ratification of Hein & Associates, LLP as the independent registered public accounting firm for 2007.

In addition, your shares will also be considered and voted upon other business that properly comes before the Annual Meeting or any adjournment or postponement. Our Board of Directors knows of no business that will be presented for consideration at the Annual Meeting, other than matters described in this Proxy Statement. executing another valid proxy bearing a later date and delivering this proxy to our Secretary prior to or at the Annual Meeting, or

Neither the corporate laws of Oklahoma, the state in which we are incorporated, nor our Certificate of Incorporation or Bylaws have any provisions regarding the treatment of abstentions and broker non-votes. Accordingly, (i) abstentions and broker non-votes are counted for purposes of determining the presence of a quorum at the Annual Meeting, (ii) abstentions are treated as votes not cast but as shares represented at the Annual Meeting for purposes of determining results on actions requiring a majority vote (broker non-votes are treated as votes neither cast nor

represented for purposes of such actions), and (iii) neither abstentions nor broker non-votes are counted in determining results of plurality votes.

We will bear the expenses of this proxy solicitation, including the cost of preparing and mailing this Proxy Statement and accompanying Proxy. These expenses include the charges and expenses of banks, brokerage firms, and other custodians, nominees or fiduciaries for forwarding solicitation material regarding the Annual Meeting to beneficial owners of our common stock. Our directors or employees may solicit Proxies by mail, telephone, and personal interview or by other means without additional compensation, other than reimbursement for their related out-of-pocket expenses.

### **SHAREHOLDERS ENTITLED TO VOTE**

The shareholders entitled to vote at the Annual Meeting are the holders of record, at the close of business on June 1, 2007 (the Record Date), of 20,269,145 shares of common stock then outstanding. Each holder of a share of common stock outstanding on the Record Date will be entitled to one vote for each share held on each matter presented at the Annual Meeting. Our officers, directors and nominee directors own of record, or are deemed to beneficially own, or manage and control the voting a total of 10,323,462 shares or 50.93% of our issued and outstanding common stock, all of which we anticipate will be voted in favor of the matters to be voted upon at the Annual Meeting. There is no cumulative voting with respect to the election of directors. The presence in person or by proxy of the holders of a majority of the shares of common stock outstanding and represented at the Annual Meeting will constitute a quorum for the transaction of business.

### **PROPOSAL ONE ELECTION OF DIRECTORS**

Our Bylaws provide that our Board of Directors shall consist of not less than one and a greater number as determined from time to time by resolution of our Board. The number of directors is currently fixed at seven. In general, a director holds office for a term expiring at the next annual meeting of our shareholders or until her or his successor is duly elected and qualified. Nominations of candidates for election as our directors may be made at any meeting of our shareholders by or at the direction of our Board of Directors or by any shareholder entitled to vote at the meeting. Our Bylaws provide that our Board will fix the date of the annual meeting of our shareholders.

### **Nominees**

Our Board of Directors has nominated each of Andrew A. Boemi, Russell Cleveland, Kenneth S. George, J. French Hill, Peter W. Nauert, Kent H. Webb, M.D., and Nicholas J. Zaffiris, (each, a Nominee or, collectively, Nominees) for election as a director for a term expiring in 2008 or until his successor is elected and qualified or until his earlier

death, resignation or removal. For information about each Nominee, see Directors.

The persons named as proxies in the accompanying Proxy, who have been designated by our Board, intend to vote, unless otherwise instructed in the Proxy, for the election of Messrs. Boemi, Cleveland, George, Hill, Nauert, Webb, and Zaffiris. Each of Messrs. Boemi, Cleveland, George, Hill, Webb, and Zaffiris are considered independent directors. Mr. Naurt is not considered independent because he currently services as our President and our Chief Executive Officer. Should any Nominee become unable for any reason to stand for election as a director, it is

**Table of Contents**

intended that the persons named in the Proxy will vote for the election of another person as our Board may recommend. We know of no reason why the Nominees will be unavailable or unable to serve.

**Required Affirmative Vote**

The affirmative vote of the holders of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote, is required for the election of a director. An abstention from voting and broker non-votes will be tabulated as a vote withheld on the election, but will be included in computing the number of shares present for purposes of determining the presence of a quorum for the Annual Meeting and whether a nominee has received the vote of a majority of the shares present at the Annual Meeting.

**Recommendation of Our Board of Directors**

Our Board of Directors recommends a vote FOR the election of Andrew A. Boemi, Russell Cleveland, Kenneth S. George, J. French Hill, Peter W. Nauert, Kent H. Webb, M.D., and Nicholas J. Zaffiris to our Board. We will vote your proxy accordingly unless you specify a contrary choice.

## **Information Concerning the Board of Directors**

Our Board of Directors currently consists of seven members, six of whom qualify as independent within the meaning of the listing standards of The NASDAQ Stock Market, Inc. The Board determined that each member of the Board, other than Peter W. Nauert, qualify as independent directors. Mr. Nauert does not qualify because he also serves as our President and Chief Executive Officer.

