees and in connection with its initial public offering and acquisitions. These options vest in one-third increments over a term of three years, with the exercise price equal to the fair market value of the Company's stock on the date of grant. Under the terms of the Company's incentive stock option plan, all options outstanding at the time of the Company's initial public offering in May 2000 became fully vested.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

Approximately 215 employees, or 15% of the Company's workforce, received option awards in fiscal 2001. The named executive officers received option awards covering 485,016 shares in fiscal 2001, of which options covering 161,007 shares were granted to Mr. Snider.

Other Compensation Programs. Another aspect of the Company's compensation package is designed to encourage employees to save for the future. Currently, this consists of the Company's 401(k) Retirement and Savings Plan and Supplemental Savings Plan. These other compensation programs generally are not linked to the Company's performance.

The Company's 401(k) savings plan provides the Company's regular, full-time employees with the opportunity to contribute on a pre-tax basis up to 15% of eligible earnings to an account investing in various investment options. The Company matches employee contributions at a rate of 50% for the first 6% of salary contributed, with the Company's contributions vesting over a period of five years. The Company contributed a total of \$26,846 to the 401(k) plan on behalf of its executive officers in fiscal 2001, including \$6,688 contributed on behalf of Mr. Snider. Under the Company's Supplemental Savings Plan, the Company's executives are given the opportunity to defer 2-15% of their salary and up to 100% of their bonus, with the Company matching the first 3% of compensation deferred. The Company's matching contributions under the Supplemental Savings Plan are not subject to any vesting requirements. During fiscal year 2001, the Company contributed a total of \$9,873 to the Supplemental Savings Plan on behalf of its executive officers, including \$4,063 on behalf of Mr. Snider. See the Summary Compensation Table for contribution information with respect to the Company's other named executive officers under these plans.

Benefits. Benefits offered to executive officers serve a different purpose than the other elements of total compensation. In general, the Company's benefits are designed to provide a safety net of protection against potential financial catastrophes that can result from illness, disability or death. Benefits offered to executive officers generally are the same as those that are offered to the Company's employees as a whole, with the exception of the executive medical plan. This plan supplements the Company's general medical plan by covering deductibles and co-payments for executive officers, up to a maximum of \$5,000 per year per executive.

16

21

New Incentive Plans. The Committee believes that new forms of incentive compensation are appropriate to attract, retain and motivate the highest level of talent. For this reason, the Committee has recommended, and the Company's Board of Directors has approved the adoption of, a new restricted stock plan to allow for grants of stock that vest over time to executive officers. This plan, which is subject to approval by the Company's shareholders, is described in Proposal 3 of the Proxy Statement. Subject to shareholder approval, the Board approved grants of a total of 110,000 restricted shares to the Company's executive officers, including 30,000 restricted shares to Mr. Snider. In addition, the Committee has recommended that the Company implement an employee stock purchase plan, which would permit eligible employees to purchase shares of the Company's stock at a discount and without brokerage commissions, subject to certain limitations. This plan also is subject to approval by the Company's shareholders, and is described in Proposal 2 of the Proxy Statement.

Other Considerations. The Committee considers the expected tax treatment to the Company and its executive officers as one of the factors in determining compensation matters. Section 162(m) of the Internal Revenue Code generally limits the deductibility of certain compensation expenses in excess of \$1,000,000 to any one individual in any fiscal year. However, certain qualifying performance-based compensation is not subject to the limitations on

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

deductibility. The Committee currently intends to structure the Company's compensation of its executives in accordance with the requirements for deductibility under Section 162(m) to the extent reasonably practicable and consistent with the Company's other compensation objectives.

Summary. The Committee believes that the executive compensation policies and programs described in this report serve the interests of the Company and its shareholders, but that new forms of long-term incentive compensation should be implemented, including the restricted stock plan. The Company's executive compensation is intended to be linked to, and commensurate with, the Company's performance and with shareholder expectations.

PRINCIPAL SHAREHOLDERS

In February 2001, we acquired Weatherford Global and certain related entities through a merger of the parent company of Weatherford Global into our operating subsidiary, UCI. As consideration for the merger, we issued 13,750,000 shares of our common stock, or approximately 48% of our total outstanding shares immediately following the merger, to WEUS Holding, a wholly owned subsidiary of Weatherford International, Inc. We entered into a voting agreement and a registration rights agreement with WEUS concurrently with the merger. In addition, we agreed that subject to certain stock ownership requirements, WEUS would be entitled to designate up to three persons to serve on our board of directors. See "Certain Relationships and Related Transactions -- Arrangements with Weatherford." The merger resulted in a change of control of us for purposes of the Securities Exchange Act.

On July 3, 2001, after the record date for the meeting, we completed a public offering of 4,000,000 shares of our common stock, consisting of 1,333,333 shares offered by us and 2,666,667 shares offered by some of our shareholders, including Castle Harlan. The following table sets forth, as of July 3, 2001, the beneficial ownership of our common stock by:

- persons we know to be the beneficial owners of more than five percent of our issued and outstanding common stock,
- each director,
- our executive officers and former executive officer identified in the Summary Compensation Table and
- all of our directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Except as indicated in the footnotes to this table, each shareholder named in the table has sole voting and investment power with respect to the shares set forth opposite the shareholder's name. Except as otherwise set forth below, shares of common stock not outstanding but deemed beneficially owned by virtue of a person or group having the right to acquire them within 60 days, including outstanding stock options, are treated as outstanding only for purposes of determining the percentage owned by such person or group, but are not treated as outstanding for the purpose of computing the percentage ownership by any other

person. The address for each executive officer and director listed below is c/o Universal Compression Holdings, Inc., 4440 Brittmoore Road, Houston, Texas 77041.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

ARRANGEMENTS WITH WEATHERFORD

Registration Rights Agreement. Concurrently with our acquisition of Weatherford Global Compression Services, L.P. in February 2001, we entered into a registration rights agreement with WEUS Holding, Inc., an affiliate of Weatherford International, Inc. Under this agreement, WEUS has the right, on up to three occasions, to cause us to register at our expense WEUS's shares of our common stock under the Securities Act at any time by providing a written demand to us, subject to certain minimum dollar values. The registration rights agreement also provides WEUS with certain "piggyback" registration rights, or rights to require us, subject to certain limitations, to include its shares of our common stock in other registration statements that we may file.

Voting Agreement. We also entered into a voting agreement with WEUS concurrently with the Weatherford Global acquisition that provides that until the earlier of (1) February 9, 2003 or (2) the date that Castle Harlan and its affiliates own less than 5% of our outstanding common stock, WEUS and its affiliates will vote any shares of our common stock that they own in excess of 33 1/3% of our total outstanding shares in the same proportion that shares of our stock owned by the public are voted. Shares owned by the public include all shares of our common stock other than shares owned by WEUS, Castle Harlan and their respective affiliates. Castle Harlan and its affiliates currently own in excess of 5% of our common stock. If the underwriters' overallotment option in connection with our recent equity offering is exercised, Castle Harlan's ownership could fall below 5%, which would result in a termination of the voting agreement.

Transitional Services Agreement. Concurrently with the closing of the Weatherford Global acquisition, Weatherford and Weatherford Global, as our subsidiary, entered into a transitional services agreement under which Weatherford would continue to provide certain administrative and support services, such as shared corporate office space and general communication and information services, to Weatherford Global until June 9, 2001. Weatherford Global, as our subsidiary, paid Weatherford \$125,000 for the first thirty days of services. For the period subsequent to the initial thirty days, Weatherford Global paid Weatherford a fee based on a proportional amount of Weatherford's costs and expenses in providing the services plus a 10% management fee.

Board Representation. Weatherford, through WEUS, has the right to designate three members to our board of directors for so long as it owns at least 20% of our outstanding common stock. One WEUS nominee is a Class A director with a term of office expiring in 2001, the second WEUS nominee is a Class B director with a term of office expiring in 2002, and the third WEUS nominee is a Class C director with a term of office expiring in 2003. If WEUS's ownership of our common stock falls below 20%, WEUS may designate only two

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

directors, and if its ownership falls below 10%, it may no longer designate directors to our board. WEUS's current designees to our board are Mr. Dutton (Class A), Mr. Huff (Class B) and Mr. Duroc-Danner (Class C).

