Table of Contents

If your shares are held in street name, you will need to contact your broker or other nominee to determine whether you will be able to vote by telephone or Internet.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

For the election of the nominated slate of directors (see pages 8-36).

For the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm (see pages 37-38).

For the approval, on an advisory (non-binding) basis, of the Company's executive compensation (see page 39).

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast in person or by proxy at the Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present, will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the vote.

If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The authorized common stock of the Company consists of 50,000,000 shares at \$0.01 par value. As of the close of business on March 6, 2009, there were 19,864,647 shares eligible to vote.

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

How Many Directors Are There?

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. Currently, we have twelve directors.

Table of Contents

You Should Carefully Read this Proxy Statement in its Entirety.

PROPOSAL ONE ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. The Board of Directors proposes that the nominees for directors described below be re-elected for a new term of one year and until their successors are duly elected and qualified. All nominees are currently serving as directors.

Each of the nominees has consented to serve the term for which he is nominated. If any nominee becomes unavailable for election, which is not anticipated, the directors' proxies will vote for the election of such other person as the Board may nominate, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the meeting.

We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the "SEC"), and the listing standards of the NASDAQ Global Select Market on which our common stock is traded. The Board has adopted various corporate governance guidelines and policies to assist the Board in the exercise of its responsibilities to the Company and its shareholders. The guidelines and policies address, among other items, director independence and director qualifications. You can access and print our corporate governance guidelines and policies, including the charters of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, our Corporate Code of Ethics for Directors, Executive Officers and Employees and other Company policies and procedures required by applicable law or regulation on our website at www.homebancshares.com under the caption "Investor Relations"/ "Corporate Profile"/ "Governance Documents".

Table of Contents**Director Independence**

NASDAQ rules require that a majority of the directors of NASDAQ-listed companies be independent. An independent director generally means a person other than an officer or employee of the listed company or its subsidiaries, or any other individual having a relationship which, in the opinion of the listed company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Certain categories of persons are deemed not to be independent under the NASDAQ rules, such as persons employed by the listed company within the last three years, and persons who have received (or whose immediate family members have received) payments exceeding a specified amount from the listed company within the last three years, excluding payments that are not of a disqualifying nature (such as compensation for board service, payments arising solely from investments in the listed company's securities, and benefits under a tax-qualified retirement plan). NASDAQ rules impose somewhat more stringent independence requirements on persons who serve as members of the audit committee of a listed company.

Of the twelve persons who currently serve on our Board of Directors, we believe that nine are independent for purposes of NASDAQ rules. Messrs. Allison, Strother, and Sims are not considered independent because they are officers of Home BancShares. The Board has also determined that no member of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the NASDAQ listing standards.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our directors, officers, and employees. We believe our Code of Ethics is reasonably designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of conflicts of interest, full, fair and accurate disclosure in filings and other public communications made by us, compliance with applicable laws, prompt internal reporting of ethics violations, and accountability for adherence to the Code of Ethics. This Code of Ethics is published in its entirety on our website at www.homebancshares.com under the caption "Investor Relations"/ "Corporate Profile"/ "Governance Documents." We will post on our website any amendment to this code and any waivers of any provision of this code made for the benefit of any of our senior executive officers or directors.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

The business of the Company is managed under the direction of the Board of Directors, who meet on a regularly scheduled basis during the calendar year to review significant developments affecting the Company and to act on matters that require Board approval. Special meetings are also held when Board action is required on matters arising between regularly scheduled meetings. Written consents to action without a meeting may be obtained if the Company deems it more appropriate.

All members of the Board are strongly encouraged to attend each meeting of the Board and meetings of the Board Committees on which they serve, as well as the Annual Meeting. The Board of Directors held four regularly scheduled meetings and one special meeting during calendar year 2008. During this period all current members of the Board participated in at least 80% of the Board and committee meetings. Our Director Attendance Policy is published on our website at www.homebancshares.com under the caption "Investor Relations"/ "Corporate Profile"/ "Governance Documents."

Our Board of Directors has five standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Asset/Liability Committee and the Asset Quality Committee. Committee members are elected annually by the Board and serve until their successors are elected and qualified or until their earlier resignation or removal.

The following table discloses the Board members who serve on each of the Board's committees and the number of meetings held by each committee during calendar year 2008.

The Board of Directors has adopted a written charter for the Compensation Committee that meets the applicable standards of the SEC and NASDAQ. The Compensation Committee Charter is published on our website at www.homebancshares.com under the caption "Investor Relations"/ "Corporate Profile"/ "Governance Documents".