Each nominee director currently serves as a member of our Board of Directors. During 2006, our Board of Directors held eight meetings. Each of the Nominees attended at least 75% of the Board meeting and the meetings of the Committees on which he served. The Board met in executive session, without members of management, four times.

## **Board Committees**

Our Board maintains four standing committees: Audit, Compensation, Corporate Governance and Nominating, and Executive. The Compensation Committee and Audit Committee were established in 1999 and the Corporate Governance Committee and Medical Committee were established in 2003. In 2004, the Corporate Governance Committee became the Corporate Governance and Nominating Committee by action of the Board. The Executive Committee was established in 2007.

The Executive Committee exercises the authority of the Board of Directors for matters delegated by the Board in the management of our business and affairs when the Board is not in session, but does not set any policy of the Board.

The Audit Committee is responsible for the selection and retention of our independent auditors, reviews the scope of the audit function of the independent auditors, and reviews audit reports rendered by the independent auditors. All of the members of the Audit Committee are all independent directors as defined in Rule 4200 of the Nasdaq Stock Market, Inc. marketplace rules (the Nasdaq rules), and two members serve as the Audit Committee's financial experts.

The Compensation Committee reviews our compensation philosophy and programs, and exercises authority with respect to payment of direct salaries and incentive compensation to our officers. A discussion of the Compensation Committee interlocks and insider participation is provided below under the section heading Compensation Committee Interlocks and Insider Participation.

The Governance and Nominating Committee (a) monitors and oversees matters of corporate governance, including the evaluation of Board performance and processes and the independence of directors, and (b) selects, evaluates and recommends to the Board qualified candidates for election or appointment to the Board.

All committees report on their activities to our Board and serve at the pleasure of our Board. The specific duties and authority of each committee is set forth in its charters. The charters of our Audit, Compensation, and Corporate Governance and Nominating committees are available on the Access Plans USA web site at [www.accessplansusa.com](http://www.accessplansusa.com) under the section marked investor relations.

## **Report of the Audit Committee**

The Audit Committee monitors the integrity of our financial statements, the independence and qualifications of the independent registered public accounting firm, our compliance with legal and regulatory requirements and the

effectiveness of our internal controls. The Audit Committee is also responsible for retaining, evaluating, and, if appropriate, recommending the termination of our independent registered public accounting firm. Our independent registered public accounting firm is responsible for expressing an opinion on the conformity of our financial statements with U.S. generally accepted accounting principles.

**Table of Contents**

Our board of directors has determined that Andrew Boemi and J. French Hill, two of our independent directors and members of our audit committee, each qualify as a financial expert. This determination was based upon Mr. Boemi's and Mr. Hill's:

understanding of generally accepted accounting principles and financial statements;

ability to assess the general application of generally accepted accounting principles in connection with the accounting for estimates, accruals and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present the breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, or experience actively supervising one or more persons engaged in such activities;

understanding of internal controls and procedures for financial reporting; and

understanding of audit committee functions.

Mr. Boemi's experience and qualification as a financial expert were acquired through his extensive background in commercial lending, including management of commercial lending units of financial institutions, acting as a member of loan committees, supervising financial analysis, supervising financial officers and accountants, and overseeing and assessing company performance. He has served as a seminar lecturer on accounting and financial matters. Mr. Boemi is currently Managing Director of a firm that invests in mid-market companies in early stage turnaround. In this capacity, he evaluates financial statements and the work of internal accountants and external auditors. He was previously CEO of a publicly held multi-bank holding company, supervising the Chief Financial Officer and the principal officer of the commercial banking group and interfacing with the company's external auditors. He previously served as Chairman of the Audit Committee for two companies. He has a BS degree from Georgetown University in finance and economics and did graduate work at Rutgers in banking and finance.

Mr. Hill's experience and qualification as a financial expert were acquired through his extensive background in financial analysis, investment banking, finance and commercial banking. He has also participated in the preparation of financial statements and registration statements filed with the Securities and Exchange Commission. Mr. Hill also currently serves on one other audit committees where he has oversight responsibility of the financial statements and works with the internal accountants and external auditors on audit and/or accounting matters.

In the performance of its functions, our Audit Committee

reviewed and discussed the audited consolidated financial statements for 2006 with our management,

received the written disclosures and the letter from our independent registered public accounting firm required by Independence Standards Board Standard No. 1 and discussed with the independent registered public accounting firm their independence, and

recommended to our Board of Directors that the audited financial statements as of and for the year ended December 31, 2006 be included in our annual report on Form 10-K for filing with the Securities and Exchange Commission.

Our review with the independent registered public accounting firm included a discussion of such firm's judgments as to the quality, not just the acceptability, of our accounting principles and other matters as are to be discussed with the

Edgar Filing: Access Plans USA, Inc. - Form DEF 14A

Audit Committee under Statement of Auditing Standards No. 61. The Audit Committee also discussed with the independent registered public accounting firm their independence from us and our management, including disclosures received by the Audit Committee in accordance with the requirements of the Independence Standards Board. Furthermore, the Audit Committee considered whether the non-financial statement audit services provided by our independent registered public accounting firm affected their independence. The Audit Committee will discuss with our independent registered public accounting firm the overall scope and plans of their audit for 2007.