REGISTRATION RIGHTS AGREEMENTS

In connection with our acquisition of Tidewater Compression Service, Inc. in 1998, we entered into a registration rights agreement with Castle Harlan Partners and some of our other shareholders (including certain of our directors and officers). Under this registration rights agreement, these shareholders generally have the right to require us to register any or all of their shares of our common stock under the Securities Act, at our expense, subject to certain minimum dollar values. In addition, these shareholders are generally entitled to include, at our expense, their shares of our common stock covered by the registration rights agreement in any registration statement under the Securities Act, that we propose to file with respect to our common stock. In addition, we entered into a registration agreement with the two former shareholders of GCSI concurrently with our GCSI acquisition. This agreement provides the former GCSI shareholders with two demands for shelf registrations, both of which have been filed. We also agreed in these agreements to indemnify the shareholders against specified liabilities, including liabilities under the Securities Act.

VOTING AGREEMENTS

In connection with the Tidewater Compression acquisition in 1998, we entered into a voting agreement and two voting trust agreements. The voting agreement requires that some of our significant shareholders vote their shares of our common stock in the same manner as Castle Harlan. This agreement terminated automatically upon completion of our recent equity offering. The voting trust agreements provide that certain of our other shareholders, including some of our directors, assign their shares of our common stock to a voting trust which has John K. Castle as its trustee in exchange for interests in the trust. These agreements remain in effect except as to shares sold in our recent equity offering or otherwise. Prior to our initial public offering in May 2000, these voting agreements and trusts also covered Energy Spectrum Partners, L.P. and our employees, officers and some of our directors. Currently, only two of our directors, Samuel Urcis and William Pruellage, and none of our employees or officers, are subject to a voting trust agreement. Castle Harlan currently has voting control over approximately 6% of our common stock.

TERMINATION OF MANAGEMENT AGREEMENT AND CONSULTING AGREEMENT

In connection with our 1998 acquisition of Tidewater Compression, we also entered into a management agreement with Castle Harlan, Inc. pursuant to which Castle Harlan agreed to provide us with business and organizational strategy, financial and investment management and merchant and investment banking services. We agreed to pay Castle Harlan a fee for these services of \$3.0 million per year. This fee was paid in advance for the first year and quarterly in advance thereafter. The agreement was for a term of five years, renewable automatically from year to year unless Castle Harlan or its affiliates then beneficially owns less than 20% of our outstanding capital stock. We agreed to indemnify Castle Harlan against liabilities, costs, charges and expenses relating to the performance of its duties, other than those resulting from its gross negligence or willful misconduct. We paid Castle Harlan Inc. \$3.0 million, \$750,000 and \$3.0 million during the period from December 12, 1997 (inception) through March 31, 1998 and the years ended March 31, 1999 and 2000, respectively. As of March 31, 2000, 33,560 shares of common stock and 18,080 shares of preferred stock (which shares of preferred stock were subsequently split and converted to 42,046 shares of common stock on May 30, 2000 in

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

connection with our initial public offering) held by our officers were subject to repurchase requirements in the event of our termination of the officer without "cause," disability or death as specified in the stock repurchase agreement. We maintained an insurance policy to fund substantially all of our obligations in the event of disability or death of these officers. This option repurchase requirement was terminated upon completion of our initial public offering. In addition, in consideration for certain finder services in connection with our Tidewater Compression acquisition, we entered into a finder's and consulting agreement with Samuel Urcis, one of our directors. Under that agreement, Mr. Urcis was entitled to a consulting fee of \$150,000 per year in exchange for various consulting services, as well as a seat on our board and options to purchase shares of our common stock. We paid Mr. Urcis \$12,500, \$165,523 and \$140,264 during the period from December 12, 1997 (inception) through March 31, 1998 and the years ended March 31, 1999 and 2000, respectively.

22

27

This management agreement (other than the indemnification provisions) and consulting agreement were terminated upon the completion of our initial public offering in May 2000 in exchange for (1) our payment to Castle Harlan of \$3.0 million in cash (one year's management fee) and our issuance to Castle Harlan of 136,364 shares of our common stock, which shares are subject to registration rights and (2) our payment to Mr. Urcis of \$150,000 in cash (one year's consulting fee) and our issuance to Mr. Urcis of 6,818 shares of our common stock, which shares are also subject to registration rights. Also, Castle Harlan granted Mr. Urcis a ten-year option in 1998 to purchase from it 17,820 shares and 22,326 shares of our common stock at exercise prices of \$6.73 and \$21.50, respectively.

We also agreed with Castle Harlan to nominate a total of three Castle Harlan designees for election to our board for so long as those designees are reasonably qualified and Castle Harlan and its affiliates beneficially own at least 15% of our outstanding stock (including shares over which it has voting control pursuant to voting agreements and trusts). Although Castle Harlan's right terminated upon completion of our recent equity offering, its current designees to our board, Mr. Castle and Mr. Pruellage, serve terms expiring at our 2003 annual meeting of shareholders.

TRANSACTIONS WITH AN OFFICER AND DIRECTOR

In consideration for consulting services rendered by Ernie Danner, one of our executive officers and directors, in connection with our Tidewater Compression acquisition, Castle Harlan granted Mr. Danner a ten-year option to purchase from it 14,850 shares of our common stock at a price of \$6.73 per share, and 18,605 shares of our common stock at a price of \$21.50 per share. Also, Castle Harlan agreed that upon its sale of more than 75% of the shares that Castle Harlan owns of our outstanding common stock, Castle Harlan will pay Mr. Danner \$500,000 if it realizes a return in excess of 100%, or \$750,000 if it realizes a return in excess of 300%, of its initial investment in us. Castle Harlan sold approximately one-half of its shares of our common stock in our recent equity offering. Upon completion of our Tidewater Compression acquisition, we paid Mr. Danner for his services \$100,000 in cash and granted to him shares that were converted into 16,727 shares of our common stock, which shares are subject to registration rights. Upon completion of our initial public offering in May 2000, we paid Mr. Danner for his services 13,636 shares of our common stock, which shares are subject to registration rights. As an officer, Mr. Danner also holds stock options awarded by us.

PROPOSAL TO APPROVE ADOPTION OF THE NEW EMPLOYEE STOCK PURCHASE PLAN

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

(PROPOSAL 2)

We are proposing to adopt a new Employee Stock Purchase Plan. The plan is intended to be qualified under Internal Revenue Code Section 423. If the plan is qualified under Section 423, which requires the approval of our shareholders, our employees who participate in the plan will enjoy certain tax advantages, as described below. The approval of the plan requires the affirmative vote of the majority of the votes cast so long as the total votes cast on this proposal represent at least a majority of the shares entitled to vote at the Annual Meeting.

The Employee Stock Purchase Plan will allow our employees to purchase shares of our common stock at a discount, without being subject to tax until they sell the stock, and without having to pay any brokerage commissions with respect to the purchases. The purposes of the Employee Stock Purchase Plan are to encourage the purchase of our common stock by our employees, to provide our employees with a personal stake in the Company, and to help retain employees and maintain our competitiveness in the marketplace. The first offering period under the Employee Stock Purchase Plan will commence on or after September 1, 2001, as determined by the administrator of the plan.

The Employee Stock Purchase Plan provides our employees with the right to purchase shares of our common stock through payroll deductions. A total of 250,000 shares of our common stock initially will be available for purchase under the plan, subject to adjustment in the number and price of shares available for

23

28

purchase in the event the outstanding shares of our common stock are increased or decreased through stock dividends, recapitalizations, stock splits, reorganizations or similar changes.

The Employee Stock Purchase Plan will be administered by our Board of Directors or a committee of at least two directors appointed by our Board, and either the Board or the committee, as applicable, may delegate responsibility for administration to others as appropriate. Subject to the terms of the Employee Stock Purchase Plan, the Board or the committee has authority to interpret the plan, to adopt rules and regulations for administering the plan and to make all other determinations that it deems necessary or advisable for administering the plan.

Any employee (who is customarily employed more than 20 hours per week) is eligible to participate in the Employee Stock Purchase Plan if he or she is employed by us at all times for a ninety-day period and continues to be employed on the effective date of his or her participation in the plan. As of March 31, 2001, approximately 1,150 of our employees, including our President and Chief Executive Officer and our other executive officers, would have been eligible to participate in the Employee Stock Purchase Plan if it had been in effect. As participation in the plan is voluntary, we cannot determine at this time the amount of shares that will be acquired by participants or the dollar value of any such participation.

Any employee who would own stock and/or hold outstanding options to purchase stock (including rights to purchase common stock under the Employee Stock Purchase Plan) collectively representing five percent or more of the total voting power or value of our stock is not eligible to participate in the plan. Ownership of stock is determined in accordance with the provisions of Section 424(d) of the Internal Revenue Code. In addition, an employee is not permitted to purchase stock under this plan exceeding \$25,000 in fair market value for

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

each calendar year.