The Compensation Committee is comprised of Dale A. Bruns, Chairman, Richard H. Ashley, Richard A. Buckheim and Jack E. Engelkes. The Compensation Committee charter authorizes the Committee to delegate to subcommittees of the Committee any responsibility the Committee deems necessary or appropriate. The Committee shall not, however, delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole. The Committee did not utilize the services of a subcommittee in 2008.

The CEO provides recommendations to the Committee regarding the form and amount of compensation paid to executive officers who report directly to him. Additionally, the CEO and our Chief Financial Officer (CFO) regularly attend Committee meetings, other than executive sessions. Traditionally, management has provided to the Committee historical and prospective breakdowns of primary compensation components for each executive officer, including internal pay equity analyses.

Table of Contents

Historically, the Committee meets subsequent to year end to finalize discussion regarding the Company's performance goals for the previous and current year with respect to performance-based compensation to be paid to executive officers and to approve its report for the annual proxy statement. These goals are approved within 90 days of the beginning of the year. Each year in December and/or January, the Committee generally discusses any new compensation issues, the compensation, bonus and incentive plan award analyses and the engagement of a compensation consultant for annual executive and director compensation. The Committee also meets in December and/or January to:

1. review and discuss the recommendations made by the CEO;
2. review the performance of the Company and the individual officers;
3. review the level to which the Company's performance goals were attained and approve short-term cash bonus and long-term incentive awards; and
4. determine the executive officers' base salaries for the following year.

Management also advises the full Board, including the Committee members, throughout the year of new issues and developments regarding executive compensation.

Director Candidate Qualifications

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy outlines the qualifications the Committee looks for in a director nominee. Generally, the candidate should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with performance as a director.

More specifically, the Nominating Committee seeks candidates who possess various qualifications or skills, including leadership experience in business or other relevant fields, knowledge of the Company and the financial services industry, experience in serving as a director of another financial institution or public company generally, wisdom, integrity, analytical ability, familiarity with and participation in the communities served by the Company and its subsidiaries, commitment to and availability for services as a director, and any other factors the Committee deems relevant.

Director Nominations Process

After assessing and considering prevailing business conditions of the Company, legal and listing standard requirements for Board composition, the size and composition of the current Board, and the skills and experience of current Board members, any of the Chairman, the Nominating Committee or any Board member may identify the need to add a Board member or to fill a vacancy on the Board. The Committee identifies qualified director nominees from among persons known to the members of the Committee, by reputation or otherwise, and through referrals from trusted sources, including senior management, existing Board members, shareholders and independent consultants hired for such purpose. The Committee may request that senior officers of the Company assist the Committee in identifying and assessing prospective candidates who meet the criteria established by the Board.

The Nominating Committee evaluates candidates based upon the candidate's qualifications, recommendations, or other relevant information, including a personal interview. The Committee meets to consider and approve the candidates to be presented to the Board. The Committee then presents its proposed nominees to the full Board. The Board considers the recommendations of the Committee and approves candidates for nomination.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

In accordance with its written charter, which was re-approved in its current form by the Board of Directors on January 16, 2009, the Audit Committee assists the Board in, among other things, oversight of our accounting and financial reporting processes, our compliance with legal regulatory requirements, the qualifications and independence of the independent auditors and the performance of the internal and independent auditors. A copy of the Audit Committee charter is published on the Company's website at www.homebancshares.com under the caption "Investor Relation"/ "Corporate Profile"/ "Governance Documents".

Our Board of Directors has determined that all four members of the Committee are independent based upon the independence requirements of the SEC and NASDAQ, and that our Chairman, Mr. Engelkes, satisfies the criteria of an audit committee financial expert as defined by the regulations of the SEC.

Management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of our accounting principles and reporting policies and for implementing and maintaining internal control over financial reporting. Our independent auditors are responsible for auditing the financial statements and internal controls over financial reporting and for reviewing our unaudited interim financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. Except for our Chairman, Mr. Engelkes, the members of the Audit Committee are not engaged in the practice of accounting or auditing and are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

During 2008, the Audit Committee had five regularly scheduled meetings and no telephonic meetings. The Audit Committee's regular meetings were conducted in order to encourage communication among the members of the Audit Committee, management, the internal auditors, and our independent auditors, BKD, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees.

