Filed Pursuant to Rule 424(b) (1)
Registration No. 333-63488

2,200,000 Shares of Class A Common Stock

We are offering 2,200,000 shares of our class A common stock. Our class A common stock is listed on the Nasdaq National Market under the symbol "GAIA." On July 31, 2001, the last reported sale price of our class A common stock on the Nasdaq National Market was \$14.25.

Investing in our common stock involves risks. See "Risk Factors" on page 6.

	Per Share	Total
Public offering price.....	\$13.750	\$30,250,000
Underwriting discounts and commissions.....	\$ 0.825	\$ 1,815,000
Proceeds to Gaiam.....	\$12.925	\$28,435,000

We have granted the underwriters a 30-day option to purchase up to 330,000 shares of our class A common stock for resale to the public at the \$13.75 offering price per share.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus. Because this is only a summary, it does not contain all the information that you should consider before buying shares in this offering. You should read the entire prospectus carefully, including our consolidated financial statements and the related notes included elsewhere in this prospectus.

Gaiam is a lifestyle company providing a broad selection of information, products and services to customers who value natural health, personal development and renewable energy. We offer our customers the ability to make purchasing decisions based on these values while striving to provide products at prices comparable to conventional alternatives. Our direct customer base is 80% female and 70% college-educated, has a median age of 44 and has an average annual household income of approximately \$60,000.

The Gaiam lifestyle brand was built around our ability to continuously develop content that establishes Gaiam as an authority in the Lifestyle Of Health And Sustainability (LOHAS) market. Our content provides solutions that improve quality of life, promote personal development and protect the environment. It also forms the basis of our proprietary products, on which we realize our highest margins, and drives demand for parallel product and service offerings. We sell our content in the form of television broadcasts, on-demand visual media programming, DVDs, videotapes, music CDs, books and other media. We also provide content through our catalogs, on the internet, at point of purchase and as part of the packaging for our products. Our content together with the Gaiam brand creates barriers to entry for competitors.

We market our products and services direct-to-consumers and business-to-

Edgar Filing: GAIAM INC - Form 424B1

business through five sales channels: our catalogs, the internet, retailers, media and corporate accounts. Our products are sold by leading retailers including lifestyle stores such as Discovery Channel Stores and The Walking Company; women's beauty stores such as Ulta and Origins; sporting goods chains such as Sports Authority and Big 5; home furnishing stores such as Bed, Bath and Beyond; natural food stores such as Whole Foods Market; book stores such as Borders and Barnes & Noble; music stores such as Musicland and Wherehouse Music; sporting good stores such as Dick's; mass merchants such as Target, Kohl's and Wal-Mart; and e-tailers such as Amazon.com. A number of our retailers display our products in store-within-a-store Gaiam lifestyle shops. We believe we have an opportunity to become the single source solution for LOHAS products for our retail accounts. Our media channel includes television broadcasts, on-demand visual media programming coverage to more than 600,000 hotel rooms in North America, video streaming, video tapes, DVDs and three music labels. Our media partners include the Discovery Channel, Universal Studios and On Command. Our corporate account customers include The White House, NASA, Disney, Sony, AT&T, Mercedes Benz, the U.S. Departments of Energy and Defense and the Government of Brazil. We distribute our products in each of these sales channels from a single fulfillment center.

Gaiam has a highly centralized, scaleable business model. Gaiam's operations are vertically integrated from content creation, through product development and sourcing, to customer service and fulfillment.

The LOHAS market, which represented \$227 billion in sales in 2000 according to Natural Business Communication, consists of five main sectors:

- . Sustainable Economy. Renewable energy, energy conservation, recycled goods, environmental management services, sustainable manufacturing processes and related information and services.
- . Healthy Living. Natural and organic foods, dietary supplements, personal care products and related information and services.
- . Alternative Healthcare. Health and wellness solutions and alternative health practices.
- . Personal Development. Solutions, information, products and experiences relating to mind, body and spiritual development.
- . Ecological Lifestyles. Environmentally friendly cleaning and household products, organic cotton clothing and bedding, and eco-tourism.

Gaiam provides lifestyle product solutions for all sectors of the LOHAS market. We offer solutions for a sustainable economy such as renewable energy systems, energy efficient lighting and products made from recycled materials; healthy living solutions such as nutrition content, air and water filters and personal care items; alternative healthcare solutions such as back and neck care products, stress relief and wellness information; personal development solutions such as mind-body fitness information, fitness accessories and performance wear; ecological lifestyle solutions such as natural cleaners, organic cotton bedding and bath products and organic cotton clothing.

We intend to pursue the following strategic initiatives in order to continue to grow our business and serve the LOHAS market:

- . Strengthen Our Lifestyle Brand
- . Capitalize on Our Multi-Channel Approach
- . Expand Our Proprietary Product Selection

Edgar Filing: GAIAM INC - Form 424B1

- . Broaden Our Content Through Growth of Gaiam Media
- . Complement Our Existing Business with Selective Strategic Acquisitions

From 1996 to 2000, our revenues increased from \$14.8 million to \$60.6 million. Our direct customer file has increased from 300,000 at the end of 1996 to approximately 1.7 million at the end of May 2001. Our retailer channel grew from its inception in 1998 to 25,500 stores at the end of May 2001.

2

The name Gaiam is a fusion of the words "Gaia," the name for Mother Earth in ancient Greece, and "I am." Gaiam was founded in Boulder, Colorado and organized as a Colorado corporation on July 7, 1988. Gaiam's principal office is located at 360 Interlocken Blvd., Broomfield, Colorado 80021, and its telephone number is (303) 222-3600.

Recent Results

Gaiam's unaudited results of operations for the second quarter ended June 30, 2001 reflect a 93.4% increase in sales to \$22.0 million from \$11.4 million for the second quarter ended June 30, 2000, a 425.9% increase in operating income to \$1.5 million from \$294,441 for the second quarter of 2000 and a 175.6% increase in net income to \$552,403 from \$200,452 for the second quarter of 2000. Earnings per share were 5 cents for the three months ended June 30, 2001, up from 2 cents for the three months ended June 30, 2000.

THE OFFERING

Class A common stock offered by Gaiam.....	2,200,000 shares
Class A common stock outstanding after this offering.....	8,165,557 shares (1)
Class B common stock outstanding after this offering.....	5,400,000 shares
Total common stock outstanding after this offering.....	13,565,557 shares (1)
Use of proceeds.....	Working capital and other general corporate purposes, including repayment of indebtedness, expansion of sales channels, new product launches and acquisitions. See "Use of Proceeds" and "Our Business."
Nasdaq National Market symbol.....	GAIA

(1) Based on the number of shares outstanding on June 30, 2001. Excludes 1,568,290 shares issuable upon exercise of options and warrants outstanding as of June 30, 2001, at an average exercise price of \$7.93 per share. See "Management." Also assumes no exercise of the underwriter's over-allotment option.

3

Except where specified, references to Gaiam's shares refer to shares of its class A common stock. The information on our website, including any online discussion forums, and in our catalogs and other marketing materials is not

Edgar Filing: GAIAM INC - Form 424B1

part of this prospectus. References in this prospectus to "Gaiam," "we," "our" and "us" refer to Gaiam, Inc. and our wholly- and majority-owned subsidiaries and not to the persons who manage Gaiam or sit on its Board of Directors.

4

SUMMARY CONSOLIDATED FINANCIAL DATA (in thousands, except per share data)

The following table summarizes the consolidated financial data of our business. You should read the summary consolidated financial data below in conjunction with our consolidated financial statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

	Year Ended December 31,			Three Months Ended March 31,	
	1998	1999	2000	2000	2001
				(Unaudited)	
Statement of Operations Data:

-
- (1) Net income after minority interest includes net income of consolidated Gaiam operations, excluding that portion attributable to the minority shareholders' interest in the net income or loss in the consolidated subsidiary, net of tax.
- (2) Gives effect to the sale by Gaiam of 2,200,000 shares at the public offering price of \$13.75 per share, after deducting the underwriting discounts and estimated offering expenses payable by Gaiam and application of the net proceeds for repayment of \$6.5 million of long-term debt (at

Edgar Filing: GAIAM INC - Form 424B1

March 31, 2001) from the proceeds of this offering. (Gaiam intends to use an additional \$3.5 million in proceeds from this offering to repay debt incurred subsequent to March 31, 2001.) See "Use of Proceeds" and "Capitalization."

5

RISK FACTORS

This offering involves a high degree of risk. You should carefully consider the risks described below and the other information in this prospectus before deciding to invest in our shares. If any of the following risks actually occurs, our business could be harmed and the trading price of our shares could decline. In that case, you might lose all or part of your investment.

We may not be able to compete successfully against our current and future competitors.

Our goal is to establish ourselves as the leader in the LOHAS market. We believe that the LOHAS market has thousands of small, local and regional businesses. Some smaller businesses may be able to more effectively personalize their relationships with customers, thereby gaining a competitive advantage. Although we believe that we do not compete directly with any single company with respect to our entire range of merchandise, within each merchandise category we have competitors and may face competition from new entrants. Some of our competitors or our potential competitors may have greater financial and marketing resources. In addition, larger, well-established and well-financed entities may acquire, invest in or form joint ventures with our competitors. Increased competition from these or other competitors could negatively impact our business.

Changing consumer preferences and general economic conditions may have an adverse effect on our business.

Our business is targeted at consumers who assign high value to healthy lifestyles, personal development, renewable energy and the environment. A decrease of consumer interest in purchasing goods and services that promote the values we espouse would materially and adversely affect the growth of our customer base and sales revenues and, accordingly, our financial prospects. Further, consumer preferences are difficult to predict. Our future success depends in part on our ability to anticipate and respond to changes in consumer preferences and we may not respond in a timely or commercially appropriate manner to such changes. Failure to anticipate and respond to changing consumer preferences could lead to, among other things, lower sales of our products, increased merchandise returns and lower margins, which would have a material adverse effect on our business.

We may face quarterly and seasonal fluctuations that could harm our business.

Our revenue and results of operations have fluctuated and can be expected to continue to fluctuate on a quarterly basis as a result of a number of factors, including the timing of catalog offerings, recognition of costs or net sales contributed by new merchandise and catalog offerings, fluctuations in response rates, fluctuations in paper, production and postage costs and expenses, merchandise returns, adverse weather conditions that affect distribution or shipping, shifts in the timing of holidays and changes in our merchandise mix. In addition, our net sales and profits have historically been higher during the fourth quarter holiday season. We believe that this seasonality will continue in the future. If, for any

6

Edgar Filing: GAIAM INC - Form 424B1

reason, our sales were to fall below expectations during the fourth quarter holiday season, our financial condition and results of operations would be adversely affected.

Some products and services we sell may put us at a competitive price disadvantage.

Some environmentally friendly products are priced at a premium to products that have similar uses but are not environmentally friendly. Our sales growth assumes that consumers will sometimes be willing to pay higher prices in order to enhance the environment, promote a sustainable economy and achieve healthy lifestyles and personal development or that, over time, we will be able to reduce prices through volume purchases from our suppliers. If we are unable to sustain price levels of these products, or to increase sales volume to a level that would allow us to reduce our costs, our business will be adversely affected.

If the protection of our internet domain names is inadequate, our brand recognition could be impaired and we could lose customers.

We currently hold various internet domain names relating to our brand, including www.gaiam.com. The acquisition and maintenance of domain names is regulated by governmental agencies and their designees. The regulation of domain names in the U.S. and in foreign countries is changing and is expected to continue to change in the future. As a result, we may not be able to acquire or maintain the domain names we want in all countries in which we seek to conduct business. Furthermore, we may be unable to prevent third parties from acquiring domain names whose similarity decreases the value of our trademarks and proprietary rights. Loss of our internet domain names could adversely affect our ability to develop brand recognition.

Our success depends on the value of the Gaiam brand, and if the value of our brand were to diminish, our revenues, results of operations and prospects would be adversely affected.

Because we are increasing our sales of proprietary products, our success increasingly depends on the Gaiam brand and its value in the LOHAS market. Building and maintaining recognition of the Gaiam brand is important to attracting and expanding our customer base. We cannot be certain that our marketing efforts or brands will attract new customers, retain existing customers or encourage repeat purchases.

Acquisitions may harm our financial results, cause our stock price to decline, or dilute our shareholders' interests.

Acquisitions have been part of our growth and may continue to be part of our growth in the future. In June 2000, Gaiam and Whole Foods Market, Inc., a publicly-traded company, merged their internet properties into gaiam.com, Inc. In January 2001, we acquired Real Goods Trading Corporation. We will continue to evaluate acquisition opportunities as they arise. These acquisitions may be of entire companies, controlling interests in companies or of minority interests in companies where we intend to invest as part of a strategic

alliance. However, we may not succeed in identifying attractive acquisitions or attractive acquisition candidates may not be available at reasonable prices. We are also likely to face competition for attractive acquisition candidates, which may increase the expense of completing acquisitions. Acquisitions may

Edgar Filing: GAIAM INC - Form 424B1

harm our operating results or cause our stock price to decline because we may:

- . issue equity or equity-related securities that dilute our current shareholders' percentage ownership or incur substantial debt or assume liabilities of an acquired business;
- . experience reduced earnings or adverse tax consequences by failing to efficiently integrate the operations, assets and personnel of the acquired companies in a timely manner, being required to amortize a significant amount of intangible assets acquired in an acquisition, or otherwise; and
- . divert management's attention from operating the business.

Moreover, we may have difficulties integrating the operations, products and personnel of the companies we acquire. The presence of minority ownership interests in any acquired company, and our strategy of allowing our subsidiaries to retain some autonomy in their management and operation, could make integration more difficult. The success of future acquisitions is dependent on our ability to effectively integrate the acquired companies' operations and brands, including our ability to recognize potentially available marketing synergies and cost savings, some of which may involve operational changes. If we are not successful in integrating companies that we may acquire, our business could be materially and adversely affected.

The loss of the services of our key personnel could disrupt our business.

The services of our officers, Jirka Rysavy, Lynn Powers and Pavel Bouska, are critical to our business. We do not carry any key-man life insurance. Our strategy of allowing the management teams of acquired companies to continue to exercise significant management responsibility for those companies makes it especially important that we retain key employees, particularly the sales and creative teams, of the companies we might acquire.

Government regulation and legal uncertainties could add additional costs to doing business on the internet.

E-commerce is new and rapidly changing. Federal and state regulation relating to the internet and e-commerce is evolving. Currently, there are few laws or regulations directly applicable to the internet or e-commerce on the internet. Laws and regulations may be enacted with respect to the internet, covering issues such as user privacy, pricing, taxation, content, copyrights, distribution, antitrust and quality of products and services.

Our business could also be affected by regulations adopted in the future. For example, a number of different bills are under consideration by Congress and various state legislatures that would restrict disclosure of consumers' personal information. If legislation of this type were enacted, it would make it more difficult for us to obtain additional names

8

for our distribution lists, and restrict our ability to send unsolicited electronic mail or printed catalogs, both of which could slow the growth of our customer base.

If we cannot maintain and continually update our information systems, our business could suffer.

Information systems are critical to our business. These systems assist in processing orders, managing inventory, purchasing and shipping merchandise on a

Edgar Filing: GAIAM INC - Form 424B1

timely basis, responding to customer service inquiries, and gathering and analyzing operating data by business segment, customer, and SKU (a specific identifier for each different product). As our business grows we will need to continually update these systems. Furthermore, if we acquire other companies, we will need to integrate the acquired companies' systems with ours, a process that could be time-consuming and costly. If our systems cannot accommodate our growth or fail, we could incur substantial expenses.

Although we are a multi-channel company, the internet is an important sales channel for us. The development of a website and other proprietary technology entails significant technical, financial and business risks. We have spent approximately \$5.5 million in the development of our websites to date to introduce several new website features. We intend to continue to invest resources to enhance our websites and keep our systems up to date. In addition, the adoption of new internet, networking or telecommunications technologies may require us to devote substantial resources to modify and adapt our services. Our success in e-commerce will depend upon our ability to continue to provide a compelling and satisfying shopping experience. To remain competitive, we must continue to enhance and improve the responsiveness, functionality and features of our online technology.

A material security breach could cause us to lose sales, damage our reputation or result in liability to us.

Our computer servers may be vulnerable to computer viruses, physical or electronic break-ins and similar disruptions. We may need to expend significant additional capital and other resources to protect against a security breach or to alleviate problems caused by any breaches. Our relationships with our customers may be adversely affected if the security measures that we use to protect personal information, such as credit card numbers, are ineffective. We currently rely on security and authentication technology that we license from third parties. We may not be able to prevent all security breaches.

Our systems may fail or limit user traffic, which would cause us to lose sales.

We maintain a single call center in Broomfield, Colorado. We are dependent on our ability to maintain our computer and telecommunications equipment in this center in effective working order and to protect against damage from fire, natural disaster, power loss, telecommunications failure or similar events. In addition, growth of our customer base may strain or exceed the capacity of our computer and telecommunications systems and lead to degradations in performance or systems failure. We have experienced capacity constraints and failure of information systems in the past that have resulted in decreased levels of

9

service delivery or interruptions in service to customers for limited periods of time. Although we continually review and seek to upgrade our technical infrastructure and provide for system redundancies and backup power to limit the likelihood of systems overload or failure, substantial damage to our systems or a systems failure that causes interruptions for a number of days could adversely affect our business. Additionally, if we are unsuccessful in updating and expanding our infrastructure, including our call center, our ability to grow may be constrained.

