The principal executive offices of the Company are located 1551 N. Waterfront Parkway, Suite 310, Wichita, Kansas 67206. The approximate date on which this Proxy Statement and the accompanying Proxy will first be sent or given to stockholders is April 22, 2005.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on April 8, 2005, the record date (the Record Date) for the Meeting, will be entitled to notice of, and to vote at, the Meeting and any adjournments thereof. As of the close of business on the Record Date, there were outstanding 9,995,375 shares of the Company's common stock, \$.01 par value (the Common Stock). Each outstanding share of Common Stock is entitled to one vote. There was no other class of voting securities of the Company outstanding on the Record Date. A majority of the outstanding shares of Common Stock present in person or by proxy is required for a quorum.

ATTENDANCE AT THE MEETING

For admission to the Meeting, stockholders who own shares of Common Stock in their own names should come to the stockholders check-in table, where their ownership will be verified. Those who have beneficial ownership of Common Stock that is held of record by a bank or broker (often referred to as holding in street name) should also come to the stockholders check-in table; they must bring account statements or letters from their banks or brokers indicating that they owned the Company's Common Stock as of the Record Date.

VOTING OF PROXIES

Shares of Common Stock represented by Proxies, which are properly executed, duly returned and not revoked, will be voted in accordance with the instructions contained therein. If no specification is indicated on the Proxy, the shares of Common Stock represented thereby will be voted (i) for the election as Directors of the persons who have been nominated by the Board of Directors, (ii) for the ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 27, 2005, (iii) to amend the Company's 1997 Directors Stock Option Plan (the Directors Plan) to approve an increase in the number of authorized shares reserved for issuance pursuant to the Directors Plan, from 400,000 shares of Common Stock to 500,000 shares of Common Stock, (iv) to amend the Company's 1997 Incentive and Non-Qualified Stock Option Plan (the Plan) to approve an increase in the number of authorized shares reserved for issuance pursuant to the Plan, from 2,000,000 shares of Common Stock to 2,500,000 shares of Common Stock, (v) to approve an amendment to the Company's

Table of Contents

Certificate of Incorporation to change the corporate name of the Company to Fox & Hound Restaurant Group, and (vi) for any other matter that may properly be brought before the Meeting in accordance with the judgment of the person or persons voting the Proxy. The execution of a Proxy will in no way affect a stockholder's right to attend the Meeting and vote in person. Any Proxy executed and returned by a stockholder may be revoked at any time thereafter if written notice of revocation is given to the Secretary of the Company prior to the vote to be taken at the Meeting, or by execution of a subsequent proxy which is presented to the Meeting, or if the stockholder attends the Meeting and votes by ballot, except as to any matter or matters upon which a vote shall have been cast pursuant to the authority conferred by such Proxy prior to such revocation. For purposes of determining the presence of a quorum for transacting business at the Meeting, abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present but which have not been voted.

The cost of solicitation of the Proxies being solicited on behalf of the Board of Directors will be borne by the Company. In addition to the use of the mails, proxy solicitation may be made by telephone, telegraph and personal interview by officers, directors and employees of the Company. The Company will, upon request, reimburse brokerage houses and persons holding Common Stock in the names of their nominees for their reasonable expenses in sending soliciting material to their principals.

Table of Contents**PROPOSAL I ELECTION OF DIRECTORS**

Article Fifth, Paragraph A of the Certificate of Incorporation of the Company, and Article Two, Section 2.2 of its By-Laws provide for the organization of the Board of Directors into three classes. The number of Directors is established by the By-Laws pursuant to Board authorization. Currently, the By-Laws, as amended, provide for nine (9) Directors. Steven M. Johnson was appointed to the Board in 1998, Gary M. Judd was appointed to the Board in 1999, and John D. Harkey, Jr. was appointed to the Board in 1999. All Directors are chosen for a full three-year term to succeed those whose terms expire. It is therefore proposed that three (3) Directors be elected to serve until the Annual Meeting of Stockholders to be held in 2008 and until their successors are elected and shall have qualified.

Unless otherwise specified, all Proxies received will be voted in favor of the election of Steven M. Johnson, Gary M. Judd and John D. Harkey, Jr., the three (3) nominees. Directors shall be elected by a plurality of the votes cast, in person or by proxy, at the Meeting. Abstentions from voting and broker non-votes on the election of Directors will have no effect because they will not represent votes cast at the Meeting for the purpose of electing Directors. The terms of the nominees expire at the Meeting in 2008 and when their successors are duly elected and shall have qualified. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a Director, if elected. Should any of the nominees not remain a candidate for election at the date of the Meeting, the Proxies will be voted in favor of those nominees who remain candidates and may be voted for substitute nominees selected by the Board of Directors.

The following table sets forth the names, ages, and terms of office of the Directors and Director nominee of the Company:

Table of Contents

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES.

Directors and Committee Meetings

For the fiscal year ended December 28, 2004, there were seven meetings of the Board of Directors. From time to time, the Board of Directors and its committees take action by unanimous written consent pursuant to the laws of the State of Delaware. Messrs. Hall, Street, Harkey, Weigand, and Morton are independent directors within the meaning of the applicable listing standards of the National Association of Security Dealers (NASD).

Director Nominations

The Board of Directors does not have a standing nominating committee. The basis for the view of the Board of Directors that it is appropriate for the Company to not have a nominating committee is that all members of the Board of Directors participate in the nominating process. The Board of Directors as a whole meets the nominating committee requirements of the applicable listing standards of the NASD because each director candidate must be recommended by a majority of independent directors as defined in such listing standards. The Board of Directors has adopted a resolution establishing a statement of policy regarding director nomination since the Company's last proxy statement. A copy of this policy is available in the Investors section of the Company's web site at www.totent.com. The reference to our web site does not incorporate by reference the information contained in the web site and such information should not be considered a part of this proxy statement.

The Board of Directors identifies director nominees from various sources such as officers, directors, and stockholders and in 2004 did not retain the services of any third party consultants to assist in identifying and evaluating potential nominees. The Board of Directors will consider and evaluate a director candidate recommended by a stockholder in the same manner as a nominee recommended by any other person. The Board of Directors will assess all director nominees taking into account several factors including, but not limited to, issues such as the current needs of the Board of Directors and the nominee's: (i) integrity, honesty and accountability; (ii) successful leadership experience and strong business acumen; (iii) forward-looking, strategic focus; (iv) collegiality; (v) independence and absence of conflicts of interests; and (vi) ability to devote necessary time to meet director responsibilities. Where appropriate, the Board of Directors will ultimately recommend nominees that it believes will enhance the Board of Directors' ability to manage and direct, in an effective manner, the affairs and business of the Company.

Stockholders wishing to recommend a director candidate to serve on the Board of Directors may do so by providing advance written notice to the Company. To make a director nomination at the 2006 annual meeting, a stockholder must follow the same procedures required for submitting a stockholder proposal. See Stockholder Proposals below. Notices should be sent to James K. Zielke, Secretary, Total Entertainment Restaurant Corp., 1551 N. Waterfront Parkway, Suite 310, Wichita, Kansas 67206. The notice must set forth: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) the number and class of all shares of each class of capital stock of the Company beneficially owned by the person or persons to be nominated; (c) a representation that the nominating stockholder is a stockholder of record of the Company's stock entitled to vote at such meeting, including setting forth the number and class of all shares of each class of capital stock of the Company beneficially owned by the nominating stockholder, and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (d) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (e) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy

statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (f) the signed consent of each nominee to serve as a director of the Company if so elected. The presiding officer of the annual meeting of stockholders may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Audit Committee, Compensation Committee and Stock Option Committee

The Board of Directors has created an Audit Committee, a Compensation Committee and a Stock Option Committee. The Audit Committee is composed solely of independent directors as defined in the listing standards of NASD and is charged with reviewing the Company's annual audit and meeting with the Company's independent auditors to review the Company's internal controls and financial management practices. The Compensation Committee, which is also composed solely of independent Directors, recommends to the Board of Directors compensation for the Company's key employees. The Stock Option Committee also consists solely of independent Directors and administers the Company's 1997 Incentive and Non-Qualified Stock Option Plan (the "Plan") and awards stock options thereunder. The members of the Audit Committee are Messrs. Harkey, Morton and Hall. The Board of Directors has determined that Mr. Harkey is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission, and all the members of the Audit Committee, including Mr. Harkey, are independent and are financially literate, as defined by the listing standards of NASD for audit committee members. The members of the Compensation Committee are Messrs. Thompson, Harkey and Hall. The members of the Stock Option Committee are Messrs. Thompson, Weigand and Street. During fiscal year 2004, there was one meeting of the Compensation Committee and one meeting of the Stock Option Committee. The Audit Committee held four meetings in fiscal year 2004.