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2008, with management, the internal auditors, and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

Table of Contents

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Public Company Accounting Oversight Board Rule 3526, "Communication with Audit Committees Concerning Independence." The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to BKD, LLP for audit and non-audit services. The Audit Committee concluded that the provision of services by BKD, LLP is compatible with the maintenance of BKD's independence.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the calendar year ended December 31, 2008, for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Philosophy and Program

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee the Company's compensation and benefit plans and policies, administer its stock plans, and review and approve annually all compensation decisions related to the named executive officers, the board members, and the CEO and CFO. Our named executive officers are our CEO, our CFO and our three other most highly-compensated executive officers, as listed in the Summary Compensation Table of this Proxy Statement. The Committee submits its decision with regard to the CEO and CFO to the independent directors for their ratification.

The Committee recognizes the importance of compensation and performance and seeks to reward performance with cost-effective compensation that aligns employee efforts with the business strategy of the Company and with the interest of the shareholders. The Committee also recognizes that the compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

The following principles guide the Committee:

Compensation levels should be sufficiently competitive to attract and retain key management for the banks and holding company. The Company hires experienced bank executives that have a track record in the market. Competition is strong for these talented and experienced people. The compensation package must be strong and competitive in that market.

Compensation should relate directly to performance and responsibility. Compensation should vary with the performance and responsibility of the individual. It should always be proportional to the contribution to the Company's success.

Short-term incentive compensation should motivate high performance. The Company uses the cash bonus plan to motivate individuals with roles and responsibilities that give them the ability to directly impact the Company's performance and strategic direction. The incentive compensation should not cause the individual to take excessive and unnecessary risks that would threaten the institution.

Table of Contents

The Company's Non-Qualified Stock Option Plan should align management with shareholders interests. Awards of stock options or other forms of long-term compensation should encourage management to focus on the long-term growth and success of the Company. It should provide management with a meaningful stake in the Company and the prospects of a long-term career.

The Committee in the past has compared total compensation levels for the executive officers to the compensation paid to executives of a peer group comprised of similar bank holding companies of comparable size. The Committee did not perform a peer review in 2008. The Committee will review this decision on an annual basis and perform peer reviews as the Committee deems necessary. For 2008, the Committee evaluated and considered the overall performance of the Company and, for our bank presidents, the performance of each bank, as well as the individual's performance and recommendations by the CEO.

The Company did not use the services of an independent compensation consultant to advise on compensation issues in 2008. The Committee will review this decision on an annual basis and employ such a consultant when the Committee determines that it would be helpful.

Executive Compensation Limitations Related to Capital Purchase Program

On January 16, 2009, the Company sold \$50 million of senior preferred shares to the U.S. Department of the Treasury (the Treasury) under the Capital Purchase Program (CPP) of the Treasury's Troubled Asset Relief Program (TARP). The Board of Directors viewed the CPP as a voluntary opportunity to raise additional low cost capital to bolster the Company's already adequate sources of liquidity and well-capitalized position to support existing operations as well as anticipated future growth. As a result of the Company's participation in the CPP, the Company became subject to certain executive compensation requirements under section 111(b) of the Emergency Economic Stabilization Act of 2008 (EESA), the rules and guidelines promulgated by the Treasury thereunder, and the contract pursuant to which we sold the senior preferred shares.

On February 17, 2009, the President signed into law the American Recovery and Reinvestment Act of 2009 (ARRA). The ARRA amended in its entirety Section 111 of the EESA. In doing so, the ARRA continues all the same compensation and governance restrictions and adds substantially to the restrictions in several areas. The ARRA implements many, but not all, of the restrictions in the guidelines issued by the Treasury on February 4, 2009, on executive pay for financial institutions receiving TARP assistance and in several instances goes beyond the Treasury guidelines. These restrictions apply to all participants that have received or will receive financial assistance under the TARP, and therefore, these additional restrictions apply to us.

The compensation requirements imposed by the EESA and ARRA and our contractual agreement with the Treasury apply to what the Treasury refers to as our senior executive officers (SEOs) and, in certain instances, additional officers or employees of the Company. Presently, our SEOs are the same five officers who are our named executive officers. These requirements are:

Prohibition on Incentive Compensation that Provides an Incentive to Take Unnecessary and Excessive Risks. The EESA prohibits us from providing incentive compensation arrangements that encourage our SEOs to take unnecessary and excessive risks that threaten the value of the financial institution.

Risk Review. The Compensation Committee is required within 90 days after the sale of the senior preferred shares by the Company to the Treasury to review the incentive compensation of the SEOs with the Company's senior risk officer(s), or other personnel acting in a similar capacity, to ensure that the SEO incentive compensation arrangements do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company. The Committee must thereafter meet at least annually with the senior risk officer(s), or individual(s) acting in a similar capacity, to discuss and review the relationship between the Company's risk management policies and practices and the SEO incentive compensation arrangements. The Committee has met with the Company's risk officer to review and discuss the SEO incentive compensation arrangements and determined that such arrangements do not encourage the SEOs to take unnecessary and excessive risks that could threaten the value of the Company. See REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS.

