ITEM 1

APPOINTMENT OF DIRECTORS

The general affairs and business of the Company and the Management Board are supervised by the Board of Supervisory Directors (the "Supervisory Board"), the members of which are appointed by the general meeting of shareholders. Our Articles of Association (the "Articles of Association") provide for at least 6 and no more than 12 Supervisory Directors to serve on the Supervisory Board. The Supervisory Board has determined to increase its size from 9 members to 10 members effective at the time of the Annual Meeting. Under the law of The Netherlands, a Supervisory Director cannot be a member of the Management Board of the Company. The general meeting of shareholders appointed Chicago Bridge & Iron Company B.V. as the sole member of the Management Board.

Members of the Supervisory Board are appointed to serve three-year terms, with approximately one-third of such members' terms expiring each year. Members of the Supervisory Board must retire no later than at the general meeting of shareholders held after a period of three years following their appointment, but may be re-

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

elected. Pursuant to our Articles of Association, a member of the Supervisory Board must resign effective the date of the annual general meeting of shareholders in the year in which the director attains the age of 72. Pursuant to the Articles of Association, members of the Supervisory Board may be suspended or dismissed by the general meeting of shareholders. The Supervisory Board may make a proposal to the general meeting of shareholders for the suspension or dismissal of one or more of its members. If such proposal is made by the Supervisory Board, a simple majority vote of the shareholders is required to effect a suspension or dismissal. If no such proposal is made, the general meeting of shareholders by vote of two-thirds of the votes cast at the meeting if such two-thirds vote constitutes more than one-half of the issued share capital of the Company (a "Two-thirds Majority of Quorum") is required to effect a suspension or dismissal. The members of the Supervisory Board may receive such compensation as may be determined by the general meeting.

As permitted under Dutch law and the Articles of Association, the Supervisory Board is authorized to make binding nominations of two candidates for each open position on the Supervisory Board, with the candidate receiving the greater number of votes being elected. A nomination by the Supervisory Board is binding on the shareholders unless overridden by a Two-thirds Majority of Quorum.

Four Supervisory Directors are to be appointed who will serve until the Annual Meeting in 2006. For one position, the Supervisory Board has proposed the election of Gerald M. Glenn or Timothy J. Moran. For the second position, the Supervisory Board has proposed the election of Vincent L. Kontny or Samuel C. Leventry. For the third position, the Supervisory Board has proposed the election of L. Richard Flury or David P. Bordages. For the fourth position, the Supervisory Board, pursuant to the First Reserve Shareholder Agreement (as hereinafter defined), has proposed the election of Ben A. Guill or Thomas R. Denison. Messrs. Glenn, Kontny and Guill are presently members of the Supervisory Board. Mr. Flury has been a consultant to the Supervisory Board since May, 2002.

Certain other sales of shares by First Reserve and its affiliates will be subject to our right of first offer. Finally, First Reserve has been granted one additional demand and unlimited "piggyback" registration rights relating to its shares.

We have agreed under the First Reserve Shareholder Agreement to pay \$400,000 of registration expenses in connection with the exercise by First Reserve of its demand registration rights, but excluding (i) any sales commissions or discounts relating to shares being offered by First Reserve, (ii) any transfer taxes relating to such shares, and (iii) the fees and disbursements of its legal counsel, which are to be paid by First Reserve. In addition, we are obligated under the First Reserve Shareholder Agreement to pay registration expenses with respect to "piggyback" registrations of First Reserve.

First Reserve has made representations and warranties to us in its Shareholder Agreement that it has no arrangement, contract, understanding or relationship with WEDGE with respect to voting power or investment power relating to our shares.

In the event of a breach by First Reserve or any of its affiliates of any "standstill" or other provision in the First Reserve Shareholder Agreement, we and/or our other shareholders may seek injunctive relief. However, as the relief is equitable in nature and at the discretion of the court in which the action is brought, there can be no assurance that the court will grant such relief.

A Shareholder Agreement dated as of December 28, 2000 (as amended by amendments thereto dated as of February 7, 2001 and March 19, 2003) among WEDGE, the Company and certain of our shareholders has been terminated, provided that pursuant to certain surviving provisions of such Agreement WEDGE and its affiliates and assignees ("WEDGE Holders") (i) are entitled to one additional demand and unlimited "piggyback" registration rights relating to their shares as long as the WEDGE Holders own in the aggregate at least 4% of our issued and outstanding shares, and (ii) retain the benefit of certain indemnification provisions.

(1) Shares deemed beneficially owned include (i) shares held by immediate family members, (ii) shares that can be acquired through stock options exercised through May 8, 2003, (iii) shares subject to a vesting schedule, forfeiture risk and other restrictions, including restricted stock units for which the participant has voting rights on the underlying stock, and, in the case of Mr. Glenn, 1,242,676 shares as to which he has fully vested rights to future delivery of the shares.

(2) For purposes of this table, a person is deemed to have "beneficial ownership" of any shares as of a given date which such person has the right to acquire within 60 days after that date. For purposes of computing the percentage of outstanding shares held by each person named above on a given date, any shares that the person or persons have the right to acquire within 60 days after such date is not deemed to be outstanding for the purposes of computing the percentage ownership of that or any other person.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

Section 16(a) of the Exchange Act requires the Supervisory Directors, executive officers and persons who own more than 10% of the Common Stock to file initial reports of ownership and reports of changes in ownership of Common Stock (Forms 3, 4 and 5) with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange, Inc. Supervisory Directors, executive officers and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all such forms that they file.