Each member of the Audit Committee is an independent director within the meaning of the listing standards of The Nasdaq Stock Market, Inc. and the rules of the Securities and Exchange Commission. During 2006, our

## **Table of Contents**

Audit Committee formally met 4 times and Mr. Hill, the Chairman of the Audit Committee and designated financial expert, met with our registered independent public accounting firm by telephone or in person on a quarterly basis to discuss our quarterly financial statements. Our Audit Committee met with our Board of Directors four (4) times during 2006.

In reliance on the review and discussions referred to above, the Audit Committee recommended to and our Board of Directors approved, filing of the audited financial statements for the year ended December 31, 2006, with the Securities and Exchange Commission. The Audit Committee selected Hein & Associates, LLP as our registered independent public accounting firm for 2007. Representatives of Hein & Associates, LLP will be present at the Annual Meeting of Shareholders and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders attending the meeting.

*Fees for Independent Registered Public Accounting Firm.* The aggregate fees for professional services rendered to us for the years ended December 31, 2006 and 2005 were as follows:

The independent auditors and our management are required to periodically report to the Audit Committee the extent of services provided by the independent auditors and the fees associated with these services. In accordance with our Audit Committee Charter the provision of services by Hein & Associates, LLP and BDO Seidman, LLP, our former registered independent public accounting firm (other than audit, review or attest services) were approved prior to the provision of the services and 100% of those services that were not pre-approved were promptly brought to the attention of our Audit Committee and approved prior to completion of the audit of our financial statements for each of 2006 and 2005.

### **Report of the Compensation Committee**

Our Compensation Committee reviews and approves compensation and benefits policies and objectives, determines whether our executive officers, directors and employees are compensated according to these objectives, and carries

out the responsibilities of our Board of Directors relating to the compensation of our executive officers. The Compensation Committee held three meetings during 2006. The primary goals of our Compensation Committee in setting executive officer compensation in 2006 were (i) to provide a competitive compensation package that would enable us to attract and retain key executives and (ii) to align the interests of our executive officers with those of our shareholders and also with our performance. As a result of our recent merger with ICM, we have new executive officers, including a new Chief Executive Officer. We are also operating in a new industry and have reorganized many of our operations. Accordingly, we expect that in 2007, our Compensation Committee will

**Table of Contents**

review our current policies and practices with respect to executive compensation and make changes as may be necessary to reflect our current position, including the enactment of formal compensation policies.

***Overview of Executive Compensation***

In 2004, we engaged an independent consultant to compare the primary elements of our executive compensation against a peer group of comparable companies. Because we were unable to find a direct peer in our industry with publicly available information, we relied on a peer group consisting of (i) national companies in the business services industry with a market capitalization of less than \$100 million, (ii) companies within the Dallas-Fort Worth metropolitan area with revenues of at least \$30 million and no more than \$60 million and with a total number of employees of between 50 and 500. We also reviewed the information of publicly-held competitors although these companies did not meet the search criteria. We reviewed a weighted composite of base pay, incentive compensation and stock options awarded and created a focal point of total cash, which consisted of base pay and incentive cash compensation. The 2004 study has provided a base of information for subsequent executive compensation decisions, but is not the sole factor in determining executive compensation. Other factors are described below. Because of our recent merger with ICM, our Compensation Committee will consider resetting that base of information with a new study of companies within our industry that are similar in size, revenues and earnings to our current position.

We compete with larger companies for executive level talent. Accordingly, our Compensation Committee has strived to set executive compensation at amounts competitive to the companies reviewed in the 2004 study.

We have no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Our Compensation Committee has reviewed the information from the 2004 study to determine the appropriate level and mix of incentive compensation. Historically, we made annual cash incentive awards and non-cash awards on a less frequent basis. In 2006, we made cash awards and amended previously granted incentive stock options to provide for a lower exercise price. Because of the management changes resulting from our merger with ICM, we are developing new incentive compensation plans that will provide us with a policy to make cash and non-cash awards as a result of either our performance or that of our executive officers and other employees or a combination of both, depending on the type of award, compared to established goals.

We believe in engaging the best available talent in critical managerial functions and this may result in our having to negotiate individually with executives who have retention packages in place with other employers or who have specific compensation requirements. Accordingly, our Compensation Committee may determine that it is in our best interests and our shareholders that we negotiate a compensation package with an individual that deviates from our standard compensation practices. Similarly, our Compensation Committee may determine to adjust a compensation package outside of the normal annual review cycle in order to address a retention issue.

Since the departure of our then Chief Executive Officer in June 2005, our executives have not participated in the executive compensation discussions of our Compensation Committee. In 2007, we expect that our new Chief Executive Officer will participate in these discussions and other members of the executive management team will participate in the drafting of our new compensation plans, including our incentive compensation plan and provide information relating to the execution of such plans, such as earning targets and results.

We currently do not have any ownership guidelines requiring our executives to hold a minimum ownership interest in the Company. We believe that our 1999 Stock Option Plan provides compensation in a manner that aligns the executive with interests of our shareholders in growing a profitable company and enhancing shareholder value. This plan is discussed below.