An eligible employee who wishes to participate in the Employee Stock Purchase Plan must file an election form with the Company's finance department on or before the date set by the Board or administering committee, which will be before the beginning of an offering period. Each participant will have payroll deductions made in accordance with the participant's election form from the participant's compensation on each payday during the time he or she is a participant in the Employee Stock Purchase Plan. All payroll deductions will be credited to the participant's account under the plan.

Stock will be available to be purchased during an offering period, which will be a period of three months up to one year (except for the initial offering period, which will be a period of up to four months, as determined by the Board or the administering committee). Shares of our common stock will be deemed to have been purchased on the last day of each offering period or such other date as required by administrative operational requirements. The purchase price per share, which will be determined by the Board or the administering committee prior to each offering period, will be between 85% and 100% of the lesser of:

- the fair market value per share of common stock on the first day of the offering period; or
- the fair market value per share of common stock on the last day of the offering period.

If any of these dates is not a trading day, then the fair market value will be determined on the most recent trading day preceding that date. The fair market value per share is the closing share price reported on the national exchange on which our stock is traded.

If the total number of shares of common stock for which purchase rights are exercised at the end of an offering period exceeds the maximum number of shares of common stock available, our Board or the administering committee will make an allocation of shares available for delivery and distribution on any basis consistent with the terms of the plan. The unapplied account balances will be credited to the participants' accounts for the next succeeding offering period or, at each participant's election, returned to the participant, without interest, as soon as practicable following the end of the offering period.

A participant may discontinue participation in the Employee Stock Purchase Plan at any time, but no other change, including the amount of his or her payroll deductions, may be made during an offering period. A participant may change the amount of payroll deductions for subsequent offerings by giving written notice of

such change to the Company's finance department on or before the date set by the Board or administering committee, which will be before the beginning of an offering period.

A participant may elect to withdraw all, but not less than all, of the balance credited to the participant's account at any time before the end of the offering period by providing at least fifteen days' prior written notice to the Company's finance department. No further payroll deductions will be made with respect to the participant during that offering period. Withdrawals during an offering period by any officer who is subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, will not be permitted under the plan.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

If a participant's employment terminates for any reason other than death, his or her participation in the Employee Stock Purchase Plan will immediately end, and all amounts credited to such participant's account will be returned to the participant. If a participant's employment terminates due to death or if the participant dies after termination of employment but before the participant's account has been returned, all amounts credited to such participant's account will be returned to the participant's successor-in-interest.

An employee's rights under the Employee Stock Purchase Plan belong to the employee alone and may not be transferred or assigned to any other person during the employee's lifetime. After the shares of common stock have been issued under the Employee Stock Purchase Plan, such shares may be assigned or transferred the same as any other shares, subject to any restrictions that may be imposed by the Board or the administering committee pursuant to the plan.

Shares of our common stock purchased under the Employee Stock Purchase Plan may be from our authorized but unissued shares, treasury shares or outstanding shares. We will pay all fees and expenses incurred, other than individual federal, state, local or other taxes, in connection with the Employee Stock Purchase Plan.

The Employee Stock Purchase Plan will not be qualified under Section 401(a) of the Internal Revenue Code. We generally will not be entitled to a deduction with respect to stock purchased under the Employee Stock Purchase Plan, unless the stock is disposed of within one year after it is purchased by the employee, or within two years after the start of the offering period pursuant to which the stock was purchased.

Generally, no tax consequences arise at the time an employee purchases shares of common stock under the Employee Stock Purchase Plan. In general, upon a disposition of shares, the participant will receive compensation taxable as ordinary income for the taxable year in which the disposition occurs in an amount equal to the lesser of:

- the excess of the fair market value of the shares at the beginning of the offering period over the purchase price of the shares, or
- the excess over the purchase price of (a) the amount actually received for the shares if sold or exchanged or (b) the fair market value of the shares on the date of any other termination of his or her ownership (such as by gift).

The amount of such ordinary income is then added to the participant's basis in his or her shares for purposes of determining capital gain or loss. This tax treatment only applies if the following holding period requirements are satisfied:

- the participant does not dispose of the shares for at least one year and one day after the date of purchase, and
- the participant does not dispose of the shares for at least two years and one day after the beginning of the offering period pursuant to which the shares were purchased.

If a participant disposes of shares of our common stock purchased under the Employee Stock Purchase Plan before the holding period is satisfied, he or she will be considered to receive compensation taxable as ordinary income in the amount of the difference between the amount received for the shares and the amount

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

paid for the shares. If the shares are sold or exchanged, the amount of such ordinary income is added to the participant's basis in his or her shares for purposes of determining capital gain or loss.

If a participant dies before disposing of the shares purchased under the Employee Stock Purchase Plan, he or she will be deemed to have realized compensation taxable as ordinary income in the taxable year in which his or her death occurred in an amount equal to the lesser of:

- the excess of the fair market value of the shares at the beginning of the offering period over the purchase price of the shares, or
- the excess of the fair market value of the shares on the date of death over the purchase price of the shares.

The participant is deemed not to have realized any capital gain or loss because of death.

Our Board will have the right to amend, modify, suspend or terminate the Employee Stock Purchase Plan at any time without notice, but no amendment may cause the rights to purchase shares under the plan to not qualify under Section 423 of the Internal Revenue Code or be adverse to the interests of the participants. Upon any amendment of the Employee Stock Purchase Plan, including the increase in the number of shares available under the plan or any change to the eligibility requirements of participants, we will obtain shareholder approval if required by law. Upon any termination, all shares or unapplied payroll deductions will be distributed to the participants.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF OUR PROPOSED EMPLOYEE STOCK PURCHASE PLAN AS DESCRIBED IN THIS PROPOSAL 2.

PROPOSAL TO APPROVE ADOPTION OF THE NEW RESTRICTED STOCK PLAN FOR EXECUTIVE OFFICERS

(PROPOSAL 3)

We are also asking our shareholders to approve the Universal Compression Holdings, Inc. Restricted Stock Plan for Executive Officers. This is a new plan that will provide participants with grants of our common stock that will vest over time.

Our Board of Directors approved development of the Restricted Stock Plan on April 20, 2001, subject to approval by our shareholders. Approval of the Restricted Stock Plan requires the affirmative vote of the majority of the votes cast at the Annual Meeting so long as the total votes cast on this proposal represent at least a majority of the shares entitled to vote at the Annual Meeting.

The Board believes the Restricted Stock Plan will provide long-term incentives to, and a means of rewarding outstanding performance by, selected key employees who contribute, and are expected to contribute, materially to our success. The Board also believes the Restricted Stock Plan will enhance the interest of these key employees in our success and progress as well as our ability to maintain a competitive position in attracting and retaining qualified key personnel necessary for our continued success and progress.

The following paragraphs summarize the principal features of the Restricted Stock Plan. This summary is subject, in all respects, to the terms of the Restricted Stock Plan, which is attached as Annex III to this Proxy Statement.

Key employees selected to participate in the plan by the Board or

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

administering committee are those officers whose performance and responsibilities are determined to be influential to our success. It is anticipated that approximately seven key employees will participate in the Restricted Stock Plan initially. The Company may not grant more than 350,000 shares of restricted stock under the Restricted Stock Plan, but that number may be adjusted upward or downward by the Board or the administering committee in the event the outstanding shares of our common stock are increased or decreased through stock dividends, recapitalizations, stock splits, reorganizations or similar changes.

26

31

The Restricted Stock Plan is administered by the Board or a committee appointed by the Board, consisting of at least two members of the Board. The Board or administering committee will have full authority to interpret the plan, to establish rules and regulations concerning the plan, and to make all determinations necessary or advisable for the administration of the plan. The Board may amend, alter, or discontinue the Restricted Stock Plan at any time, but any amendment, alteration or discontinuation cannot adversely affect any awards of restricted stock previously granted. In addition, no amendment which increases the aggregate number of shares of common stock that may be issued pursuant to the Restricted Stock Plan will be effective unless the amendment is approved by our shareholders. Subject to the specific terms of the Restricted Stock Plan, the Board or the administering committee may accelerate any award of restricted stock or waive any conditions or restrictions to such award.

The Restricted Stock Plan contemplates that certain terms of the awards of restricted stock under the plan, including the number of shares granted, vesting schedules and forfeiture restrictions, will be specified in a Restricted Stock Agreement between the Company and the individual key employee. Each individual Restricted Stock Agreement will be subject to the Restricted Stock Plan, but the terms and conditions of the separate Restricted Stock Agreements are not required to be identical and may be changed from time to time as determined by the Board or administering committee.