The Board does not have a policy with respect to Directors' attendance at the Company's annual meeting. All members of the Board of Directors were in attendance at the annual meeting held on May 19, 2004.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, officers, and directors of the Company, including Company's Chief Executive Officer, Chief Financial Officer, and Controller. A copy of the Company's Code of Business Conduct and Ethics may be found in the Investors' section of the Company's internet web site at www.totent.com. Any amendments or waivers (express or implied) of the Company's Code of Business Conduct and Ethics with respect to executive officers and directors will be posted in the Investors' section of the Company's internet web site at www.totent.com.

Regardless of the theoretical value of an option, its ultimate value will depend on the market value of the Common Stock at a future date, and that value will depend on a variety of factors, including the overall condition of the stock market and the Company's results of operations and financial condition. Joint Report by the Compensation Committee and the Stock Option Committee on Executive Compensation

General

The Compensation Committee determines the cash and other incentive compensation (with the exception of stock options which are granted by the Stock Option Committee), if any, to be paid to the Company's executive officers and key employees. Messrs. Thompson, Harkey and Hall, non-employee Directors of the Company, serve as members of the Compensation Committee and Messrs. Thompson, Weigand and Street, non-employee directors of the Company, serve as members of the Stock Option Committee and are non-employee directors (within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934). During fiscal year 2004, there was one meeting of the Compensation Committee and one meeting of the Stock Option Committee.

Compensation Philosophy

The Compensation Committee's executive compensation philosophy is to base management's pay, in part, on the achievement of the Company's annual and long-term performance goals, to provide competitive levels of compensation, to recognize individual initiative, achievement and length of service to the Company, and to assist the Company in attracting and retaining qualified management. It is the philosophy of the Compensation Committee in tandem with the Stock Option Committee to provide officers with the opportunity to realize potentially significant financial gains through the grants of stock options. The Compensation Committee also believes that the potential for equity ownership by management is beneficial in aligning management's and stockholders' interest in the enhancement of stockholder value. However, the decision to ultimately grant stock options is based primarily on the criteria set forth under **Stock Option Plan** described below.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**), prohibits a publicly held corporation, such as the Company, from claiming a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the chief executive officer (or person acting in that capacity) at the close of the corporation's fiscal year and the four most highly compensated officers of the corporation, other than the chief executive officer, at the end of the corporation's fiscal year. The \$1 million compensation deduction limitation does not apply to performance-based compensation. The Company believes that any compensation received by executive officers in connection with the exercise of options granted under the Plan qualifies as performance-based compensation. Accordingly, the Company has not established a policy with respect to Section 162(m) of the Code because the Company has not and does not currently anticipate paying compensation in excess of \$1 million per annum to any employee.

Salaries

Base salaries for the Company's executive officers are determined initially by evaluating the responsibilities of the position held and the experience of the individual, food service and management experience, and by reference to the competitive marketplace for management talent, including a comparison of base salaries for comparable positions at

comparable companies within the Company's industry, which includes companies that comprise the Company's Peer Group, as defined herein. See "Common Stock Performance" below. Such companies are comparable in that they are fast-growth companies in the casual dining segment of the restaurant industry. The Company believes salaries for its officers are average as compared to the companies reviewed. Annual salary adjustments are determined in descending level of importance by (i) evaluating the financial results achieved by the Company, which includes revenues, earnings, unit growth and profit margins of the Company, (ii) the performance

Table of Contents

of the executive particularly with respect to the ability to manage growth and profitability of the Company, (iii) the length of the executive's service to the Company and (iv) any increased responsibilities assumed by the executive. There are no restrictions on salary adjustments of the Company. The Company has employment agreements with Messrs. Johnson, Judd, Zielke, and Syvarth which set the base salaries for such individuals. These base salaries are based on and are reviewed annually in accordance with the factors described in this paragraph and the terms of the employment agreements. See Summary Compensation Table Employment Agreements.

Annual Bonuses

Each of the Company's executive officers is covered by two separate bonus plans. A bonus of up to 10% can be earned for attainment of specified earnings per share performance and comparable store sales performance, and a bonus of up to 10% can be earned for attainment of specified EBITDA performance. As indicated under Stock Option Plan below, the Company has granted options to the Named Executive Officers in part to reward their performance.

It is the philosophy of the Stock Option Committee to tie a significant portion of an executive's total opportunity for financial gain to increases in stockholder value, thereby aligning the long-term interests of the stockholders with the executives and to retain such key employees. All salaried employees, including executives and part-time employees, of the Company and its subsidiaries, are eligible for grants of stock options pursuant to the Plan.

Chief Executive Officer

In setting fiscal year 2004 salary and stock option award levels for Mr. Johnson, the Compensation Committee and the Stock Option Committee focused upon the policies described above. Mr. Johnson's compensation for fiscal year 2004 was \$276,300. Based on a review of comparable companies, Mr. Johnson's annual salary was increased to \$315,000 effective September 8, 2004. A bonus was paid to him in fiscal year 2004 of \$129,550.

Stock Option Plan

Pursuant to the Plan, both incentive and non-qualified options may be granted to key employees of the Company, or with respect to incentive options, to any employees of any subsidiary in which the Company owns more than 50% of the total combined voting power of all classes of stock, including part-time employees. As of the Record Date, options to purchase 1,443,052 shares of the Company's Common Stock were outstanding under the Plan and 382,986 shares remained available for the grant of options under the Plan. Approximately 4,800 employees are currently eligible to participate under the Plan because the Plan allows grants to full-time and part-time employees of the Company and its subsidiaries.

The Plan is administered by the Stock Option Committee, consisting of not less than three members of the Board of Directors of the Company who are not eligible to participate in the Plan. The members of the Stock Option Committee are appointed by the Board of Directors and serve at the pleasure of the Board of Directors. The Stock Option Committee selects the key employees who will be granted options under the Plan and, subject to the provisions of the Plan, determines the terms and conditions and number of shares of Common Stock subject to each option. The Stock Option Committee also makes any other determinations necessary or advisable for the administration of the Plan. Determinations by the Stock Option Committee are final and conclusive. Grants of options and other decisions of the Stock Option Committee are not required to be made on a uniform basis. The Plan will terminate on July 17, 2007, but may be terminated by the Board of Directors at any time before that date.

Upon the grant of an option to a key employee, the Stock Option Committee will fix the number of shares of Common Stock that the optionee may purchase upon exercise of the Option and the price at which the shares may be purchased. The option price for incentive stock options shall not be less than 100% of the fair market value of the

shares of Common Stock at the time the option is granted; provided, however, that with respect to an incentive stock option in the case of an optionee, who, at the time such option is granted, owns more than 10% of the voting stock of the Company or its subsidiaries, the purchase price per share shall be at least 110% of the fair market value. The option price for non-qualified options shall not be less than 75% of the fair market value at the time the option is granted. To date, the Company has not granted an option to any individual at a purchase price below fair market value.

Fair market value is deemed to be the closing sales price of Common Stock on such date on Nasdaq or, if the Common Stock is not listed on Nasdaq, in the principal market in which the Common Stock is traded.