***Elements of Executive Compensation***

Compensation of our executive officers in 2006 was comprised primarily of

base salary,

performance based incentive compensation (bonuses),

8

---

**Table of Contents**

awards under our equity compensation plans,

perquisites and other personal benefits.

In an effort to ensure the continued competitiveness of our executive compensation policies, the Committee, in setting base salaries and bonuses and making annual and long-term incentive awards, considered the prior levels of executive compensation, the compensation paid to executives of our competitors, the terms of employment agreements and the information provided in the 2004 compensation study.

The incentive portions of an executive's compensation are intended to achieve the Committee's goal of aligning any executive's interests with those of our shareholders and with our performance. These portions of an executive's compensation are placed at risk and are linked to the effect our operating results have on the market price of our common stock and effectively are designed (in the near- and long-term) to benefit our shareholders through increased value in the event favorable operating results are achieved. As a result, during years of favorable operating results our executives are provided the opportunity to participate in the increase in the market value of our common stock, much like our shareholders. Conversely, in years of less favorable operating results, the compensation of our executives may be below competitive levels. Generally, higher-level executive officers have a greater level of their compensation placed at risk.

*Executive Base Salaries.* We provide a base salary for our executives to compensate them for their services during the fiscal year. Because we have a limited number of employees, we do not have a policy setting forth base salary ranges by position or responsibility. In determining the base salary for each employee, the Compensation Committee considers:

the performance of the executive;

the performance of the Company;

information provided in the 2004 study; and

internal factors including previously agreed upon commitments bound by contract, the executive's compensation relative to other officers, and changes in job responsibility.

We have entered into employment agreements with only two of our executive officers, both in 2004: Frank Apodaca, the President and CEO of our Access Administrators, Inc. subsidiary (AAI), and Robert L. Bintliff, our Chief Financial Officer. The employment agreements that we entered into with Mr. Apodaca and Mr. Bintliff at the commencement of each of their terms of employment provide for their base salaries. Their base salaries were negotiated by the Compensation Committee prior to entering into of the employment agreements based on the information available to the committee from the 2004 compensation study and other market information. The base salary of our General Counsel, Eliseo Ruiz was also primarily based on the 2004 compensation study. We had no other executive officers in 2006. For the executive officers that joined us a result of our merger with ICM, we will provide a base salary consistent with their base salary at ICM after our Compensation Committee has reviewed those factors described above.

*Incentive Compensation (Bonuses).* We do not have a formal incentive compensation plan. We are developing an incentive compensation plan with our new management team and our Compensation Committee. We expect that the plan will promote high performance and the achievement of our goals in order to encourage the growth of shareholder value and to allow key employees to participate in the growth and profitability of the Company. Because we do not

have a formal incentive compensation plan, we do not have current policies regarding the use of discretion in making awards, the interplay between the achievement of corporate goals and individual goals, how compensation or amounts realizable from prior compensation are considered in setting other elements of compensation, the adjustment or recovery of awards or payments if the relevant company performance measures upon which they were based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment, or similar matters related to incentive compensation. Instead our Compensation Committee looks to the overall goals of our compensation program in making decisions on all compensation matters.

In 2006, the Compensation Committee with the approval of our Board granted bonuses to three executives based on the standards that we expect to implement in our 2007 incentive compensation plan. Mr. Apodaca received

## **Table of Contents**

a cash bonus as a result of a profitable year in AAI's operation in 2005. Mr. Bintliff received a cash bonus as a result of our success in restructuring certain lease commitments to save costs and in achieving certain tax benefits as a result of a reorganization of our operations. Mr. Bintliff and Mr. Ruiz also received cash bonuses and awards of stock options relating to their efforts related to our merger acquisition of ICM.

*Long-Term Equity Compensation Plan Grants.* Stock option grants with respect to 2006 performance were made under our 1999 Stock Option Plan to three employees, including our executive officers. This Plan provides for the grant of stock options, with or without stock appreciation rights. The stock options granted in 2006 were without stock appreciation rights and have exercise prices equal to or higher than the fair market value of our common stock on the date of grant. Because the options were granted with an exercise price equal to the market value of our common stock at the time of grant, they provided no value unless our stock price exceeds the option exercise price. These stock options are accordingly tied to the stock price appreciation of our common stock value, rewarding the executives and other employees as if they share in the ownership of our common stock similar to that of our shareholders. The number of shares subject to options granted to each executive officer was determined based upon the expected value of our common stock and our historical practice of granting stock options to our executive officers and directors. Much like our cash incentive compensation, grants under our 1999 Stock Option Plan are intended to:

enhance the link between the creation of stockholder value and long-term executive incentive compensation;

provide an opportunity for increased equity ownership by executives; and

maintain competitive levels of executive compensation.

The grants made in 2006 rewarded key officers for their performance in 2005 and in 2006. Moreover, by amending the exercise price of previously granted stock options, the Compensation Committee chose to reward the executives for their efforts in our turnaround in a manner that closely aligned them with the interests of our shareholders in achieving growth and profitability after the completion of our merger acquisition of ICM.