We may face legal liability for the content contained on our website.

We could face legal liability for defamation, negligence, copyright, patent or trademark infringement, personal injury or other claims based on the nature and content of materials that we publish or distribute on our website.

Edgar Filing: GAIAM INC - Form 424B1

If we are held liable for damages for the content on our website, our business may suffer. Further, our business is based on establishing www.gaiam.com as a trustworthy and dependable provider of information and services. Allegations of impropriety, even if unfounded, could therefore have a material adverse effect on our reputation and our business.

Our suppliers may not be able to supply us with merchandise in a timely manner, which could cause us to lose sales.

To successfully operate our business, we must receive timely delivery of merchandise from our vendors and suppliers, many of which are small private companies. As we grow, some of these vendors may not have sufficient capital, resources, or personnel to increase their sales to us or to satisfy their commitments to us. Any significant delay in the delivery of products by vendors could result in a loss of sales, increased fulfillment expenses and damage to our customer service reputation. The failure of third parties to provide an adequate level of service could decrease our revenues and increase our costs.

Given our emphasis on customer service, the efficient and uninterrupted operation of order-processing and fulfillment functions is critical to our business. To maintain a high level of customer service, we rely heavily on a number of different outside service providers, such as printers, telecommunications companies and delivery companies. Any interruption in services from our principal outside service providers, including delays or disruptions resulting from labor disputes, power outages, human error, adverse weather conditions or natural disasters, could materially adversely affect our business.

Relying on our centralized fulfillment center could expose us to losing revenue.

Prompt and efficient fulfillment of our customers' orders is critical to our business. Our facility in Cincinnati, Ohio handles our fulfillment functions and some customer-service related operations, such as returns processing. Approximately 90% of our orders are filled and shipped from the Cincinnati facility. The balance is shipped directly from suppliers. Because we rely on a centralized fulfillment center, our fulfillment functions could be severely impaired in the event of fire, extended adverse weather conditions, or natural disasters. Because we recognize revenue only when we ship orders, interruption of our shipping would diminish our revenues.

10

Our costs could be increased by overstocks and merchandise returns, as well as by our strategy of offering branded products.

An important part of our strategy is to feature branded products. These products are sold under our brand names and are manufactured to our specifications. We expect our reliance on branded merchandise to increase. To be successful, we must periodically update and expand the product offerings for our catalogs and websites. The use of branded merchandise requires us to incur costs and risks relating to the design and purchase of products, including submitting orders earlier and making longer initial purchase commitments.

In addition, the use of branded merchandise limits our ability to return unsold products to vendors, which can result in higher markdowns in order to sell excess inventory. Our commitment to customer service typically results in more emphasis being placed on keeping a high level of merchandise in stock so we can fill orders immediately. Consequently, we run the risk of having excess inventory, which may also contribute to higher markdowns. Our failure to

Edgar Filing: GAIAM INC - Form 424B1

successfully execute a branded merchandise strategy or to achieve anticipated profit margins on these goods, or a higher than anticipated level of overstocks, may materially adversely affect our revenues.

We offer our customers liberal merchandise return policies. Our financial statements include a reserve for anticipated merchandise returns, which is based on historical return rates. It is possible that actual returns may increase as a result of factors such as the introduction of new merchandise, new product offerings, changes in merchandise mix or other factors. Any increase in our merchandise returns will correspondingly reduce our revenues.

Our sales could be negatively affected if we are required to charge additional taxes on purchases.

We generally collect sales taxes on our internet and catalog sales only on sales to residents of the state in which Gaiam is headquartered, where orders are fulfilled or where Gaiam has a location. We currently collect sales taxes on internet and catalog sales in Colorado, California and Ohio. Federal laws currently limit the imposition of state and local taxes on internet-related sales. However, there is a possibility that Congress may not renew this legislation in 2001. If Congress chooses not to renew this legislation, state and local governments would be free to impose taxes on electronically purchased goods, which could adversely affect us. Due to the high level of uncertainty regarding the imposition of taxes on electronic commerce, a number of states, as well as a Congressional advisory commission, are reviewing appropriate tax treatment for companies engaged in e-commerce. Such proposals, if adopted, could substantially impair the growth of e-commerce and could adversely affect our opportunity to derive financial benefit from these activities.

Many states have attempted to require that out-of-state direct marketers collect sales and use taxes on the sale of merchandise shipped to its residents. If Congress enacts legislation permitting states to impose sales or use tax obligations on out-of-state direct

11

marketing companies, or if other changes require us to collect additional sales or use taxes, these obligations would make it more expensive to purchase our products and would increase our administrative costs. Audits by state tax authorities could give rise to a retroactive assessment for tax liabilities if it was determined we had sufficient activities in that state. State sales tax laws typically provide for a lengthy statute of limitations, and if we were retroactively assessed for taxes, the assessment could adversely affect our business.

Postage and shipping costs may increase and therefore increase our expenses.

We ship our products, catalogs, and lifestyle publications to consumers and the cost of shipping is a material expenditure. Postage and shipping prices increase periodically and can be expected to increase in the future. Any inability to secure suitable or commercially favorable prices or other terms for the delivery of our merchandise and catalogs could have a material adverse effect on our financial condition and results of operations.

Our founder and chief executive officer Jirka Rysavy controls Gaiam.

Mr. Rysavy holds 100% of Gaiam's 5,400,000 outstanding shares of class B common stock. The shares of class B common stock are convertible into shares of class A common stock at any time. Each share of class B common stock has ten votes per share, and each share of class A common stock has one vote per share, although pursuant to a voting agreement between Gaiam and Mr. Rysavy, the class

Edgar Filing: GAIAM INC - Form 424B1

B common stock is limited to 49% of the total votes and all shares over this percentage are voted proportionately with the class A common stock. Mr. Rysavy also owns 2,686,200 shares of class A common stock and options to purchase 400,000 shares of class A common stock (of which options to purchase 68,000 shares of common stock are exercisable within 60 days). After giving effect to the issuance of class A common stock in the offering, Mr. Rysavy will beneficially own approximately 59.8% of the outstanding shares of Gaiam common stock, assuming Mr. Rysavy's class B common stock was converted into class A common stock. In addition, he will also have approximately 65.8% of the total votes. As a result, Mr. Rysavy will be able to exert substantial influence over Gaiam and to control matters requiring approval by the shareholders of Gaiam, including the election of directors, increasing our authorized capital stock, our dissolution, the merger or sale of our assets and the general affairs of Gaiam. This control by Mr. Rysavy may discourage transactions involving a change of control of Gaiam.

The price of our class A common stock may be subject to wide fluctuations and may trade below the offering price.

The market price of our shares after the offering may vary from the offering price and could be subject to wide fluctuations in response to factors such as the future issuance of shares as well as the following factors that are beyond our control:

- quarterly variations in our operating results;
- operating results that vary from the expectations of securities analysts and investors;
- changes in expectations as to our future financial performance, including financial estimates by securities analysts and investors;

12

- announcements by third parties of significant claims or proceedings against us;
- strategic moves by us or our competitors, such as acquisitions or restructurings; and
- stock market price and volume fluctuations.

Shares eligible for public sale after this offering could adversely affect our stock price.

Sales of a substantial number of shares in the public market following this offering, or the perception that sales could occur, could adversely affect the market price for our shares and impair our ability to raise equity capital in the future. Immediately after this offering 8,165,557 shares of class A common stock and 5,400,000 shares of class B common stock (which are immediately convertible into 5,400,000 shares of class A common stock) will be outstanding. Of this number, approximately 4,500,000 shares will be freely tradeable, and approximately 3,700,000 additional shares of class A common stock and all shares of class B common stock are eligible for sales under Rule 144 of the Securities Act. Please see "Shares Eligible for Future Sale."

13

FORWARD-LOOKING STATEMENTS

Edgar Filing: GAIAM INC - Form 424B1

This prospectus contains forward-looking statements that involve risks and uncertainties. These statements refer to our future plans, objectives, expectations and intentions. We use words such as "anticipates," "believes," "plans," "estimates," "expects," "future," "intends," "strive" and similar expressions to identify forward-looking statements. These forward-looking statements involve risks and uncertainties. Gaiam's actual results could differ materially from those anticipated in these forward-looking statements, as a result of certain factors, as more fully described in "Risk Factors" and elsewhere in this prospectus. We caution you that no forward-looking statement is a guarantee of future performance, and you should not place undue reliance on these forward-looking statements which reflect our management's view only as of the date of this prospectus. We undertake no obligation to update any forward-looking information.

USE OF PROCEEDS

The net proceeds to Gaiam from the sale of the shares in this offering are estimated to be approximately \$27.5 million, giving effect to the sale by Gaiam of 2,200,000 shares at the public offering price of \$13.75 per share and after deducting the underwriting discounts and estimated offering expenses payable by Gaiam.

We intend to use approximately \$10 million of the net proceeds of the offering to reduce the amount outstanding under our Wells Fargo Bank West N. A. revolving line of credit and to repay debt we assumed in connection with the Real Goods Trading Corporation merger. Our revolving line of credit extends through June 30, 2003 and bears interest at the lower of prime rate less 0.5% or LIBOR plus 2.75%.

We plan to use the remaining proceeds to fund expansion of our media channel, launch new products and for working capital and general corporate purposes. We may also use a portion of the net proceeds to make acquisitions or strategic minority interest investments. However, we currently have no commitments or agreements and are not involved in negotiations with respect to acquisitions. Pending these uses, we will invest the net proceeds of this offering in short-term, interest-bearing, investment-grade securities. Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations."

14

PRICE RANGE OF COMMON STOCK

Our shares have been quoted on the Nasdaq National Market under the symbol "GAIA" since October 29, 1999. Prior to that time, there was no public market for the shares. The following table sets forth, for the period indicated, the high and low bid prices per share of the shares as reported on the Nasdaq National Market:

	High	Low
	-----	-----
1999		
Fourth Quarter (commencing October 29, 1999).....	\$18.25	\$ 5.38
2000		
First Quarter.....	\$19.00	\$13.92
Second Quarter.....	\$24.69	\$14.00
Third Quarter.....	\$19.00	\$15.00

Edgar Filing: GAIAM INC - Form 424B1

Fourth Quarter.....	\$18.25	\$14.63
2001		
First Quarter.....	\$15.75	\$ 9.38
Second Quarter.....	\$16.00	\$ 9.40
Third Quarter (through July 31, 2001).....	\$15.29	\$13.14

On July 31, 2001, the reported last sale price of our class A common stock on the Nasdaq National Market was \$14.25. As of June 30, 2001, there were 9,086 stockholders of record of Gaiam's class A common stock and one stockholder of record of Gaiam's class B common stock.

DIVIDEND POLICY

Gaiam has never declared or paid any cash dividends on its capital stock. We currently intend to retain earnings, if any, to support our growth strategy and do not anticipate paying cash dividends in the foreseeable future. In addition, our bank credit agreement prohibits the payment of any dividends to our shareholders.

15

CAPITALIZATION

The following table sets forth the capitalization of Gaiam as of March 31, 2001 on an actual basis and as adjusted to reflect the sale by Gaiam of 2,200,000 shares in this offering at the public offering price of \$13.75 per share, less the underwriters' discounts and commissions and estimated offering expenses, and the application of the estimated net proceeds therefrom. See "Use of Proceeds."

You should read this information together with our consolidated financial statements and the notes to those statements appearing elsewhere in this prospectus.

SELECTED CONSOLIDATED FINANCIAL DATA

The selected statement of operations data for the years ended December 31, 1998, 1999 and 2000 and balance sheet data as of December 31, 1999 and 2000 set forth below are derived from Gaiam's audited consolidated financial statements, which appear elsewhere in this prospectus. The selected statement of operations for the years ended December 31, 1996 and 1997 and balance sheet data as of December 31, 1996, 1997 and 1998 set forth below are derived from Gaiam's audited consolidated financial statements. The selected balance sheet data as of March 31, 2001 and selected statement of operations data for the three-month periods ended March 31, 2000 and 2001 set forth below are derived from Gaiam's unaudited consolidated financial statements as of March 31, 2001 and for the three-month periods ended March 31, 2000 and 2001, which appear elsewhere in this prospectus. In the opinion of management, the unaudited consolidated financial statements include all adjustments, consisting only of normal recurring accruals and adjustments, necessary for a fair presentation of the financial position and results of operations for these unaudited periods. The historical operating results are not necessarily indicative of the results to be expected for any other period. You should read the following selected consolidated financial data in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Gaiam's consolidated financial statements and related notes, included elsewhere in this prospectus.

(2) Securities valued at fair market value in 1996, 1997 and 1998.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of Gaiam's financial condition and results of operations should be read in conjunction with the consolidated financial statements and related notes included elsewhere in this prospectus.

Overview

Edgar Filing: GAIAM INC - Form 424B1

Gaiam is a lifestyle company providing a broad selection of information, products and services to customers who value natural health, personal development and renewable energy. Gaiam was incorporated in Boulder, Colorado in 1988. In 1995, Gaiam began expanding nationally and making acquisitions. In 1996, Gaiam made a large investment in infrastructure and operating systems to support its rapid growth. In 1998, a team of key executives joined Gaiam to help facilitate future growth. From 1996 to 2000, our revenues increased from \$14.8 million to \$60.6 million.

Gaiam's business model is evolving as evidenced by the increase in the percentage of our revenues attributable to our business-to-business segment and the launch of our internet channel. During 1998, business-to-business revenues accounted for approximately 13% of our revenues, while in 2000 this segment's revenues increased to approximately 28% of total revenue. In addition, Gaiam's gross margin continues to increase because we are developing more proprietary merchandise, on which we have better margins, and negotiating better pricing from our vendors due to volume discounts.

In June 2000, Whole Foods Market, Inc. and Gaiam merged their internet properties into Gaiam.com, Inc. Gaiam owns 50.1% of Gaiam.com, Whole Foods Market owns 35% and the remainder is owned by various venture capital funds. Gaiam.com is the exclusive e-commerce site for both Gaiam and Whole Foods Market. Whole Foods Market and Gaiam have also entered into a 10 year joint marketing agreement to promote each other's business and share customer data. The companies are presenting Gaiam's lifestyle products in a store-within-a-store concept in Whole Foods Market's larger stores.

In January 2001, we acquired Real Goods Trading Corporation in a merger. In the merger, each shareholder of Real Goods received one share of class A common stock for each 10 shares of Real Goods held. We have already consolidated a majority of Real Goods' operations into our infrastructure, significantly reducing operating expenses. We have closed Real Goods' Santa Rosa headquarters, Ukiah distribution center and call center. We have also improved the gross profit margin through the introduction of our proprietary products, through our purchasing power and by streamlining the Real Goods product offering.

Also in the first quarter of 2001, we acquired the Selfcare.com and Gaia.com URLs, as well as selected inventory of Medical SelfCare from the assignee for the benefit of its creditors.

19

Results of Operations

The following table sets forth certain financial data as a percentage of revenues for the periods indicated.

	=====	=====	=====	=====	=====	=====	=====

Three months ended March 31, 2001 compared to three months ended March 31, 2000

Revenues increased 40.7% to \$17.7 million for the three months ended March 31, 2001 from \$12.6 million during the three months ended March 31, 2000. Gaiam's internal growth rate was 21%, fueled primarily by the growth in sales of Gaiam's proprietary products.

Gross profit, which consists of revenues less cost of sales (primarily merchandise acquisition costs and in-bound freight) increased 41.7% to \$10.8 million for the first quarter of 2001 from \$7.6 million during the same period in 2000. As a percentage of revenue, gross profit increased to 61.3% in the first quarter of 2001 from 60.8% in the first quarter of 2000. This increase in gross profit percentage was primarily the result of Gaiam's continuing efforts to increase the number of proprietary products offered, on which Gaiam has better margins than other products.

Selling and operating expenses, which consist primarily of sales and marketing costs, commission and fulfillment expenses, increased 40.8%, consistent with the revenue increase of 40.7%, to \$8.5 million for the three months ended March 31, 2001 from \$6.1 million for the same period in 2000. As a percentage of revenues, selling and operating expenses were 48.3% for the comparable periods in both 2001 and 2000.

Corporate, general and administrative expenses increased to \$1.6 million during the first quarter of 2001, from \$1.1 million during 2000, primarily as a result of Gaiam's growth.

20

As a percentage of revenues, general and administrative expenses decreased to 8.8% in the first quarter of 2001 from 8.9% for the same period in 2000.

Operating income, as a result of the factors described above, increased 61.1% to \$735,365 for the three months ended March 31, 2001, from \$456,359 for the comparable period in 2000.

Gaiam recorded \$67,698 in other income for the three months ended March

Edgar Filing: GAIAM INC - Form 424B1

31, 2001 compared to \$122,945 in other expense for the three month ended March 31, 2000.

Minority interest in net income of consolidated subsidiaries was \$82,645 during the first quarter of 2001, compared to \$4,992 during the first quarter of 2000.

Income tax provision increased to \$301,390 for the three months ended March 31, 2001 from \$125,130 for the comparable period in 2000. The effective tax rate on pre-tax income for both periods was 37.5%.

Net income, as a result of the factors described above, increased 106.1% to \$419,028 for the three months ended March 31, 2001, from \$203,292 for the three months ended March 31, 2000.

