ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On September 26, 2005, Capstead Mortgage Corporation (Capstead) announced that it had completed the sale of \$35,000,000 of trust preferred securities (the Securities) through a newly-formed statutory trust, Capstead Mortgage Trust I, organized under Delaware law (the Trust). The sales of the Securities were made pursuant to purchase agreements dated as of September 23, 2005 by and among Capstead, the Trust, Merrill Lynch International and Bear, Stearns & Co. Inc. (the Purchase Agreements). The Securities will require quarterly distributions and will bear an interest rate of 8.19% through October 30, 2015. Subsequent to October 30, 2015, the securities will bear interest at the prevailing three-month LIBOR rate plus 3.50% and will mature on October 30, 2035. The securities are redeemable, in whole or in part, without penalty, at the option of Capstead any time on or after October 30, 2010. Capstead intends to use the proceeds of this private placement to augment its existing portfolio of primarily adjustable rate mortgage (ARM) securities with acquisitions of additional ARM securities as well as other real estate-related investments that can provide attractive risk-adjusted returns over the long term.

Copies of the (1) form of stock certificate evidencing the Trust Preferred Securities, (2) form of stock certificate evidencing the Trust Common Securities, (3) form of note evidencing the Capstead Junior Subordinated Note Due 2035, (4) Junior Subordinated Indenture, (5) Amended and Restated Trust Agreement and (6) Purchase Agreements, are attached as Exhibits 4.1, 4.2, 4.3, 4.4, 4.5, 10.1 and 10.2, respectively, to this Current Report on Form 8-K, and are incorporated by reference herein.

Forward Looking Statements

This document contains forward-looking statements (within the meaning of the Private Securities Litigation Reform Act of 1995) that inherently involve risks and uncertainties. Capstead's actual results and liquidity can differ materially from those anticipated in these forward-looking statements because of changes in the level and composition of the Company's investments and unforeseen factors. As discussed in the Company's filings with the Securities and Exchange Commission, these factors may include, but are not limited to, changes in general economic conditions, the availability of suitable qualifying investments from both an investment return and regulatory perspective, the availability of new equity capital, fluctuations in, and market expectations for fluctuations in, interest rates and levels of mortgage prepayments, deterioration in credit quality and ratings, the effectiveness of risk management strategies, the impact of leverage, liquidity of secondary markets and credit markets, increases in costs and other general competitive factors. In addition to the above considerations, actual results and liquidity related to direct investments in commercial real estate and investments in loans secured by commercial real estate are affected by lessee performance under lease agreements, changes in general as well as local economic conditions and real estate markets, increases in competition and inflationary pressures, changes in the tax and regulatory environment including zoning and environmental laws, uninsured losses or losses in excess of insurance limits and the availability of adequate insurance coverage at reasonable costs, among other factors.