*Other Benefits.* Our executive officers receive other perquisites and benefits consistent with our goals of providing an overall compensation plan that is competitive in order to attract and retain key executives. The Compensation Committee believes that these perquisites and benefits are reasonable and periodically reviews our policy toward such compensation. These perquisites and benefits include health insurance, life insurance, and other benefits available to all of our employees and, in the case of Mr. Bintliff, the receipt of an automobile allowance. Mr. Apodaca had the use of a company-owned vehicle until March 2007, when the vehicle was re-titled in his name in connection with amendments to his employment agreement.

We currently do not have a stock award program, a retirement plan, a savings plan, a deferred compensation plan, or any other benefit plan available to our executives.

### ***Chief Executive Officer Compensation***

We did not have a person serving the position as Chief Executive Officer during 2006.

In June 2005, Nicholas J. Zaffiris, one of our Directors, began serving as Non-Executive Chairman of the Board of Directors. In such capacity he acted as our interim Chief Executive Officer, but did not become one of our employees. Mr. Zaffiris received \$100,000 in cash compensation for his services as Non-Executive Chairman of the Board of Directors and had certain of his previously issued stock options amended to reflect a lower exercise price. The value in 2006 of such amendment was \$29,677. In making these compensation decisions, the Compensation Committee considered several factors, including Mr. Zaffiris' performance as a member of our Board of Directors and the

potential cost of seeking and engaging a full-time Chief Executive Officer on an interim basis.

***Post-Employment Compensation and Contractual Commitments***

We currently do not have severance policy or any commitment for post-employment compensation except as provided in our employment agreements with Mr. Apodaca and Mr. Bintliff.

**Table of Contents**

In the case of Mr. Apodaca, his agreement was amended as of March 1, 2007 to provide for a term ending on December 31, 2007. It provides for a base salary of \$250,000 per year. Should we terminate his agreement without cause prior to the expiration of the term, Mr. Apodaca would be entitled to receive any remaining compensation in a one-time, lump sum payment equal to fifty percent (50%) of his base salary and a pro-rata share of any bonus earned through the date of termination. He would not be entitled to any other benefits or compensation after the termination.

Mr. Bintliff has an employment agreement with us that provides for an initial term ending on October 31, 2007. The agreement provides that Mr. Bintliff's employment shall continue after the initial term for successive periods of one year duration until terminated in accordance with the terms of the agreement. It currently provides for a base salary of \$208,012 per year and an automobile allowance of \$650 per month. Should we terminate his agreement without cause prior to the expiration of the term, he would be entitled to compensation equal to 18 months of his base salary then in effect and all benefits that he would otherwise be entitled to for 18 months.

In the case of Messrs. Apodaca and Bintliff, any outstanding stock options held by him would be cancelled in the event that his employment is terminated for cause. If the employment relationship is terminated for any other reason, he would have 90 days from the date of termination to exercise any outstanding options that he is entitled to exercise (*i.e.*, options that are vested).

***Equity Compensation Plans***

*1999 Stock Option Plan.* For the benefit of our employees, directors and consultants, we have adopted the Precis Smart Card Systems, Inc. 1999 Stock Option Plan (the stock option plan or the plan ). The plan provides for the issuance of options intended to qualify as incentive stock options for federal income tax purposes to our employees and non-employees, including employees who also serve as our directors. Qualification of the grant of options under the plan as incentive stock options for federal income tax purposes is not a condition of the grant and

**Table of Contents**

failure to so qualify does not affect the ability to exercise the stock options. The number of shares of common stock authorized and reserved for issuance under the plan is 1,400,000.

Our board of directors administers and interprets the plan (unless delegated to a committee) and has authority to grant options to all eligible participants and determine the types of options granted, the terms, restrictions and conditions of the options at the time of grant.

The exercise price of options may not be less than 85% of the fair market value of our common stock on the date of grant of the option and to qualify as an incentive stock option may not be less than the fair market value of common stock on the date of the grant of the incentive stock option. Upon the exercise of an option, the exercise price must be paid in full, in cash, in our common stock (at the fair market value thereof) or a combination thereof.

Options qualifying as incentive stock options are exercisable only by an optionee during the period ending three months after the optionee ceases to be our employee or non-employee service provider. However, in the event of death or disability of the optionee, the incentive stock options are exercisable for one year following death or disability and in the event of the retirement of the optionee, the Board of Directors may designate an additional period for exercise. In any event options may not be exercised beyond the expiration date of the options. Options may be granted to our key management employees, directors, key professional employees or key professional non-employee service providers, although options granted non-employee directors do not qualify as incentive stock options. No option may be granted after December 31, 2008. Options are not transferable except by will or by the laws of descent and distribution.

All outstanding options granted under the plan will become fully vested and immediately exercisable if (i) within any 12-month period, we sell an amount of common stock that exceeds 50% of the number of shares of common stock outstanding immediately before the 12-month period or (ii) a change of control occurs. For purposes of the plan, a change of control is defined as the acquisition in a transaction or series of transactions by any person, entity or group (two or more persons acting as a partnership, limited partnership, syndicate or other group for the purpose of acquiring our securities) of beneficial ownership of 50% or more (or less than 50% as determined by a majority of our directors) of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities.