9

To our knowledge, based solely on our review of the copies of such reports received by us and on written representations by certain reporting persons that no reports on Form 5 were required, we believe that during the fiscal year ended December 31, 2002, our Supervisory Directors, executive officers and 10% shareholders complied with all Section 16(a) filing requirements applicable to them, except Mr. Kontny, who did not report in a timely fashion on Form 4 two transactions during 2002 and Mr. Ballengee who did not report in a timely fashion on Form 4 one transaction during 2002. All transactions involved the payment or reinvestment of Supervisory Director fees in the form of stock or phantom stock.

- (1) Bonus amounts include payments under the Incentive Plans (See "Organization and Compensation Committee Report on Executive Compensation").
- (2) Persons for whom no amount is reported did not receive personal benefits, the value of which exceeded the lesser of \$50,000 or 10% of their annual salary and bonus.
- (3) Restricted stock awards or units are valued at the closing price on the date of grant. Participants receive dividends on the grants reported in this column. The number and value of the aggregate restricted share holdings at the end of the last completed fiscal year, based on the NYSE composite closing price of \$15.10/share on December 31, 2002 for each named executive officer who held such shares are: Gerald M. Glenn, 21,122, \$318,940; Stephen P. Crain, 5,840, \$88,180; Robert B. Jordan, 8,894, \$134,300; Richard E. Goodrich, 600, \$9,060; and Philip K. Asherman, 26,250, \$396,375.

10

- (4) The compensation reported for 2002 represents (a) contributions pursuant to the Chicago Bridge & Iron Savings Plan (the "401(k) Plan") allocated to the executive officer's account, (b) the cost of allocations to each executive officer's account in a benefit restoration plan (described under the caption "Pension and other retirement benefits") for allocations pursuant to the 401(k) Plan which otherwise exceed the maximum limit imposed upon such plan by the Internal Revenue Code of 1986, as amended (the "Code") and (c) dividends paid on restricted stock units. For 2002, those three amounts, expressed in the same order identified above, for each named executive officer are as follows: Gerald M. Glenn \$18,000, \$74,250, \$2,535; Stephen P. Crain \$18,000, \$16,546, \$701; Robert B. Jordan \$18,000, \$32,850, \$1,067; Richard E. Goodrich \$18,000, \$15,135, \$72; Philip K. Asherman, \$18,000, \$12,825, \$3,675.

MANAGEMENT PLAN

At the time of the initial public offering of the Common Stock by Praxair in March, 1997, we established the Management Plan and made a contribution to the Management Plan in the form of 1,851,340 shares allocated as restricted stock among approximately 52 key management employees. Restrictions on the Management Plan shares lapsed as to one participant on January 1, 1999, and as to all other participants except Mr. Glenn and one participant on March 27, 2000. Distribution of benefits to Mr. Glenn is generally scheduled to occur on the earlier of termination of employment, the first business day after April 1, 2004 or a "Change of Control" provided that dividends are paid on these shares.

EMPLOYEE STOCK PURCHASE PLAN

The Company has adopted a broad-based employee stock purchase plan (the "Stock Purchase Plan") intended to qualify under Section 423 of the Code. Pursuant to the Stock Purchase Plan, each employee, including executive officers, electing to participate is granted an option to purchase shares on a

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

specified future date at 85% of the fair market value of such shares on the date of purchase. During specified periods preceding such purchase date, a percentage of each participating employee's after-tax pay is withheld and used to purchase as many shares as such funds allow at the discounted purchase price.

LONG-TERM COMPENSATION

The Company's subsidiary, Chicago Bridge & Iron Company, a Delaware corporation ("Chicago Bridge"), has adopted the Chicago Bridge & Iron 1997 Long-Term Incentive Plan (the "1997 Incentive Plan") and the Chicago Bridge & Iron 1999 Long-Term Incentive Plan (the "1999 Incentive Plan" and, together with the 1997 Incentive Plan, the "Incentive Plans"). The Incentive Plans are so-called "omnibus" plans which provide long-term compensation in the form of non-qualified options to purchase shares; qualified "incentive" options to purchase shares; restricted shares; restricted stock units; "performance shares" paying out a variable number of shares depending on goal achievement; and "performance units," which involve cash payments based on either the value of the shares or appreciation in the price of the shares upon achievement of specific financial goals.

- (1) The options which expire on February 21, 2012, vest in four equal annual installments beginning February 21, 2004. All other options vest in seven years but may vest in three years from the date of grant if the holder has held continuously until such date shares of stock awarded as performance shares or shares granted as restricted stock for which restrictions have lapsed.
- (2) The estimated grant date present value reflected in the previous table is determined using the Black-Scholes model. The material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the options reflected in the previous table include the following:

Exercise prices on the options of \$12.99, \$13.55, \$13.83, \$14.75, \$13.95, and \$14.12 for the February 13, February 21, February 22, June 1, July 1, and September 10 grants, respectively, equal to the fair market value of the underlying stock on the date of grant.

An option term of 10 years on all grants.

Interest rates of 4.91%, 4.93%, 4.65% and 3.87% that represent the interest rate on a U.S. treasury security on the date of grants in February, June, July and September, respectively, with a maturity date corresponding to that of the option terms.

Volatilities of 42.60%, 42.42%, 42.43%, 41.14%, 40.70% and 40.53% calculated using daily stock prices for the three-year period prior to the grant dates.

12

Dividends at the rate of \$0.12 per share representing the annualized dividends paid with respect to a share at the dates of each option grant.

Reductions of approximately 11.10% for the February 21 grant and 13.52% for all other grants to reflect the probability of forfeiture due to termination prior to vesting, and approximately 14.47% for the February 21 and 14.28% all other grants to reflect the probability of a shortened option term due to termination of employment prior to the option expiration date.