PROPOSAL II RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed KPMG LLP as the Company's independent auditors for the fiscal year ending December 27, 2005. Although the selection of independent auditors does not require ratification, the Board of Directors has directed that the appointment of KPMG LLP be submitted to stockholders for ratification due to the significance of their appointment to the Company. If stockholders do not ratify the appointment of KPMG LLP as the Company's independent auditors, the Board of Directors will consider the appointment of other certified public accountants. A representative of KPMG LLP is expected to be present at the Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. The approval of the proposal to ratify the appointment of KPMG LLP requires the affirmative vote of a majority of the votes cast by all shareholders represented and entitled to vote thereon. Broker non-votes are not included in the tabulation of the voting results and therefore, do not have the effect of votes in opposition in such tabulations. An abstention from voting on a matter or a Proxy instructing that a vote be withheld has the same effect as a vote against a matter since it is one less vote for approval.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 27, 2005.

**PROPOSAL III APPROVAL OF THE AMENDMENT TO THE COMPANY'S
DIRECTORS STOCK OPTION PLAN**

General

The Board has approved an amendment to the Directors Plan, whereby the number of shares reserved for issuance to the exercise of options granted under the Directors Plan will be increased from 400,000 shares of Common Stock to 500,000 shares of Common Stock. The Board further recommended that these items be submitted to the Company's stockholders at the Meeting for their ratification.

The Directors Plan is designed to advance the interests of the Company by securing for the Company and its stockholders the benefits arising from stock ownership by its non-employee Directors. As of the Record Date, the closing sales price of the Company's Common Stock on Nasdaq was \$11.33.

Summary of Amendment to the Directors Plan

The amendment to the Directors Plan, if approved by the stockholders, will increase from 400,000 to 500,000 the number of shares of Common Stock authorized for issuance upon exercise of options granted pursuant to the Directors Plan. The Board believes that the proposed amendment to the Directors Plan is necessary to continue the effectiveness of the Directors Plan in inducing persons who are not employed by the Company and who are of outstanding ability and potential to join and remain with the Company as Directors. If the amendment to the Directors Plan is approved, the first sentence of Article IV of the Directors Plan will read as follows:

Subject to adjustment in accordance with Article IX hereof, an aggregate of 500,000 Shares of Common Stock, \$0.01 par value (Stock), of the Company shall be subject to the Plan.

Table of Contents

Summary of the Directors Plan

The purpose of the Directors Plan is to provide directors of the Company with an incentive to achieve the long-term objectives of the Company, to attract and retain qualified non-employee directors and to provide them with an opportunity to acquire an equity interest in the Company.

The Directors Plan provides for the granting of options (Options or Nonqualified Stock Options) which are not intended to satisfy the requirements of Section 422 of the Code. An aggregate of 400,000 shares of Common Stock (subject to adjustment in the event of certain corporate events) have been reserved for issuance under the Directors Plan, which number of shares will be increased to 500,000 if the proposed amendment is approved.

The Directors Plan is administered by the Board. Awards of Options under the Directors Plan are automatic.

Each member of the Board who is not also an employee of the Company (each, for purposes of the Directors Plan, an Eligible Director) is eligible to receive Options under the Directors Plan. The Directors Plan as amended provides for an award of Options equal to 10,000 shares of Common Stock to each Eligible Director on April 30 of each fiscal year (a total of 60,000 shares of Common Stock for all non-executive Directors as a group per year).

All Options granted under the Directors Plan will be exercisable as to one-third of the shares of Common Stock one year after the grant date, an additional one-third two years after the grant date and the balance three years after the grant date. Options currently expire on the earlier of (i) five years from the date of grant or (ii) one year following the date on which the Eligible Director ceases to serve in such capacity for any reason.

The exercise price for Options is the fair market value of the Common Stock on the date of grant. An Option granted under the Directors Plan may be exercised by delivering to the Company payment of the full purchase price of such shares as provided for in the Directors Plan.

The Board of Directors has the authority to amend or revise any of the terms of the Directors Plan, including to alter the award of Options to the Directors, without approval of the Stockholders, provided that the Board of Directors has no authority to alter or impair any rights or obligations under any Option previously granted under the Plan, and the Stockholders must approve any increase in the maximum number of shares that may be sold pursuant to Options granted under the Directors Plan (other than because an increase, decrease, exchange through a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar transaction), any change in the exercise price, any increase in the maximum term of the Options, or the granting of Options to any person other than Eligible Directors.

As of April 8, 2005, six Directors were eligible to participate in the Directors Plan. As of April 8, 2005, Options to purchase 227,312 shares of Common Stock, at exercise prices ranging from \$2.50 to \$13.62 per share have been granted under the Directors Plan to the six Directors eligible to participate in the Directors Plan, of which options to purchase 142,311 shares of Common Stock are outstanding. See Securities Authorized for Issuance Under Equity Compensation Plans above for additional information.

The following table sets forth the total number of Options granted under the Directors Plan during the 2004 fiscal year and the dollar value of such Options as of the Record Date based on the closing trading price of the Common Stock on Nasdaq on such date of \$11.33. In addition, options to purchase 15,000 shares of Common Stock were issued to former directors during the 2004 fiscal year and have been cancelled.

Consideration to the Company

The Company receives no monetary consideration for the grant of Options under the Directors Plan. It will receive no monetary consideration other than the Option exercise price for shares of Common Stock issued to Eligible Directors upon the exercise of their Options.

Federal Income Tax Consequences

No taxable income is recognized by an Eligible Director at the time a stock option is granted, and the Company is not entitled to a tax deduction at that time. Generally, on the date of exercise of an option granted under the Directors Plan, ordinary income is recognized by the Eligible Director in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount. Upon disposition of the shares acquired, an Eligible Director generally recognizes the appreciation or depreciation on the shares after the date of exercise as either short-term or long-term capital gain or loss depending on how long the shares have been held. An Eligible Director's holding period for purposes of characterizing gain or loss upon disposition of shares acquired upon exercise of an Option generally begins on the date the shares are transferred to the Eligible Director.

THE ABOVE SUMMARY OF TAX MATTERS IS GENERAL IN SCOPE AND DOES NOT APPLY TO EVERY SPECIFIC TRANSACTION WHICH MAY ARISE. MOREOVER, THE RULES OF GOVERNMENT TAXATION OF OPTIONS ARE COMPLEX, AND THE STATEMENT OF TAX CONSEQUENCES SET FORTH HEREIN IS NECESSARILY GENERAL.

Registration of Shares

The Company has filed a registration statement under the Securities Act of 1933, as amended (the "Securities Act"), with respect to 400,000 shares of Common Stock issuable pursuant to the Directors Plan. The Company intends to cause to be registered under the Securities Act the additional 100,000 shares of Common Stock issuable pursuant to the amendment subsequent to the amendment's approval by the Company's stockholders.

Vote Required

The approval of the amendment to the Plan requires the affirmative vote of a majority of the votes cast by all stockholders represented and entitled to vote thereon. Broker non-votes are not included in the tabulation of the voting results and therefore, do not have the effect of votes in opposition in such tabulations. An abstention from voting on a matter or a Proxy instructing that a vote be withheld has the same effect as a vote against a matter since it is one less vote for approval.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE PROPOSAL TO AMEND THE DIRECTORS PLAN.

**PROPOSAL IV APPROVAL OF THE AMENDMENT TO THE COMPANY S
STOCK OPTION PLAN**

General

The Board of Directors proposes that the stockholders approve an amendment to the Plan to increase the number of authorized shares of Common Stock reserved for issuance pursuant to the exercise of options granted under the Plan from 2,000,000 shares to 2,500,000 shares.