Year ended December 31, 2000 compared to year ended December 31, 1999:

Revenues increased 32.5% to \$60.6 million in 2000 from \$45.7 million in 1999. Gaiam's internal growth rate was 24%, fueled primarily by sales to retail chains and by our internet business. Business-to-business revenues grew 50.3% to \$16.8 million in 2000 from \$11.2 million in 1999.

Gross profit increased 33.6% to \$36.8 million in 2000 from \$27.5 million during 1999. As a percentage of revenue, gross profit increased to 60.7% in 2000 from 60.2% in 1999. This was primarily attributable to the growth of our proprietary product offerings, on which we have better margins, which constituted 37% of sales in 2000, up from 24% in 1999.

Selling and operating expenses increased 22.3%, which is less than the revenue increase of 32.5%, to \$27.3 million in 2000 from \$22.3 million in 1999. As a percentage of revenues, selling and operating expenses decreased to 45.1% in 2000 from 48.8% in 1999.

Corporate, general and administrative expenses increased to \$5.1 million for 2000 from \$3.1 million in 1999. As a percentage of revenues, general and administrative expenses increased to 8.3% in 2000 from 6.7% in 1999, primarily as a result of an increase in depreciation expense and the expenses associated with being a public company.

Operating income, as a result of the factors described above, increased 108.4% to \$4.4 million in 2000 from \$2.1 million in 1999.

Gaiam recorded \$73,947 in other expense during 2000, compared to other income of \$971,159 in 1999. During 1999, Gaiam recognized gains on the sales of marketable

21

securities held by Gaiam of \$2.5 million. Net interest expense declined to \$209,167 in 2000 from \$365,294 in 1999, primarily as a result of interest income generated in the third and fourth quarters of 2000.

Minority interest net income was \$59,706 in 2000 and \$50,858 during 1999.

Income tax provision increased to \$1.6 million in 2000, an effective tax rate of 37.5% on pre-tax income, from \$1.0 million in 1999.

Net income, as a result of the factors described above, increased 54.2% to \$2.6 million in 2000 from \$1.7 million during 1999.

Year ended December 31, 1999 compared to year ended December 31, 1998:

Edgar Filing: GAIAM INC - Form 424B1

Revenues increased 48.8% to \$45.7 million in 1999 from \$30.7 million in 1998. This revenue growth was primarily attributable to acquisitions. Gaiam's internal growth rate was 18% for fiscal 1999. Business-to-business revenues grew 49.4% to \$11.2 million in 1999 compared to \$3.8 million in 1998. The commencement of internet sales in September 1999 resulted in \$2.1 million of revenues, with \$2.0 million recognized during the fourth quarter.

Gross profit increased 56.8% to \$27.5 million in 1999 from \$17.6 million in 1998. As a percentage of revenues, gross profit increased to 60.2% in 1999 from 57.1% in 1998. This was primarily attributable to increases in sales of proprietary products, on which Gaiam has better margins than other products, and continued better pricing from vendors due to increased volume.

Selling and operating expenses increased 57.5% to \$22.3 million in 1999 compared to \$14.2 million in 1998. As a percentage of revenues, selling and operating expenses increased to 48.8% in 1999 from 46.1% in 1998, as a result of the increased emphasis on revenue growth, particularly in the business-to-business and internet sectors, and the sourcing, development and branding of our proprietary products.

Corporate, general and administrative expenses increased to \$3.1 million in 1999 compared to \$2.4 million in 1998. As a percentage of revenues, general and administrative expenses decreased to 6.7% in 1999 from 7.8% in 1998.

Operating income, as a result of the factors described above, increased 115.7% to \$2.1 million in 1999 from \$984,843 in 1998.

Other income, comprised primarily of gains on sales of marketable securities and interest expense, increased to \$605,865 in 1999 from \$388,491 in 1998. This change is primarily due to an increase in the number of securities sold during 1999, and was partially offset by higher interest expense due to borrowings and other extraordinary expenses associated with our initial public offering, the acquisition of the minority interest in Living Arts, and expenses associated with moving our warehousing and distribution center.

Minority interest expense decreased to a negative \$50,858 for 1999 compared to \$261,598 in 1998. The majority of this amount represents our former minority partner's one-

22

third interest in the Living Arts losses, net of tax. During 1998, minority interest of \$261,598 represented the 33% Living Arts minority interest, net of tax, for the period September 14, 1998 through December 31, 1998.

Income tax provision grew to \$1.0 million in 1999, as compared to \$251,955 in 1998. The decrease in the effective tax rate to 18.4% of pre-tax net income for 1998 was primarily due to a one-time tax benefit related to the 1998 settlement of a Living Arts legal judgment incurred prior to Gaiam's ownership.

Net income, as a result of the factors described above, increased 99.9% to \$1.7 million for 1999 from \$859,781 for 1998.

Selected Quarterly Operating Results

The following table sets forth our unaudited quarterly results of operations for each of the quarters in 1999 and 2000 and the first quarter of 2001. In management's opinion, this unaudited financial information includes all adjustments, consisting solely of normal recurring accruals and adjustments, necessary for a fair presentation of the results of operations for

Edgar Filing: GAIAM INC - Form 424B1

the quarters presented. You should read this financial information in conjunction with our consolidated financial statements and related notes included elsewhere in this prospectus. The results of operations for any quarter are not necessarily indicative of future results of operations.

Quarterly fluctuations in Gaiam's revenues and operating results are due to a number of factors, including the timing of new product introductions and mailings to customers, advertising, acquisitions (including costs of acquisitions and expenses related to integration of acquisitions), competition, pricing of products by vendors and expenditures on our systems and infrastructure. The impact on revenue and operating results, due to the timing and extent of these factors, can be significant. Our sales are also affected by seasonal influences. On an aggregate basis, Gaiam experiences strongest revenues and net income in the fourth quarter due to increased holiday spending.

Liquidity and Capital Resources

Gaiam's capital needs arise from working capital required to fund our operations, capital expenditures related to expansions and improvements to Gaiam's infrastructure, development of e-commerce, and funds required in connection with the acquisition of new businesses and Gaiam's anticipated future growth. These capital requirements depend on numerous factors, including the rate of market acceptance of Gaiam's product offerings, the ability to expand Gaiam's customer base, the

23

cost of ongoing upgrades to Gaiam's product offerings, the level of expenditures for sales and marketing, the level of investment in distribution and other factors. The timing and amount of these capital requirements cannot accurately be predicted. Additionally, Gaiam continues to evaluate possible investments in businesses, products and technologies, and plans to expand sales and marketing programs and conduct more aggressive brand promotions.

During the first six months of 1999, Gaiam raised \$1.45 million from the private placement of 331,429 shares of class A common stock and \$1.425 million in debentures. The privately placed shares were sold at \$4.375 per share, and the 8% convertible debentures matured on the earlier of one year after the date of the debenture or the closing date of the initial public offering. In October 1999, Gaiam repaid \$500,000 of the convertible debentures and, simultaneous

Edgar Filing: GAIAM INC - Form 424B1

with the closing of the initial public offering, converted the remaining \$1.475 million in debentures to 295,000 shares of class A common stock.

Gaiam's initial public offering of 1,705,000 shares of class A common stock at \$5.00 per share was completed in October 1999. Simultaneous with this offering, Gaiam converted \$1.475 million in debentures to 295,000 shares of common stock, resulting in a total issuance of 2,000,000 shares. The offering's underwriters also exercised their overallotment option for 102,861 additional shares during November 1999. Net proceeds to Gaiam, after deducting all commissions and expenses associated with the offering, were \$6.1 million.

During April 2001, Gaiam entered into a new loan agreement with Wells Fargo increasing Gaiam's borrowing capacity from \$6.5 million to \$14.9 million. The new revolving line of credit, which extends through June 30, 2003, allows borrowings up to \$10 million based upon the collateral value of Gaiam's accounts receivable and inventory held for resale. Wells Fargo has also provided Gaiam with a term loan in the amount of up to \$4.9 million, which matures on July 1, 2006, and allowed a \$537,228 term note assumed as part of the Real Goods merger to remain outstanding. Borrowings under the agreement are secured by a pledge of Gaiam's assets, and bear interest at the lower of prime rate less 50 basis points or LIBOR plus 275 basis points. The Wells Fargo credit agreement contains various financial covenants and also prohibits Gaiam from paying cash dividends to shareholders.

Gaiam's operating activities provided net cash of \$1.2 million for the three months ended March 31, 2001, primarily as a result of an increase in cash generated from net income and depreciation and amortization. Gaiam's operating activities used net cash of \$1.7 million and \$4.6 million during 2000 and 1999, respectively, and provided \$904,245 of net cash in 1998. Gaiam's net cash used in operating activities for 2000 arose primarily from increases in accounts receivable of \$4.1 million associated with growth in the business-to-business segment, increased inventories of \$1.7 million correlating to increased business volumes, and \$1.0 million to produce additional Living Arts video titles. These uses were partially offset by net cash provided by operations of \$4.8 million. Net cash used during 1999 was primarily a result of increases in accounts receivable and inventories associated with business-to-business growth. Net cash provided during 1998 was primarily a result of Gaiam's net income.

24

Gaiam's investing and acquisition activities used cash of \$3.9 million for the three months ended March 31, 2001. During the first quarter of 2001, Gaiam acquired all of the stock and net assets of Earthlings, Inc. and Self Care, Inc. for a total combined purchase price for both companies of \$3.8 million, and completed its merger with Real Goods Trading Corporation. Gaiam's investing activities provided net cash of \$2.9 million during 2000 and used cash of \$2.4 and \$1.3 million during 1999 and 1998, respectively. In June 2000, Gaiam sold 6,000 shares of Redeemable Class A preferred stock in Gaiam.com, Inc. at a price of \$1,000 per share for an aggregate price of \$6 million. On June 30, 2000, Gaiam and Whole Foods Market, Inc. merged their internet businesses into Gaiam.com, Inc. Gaiam owns 50.1% of Gaiam.com, Whole Foods Market currently owns 35% and the remainder is owned by various venture capital funds. As part of this transaction, Whole Foods Market, through its subsidiary, contributed \$6 million in cash plus other assets to Gaiam.com. During 2000, Gaiam used approximately \$8.7 million primarily for the Gaiam.com website, the purchase of a 160 acre conference resort in Paulden, Arizona (Gaiam Yoga Center), and additional infrastructure improvements to support Gaiam's growth. During 1999, Gaiam generated \$2.5 million from the sale of marketable securities and used \$2.7 million primarily for its acquisitions. Gaiam also used \$2.2 million primarily to expand and upgrade the internet, computer and

Edgar Filing: GAIAM INC - Form 424B1

telecommunications systems. During 1998, Gaiam used cash to purchase a majority interest in Living Arts.

During the three months ended March 31, 2001, Gaiam's financing activities provided \$490,290 in cash, as borrowing under Gaiam's line of credit agreement increased \$500,000. Gaiam's financing activities provided net cash of \$3.5 million during 2000, primarily from increased borrowings on Gaiam's line of credit. During 1999, Gaiam's financing activities generated \$9.5 million in net cash, primarily from the initial public offering. During 1998, Gaiam's financing activities generated \$175,300, which resulted from the private placement of shares and debentures, net of the reduction in other outstanding debt.

We believe our available cash, cash expected to be generated from operations, and borrowing capabilities will be sufficient to fund our operations on both a short-term and long-term basis. However, our projected cash needs may change as a result of acquisitions, unforeseen operational difficulties or other factors.

In the normal course of our business, we investigate, evaluate and discuss acquisition, joint venture, majority and minority investment, strategic relationship and other business combination opportunities in the LOHAS market. In the event of any future investment, acquisition or joint venture opportunities, we may consider using then-available liquidity, issuing equity securities or incurring additional indebtedness.

Quantitative and Qualitative Disclosure About Market Risk

We do not believe that any of our financial instruments have significant risk associated with market sensitivity. We are not exposed to financial market risks from changes in foreign currency exchange rates and are only minimally impacted by changes in interest rates. Borrowings under our bank credit facility are at a variable rate of interest, and

25

based on the current level of borrowings, we experience only modest changes in interest expense when market interest rates change. However, in the future, we may enter into transactions denominated in non-U.S. currencies or increase the level of our borrowings, which could increase our exposure to these market risks. We have not used, and currently do not contemplate using, any derivative financial instruments.

26

OUR BUSINESS

Gaiam

Gaiam is a lifestyle company providing a broad selection of information, products and services to customers who value natural health, personal development and renewable energy. We offer our customers the ability to make purchasing decisions based on these values while striving to provide products at prices comparable to conventional alternatives. Our direct customer base is 80% female and 70% college-educated, has a median age of 44 and has an average annual household income of approximately \$60,000.

Gaiam has established itself as a leading lifestyle brand, information resource and authority in the LOHAS market and seeks to become a unifying symbol of the emerging LOHAS lifestyle. Our lifestyle brand is built around our

Edgar Filing: GAIAM INC - Form 424B1

ability to develop and offer content, products and solutions to consumers in the LOHAS market. Our content forms the basis of our proprietary products, which yield our highest margins, and drives demand for parallel product and service offerings. We market our products and services direct-to-consumers and business-to-business through five sales channels: our catalogs, the internet, retailers, media and corporate accounts. We distribute our products in each of these sales channels from a single fulfillment center. Gaiam's operations are vertically integrated from content creation, through product development and sourcing, to customer service and fulfillment.

The LOHAS Market

The LOHAS market, which represented \$227 billion in sales in 2000 according to Natural Business Communication, consists of five main sectors:

- . Sustainable Economy. Renewable energy, energy conservation, recycled goods, environmental management services, sustainable manufacturing processes and related information and services.
- . Healthy Living. Natural and organic foods, dietary supplements, personal care products and related information and services.
- . Alternative Healthcare. Health and wellness solutions and alternative health practices.
- . Personal Development. Solutions, information, products and experiences relating to mind, body and spiritual development.
- . Ecological Lifestyles. Environmentally friendly cleaning and household products, organic cotton clothing and bedding, and eco-tourism.

Gaiam participates in all five sectors of the LOHAS industry.

27

Our Products

We currently stock over 7,000 SKUs. Our best selling products, by LOHAS sector, are as follows:

Sustainable Economy	Healthy Living	Alternative Healthcare	Personal Development	Ecological Lifestyles
Solar Panels and Accessories	Air Filters	Natural Lighting	Yoga Information and Accessories	Natural Cleaners
Energy Systems	Water Filters	Back and Neck Care Products	Pilates Information and Accessories	Organic Cotton Bedding
Energy Efficient Lighting	Personal Air Supply	Massage Accessories	Meditation Information and Accessories	Organic Cotton Towels
Energy Information	EMF Filters	Stress Relief	Fitness Equipment	Organic Cotton Clothing

Edgar Filing: GAIAM INC - Form 424B1

Evaporative Coolers	Personal Care Products	Allergy and Pain Relief	Performance Wear	Recycled Household Paper Products
Intertie Systems	Natural Beauty Products	Sleep Enhancers	Personal Growth Information	Natural Garden Products
Composters	Whole Foods Brand Supplements	Wellness Information	Kids Fitness Products and Information	Non-Toxic Pest Control
Air Dryers	Natural Pet Care	Aroma Therapy	Relaxation Music	Green Cotton Home Accessories

Our Sales Channels

We conduct our direct-to-consumer business through our catalogs, the internet and media. Our business-to-business customers are primarily retailers, corporate accounts and the media.

. Catalogs

Gaiam offers a variety of LOHAS products directly to the consumer through our catalogs and through consumer lifestyle publications such as Natural Home, Self, Shape and Yoga Journal. We produce catalogs in all sectors of LOHAS, using our sub-brands Gaiam Harmony (ecological lifestyles and healthy living), Gaiam Living Arts (personal development), Gaiam Innerbalance (alternative healthcare and healthy living), and Gaiam Real Goods (sustainable economy). Our direct customer file has grown from approximately 300,000 as of December 31, 1996 to over 1.7 million as of the end of May 2001.

. Internet

We use the internet to sell our products and to provide information on the LOHAS lifestyle. We currently offer over 7,000 SKUs on our website, www.gaiam.com. We promote our website through our visual media, catalogs, print publications, and product packaging. A key component of our internet approach is to provide customer support for internet sales from our in-house call center. According to a Jupiter Communications study, 90% of on-line customers prefer human interaction when they require customer service. This is particularly important for Gaiam because the use of many of our products is enhanced by the extensive product education and information that we make available online and through customer service.

28

. Retailers

Since the inception of our retailer channel in 1998, we have increased its breadth and diversity, expanding our coverage to over 23,000 stores in the United States as of the end of May 2001. Gaiam products currently are sold in a variety of leading retailers, including lifestyle stores such as Discovery Channel Stores and The Walking Company; women's beauty stores such as Ulta and Origins; Sporting Goods Chains such as Sports Authority and Big 5 home furnishing stores such as Bed, Bath and Beyond; natural food stores such as Whole Foods Market; sporting goods stores such as Dick's and Galyan's; book stores such as Borders and Barnes & Noble; music stores such as Musicland and Warehouse Music; mass merchants such as Target, Kohl's and Wal-Mart; and e-tailers such as Amazon.com. A number of these retailers display our products in store-within-a-store Gaiam lifestyle shops. We believe we have an opportunity

Edgar Filing: GAIAM INC - Form 424B1

to become the single source solution for LOHAS products for retail accounts. In addition, since entering the Canadian market in May of 2000, we have expanded to over 2,500 stores as of the end of May 2001.