The ultimate values of the options will depend on the future market price of the Company's stock, which cannot be forecast with reasonable accuracy. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of the Company's Common Stock over the exercise price on the date the option is exercised.

PENSION AND OTHER RETIREMENT BENEFITS

Effective January 1, 1997, the Company adopted the Chicago Bridge & Iron Savings Plan (the "401(k) Plan"), a tax qualified defined contribution pension plan for eligible employees, including, but not limited to, the named executive officers. Such plan consists of a typical voluntary pretax salary deferral feature under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"); a dollar-for-dollar Company matching contribution applicable to such employee deferrals up to 3% of a participating employee's considered earnings; a basic additional Company contribution of 5% of each participating employee's considered earnings; and an additional discretionary Company profit-sharing contribution. The 401(k) Plan provides that the Company may, at the discretion of management, make certain of its matching contributions or additional discretionary profit sharing contributions in a uniform manner in the form of either cash or shares.

The 401(k) Plan substantially replaced the CBI 401(k) Pay Deferral Plan and CBI Pension Plan, each adopted by the Company's former parent, CBI Industries, Inc. The CBI Pension Plan (the "Pension Plan") was non-contributory and covered substantially all salaried employees and certain hourly employees of the Company and its participating subsidiaries. Since December 31, 1996, no employees of the Company participated in the Pension Plan who were not already participants as of December 31, 1996. No further benefits accrue under the provisions of the Pension Plan's normal benefit formulas for employees participating as of December 31, 1996. Instead, benefits accrued as of that date were computed and increased at a rate of 5% per year (not compounded) or fraction thereof of continuing service, to a maximum of three additional years. The December 31, 1996 accrued pension benefit was based on credited service and average earnings over the high three consecutive year period and is subject to an offset adjustment for each individual for

13

primary social security benefits and a portion of the value of benefits under the terminated CBI Salaried Employee Stock Ownership Plan (1987) previously sponsored by CBI Industries, Inc. The estimated annual benefit payable upon retirement at normal retirement age for Stephen P. Crain, the only executive officer who participates in the plan, is \$16,673.

The Code limited the compensation used to determine benefits under the 401(k) Plan to \$200,000 for 2002. Chicago Bridge adopted the Chicago Bridge & Iron Company Excess Benefit Plan through which it contributes benefits which would be paid under the 401(k) Plan in the absence of the IRS limit. Such

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

contributions are paid into a trust, with an independent trustee, established for this purpose.

TERMINATION AND EMPLOYMENT AGREEMENTS

On September 7, 2000 the Organization and Compensation Committee authorized the Company to enter into change of control severance agreements with Messrs. Crain, Jordan, Asherman and Wolfe and a change of control severance agreement on similar terms with Mr. Glenn. Each agreement provides that upon the executive's termination of employment with the Company by the Company without "cause," or by the executive with "good reason," within three years following a "Change of Control," the executive will be entitled to a lump sum payment of three times the sum of his annual base salary plus target bonus. The executive will also be entitled to a continuation of medical and other benefits for a three-year period after termination of employment, payment of deferred compensation (to the extent not paid upon the "Change of Control"), payment of unvested plan benefits, and Company-provided outplacement services.

In addition, upon a "Change of Control," the executive will be entitled to preservation of salary, bonus, retirement, welfare and fringe benefits at levels not less than immediately before the "Change of Control," and will generally be entitled to receive upon the "Change of Control," without regard to termination of employment, a payment of minimum pro-rata target bonus, vesting in options, restricted stock and performance shares, and an immediate lump sum cash payment of the value of all performance shares assuming achievement of target performance goals.

The agreements provide that the Company will pay an amount necessary to reimburse each employee, on an after-tax basis, for any excise tax due under Section 4999 of the Code as a result of such payment being treated as a "parachute payment" under Section 280G of the Code. The Company will also reimburse the executive's costs incurred to obtain benefits under the agreements as long as the executive had a reasonable basis for the action or was acting in good faith. The Company must maintain a letter of credit and escrow in force to secure this obligation for legal fee reimbursement. The agreements impose a confidentiality obligation on each executive during employment and after termination of employment, and subjects the executive to a noncompetition covenant during employment and for one year following termination (regardless whether there is a "Change of Control").

For purposes of these agreements, "cause" includes conviction of a felony or of a crime involving moral turpitude, or willful misconduct or breach of the agreement that results in material financial detriment to the Company, but cause does not include negligence, actions taken in good faith, actions indemnifiable by the Company, or known to the Company for more than a year before the purported termination. "Good reason" for termination generally includes any adverse changes in the executive's duties, title, reporting requirements or responsibilities; failure by the Company to provide the compensation bonus and other payments and plan and fringe benefits and perquisites contemplated by the agreement; and relocation without consent to an office more than 50 miles from the executive's current office. However, with respect to the "Change of Control" occurring upon consummation of the HBI Transaction, the PDM Transaction and subsequent related share transfers, "good reason" does not include failure to provide minimum bonus but only failure to provide minimum bonus opportunity, and does not include failure to provide each plan and fringe benefit and perquisite but only benefits and perquisites of equivalent value in the aggregate. For Mr. Glenn, "good reason" includes his resignation for any reason during a 60-day period beginning 30 days after the closing of a "Major Change of Control." The HBI Transaction, the PDM Transaction and subsequent related share transfers were not a "Major Change of Control" for such purpose. In all other respects, Mr. Glenn's agreement is identical to that of the other executive officers.