The Board or the administering committee will determine the vesting schedule and forfeiture restrictions for any awards under the Restricted Stock Plan, which will be specified in the Restricted Stock Agreement with each participant. We currently anticipate that the restricted shares will vest 0% upon the first anniversary of the grant and 25% on each anniversary thereafter through the fifth anniversary as long as the participant continues employment with the Company, except that the initial grants for 2001 referenced below shall vest 0% upon January 1, 2002 and 25% on each January 1 thereafter through January 1, 2006.

Subject to the provisions of a particular Restricted Stock Agreement, termination of employment for any reason during the vesting period will result in forfeiture of the unvested stock. Under the plan, participants will have the right to vote the shares and receive any cash dividends payable on the shares during the vesting period. Unless provided otherwise in the applicable Restricted Stock Agreement or a written employment agreement with the participant, the restricted shares will immediately vest on the occurrence of a change of control as defined in the plan, which includes certain tender offers, mergers, share exchanges, transfers of voting power or a sale of substantially all of the assets.

The following table illustrates the number of restricted shares approved by the Board to be granted under the Restricted Stock Plan, subject to the plan being approved by our shareholders, and the value of such shares based on the closing price of our common stock on the New York Stock Exchange on July 3, 2001:

The following is only a brief summary of the effect of federal income taxation on the recipient and the Company under the Restricted Stock Plan, based on the Internal Revenue Code. This summary does not purport to be complete and does not discuss the income tax laws of any municipality, state or country outside the United States in which a restricted stock recipient may reside.

A recipient will not recognize any taxable income at the time he or she is granted shares of restricted stock, until such time as the shares are vested. At that time, the recipient will recognize ordinary income measured by the then fair market value of the vested shares. When the recipient sells the shares, any difference between the sales price and the fair market value at the time of vesting may be treated as capital gain (or loss). At the time of vesting, the Company will be entitled to a tax deduction in the amount of the ordinary income recognized by the recipient. A recipient may elect (within 30 days of the transfer of the shares) an alternative tax treatment under the Internal Revenue Code to cause the acceleration of income recognition to occur at the time of grant, which will also accelerate the timing of the Company's deduction and modify the recipient's resale treatment.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF OUR PROPOSED RESTRICTED STOCK PLAN FOR EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROPOSAL 3.

PROPOSAL TO APPROVE ADOPTION OF THE NEW
DIRECTORS' STOCK PLAN

(PROPOSAL 4)

We are asking our shareholders to also approve the new Directors' Stock Plan, which provides our non-employee directors the opportunity to receive our common stock as payment for all or part of their director retainer fees. The Board believes that the plan will align the interests of directors in the Company's welfare with that of the Company's shareholders and promote the attraction and retention of able persons to serve as directors. The approval of the plan requires the affirmative vote of the majority of the votes cast so long as the total votes cast on this proposal represent at least a majority of the

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

shares entitled to vote at the Annual Meeting.

The plan applies only to directors who are not employees of Universal Compression Holdings, Inc. or of any of its subsidiaries and who receive director fees. Five of our directors currently are eligible to participate in the plan. An aggregate of 15,000 shares of our common stock are available for issuance under the plan, subject to adjustment for stock dividends, stock splits, share combinations, recapitalizations, reorganizations, mergers, share exchanges or other similar transactions.

Under the plan, each eligible director may, prior to the beginning of each fiscal year, elect to receive a percentage (either 0%, 25%, 50%, 75% or 100%) of his or her next fiscal year's director fees in common stock. Directors who do not submit an election will continue to receive their fees in cash. Elections are made annually but are irrevocable for that fiscal year. For newly elected or appointed directors, the election must be made within 30 days of commencing service. Current eligible directors will have 30 days after the date of adoption of the plan, if approved by our shareholders, to make an election with respect to their director fees for the remainder of the fiscal year ended March 31, 2002.

A director electing to receive all or part of his or her fees in the form of stock will receive, as of the end of each quarter, the number of shares determined by dividing the dollar amount of fees for such quarter that the director has elected to receive in stock by the last reported sales price per share on the last day of such quarter.

Eligible directors may also elect to defer, for any period of time of not less than six months, the receipt of all or a portion (either 25%, 50%, 75% or 100%) of the director fees that the director has elected to receive in stock. The election, which is irrevocable, must be made at the time the director makes the election to receive all or a portion of his or her director fees in the form of stock.

The deferral period will automatically terminate upon the director's retirement, termination of service, death or disability. The Board may also accelerate the termination of the deferral period in the event of a change of control of the Company.

28

33

Upon termination of the deferral period, the Company will issue shares unless the director elects at that time, subject to approval by the Board or the administering committee, to receive the shares in equal annual installments over not more than five years. Upon issuance of the shares, the director will recognize income, and the Company will be allowed to take a deduction in an amount equal to the fair market value of the stock at the time of issuance.

The summary of the plan set forth above is subject to the terms of the Directors' Stock Plan attached to this Proxy Statement as Annex IV.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF OUR PROPOSED DIRECTORS' STOCK PLAN AS DESCRIBED IN THIS PROPOSAL 4.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(PROPOSAL 5)

The Board of Directors, upon the recommendation of the Audit Committee, has appointed Deloitte & Touche LLP to serve as the Company's independent auditors for the fiscal year ending March 31, 2002, subject to ratification of the appointment by the shareholders. Deloitte & Touche has served as the Company's

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

independent auditors since 1998 when the Company was formed and is considered by management to be well qualified.

We have been advised by Deloitte & Touche LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of Deloitte & Touche LLP will be present at this year's Annual Meeting of Shareholders. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the independent auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of our common stock voting in person or by proxy at the meeting. If our shareholders do not ratify the appointment of Deloitte & Touche LLP, our Board of Directors will reconsider the appointment.

AUDIT FEES

The aggregate fees billed by Deloitte & Touche for professional services rendered for the audit of our annual financial statements for the fiscal year ended March 31, 2001 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the same fiscal year were approximately \$235,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

No professional services were rendered or fees billed by Deloitte & Touche for information technology services relating to financial information systems design and implementation for the fiscal year ended March 31, 2001.

ALL OTHER FEES

The aggregate fees billed by Deloitte & Touche for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees" for the fiscal year ended March 31, 2001 were approximately \$410,000.

The Audit Committee has considered whether the provision of non-audit services by Deloitte & Touche is compatible with maintaining the independent auditor's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT AUDITORS.

UNIVERSAL COMPRESSION HOLDINGS, INC.

AUDIT COMMITTEE CHARTER

ROLE AND INDEPENDENCE

The Audit Committee of the Board of Directors assists the board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Corporation and such other duties as directed by the Board. The membership of the Committee shall consist

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

of at least three directors who are generally knowledgeable in financial and auditing matters, including at least one member with accounting or related financial management expertise. Each member shall be free of any relationship that, in the opinion of the Board, would interfere with his or her individual exercise of independent judgment. The Committee is expected to maintain free and open communication (including private executive sessions) with the independent accountants, the internal auditors and the management of the Corporation. In discharging this oversight role, the Committee is empowered to investigate any matter brought to its attention (with full power to retain outside counsel or other experts for this purpose). This charter shall be reviewed and updated periodically as appropriate.

RESPONSIBILITIES

The Audit Committee's primary responsibilities include:

- Primary input into the recommendation to the Board for the selection and retention of the independent accountant that audits the financial statements of the Corporation. In the process, the Committee will discuss and consider the auditor's written affirmation that the auditor is in fact independent, will review the fees and other significant compensation paid to the auditor, will discuss the nature and rigor of the audit process, receive and review all reports and will provide to the independent accountant full access to the Committee (and the Board) to report on any and all appropriate matters.
- Provision of guidance and oversight to the internal audit function of the Corporation, including review of the organization, plans and results of such activity.
- Review of financial statements (including Forms 10-Q and 10-K) with management and the independent auditor. It is anticipated that these discussions will include quality of earnings, review of reserves and accruals, consideration of the suitability of accounting principles, review of highly judgmental areas, audit adjustments and such other inquiries as may be appropriate.
- Discussion with management and the auditors of the quality and adequacy of the Corporation's internal controls.
- Discussion with management of the status of pending litigation, taxation matters and other areas of oversight to the legal and compliance area as may be appropriate.
- Reporting on audit committee activities to the full Board (and issuance annually of a summary report suitable for submission to stockholders).