. Media

Gaiam produces information and programming targeted to consumers who value natural health, personal development and renewable energy. Currently, thirteen of our programs are broadcast in the United States and five are broadcast internationally. Our programs are also available in approximately 600,000 hotel rooms in North America through on-demand visual media programming available in such hotels as Four Seasons, Hyatt, InterContinental, Sheraton and Westin. Our media partners include the Discovery Channel, Universal Studios and On Command. Gaiam also publishes print media on personal development, alternative healthcare and sustainable living and operates three music labels with approximately 150 titles.

. Corporate Accounts

Gaiam provides products and services to businesses that are considering renewable energy solutions or desire healthy and natural alternatives to traditional products or processes. Such products and services include environmental reviews, organic cotton robes and bedding, and solar-powered safety and security systems. In addition, we have developed a line of promotional products in organic cotton that includes t-shirts, sweatshirts, caps and bags and other similar products for customers such as Mercedes Benz and Aveda.

We have a design and consulting service for corporate accounts that assesses their energy needs and makes recommendations for more efficient solutions. We have provided our consulting services to clients including The White House, NASA, Disney, Sony, Fetzer Winery, AT&T, the U.S. Departments of Energy and Defense and the Government of Brazil. We expect increased demand for this service because of national energy policy concerns and the ongoing energy crisis in California.

29

Our Strategy

. Strengthen Our Lifestyle Brand

Our goal is to maintain the Gaiam brand as an authority in the LOHAS market and to establish Gaiam as a unifying symbol of the emerging LOHAS lifestyle. We plan to strengthen the Gaiam brand by growing our media channel, increasing our marketing efforts, strengthening relationships with retailers, and increasing the breadth of our proprietary product and audio, video and print media offerings. We intend to maintain our commitment to a high level of customer service. We maintain a "no-risk guarantee" policy, whereby a customer is provided a full refund for products that are returned at any time, for any reason. Our products, services and information generally bear the Gaiam symbol.

. Capitalize on Our Multi-channel Approach

Our multi-channel approach makes purchasing our lifestyle products convenient regardless of the channel customers prefer. In our direct-to-consumer business we are open 24 hours a day, offering our entire selection of products on our internet site.

In our business-to-business segment, we are expanding our retail presence. We have expanded to 25,500 current retail points and we are building

Edgar Filing: GAIAM INC - Form 424B1

store-within-a-store Gaiam lifestyle shops in a variety of stores, including Whole Foods Markets, Discovery Channel Stores, Dick's and Galyan's. We are expanding into women's beauty stores such as Ulta and Origins, sporting goods chains such as Big 5, home furnishing stores such as Bed, Bath and Beyond and mass merchants such as Target and Wal-Mart. Our Gaiam Organix line is being launched in August 2001 in department and specialty stores such as Jacobsons and Fred Segal.

Our media channel, especially television broadcast and on-demand cable programming, enables us to reach customers who might not be familiar with Gaiam through our other sales channels.

. Expand Our Proprietary Product Selection

Our proprietary products, which we introduced in 1997, represented 40% of our revenues in the first quarter of 2001. These products carry a higher margin and distinguish us from many of our competitors. We now offer over 2,000 SKUs of proprietary products that range from media products to organic cotton baby clothes. We are expanding our supply chain with overseas suppliers in Europe and South America and are continuing to develop and source new products in each of the five LOHAS sectors.

Based on our success with bedding and bath products, infant clothing and performance wear, we are planning to offer these products into our business-to-business segment under the Gaiam Organix brand. We believe the demand for naturally processed organic cotton clothing and home furnishing is increasing, and we have an opportunity to increase our brand presence in our current retailers as well as add new retailers with this initiative. We plan to use our existing store-within-a-store lifestyle presence to support this initiative.

30

. Broaden Our Content Through Growth of Gaiam Media

Our media channel introduces customers to Gaiam and helps to establish Gaiam as an authority in the LOHAS market. Our visual media programs are currently broadcast both domestically and internationally, are shown in approximately 600,000 hotel rooms in North America and are packaged as videos, DVDs and CDs. Our print media becomes content for national publications, catalogs, the internet and books.

We intend to continue to expand our media content. We will add visual media programming on wellness, longevity and sustainable living, as well as specialty programs on pregnancy and childcare. We expect to expand international distribution of our visual media. We also plan to develop or acquire additional media properties in music, magazines and book publishing.

. Complement our Existing Business with Selective Strategic Acquisitions

Even though our strategy is not dependent on acquisitions, we will consider strategic acquisitions in the LOHAS industry that complement our existing business, especially companies with a strong brand identity and with customer and product information databases that augment ours. Gaiam generally allows the acquired company's management team to retain responsibility for front-end business functions such as creative presentation and marketing, while consolidating operational functions under the Gaiam organization to realize economies of scale.

Our Operations

Gaiam's brand is built around a vertically integrated business strategy,

Edgar Filing: GAIAM INC - Form 424B1

which enables us to develop content, products and solutions for our LOHAS market consumers. From our strong focus on new content creation, we establish a basis from which to develop additional proprietary product lines and extend our content-based merchandise for distribution through our five sales channels from our single fulfillment center.

. Content Creation

We have in-house production and creative services terms that designs all of our content, packaging, branding, media and marketing pieces, as well as our website. After identifying a topic or solution of interest to our customers, our creative team researches an idea and identifies an expert, where appropriate, to develop our content. We use written materials to create print media, internet content, packaging and magazine and catalog editorials. Using our own production capabilities and editing facilities, we produce high quality visual media content that we distribute by broadcast, on-demand cable programming, videotape or DVD. We develop and maintain a library of lifestyle photography that we use primarily for our print media, website, catalogs and packaging. We either develop or purchase our audio titles, which are comprised primarily of relaxation music that we sell in CD form, and background music for our visual media content.

31

. Product Development and Sourcing

Gaiam branded products, are sold in our five sales channels. Non-proprietary products are only available through our catalogs and over the internet where we initially test products before branding them and distributing them through our other sales channels. Proprietary product sales have increased as a percentage of our revenue from 2% in 1997 to approximately 40% in the first quarter of 2001. We are able to leverage our product development costs across our multiple sales channels.

Our proprietary products are designed by our product development team, sourced both domestically and internationally by our merchandisers and produced by our suppliers to our specifications. Our suppliers are screened for their environmental and social responsibility before contracts are awarded. In order to minimize risk, we have identified an alternate supplier in a separate location for most products. No single supplier is responsible for more than 3% of our business except our video duplication, which is done with only one supplier to minimize production costs. However, duplicate masters of each program are maintained in an off-site vault allowing us to be able to switch to a new duplicator with minimal down time.

. Customer Service

Gaiam focuses on building and maintaining customer relationships that thrive on loyalty and trust. We maintain a "no-risk guarantee" policy, whereby a customer is provided a full refund for products that are returned at any time, for any reason. Our in-house customer service department includes product specialists who have specific product knowledge and assist customers in selecting products and solutions that meet their needs. We employ telephone routing software that directs each call to the appropriate representative. Our policy is to ship orders no later than the next business day, which we accomplish by stocking inventory that supports over 90% of our orders. We believe that by offering exceptional customer service we encourage repeat purchases by our customers, enhance our brand identity and reputation and build stronger relationships with our customers.

. Fulfillment

Edgar Filing: GAIAM INC - Form 424B1

During 2000, we moved from our 64,000 square foot facility into our new 208,000 square foot fulfillment center near Cincinnati, Ohio, which provides significant capacity to support the growth of our business. This central United States location allows us to achieve shipping cost efficiencies to most locations. The center is also located within 30 minutes of several major shipping company hubs. We use a supply chain management system that supports our entire operation, including fulfillment, inventory management, and customer service. Our fulfillment center is connected to our other facilities by a state-of-the art voice-over-IP telecom network that allows us to maintain a high degree of connectivity within our organization.

32

. Executive Team

Gaiam has an experienced team of corporate managers. Our founder and Chief Executive Officer, Jirka Rysavy, was the founder and Chief Executive Officer of Corporate Express, Inc., which he built to a Fortune 500 company. He was also the founder and Chief Executive Officer of Crystal Market, Inc., which was sold to become the first Wild Oats Markets store. Our President and Chief Operating Officer, Lynn Powers, has over 15 years of senior management experience in the retail industry as a Senior Vice President of Merchandising, Marketing and Strategic Planning of Miller's Outpost, which she helped to grow from a \$25 million startup to over \$500 million in revenues. Our Chief Information Officer, Pavel Bouska, was a member of the founding team and an officer of Corporate Express for over 10 years, serving in various positions, including Chief Information Officer and Vice President of Information Systems.

Our Business Segments

We separate our business into two business segments: direct-to-consumer and business-to-business. Business-to-business revenues as a percentage of total revenues increased to 40.4% in the first quarter of 2001 from 12.5% in 1998. See Note 12 to our consolidated financial statements included in this prospectus for further information on our segments.

Our Intellectual Property

Gaiam, Gaiam.com and various product names are subject to trademark or pending trademark applications filed or held by Gaiam or one of our wholly- or majority-owned subsidiaries. We also currently hold various internet domain names relating to our brand, including gaiam.com and gaia.com. We believe these trademarks and domain names are significant assets to our business.

Our Competitive Position

We believe that the LOHAS market is characterized by fragmented supplier and distribution networks, and we are not aware of a dominant leader. Gaiam's goal is to establish itself as the market leader.

Our business is evolving and competitive. Larger and better established entities may acquire, invest in or form joint ventures with our competitors. Many of these entities have longer operating histories and have greater financial and marketing resources than we have. Increased competition from these or other competitors could reduce our revenue and profits. In addition, the smaller businesses we compete against may be able to more effectively personalize their relationships with customers.

Because Gaiam uses multi-channel distribution for our products, we compete with various producers of similar products and services. Our

Edgar Filing: GAIAM INC - Form 424B1

competitors include PPI Entertainment, Goldhil Media, Greenmarketplace.com, thousands of small, local and regional businesses, and product lines or items that are offered by large retailers, manufacturers, publishers and media producers.

33

We believe the principal competitive factors in the LOHAS market are authenticity of information, distinctiveness of products and services, quality of product, brand recognition and price. We believe we compete favorably on all these relevant factors.

We expect industry consolidation to increase competition. As our competitors grow, they may adopt aggressive pricing or inventory policies, which could result in reduced operating margins, loss of market share and a diminished brand franchise.

Our success also depends upon the willingness of consumers to purchase goods and services that promote the values we espouse. While we believe our business plan and assumptions are reasonable, we cannot assure you that the demographic trends on which they are based will continue or that the current levels will be sustained. The decrease of consumer interest in purchasing goods and services that promote the values we espouse would materially and adversely affect the growth of our customer base and revenues and, accordingly, our financial prospects.

Our Employees

As of May 31, 2001, Gaiam, together with our wholly-owned and majority-owned subsidiaries, employed approximately 247 persons. None of our employees is covered by a collective bargaining agreement.

Our Facilities

The following table sets forth information relating to our principal facilities:

Location	Size	Use	Lease Expiration
-----	----	---	-----
Boulder			
County, CO	32,000 sq. ft.	Headquarters and customer service	March 2002
Cincinnati, OH	208,100 sq. ft.	Fulfillment center	March 2006
Venice, CA	9,000 sq. ft.	Creative staff offices	July 2005
Hopland, CA	12 acres	Renewable energy demo site	Owned

We have options to renew our headquarters lease. We believe our facilities are adequate to meet our current needs and that suitable additional facilities will be available for lease or purchase when, and as, we need them.

Regulatory Matters

There are a number of different bills under consideration by Congress and various state legislatures that would restrict disclosure of consumers' personal information, which may make it more difficult for Gaiam to generate additional names for its direct marketing, and restrict a company's right to send unsolicited electronic mail or printed materials. Although Gaiam believes

Edgar Filing: GAIAM INC - Form 424B1

it is generally in compliance with current laws and regulations and that these laws and regulations have not had a significant impact on our business to date, it is possible that existing or future regulatory requirements will impose a significant burden on us.

34

We generally collect internet and catalog sales taxes only on sales to residents of the state in which Gaiam is headquartered, where orders are fulfilled or where Gaiam has a location. Currently, Gaiam collects sales taxes in California, Colorado and Ohio. A number of legislative proposals have been made at the federal, state and local level, and by foreign governments, that would impose additional taxes on the sale of goods and services over the internet and certain states have taken measures to tax internet-related activities. Although Congress placed a moratorium on state and local taxes on internet access or on discriminatory taxes on electronic commerce, existing state or local laws were expressly excepted from this moratorium. Further, once this moratorium is lifted, some type of federal and/or state taxes may be imposed upon internet commerce.

Our business is also subject to a number of other governmental regulations, including the Mail or Telephone Order Merchandise Rule and related regulations of the Federal Trade Commission. These regulations prohibit unfair methods of competition and unfair or deceptive acts or practices in connection with mail and telephone order sales and require sellers of mail and telephone order merchandise to conform to certain rules of conduct with respect to shipping dates and shipping delays. We are also subject to regulations of the U.S. Postal Service and various state and local consumer protection agencies relating to matters such as advertising, order solicitation, shipment deadlines and customer refunds and returns. In addition, merchandise imported by Gaiam is subject to import and customs duties and, in some cases, import quotas.

Legal Proceedings

We are subject to non-material legal proceedings arising in the ordinary course of our business. We do not believe that any of these proceedings will materially adversely affect our business.

35

MANAGEMENT

Executive Officers And Directors

Our executive officers and directors, their respective ages as of June 30, 2001 and their positions are as follows:

Name	Age	Position
----	---	-----
Jirka Rysavy.....	47	Founder, Chairman of the Board and Chief Executive Officer
Lynn Powers.....	52	President, Chief Operating Officer and Director
Pavel Bouska.....	47	Executive Vice President and Chief Information Officer
Barnet M. Feinblum.....	53	Director
John Mackey.....	47	Director
Barbara Mowry.....	53	Director
Paul H. Ray.....	61	Director

Edgar Filing: GAIAM INC - Form 424B1

Jirka Rysavy. Founder, Chairman and Chief Executive Officer of GaiaM. He has been Chairman since GaiaM's inception and became the full-time Chief Executive Officer in December 1998. In 1986, Mr. Rysavy founded Corporate Express, Inc., which, under his leadership, grew to become a Fortune 500 company supplying office and computer products and services. He was its Chairman and Chief Executive Officer until September 1998. Mr. Rysavy also founded and served as Chairman and Chief Executive Officer of Crystal Market, Inc., a health foods market, which was sold in 1987 and became the first Wild Oats Markets store. Mr. Rysavy is also a director of Whole Foods Market, Inc.

Lynn Powers. President, Chief Operating Officer and a director of GaiaM since February 1996. From 1992 to 1996, she was Chief Executive Officer of La Scelta, an importer of natural fiber clothing products. Before that, Ms. Powers was Senior Vice President Marketing/Strategic Development and Vice President Merchandising of Miller's Outpost, a specialty retailer.

Pavel Bouska. Executive Vice President and Chief Information Officer since March 1999. He served as a director of GaiaM from 1991 until August 1999. Prior to joining GaiaM, from June 1988 to March 1999, Mr. Bouska was an officer and one of the founding members of Corporate Express, serving in various positions, including Chief Information Officer and Vice President Information Systems, responsible for system development, information technology, operations, systems conversions and business consolidations. Prior to joining Corporate Express, he was project leader for Software Design & Management, a German software company subsequently acquired by Ernst & Young.

Barnet M. Feinblum. Director since October 1999. Mr. Feinblum is a director of Horizon Organic Dairy and served as the President and Chief Executive Officer of Horizon from May 1995 to January 2000. From July 1993 through March 1995, Mr. Feinblum was the President of Natural Venture Partners, a private investment company. From August 1976 until August 1993, Mr. Feinblum held various positions at Celestial Seasonings, Inc., including President, Chief Executive Officer, and Chairman of the Board. Mr. Feinblum is also a director of Seventh Generation, Inc.

36

John Mackey. Director since September 2000. Mr. Mackey has been the Chairman and Chief Executive Officer of Whole Foods Market, Inc., the world's largest natural food retailer, since he co-founded the company 20 years ago. Mr. Mackey is also a director of Jamba Juice.

Barbara Mowry. Director since October 1999. From November 1997 until February 2001, Ms. Mowry was the President and Chief Executive Officer of Requisite Technology, a business-to-business e-commerce company specializing in the creation and management of electronic content and catalogs. Prior to joining Requisite Technology, Ms. Mowry was an officer of Telecommunications, Inc. (cable television) from 1995 to 1997. In 1990, Ms. Mowry founded, and until 1995 served as Chief Executive Officer of, The Mowry Company, a relationship marketing firm focusing on the development of customer relations for businesses.

Paul H. Ray. Director since October 1999. Mr. Ray is a senior partner in Integral Partnership, a consulting firm specializing in Cultural Creative topics. From November 1986 to December 2000, he was Executive Vice President of American LIVES, Inc., a market research and opinion polling firm. Prior to joining American LIVES, Mr. Ray was Chief of Policy Research on Energy Conservation at the Department of Energy, Mines and Resources of the Government of Canada from 1981 to 1983. From 1973 to 1981, Mr. Ray was Associate Professor of Urban Planning at the University of Michigan. He is the author of "The

Edgar Filing: GAIAM INC - Form 424B1

Integral Culture Survey," which first identified the Cultural Creatives subculture.