Table of Contents

Clawback. In order to comply with the EESA and the ARRA, the Company must require that any bonus, retention award, and incentive compensation paid to an SEO or the next 20 most highly compensated employees during the period that the Treasury holds an equity or debt position in the Company acquired under the CPP are subject to recovery or clawback by the Company if it is determined that the payments were based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria.

Golden Parachutes. Under the EESA and the ARRA, the Company must prohibit any golden parachute payment to an SEO or the next five most highly compensated employees during the period that the Treasury holds an equity or debt position in the Company acquired pursuant to the CPP. For purposes of this requirement, golden parachute payment means any payment to an SEO for departure for any reason, except for payments for services performed or benefits accrued.

Prohibition on Bonuses and Similar Payments. The Company is prohibited by the ARRA from paying or accruing any bonus, retention award, or incentive compensation during the period in which any obligation to the Treasury remains outstanding. There is an exception for long-term restricted stock meeting certain criteria. The prohibition applies only to the SEOs.

Limit on Tax Deduction. In connection with its sale of the senior preferred shares, the Company agreed not to claim, during any taxable year in which the Treasury holds an equity or debt position with the Company, any deduction for federal income tax purposes for compensation that would not be deductible if section 162(m)(5) of the Internal Revenue Code were to apply to the Company. Section 162(m)(5) limits the aggregate amount of compensation, including performance-based compensation, that may be deducted annually by an applicable institution for each of its five most highly compensated executive officers to \$500,000 during any applicable taxable year. Section 162(m)(5) applies to any financial institution that has sold an aggregate of \$300 million of troubled assets to the Treasury under a program established pursuant to the EESA. Because the Company's sale of preferred stock to the Treasury occurred on January 16, 2009, the Company will be subject to this \$500,000 deduction limitation beginning with the 2009 taxable year and during any future taxable year in which the Treasury holds an equity or debt position with the Company.

Binding SEO Agreements. Prior to the Company's sale of senior preferred shares to the Treasury, each of the Company's SEOs entered into a letter agreement with the Company through which the SEO agreed to certain actions as described below in connection with the Company's compliance with the executive compensation restrictions under the CPP. Specifically, each SEO agreed to the following:

Prohibition by the Company of any golden parachute payment to the SEO during any period during which he is a senior executive officer and the Treasury holds an equity or debt position acquired from the Company in the CPP (the CPP Covered Period);

Any bonus and incentive compensation paid to the CEO during a CPP Covered Period being subject to recovery or clawback by the Company if the payments were based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria;

Amendment by the Company to the extent necessary to give effect to the agreed upon limitations described above of each of the Company's compensation, bonus, incentive and other benefit plans, arrangements and agreements (including golden parachute, severance and employment agreements) (collectively, Benefit Plans) with respect to the SEO, and

Review by the Company of its Benefit Plans to ensure that they do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company and, to the extent any such review requires revisions to any Benefit Plan with respect to the SEO, the SEO and the Company agree to negotiate such changes promptly and in good faith.

Shareholder Say-on-Pay Vote Required. Under the ARRA, we are required to permit a non-binding shareholder vote to approve the compensation of executives as disclosed in the Company's proxy statement. The ARRA directs the SEC to adopt regulations within one year to implement this say-on-pay requirement. The Company has included in

this Proxy Statement a proposal providing for an advisory vote to approve the compensation of our executives. *See*
PROPOSAL THREE ADVISORY (NON-BINDING) VOTE APPROVING EXECUTIVE COMPENSATION.

Prohibition on Compensation Plans that Encourage Earnings Manipulation. The Company is prohibited from implementing any compensation plan that would encourage manipulation of the reported earnings of the Company in order to enhance the compensation of any of its employees. The Company does not believe it has any compensation plan that would encourage manipulation of the reported earnings of the Company.

Semiannual Compensation Plan Evaluation Required. The ARRA requires the Company's Compensation Committee to meet at least semiannually to discuss and evaluate employee compensation plans in light of an assessment of any risk to the Company posed by such plans.

CEO and CFO Certification Requirements. The ARRA requires our CEO and CFO to provide a written certification of compliance with the executive compensation restrictions in the ARRA in our annual filings with the SEC (presumably our annual report on Form 10-K or proxy statement).