UNIVERSAL COMPRESSION HOLDINGS, INC.
EMPLOYEE STOCK PURCHASE PLAN

ARTICLE I

PURPOSE

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

1.01 Purpose. The Universal Compression Holdings, Inc. Employee Stock Purchase Plan, which has been adopted by the Board of Directors, is intended to encourage employees of Universal Compression Holdings, Inc. ("Universal") to remain in its employ and participate in its growth by providing a method whereby employees of Universal and its eligible Subsidiary Corporations (collectively, with Universal, the "Company") will have an opportunity to acquire a proprietary interest in the Company's long-term performance and success through the purchase of shares of the Common Stock at a price that may be less than the fair market value of the stock on the date of purchase from funds accumulated through payroll deductions. It is the intention of the Company to have the Plan qualify as an "employee stock purchase plan" under section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The provisions of the Plan shall be construed so as to extend and limit participation in a manner consistent with the requirements of that section of the Code.

ARTICLE III

ELIGIBILITY AND PARTICIPATION

3.01 Initial Eligibility. Except as provided in Section 3.02, any Employee who shall have completed ninety (90) days' employment and shall be employed by the Company on the date his participation in the Plan is to become effective shall be eligible to participate in Offerings under the Plan which commence on or after such ninety-day period has concluded.

3.02 Restrictions on Participation. Notwithstanding any provisions of the Plan to the contrary, no Employee shall be granted an option to purchase Common Stock under the Plan:

(a) if, immediately after the grant, such Employee would own stock, and/or hold outstanding options to purchase stock, possessing 5% or more of the total combined voting power or value of all classes of stock of the Company (for purposes of this subparagraph, the rules of section 424(d) of the Code shall apply in determining stock ownership of any Employee) and any option granted to an Employee which results in his stock ownership (as determined under section 423(b)(3) of the Code) equaling or exceeding such 5% limitation shall be entirely void as if it had never been granted; or

(b) which permits his rights to purchase stock under all employee stock purchase plans of the Company to accrue at a rate which exceeds \$25,000 in fair market value of the stock (determined at the time such option is granted) for each calendar year in which such option is outstanding. For purposes of this subparagraph (b), (i) an option accrues when the option first becomes exercisable during any calendar year; (ii) an option accrues at a rate provided in the applicable Offering, but in no case may such rate for any Employee exceed \$25,000 of the fair market value of stock determined at the time the option is granted for any one calendar year; (iii) an option that has accrued under any one Offering may not be carried over by a Participant to any other Offering; and (iv) only rights to purchase stock that have been granted under an employee stock purchase plan that complies with section 423 of the Code shall be taken into account.

3.03 Commencement of Participation. An eligible Employee may become a Participant by completing an authorization for a payroll deduction in accordance with Section 5.02 on the form provided by the Company and filing it with the Company's finance department on or before the date set therefor by the Committee, which date shall be prior to the Offering.

ARTICLE IV

OFFERINGS

4.01 Shares Offered. The total number of shares of Common Stock available under the Plan is Two Hundred and Fifty Thousand (250,000) shares. If any Offering shall expire without the rights under such Offering having been exercised in full, such unpurchased shares covered thereby shall be added to the shares otherwise available for future Offerings.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

4.02 Offerings. The Company may make periodic Offerings to eligible employees to purchase Common Stock under the Plan, the duration of which may be for a period of three months up to one year; provided, however, that the initial Offering Commencement Date may be for a period of less than three months, as determined by the Committee. Offering Periods commencing after the initial Offering Period will commence on January 1, April 1, July 1 or October 1. With respect to each Offering, the Committee, at its

II-2

38

discretion, may specify the maximum number of shares of Common Stock that may be purchased under the Offering or such other limitations that it may deem appropriate. The number of shares of Common Stock that may be purchased under each successive Offering shall be all or a portion of the balance of the Two Hundred and Fifty Thousand (250,000) shares authorized but not purchased previously under the terms of this Plan.

As used in the Plan, "Offering Commencement Date" means the January 1, April 1, July 1 or October 1, as the case may be, on which the particular Offering begins (except with respect to the initial Offering Commencement Date, which shall be September 1, 2001). "Offering Termination Date" means the March 31, June 30, September 30 or December 31, as the case may be, on which the particular Offering terminates, and "Offering Period" means the period from the Offering Commencement Date to the Offering Termination Date.

ARTICLE V

PAYROLL DEDUCTIONS

5.01 Offering Rights. With respect to each Offering, each Employee shall be offered the opportunity to elect to have deducted from each paycheck issued during the Offering Period an amount as determined by the Participant which shall be withheld by the Company for the purchase on behalf of such electing Employee of the number of whole shares of Common Stock that can be purchased with the amount deducted for such purpose, but in no event may the number of whole shares which may be purchased by any Participant exceed the number of whole shares available during the Offering Period or exceed the individual Participant allotment, if any, for the Offering Period described in Section 6.03 hereof. Fractional shares may not be purchased; any funds that are insufficient to purchase whole shares shall remain in each affected Participant's Plan account until the following Offering Period, at which time such funds shall be (i) combined with the Participant's payroll deduction for the following Offering Period and used to purchase whole shares for each affected Participant who remains eligible to participate in such Offering Period, or (ii) returned to each affected Participant who is not eligible to participate in the following Offering Period.

5.02 Payroll Deductions. Each Employee shall become a Participant pursuant to the terms of an Offering by filing a written election to participate in that Offering in the form of a payroll deduction authorization prior to the Offering Commencement Date on the form provided by the Company for that purpose. A Participant may elect to have his authorization continue for future Offerings until revoked or modified in writing. A Participant may elect to have deductions made from his pay in one of two ways. At the time a Participant files his authorization for payroll deduction, he shall elect to have deductions made from his pay on each payday during the time he is a Participant in an Offering at the rate of any specified whole percentage from 1% up to and including 10% of his Base Pay in effect at the Offering Commencement Date or the Participant shall elect to have a specific dollar amount deducted from his pay on each payday during the time he is a Participant pursuant to rules that may be proscribed from time to time by the Committee; provided, however, that each payroll deduction shall be in an amount not less than \$30 per payroll period and shall

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

be subject to the restrictions contained in Section 3.02. In the case of a part-time hourly Employee, such Employee's Base Pay during an Offering shall be determined by multiplying such Employee's hourly rate of pay in effect on the Offering Commencement Date by the number of regularly scheduled hours of work for such Employee during such Offering. Payroll deductions shall commence with the first regular payroll period coinciding with or ending on the Offering Commencement Date, or at such other time as may be specified in such Offering and shall end on the earlier of the last regular payroll period coinciding with or ending before the Offering Termination Date or, if earlier, upon the termination of the Participant's employment with the Company.

5.03 Method of Payment; Participant's Account. The Company will maintain or cause to have maintained a Plan account on its books in the names of each Participant. All payroll deductions made for a Participant shall be credited to his account under the Plan. Purchases of shares of Common Stock by any Participant pursuant to an Offering shall be made with funds accumulated in the Participant's account through payroll deductions from the Participant's Base Pay during the Offering Period. A Participant may not make any separate cash payment into such account except when on leave of absence and then only as provided in

II-3

39

Section 5.05. The Company shall not credit a Participant's Plan account with interest on any payroll deduction.

5.04 Changes in Payroll Deductions. A Participant may discontinue his participation in the Plan as provided in Article VII, but no other change can be made during an Offering and, specifically, a Participant may not alter the amount of his payroll deductions for that Offering.

5.05 Leave of Absence. If a Participant goes on a leave of absence, such Participant shall have the right to elect (i) to withdraw the balance in his Plan account pursuant to Article VII, (ii) to discontinue contributions to the Plan but remain a Participant in the Plan, or (iii) to remain a Participant in the Plan during such leave of absence, authorizing deductions to be made from payments by the Company to the Participant during such leave of absence and undertaking to make cash payments to the Plan at the end of each payroll period to the extent that amounts payable by the Company to such Participant are insufficient to meet such Participant's authorized Plan deductions.

ARTICLE VI

TERMS AND CONDITIONS OF OFFERINGS AND OPTIONS

6.01 Terms and Conditions. Except as provided in Section 3.02(b), all Participants shall have the same rights and privileges, as specified below in this Article VI.

6.02 Number of Option Shares. On each Offering Commencement Date, a Participant shall be deemed to have been granted an option to purchase shares of Common Stock of the Company equal to the percentage of the Employee's Base Pay that he has elected to have withheld through payroll deductions multiplied by the Employee's Base Pay during the Offering Period, or the specified portion elected, divided by the purchase price per share determined under Section 6.04, subject to the allotments, if any, for the Offering Period described in Section 6.03.