Each director serves for a one-year term. Each officer serves at the discretion of the Board of Directors. There are no family relationships among any of the directors or officers of Gaiam.

Committees of the Board of Directors

Our board has standing audit and compensation committees. We have adopted written charters for both committees.

Audit Committee. Our audit committee consists of Messrs. Feinblum and Ray and Ms. Mowry, and each member of the committee is independent within the meaning of applicable NASDAQ rules. Ms. Mowry serves as chairperson of the audit committee. The audit committee oversees (a) management's maintenance of the reliability and integrity of our accounting policies and financial reporting and disclosure practices; (b) management's establishment and maintenance of processes to assure that an adequate system of internal control is functioning; and (c) management's establishment and maintenance of processes to assure our compliance with all laws, regulations and company policies relating to financial reporting. The audit committee held one meeting during fiscal 2000.

Compensation Committee. Our compensation committee consists of Messrs. Feinblum and Ray and Ms. Mowry. Mr. Feinblum serves as chairperson of the compensation committee. The compensation committee establishes compensation amounts and policies applicable to executive officers and establishes salaries, bonuses and other compensation

37

plans and matters for executive officers of Gaiam and administers Gaiam's stock option plans and employee stock purchase plan. The compensation committee held four meetings during fiscal 2000.

We do not have a nominating committee, and nominations for directors are made by our board. Our bylaws set forth certain procedures that are required to be followed by shareholders in nominating persons for election to our board. Generally, written notice of a proposed nomination must be received by the Secretary of the Corporation not later than the 45th day nor earlier than the 70th day prior to the anniversary of the mailing of the preceding year's proxy materials.

Compensation Committee Interlocks and Insider Participation

The compensation committee consisted of Messrs. Feinblum and Ray and Ms. Mowry during fiscal 2000. None of the members of the compensation committee is currently, or has ever been at any time since our formation, one of our officers or employees or an officer or employee of any of our subsidiaries. During 2000, no executive officer of Gaiam served as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of our Board of Directors or compensation committee.

Director Compensation

Directors who are not employees of Gaiam or its affiliates are paid a fee of \$3,000 for each meeting of our board that they attend, and a fee of \$1,000 for each telephonic meeting attended. In addition, non-employee directors are paid a fee of \$500 for attendance at each committee meeting and non-employee

Edgar Filing: GAIAM INC - Form 424B1

chairpersons of each standing committee receive an annual fee of \$1,000. All directors have elected to receive their compensation in Gaiam shares.

During 1999, each non-employee director received a stock option to acquire 10,000 shares of class A common stock at an exercise price of \$5, which was the offering price in our initial public offering. Mr. Mackey received a stock option to acquire 10,000 shares of class A common stock at an exercise price of \$16.375 when he joined the Board in September 2000.

Limitation of Liability and Indemnification Matters

Gaiam's charter provides indemnity to its directors and officers to the extent permitted by Colorado law. The charter also includes provisions to eliminate the personal liability of its directors to Gaiam and its shareholders to the fullest extent permitted by Colorado law. Under current law, exculpation would cover a director's breaches of fiduciary duty, except for:

- . breaches of a person's duty of loyalty to Gaiam,
- . instances where a person is found not to have acted in good faith,

38

- . instances where a person received an improper personal benefit as the result of the breach, and
- . acts in violation of the Colorado Business Corporation Act.

Gaiam's bylaws provide that Gaiam will indemnify its directors, officers and employees against judgments, fines, amounts paid in settlement and reasonable expenses.

Executive Compensation

The following table sets forth the compensation, for the years ended December 31, 1998, 1999 and 2000, of Gaiam's executive officers, Mr. Rysavy and Ms. Powers. Information is also included with respect to compensation for three of Gaiam's Vice Presidents for 1998, 1999 and 2000:

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Annual Compensation		Long Term Compensation (1)
		Salary	Bonus	Securities Underlying Options
Jirka Rysavy.....	2000	\$140,385	--	--
Chairman and Chief Executive Officer	1999	125,000	--	200,000
	1998	-- (2)	--	--
Lynn Powers.....	2000	140,385	\$100,000	90,000
President and Chief Operating Officer	1999	125,000	--	160,000
	1998	110,009	--	--

Edgar Filing: GAIAM INC - Form 424B1

Pavel Bouska.....	2000	134,231	20,000	--
Chief Information Officer	1999	100,632	--	80,000
	1998	--	--	--
Janet Mathews.....	2000	116,724	30,000	--

	1998	83,076	10,000	--

- (1) See table below regarding stock option grants.
 (2) Gaiam began compensating Mr. Rysavy in January 1999.

Stock Option Grants

The following table provides information with respect to the individual stock option grants to the named officers under the 1999 Long-Term Incentive Plan during fiscal year 2000. Options under the plan vest at 2% per month during the 11th through the 60th month after the grant.

39

OPTION GRANTS IN LAST FISCAL YEAR

Name	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Share)	Expiration Date	Potential Realizable Value at Assumed Rates of Stock Appreciation for Option Term (1)	
					5% (\$)	10% (\$)
Lynn Powers.....	90,000	30.8%	\$15.25	December 6, 2007	558,745	1,302,114

- (1) The 5% and 10% assumed annual rates of compound stock price appreciation over the term of the options are computed in accordance with the rules and regulations of the Securities and Exchange Commission and do not represent Gaiam's estimate of stock price appreciation or a projection by Gaiam of future stock prices.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information, with respect to the named officers, concerning the value of unexercised stock options exercisable for Gaiam class A common stock held as of December 31, 2000. In 2000, no named officer exercised any stock options.

Number of Shares Underlying	Value of Unexercised
-----------------------------	----------------------

Edgar Filing: GAIAM INC - Form 424B1

Name -----	Unexercised Options at December 31, 2000 (#)		In-the-Money Options at December 31, 2000 (1)	
	Exercisable	Unexercisable	Exercisable	Unexercisable
Jirka Rysavy.....	32,000	168,000	354,000	1,858,500
Lynn Powers.....	25,600	224,400	283,200	1,503,675
Pavel Bouska.....	12,800	67,200	141,600	743,400
Janet Mathews.....	2,000	18,000	21,875	193,125
Linda West.....	2,000	18,000	21,875	193,125

 (1) The value of unexercised in-the-money options is based on the difference between the exercise price of the individual stock options and the closing price of \$15 7/16 as reported on the NASDAQ exchange on December 31, 2000.

Employment Agreements

Gaiam does not have any employment agreements with any of its executive officers and does not typically enter into written employment agreements with any employees. However, Gaiam's directors, officers and managers are required to sign a confidentiality agreement and, upon receiving a stock option grant, a two-year non-compete agreement commencing with the date they leave Gaiam.

40

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On October 1, 1998, Mr. Rysavy sold InnerBalance to Gaiam for a \$531,000 note carrying interest at 8% per annum, due June 30, 2001. A portion of the note was repaid in 1998. On January 1, 1999, Gaiam issued a \$289,000 8% debenture to Mr. Rysavy for the balance. This debenture was repaid in full on June 30, 1999.

On December 7, 1998, Ms. Powers exercised warrants she received in 1996 to purchase 40,000 shares at \$1.25 per share and also purchased \$50,000 in debentures issued by Gaiam. The debenture was subject to mandatory conversion into shares simultaneous with the closing of Gaiam's initial public offering at the initial offering price and bore interest at 8% per annum. Simultaneous with the closing of Gaiam's initial public offering in October 1999, Ms. Powers' debentures were automatically converted into 10,000 shares, which are restricted securities as defined in Rule 144 under the Securities Act. Accrued and unpaid interest was paid in cash.

Certain sales of securities available for resale made by Gaiam in 1999 were made to a company wholly owned by Mr. Rysavy at prevailing market prices based on NASDAQ quotations. The proceeds of these sales were \$538,750 in 1999. Gaiam obtained the securities by exercising options granted by Mr. Rysavy to Gaiam in 1993.

During 1999 and until April 2000, Gaiam subleased its fulfillment center in Cincinnati, Ohio from a subsidiary of Corporate Express, Inc. at an annual rental rate of approximately \$205,200, which was the same rate as paid by Corporate Express, Inc. under its lease. During 1999, Mr. Rysavy was a director of Corporate Express and beneficially owned approximately 4.9% of the stock of Corporate Express but did not control Corporate Express. The lease was terminated in April 2000 in connection with Gaiam's lease of a new 208,000 square foot distribution center.

Until October 1999, Mr. Rysavy guaranteed Gaiam's line of credit with

Edgar Filing: GAIAM INC - Form 424B1

Wells Fargo Bank (formerly Norwest Bank). The credit agreement permitted borrowings up to \$3 million (of which \$1.9 million was outstanding at December 31, 1999) based upon the collateral value of Gaiam's accounts receivable and inventory held for resale. These borrowings were secured by a pledge of Gaiam's assets and bore interest at the prime rate plus 1%.

In 1999, Gaiam engaged the services of ccplanet.com, Inc. to develop and implement a new web site design using the latest technology for Gaiam's direct-to-consumer operations. Mr. Rysavy owns a majority of ccplanet's stock. Gaiam paid ccplanet \$1.2 million for work performed on the project through December 31, 1999 and an additional \$3.3 million in 2000 (the new site was placed into service during March, 2000). Gaiam made its customer database and certain visual media available to ccplanet in exchange for fees totaling \$600,000 during 1999 and \$1.4 million during 2000.

In 2000, Mr. Rysavy advanced funds to Gaiam to purchase a 70% interest in an organic clothing manufacturer. These advances, plus applicable interest, were repaid in December 2000. Additionally, Gaiam purchased approximately \$300,000 in inventory from

41

Earthlings, Inc. (a related party under common ownership with Mr. Rysavy) at Earthlings' cost. On January 5, 2001, Gaiam purchased Earthlings for \$47,509.

On June 30, 2000, Whole Foods Market, Inc., a publicly traded company, and Gaiam merged their internet properties into Gaiam.com, Inc. Gaiam owns 50.1% of Gaiam.com, Inc., Whole Foods Market owns 35% and the remainder is owned by various venture capital funds. Gaiam is the exclusive internet site for both Gaiam and Whole Foods Market. Whole Foods Market and Gaiam have also entered into a 10 year joint marketing agreement to promote each other's business and share customer data. The companies are currently testing a store-within-a-store concept, presenting Gaiam's lifestyle products, in 21 of Whole Foods Market's larger stores. During 2000, a subsidiary of Whole Foods Market engaged the services of ccplanet for total consideration of \$1.5 million, and Infocenter, Inc., a company formed by Mr. Rysavy, assumed certain liabilities of the Whole Foods Market subsidiary and received funding (\$500,000 in cash and a note in the principal amount of \$3,000,000) to satisfy such liabilities.

On December 29, 2000, Self Care Holdings, Inc., a corporation owned by Mr. Rysavy, purchased certain inventory and other assets of Medical SelfCare, Inc. in an auction conducted in connection with an assignment for the benefit of creditors of Medical SelfCare. On February 1, 2001, Gaiam acquired substantially all of the inventory and assets from Self Care Holdings by acquiring Self Care Inc., a wholly-owned subsidiary of Self Care Holdings, for \$3.9 million, an amount equal to Self Care Holdings' purchase price for the purchased inventory and assets plus related transaction costs.

42

PRINCIPAL SHAREHOLDERS

The following table sets forth information regarding the beneficial ownership of the class A and class B common stock of Gaiam by each of our directors, executive officers and 5% shareholders who beneficially owned shares on July 20, 2001, and as adjusted to reflect the sale of the shares offered in this offering (assuming no exercise of the underwriters' over-allotment option). The address for each person, except as otherwise provided, is 360 Interlocken Blvd., Broomfield, Colorado, 80021.

- (1) Includes options held by Mr. Rysavy to acquire a total of 68,000 shares which options have vested or will vest within 60 days of the date of this prospectus. Mr. Rysavy, our Chairman and Chief Executive Officer, holds all 5,400,000 outstanding shares of class B common stock and 2,686,200 shares of the class A common stock (or approximately 45% of the outstanding shares of class A common stock). The shares of class B common stock vote ten votes per share. Pursuant to a voting agreement between Mr. Rysavy and Gaiam, Mr. Rysavy has agreed to limit the number of shares of class B common stock that he votes to 49% of the combined votes of the class B common stock and class A common stock. His remaining shares of class B common stock are voted in proportion to the votes of the class A common stock. See "Description of Capital Stock--Capital Stock" for a description of the voting rights of the class B common stock.
- (2) Includes options held by Ms. Powers to acquire a total of 54,400 shares which options have vested or will vest within 60 days of the date of this prospectus.
- (3) Includes options held by Mr. Bouska to acquire a total of 27,200 shares which options have vested or will vest within 60 days of the date of this prospectus, and 1,100 shares and 4,480 in options to acquire shares, which options have vested or will vest within 60 days of the date of this prospectus, held by Mr. Bouska's spouse, an employee of Gaiam.

43

- (4) Includes options held by Mr. Feinblum to acquire a total of 5,000 shares, which options have vested or will vest within 60 days of the date of this prospectus, and 1,000 shares held by Mr. Feinblum's spouse.
- (5) Includes options held by Mr. Mackey to acquire a total of 5,000 shares, which options have vested or will vest within 60 days of the date of this prospectus.
- (6) Includes options held by Ms. Mowry to acquire a total of 5,000 shares, which options have vested or will vest within 60 days of the date of this prospectus.
- (7) Includes options held by Mr. Ray to acquire a total of 5,000 shares, which options have vested or will vest within 60 days of the date of

Edgar Filing: GAIAM INC - Form 424B1

this prospectus.

- (8) Each shareholder possesses sole voting and investment power with respect to the shares listed, except as provided by applicable community property laws or as otherwise noted. In accordance with the rules of the Securities and Exchange Commission, each shareholder is deemed to beneficially own any shares obtainable by him or her upon the exercise of stock options or warrants which are currently exercisable or which become exercisable within 60 days after the date of this prospectus, or the conversion of convertible securities that are currently convertible or become convertible within 60 days after the date of this prospectus. The inclusion in this table of shares listed as beneficially owned does not constitute an admission of beneficial ownership.
- (9) The number and percentage of shares owned after this offering assumes none of the listed shareholders will purchase additional shares in this offering, except as otherwise indicated.
- (10) The number of shares deemed outstanding prior to this offering includes all shares of class A common stock outstanding as of June 30, 2001. In addition, the number of shares deemed outstanding for each shareholder includes any shares obtainable by such shareholder through the conversion of class B common stock or through the exercise of options to purchase shares that are exercisable within 60 days of the date of this prospectus.
- (11) The number of shares deemed outstanding after this offering includes all shares of class A common stock outstanding as of June 30, 2001, plus the 2,200,000 shares offered pursuant to this prospectus. In addition, for each shareholder, such number of deemed outstanding includes any shares obtainable by such shareholder through the conversion of class B common stock or through the exercise of options to purchase shares that are exercisable within 60 days of the date of this prospectus.

44

DESCRIPTION OF CAPITAL STOCK

General

The authorized capital stock of Gaiam is 250,000,000 shares, consisting of 150,000,000 shares of class A common stock, \$.0001 par value per share, 50,000,000 shares of class B common stock, \$.0001 par value per share, and 50,000,000 shares of preferred stock, par value \$.0001 per share. As of June 30, 2001, there were 5,965,557 shares of class A common stock outstanding held by 9,086 shareholders of record, options to purchase an aggregate of 1,544,290 shares, a warrant to purchase 24,000 shares and 5,400,000 shares of class B common stock outstanding. There were no shares of preferred stock outstanding.

Although Gaiam believes the following summary description of Gaiam's shares, class B common stock, preferred stock, Amended and Restated Articles of Incorporation, and Amended and Restated Bylaws covers all material provisions affecting the rights of holders of capital stock of Gaiam, this summary is not intended to be complete and is qualified by reference to the provisions of applicable law and to Gaiam's Amended and Restated Articles of Incorporation and Amended and Restated Bylaws, both of which are included as exhibits to the Registration Statement of which this prospectus is a part. See "Where You Can Find More Information."

Capital Stock

Each holder of shares of class A common stock is entitled to one vote for each share held on all matters submitted to a vote of shareholders. Each share of class B common stock is entitled to ten votes on all matters submitted to a vote of shareholders. There are no cumulative voting rights. All holders of

Edgar Filing: GAIAM INC - Form 424B1

shares of class A common stock and shares of class B common stock vote as a single group on all matters that are submitted to the shareholders for a vote. Accordingly, holders of a majority of the votes of the shares of class A common stock and shares of class B common stock entitled to vote in any election of directors may elect all of the directors who stand for election.

Shares of class A common stock and shares of class B common stock are entitled to equal dividends, if any, as may be declared by the Board of Directors out of legally available funds. In the event of a liquidation, dissolution or winding up of Gaiam, the shares of class A common stock and shares of class B common stock would be entitled to share ratably in Gaiam's assets remaining after the payment of all of Gaiam's debts and other liabilities. Holders of shares of class A common stock and shares of class B common stock have no preemptive, subscription or redemption rights, and there are no redemption or sinking fund provisions applicable to the shares of class A common stock and class B common stock. The outstanding shares of class A common stock and shares of class B common stock are, and the shares of class A common stock offered by Gaiam in this offering will be, when issued and paid for, fully paid and non-assessable.