*2002 Non-Employee Stock Option Plan.* Effective May 31, 2002 our Board of Directors approved the Access Plans 2002 Non-Employee Stock Option Plan (the 2002 Stock Option Plan ) which was approved by our shareholders on July 29, 2002 and amended by our shareholders on January 30, 2007. Our employees who also serve as our directors are not eligible to receive stock option under this plan. The purpose of the 2002 Stock Option Plan is to strengthen our ability to attract and retain the services of individuals that serve as our non-employee directors, consultants and other advisors that are essential to our long-term growth and financial success and thereby to enhance stockholder value through the grant of stock options. The total number of shares of common stock authorized and reserved for issuance upon exercise of options granted under the 2002 Stock Option Plan is 1,500,000.

Our Board of Directors administers and interprets the 2002 Stock Option Plan and has authority to grant options to eligible recipients and determine the basis upon which the options are to be granted and the terms, restrictions and conditions of the options at the time of grant. Options granted are exercisable in such amounts, at such intervals and upon such terms as the option grant provides. The per share purchase price of the common stock under the options is determined by our board of directors; however, the purchase price may not be less than the closing sale price of our common stock on the date of grant of the option. Upon the exercise of an option, the stock purchase price must be paid in full, in cash by check or in our common stock held by the option holder for more than six months or a combination of cash and common stock.

Options granted under the 2002 Stock Option Plan may not under any circumstance be exercised after 10 years from the date of grant and no option may be granted after March 31, 2010. Options are not transferable except by will, by the laws of descent and distribution, by gift or a domestic relations order to a family member. Family member transfers include transfers to parents (and in-laws), to nieces and nephews (adopted or otherwise) as well as trusts, foundations and other entities principally for their benefit.

***Employment Arrangements and Lack of Keyman Insurance***

As of December 31, 2006, we had employment agreements with each of Frank Apodaca and Robert L. Bintliff.

Mr. Apodaca's employment agreement was entered into on June 18, 2004 for a three-year term beginning on that date. By amendment, the term has been extended to December 31, 2007. His agreement provides for a current base annual salary of \$250,000.

Mr. Bintliff's employment agreement was entered into on November 1, 2004, for a three-year term beginning on that date and provides for a current base annual salary of \$208,012.

These agreements provide, among other things,

entitlement to fringe benefits including medical and insurance benefits and participation in our 401(k) plan and MSA plan and any other benefit plan we establish, and an automobile allowance of \$650 per month or use of company-owned automobile (in the case of Mr. Apodaca, the company-owned vehicle that had been made available for his use was re-titled in his name in March 2007 in connection with amendments to his employment agreement); and

limited salary continuation during any period of temporary or permanent disability, illness or incapacity to substantially perform the services required under the agreement or in the event of employee's death.

These agreements require the employee to devote the required time and attention to our business and affairs necessary to carry out his responsibilities and duties. The employee may not hold executive positions with other entities or own interests in, manage or otherwise operate other businesses.

The employment of Messrs. Apodaca and Bintliff may be terminated by us for good cause. Under both of their employment agreements, good cause includes, among other things, commitment of a felony, willful failure to take actions permitted by law and necessary to implement our written policies or to otherwise perform his or her duties, willful misconduct materially injurious to us or our subsidiaries, and violations of the Foreign Corrupt Practices Act.

As of the date of this report, we do not maintain any keyman insurance on the life or disability of our executive officers. However, we are considering the purchase of keyman insurance or similar protection, if available, that would be in the best interest of the shareholders.

As of the date of this report, we have at will employment relationship with our other executive officers, with base salaries as set forth on the table below. Each such officer is entitled to participate in employee benefit programs, including our 401K plan, that we offer to all of our employees and is also eligible for incentive compensation awards (bonuses) as may be determined by our Board of Directors. As of December 31, 2006, we did not have a formal incentive compensation plan. The base salaries of the other executive officers are:

**Compliance with Section 16(a) of the Securities Exchange Act of 1934**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers, and persons who own more than 10% of our common stock or other registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than 10% shareholders are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of the forms we received covering purchase and sale transactions in our common stock during 2006, we believe that each person who, at any time during 2006, was a director, executive officer, or beneficial owner of more than 10% of our common stock complied with all Section 16(a) filing requirements during 2004.

**DIRECTOR LIABILITY AND INDEMNIFICATION**

As permitted by the provisions of the Oklahoma General Corporation Act, our Certificate of Incorporation eliminates the monetary liability of our directors for a breach of their fiduciary duty as directors. However, these provisions do not eliminate our director's liability

for a breach of the director's duty of loyalty to us or our stockholders,

for acts or omissions by a director not in good faith or which involve intentional misconduct or a knowing violation of law,

arising under Section 1053 of the Oklahoma General Corporation Act relating to the declaration of dividends and purchase or redemption of shares in violation of the Oklahoma General Corporation Act, or

for any transaction from which the director derived an improper personal benefit.