6.03 Allotment of Shares. If the total number of shares of Common Stock to be purchased by Participants through payroll deduction under any Offering exceeds the shares available for purchase under the Offering, the Committee may make allotments of shares among the Participants on any basis consistent with the terms of the Plan, and Offerings for shares, if any, in excess of the shares

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

so allotted shall be deemed to have lapsed. Any funds remaining in a Participant's account after an Offering as a result of this Section 6.03 shall be carried over into the next Offering, or shall be returned to the Participant as soon as practicable if another Offering will not occur or if the Employee does not elect to participate in the next Offering.

6.04 Purchase Price. The purchase price per share at which Common Stock may be purchased under each Offering shall be a percentage established by the Committee prior to the Offering Commencement Date which is from 85% to 100% of the lesser of the fair market value of a share of Common Stock as determined as of (i) the Offering Commencement Date or (ii) the Offering Termination Date. In determining the purchase price, the fair market value per share of Common Stock shall be the closing price reported, if any, on the New York Stock Exchange or successor exchange or market system for the date on which such value is being determined; provided, however, that if the closing sales price is not reported on such date, then the closing price on the most recently preceding date on which such price was reported shall be used. If no trading market on the New York Stock Exchange exists, the Board of Directors or the Committee shall determine the fair market value for this purpose.

6.05 Nontransferability of Options. An option shall not be transferable by the Employee or Participant to whom it has been granted otherwise than by will or the laws of descent and distribution and shall be exercisable, during the Participant's lifetime, only by the Participant. Further, in the discretion of the Board, the terms of any Offering may prohibit transfer under any circumstances and provide for cancellation of the unexercised portion of any option upon the death of a Participant.

6.06 Purchases. As of the Offering Termination Date, or such other date as required by administrative operational requirements, purchases of shares of Common Stock by any Participant pursuant to an Offering shall be made with funds accumulated in the Participant's account through payroll deductions from the

II-4

40

Participant's pay or as otherwise permitted by the Board, under rules of uniform application over the time period specified in such Offering.

6.07 Other Provisions. Each Offering shall contain such other provisions as the Committee shall deem advisable, including restrictions on resale of Common Stock purchased through an Offering, provided that no such provisions may in any way conflict, or be inconsistent with the terms of the Plan as amended from time to time.

6.08 Requirements of Law. The issuance of any Common Stock hereunder is conditioned upon registration or exemption of the Common Stock to be issued under applicable federal and state securities laws and its listing on any applicable stock exchange. In no event shall any Common Stock be issued hereunder prior to the effective date of any such registration, exemption or listing application. In addition, unless and until the Plan is approved by a proper vote of the stockholders of Universal, the purchase price per share under Section 6.04 shall be at least 100% of the fair market value determined thereunder.

6.09 Issuance of Common Stock. The shares of Common Stock purchased by each Participant with respect to each Offering shall be considered to be issued and outstanding to his credit as of the close of business on the Offering Termination Date or other purchase date for the Offering as described in Section 6.06. Certificates for shares of Common Stock shall be issued in accordance with Section 7.02 only in the name of the Participant unless the Participant, or in the event of death, the Participant's designee, elects otherwise by written notice to the Company and the Company gives prior written consent to such

election.

6.10 Account Balances. No interest shall accrue at any time for any amount credited to the account of a Participant. After the close of each Offering, a report shall be sent to each Participant stating the entries made to his account, the number of shares of Common Stock purchased, and the applicable purchase price of such shares.

ARTICLE VII

WITHDRAWALS FROM PARTICIPANT ACCOUNTS

7.01 Withdrawal From Offering. Except for any officer of the Company who is subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended (an "Insider"), any Participant may cease participation in an Offering at any time prior to the Offering Termination Date and withdraw all cash amounts in his account by providing at least fifteen (15) days' prior written notice to the Company's finance department revoking his payroll deduction authorization. Such withdrawals shall serve to cancel the Participant's option, and the Participant shall thereupon cease his participation in such Offering. Partial cash withdrawals shall not be permitted. Any cash withdrawal request shall be made in such form and under such conditions as may be specified from time to time by the Committee. Insiders may not make cash withdrawals for so long as they remain Insiders.

7.02 Issuance of Certificates. As soon as practicable after each Offering Period, each Participant will receive a stock certificate representing all of the shares of Common Stock (in a whole number of shares) held in his account. Subject to Section 6.07, a Participant shall not be permitted to pledge, transfer, or sell shares of Common Stock held in his account until they are issued in certificate form.

7.03 Termination of Employment. 9.01 Amendment or Termination. The Board in its sole and absolute discretion may suspend or terminate the Plan, reconstitute the Plan in whole or in part, or amend or revise the Plan in any respect whatsoever except that (i) no amendment shall cause any option to fail to qualify as an option under section 423 of the Code; (ii) without approval of the stockholders, no amendment shall increase the number shares of Common Stock that may be sold under the Plan or make any change in the Employees or class of Employees eligible to participate in the Plan; and (iii) without the approval of a Participant, no change shall be made in the terms of any outstanding option adverse to the interest of the Participant. The Plan shall terminate on the date that all shares of Common Stock authorized for sale under the Plan have been purchased, except as otherwise extended by authorizing additional shares under the Plan.

MISCELLANEOUS

11.01 Nontransferability. Except by the laws of descent and distribution, no benefit provided hereunder shall be subject to alienation, assignment, or transfer by a Participant (or by any person entitled to such benefit pursuant to the terms of this Plan), nor shall it be subject to attachment or other legal process of whatever nature, and any attempted alienation, assignment,

attachment, or transfer shall be void and of no effect whatsoever and, upon any such attempt, the benefit shall terminate and be of no force or effect. Shares of Common Stock shall be delivered only to the Participant or death beneficiary entitled to receive the same or to the Participant's authorized legal representative.

11.02 No Employment Right. Neither this Plan nor any action taken hereunder shall be construed as giving any right to any individual to be retained as an officer or Employee of the Company.

11.03 Tax Withholding. The Company shall have the right to deduct from all payments hereunder any federal, state, local, or employment taxes that it deems are required by law to be withheld with respect to such payments.

11.04 Government and Other Regulations. The obligation of the Company to deliver shares of Common Stock or make cash payments hereunder shall be subject to all applicable laws, rules, and regulations and to such approvals by any government agencies or regulatory authority as may be deemed necessary or appropriate by the Committee. If shares of Common Stock deliverable hereunder may in certain circumstances be exempt from registration under the Securities Act of 1933, as amended, the Company may restrict its transfer in such manner as it deems advisable to ensure such exempt status. The Plan is intended to comply with Rule 16b-3 under the Securities Exchange Act of 1934, as amended. Any provision inconsistent with such Rule shall be inoperative and shall not affect the validity of the Plan. The Plan shall be subject to any provision necessary to assure compliance with federal and state securities laws.

11.05 Indemnification. Each person who is or at any time serves as a member of the Board and/or the Committee shall be indemnified and held harmless by Universal against and from (i) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit, or proceeding to which such person may be a party or in which such person may be involved by reason of any action or failure to act under this Plan; and (ii) any and all amounts paid by such person in satisfaction of judgment in any such action, suit, or proceeding relating to this Plan except to the extent that any such loss, cost, liability or expense arises from the gross negligence or willful misconduct of such person. Each person covered by this indemnification shall give Universal an opportunity, at its own expense, to handle and defend the same before such person undertakes to handle and defend the same on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the charter or bylaws of Universal, as a matter of law, or otherwise, or any power that Universal may have to indemnify such person or hold such person harmless.

11.06 Reliance on Reports. Each member of the Board and the Committee shall be fully justified in relying or acting in good faith upon any report made by the independent public accountants of the Company and upon any other information furnished in connection with this Plan. In no event shall any person who is or shall have been a member of the Board and/or the Committee be liable for any determination made or other action taken or any omission to act in reliance upon any such report or information, or for any action taken, including the furnishing of information, or failure to act, if in good faith.

11.07 Governing Law. All matters relating to this Plan shall be governed by the laws of the State of Texas, without regard to the principles of conflict of laws thereof, except to the extent preempted by the laws of the United States.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

11.08 Relationship to Other Benefits. No payment under this Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, or group insurance plan of the Company.

11.09 Expenses. The expenses of implementing and administering this Plan shall be borne by the Company.

11.10 Titles and Headings. The titles and headings of the Articles and Sections in this Plan are for convenience of reference only, and in the event of any conflict, the text of this Plan, rather than such titles or headings, shall control.

11.11 Application of Funds. All funds received by the Company under the Plan shall constitute general funds of the Company.