Policy on Luxury Expenditures. The ARRA requires us to implement a company-wide policy regarding excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services.

Treasury Review of Prior Payments. The ARRA directs the Treasury to review bonuses, retention awards, and other compensation paid to our CEOs and the next 20 most highly-compensated employees of the Company and to seek to negotiate with the Company and affected employees for reimbursement if it finds any such payments were inconsistent with CPP or otherwise in conflict with the public interest.

Many aspects of the foregoing restrictions will not be clear until the Treasury and the SEC publish new rules. At the present time, Treasury has not announced whether it intends to publish rules to implement the aspects of its current guidelines that were not addressed by the ARRA. The Compensation Committee and the Board of Directors will continue to monitor the future rules, regulations, guidelines and law changes regarding executive compensation for CPP participants and will promptly make appropriate changes to the Company's executive compensation program as needed.

Components of Compensation

The key elements of the Company's executive compensation program are:

Base salary

Short-term incentives (bonuses)

Long-term incentives compensation (options)

Retirement and insurance benefit plans

Certain defined perquisites

The Company tries to determine the proper mix of base, short-term and long-term incentive compensation. In our markets there are a number of national, regional and community banks. The competition for experienced executives in banking is strong. The Committee understands that being a public company that can offer equity incentives, a community banking philosophy, and an above average base pay puts the Company in a competitive position for strong management. The public market for the stock and its easily accessible value is a positive factor in aligning the management's interest with that of the shareholders and making them meaningful stakeholders.

Base Salary

Base salaries have been targeted at the upper levels for the peer group of companies and adjusted to recognize varying levels of responsibility, individual performance, individual bank performance if appropriate and internal equity issues. The Committee reviews the base salaries of the executive officers annually. This base salary provides the foundation for a total compensation package that is required to attract, retain and motivate the officers. Generally, base salaries are not directly related to specific measures of performance, but are determined by experience, the scope and complexity of the position, current job responsibilities, and salaries of competing banks. The Company does not use benchmarking.

Table of Contents***Short-term Incentives***

An annual cash bonus plan is intended to reward individual performance for that year. The Compensation Committee reviews the individual performance of the officer, and if they are in charge of a subsidiary bank, the performance of that bank. In evaluating a bank president, the Committee reviews the goals for that subsidiary bank, including return on assets, growth in assets, asset quality, return on equity, gross margin, net income, operating income, net cash flow and regulatory examination results. In evaluating an executive officer of the parent, the Committee reviews the goals of the parent company including shareholder return, earnings per share, and the other criteria noted above. The final consideration is the overall profitability of the Company. The Committee then determines the amount of the awards.

Long-term Incentives

Consistent with the Company's philosophy that favors compensation based upon performance, long-term incentives comprise a significant component of total compensation. In 2006, the Board of Directors adopted and the shareholders approved the 2006 Stock Option and Performance Incentive Plan (the Plan). The purpose of the Plan is to attract and retain highly qualified officers, directors, and key employees, and to encourage those employees to improve our business results. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Committee may select participants to receive awards, determine the types, terms and conditions of awards and interpret provisions of the Plan.

It is the policy of the Committee to award grants with an exercise price set at the fair market value on the date of the grant. The Company does not have a practice of timing option grants to coordinate with the release of material non-public information. The Committee evaluates opportunities under the Plan along with the annual setting of salaries and awarding bonuses. The Committee will also consider awards under the Plan if appropriate in recruiting a new employee.

The Committee uses one or more of the following business criteria, on a consolidated basis and/or with respect to specified subsidiaries (except with respect to the total shareholder return and earnings per share criteria), in establishing performance goals for awards intended to comply with Section 162(m) of the Internal Revenue Code granted to covered employees:

shareholder return;

return on assets;

growth in assets;

return on equity;

earnings per share;

net income; and

operating income.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the compensation that publicly held corporations may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation and stock option awards are generally performance-based meeting those requirements and, as such, are deductible. We did not have any executive officer with compensation of \$1,000,000 during 2008, and the Compensation Committee has not adopted a policy with regard to this issue.

However, as described above, financial institutions such as the Company that have sold securities to the Treasury under the CPP are subject to Section 162(m)(5), enacted as part of the EESA, which limits the aggregate amount of compensation, including performance-based compensation, that may be deducted annually by an applicable institution for each of its five most highly compensated executive officers to \$500,000 during the period that the Treasury holds

an equity or debt position in the institution. Because the Company sold senior preferred shares to the Treasury on January 16, 2009, we will be subject to this \$500,000 deduction limitation beginning with the 2009 taxable year and during any future taxable year in which the Treasury holds an equity or debt position with the Company. *See* Executive Compensation Limitations Related to Capital Purchase Program.