Summary of Amendments to the Plan

The amendment to the Plan, if approved, will increase from 2,000,000 to 2,500,000 the number of shares of Common Stock authorized for issuance upon exercise of options granted pursuant to the Plan. The Board of Directors believes it is in the Company s and its stockholders best interests to approve the amendment because it would allow the Company to continue to grant options under the Plan, which facilitates the benefits of the additional incentive inherent in the ownership of Common Stock by key employees of the Company and its subsidiaries and helps the Company retain the services of key employees. If the amendment to the Plan is approved, the first sentence of Section 4 of the Plan will read as follows:

Subject to adjustment as provided in Section 7 hereof, a total of 2.5 million (2,500,000) shares of common stock, \$0.01 par value (Stock) of the Company shall be subject to the Plan.

Summary of the Plan

Pursuant to the Plan, both incentive and non-qualified options (Options or, as applicable, Incentive Stock Options or Non-Qualified Stock Options) may be granted to key employees of the Company or, with respect to incentive options, to any employees of any subsidiary in which the Company owns more than 50% of the total combined voting power of all classes of stock, including part-time employees (each, for purposes of the Plan, an Eligible Employee). As of the Record Date, options to purchase 1,300,741 shares of the Company s Common Stock were outstanding under the Plan and 267,520 shares remained available for the grant of options under the Plan. Approximately 4,800 employees are currently eligible to participate under the Plan because the Plan allows grants to full-time and part-time employees of the Company and its subsidiaries. See Securities Authorized Under Equity Compensation Plans above for additional information.

The following table sets forth the total number of options granted under the Plan during the 2004 fiscal year to the (i) Named Executive Officers, (ii) all current executive officers as a group and (iii) all employees, including all current officers who are not executive officers, as a group and the dollar value of such Options as of the Record Date based on the closing trading price of the Common Stock on Nasdaq on such date of \$11.33.

Administration

The Plan is administered by a Stock Option Committee, consisting of not less than three members of the Board of Directors of the Company who are not eligible to participate in the Plan. The members of the Stock Option Committee are appointed by the Board of Directors and serve at the pleasure of the Board of Directors. The Stock Option Committee selects the Eligible Employees who will be granted options under the Plan and, subject to the provisions of the Plan, determines the terms and conditions and number of shares of Common Stock subject to each option. The Stock Option Committee also makes any other determinations necessary or advisable for the administration of the Plan. Determinations by the Stock Option Committee are not required to be made on a uniform basis. The Plan will terminate on July 17, 2007, but may be terminated by the Board of Directors at any time before that date.

On October 4, 2004, the Board of Directors granted Messrs. Johnson, Zielke, Judd, and Syvarth options to purchase 50,000 shares each of Common Stock (a total of 200,000 shares of Common Stock for all executive officers as a group) on November 1 of 2004, 2005 and 2006.

The Board of Directors has the authority to amend any of the terms of the Plan, including to alter the award of Options to Eligible Employees, without approval of the Stockholders, provided that the Board of Directors has no authority to impair any rights of any person previously granted Options under the Plan without such person's consent, and the Stockholders must approve any material increase in the maximum number of shares that may be issued pursuant to Options granted under the Plan (other than because an increase, decrease, or exchange through a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar transaction), any material increase in the benefits granted to Eligible Employees under the Plan; any material modification in the requirements for eligibility to participate under the Plan, a decrease in the exercise price to less than 100% of fair market value on the date of grant, or any increase in the maximum term of the Options.

Description of Options

Upon the grant of an option to an Eligible Employee, the Stock Option Committee will fix the number of shares of Common Stock that the Eligible Employee may purchase upon exercise of the Option, the price at which the shares may be purchased and the time of exercise. The option price for incentive stock options shall not be less than 100% of the fair market value of the shares of Common Stock at the time the option is granted; provided, however, that with respect to an incentive stock option in the case of an Eligible Employee, who, at the time such option is granted, owns more than 10% of the voting stock of the Company or its subsidiaries, the purchase price per share shall be at least 110% of the fair market value. The option price for non-qualified options shall not be less than 75% of the fair market value at the time the option is granted. To date, the Company has not granted an option to any individual at a purchase price below fair market value. Fair market value is deemed to be the closing sales price of Common Stock on such date on Nasdaq or, if the Common Stock is not listed on Nasdaq, in the principal market in which the Common Stock is traded. Unless otherwise specified by the Stock Option Committee, 10% of the shares underlying the options granted under the Plan shall be exercisable one year after the grant, 15% of the options shall be exercisable two years after the grant, 25% of the options shall be exercisable three years after the grant, 25% shall be exercisable four years after the grant, and the remaining options shall be exercisable five years after the grant. No option grant under the Plan may be exercised more than 10 years after the grant; provided, however, in the case of an Eligible Employee, who, at the time such option is granted, owns more than 10% of the voting stock of the Company or its subsidiaries, no option granted under the Plan may be exercised more than 5 years after the grant.

Consideration to the Company

The Company receives no monetary consideration for the grant of Options under the Plan. It will receive no monetary consideration other than the Option exercise price for shares of Common Stock issued to Eligible

Employees upon the exercise of their Options.

Table of Contents

Federal Income Tax Consequences

Non-Qualified Stock Options. Generally, no taxable income is recognized by an Eligible Employee at the time a non-qualified stock option is granted, and the Company is not entitled to a tax deduction at that time. However, under current Internal Revenue Service Guidance, if the exercise price of a non-qualified option is less than the fair market value of the underlying shares on the date of grant, the Eligible Employee may be immediately taxable on such difference, but the Company may not be entitled to a corresponding tax deduction. Generally, on the date of exercise of a non-qualified stock option granted under the Plan, ordinary income is recognized by the Eligible Employee in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount. Upon disposition of the shares acquired, an Eligible Employee generally recognizes the appreciation or depreciation on the shares after the date of exercise as either short-term or long-term capital gain or loss depending on how long the shares have been held. An Eligible Employee's holding period for purposes of characterizing gain or loss upon disposition of shares acquired upon exercise of a non-qualified option generally begins on the date the shares are transferred to the Eligible Employee.

Incentive Stock Options. No taxable income is recognized by an Eligible Employee at the time an incentive stock option is granted, and the Company is not entitled to a tax deduction at that time. Generally, on the date of exercise of an incentive stock option granted under the Plan, the Eligible Employee will not recognize income, and, therefore, income tax, provided that the Eligible Employee was an employee of the Company or a subsidiary during the period beginning on the date of the grant of the option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the Eligible Employee is permanently and totally disabled). The Company is not entitled to an income tax deduction upon an Eligible Employee's exercise of an incentive stock option.

Although an Eligible Employee generally does not recognize ordinary income upon exercise of an incentive stock option, the excess of the fair market value of the underlying shares at the time of the exercise of the incentive stock option over the exercise price generally is included in calculating the Eligible Employee's alternative minimum taxable income for the tax year in which the incentive stock option is exercised. (See, however, the discussion below regarding alternative minimum tax treatment in the event of a disqualifying disposition.) If the Eligible Employee incurs an alternative minimum tax liability upon exercise of an incentive stock option, the Eligible Employee generally will have an alternative minimum tax credit carryover in future tax years.

If the Eligible Employee does not sell or otherwise dispose of the shares within two years from the date of the grant of the incentive stock option or within one year after the transfer of such shares to the Eligible Employee, then, upon disposition of such shares, any amount realized in excess of the exercise price will be taxed to the Eligible Employee as capital gain and the Company will not be entitled to a corresponding tax deduction. The Eligible Employee will generally recognize a capital loss to the extent that the amount realized is less than the exercise price. The Eligible Employee's holding period for purposes of characterizing gain or loss upon disposition of the shares generally begins on the date the shares are transferred to the Eligible Employee.

If the foregoing holding period requirements are not met (i.e., the disposition of the shares is a disqualifying disposition), the Eligible Employee will generally recognize ordinary income at the time of the disposition of the shares in an amount equal to the lesser of (i) the excess of the fair market value of the shares on the date of exercise over the exercise price or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price. The Company generally will be entitled to a corresponding tax deduction equal to the amount of ordinary income (if any) recognized by the Eligible Employee. Any amount realized in excess of the value of the shares on the date of exercise will be capital gain. If the amount realized is less than the exercise price, the Eligible Employee will not recognize ordinary income, and the Eligible Employee will generally recognize a capital loss equal to the excess of the exercise price over the amount realized upon the disposition of the shares. The Eligible Employee's holding period for purposes of characterizing gain or loss upon a disqualifying disposition of the shares generally begins on

the date the shares are transferred to the Eligible Employee.

