Forward-looking statements

Some of the information included in this prospectus and the documents we have incorporated by reference contain forward-looking statements. Forward-looking statements reflect our current views with respect to future events and may be identified by terms such as believe, expect, may, intend, will, project, budget, should or anticipated, or similar words. These statements discuss forward-looking information such as other anticipated capital expenditures and budgets; future cash flows and borrowings; pursuit of potential future acquisition or drilling opportunities; and sources of funding for exploration and development.

Although we believe the expectations and forecasts reflected in these and other forward-looking statements are reasonable, we can give no assurance they will prove to have been correct. They can be affected by inaccurate assumptions or by known or unknown risks and uncertainties. Factors that could cause actual results to differ materially from expected results are described under Risk factors and include:

- volatility in oil and natural gas prices and fluctuation of prices received;
- disruption of operations and damages due to hurricanes or tropical storms;
- demand or market available for our oil and natural gas production;
- production facility constraints;
- uncertainty of drilling results, reserve estimates and reserve replacement;
- drilling and operating risks;
- our level of indebtedness;
- the strength and financial results of our competitors;
- the availability of capital on an economic basis to fund reserve replacement costs;
- uncertainties inherent in estimating quantities of oil and natural gas reserves, projecting future rates of production and the timing of development expenditures;
- acquisition risks;
- unexpected substantial variances in capital requirements;
- environmental matters; and
- general economic conditions.

Other factors that could cause actual results to differ materially from those anticipated are discussed in our periodic filings with the SEC, including our annual report on Form 10-K for the year ended December 31, 2006.

When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this prospectus and the documents we have incorporated by reference. We will not update these forward-looking statements unless the securities laws require us to do so.

Item 14. *Other expenses of issuance and distribution*

The following table sets forth the costs and expenses payable by Swift in connection with the sale of securities being registered hereby. All amounts are estimates.

Item	Amount
SEC registration fee	\$ *
Accounting fees and expenses	100,000
Legal fees and expenses	250,000
Trustees fees and expenses	5,000
Printing expenses	150,000
Rating agency fees	125,000
Miscellaneous	120,000
 Total	 750,000

* Under SEC Rule 456(b) and 457(r), the SEC registration fee will be paid at the time of any particular offering of securities under the registration statement, and is therefore not currently determinable.

Item 15. *Indemnification of officers and directors*

The Company has the authority under Articles 2.02(A)(16) and 2.02-1 of the Texas Business Corporation Act to indemnify its directors and officers to the extent provided for in such statute. Swift's Bylaws provide for indemnification of its officers, directors and employees to the fullest extent permitted by Article 2.02-1 of the Texas Business Corporation Act. With shareholder approval, Swift amended its Articles of Incorporation to confirm that Swift has the power to indemnify certain persons in such circumstances as are provided in its Bylaws. The amendment allows Swift to enter into additional insurance and indemnity arrangements at the discretion of Swift's board of directors. Swift has also entered into individual indemnification agreements with each of its officers and directors. These agreements indemnify directors to the fullest extent permitted by law and indemnifies the officers to the same extent as the directors against risks of claims and actions against them arising out of their service to and activities on behalf of the Company.

Article 1302-7.06(B) of the Texas Miscellaneous Corporation Laws Act provides that a corporation's articles of incorporation may provide for the elimination or limitation of a director's liability. Swift's Articles of Incorporation eliminate the liability of directors to the corporation or its shareholders for monetary damages for an act or omission in his capacity as a director, with certain specified exceptions to Swift and its shareholders to the fullest extent permitted by Article 1302-7.06(B)(1-4) of the Texas Miscellaneous Corporation Laws Act.

We also maintain insurance to cover amounts that we may be required to pay officers and directors under the indemnity provisions described above and coverage for its officers and directors against certain liabilities, including certain liabilities under the federal securities law.

17. Undertakings

The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

Table of Contents

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each registrant undertakes that in a primary offering of securities of a registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and
- (iv) Any other communication that is an offer in the offering made by the registrant to the purchaser.

Table of Contents

(and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that registrant will, unless in the opinion of its counsel it has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