The class B common stock may not be transferred unless converted into shares of class A common stock, other than certain transfers to affiliates and family members. The

45

shares of class B common stock are convertible one-for-one into shares of class A common stock, at the option of the holder of the shares of class B common stock.

Gaiam's Board of Directors is authorized, subject to any limitations prescribed by Colorado law, to issue at any time up to 50,000,000 shares of preferred stock. The Board may provide for the issuance of the preferred stock in one or more series or classes with designations, preferences, limitations and relative rights determined by the Board without any vote or action by the shareholders, although the Board may not issue voting preferred stock without the consent or approval of a majority of the class B common stock. As a result, the Board has the power to issue preferred stock with voting, conversion and other rights and preferences that could adversely affect the voting power or other rights of the holders of the shares. Although Gaiam has no current plans to issue any preferred stock, the issuance of preferred stock or of rights to purchase preferred stock could have the effect of making it more difficult for a third party to acquire Gaiam, or of discouraging a third party from attempting to acquire Gaiam. Such an issuance could also dilute your voting power.

Bylaws

The Bylaws provide that shareholders may not take action without a shareholders' meeting. The Bylaws also require advance notice of any proposal to be brought before an annual meeting of shareholders that relates to an amendment to the Articles of Incorporation, a merger, the sale of all or substantially all of Gaiam's assets, the dissolution of Gaiam, or any nomination for election of directors other than by the Gaiam board of directors. These provisions could have the effect of delaying, deferring or preventing a change of control of Gaiam.

Voting Agreement

Mr. Rysavy, our Chairman and Chief Executive Officer, holds all 5,400,000 outstanding shares of class B common stock and 2,686,200 shares of the class A

Edgar Filing: GAIAM INC - Form 424B1

common stock (or approximately 45% of the outstanding shares of class A common stock). The shares of class B common stock vote ten votes per share. Pursuant to a voting agreement between Mr. Rysavy and Gaiam, Mr. Rysavy has agreed to limit the number of shares of class B common stock that he votes to 49% of the combined votes of the class B common stock and class A common stock. His remaining shares of class B common stock are voted in proportion to the votes of the class A common stock.

Transfer Agent and Registrar

The transfer agent and registrar for the shares is Computershare Trust Company, Inc.

46

SHARES ELIGIBLE FOR FUTURE SALE

Sales of a substantial number of shares in the public market following this offering, or the perception that sales could occur, could adversely affect the prevailing market price for our shares. Furthermore, because no shares will be available for sale shortly after this offering because of the contractual and legal restrictions on resale described below, sales of a substantial number of shares in the public market after these restrictions lapse could adversely affect the prevailing market price and impair our ability to raise equity capital in the future.

Upon the closing of this offering, based upon the number of shares outstanding as of June 30, 2001, there will be 8,165,557 shares of class A common stock (including the 2,200,000 shares sold in this offering but assuming no exercise of the underwriters' over-allotment option) and 5,400,000 shares of class B common stock outstanding. Of these shares, approximately 4,500,000 shares of class A common stock (including the 2,200,000 shares sold in this offering) will be freely tradable without restriction or further registration under the Securities Act, other than shares that are purchased by affiliates of Gaiam as defined in Rule 144 under the Securities Act or the shares are purchased by holders who have entered into lock-up arrangements with the underwriters for this offering. See "--Lock-up Agreements" below. Of the remaining shares, approximately 3,700,000 shares of class A common stock and all 5,400,000 shares of class B common stock will be restricted securities as defined in Rule 144 under the Securities Act or shares held by affiliates of Gaiam. Restricted securities and shares held by affiliates may be sold in the public market only if registered or if they qualify for an exemption from registration under Rule 144 under the Securities Act, which rules are summarized below.

Securities Act Rules

In general, under Rule 144 as currently in effect, a person (or persons whose shares are required to be aggregated) who has beneficially owned restricted shares for at least one year, or any affiliate, is entitled to sell, within any three-month period a number of shares that does not exceed the greater of:

- . 1% of the then outstanding shares (approximately 82,000 shares immediately after this offering); or
- . the average weekly trading volume of the shares on the Nasdaq National Market during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales under Rule 144 are also subject to certain manner of sale

Edgar Filing: GAIAM INC - Form 424B1

provisions and notice requirements and to the availability of current public information about us.

In addition, under Rule 144(k), a person who is not one of our affiliates at any time during the 90 days preceding a sale and who has beneficially owned the restricted shares proposed to be sold for at least two years (including the holding period of any prior owner other than an affiliate) is entitled to sell the shares without complying with the manner of

47

sale, public information, volume limitation or notice provisions of Rule 144. Therefore, unless otherwise restricted, such shares may be sold at any time.

Lock-up Agreements

All of our directors and officers (who in the aggregate hold 2,966,476 shares of class A common stock and 5,400,000 shares of class B common stock) are covered by lock-up agreements under which they are not permitted to transfer or otherwise dispose of, directly or indirectly, any shares or any securities convertible into or exercisable or exchangeable for shares, for a period of 180 days from the date of the prospectus. Transfers or dispositions can be made sooner:

- . with the prior written consent of Tucker Anthony Sutro Capital Markets;
- . in the case of certain transfers to affiliates;
- . as a bona fide gift; or
- . to a trust for the benefit of the transferor or immediate family members of the transferor.

Upon expiration of the lock-up period, approximately 9,100,000 shares (including 5,400,000 shares of class B common stock) will be available for resale to the public in accordance with Rule 144, subject to the transfer restrictions described above.

In addition, Gaiam has agreed not to sell or otherwise dispose of, directly or indirectly, any shares or any securities convertible into or exercisable or exchangeable for shares, for a period of 180 days from the date of the prospectus, without the prior written consent of Tucker Anthony Sutro Capital Markets, except that we may:

- . issue shares upon the exercise of outstanding options and warrants and grant options to purchase shares under our 1999 Long-Term Incentive Plan;
- . issue shares under our employee stock purchase plan; and
- . issue shares in connection with the acquisition of another company if the terms of the issuance provide that the shares shall not be resold prior to the expiration of the 180-day lock-up period described above.

Registration Rights

We may be required to file one or more registration statements covering up to approximately 451,429 shares held by existing shareholders. The holders may not request the filing of registration statements until after July 20,

Edgar Filing: GAIAM INC - Form 424B1

2001. Gaiam generally is required to bear all of the expenses of the registrations, except underwriting discounts and commissions. In addition, if these shares are not sold in a registered offering, the holders will be required to comply with the provisions of Rule 144 as described above.

48

UNDERWRITING

The underwriting agreement, which is filed as an exhibit to the registration statement relating to this prospectus, provides that Gaiam has agreed to sell to each of the underwriters named below, and each of these underwriters has agreed to purchase from Gaiam, the respective number of shares set forth opposite their names below:

Underwriters: -----	Number of Shares -----
Tucker Anthony Incorporated.....	1,100,000
Adams, Harkness & Hill, Inc.	1,100,000
Total.....	----- 2,200,000 =====

The underwriting agreement provides that the underwriters are obligated to purchase all of the shares of class A common stock in the offering if any are purchased, other than those covered by the over-allotment option described below. Tucker Anthony Incorporated and Adams, Harkness & Hill, Inc., on behalf of the underwriters, expect to deliver the shares on or about August 3, 2001.

We have granted the underwriters a 30 day option after the date of the underwriting agreement to purchase, from time to time, up to 330,000 shares at the public offering price less underwriting discounts and commissions. The option may be exercised to cover over-allotments, if any, made in connection with the offering. To the extent that this option is exercised, each underwriter will be obligated, subject to certain conditions, to purchase its pro rata portion of these additional shares based on the underwriter's percentage underwriting commitment in the offering as indicated in the preceding table.

The representatives of the underwriters have advised us that the underwriters propose to offer shares of class A common stock directly to the public at the public offering price on the cover of this prospectus and to selected dealers, who may include the underwriters, at this public offering price less a selling concession not in excess of \$0.50 per share. The underwriters may allow, and the selected dealers may re-allow, a discount from the concession not in excess of \$0.10 per share to other dealers. After the completion of the offering, the representatives may change the public offering price and other selling terms.

The following table summarizes the underwriting discounts and commissions we will pay to the underwriters. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase 330,000 additional shares. The underwriting fee is the difference between the initial price to the public and the amount the underwriters pay to Gaiam for the shares.

Edgar Filing: GAIAM INC - Form 424B1

	No Exercise of Over-allotment Option	Full Exercise of Over-allotment Option
	-----	-----
Per share.....	\$ 0.825	\$ 0.825
	-----	-----
Total.....	\$1,815,000	\$2,087,250
	=====	=====

49

We estimate that the total expense of this offering, excluding the underwriting discounts and commissions, will be approximately \$975,680.

Our class A common stock is quoted on the Nasdaq National Market under the symbol "GAIA."

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act and liabilities incurred in connection with the directed share program referred to below, and to contribute to payments that the underwriters may be required to make for these liabilities.

The representatives of the underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions, and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of the class A common stock, in accordance with Regulation M under the Securities Exchange Act:

- . Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position.
- . Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specific maximum.
- . Syndicate covering transactions involve purchases of the class A common stock in the open market after the distribution has been completed.
- . Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a syndicate covering transaction to cover syndicate short positions.

The underwriters may purchase and sell shares of class A common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares from the issuer in the offering. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the

Edgar Filing: GAIAM INC - Form 424B1

open market as compared to the price at which they may purchase shares through the over-allotment option. Naked short sales are any sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the class A common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of class A common stock made by the underwriters in the open market prior to the completion of the offering.

50

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the class A common stock or preventing or retarding a decline in the market price of the class A common stock. As a result, the price of the class A common stock may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the class A common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

The underwriters have informed us that they do not intend to confirm sales to discretionary accounts that exceed 5% of the total number of shares offered by them.

We, our directors, officers and stockholders that hold over 5% of our securities have agreed not to offer to sell, sell or otherwise dispose of, directly or indirectly, any shares of capital stock or any securities that may be converted into or exchanged for any shares of our capital stock for a period of 180 days from the date of the prospectus without the prior written consent of Tucker Anthony Incorporated, except that we may:

- . issue shares upon the exercise of outstanding options and warrants and grant options to purchase shares of common stock under our 1999 Long-Term Incentive Plan.
- . issue shares under our employee stock purchase plan; and
- . issue shares in connection with the acquisition of another company if the terms of the issuance provide that the shares shall not be resold prior to the expiration of the 180-day lock-up period described above.

See "Shares Eligible for Future Sale."

An electronic final prospectus will be available on Tucker Anthony Incorporated's website at www.tascm.com.

Purchasers of the shares of class A common stock offered in this prospectus may be required to pay stamp taxes and other charges under the laws and practices of the county of purchase, in addition to the offering price listed on the cover of this prospectus.

LEGAL MATTERS

Edgar Filing: GAIAM INC - Form 424B1

The validity of the shares of class A common stock being offered hereby will be passed on for Gaiam by Bartlit Beck Herman Palenchar & Scott, Denver, Colorado. Certain legal matters will be passed upon for the underwriters by Brobeck, Phleger and Harrison LLP, Broomfield, Colorado.

51

EXPERTS

The consolidated financial statements of Gaiam, Inc. at December 31, 2000 and 1999, and for each of the three years in the period ended December 31, 2000, appearing in this Prospectus and Registration Statement have been audited by Ernst & Young LLP, independent auditors, as set forth in their report thereon appearing elsewhere herein, and are included in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

The financial statements of Real Goods Trading Corporation for the year ended March 31, 2000 included in this prospectus have been audited by Moss Adams LLP, independent auditors, as stated in their report and have been given upon their authority as experts in accounting and auditing.

The financial statements of Real Goods Trading Corporation as of March 31, 1999 and for the year then ended included in this prospectus have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report appearing herein, and have been so included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

Gaiam files annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission (SEC). You may read and copy any reports, statements or other information we file at the SEC's public reference rooms at 450 Fifth Street, N.W., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference rooms.

Gaiam's SEC filings, including the registration statement, are also available to the public from commercial document retrieval services and at the web site maintained by the SEC at www.sec.gov. You may also obtain additional information at Gaiam's web site at www.gaiam.com.

We have filed with the SEC a registration statement on Form S-1, including various exhibits and schedules, under the Securities Act covering the shares to be sold in this offering. This prospectus does not contain all of the information set forth in the registration statement and the related exhibits and schedules. Whenever we make reference in this prospectus to any of our contracts, agreements or other documents, the references are intended to set forth the material information regarding these contracts agreements or other documents. These references, however, are not necessarily complete and you should refer to the exhibits attached to the registration statement for copies of the actual contract, agreement or other document.

We intend to send to our shareholders annual reports containing audited consolidated financial statements and quarterly reports containing unaudited consolidated financial statements for the first three quarters of each fiscal year.

REPORT OF INDEPENDENT AUDITORS

Stockholders and Board of Directors
Gaiam, Inc.

We have audited the accompanying consolidated balance sheets of Gaiam, Inc. and subsidiaries as of December 31, 1999 and 2000, and the related consolidated statements of income, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2000. These financial statements are the responsibility of Gaiam's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Gaiam, Inc. and subsidiaries at December 31, 1999 and 2000, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2000, in conformity with accounting principles

Edgar Filing: GAIAM INC - Form 424B1

generally accepted in the United States.

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Information subsequent to December 31, 2000 is unaudited.)

1. Summary of Significant Accounting Policies

Organization

Gaiam, Inc. ("Gaiam") was incorporated under the laws of the State of Colorado on July 7, 1988. Gaiam is a multi-channel lifestyle company providing information, goods and services to customers who value personal development, healthy lifestyles and the environment.

Basis of Consolidation

The accompanying consolidated financial statements include the accounts of Gaiam, its subsidiaries and partnerships in which ownership is 50% or greater and considered to be under the control of Gaiam. All material intercompany accounts and transaction balances have been eliminated in consolidation.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents includes demand deposit accounts with financial institutions and all highly liquid investments, which mature within three months of date of purchase.

Securities Available-for-Sale

Securities available-for-sale consist of equity securities and are stated at market value. All unrealized gains or losses, net of tax, are recorded as a separate component of stockholders' equity.

Provision for Doubtful Accounts

Gaiam records a provision for doubtful accounts for all receivables not expected to be collected.

Interim Financial Statements

The interim consolidated financial statements included herein have been prepared by the management of Gaiam, Inc. pursuant to the rules and regulations of the United States Securities and Exchange Commission, and, in the opinion of management, contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly Gaiam's consolidated financial position as of March 31, 2001 and the interim results of operations and cash flows for the three months ended March 31, 2000 and 2001. These interim statements have not been audited. The consolidated financial position, results of

F-7

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

Edgar Filing: GAIAM INC - Form 424B1

operations and cash flows for the interim periods disclosed within this report are not necessarily indicative of future financial results.

Inventory

Inventory, consisting primarily of finished goods, is stated at the lower of cost (first-in, first-out method) or market.

Deferred Advertising Costs

Deferred costs primarily relate to preparation, printing and distribution of catalogs. Such costs are deferred for financial reporting purposes until the catalogs are distributed, then amortized over succeeding periods (not to exceed seven months) on the basis of estimated sales. Historical sales statistics are the principal factor used in estimating the amortization rate. Other advertising and promotional costs are expensed as incurred. Advertising costs incurred were \$7.1 million, \$10.1 million and \$10.5 million for the years ended December 31, 1998, 1999 and 2000, respectively.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization, which includes the amortization of assets recorded under capital leases. Included in property and equipment is the cost of internal-use software, including software used in connection with Gaiam's websites. Gaiam expenses all costs related to the development of internal-use software other than those incurred during the application development stage. Costs incurred during the application development stage are capitalized and amortized over the estimated useful life of the software (generally five years).

Depreciation of property and equipment is computed on the straight-line method over estimated useful lives (generally five to ten years). Property and equipment purchased under capital leases are amortized on a straight-line basis over the lesser of the estimated useful life of the asset or the lease term.

Capitalized Production Costs

Capitalized production costs include costs incurred to produce informational videos marketed by Gaiam to retail marketers and direct-mail customers. These costs are deferred for financial reporting purposes until the videos are released, then amortized over succeeding periods on the basis of estimated sales. Historical sales statistics are the principal factor used in estimating the amortization rate. Accumulated amortization at December 31, 1999 and 2000 was \$1.3 million and \$1.7 million, respectively.

F-8

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

Video Library

The video library asset represents the cost of the library of produced videos acquired through a business combination. The video library is presented net of accumulated amortization of \$332,401 and \$674,059 at December 31, 1999 and 2000 and is being amortized over a 15-year life.

Edgar Filing: GAIAM INC - Form 424B1

Goodwill

Goodwill represents the excess of the purchase price over the fair value of assets acquired in business acquisitions accounted for under the purchase method. Goodwill is presented net of related accumulated amortization of \$15,884 and \$88,922 at December 31, 1999 and 2000, and is being amortized over lives ranging from 10 to 20 years.

Long-Lived Assets

The carrying values of intangible and other long-lived assets are reviewed quarterly to determine if any impairment indicators are present. To date, no such impairment has been indicated. If it is determined that such indicators are present and the review indicates that the assets will not be recoverable, based on undiscounted estimated cash flows over the remaining amortization and depreciation period, their carrying values are reduced to estimated fair market value.