If a disqualifying disposition occurs during the same tax year the incentive stock option is exercised, the maximum amount included in calculating the Eligible Employee's alternative minimum taxable income for that year generally will be limited to the gain (if any) recognized upon the disqualifying disposition. If a disqualifying

Table of Contents

disposition occurs in a tax year after the year the incentive stock option is exercised, the ordinary income recognized by the Eligible Employee upon the disqualifying disposition generally will not be included in calculating the Eligible Employee's alternative minimum taxable income for the year in which the disposition occurs, and the Eligible Employee's basis in the shares for determining gain or loss upon the disposition for alternative minimum tax purposes generally will include both (i) the exercise price for the incentive stock option, and (ii) the amount included in calculating the Eligible Employee's alternative minimum taxable income for the year in which the incentive stock option was exercised, which may result in a loss for alternative minimum tax purposes upon disposition of the shares.

THE ABOVE SUMMARY OF TAX MATTERS IS GENERAL IN SCOPE AND DOES NOT APPLY TO EVERY SPECIFIC TRANSACTION WHICH MAY ARISE. MOREOVER, THE RULES OF GOVERNMENT TAXATION OF OPTIONS ARE COMPLEX, AND THE STATEMENT OF TAX CONSEQUENCES SET FORTH HEREIN IS NECESSARILY GENERAL.

Registration of Shares

The Company has filed a registration statement under the Securities Act with respect to 2,000,000 shares of Common Stock issuable pursuant to the Plan. The Company intends to cause to be registered under the Securities Act the 500,000 shares of Common Stock issuable pursuant to the amendment subsequent to the amendment's approval by the stockholders.

Vote Required

The approval of the amendment to the Plan requires the affirmative vote of a majority of the votes cast by all stockholders represented and entitled to vote thereon. Broker non-votes are not included in the tabulation of the voting results and therefore, do not have the effect of votes in opposition in such tabulations. An abstention from voting on a matter or a Proxy instructing that a vote be withheld has the same effect as a vote against a matter since it is one less vote for approval.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE PROPOSAL TO AMEND THE STOCK OPTION PLAN.

PROPOSAL V AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO CHANGE THE CORPORATE NAME OF THE COMPANY

General

The Company's Board of Directors has unanimously approved, subject to Stockholder approval, an amendment to the Company's amended Certificate of Incorporation to effect a change in the corporate name of the Company from Total Entertainment Restaurant Corp. to Fox & Hound Restaurant Group. The text of the proposed Certificate of Amendment to the Certificate of Incorporation is attached as Appendix C to this Proxy Statement. If approved by the Stockholders, the corporate name change will not become effective until the Company's officers file the Certificate of Amendment with the Secretary of State for the State of Delaware, which is expected to occur as soon as practicable after the Annual Meeting. In addition, if the amendment is approved, the Company intends to change its ticker symbol on The Nasdaq Stock Market, Inc. from TENT to FOXX to be more consistent with its new corporate name.

The change of the Company's corporate name will not affect, in any way, the validity or transferability of currently outstanding stock certificates for the Company's Common Stock, nor will the Stockholders be required to surrender or exchange any stock certificates that they currently hold. New stock certificates will be issued in due course as old certificates are tendered to the Company's transfer agent. The Company does not intend to change the names under which the Company's restaurants operate because of the change of the Company's corporate name. If the amendment is approved, it will be necessary for the Company to reflect its corporate name change on its stationary, bank accounts, domain names, and other assets as well as inform the Company's creditors and other

Table of Contents

interested parties. The Company does not expect that the costs associated with the change of its corporate name to be material.

Purpose of the Name Change

The Company currently owns and operates 77 restaurants under its Fox and Hound and Bailey's brand names. As the Company has continued to grow and expand its business into additional states, it has become increasingly confusing to its customers, vendors, employees, stockholders, and potential investors that the Company's corporate name is different from the name of its restaurants. The Board of Directors believes that changing the Company's corporate name to reflect one of its primary trade names will eliminate possible confusion, improve national awareness of the Company in the minds of consumers, vendors, stockholders, and the investment community, and better serve the Company's interests from a public relations perspective.

Vote Required

Under the Company's Certificate of Incorporation and the Delaware General Corporate Law, the approval of the amendment to the Company's amended Certificate of Incorporation to change the Company's corporate name requires the affirmative vote of a majority of the votes cast by all Stockholders represented and entitled to vote thereon. Broker non-votes are not included in the tabulation of the voting results and, therefore, do not have the effect of votes in opposition in such tabulations. An abstention from voting on a matter or a Proxy instructing that a vote be withheld has the same effect as a vote against a matter since it is one less vote for approval.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE PROPOSAL TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's restaurant in Littleton, Colorado, which opened during July 2002, is owned 51% by the Company and 24.5% each by Gary Judd and James Zielke, the Company's officers and directors. This ownership structure was adopted in response to local liquor license regulations in Jefferson County, Colorado. Because of such arrangement and significant restrictions upon the transferability of the shares of the Littleton restaurant, the Company will have the financial benefits and risks of operating the restaurant, and Messrs. Judd and Zielke will be unable to derive any financial benefit from this agreement.

In December 2004, the Company purchased the assets of a restaurant in Cary, North Carolina from BMR-Raleigh Restaurants, LLC (BMR), which has been converted to a Fox and Hound Pub & Grille restaurant. The Company's Chairman, Dennis L. Thompson, is the manager of BMR. BMR had owned the restaurant assets for more than two years. The Company paid a total of \$567,812.50 for these assets, which included a real estate lease, leasehold improvements, furniture and equipment. The price was based on estimates at market rates for Leasehold rents and equivalent property as determined by the Company's executive Management and Mr. Thompson and is believed to be equivalent to the price that would have been paid in an arms length transaction with an unaffiliated party. The transaction was unanimously approved by the disinterested members of the Board of Directors.

STOCKHOLDER PROPOSALS

In order to be considered for inclusion in the proxy materials to be distributed in connection with the next Annual Meeting of Stockholders of the Company, stockholder proposals for such meeting must be submitted to the Company no later than December 16, 2005. Management of the Company is allowed to use its discretionary proxy voting authority in connection with any stockholder proposal received by the Company after March 1, 2006, intended for presentation from the floor at the next Annual Meeting of Stockholders.

OTHER MATTERS

So far as now known, there is no business other than that described above to be presented for action by the stockholders at the Meeting, but it is intended that the proxies will be voted upon any other matters and proposals that may legally come before the Meeting or any adjournment thereof, in accordance with the discretion of the persons named therein.

ANNUAL REPORT

All stockholders of record as of April 8, 2005 have been sent, or are concurrently herewith being sent, a copy of the Company's Annual Report for the fiscal year ended December 28, 2004. **ARTICLE V
GRANTS**

5.1 Initial Grants. On the Initial Grant Date, each Eligible Director shall receive the grant of an option to purchase 10,000 Shares.

5.2 Subsequent Grants. On each Subsequent Grant Date, each Eligible Director shall receive the grant of an Option to purchase 3,000 Shares.

5.3 Compliance With Rule 16b-3. **ARTICLE VI

6.1 Term. The term of the Option shall be five (5) years from the Grant Date of each Option, subject to earlier termination in accordance with Articles VI and X.

6.2 Restriction on Exercise. Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at grant, provided, however, that except in the case of the Eligible Director's death or Permanent Disability, upon which events the Option will become immediately exercisable, unless a longer vesting period is otherwise determined by the Committee at grant, Options shall be exercisable as follows: up to one-third of the aggregate Shares purchasable under an Option shall be exercisable commencing one year after the Grant Date, an additional one-third of the Shares purchasable under an Option shall be exercisable commencing two years after the Grant Date and the balance commencing on the third anniversary

from the Grant Date. The Committee may waive such installment exercise provision at any time in whole or in part based on performance and/or such other factors as the Committee may determine in its sole discretion, provided, however, that no Option shall be exercisable until more than six months have elapsed from the Grant Date.