Under the Agreements, "Change of Control" generally is defined as the acquisition by any person or group of 25% (50% to be a "Major" change) or more of the beneficial interest in the equity of the Company; failure of the current Supervisory Board (and members nominated by at least 75% of the then-current Supervisory Board members) to comprise at least 50% of the Supervisory Board; Supervisory Board or shareholder approval of a merger or reorganization or consolidation resulting in less than 75% (50% to be a "Major" change) continuing ownership by the pre-merger shareholders; or Supervisory Board or shareholder approval of any transaction as a result of which the Company does not own at least 70% of Chicago Bridge, or Chicago Bridge does not own at least 75% of its subsidiary, Chicago Bridge & Iron Company (Delaware). A "Change of Control" also includes the failure of WEDGE or First Reserve to comply with their respective Shareholder Agreements, or collective ownership by WEDGE and First Reserve of more than 66.5% of the equity of the Company.

At the time of their initial employment, the Company entered into employment arrangements with Messrs. Glenn, Jordan, Goodrich and Wolfe to serve the Company as President and Chief Executive Officer, Vice President -- Operations, Vice President, and Vice President -- General Counsel and Secretary. Pursuant to these arrangements, Mr. Glenn's base salary was \$400,000 per year, Mr. Jordan's base salary was \$265,000 per year, Mr. Goodrich's base salary was \$150,000 per year and Mr. Wolfe's base salary was \$175,000 per year. Such arrangements do not establish any required term of employment, but provide for, among other things, participation in Company bonus and incentive compensation programs and change of control benefits that are now represented by the arrangements described above.

COMPENSATION OF DIRECTORS

Supervisory Directors who are not employees of the Company receive an annual retainer of \$22,000, paid in quarterly installments, \$1,500 for attendance at each Supervisory Board meeting, and an annual grant of options, which vest after one year, to purchase 4,000 shares at an exercise price equal to the fair market value of the shares at the time of the grant. Supervisory Directors who are chairman of Supervisory Board committees receive an additional annual retainer of \$3,000. Those who serve on Supervisory Board committees received \$1,000 for each committee meeting attended. Supervisory Directors may elect to receive their compensation in Common Stock and may elect to defer their compensation. In addition, a Supervisory Director may direct that up to 8% of his or her director's fees be applied to purchase shares at 85% of the closing price per share on the New York Stock Exchange, Inc. on the first trading day following the end of each calendar quarter. Shares are delivered either at the time of purchase or at a specified future date. Supervisory Directors who are full-time employees of the Company receive no compensation for serving as Supervisory Directors.

ORGANIZATION AND COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

TO OUR SHAREHOLDERS

COMMITTEE ROLE IN OVERSEEING EXECUTIVE COMPENSATION POLICY

Our Organization & Compensation Committee (the "Committee") consists of four members of the Supervisory Board. None of the Committee's members are our current or former employees or have any "interlocking relationships" for purposes of the proxy disclosure rules(1) of the United States Securities and Exchange Commission (SEC).

A primary role of the Committee is to determine and oversee the administration of compensation for our executive officers. The Committee approves the design of, assesses the effectiveness of, and administers, reviews and approves all salary arrangements and other remuneration for executive officers. The Committee evaluates executive performance in reviewing and approving executive compensation.

The Committee made certain compensation decisions for our 2002 fiscal year as described below.

COMPENSATION PHILOSOPHY

We are committed to increasing shareholder value by growing our business in the global marketplace. The Committee seeks to ensure that our compensation policies and practices are used effectively to support the achievement of our short- and long-term business objectives.

Our overall compensation philosophy is to remain competitive with comparable companies while focusing on performance-based compensation. This philosophy is premised on the fact that we must compete with a wide variety of construction, engineering, heavy industrial and related firms in order to attract and develop a pool of talented employees. The philosophy also acknowledges the need to focus employees on financial performance. Our compensation philosophy includes the following factors:

- Programs that will attract new talent and retain key people;
- Competitive pay with significant focus on incentive compensation;
- Equity compensation for top managers to motivate value creation for all shareholders; and
- Plans with a higher percentage of pay "at-risk" (based on performance)

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

than typical marketplace practices.

In evaluating competitive practices, we consider competitive market data provided by an independent compensation consultant, Hewitt Associates LLC of Lincolnshire, Illinois. The data provided compares our compensation practices to a group of "comparator" companies. These are companies that tend to have national and international business operations and lines of business, and also include companies operating in the same geographic areas and competing for management employees in the same areas of expertise as we do. The Committee reviews and approves the selection of comparator companies based on its assessment of the comparability of the above factors. In 2002, the Committee reviewed the selection of comparator companies in light of the above factors.

The companies chosen for the comparator group used for compensation purposes generally are not the same companies that comprise the peer group index in the Performance Graph included in this Proxy Statement. Considering the factors described above, the Committee believes that our most direct competitors for executive talent are not necessarily all of the companies that would be included in a peer group established for comparing shareholder returns.

(1) The relevant SEC rule, Item 402(j) of Regulation S-K does not define the term "interlocking relationship."

16

The four key elements of our executive compensation are base salary, annual incentives, long-term incentives and benefits. These key elements are addressed separately below. In determining compensation, the Committee considers all elements of an executive officer's total compensation package.

BASE SALARIES

The Committee regularly reviews each executive officer's base salary. Base salaries for executive officers are initially determined by evaluating executives' levels of responsibility, prior experience, breadth of knowledge, internal equity and external pay practices.

Base salaries provide the underlying level of compensation security to executives and allow us to attract competent executive talent and maintain a stable management team. Base salaries also allow executives to be rewarded for individual performance based on our evaluation process. Base salary increases for individual performance reward executives for achieving goals that may not be immediately evident in common financial measurements.