In addition, these provisions do not eliminate liability of a director for violations of federal securities laws, nor do they limit our rights or our stockholders' rights, in appropriate circumstances, to seek equitable remedies including injunctive or other forms of non-monetary relief. These remedies may not be effective in all cases.

Our bylaws require us to indemnify all of our directors and officers. Under these provisions, when an individual in his or her capacity as an officer or a director is made or threatened to be made a party to any suit or proceeding, the individual may be indemnified if he or she acted in good faith and in a manner reasonably believed to be in or not opposed to our best interest. Our bylaws further provide that this indemnification is not exclusive of any other rights to which the individual may be entitled. Insofar as indemnification for liabilities arising under our bylaws or otherwise may be permitted to our directors and officers, we have been advised that in the opinion of the Securities and Exchange Commission the indemnification is against public policy and is, therefore, unenforceable.

We enter into indemnity and contribution agreements with each of our directors and executive officers. Under these indemnification agreements we have agreed to pay on behalf of the indemnitee, and his or her executors, administrators and heirs, any amount that he or she is or becomes legally obligated to pay because the

indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request or

**Table of Contents**

indemnitee was involved in any threatened, pending or completed action, suit or proceeding by us or in our right to procure a judgment in our favor by reason that the indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request.

To be entitled to indemnification, indemnitee must have acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to our best interests. In addition, no indemnification is required if the indemnitee is determined to be liable to us unless the court in which the legal proceeding was brought determines that the indemnitee was entitled to indemnification. The costs and expenses covered by these agreements include expenses of investigations, judicial or administrative proceedings or appeals, amounts paid in settlement, attorneys' fees and disbursements, judgments, fines, penalties and expenses of enforcement of the indemnification rights.

We maintain insurance to protect our directors and officers against liability asserted against them in their official capacities for events occurring after June 7, 2001. This insurance protection covers claims and any related defense costs of up to \$5,000,000 with an additional excess on losses up to \$5,000,000 on excess of \$5,000,000, an additional excess on losses up to \$5,000,000 on excess of \$10,000,000, and an additional excess on losses up to \$5,000,000 in excess of \$15,000,000 each based on alleged or actual securities law violations, other than intentional dishonest or fraudulent acts or omissions, or any willful violation of any statute, rule or law, or claims arising out of any improper profit, remuneration or advantage derived by an insured director or officer.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Our policies with respect to related party transaction are included in more general conflict of interest policies and practices set forth in our Code of Conduct.

Our Code of Conduct prohibits conflicts involving family members, ownership in outside businesses, and outside employment. Our directors, officers and employees and their family members are not permitted to own, directly or indirectly, a significant financial interest in any business enterprise that does or seeks to do business with, or is in competition with, us unless prior specific written approval has been granted by our Board of Directors. As a guide, a significant financial interest refers to an ownership interest of more than 1% of the outstanding securities or capital value of the business enterprise or that represents more than 5% of the total assets of the director, officer, employee or family member.

Our Corporate Governance and Nominating Committee is charged with reviewing conflicts of interests. If the matter cannot be resolved by the committee, our Board of Directors may take action, or in the case of a conflict among all or nearly all of the members of our Board of Directors, the matter may be brought to our shareholders.

Contained below is a description of transactions and proposed transactions we entered into with our officers, directors and stockholders that beneficially own more than 5% of our common stock during 2006 and 2005. These transactions will continue in effect and may result in conflicts of interest between us and these individuals. Although our officers and directors have fiduciary duties to us and our stockholders, there can be no assurance that conflicts of interest will always be resolved in favor of us and our stockholders.

*Certain Relationships with NCED.* On June 18, 2004, we acquired Access HealthSource, Inc. ( AAI ) for a purchase price of up to \$9,350,000 plus payment of acquisition costs from Ready One Industries, formerly National Center for Employment of the Disabled, Inc. ( NCED ) of which Frank Apodaca served as Chief Administration Officer. Mr. Apodaca, previously served as our President and Chief Operating Officer, also serves as the President and Chief Executive Officer of AAI and has retained that position after the acquisition. The purchase price was in part based upon a multiple of 3.22 of the earnings before interest, taxes, depreciation and amortization of AAI ( EBITDA ) for the years ending December 31, 2004, 2005 and 2006. The total purchase consideration was \$7,863,000 that includes cash payments totaling \$4,232,000 and issuance of 2,145,483 shares with a value of \$3,632,000. Total acquisition costs through December 31, 2006 were \$381,000. Including the merger consideration paid and delivered, and the

acquisition costs, the total purchase price is \$8,244,000. Mr. Apodaca has an agreement with Ready One Industries entitling Mr. Apodaca to 10% of the proceeds (stock or cash) from the sale of AAI. This agreement pre-dated our purchase of AAI. The 16,780 square feet of office space we lease for our AAI operation in El Paso was owned by NCED through January 2007. Market rates were compared prior to the execution of this lease to ensure that the lease terms were consistent with an impartial, arms-length transaction. Total payments of \$169,000 were paid to NCED under this agreement in 2006. AAI also earned revenue from NCED of \$729,000 and \$684,000 in 2005 and 2006, respectively.