6.3 Exercise Price. The Exercise Price for each Share subject to an Option shall be the Fair Market Value of the Share as determined in Section 2.8 herein.

6.4 Manner of Exercise. An Option shall be exercised in accordance with its terms, by delivery of a written notice of exercise to the Company and payment of the full purchase price of the Shares being purchased. An Eligible Director may exercise an Option with respect to all or less than all of the Shares for which the Option may then be exercised, but a Director must exercise the Option in full Shares.

6.5 Payment. The Purchase Price of Shares purchased pursuant to an Option or portion thereof, may be paid:

(a) in United States Dollars, in cash or by check, bank draft or money order payable to the Company;

(b) by delivery of Shares already owned by an Eligible Director with an aggregate Fair Market Value on the date of exercise equal to the Purchase Price, subject to the provisions of Section 16(b) of the Securities Exchange Act of 1934;

(c) through the written election of the Eligible Director to have Shares withheld by the Company from the Shares otherwise to be received with such withheld Shares having an aggregate Fair Market Value on the date of exercise equal to the Purchase Price.

6.6 Transferability of Options. No Option granted hereunder shall be transferable otherwise than by (i) will, (ii) the laws of descent and distribution or (iii) pursuant to a qualified domestic relations order as defined by the Internal Revenue Code or Title 1 of the Employee Retirement Income Security Act of 1986, as amended, or the rules and regulations promulgated thereunder; provided however, that to the extent the option agreement provisions do not disqualify such option for exemption under Rule 16b-3 under the Act of 1934, as amended, Options may be transferable during an Optionee's lifetime to immediate family members of an optionee, partnerships in which the only partners are members of the Optionee's immediate family, and trusts established solely for the benefit of such immediate family members.

6.7 Termination of Membership on the Board. If an Eligible Director's membership on the Board terminates for any reason, any vested Option held on the date of termination may be exercised in whole or in part at any time within one (1) year after the date of such termination (but in no event after the term of the Option expires) and shall thereafter terminate.

**ARTICLE VII
GOVERNMENT AND OTHER REGULATIONS**

7.1 Delivery of Shares. The obligation of the Company to issue or transfer and deliver Shares for exercised Options under the Plan shall be subject to all applicable laws, regulations, rules, orders and approvals which shall then be in effect.

7.2 Holding of Stock After Exercise of Option. The Option Agreement shall provide that the Eligible Director, by accepting such Option, represents and agrees, for the Eligible Director and his permitted transferees hereunder that none of the Shares purchased upon exercise of the Option shall be acquired with a view to any sale, transfer or distribution of the Shares in violation of the Securities Act of 1933, as amended (the Act) and the person exercising an

**ARTICLE VIII
WITHHOLDING TAX**

The Company may in its discretion, require an Eligible Director to pay to the Company, at the time of exercise of an Option an amount that the Company deems necessary to satisfy its obligations to withhold federal, state or local income or other taxes (which for purposes of this Article includes an Eligible Director's FICA obligation) incurred by reason of such exercise. When the exercise of an Option does not give rise to the obligation to withhold federal income taxes on the date of exercise, the Company may, in its discretion, require an Eligible Director to place Shares purchased under the Option in escrow for the benefit of the Company until such time as federal income tax withholding is required on amounts included in the Eligible Director's gross income as a result of the exercise of an Option. At such time, the Company, in its discretion, may require an Eligible Director to pay to the Company an amount that the Company deems necessary to satisfy its obligation to withhold federal, state or local taxes incurred by reason of the exercise of the Option, in which case the Shares will be released from escrow upon such payment by an Eligible Director.

**ARTICLE IX
ADJUSTMENTS**

9.1 Proportionate Adjustments. If the outstanding Shares are increased, decreased, changed into or exchanged into a different number or kind of Shares or securities of the Company through reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, an appropriate and proportionate adjustment shall be made to the maximum number and kind of Shares as to which Options may be granted under this Plan. A corresponding adjustment changing the number or kind of Shares allocated to unexercised Options or portions thereof, which shall have been granted prior to any such change, shall likewise be made. Any such adjustment in the outstanding Options shall be made without change in the Purchase Price applicable to the unexercised portion of the Option with a corresponding adjustment in the Exercise Price of the Shares covered by the Option. Notwithstanding the foregoing, there shall be no adjustment for the issuance of Shares on conversion of notes, preferred stock or exercise of warrants or Shares issued by the Board for such consideration as the Board deems appropriate.

9.2 Dissolution or Liquidation. Upon the dissolution or liquidation of the Company, or upon a reorganization, merger or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation, or upon a sale of substantially all of the property or more than 80% of the then outstanding Shares of the Company to another corporation, the Company shall give to each Eligible Director at the time of adoption of the plan for liquidation, dissolution, merger or sale either (1) a reasonable time thereafter within which to exercise the Option prior to the effective date of such liquidation or dissolution, merger or sale, or (2) the right to exercise the Option as to an equivalent number of Shares of stock of the corporation succeeding the Company or acquiring its business by reason of such liquidation, dissolution, merger, consolidation or reorganization.

10.3 Holder of Consent. No amendment, suspension or termination of the Plan shall, without the consent of the holder of Options, alter or impair any rights or obligations under any Option theretofore granted under the Plan.

**ARTICLE XI
MISCELLANEOUS PROVISIONS**

Appendix B

**1997 INCENTIVE AND NONQUALIFIED STOCK OPTION PLAN
OF
TOTAL ENTERTAINMENT RESTAURANT CORP.**

1. Purpose of the Plan.

This 1997 Incentive and Nonqualified Stock Option Plan (the **Plan**) is intended as an incentive, to retain in the employ of Total Entertainment Restaurant Corp. (the **Company**) and any Subsidiary of the Company (within the meaning of Section 424(f) of the Internal Revenue Code of 1986, as amended (the **Code**)), persons of training, experience and ability, to attract new employees whose services are considered valuable, to encourage the sense of proprietorship and to stimulate the active interest of such persons in the development and financial success of the Company and its Subsidiaries.

It is further intended that certain options granted pursuant to the Plan shall constitute incentive stock options within the meaning of Section 422 of the Code (**Incentive Options**) while certain other options granted pursuant to the Plan shall be nonqualified stock options (**Nonqualified Options**). Incentive Options and the Nonqualified Options are hereinafter referred to collectively as **Options** .

2. Administration of the Plan.

The Board of Directors of the Company (the **Board**) shall appoint and maintain as administrator of the Plan a Stock Option Committee (the **Committee**) consisting of two or more directors of the Company. No person shall be eligible to serve on the Committee unless he or she is then a **non-employee director** within the meaning of Rule 16b-3 of the Securities and Exchange Commission (**Rule 16b-3**) promulgated under the Securities Exchange Act of 1934, as amended (the **Act**), if and as Rule 16b-3 is then in effect. The members of the Committee shall serve at the pleasure of the Board.

The Committee, subject to Section 3 hereof, shall have full power and authority to designate recipients of Options, to determine the terms and conditions of respective Option agreements (which need not be identical) and to interpret the provisions and supervise the administration of the Plan. Subject to Section 7 hereof, the Committee shall have the authority, without limitation, to designate which Options granted under the Plan shall be Incentive Options and which shall be Nonqualified Options. To the extent any Option does not qualify as an Incentive Option, it shall constitute a separate Nonqualified Option. Notwithstanding any provision in the Plan to the contrary, no Options may be granted under the Plan to any member of the Committee during the term of his membership on the Committee.