Accrued Royalties

Gaiam has various royalty agreements with instructors and artists requiring royalty payments of specified product sales based upon unit sales, or upon a specified minimum royalty amount. Payments are made quarterly and semi-annually.

Income Taxes

Gaiam provides for income taxes pursuant to the liability method as prescribed in Statement of Financial Accounting Standards (SFAS) No. 109, Accounting for Income Taxes. The liability method requires recognition of deferred income taxes based on temporary differences between financial reporting and income tax bases of assets and liabilities, using currently enacted income tax rates and regulations.

Revenues

Gaiam recognizes revenue at the time merchandise is shipped to the customer. Amounts billed to customers for postage and handling charges, which approximate \$2.2 million for 1998, \$3.0 million for 1999, and \$3.5 million for 2000, are recognized as revenue at the time that the revenues on the product shipments are recognized. Postage and handling

F-9

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

costs, which approximate \$2.1 million for 1998, \$3.0 million for 1999, and \$3.3 million for 2000, are included in selling and operating expense along with other fulfillment costs incurred to warehouse, package and deliver products to customers. Gaiam provides a reserve for expected future returns at the time the sale is recorded based upon historical experience.

Gaiam's sales are attributable mainly to sales within the U.S., with a very small percentage, less than 1% of sales, to international customers. No customer represented more than 5% of sales for any of the years ended December 31, 1998, 1999 and 2000. Gaiam generally does not require collateral.

Edgar Filing: GAIAM INC - Form 424B1

Fair Value of Financial Instruments

Gaiam's financial instruments consist of cash and cash equivalents, accounts receivable, payables and debt obligations. The carrying values of these financial instruments as reported in the accompanying balance sheets are assumed to approximate their fair value.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in Gaiam's financial statements and accompanying notes, including the valuation of stated accounts receivable and inventory balances. Actual results could differ from those estimates.

Stock-Based Compensation

Gaiam accounts for its stock-based compensation arrangements under the provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees ("APB No. 25") and related interpretations, including FASB Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation, rather than the alternative fair value accounting allowed by SFAS No. 123, Accounting for Stock Based Compensation.

Defined Contribution Plan

In 1999, Gaiam adopted a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code, which covers substantially all employees. Eligible employees may contribute amounts to the plan, via payroll withholding, subject to certain limitations. The 401(k) plan permits, but does not require, additional matching contributions to the 401(k) plan by Gaiam on behalf of all participants in the 401(k) plan. To date, Gaiam has not made any matching contributions to the 401(k) plan.

F-10

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

Reporting Comprehensive Income

On January 1, 1998, Gaiam adopted the Financial Accounting Standards Board ("FASB") issued SFAS No. 130, Reporting on Comprehensive Income ("SFAS No. 130"). SFAS No. 130 establishes standards for reporting and display of comprehensive income and its components in the financial statements. The only item of comprehensive income that Gaiam has is unrealized gains (losses) on securities available-for-sale.

The reclassification adjustment for gains and losses included in net income for 1998, net of tax of \$618,578, include unrealized losses of \$1.8 million and net realized gains of \$427,813. The reclassification adjustment for gains and losses included in net income for 1999 include unrealized losses of \$2.6 million and net realized gains of \$1.6 million. As of December 1999, all available-for-sale securities were sold.

Adoption of Accounting Standards

Edgar Filing: GAIAM INC - Form 424B1

In June 1998, the FASB issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended by Statements 137 and 138 in June 1999 and June 2000, respectively. SFAS No. 133 is effective for Gaiam's fiscal year beginning on January 1, 2001. SFAS No. 133 requires that all derivative instruments be recorded on the balance sheet at their fair value. Changes in the fair value of derivatives are recorded each period in current earnings or other comprehensive income, depending on whether a derivative is designed as part of a hedge transaction and, if it is, the type of hedge transaction. The adoption of SFAS No. 133, effective January 1, 2001, did not have any impact on Gaiam's consolidated financial statements.

Reclassifications

Certain reclassifications have been made to the 2000 financial statements to conform to 2001 presentation.

Earnings Per Share

Basic earnings per share excludes any dilutive effects of options, warrants and dilutive securities. Basic earnings per share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of common and common stock equivalent shares outstanding during the period. Common equivalent shares are excluded from the computation if their effect is antidilutive. All earnings per share amounts for all periods have been presented and conform to the SFAS No. 128, Earnings per Share, requirements.

F-11

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

2. Mergers and Acquisitions

In September 1998, Gaiam acquired a 67% ownership in a newly formed entity, Healing Arts Publishing, LLC (dba Living Arts) for \$2.5 million in cash. Healing Arts Publishing, Inc., which produced and distributed exercise and relaxation videos and sold environmentally oriented products through its mail order catalogs and through sales to retailers, contributed the majority of its assets and certain liabilities to Living Arts in exchange for a 33% membership interest. Effective July 1999, Gaiam acquired the remaining 33% minority interest in Living Arts. Additionally, effective November 1999, Gaiam acquired a 50.1% controlling interest in an environmental products provider. Total consideration paid by Gaiam for the 1999 acquisitions was \$2.3 million in cash and 207,247 shares of Gaiam's Class A common stock.

On June 30, 2000, Gaiam, Inc. and Whole Foods Market, Inc. merged their Internet businesses into Gaiam.com, Inc. Gaiam owns 50.1% of Gaiam.com. Whole Foods Market currently owns 35% of Gaiam.com, and the remainder is owned by various venture capital funds. As part of the transaction, Whole Foods Market, through its subsidiary, contributed \$6 million in cash plus other assets to Gaiam.com. On June 19, 2000, Gaiam sold 6,000 shares of Redeemable Class A preferred stock in Gaiam.com, Inc. at a price of \$1,000 per share for

F-12

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

an aggregate price of \$6,000,000. This stock doesn't carry any dividend rights and is redeemable only upon the consummation of an offering by Gaiam.com of its equity securities to the public pursuant to an effective registration statement with the Securities and Exchange Commission.

Additionally, in 2000, Gaiam acquired a yoga props company and a 70% interest in an organic clothing manufacturer. Total consideration paid by Gaiam for these acquisitions was approximately \$315,000 in cash and 21,243 shares of Class A common stock. These acquisitions were accounted for using the purchase method and the results of operations are included in the consolidated financial statements of Gaiam from the effective acquisition dates. Goodwill associated with these acquisitions totaled approximately \$1.2 million, and is being amortized on a straight line basis over a period of 20 years.

Edgar Filing: GAIAM INC - Form 424B1

On January 29, 2001, Gaiam completed its merger with Real Goods Trading Corporation. In the tax-free stock-for-stock transaction, Real Goods shareholders received one share of Gaiam Class A common stock in exchange for each ten shares of Real Goods stock owned. Gaiam issued 481,424 shares of Class A common stock at an approximate value of \$6.7 million to complete the merger. The merger was accounted for using the purchase method and the results of operations are included in the consolidated financial statements of Gaiam from the effective acquisition date.

On January 5, 2001 and February 1, 2001, respectively, Gaiam acquired all of the stock of Earthlings, Inc. and Self Care, Inc. (companies under common ownership with the Chief Executive Officer of Gaiam) at his company's net investment cost plus transaction expenses. As these companies were under common control, the purchase was accounted for using historical costs, similar to a pooling transaction. Therefore, the difference between the purchase price and the value of net assets acquired was accounted for as a reduction to additional paid-in capital. The total combined purchase price for both companies was \$3,848,014.

3. Securities Available-for-Sale

Securities available-for-sale consisted of shares of common stock from one issuer. During 1998, Gaiam sold 60,000 shares of this common stock at market value for \$703,125 to a related party and recognized a gain of \$696,992 on the sale. During the first and second quarters of 1999, Gaiam sold 100,000 shares of the common stock at market value for \$538,750 to a related party, and recognized a gain of \$528,528 on the sale. During the third and fourth quarters of 1999, Gaiam sold its remaining 215,000 shares of common stock for \$2.0 million to a non-related party and recognized a gain of \$2.0 million on the sale.

		=====
Less portion related to interest.....	(66,121)	
Present value of future minimum lease payments.....	417,820	
Less current portion.....	(147,649)	

	\$ 270,171	
	=====	

Edgar Filing: GAIAM INC - Form 424B1

Gaiam incurred rent expense of \$646,886, \$790,393 and \$1,084,071 for the years ended December 31, 1998, 1999 and 2000, respectively.

6. Line of Credit

Gaiam was a party to revolving line of credit agreements, which extended through January 31, 2003. The credit agreements permitted borrowings up to \$6.5 million based upon the collateral value of Gaiam's accounts receivable and inventory. Borrowings under these agreements bear interest at the prime rate, which was 9.5% at December 31, 2000. These borrowings were secured by a pledge of Gaiam's assets, and contained various financial covenants, including prohibiting the payment of cash dividends to its shareholders and requiring the maintenance of certain financial ratios. At December 31, 2000, Gaiam was in compliance with all the financial covenants.

During April 2001, Gaiam entered into new credit agreements with Wells Fargo Bank West N.A. These agreements increase Gaiam's borrowing capacity from \$6.5 million to \$14.9 million. Under a revolving line of credit, Gaiam has availability of up to \$10 million with a maturity date of June 30, 2003, and under a term loan, Gaiam may borrow up to \$4.9 million, with a maturity of July 1, 2006. Borrowings under these agreements bear interest at the lower of prime rate less 50 basis points or LIBOR plus 275 basis points. These borrowings are secured by a pledge of Gaiam's assets, and contain various financial covenants, including prohibiting the payment of cash dividends to Gaiam's shareholders and requiring the maintenance of certain financial ratios.

F-15

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

7. Income Taxes

The provision for income taxes is comprised of the following:

	December 31,		
	1998	1999	2000
	-----	-----	-----
Current:			
Federal.....	\$197,142	\$1,006,008	\$1,117,823
State.....	45,129	156,426	155,954
	-----	-----	-----
	242,271	1,162,434	1,273,777
Deferred:			
Federal.....	25,852	(37,610)	322,798
State.....	(16,168)	(62,035)	(41,088)
	-----	-----	-----
	9,684	(99,645)	(281,710)
	-----	-----	-----
Total.....	\$251,955	\$1,062,789	\$1,555,487
	=====	=====	=====

Edgar Filing: GAIAM INC - Form 424B1

Variations from the federal statutory rate are as follows:

	December 31,		
	1998	1999	2000
Expected federal income tax expense at statutory rate of 34%.....	\$ 466,934	\$ 928,294	\$1,409,182
Effect of legal judgment--permanent difference.....	(251,609)	--	--
Effect of other permanent differences..	20,276	40,104	27,359
State income tax expense, net of federal benefit.....	16,354	94,391	118,946
Income tax expense.....	\$ 251,955	\$1,062,789	\$1,555,487

The legal judgment was a liability acquired in the purchase of a 67% interest in Healing Arts Publishing. This \$740,000 liability paid by Gaiam in 1998 resulted in a permanent tax benefit.

F-16

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

Deferred income taxes reflect net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The components of the net accumulated deferred income tax asset or liability as of December 31, 1999 and 2000 are as follows:

	December 31,	
	1999	2000
Deferred tax assets:

	=====	=====

8. Stockholders' Equity

Gaiam has warrant certificates outstanding during the year and at December 31, 2000 that entitled the holder to purchase 24,000 shares of Class A common stock at \$.50 per share. The warrant is exercisable during a two-year period beginning January 20, 2002 and ending January 9, 2004.

In June 1999, Gaiam completed a private placement whereby 331,429 shares of Class A common stock were issued at \$4.375 per share. A total of \$2.0 million in convertible debentures with a stated interest rate of 8% were issued during 1998 and the first six months of 1999. These debentures were convertible automatically upon the closing of the initial public offering into Class A common stock at the initial public offering per share price. A total of \$1.5 million of these debentures were converted into 295,000 shares of Class A common stock, and a \$500,000 debenture was repaid in cash.

Gaiam's initial public offering of 1,705,000 shares of Class A common stock at \$5.00 per share was completed in October 1999. The underwriters also exercised their overallotment option for 102,861 additional shares during November 1999. Net proceeds to Gaiam, after deducting all commissions and expenses associated with the offering, were \$6.1 million.

F-17

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

In 1999, Gaiam issued 207,247 shares of Class A common stock in lieu of cash payments for acquisitions, and Gaiam's Chief Executive Officer converted 1,635,000 shares of Class B common stock into 1,635,000 shares of Class A common stock.

During 2000, Gaiam issued 21,243 shares of Class A common stock for two acquisitions, 6,776 shares of Class A common stock to three directors, in lieu of cash compensation, and 3,628 shares of Class A common stock upon exercise of options granted under the 1999 Long-Term Incentive Plan.

As of December 31, 2000, Gaiam had the following Class A common shares reserved for future issuance:

Awards under the 1999 Long-Term Incentive Plan.....	1,127,562
Shares reserved for warrant exercise.....	24,000

Total shares reserved for future issuance.....	1,151,562
	=====

During the first quarter of 2001, Gaiam agreed to issue approximately 481,424 shares of Class A common stock in conjunction with its merger with Real Goods, and issued 3,897 shares of Class A common stock upon exercise of options granted under the 1999 Long-Term Incentive Plan.

Edgar Filing: GAIAM INC - Form 424B1

9. Stock Option Plans

On June 1, 1999, Gaiam adopted the 1999 Long-Term Incentive Plan ("the Plan"), which provides for the granting of options to purchase up to 1.6 million shares of Gaiam's common stock. Both incentive stock options and non-qualified stock options may be issued under the provisions of the Plan. Employees of Gaiam and its affiliates, members of the Board of Directors, consultants and certain key advisors are eligible to participate in the plan, which shall terminate no later than June 1, 2009. These options granted under the Plan generally vest and become exercisable at 2% per month for the 50 months beginning in the eleventh month after the date of grant. All grants expire 7 years from the date of grant.

Gaiam recorded deferred compensation of \$106,992 and \$413,320 in 1999 and 2000, respectively. In 2000, deferred compensation was recorded in connection with: acquisitions made by Gaiam in which options were issued to employees of an acquired company; options issued to employees whereby the grant price differed from the deemed fair value of Gaiam's common stock; and options issued to non-employees for services to be provided over the related terms of their respective agreements. The amounts recorded in 1999 represent the difference between the grant price and the deemed fair value of Gaiam's common stock for shares subject to options granted in 1999. The amortization of deferred compensation is charged to operations over the service period of the options, which is typically 5 years. Total amortization expense recognized in 1999 and 2000 related to deferred compensation was \$0 and \$97,486, respectively.

F-19

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

Had compensation cost for Gaiam's stock-based compensation plan been determined under the fair value methodology for determining compensation cost under SFAS No. 123, Gaiam's net income and income per share for the years ended December 31, 2000 and 1999, would have been as follows:

	For the Years Ended December 31,	
	1999	2000
Net income		
As reported.....	\$1,718,345	\$2,648,871
Pro forma.....	1,599,102	2,258,005
Net income per common share		
As reported.....	\$ 0.20	\$ 0.24
Pro forma.....	\$ 0.18	\$ 0.21
Fully diluted net income per common share:		
As reported.....	\$ 0.19	\$ 0.23
Pro forma.....	\$ 0.18	\$ 0.20

In estimating the pro forma compensation expense for each equity award granted during the year, Gaiam used the Black Scholes option pricing model, with the following weighted-average assumptions used for grants in 1999 and

Edgar Filing: GAIAM INC - Form 424B1

2000, respectively: risk-free interest rates in a range of 5.78% and 6.00%, expected dividend yield of zero; expected option lives of 5 years, and expected volatility of 1.29 and 0.48. Options granted prior to Gaiam's initial public offering were valued using the minimum value method and, therefore, volatility was not applicable.

	1999	2000
	-----	-----
Weighted-average fair value of options granted during the year:		
Price equal to fair value.....	\$ 1.85	\$11.85
Price less than fair value.....	\$11.21	\$11.38

10. Related Party Transactions

In 1997, Gaiam entered into a fulfillment agreement with InnerBalance Health, publisher of a natural health catalog, (a related party under common ownership with the Chief Executive Officer of Gaiam) to provide customer sales, service, warehousing and distribution services. On October 1, 1998, Gaiam acquired all of the stock and net assets of InnerBalance Health, Inc. As these were companies under common control, Gaiam accounted for the purchase using historical cost. Therefore, the excess of the purchase price of \$523,677 over the value of net assets was accounted for as a reduction to additional paid-in capital.

In 1999, Gaiam engaged the services of ccplanet.com, Inc. (a related party under common ownership with the Chief Executive Officer of Gaiam) to develop and implement a

F-20

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

new web site design utilizing the latest technology for its direct to consumer operations. Gaiam paid ccplanet a total of \$4.5 million for work performed on this project during 1999 and 2000, and the new Gaiam.com website was placed into service in March 2000. Gaiam has made its customer database and certain visual media available to ccplanet in exchange for additional fees totaling \$600,000 during 1999 and \$1.4 million in 2000.

Because of Whole Foods Market's investments in Gaiam.com, Whole Foods Market may be considered a related party. Whole Foods Market and Gaiam have also entered into a 10-year joint marketing agreement to promote each other's businesses and share customer data. The companies are installing a store-within-store concept, presenting Gaiam's lifestyle products in Whole Goods Market's larger stores.