11.12 Nonexclusivity of Plan. Neither the adoption of the Plan by the Board nor the submission of the Plan to the stockholders of Universal for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

a. Forfeiture Restrictions. Shares of Common Stock that are the subject of a Restricted Stock Award shall be subject to restrictions on disposition by the Grantee and to an obligation of the Grantee to forfeit and surrender the shares to the Company under certain circumstances (the "Forfeiture Restrictions"). The Forfeiture Restrictions shall be determined by the Committee in its sole discretion, and the Committee may provide that the Forfeiture Restrictions shall lapse on the passage of time, the attainment of one or more performance targets established by the Committee, or the occurrence of such other event or events determined to be appropriate by the Committee. The Forfeiture Restrictions applicable to a

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

particular Restricted Stock Award (which may differ from any other such Restricted Stock Award) shall be stated in the Restricted Stock Agreement.

47

b. Restricted Stock Awards. At the time any Restricted Stock Award is granted under the Plan, the Company and the Grantee shall enter into a Restricted Stock Agreement setting forth each of the matters addressed in this Section 3 and such other matters as the Committee may determine to be appropriate. Shares of Common Stock awarded pursuant to a Restricted Stock Award shall be represented by a stock certificate registered in the name of the Grantee of such Restricted Stock Award. The Grantee shall have the right to receive dividends with respect to the shares of Common Stock subject to a Restricted Stock Award, to vote the shares of Common Stock subject thereto and to enjoy all other stockholder rights with respect to the shares of Common Stock subject thereto, except that, unless provided otherwise in the Restricted Stock Agreement, (i) the Grantee shall not be entitled to delivery of the shares of Common Stock certificate until the Forfeiture Restrictions have expired, (ii) the Company or an escrow agent shall retain custody of the shares of Common Stock until the Forfeiture Restrictions have expired, (iii) the Grantee may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the shares of Common Stock until the Forfeiture Restrictions have expired, and (iv) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Agreement shall cause a forfeiture of the Restricted Stock Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to the Restricted Stock Award, including rules pertaining to the termination of the Grantee's Continuous Service (by retirement, Disability, death or otherwise) prior to expiration of the Forfeiture Restrictions. Such additional terms, conditions or restrictions shall also be set forth in a Restricted Stock Agreement made in connection with the Restricted Stock Award.

c. Rights and Obligations of Grantee. One or more stock certificates representing shares of Common Stock, free of Forfeiture Restrictions, shall be delivered to the Grantee promptly after, and only after, the Forfeiture Restrictions have expired. Each Restricted Stock Agreement shall require that (i) the Grantee, by his or her acceptance of the Restricted Stock Award, shall irrevocably grant to the Company a power of attorney to transfer any shares so forfeited to the Company and agrees to execute any documents requested by the Company in connection with such forfeiture and transfer, and (ii) such provisions regarding transfers of forfeited shares of Common Stock shall be specifically performable by the Company in a court of equity or law.

d. Restriction Period. The Restriction Period for a Restricted Stock Award shall commence on the date of grant of the Restricted Stock Award and, unless otherwise established by the Committee and stated in the Restricted Stock Award Agreement, shall expire upon satisfaction of the conditions set forth in the Restricted Stock Agreement pursuant to which the Forfeiture Restrictions will lapse.

e. Securities Restrictions. The Committee may impose other conditions on any shares of Common Stock subject to a Restricted Stock Award as it may deem advisable, including (i) restrictions under applicable state or federal securities laws, and (ii) the requirements of any stock exchange or national market system upon which shares of Common Stock are then listed or quoted.

f. Payment for Restricted Stock. The Committee shall determine the

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

amount and form of any payment for shares of Common Stock received pursuant to a Restricted Stock Award; provided, that in the absence of such a determination, the Grantee shall not be required to make any payment for shares of Common Stock received pursuant to a Restricted Stock Award, except to the extent otherwise required by law.

g. Forfeiture of Restricted Stock. Subject to the provisions of the particular Restricted Stock Agreement, on termination of the Grantee's Continuous Service during the Restriction Period, the shares of Common Stock subject to the Restricted Stock Award shall be forfeited by the Grantee. Upon any forfeiture, all rights of the Grantee with respect to the forfeited shares of the Common Stock subject to the Restricted Stock Award shall cease and terminate, without any further obligation on the part of the Company, except that if so provided in the Restricted Stock Agreement applicable to the Restricted Stock Award, the Company shall repurchase each of the shares of Common Stock forfeited for the purchase price per share paid by the Grantee ("Forfeiture Repurchase Option"). The Committee will have discretion to determine whether the Continuous Service of a Grantee has terminated and the date

III-4

48

on which such Continuous Service terminates and whether the Grantee's Continuous Service terminated as a result of the Disability of the Grantee.

h. Lapse of Forfeiture Restrictions in Certain Events; Committee's Discretion. Notwithstanding the provisions of Section 3(g) or any other provision in the Plan to the contrary, the Committee may, in its discretion and as of a date determined by the Committee, fully vest any or all Common Stock awarded to the Grantee pursuant to a Restricted Stock Award, and upon such vesting, all Forfeiture Restrictions applicable to such Restricted Stock Award shall lapse or terminate. Any action by the Committee pursuant to this Section 3(h) may vary among individual Grantees and may vary among the Restricted Stock Awards held by any individual Grantee. Notwithstanding the preceding provisions of this Section 3(h), the Committee may not take any action described in this Section 3(h) with respect to a Restricted Stock Award that has been granted to a Covered Employee if such Award has been designed to meet the exception for performance-based compensation under Section 162(m) of the Code.

4. ADJUSTMENT UPON CHANGES IN CAPITALIZATION AND CORPORATE EVENTS.

a. Capital Adjustments. The number of shares of Common Stock (i) covered by each outstanding Award granted under the Plan, any exercise or purchase price of such outstanding Award, and any other terms of the Award that the Committee determines requires adjustment and (ii) available for issuance shall be adjusted to reflect, as deemed appropriate by the Committee, any increase or decrease in the number of shares of Common Stock resulting from a stock dividend, stock split, reverse stock split, combination, reclassification or similar change in the capital structure of the Company without receipt of consideration, subject to any required action by the Board or the shareholders of the Company and compliance with applicable securities laws; provided, however, that a fractional share will not be issued upon exercise of any Award, and either (i) any fraction of a share of Common Stock that would have resulted will be cashed out at Fair Market Value or (ii) the number of shares of Common Stock issuable under the Award will be rounded up to the nearest whole number, as determined by the Committee. Except as the Committee determines, no issuance by the Company of shares of capital stock of any class, or securities convertible into shares of capital stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

shares of Common Stock subject to an Award.

b. Dissolution or Liquidation. The Committee shall notify the Grantee at least twenty (20) days prior to any proposed dissolution or liquidation of the Company. Unless provided otherwise in an individual Restricted Stock Agreement or in a then-effective written employment agreement between the Grantee and the Company, to the extent that an Award has not been previously exercised, the Company's repurchase rights relating to an Award have not expired or the Forfeiture Restrictions have not lapsed, any such Award that is a Restricted Stock Award shall be forfeited and the shares of Common Stock subject to such Award shall be returned to the Company, in each case, immediately prior to consummation of such dissolution or liquidation, such Award shall terminate immediately prior to consummation of such dissolution or liquidation.

c. Change in Control. Unless specifically provided otherwise with respect to Change in Control events in a Restricted Stock Agreement or in a then-effective written employment agreement between the Grantee and the Company, if, during the effectiveness of the Plan, a Change in Control occurs, the Forfeiture Restrictions applicable to all outstanding Restricted Stock Awards shall lapse and shares of Common Stock subject to such Restricted Stock Awards shall be released from escrow, if applicable, and delivered to the Grantees of the Awards free of any Forfeiture Restriction.

5. STOCKHOLDER APPROVAL. The Company shall obtain the approval of the Plan by the Company's stockholders to the extent required to satisfy Section 162(m) of the Code or to satisfy or comply with any applicable laws or the rules of any stock exchange or national market system on which the Common Stock may be listed or quoted. No Award that is issued prior to initial stockholder approval or as a result of any increase in the number of shares of Common Stock authorized to be issued under the Plan may be exercised or forfeiture restrictions lapse prior to the time the Plan or such increase, respectively, has been

III-5

49

approved by the stockholders of the Company, and all such Awards will similarly terminate if such stockholder approval is not obtained.

6. ADMINISTRATION. This Plan shall be administered by the Committee. The Committee shall interpret the Plan and any Awards granted pursuant to the Plan and shall prescribe such rules and regulations in connection with the operation of the Plan as it determines to be advisable for the administration of the Plan. The Committee may rescind and amend its rules and regulations from time to time. The interpretation by the Committee of any of the provisions of this Plan or any Award granted under this Plan shall be final and binding upon the Company and all persons having an interest in any shares of Common Stock acquired pursuant to an Award.