Table of Contents

The Company has both regular and performance-based nonqualified stock options. The Committee has set a cliff-vesting date of January 1, 2010, for the issued performance-based options, and has tied the eligibility for those options to annual or cumulative performance goals for the Company and for individual banks. If the annual goals are met, then a percentage of the options are eligible for exercise at the end of the cliff-vesting period. If annual goals are not met, but the Company meets its five-year cumulative goals, participants in the Plan may still become eligible for 100% of the options originally awarded to them. The Committee does not have a policy of adjusting awards if performance goals are not met.

The Committee believes that these performance-based options that are based in part on the results of the subsidiary bank under the direction of the officer and the cliff vesting of all the options provide annual incentives. The stock option awards granted in 2006 and 2007 thus far have achieved their objectives with respect to retaining our officers and improving the results of our subsidiary banks in consideration of the difficult current market conditions, but the Committee will continue to evaluate the need for additional awards.

Retirement and Insurance Benefits

Post-Termination Benefits. We do not have any employment, salary continuation, or severance agreements currently in effect for any of our executive officers.

Chairman's Retirement Plan. In 2007, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for our Chairman and Chief Executive Officer, John W. Allison. The Chairman's Retirement Plan provides a supplemental retirement benefit to Mr. Allison of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later.

The benefits under the plan vest based on Mr. Allison's age according to the following schedule: age 61 7.5%, age 62 35.0%, age 63 60.0%, age 64 82.0% and age 65 100.0%. These benefits will become 100% vested if any of the following events occur before Mr. Allison reaches the age of 65: his death, disability or involuntary termination from the Company without cause, or a change in control of the Company. The vested benefits are payable over 10 years or Mr. Allison's life, whichever is greater, and commence on the earlier of Mr. Allison reaching age 65 or termination of his employment with the Company for any reason other than death.

If Mr. Allison dies before the benefits commence, his beneficiary is entitled to receive the benefits for 10 years. If he dies during the 10 year guaranteed benefit period, his beneficiary will receive the remaining payments due during the guaranteed period. If he dies after the guaranteed benefit period, no further benefits will be paid. The annual benefit will be paid in monthly installments.

Supplemental Executive Retirement Plan. Prior to our acquisition of Community Bank, the bank purchased life insurance policies on its President and Chief Executive Officer, Tracy M. French. The policies offset benefit expenses associated with a supplemental annual retirement benefit that grows on a tax-deferred basis. A portion of the benefit is determined by an indexed formula. The balance of the benefit is determined by crediting interest on the accrued balances. The calculation for the benefit expense accrual is: insurance policy income minus opportunity cost plus interest. The opportunity cost is determined by the bank and is equal to the five year average of the one year Treasury Bill rate. Community Bank retains the opportunity cost. Prior to Mr. French's retirement, any earnings in excess of the opportunity costs are accrued to a liability reserve account for his benefit. In addition, that liability account is credited with interest at a rate of 8.0%. At retirement, this liability reserve account is amortized with interest and paid out over a period of 15 years. Subsequent to the liability account being paid out in full, Mr. French will begin receiving an indexed retirement benefit payable for life. If Mr. French dies while there is a balance in his account, this balance will be paid in a lump sum to Mr. French's beneficiaries.

The life insurance benefit for Mr. French is being provided by an endorsement split dollar life plan. Should the executive die while employed by the bank, this death benefit is equal to 70% of the net at risk life insurance portion (total benefit less cash value) of the policies insuring the life of Mr. French. Community Bank has all ownership rights in the death benefits and surrender values of the insurance policy on Mr. French. Its obligations under the retirement benefit portion of this policy are unfunded; however, the bank has purchased life insurance policies on Mr. French that are actuarially designed to offset the annual expenses associated with the benefit portion of the policy and will, given reasonable actuarial assumptions, offset all of the cost during Mr. French's lifetime and provide a complete recovery of costs at death.

401(k) Plan. All our full- and part-time employees over the age of 21 are eligible to participate in our 401(k) Plan immediately. We contribute a matching contribution equal to 50% of the participants' first 6% of deferred compensation contribution. In addition, we may make a discretionary contribution of up to 3% of total compensation. No discretionary contributions were made during 2008.

Health and Insurance Benefits. Our full-time officers and employees are provided hospitalization and major medical insurance. We pay a substantial part of the premiums for these coverages. All insurance coverage under these plans is provided under group plans on generally the same basis to all of our full-time employees. Also, we provide other basic insurance coverage including dental, life, and long-term disability insurance.