Individual performance is evaluated based on sustained levels of individual contribution. When evaluating individual performance, the Committee considers the executive's efforts in promoting our values; safety; continuing educational and management training; improving quality; developing relationships with clients, suppliers and employees; demonstrating leadership abilities among coworkers; and other goals.

Base salaries are targeted at approximately the 50th percentile of the compensation data supplied by Hewitt on the comparator companies. Overall, executive salaries were increased in 2002 at a rate comparable to the increases provided at other companies and are near median market levels. Salaries of individual executives may be greater or less than the median of salaries of their counterparts at comparator companies, due to differences in individual performance, experience and knowledge, and the Committee's comparison of the responsibilities of the position with the responsibilities of similar positions at comparator companies.

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

In 2002, Mr. Glenn received an increase in his rate of base salary to \$575,000 per year, or an increase of 15.00% from his 2001 base rate of \$500,000 per year. This increase was based on an evaluation of Mr. Glenn's performance, considered in light of the above-described factors and individual performance goals set for him by the Committee. He actually received total base salary payments of \$575,000.

ANNUAL INCENTIVES

We adopted an Incentive Compensation Plan (the "Bonus Plan") which took effect in fiscal 1997, and was revised in 1999. The Bonus Plan is an annual short-term cash incentive plan covering a group consisting of our executive officers and executive officers of our principal operating subsidiaries, and other designated key management employees. The Bonus Plan is based on our annual operating plan, arrived at as a result of discussion and analysis of the business plans within our principal operating subsidiaries. Payment of bonuses is based on attaining specific corporate-wide financial and non-financial goals approved by the Committee, and other factors described below, and is payable following the end of the fiscal year. The goals are set from year to year, at the beginning of each year (subject to modifications relating to extraordinary events), upon management's recommendation and approval by the Committee.

For 2002, under the Bonus Plan, a target bonus, generally expressed as a percent of salary, was established for each participating employee at the beginning of the year based on position, responsibilities and grade level. The bonus could be earned from three sources: achievement of the corporate goals, achievement of a participant's designated business unit performance goals (if applicable) and achievement of individual performance goals. Each of these sources consisted of a total bonus "pool," an amount that could range from zero to 200% of the aggregate of all participants' target amounts for that source. The total pool for achievement of the corporate goals was approved by the Committee, and the respective pools for business unit and individual performance were determined by management. A percentage of individual target bonus opportunity was allocated to each bonus source as appropriate. The CEO's individual performance bonus, if any, is determined by the Committee. The Committee has discretion to reduce any bonus otherwise determined pursuant to the Bonus Plan.

17

For fiscal 2002, Mr. Glenn and the other executive officers received bonus payments pursuant to the Bonus Plan. Mr. Glenn received a bonus payment of \$600,000. Mr. Glenn's bonus payment was above his target bonus and reflects the achievement of the corporate financial goal for 2002. In 2002, Mr. Glenn's annual bonus payment represented 104.3% of his base salary and depending on achievement of the respective goals under the Bonus Plan, could have ranged from 0% to 200% of his base salary. Mr. Glenn's bonus is somewhat above the median of annual incentive compensation paid to other executives at comparator companies for 2002. The amount of Mr. Glenn's bonus was determined by the committee based on a combination of the degree of achievement of the corporate goals, as applied to all Bonus Plan participants, and the achievement of individual goals set for Mr. Glenn in areas including but not limited to leadership, ethics, safety performance, financial performance, initiatives for new business development, integration of acquired businesses, management development of the other executives, and development and execution of strategic initiatives.

LONG-TERM INCENTIVES

In keeping with our commitment to provide a total compensation package that favors at-risk components of pay, long-term incentives traditionally have

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

comprised a significant portion of an executive's total compensation package. The Committee's objective is to provide executives with long-term incentive award opportunities that are at or above the median of comparator companies, with the actual realization of the opportunity dependent on the degree of achieving the performance or other conditions of the award. As a key element of this objective, it is the desire of the Committee to encourage continued executive ownership of incentive award stock in order to align their long-term interests with those of other shareholders.

Long-term incentives are provided pursuant to our Long-Term Incentive Plan ("Incentive Plan"). In 1999, we adopted and our shareholders approved a new Incentive Plan. In 2000, we adopted and our shareholders approved an amendment to the Incentive Plan. When awarding long-term incentives, the Committee considers executives' levels of responsibility, prior experience, historical award data, various performance criteria and compensation practices at comparator companies. The Incentive Plan permits the award of qualified or nonqualified stock options, restricted stock and performance shares. The long-term incentives awarded in 2002 were limited to nonqualified stock options and restricted stock.

Stock options are granted under the Incentive Plan at an option price not less than the fair market value of the Common Stock on the date of grant. Accordingly, stock options generally have value only if the stock price appreciates from the date the options are granted. This design focuses executives on the creation of shareholder value over the long term, identification with shareholders' interests, and encourages equity ownership. In February, 2002, the Committee received and reviewed a report from Hewitt Associates LLC assessing the competitiveness of compensation for our senior management positions and granted annual awards of stock options to senior executives under the Incentive Plan. These awards become exercisable beginning February 21, 2003, at a rate of 25% of such options on such date and an additional 25% on February 21 of each of the following three years. In order to provide employees with an incentive to retain ownership of vested shares acquired from prior restricted stock or performance share grants, the Committee approved in 1999 a program pursuant to the Incentive Plan to grant nonqualified stock options ("retention options") upon the vesting of performance shares or restricted stock. Retention options cover 40% of the shares that vest under such awards. The retention options become vested and exercisable on the seventh anniversary of date of grant. However, this vesting and exercisability is accelerated to the third anniversary of date of grant, if the participant still retains ownership of 100% of the vested shares in connection with which the retention options have been awarded.