In 2000, the Chief Executive Officer advanced funds to purchase a 70% interest in an organic clothing manufacturer. These advances, plus applicable interest, were repaid in December 2000. Additionally, Gaiam purchased approximately \$300,000 in inventory from Earthlings, Inc. (a related party under common ownership with the Chief Executive Officer of Gaiam) at Earthling's cost.

Edgar Filing: GAIAM INC - Form 424B1

On January 5, 2001 and February 1, 2001, respectively, Gaiam acquired all of the Stock of Earthlings, Inc. and Self Care, Inc. (companies under common ownership with the Chief Executive Officer of Gaiam) at his company's net investment plus transaction expenses. As these companies were under common control, the purchase was accounted for using historical costs, similar to a pooling transaction. Therefore, the difference between the purchase price and the value of net assets acquired was accounted for as reduction to additional paid-in capital. The total combined purchase price for both companies was \$3,848,014.

11. Subsequent Events

During April 2001, Gaiam entered into new credit agreements with Wells Fargo Bank West N.A. These agreements increase Gaiam's borrowing capacity from \$6.5 million to \$14.9 million. Under a revolving line of credit Gaiam has availability of up to \$10 million with a maturity date of June 30, 2003, and under a term loan Gaiam may borrow up to \$4.9 million, with a maturity of July 1, 2006. Borrowings under these agreements bear interest at the lower of prime rate less 50 basis points or LIBOR plus 275 basis points. These borrowings are secured by a pledge of Gaiam's assets, and contain various financial covenants, including prohibiting the payment of cash dividends to Gaiam's shareholders and requiring the maintenance of certain financial ratios.

F-21

GAIAM, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(Information subsequent to December 31, 2000 is unaudited.)

12. Segment Information

Gaiam has two business segments: Direct to Consumer and Business to Business; both of which sell products, services and information produced or purchased from other suppliers. Although the customer bases do not overlap to any extent, the production, purchase and delivery processes overlap in some areas. Gaiam does not accumulate the balance sheet by segment for purposes of management review.

Each of the two segments qualifies as such because each is more than 10% of combined revenue. Contribution margin is defined as net sales, less cost of goods sold and direct expenses. Financial information for Gaiam's business segments was as follows:

	Year Ended December 31,			Three Months Ended March 31	
	1998	1999	2000	2000	2001

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Real Goods Trading Corporation

We have audited the accompanying balance sheet of Real Goods Trading Corporation as of March 31, 2000, and the related statements of operations, shareholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Real Goods Trading Corporation as of March 31, 2000, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles.

INDEPENDENT AUDITORS' REPORT

Board of Directors and Shareowners
Real Goods Trading Corporation:

We have audited the accompanying balance sheet of Real Goods Trading Corporation (the "Company") as of March 31, 1999 and the related statements of operations, shareowners' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respect, the financial position of Real Goods Trading Corporation as of March 31, 1999, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

REAL GOODS TRADING CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Organization--Real Goods Trading Corporation (the "Company") was organized on July 1, 1990 and sells primarily environmentally related, "healthy

Edgar Filing: GAIAM INC - Form 424B1

living" and renewable energy products through mail order catalogs, four retail stores, the Internet, and direct sales from its renewable energy department.

Use of Estimates--The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in Presentation--Included in net sales for fiscal years 2000 and 1999 are shipping and handling fees collected from customers of \$1,388,000 and \$1,516,000, respectively. Included in cost of sales for fiscal years 2000 and 1999 are freight out expenses of \$1,118,000 and \$1,152,000 respectively. Previously, these amounts were presented as a net amount in selling, general and administrative expenses. Such sales and cost of sales have been reclassified into net sales and cost of sales for the periods presented because management believes this more accurately represents the Company's true sales and cost of sales amounts.

Cash and Marketable Securities--Marketable securities are classified as available-for-sale and are available to support current operations or to take advantage of other investment opportunities. Marketable securities are stated at estimated fair value based upon market quotes and consist of bonds, commercial paper and Federal agency securities. As of March 31, 2000, fair value approximated cost and no unrealized gain or loss was included in retained earnings. Realized gains and losses are included in other income. Interest earned is included in interest income. The Company has deposits in money funds in excess of federally insured levels. These deposits are placed with quality financial institutions.

Inventories are stated at the lower of cost (first-in/first-out method) or market. Inventories include expenses associated with acquiring the inventory.

Deferred Catalog Costs--The Company capitalizes the direct cost of producing and distributing its mail order catalogs. Deferred catalog costs are amortized based on the estimated sales lives of the catalogs, generally eighteen weeks.

Property, Equipment and Improvements are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from 5 to 40 years.

F-29

REAL GOODS TRADING CORPORATION

NOTES TO FINANCIAL STATEMENTS--(Continued)

Internet Site Costs are capitalized in accordance with AICPA Statement of Position (SOP) 98-1 and EITF 00-2 in connection with construction of Internet site.

Property Held For Sale--The building and land which were the former Snow Belt Store are currently held for sale.

Note Receivable--Affiliate--The note receivable represents net funds advanced to the Real Goods Institute for Solar Living ("ISL") and bears interest at 5.25% per year. Interest only is payable until the ISL becomes

Edgar Filing: GAIAM INC - Form 424B1

self-funding.

Pre-Opening Costs for retail stores are expensed as incurred.

Income Taxes--The Company accounts for its income taxes using an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. In estimating future tax consequences, the Company generally considers all expected future events other than changes in tax laws.

Loss Per Share--Basic loss per share is computed by dividing net loss by the weighted average number of shares outstanding for the period. Diluted loss per share reflects the potential dilution that could occur if contracts to issue common stock were exercised or converted to common stock. Dilutive stock options were not included for the fiscal years ended March 31, 2000 and 1999, as the Company incurred a net loss in each year and the effect would be antidilutive.

Reclassification--The 1999 financial statements have been reclassified in order to conform to the March 31, 2000 presentation.

Estimated Fair Value of Financial Instruments--Statement of Financial Accounting Standard ("SFAS") No. 107, "Disclosures About Fair Value of Financial Instruments" requires disclosure of the estimated fair value of financial instruments. The carrying values of cash, marketable securities, accounts receivable, accounts payable, and long-term debt approximates their estimated fair values.

Stock-Based Compensation--The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees".

Comprehensive Income--Comprehensive loss and net loss are the same.

F-30

	-----	-----
Property, equipment and improvements, net.....	\$ 4,063	\$ 3,553
	=====	=====

4. Line of Credit

The Company has a line of credit agreement for \$1,500,000 with National Bank of the Redwoods (the "Bank"), which expires on February 28, 2001. Borrowings bear interest at 1.5% over the prime rate, payable in monthly installments. At March 31, 2000 and 1999, no amounts were outstanding on the Company's line of credit.

The line of credit agreement contains restrictive covenants including debt to net worth and current ratios, restrictions on capital expenditures, positive cash flow at a certain point in the fiscal year and prohibitions on payment of cash dividends without the Bank's approval. The line is collateralized by substantially all of the Company's assets, including

6. Asset Held for Sale

The Company owns land and buildings in Amherst, Wisconsin which it is seeking to sell. At March 31, 1999 and 2000, the land and building had a net book value of \$78,000 and was rented out while it is being offered for sale.

7. Leases

The Company has operating leases for its offices, warehouse facilities, the Eugene and Berkeley stores and certain equipment, which expire from October 2000 through March 2010. Rental expense for the years ended March 31, 2000 and 1999 was \$403,000 and \$308,000 respectively.

	-----	-----
Current deferred tax asset.....	34	89
	-----	-----
Net deferred tax asset.....	\$ 698	\$ 128
	=====	=====

Because of the uncertain nature of their ultimate utilization, a partial valuation allowance is recorded against the deferred tax assets associated with the net operating losses. At March 31, 2000, the Company has net operating losses available for carryforward of approximately \$1,950,000 and \$1,536,000 for federal and state purposes, respectively. The federal net operating loss and \$430,000 of the state net operating losses will expire in 2013 through 2020. The remaining state net operating losses expire through 2005. The Company intends to use various tax planning strategies to fully utilize the loss carryforwards prior to expiration.

9. Shareowner Agreements

The Chairman of the Board, founder and largest shareowner has a renewable one-year employment agreement with the Company which provides for an annual salary of \$125,000. As of April 1, 2000 the Chairman voluntarily agreed to a reduction in such salary to \$110,000 on a month to month basis.

The Company also has a split dollar life insurance agreement with this individual whereby the Company pays the premiums. The Company has been granted a security interest in the cash value and death benefit of the policy, and certain shares of the Company stock owned by the Chairman of the Board have been pledged as additional collateral during the

F-34

REAL GOODS TRADING CORPORATION

NOTES TO FINANCIAL STATEMENTS--(Continued)

period in which the premiums exceed the cash surrender value. The net cash surrender value at March 31, 2000 was \$215,000 and is included in other assets.

10. Shareowners' Equity

On August 11, 1997 the Company commenced a direct public offering of up to 1,000,000 shares of newly issued stock and 300,000 shares offered by a selling shareholder at \$5.50 per share. The offering closed on June 30, 1998.

Through March 31, 1999, the Company had issued 676,641 new shares of common stock, generating gross proceeds of \$3,620,000, and had incurred costs

Edgar Filing: GAIAM INC - Form 424B1

of \$697,000 related to the direct public offering.

In August 1998, the Company was authorized to repurchase up to \$100,000 of common stock in open market and private transactions. In fiscal 1999, 3,900 shares were repurchased for \$14,850. In fiscal 2000, 800 shares were repurchased for \$2,750. Through March 31, 2000, a total of 13,884 shares had been repurchased for \$66,643.

On September 23, 1999 WholePeople.com purchased 800,000 shares of common stock for \$3,578,000, net of issuance costs of \$22,000.

Subsequent to year-end, in April 2000, the Company repurchased 50,000 shares for \$100,000.

11. Benefit Plans and Stock Options

The Company sponsors a 401(k) retirement plan. The plan does not require matching funds from the Company, and the Company has made no contributions to the plan.

Under the Company's Third Amended and Restated Fiscal 1993 Stock Incentive Plan ("Employee Plan") the Company can grant incentive and non-qualified options to purchase 1,200,000 shares of common stock. Incentive Stock Options can be granted at prices not less than 100% of the fair market value of the common shares (85% for non-qualified options) on the date the option is granted, and normally vest over a period not exceeding five years from the date of grant. Options expire ten years from date of grant. As of March 31, 2000, options to purchase 1,110,550 shares were outstanding.

In September 1998 the Board of Directors revised the exercise price of all outstanding Employee Plan options to \$4.50 per share.

The Company has reserved 100,000 shares of common stock for its Non-Employee Directors' Stock Option Plan ("Director's Plan"). As of March 31, 2000, options to purchase 75,000 shares were outstanding and none have been exercised.

Additional Stock Plan Information

As discussed in Note 1, the Company continues to account for its stock-based awards using the intrinsic value method in accordance with Accounting Principles Board No. 25, "Accounting for Stock Issued to Employees" and its related interpretations. Accordingly, no compensation expense has been recognized in the financial statements for employee stock arrangements in fiscal 1999 or 1998.

Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation", (SFAS 123) requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1996. Under SFAS 123, the fair value of stock-based awards to employees is calculated through the use of the option pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values. The Company's calculations were made using the Black-Scholes option pricing model with the following weighted average assumptions: Expected life, 120 months following vesting in fiscal 2000 and fiscal 1999, stock volatility, 32% in fiscal 1999 and 55% in fiscal 2000; risk free interest rate 5.50% in fiscal 1999 and 5.65% in fiscal 2000; and no dividends during the expected term. The Company's calculations are based on a multiple option valuation approach and forfeitures are calculated

F-36

REAL GOODS TRADING CORPORATION

NOTES TO FINANCIAL STATEMENTS--(Continued)

at a 50% rate, based on the Company's historical experience. If the computed fair values of the fiscal 2000 and fiscal 1999 awards had been amortized to expense over the vesting period of the awards, pro forma net loss would have been \$569,000 or \$.14 per share in fiscal 1999, and the pro forma net loss would have been \$1,549,000 or \$.35 per share in fiscal 2000.

12. Segment Information

The Company has three divisions (Catalog, Retail and Renewables), all of which sell products purchased from other suppliers for sale directly to customers. The customer bases of all three divisions overlap to some extent, and the purchases and delivery processes to customers overlap as well.

Each of the three divisions qualifies as a reportable segment because each is more than 10% of the combined revenue of all operating segments.

Edgar Filing: GAIAM INC - Form 424B1

Contribution is defined as net sales less cost of goods sold and direct expenses. Financial information for the Company's business segments was as follows:

REAL GOODS TRADING CORPORATION

NOTES TO CONDENSED FINANCIAL STATEMENTS

(Unaudited)

For the Six Months Ended September 23, 2000

Note 1--Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared from the records of the Company and, in the opinion of management, include all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of September 23, 2000 and the interim results of operations and cash flows for the six months ended September 23, 2000 and September 25, 1999. Accounting policies followed by the Company are described in Note 1 to the audited financial statements for the fiscal year ended March 31, 2000 included in the Company's fiscal 2000 Annual Report to Shareowners. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted for purposes of the condensed financial statements. The condensed financial statements should be read in conjunction with the audited financial statements, including notes thereto, for the year ended March 31, 2000. The results of operations for the six month periods herein presented are not necessarily indicative of the results to be expected for the full year.

Note 2--Presentation of Shipping and Handling Fees

Included in net sales for the six month periods ended September 23, 2000 and September 25, 1999 are shipping and handling fees collected from customers of \$226,000 and \$438,000 in fiscal 2001 and \$259,000 and \$536,000 in fiscal 2000, respectively. Included in cost of sales for the six month periods ended September 23, 2000 and September 25, 1999 are freight out expenses of \$225,000 and \$424,000 in fiscal 2001 and \$184,000 and \$432,000 in fiscal 2000, respectively.

Note 3--Line of Credit

The Company has a line of credit agreement for \$1,500,000 with National Bank of the Redwoods (the "Bank") which expires on February 28, 2001. Borrowings bear interest at 1.5% over the prime rate, payable in monthly installments. The line of credit agreement contains restrictive covenants including debt to net worth, current ratios, restrictions on capital expenditures, and prohibitions on payment of cash dividends without the Bank's approval. The line is collateralized by substantially all of the Company's assets, including inventory, accounts receivable and mailing lists as well as a

Edgar Filing: GAIAM INC - Form 424B1

key person life insurance policy on the life of the Company's Chairman and largest shareowner. As of September 23, 2000, no amounts were outstanding on the Company's line of credit.

Note 4--Shareowners' Equity

In two separate resolutions in August 1998 and April 2000, the Board of Directors authorized the Company to purchase up to a total of \$200,000 of common stock in open

F-40

REAL GOODS TRADING CORPORATION

NOTES TO CONDENSED FINANCIAL STATEMENTS--(Continued)

market and private transactions. During the first six months of fiscal 2001 the Company repurchased 67,500 shares at an average cost of \$2.17 per share.

Note 5--Segment Information

The Company has four divisions (Catalog, Internet, Retail and Renewables), all of which sell products purchased from other suppliers directly to customers. The customer bases of all four divisions overlap to some extent, and the purchase and delivery processes to customers overlap as well.

Each of the four divisions qualifies as a reportable segment because each is more than 10% of the combined revenue of all operating segments. Financial information for the Company's business segments for the six months ended September 23, 2000 and September 25, 1999 was as follows:

	Sept. 23, 2000	Sept. 25, 1999

REAL GOODS TRADING CORPORATION

NOTES TO CONDENSED FINANCIAL STATEMENTS--(Continued)

Note 6--Subsequent Event

On October 13, 2000, the Company signed an agreement to merge the Company with a subsidiary of Gaiam, Inc. subject to Real Goods shareholder approval and other customary conditions. Details about this agreement can be found by examining the Company's press releases and the Form 8-K filed on October 31, 2000.

F-42

GAIAM, INC.

UNAUDITED PRO FORMA COMBINED CONDENSED
STATEMENT OF OPERATIONS

The fiscal years for Gaiam and Real Goods differ. The following unaudited pro forma combined condensed statements of operations for the year ended December 31, 2000 and the three months ended March 31, 2001 are derived from the historical consolidated condensed statements of operations of Gaiam, Inc. and the historical condensed statements of operations of Real Goods Trading Corporation for the twelve month period ended December 31, 2000 and the three months ended March 31, 2000, adjusted to give effect to their consolidation using the purchase method of accounting for business combinations.

The unaudited pro forma combined condensed statement of operations for the twelve months ended December 31, 2000 assumes that the merger occurred on January 1, 2000, while the unaudited pro forma combined condensed statement of operations for the three months ended March 31, 2001 assumes that the merger occurred on January 1, 2001.

The pro forma combined condensed statements of operations are provided for illustrative purposes only and should be read in conjunction with the accompanying notes thereto, and the audited consolidated financial statements and notes thereto of Gaiam, Inc. as of and the for year ended December 31, 2000 and the unaudited consolidated financial statements of Gaiam, Inc. as of and for the three months ended March 31, 2001, and the audited financial statements and the notes thereto of Real Goods Trading Corporation for the year ended March 31, 2000. The pro forma data is not necessarily indicative of the operating results or financial position that would have been achieved had the merger been consummated at the dates indicated, nor is it necessarily indicative of future operating results and financial condition.