In 2004, First State Bank adopted an endorsement split dollar life insurance plan which provides for the purchase of life insurance policies insuring the life of Mr. Allison. Both the bank and Mr. Allison have an interest in each of the policies, and therefore, this is classified as an endorsement split-dollar plan. Mr. Allison's beneficiaries will be entitled to an amount equal to 50% of the net-at-risk insurance portion of the total proceeds. The net-at-risk portion is the total proceeds less the cash value of the policy. Mr. Allison recognizes the economic value of this death benefit each year on his individual income tax return. The beneficiaries of the policies are named by Mr. Allison and the bank will receive the remainder of the death benefit. The bank has all ownership rights in the death benefits and surrender values of the policies. The premium paid on June 4, 2004, for the policies was \$4.8 million. Effective December 22, 2006, the death benefits payable under these policies split between the bank and Mr. Allison's beneficiaries. If the death benefit were paid in 2009, approximately \$8.0 million would be paid to the bank and approximately \$2.3 million would be paid to Mr. Allison's beneficiaries.

Perquisites

The Company provided certain perquisites to executive management in 2008. These perquisites included:

Country club dues

Gasoline for personal car

401(k) contributions

Use of company owned car

The Company does not own its own airplane, but does use an airplane owned by Mr. Allison's company, Capital Buyers. An employee of the Company is a pilot and flies the airplane. Mr. Allison also uses the pilot for personal travel which may or may not occur during working hours. When the Company uses the plane, Capital Buyers charges the Company for out of pocket expenses only.

Compensation of the Chairman and Chief Executive Officer

On October 17, 2008, based on a recommendation by the Compensation Committee, the Board of Directors granted Mr. Allison an annual base salary of \$275,000 beginning on November 1, 2008, and made him eligible for an annual discretionary cash bonus. Any cash bonus will be based upon the goals of the Company including shareholder return, earnings per share and other criteria. However, as long as the Company has an obligation outstanding under the CPP, Mr. Allison will not be eligible for a cash bonus. Mr. Allison has not previously received any salary from the Company for his services. The Committee based its decision to provide a salary to Mr. Allison on the Company's performance under his leadership over the past 10 years. As of December 31, 2008, Mr. Allison received \$31,731 as salary from the Company. Mr. Allison did not receive an annual bonus for 2008.

Table of Contents

On March 13, 2006, Mr. Allison received 62,400 performance based stock options at the then fair market value of \$13.18 per share. He surrendered SARS of approximately the same value. As adjusted for an 8% common stock dividend paid to the Company's common shareholders on August 27, 2008, these stock options currently represent 67,392 shares of common stock with an exercise price of \$12.20 per share. The stock options vest on January 1, 2010, if the Company meets stated performance goals. Twenty percent of the options become eligible for exercise every year if the Company meets the annual performance goals. If the annual performance goals are not met, that 20% of the options would only become eligible if before January 1, 2010, the Company had met the cumulative goals. The Company met its goals in 2006 and 2007. However, due to the difficult market conditions, particularly in our Florida market, the Company did not meet its annual performance goals in 2008. A total of 26,957 options (stock dividend adjusted) are currently eligible for exercise by Mr. Allison on January 1, 2010, if he is still holding office with the Company at that time. The additional 13,478 options that would have become eligible had the Company met its performance goals for 2008 will become eligible for exercise by Mr. Allison on January 1, 2010, only if the Company meets its cumulative goals before such date.

On January 10, 2008, in connection with the grant of stock options to all non-employee directors of the Company, Mr. Allison received 2,000 stock options with an exercise price of \$20.44 per share, the fair market value on date of grant. As adjusted for the 8% common stock dividend paid to the Company's common shareholders in August 2008, these stock options currently represent 2,160 shares of common stock with an exercise price of \$18.93 per share. These stock options will vest in five equal annual installments beginning on January 10, 2009.

On January 18, 2008, the Compensation Committee awarded Mr. Allison an additional 15,000 stock options with an exercise price of \$20.28 per share, the fair market value on date of grant. As adjusted for the 8% stock dividend, these stock options currently represent 16,200 shares of common stock with an exercise price of \$18.78 per share. These stock options will vest in five equal annual installments beginning on January 18, 2009. The Committee based the award on its conclusion that, through Mr. Allison's leadership, the Company completed a very successful year in 2007, which included record earnings for the Company and the acquisition of an additional bank subsidiary in the Central Arkansas market area.