*Mr. Nauert's Relationship with The States General Life Insurance Company.* On October 3, 2003, Strategic Acquisition Partners, a privately held company (SAP), purchased Aegis Financial Corporation (Aegis), the sole owner of SGLIC. Mr. Nauert owned a 75% interest in SAP. SGLIC was facing financial challenges at the time Aegis was purchased by SAP. The previous owner of Aegis had refused to provide the capital and other financial resources necessary for SGLIC to continue its operations. Mr. Nauert believed that he could effect a turnaround of SGLIC by refocusing its sales and marketing initiatives and reducing expenses. However, by the second half of 2004, it became apparent that emerging health insurance claims were significantly greater than predicted at the time SAP acquired SGLIC and that SGLIC's capital was being significantly depleted. During the fourth quarter of 2004, Mr. Nauert led various initiatives to recapitalize SGLIC. Despite various expressions of preliminary interest, the potential investors in SGLIC failed to provide the capital resources necessary to allow SGLIC to continue its operations. Accordingly, in February 2005, Mr. Nauert and SAP agreed to place SGLIC in permanent receivership with the Texas Insurance Commission (The State of Texas v. States General Life Insurance Company, Cause No. GV-500484 in the 126th District Court of Travis County, Texas). At the time SGLIC was placed into receivership, Mr. Nauert was the Chairman of the Board of SGLIC and the principal shareholder of its ultimate parent, SAP. Additionally, Michael K. Owens, our Chief Marketing Officer and the President of America's Health Care/Rx Plan Agency, Inc. subsidiary, was an officer of SGLIC. Pursuant to letters dated October 19, 2006, the Special Deputy Receiver (the SDR) of SGLIC asserted certain claims against ICM, its subsidiaries, Peter W. Nauert, ICM's Chairman and Chief Executive Officer, and G. Scott Smith, a former Executive Officer of ICM, totaling \$2,839,000. The SDR is seeking recovery of certain SGLIC funds that it alleges were inappropriately transferred and paid to or for the benefit of ICM, its subsidiaries and Messrs. Nauert and Smith. These claims are based upon assertions of Texas law violations, including prohibitions against self-dealing, participation in breach of fiduciary duty and preferential and fraudulent transfers. Mr. Nauert was in control and Chairman of the Board of SGLIC when it was placed in receivership by the Texas Insurance Commission. ICM, its subsidiaries and Messrs. Nauert and Smith intend to exercise their full rights in defense of the SDR's asserted claims. The SDR filed its own action against SGLIC, pending in the 126th District Court of Travis County, Texas under cause No. GV-500484 and against Messrs. Nauert and Smith, ICM, certain subsidiaries of Insurance Capital Management, Inc. and other parties, in the 126th District Court of Travis County, Texas under cause No. D-1-GN-06-4697. Access Plans has been named as a defendant in this action as a successor-in-interest to ICM. In connection with our merger-acquisition of ICM and its subsidiaries, Mr. Nauert and the Peter W. Nauert Revocable Trust have agreed to fully indemnify ICM and us against any losses resulting from this matter.

*Our Relationship with Insurance Producers Group of America, Inc.* On January 30, 2007, we merged with ICM, pursuant to the vote of our shareholders at a special meeting held on that day. ICM previously owned Insurance Producers Group of America, Inc. (IPG) and IPG owns Insurance Producers of America Agency, Inc. (IPA I) and Independent Producers of America Agency, Inc. (IPA II). Effective September 29, 2006, ICM transferred the ownership of IPG to the Peter W. Nauert Revocable Trust that is managed by Peter W. Nauert, our President, Chief Executive Officer and Chairman. Since that date, Ian Stuart, our Chief Operating Officer, has acquired a material ownership interest in IPG. IPG, IPA I and IPA II currently (i) occupy a portion of our office facilities at 4929 West Royal Lane in Irving, Texas and (ii) utilize some of our personnel, including the services of Mr. Nauert, Mr. Stuart, Michael Owens (our Chief Marketing Officer), and Nancy Zalud (our Vice President of Communications). IPG pays us approximately \$20,000 per month for the use of the office space and for the services provided by our personnel under a month-to-month arrangement with us.

Unless we have received contrary instructions, we may send a single copy of this proxy statement and notice of annual meeting to any household at which two or more shareholders reside if we believe the shareholders are members of the same family. Each shareholder in the household will continue to receive a separate proxy card. This process, known as householding, reduces the volume of duplicate information received at any one household and helps to reduce our expenses. However, if shareholders prefer to receive multiple sets of our disclosure documents at the same address this year or in future years, the shareholders should follow the instructions described below. Similarly, if an address is shared with another shareholder and together both of the shareholders would like to receive only a single set of our disclosure documents, the shareholders should follow these instructions:

If the shares are registered in the name of the shareholder, the shareholder should contact us at our offices at 4929 West Royal Lane, Suite 200, Irving, Texas 75063, to inform us of their request. If a bank, broker or other

nominee holds the shares, the shareholder should contact the bank, broker or other nominee directly.