Subject to the provisions of the Plan, the Committee shall interpret the Plan and all Options granted under the Plan shall make such rules as it deems necessary for the proper administration of the Plan, make all other determinations necessary or advisable for the administration of the Plan and correct any defects or supply any omission or reconcile any inconsistency in the Plan or in any Options granted under the Plan in the manner and to the extent that the Committee deems desirable to carry the Plan or any Options into effect. The act or determination of a majority of the Committee shall be deemed to be the act or determination of the Committee and any decision reduced to writing and signed by all of the members of the Committee shall be fully effective as if it had been made by a majority at a meeting duly held. Subject to the provisions of the Plan, any action taken or determination made by the Committee pursuant to this and the other paragraphs of the Plan shall be conclusive on all parties.

3. Designation of Optionees.

The persons eligible for participation in the Plan as recipients of Options (Optionees) shall include the Chairman of the Board and only full-time and part-time key employees (including full-time and part-time key employees who also serve as directors) of the Company or any Subsidiary. In selecting optionees, and in determining the number of shares to be covered by each Option granted to Optionees, the Committee may consider the office or position held by the Optionee, the Optionee's degree of responsibility for and contribution to the growth and success of the

B-1

Table of Contents

Company or any Subsidiary, the Optionee's length of service, age, promotions, potential and any other facts to which the Committee may consider relevant. Subject to the next sentence, an employee who has been granted an Option hereunder may be granted an additional Option or Options, if the Committee shall so determine. Notwithstanding anything contained in the Plan to the contrary, no recipient of Options may be granted Options to purchase in excess of fifty percent of the maximum number of shares of Stock (as defined herein) authorized to be issued under the Plan.

4. Stock Reserved for the Plan.

Subject to adjustment as provided in Section 7 hereof, a total of 1.5 million (1,500,000) shares of common stock, \$.01 par value ("Stock"), of the Company shall be subject to the Plan. The shares of Stock subject to the Plan shall consist of unissued shares or previously issued shares reacquired and held by the Company or any Subsidiary of the Company, and such amount of shares of Stock shall be and is hereby reserved for such purpose. Any of such shares of Stock which may remain unsold and which are not subject to outstanding Options at the termination of the Plan shall cease to be reserved for the purpose of the Plan, but until termination of the Plan the Company shall at all times reserve a sufficient number of shares of Stock to meet the requirements of the Plan. Should any Option expire or be canceled prior to its exercise in full or should the number of shares of Stock to be delivered upon the exercise in full of any Option be reduced for any reason, the shares of Stock theretofore subject to such Option may again be subject to an Option under the Plan.

5. Terms and Conditions of Options.

Options granted under the Plan shall be subject to the following conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) **Option Price.** The purchase price of each share of Stock purchasable under an Option shall be determined by the Committee at the time of grant but shall not be less than 100% of the fair market value of such share of Stock on the date the Option is granted in the case of an Incentive Option and not less than 75% of the fair market value of such share of Stock on the date the Option is granted in the case of a non-Incentive Option; provided, however, that with respect to an Incentive Option, in the case of an Optionee who, at the time such Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, then the purchase price per share of stock shall be at least 110% of the Fair Market Value as defined below) per share of Stock at the time of grant. The exercise price for each incentive stock option shall be subject to adjustment as provided in Section 7 below. The fair market value ("Fair Market Value") means the closing price of publicly traded shares of Stock on the national securities exchange on which shares of Stock are listed (if the shares of Stock are so listed) or on the Nasdaq National Market (if the shares of stock are regularly quoted on the Nasdaq National Market), or, if not so listed or regularly quoted, the mean between the closing bid and asked prices of publicly traded shares of Stock in the over-the-counter market, or, if such bid and asked prices shall not be available, as reported by any nationally recognized quotation service selected by the Company, or as determined by the Committee in a manner consistent with the provisions of the Code.

(b) **Option Term.** The term of each Option shall be fixed by the Committee, but no Option shall be exercisable more than ten years after the date such Option is granted; provided, however, that in the case of an Optionee who, at the time such Option is granted, owns more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary, then such Incentive Stock Option shall not be exercisable with respect to any of the shares subject to such Incentive Stock Option later than the date which is five years after the date of grant.

(c) **Exercisability.** Subject to paragraph (j) of this Section 5, Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at grant,

provided, however, that except as provided in paragraphs (f) and (g) of this Section 5, unless a shorter or longer vesting period is otherwise determined by the Committee at grant, Options shall be exercisable as follows: up to ten (10%) percent of the aggregate initial shares of Stock purchasable under an Option shall be exercisable commencing one year after the date of grant, an additional fifteen (15%) percent of the aggregate initial shares of Stock purchasable under an Option shall be exercisable commencing two years after the date of grant up to an additional twenty-five (25%) percent of the aggregate initial shares of Stock purchasable under an Option shall be exercisable

B-2

Table of Contents

commencing three years from the date of grant, up to an additional twenty-five (25%) percent of the aggregate initial shares of Stock purchasable under an Option shall be exercisable commencing four years from the date of grant and the balance commencing on the fifth anniversary from the date of grant. The Committee may waive such installment exercise provision at any time in whole or in part based on performance and/or such other factors as the Committee may determine in its sole discretion, provided, however, no Option shall be exercisable until more than six months have elapsed from the date of grant of such Option.

(d) Method of Exercise. Options may be exercised in whole or in part at any time during the option period, by giving written notice to the Company specifying the number of shares to be purchased, accompanied by payment in full of the purchase price, in cash, by check or such other instrument as may be acceptable to the Committee, including a cashless exercise. As determined by the Committee, in its sole discretion, at or after grant, payment in full or in part may also be made in the form of Stock owned by the Optionee (based on the Fair Market Value of the Stock owned by the Optionee (based on the Fair Market Value of the Stock on the trading day before the Option is exercised); provided, however, that if such Stock was issued pursuant to the exercise of an Incentive Option under the Plan, the holding requirements for such Stock under the Code shall first have been satisfied. An Optionee shall have the rights to dividends or other rights of a stockholder with respect to shares subject to the Option after (i) the Optionee has given written notice of exercise and has paid in full for such shares and (ii) becomes a stockholder of record.

(e) Transferability of Options. No Option granted hereunder shall be transferable otherwise than by (i) will, (ii) the laws of descent and distribution or (iii) pursuant to a qualified domestic relations order as defined by the Internal Revenue Code or Title 1 of the Employee Retirement Income Security Act of 1986, as amended, or the rules and regulations promulgated thereunder; provided however, that to the extent the option agreement provisions do not disqualify such option for exemption under Rule 16b-3 under the Act of 1934, as amended, Nonqualified Options may be transferable during an Optionee's lifetime to immediate family members of an optionee, partnerships in which the only partners are members of the Optionee's immediate family, and trusts established solely for the benefit of such immediate family members.

(f) Termination by Death. Unless otherwise determined by the Committee at grant, if any Optionee's employment with the Company or any Subsidiary terminates by reason of death, the Option may thereafter be immediately exercised, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after grant), by the legal representative of the estate or by the legatee or the Optionee under the will of the Optionee, for a period of one year from the date of such death or until the expiration of the stated term of such Option as provided under the Plan, whichever period is shorter.

(g) Termination by Reason of Disability. Unless otherwise determined by the Committee at grant, if any Optionee's employment with the Company or any Subsidiary terminates by reason of total and permanent disability as determined under [the Company's long term disability policy ("Disability")], any Option held by such Optionee may thereafter be exercised, to the extent it was exercisable at the time of termination due to Disability (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after one year from the date of such termination of employment or the expiration of the stated term of such Option, whichever period is shorter; provided, however, that, if the Optionee dies within such one-year period, any unexercised Option held by such Optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one year from the date of such death or for the stated term of such Option, whichever period is shorter.