7. EFFECT OF PLAN. Neither the adoption of the Plan nor any action of the Board or the Committee shall be deemed to give any Executive Officer any right to be granted an Award or any other rights except as may be evidenced by the Restricted Stock Agreement, or any amendment thereto, duly authorized by the Committee, and executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth therein. The existence of the Plan and the Awards granted hereunder shall not affect in any way the right of the Board, the Committee or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation or other transaction involving the Company, any issue of bonds, debentures, or shares of preferred stock ahead of or affecting the Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale or transfer

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

of all or any part of the Company's assets or business, or any other corporate act or proceeding by or for the Company. Nothing contained in the Plan, Restricted Stock Agreement, or in other related documents shall confer upon any Executive Officer any right with respect to such person's Continuous Service or interfere or affect in any way with the right of the Company to terminate such person's Continuous Service at any time, with or without cause.

8. NO EFFECT ON RETIREMENT AND OTHER BENEFIT PLANS. Except as specifically provided in a retirement or other benefit plan of the Company, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

9. AMENDMENT OR TERMINATION OF PLAN. The Board in its discretion may, at any time or from time to time after the date of adoption of the Plan, terminate or amend the Plan in any respect, including amendment of any form of Restricted Stock Agreement, exercise agreement or instrument to be executed pursuant to the Plan; provided, however, to the extent necessary to comply with the Code, including Sections 162(m) and 422 of the Code, other applicable laws, or the applicable requirements of any stock exchange or national market system, the Company shall obtain stockholder approval of any Plan amendment in such manner and to such a degree as required. No Award may be granted after termination of the Plan. Any amendment or termination of the Plan shall not affect Awards previously granted, and such Awards shall remain in full force and effect as if the Plan had not been amended or terminated, unless mutually agreed otherwise in a writing signed by the Grantee and the Company.

11. SEVERABILITY AND REFORMATION. The Company intends all provisions of the Plan to be enforced to the fullest extent permitted by law. Accordingly, should a court of competent jurisdiction determine that the scope of any provision of the Plan is too broad to be enforced as written, the court should reform the provision to such narrower scope as it determines to be enforceable. If, however, any provision of the Plan is held to be wholly illegal, invalid, or unenforceable under present or future law, such provision shall be fully severable and severed, and the Plan shall be construed and enforced as if such illegal, invalid, or unenforceable provision were never a part hereof, and the remaining provisions of the Plan shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance.

12. GOVERNING LAW. The Plan shall be construed and interpreted in accordance with the laws of the State of Texas.

III-6

50

13. INTERPRETIVE MATTERS. Whenever required by the context, pronouns and any variation thereof shall be deemed to refer to the masculine, feminine, or neuter, and the singular shall include the plural, and visa versa. The term "include" or "including" does not denote or imply any limitation. The captions and headings used in the Plan are inserted for convenience and shall not be deemed a part of the Plan for construction or interpretation.

The Plan will be administered by a Committee appointed by the Board from time to time; provided, however, that in the absence of a Committee being appointed by the Board, the Committee shall mean the entire Board. The Committee may delegate some or all of its administrative powers and responsibilities to such other persons from time to time as it deems appropriate.

3. PARTICIPANTS. Members of the Board of the Company who are not employees of the Company or any subsidiary of the Company ("Participants") are eligible to participate in the Plan.

4. GRANT OF STOCK. The eligible individual Directors, on or before March 31 of each year, may elect by written notice to the Committee to receive a portion (which may be a percentage equal to either 0%, 25%, 50%, 75% or 100%) of their Retainer Fees for the following fiscal year in the form of Common Stock. Any portion that is not paid in the form of Common Stock will be paid in cash. With respect to the portion of the Retainer Fees to be paid in Common Stock for each quarter, the number of shares shall be determined by dividing the dollar amount of such portion of the Retainer Fees that would otherwise be paid in cash to the Participant for such quarter by the reported closing sales price per share of the Common Stock of the Company on the last day of such quarter on the New York Stock Exchange or successor exchange or market system for the date on which such value is being determined. If a closing sales price is not reported on the last day of an applicable quarter, then the closing sales price on the most recently preceding date on which such price was reported shall be used. Payment for any fractional shares shall be made in cash. The Company will issue the shares of Common Stock as soon as practicable after the end of the applicable quarter, unless the Participant has elected to defer the receipt of the Common Stock pursuant to paragraph 5 of this Plan.

For eligible Directors who are first elected or appointed to the Board during a particular fiscal year, their written election for that year must be made within thirty (30) days after the commencement of their service as a Director, and the election will apply to Retainer Fees to be received for quarters commencing after the date of election. Notwithstanding any other provision of the Plan to the contrary, all eligible Directors will be entitled to make a written election hereunder within thirty (30) days after the date the Plan is approved by the stockholders of the Company with respect to Retainer Fees to be received for quarters commencing after the date of election.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

Elections shall only apply to a single fiscal year but shall be irrevocable for that year. Participants shall be fully vested in their stock at all times upon grant.

5. ELECTION TO DEFER. Notwithstanding any other provision of the Plan to the contrary, eligible individual Directors who elect under the Plan to receive all or a portion of their Retainer Fees in the form of Common Stock also may elect to defer until a later date the receipt of all or a portion (which may be a

percentage equal to either 25%, 50%, 75% or 100%) of the Retainer Fees that the Participant has elected to receive in the form of Common Stock.

Any election by an eligible individual Director to defer Retainer Fees for a fiscal year under this paragraph 5 of the Plan shall be made at the same time as the election under paragraph 4 hereunder, shall be irrevocable, and may be made for any period of time of not less than six months; provided, that any deferral period shall automatically terminate upon the occurrence of the retirement, termination of service, death or disability of the electing individual Director. The Board, in its discretion, may accelerate the termination of deferral periods in the event of a change in control of the Company. For purposes of the Plan, a "change in control" of the Company means the occurrence of any of the following events: (i) any "person" (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 50 percent or more of the combined voting power of the Company's then outstanding securities; (ii) as a result of, or in connection with, any tender offer or exchange offer, merger, or other business combination (a "Transaction"), the persons who were directors of the Company immediately before the Transaction shall cease to constitute a majority of the Board of the Company or any successor to the Company; (iii) the Company is merged or consolidated with another corporation and as a result of the merger or consolidation less than 75 percent of the outstanding voting securities of the surviving or resulting corporation shall then be owned in the aggregate by the former stockholders of the Company; (iv) a tender offer or exchange offer is made and consummated for the ownership of securities of the Company representing 50 percent or more of the combined voting power of the Company's then outstanding voting securities; or (v) the Company transfers substantially all of its assets to another corporation which is not controlled by the Company.

Any eligible individual Director who makes an election to defer hereunder shall be credited with phantom units of Common Stock at the same time and in the same number (plus an amount for fractional shares) as if such Director had elected not to defer any portion of the Retainer Fees. The phantom units of Common Stock shall be subject to adjustment as set forth in paragraph 6 of this Plan, as if such shares represented by such phantom units had been issued. Any dividends that are payable with respect to outstanding Common Stock shall not be eligible for deferral hereunder and shall be paid to eligible individual Directors at the same time and in the same amount as if the shares of Common Stock represented by an electing Director's phantom units hereunder were outstanding.

The Company shall issue shares of Common Stock represented by a Participant's phantom units as soon as practicable after the termination of the deferral period applicable to such units; provided that a Participant may elect at the end of the deferral period, subject to approval by the Committee, to have the shares of Common Stock represented by the phantom units distributed to the

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

Participant in annual installments over not more than five (5) years.

In the event of a Participant's death, the Company shall issue the shares of Common Stock represented by the Participant's phantom units to the Participant's estate.

6. CAPITAL ADJUSTMENTS AND REORGANIZATIONS. The number of shares of Common Stock covered by this Plan may be adjusted to reflect, as deemed appropriate by the Committee in its sole discretion, any stock dividend, stock split, share combination, exchange of shares, recapitalization, merger, consolidation, separation, reorganization, liquidation or the like, of or by the Company.

7. INTERPRETATION. The Committee shall interpret the Plan and shall prescribe such rules and regulations in connection with the operation of the Plan as it determines to be advisable for the administration of the Plan. The Committee may rescind and amend its rules and regulations.

8. AMENDMENT OR DISCONTINUANCE. The Plan may be amended (subject to approval, if required, of the stockholders of the Company) or discontinued by the Board.

9. EFFECT OF PLAN. Nothing in this Plan shall be construed as conferring upon any Participant the right to continue as a director.

10. APPLICABLE LAW. This Plan shall be construed in accordance with and governed by the laws of the State of Texas.