Restricted stock represents the right of the participant to vest in a share of Common Stock upon lapse of restrictions and upon conditions set by the Committee. Restricted stock is awarded as an incentive for retention and performance of both newly hired and continuing key managers. Such award is subject to forfeiture during the period of restriction. Participants are paid cash amounts corresponding to the time and amount of actual dividends paid on outstanding shares of Common Stock. Restricted stock becomes unrestricted upon vesting. In 2002, awards of restricted stock were limited to certain newly hired key managers upon their employment. These awards will vest at a rate of 25% of the share units awarded on each of the first four anniversaries of the date of the award. In 2002, Mr. Glenn was granted nonqualified stock options to

18

purchase 163,142 shares with an exercise price of \$13.55. Mr. Glenn was also granted retention options to purchase 9,014 shares with an exercise price of \$12.99 and 1,972 shares with an exercise price of \$13.83. The Committee believes the size and estimated value of the foregoing grants and awards is slightly below the median of comparator companies.

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

Mr. Glenn currently owns or has beneficial ownership of 1,783,346 shares of the Common Stock. The Committee believes that this equity interest provides an appropriate link to the interests of shareholders.

In 2002, the Committee approved and we agreed to a change in outstanding long-term incentive arrangements with Mr. Glenn. As a special incentive to performance and our success in the period during the initial public offering of the Common Stock by Praxair, Inc., our former parent company, a designated group of management employees, including Mr. Glenn, received from Praxair a grant of shares under the Chicago Bridge & Iron Management Defined Contribution Plan ("Management Plan"). The Management Plan, as amended, and our agreements with Mr. Glenn, called for Mr. Glenn's receipt of his Management Plan shares and certain additional restricted shares to occur on April 1, 2002, or upon a change of control or termination of employment, if earlier. After thorough discussion, and considering the advice of its outside consultants and legal counsel, the Committee determined that it was in our and the shareholders' best interest that Mr. Glenn retain such share interests for a longer period of time and remain in our employment. Accordingly, on February 21, 2002, we entered into an agreement with Mr. Glenn whereby receipt of such shares would be deferred until the first business day after April 1, 2004, or upon a change of control or termination of employment, if earlier.

BENEFITS

In general, benefits provide a safety net of protection against financial catastrophes that can result from illness, disability, or death. The benefits we offer to key executives are generally those we offer to the employees generally with some variation to promote replacement of benefit opportunities lost to regulatory limits. Data provided to the Committee under a study conducted for it by Hewitt Associates LLC indicates that the nature and value of the benefits we provide are competitive and in line with those offered by the comparator companies and those within our industry.

INTERNAL REVENUE CODE 162(m) CONSIDERATIONS

Section 162(m) of the Code provides that compensation in excess of \$1,000,000 annually for any of the five most highly-paid executive officers will not be deductible for purposes of U.S. corporate income taxes unless it is "performance-based" compensation and is paid pursuant to a plan meeting certain requirements of the Code. The Committee's primary obligation is to promote, recognize and reward performance that increases shareholder value, and accordingly will continue to rely on performance-based compensation programs which are designed to achieve that goal. The Committee believes that all compensation paid in respect of 2002 and earlier years was deductible, primarily because the aggregate amount of such compensation for each executive officer was below the \$1 million threshold under Section 162(m). The Bonus Plan and 1999 Long-Term Incentive Plan were designed in a form that payments under such plans would qualify as deductible performance-based compensation. Certain compensation pursuant to prior plans in future years may not be deductible to the extent such compensation causes the \$1,000,000 threshold to be exceeded for any of our five highest paid executive officers. The Committee intends to give appropriate consideration to the requirements of Section 162(m) in the operation of the Plan and Program, but will also exercise its discretion to determine, according to our best overall interests, whether to satisfy such requirements.

19

CONCLUSION

The Committee believes these executive compensation policies and programs

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

serve the interests of us and of our shareholders effectively. The various pay vehicles offered are appropriately balanced to provide increased motivation for executives to contribute to our overall future success, thereby enhancing our value for the shareholders' benefit.

The Committee will continue to monitor the effectiveness of our total compensation program to meet our current needs.

ITEM 2

ADOPTION OF ANNUAL ACCOUNTS

At the Annual Meeting, the shareholders will be asked to authorize the

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

preparation of the annual accounts and annual report in the English language and to adopt the Dutch Statutory Annual Accounts of the Company for the fiscal year ended December 31, 2002 (the "Annual Accounts"), as required under Dutch law and the Articles of Association.

The Annual Accounts are prepared in accordance with Dutch law and International Accounting Standards ("IAS"). However, the Annual Accounts are substantially similar to the financial statements contained in our 2002 Annual Report to Shareholders (the "Annual Report") accompanying this Proxy Statement, which were prepared in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"). The Annual Accounts contain certain disclosures not required under U.S. GAAP. In addition, the Management Report required by Dutch law, substantially similar to the Management's Discussion and Analysis of Results of Operations and Financial Condition included in the Annual Report, also contains information included in our Annual Report on Form 10-K and other information required by Dutch law.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to adopt the Annual Accounts.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ADOPTION OF THE ANNUAL ACCOUNTS, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 3

DISCHARGE OF THE MEMBERS OF THE MANAGEMENT BOARD AND THE SUPERVISORY BOARD FROM LIABILITY

Under Dutch law, the Annual Meeting may discharge the members of the Management Board and the Supervisory Board from liability in respect of the exercise of their managing and supervisory duties during the financial year concerned. The discharge is without prejudice to the provisions of the law of The Netherlands relating to liability upon bankruptcy and does not extend to matters not disclosed to shareholders.