(h) Termination by Reason of Retirement. Unless otherwise determined by the Committee at grant, if any Optionee's employment with the Company or any Subsidiary terminates by reason of Normal or Early

Retirement (as such terms are defined below), any Option held by such Optionee may thereafter be exercised to the extent it was exercisable at the time of such Retirement (as defined below) (or on such accelerated basis as the

Committee shall determine at or after grant), but may not be exercised after three months from the date of such termination of employment or the expiration of the stated term of such Option, whichever period is shorter; provided, however, that, if the Optionee dies within such three-month period, any unexercised Option held by such Optionee shall thereafter be exercisable, to the extent to which it was exercisable at the time of death, for a period of one year from the date of such death or for the stated term of such Option, whichever period is shorter.

B-3

Table of Contents

For purposes of this paragraph (h), Normal Retirement shall mean retirement from active employment with the Company or any Subsidiary on or after the normal retirement date specified in the applicable Company or Subsidiary pension plan. Early Retirement shall mean retirement from active employment with the Company or any Subsidiary pursuant to the early retirement provisions of the applicable Company or Subsidiary pension plan. Retirement shall mean Normal or Early Retirement.

(i) Other Termination. Unless otherwise determined by the Committee at grant, if any Optionee's employment with the Company or any Subsidiary terminates for any reason other than death, Disability or Retirement, the Option shall thereupon terminate, except that the portion of any Option which was exercisable on the date of such termination of employment may be exercised for the lesser of (A) three months from the date of termination or (B) the balance of such Option's term if the Optionee's employment with the Company or any Subsidiary is involuntarily terminated by the Optionee's employer without Cause. Cause shall mean a felony conviction or the failure of an Optionee to contest prosecution for a felony or an Optionee's willful misconduct or dishonesty, any of which is harmful to the business or reputation of the Company or any Subsidiary. The transfer of an Optionee from the employ of the Company to a Subsidiary, or vice versa, or from one Subsidiary to another, shall not be deemed to constitute a termination of employment for purposes of the Plan.

(j) Limit on Value of Incentive Option. The aggregate Fair Market Value, determined as of the date the Option is granted, of the Stock for which Incentive Options are exercisable for the first time by any Optionee during any calendar year under the Plan (and/or any other stock option plans of the Company or any Subsidiary) shall not exceed \$100,000.

(k) Disposition of Incentive Option Shares. The stock option agreement evidencing any Incentive Options granted under this Plan shall provide that if the Optionee makes a disposition, within the meaning of Section 424(c) of the Code and regulations promulgated thereunder, of any share or shares of Stock issued to him pursuant to his exercise of an Incentive Option granted under the Plan within the two-year period commencing on the day after the date of the grant of such Incentive Option or within a one-year period commencing on the day after the date of transfer of the share or shares to him pursuant to the exercise of such Incentive option, he shall, within ten days of such disposition, notify the Company thereof and immediately deliver to the Company any amount of federal income tax withholding required by law.

6. Term of Plan.

No Option shall be granted pursuant to the Plan on or after the tenth anniversary of the date the Plan is approved by the Board, but Options granted may extend beyond that date.

7. Capital Change of the Company.

In the event of any merger, reorganization or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation, or upon a sale of substantially all of the property or more than 80% of the then-outstanding shares of Stock of the Company to another corporation, all Options granted under the Plan shall immediately vest, assuming that the Optionee has held the Option for at least six months. In the event of a stock dividend or recapitalization, or other change in corporate structure affecting the Stock not covered in the first sentence of this Section 7 (or in the event of a merger, reorganization or consolidation where the Optionee has not held the Option for at least six months), the Committee shall make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the Plan and in the number and option price of shares subject to outstanding Options granted under the Plan, to the end that after such event each Optionee's proportionate interest shall be maintained as immediately before the occurrence of such event.

8. Proportionate Adjustments.

If the outstanding shares of Stock are increased, decreased, changed into or exchanged into a different number or kind of shares of Stock or securities of the Company through reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, an appropriate and proportionate adjustment shall be made to the maximum number and kind of shares of Stock as to which Options may be granted under this Plan. A corresponding adjustment changing the number or kind of shares of Stock allocated to unexercised Options

B-4

Table of Contents

or portions thereof, which shall have been granted prior to any such change, shall likewise be made. Any such adjustment in the outstanding Options shall be made without change in the purchase price applicable to the unexercised portion of the Option with a corresponding adjustment in the exercise price of the shares of Stock covered by the Option. Notwithstanding the foregoing, there shall be no adjustment for the issuance of shares of Stock on conversion of notes, preferred stock or exercise of warrants or shares of Stock issued by the Board for such consideration as the Board deems appropriate.

9. Purchase for Investment.

Unless the Options and shares covered by the Plan have been registered under the Securities Act of 1933, as amended (the Securities Act), or the Company has determined that such registration is unnecessary, each person exercising an Option under the Plan may be required by the Company to give a representation in writing that he is acquiring the shares for his own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof.

10. Taxes.

The Company may make such provisions as it may deem appropriate, consistent with applicable law, in connection with any Options granted under the Plan with respect to the withholding of any taxes or any other tax matters.

11. Effective Date of Plan.

The Plan shall be effective on the date it is approved by the Board, provided, however, that the Plan shall subsequently be approved by majority vote of the Company's stockholders within one (1) year from the date approved by the Board.

12. Amendment and Termination.

The Board may amend, suspend, or terminate the Plan, except that no amendment shall be made which would impair the right of any Optionee under any Option theretofore granted without his consent, and except that no amendment shall be made which, without the approval of the stockholders, would:

- (a) materially increase the number of shares which may be issued under the Plan, except as is provided in Sections 7 and 8;
- (b) materially increase the benefits accruing to the Optionees under the Plan;
- (c) materially modify the requirements as to eligibility for participation in the Plan;
- (d) decrease the Option exercise price to less than 100% of the Fair Market Value on the date of grant thereof; or
- (e) extend the Option term provided for in Section 5(b).

The Committee may amend the terms of any Option theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any Optionee without his consent. The Committee may also substitute new Options for previously granted Options, including options granted under other plans applicable to the participant and previously granted Options having higher option prices, upon such terms as the Committee may deem appropriate.

13. Government Regulations.

The Plan, and the granting and exercise of Options hereunder, and the obligation of the Company to sell and deliver shares under such Options, shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

B-5

14. Rule 16b-3 Compliance.

The Company intends that the Plan meet the requirements of Rule 16b-3 by officers of the Company (whether or not they are directors) pursuant to the Plan will be exempt from the operation of Section 16(b) of the Act. In all cases, the terms, provisions, conditions and limitations of the Plan shall be construed and interpreted consistent with the Company's intent as stated in this Section 14.

15. General Provisions.

(a) Certificates. All certificates for shares of Stock delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Stock is then listed, and any applicable Federal or state securities law, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

(b) Employment Matters. The adoption of the Plan shall not confer upon any Optionee of the Company or any Subsidiary, any right to continued employment (or, in case the Optionee is also a director, continued retention as a director) with the Company or a Subsidiary, as the case may be, nor shall it interfere in any way with the right of the Company or any Subsidiary to terminate the employment of any of its employees at any time.

(c) Limitation of Liability. No member of the Board or the Committee, or any officer or employee of the Company acting on behalf of the Board or the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Board of the Committee and each and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company in respect of any such action, determination or interpretation.

(d) Registration of Options. Notwithstanding any other provision in the Plan, no Option may be exercised unless and until the Stock to be issued upon the exercise thereof has been registered under the Securities Act and applicable state securities laws, or are, in the opinion of counsel to the Company, exempt from such registration. The Company shall not be under any obligation to register under applicable federal or state securities laws any Stock to be issued upon the exercise of any Option granted hereunder, or to comply with an appropriate exemption from registration under such laws in order to permit the exercise of an Option and the issuance and sale of the Stock subject to such Option, however, the Company may in its sole discretion register such Stock at such time as the Company shall determine. If the Company chooses to comply with such an exemption from registration, the Stock issued under the Plan may, at the direction of the Committee, bear an appropriate restrictive legend restricting the transfer or pledge of the Stock represented thereby, and the Committee may also give appropriate stop-transfer instructions to the transfer agent to the Company.