It is proposed that the shareholders resolve to discharge the Management Board and the Supervisory Board from liability in respect of the exercise of their managing and supervisory duties.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to so discharge the Management Board and the Supervisory Board.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE DISCHARGE OF THE MANAGEMENT BOARD AND SUPERVISORY BOARD, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREIN.

ITEM 4

DISTRIBUTION FROM PROFITS

The Articles of Association provide that the general meeting of shareholders may, with certain restrictions, resolve to make distributions from profits. As permitted under the Articles of Association, interim dividends were paid in 2002 on March 29, June 28, September 30 and December 30 ("interim dividends").

It is proposed that the shareholders resolve to make a distribution of 2002 profits in the amount of \$0.24 per share, previously paid as interim dividends, and transfer the balance of the profits to retained earnings.

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to resolve on the distribution from profits.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE DISTRIBUTION FROM PROFITS EQUAL TO INTERIM DIVIDENDS, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 5

EXTENSION OF AUTHORITY OF MANAGEMENT BOARD TO REPURCHASE UP TO 30% OF OUR ISSUED SHARE CAPITAL UNTIL NOVEMBER 8, 2004

Under Dutch law and the Articles of Association, the Management Board may, with the prior approval of the Supervisory Board, and subject to certain Dutch statutory provisions, be authorized to repurchase issued shares on behalf of the Company in amounts, at prices and in the manner authorized by the general meeting of shareholders. Adoption of this proposal will allow us to have the flexibility to repurchase our shares without the expense of calling special shareholder meetings. Such authorization may not continue for more than 18 months, but may be given on an annual rolling basis. At the 2002 Annual Meeting, the general meeting of shareholders authorized the Management Board to repurchase up to 30% of our issued share capital in open market purchases, through privately negotiated transactions, or by means of a self-tender offer or offers, at prices ranging up to 150% of the market price at the time of the transaction. As of March 15, 2003, we had repurchased no shares under this authority. Such authority expires on November 10, 2003.

The Management Board believes that the Company would benefit by extending such authority of the Management Board to repurchase shares in our share capital. For example, to the extent the Management Board believes that our shares may be undervalued at the market levels at which it is then trading, repurchases of our own share capital may represent an attractive investment for the Company. Such shares, to the extent they are not canceled pursuant to the authority requested in Item 6 below, could be used for any valid corporate purpose, including use under our compensation plans, sale in connection with the exercise of outstanding options, or for acquisitions, mergers or similar transactions. The reduction in our issued capital resulting from any such purchases (assuming such repurchased shares are subsequently canceled) will increase the proportionate interest of the remaining shareholders in our net worth and whatever further profits we may earn. However, the number of shares repurchased, if any, and the timing and manner of any repurchases would be determined by the Management Board, with the prior approval of the Supervisory Board, in light of prevailing market conditions, our available resources and other factors that cannot now be predicted. The nominal value of the shares to be acquired by the Company, already held by the Company or held by a subsidiary, may never exceed 10% of the issued share capital.

In order to provide us with sufficient flexibility, the Management Board proposes that the general meeting of shareholders grant extended authority for the repurchase of up to 30% of the current issued share capital (or over thirteen million shares) in the open market, through privately negotiated transactions, or by means of a self-tender offer or offers, at prices ranging up to 150% of the market price at the time of the transaction. Such authority would extend for eighteen months from the date of the Annual Meeting until November 8, 2004.

The affirmative vote of a majority of the votes cast at the meeting is required to adopt the proposal to grant extended authority to the Management Board until November 8, 2004 to repurchase up to 30% of our issued share capital on behalf of the Company in the open market, through privately negotiated

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

transactions, or by means of a self-tender offer or offers, at prices ranging up to 150% of the market price at the time of the transaction.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE PROPOSAL TO GRANT EXTENDED AUTHORITY TO THE MANAGEMENT BOARD TO REPURCHASE SHARES OF OUR SHARE CAPITAL, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

23

ITEM 6

CANCELLATION OF SHARES TO BE ACQUIRED BY THE COMPANY IN ITS OWN SHARE CAPITAL

Under Dutch law and the Articles of Association, the Company may hold no more than 10% of its issued share capital at any time. In order to allow implementation of proposed repurchases contemplated by the authorization requested in Item 5 above which would be in excess of 10% (and up to 30%) of the then issued share capital, we must dispose of or cancel shares which have been repurchased. The Management Board, with the prior approval of the Supervisory Board and subject to certain Dutch statutory conditions, is requesting a resolution on the prospective cancellation of shares so that the Management Board will have the ability to implement any proposed repurchases in excess of 10% (and up to 30%) of the current issued share capital in an efficient manner without the delay and expense of calling special shareholders meetings.

Prospective cancellation of shares shall occur if and when the Company holds in excess of 9% of its then issued share capital, at which time we will cancel all or a portion of such shares, as determined by the Management Board. We propose to cancel such shares in two tranches, or such higher number of tranches as the Management Board shall determine, with no tranche to exceed 10% of the then issued share capital of the Company. The total number of shares to be prospectively canceled by us will not exceed 20% of the current issued share capital, or a total of approximately 8,900,000 shares.

With regard to the requirements of Sections 2:99 and 2:100 Dutch Civil Code, the resolution to cancel shares prospectively held by the Company of its share capital will become effective after filing thereof with the Commercial Register and after expiry of a two-month period following publication of such filing in a daily newspaper distributed nationally in The Netherlands, provided no opposition is instituted by creditors against such resolution. If opposition is instituted, such resolution shall become effective as soon as possible, with due observance of the law. Upon effectiveness of such resolution, the capital decrease will be filed with the Commercial Register, our shareholder register will reflect the cancellation of registered shares, and bearer share certificates and registered share certificates, if any, will be destroyed. The above-mentioned filing with the Commercial Register will show which number of shares will have been canceled in the relevant tranche. For every cancellation tranche, a filing will be made.

The affirmative vote of a majority of the votes cast, or the affirmative vote of 2/3 of the votes cast if less than 50% of the issued capital is represented at the meeting, is required to adopt the proposal to prospectively cancel shares to be acquired by the Company of its share capital.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE PROPOSAL TO PROSPECTIVELY CANCEL SHARES TO BE ACQUIRED BY THE COMPANY OF ITS SHARE CAPITAL, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 7

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

DETERMINE THE COMPENSATION OF SUPERVISORY DIRECTORS WHO ARE NOT EMPLOYEES

Under our Articles of Association, the shareholders determine the compensation of Supervisory Directors, including changes to their compensation. As approved by shareholders in 1997 and 2000, Supervisory Directors who are not employees receive an annual retainer of \$22,000, a meeting attendance fee of \$1,500 and an annual grant of options to purchase 4,000 shares. Committee chairmen receive an annual retainer of \$3,000 and committee members receive a meeting attendance fee of \$1,000. Supervisory Director fees are more fully described under the caption "Compensation of Directors".

We propose to increase the remuneration of Supervisory Directors who are not employees so that each director will receive an annual retainer of \$25,000, a meeting attendance fee of \$1,500 and an annual grant of 2,200 units or shares of restricted stock to vest after one year. Committee chairmen will receive an annual retainer of \$5,000 and committee members will receive a meeting attendance fee of \$1,000.

24

The affirmative vote of a majority of the votes cast is required to adopt the proposal to establish the compensation of Supervisory Directors who are not employees.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE PROPOSAL TO ESTABLISH COMPENSATION OF SUPERVISORY DIRECTORS WHO ARE NOT EMPLOYEES, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 8

EXTENSION OF AUTHORITY OF SUPERVISORY BOARD TO ISSUE SHARES UNTIL MAY 8, 2008

At the Annual Meeting, the shareholders will be asked to resolve on a further extension of the designation of the Supervisory Board to issue and/or grant rights on (including options to subscribe) shares for a five-year period from the date of the Annual Meeting until May 8, 2008. A designation may be effective for up to five years and may be renewed on an annual rolling basis. At the 2002 annual meeting, the shareholders designated the Supervisory Board for a five-year period to issue and/or grant rights on (including options to subscribe) shares. This five-year period will expire on May 10, 2007. (For a discussion of preemptive rights held by shareholders, see Item 9 below.)

The affirmative vote of a majority of the votes cast at the Annual Meeting, or the affirmative vote of 2/3 of the votes cast if less than 50% of the issued capital is represented at the meeting, is required to extend the authorization of the Supervisory Board to issue and/or to grant rights on (including options to subscribe) shares for a five-year period from the date of the Annual Meeting until May 8, 2008.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE DESIGNATION OF THE SUPERVISORY BOARD TO ISSUE AND/OR GRANT RIGHTS ON (INCLUDING OPTIONS TO SUBSCRIBE) SHARES UNTIL MAY 8, 2008, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 9

EXTENSION OF AUTHORITY OF SUPERVISORY BOARD TO LIMIT OR EXCLUDE PREEMPTIVE RIGHTS UNTIL MAY 8, 2008

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form DEF 14A

Under Dutch law and the Articles of Association, shareholders have a pro rata preemptive right of subscription, inter alia, to any shares issued for cash unless such right is limited or eliminated. Shareholders have no pro rata preemptive subscription right with respect to any shares issued for consideration other than cash or pursuant to certain employee stock plans. If designated for this purpose at the Annual Meeting, the Supervisory Board has the power to limit or eliminate such preemptive rights. A designation may be effective for up to five years and may be renewed on an annual rolling basis in combination with the designation discussed above under Item 8. At the 2002 Annual Meeting, the shareholders authorized the Supervisory Board for a five-year period to limit or exclude from time to time the preemptive rights of shareholders. This five-year period will expire on May 10, 2007.

At the Annual Meeting, shareholders will be asked to resolve on a further extension of this designation for a five-year period from the date of the Annual Meeting until May 8, 2008.

The affirmative vote of a majority of the votes cast at the Annual Meeting, or the affirmative vote of 2/3 of the votes cast if less than 50% of the issued capital is represented at the meeting, is required to resolve on

25

the designation of the Supervisory Board to limit or exclude the preemptive rights of shareholders for a five-year period from the date of the Annual Meeting until May 8, 2008.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE EXTENSION OF THE DESIGNATION OF THE SUPERVISORY BOARD TO LIMIT OR EXCLUDE PREEMPTIVE RIGHTS OF SHAREHOLDERS UNTIL MAY 8, 2008, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

ITEM 10

APPOINTMENT OF OUR INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of the Supervisory Board has recommended that Deloitte & Touche be appointed as the Company's independent accountants for the year ending December 31, 2003. Deloitte & Touche has acted as the Company's independent public accountants since 2002. Representatives of Deloitte & Touche are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire, and are expected to be available to respond to appropriate questions.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to appoint Deloitte & Touche as our independent public accountants for the next year.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPOINTMENT OF DELOITTE & TOUCHE'S AS THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS FOR 2003, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.