In April 2007, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for Mr. Allison, which provides him a supplemental retirement benefit of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later. The benefits under the plan vest based on Mr. Allison's age beginning at age 61 and fully vest when Mr. Allison reaches age 65. The benefits will also become 100% vested if, before Mr. Allison reaches the age of 65, he dies, becomes disabled, is involuntarily terminated from the Company without cause, or there is a change in control of the Company. The vested benefits will be paid in monthly installments. The benefit payments will begin on the earlier of Mr. Allison reaching age 65 or the termination of his employment with the Company for any reason other than death. If Mr. Allison dies before the benefits commence or during the 10 year guaranteed benefit period, his beneficiary will receive any remaining payments due. If he dies after the guaranteed benefit period, no further benefits will be paid. *See* COMPENSATION DISCUSSION AND ANALYSIS - Components of Compensation for more information on the Chairman's Retirement Plan.

Mr. Allison receives a fee for his service as Chairman of the Board of Directors of the Company. The fee for his service as Chairman of the Board is set by the Board of Directors. In addition, Mr. Allison serves on the board of directors of each of the Company's subsidiary banks and each regional board of directors of Centennial Bank (formerly First State Bank). As a member of the board(s) of directors of each subsidiary bank, he receives a fee for his service on each subsidiary bank board. The fees for his service on each board are set by the respective boards of directors of each subsidiary bank.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS**

In accordance with its written charter, which was re-adopted in its current form by the Board of Directors on January 16, 2009, the Compensation Committee evaluates and approves the plans and policies related to the compensation of the Company's executive officers and directors. A copy of the Compensation Committee charter is published on the Company's website at www.homebancshares.com under the caption "Investor Relation / Corporate Profile / Governance Documents."

The Committee met seven times in 2008 to discuss, among other items, the salaries, bonuses and other compensation of the senior executive officers and other key employees of the Company, including the Chief Executive Officer. The Committee did not act by unanimous written consent at any time in 2008.

In determining the compensation of the executive officers for 2009, the Committee, among other things, evaluated the performance of the Chief Executive Officer and the other executive officers in light of corporate goals and objectives and reviewed the Chief Executive Officer's compensation recommendations. The Committee also set the annual cash bonuses of the executive officers for 2008.

The Compensation Committee reviewed and discussed with management the information provided in the preceding Compensation Discussion and Analysis section of this Proxy Statement. Based on its review and discussions with management, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and our Annual Report on Form 10-K for the calendar year ended December 31, 2008, for filing with the SEC.

Finally, the Compensation Committee certifies that it has reviewed with the Company's senior risk officer(s) the incentive compensation arrangements of its senior executive officers and has made reasonable efforts to ensure that such arrangements do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the value of the Company.

EXECUTIVE COMPENSATION

The following table sets forth various elements of compensation awarded to or paid by us for services rendered in all capacities by our CEO, our CFO and our three other most highly-compensated executive officers, our named executive officers, during the fiscal year ended December 31, 2008. The amounts in the table for Other Compensation for each of the named executive officers for 2008 include an extra pay period during 2008 that is not reflected in the respective named executive officers' salaries. Because the Company issues paychecks biweekly on Thursdays, the first pay date for 2009 fell on January 1, 2009. The Company issued paychecks for this pay date on December 31, 2008 due to the holiday, which resulted in the Company having 27 pay periods during 2008 instead of the normal 26 pay periods.

The benefits under the Chairman's Retirement Plan vest based on Mr. Allison's age beginning at age 61 and fully vest when Mr. Allison reaches age 65. The benefits will also become 100% vested if, before Mr. Allison reaches the age of 65, he dies, becomes

disabled, is involuntarily terminated from the Company without cause, or there is a change in control of the Company. Currently, Mr. Allison is 40% vested in the benefits under the plan. Mr. French is fully vested in the balance accrued to the liability reserve account for his benefit in connection with the Supplemental Executive Retirement Plan.

During 2008, our non-employee directors received \$1,500 (\$3,000 for the chairman) for each meeting of the holding company board attended. Directors serving on the holding company Audit or Compensation Committees received \$400 (\$800 for the chairman) for each meeting attended of those committees, and directors serving on other holding company board committees received \$250 (\$500 for the chairman) for each meeting attended of those other committees. The fees for 2009 for attendance at board meetings and committee meetings at the holding company will be the same as for 2008.

On January 10, 2008, each of our non-employee directors listed in the table above (except for S. Gene Cauley, who was not yet a director on that date) received 1,000 stock options with an exercise price of \$20.44 per share (pre-stock dividend), the fair market value of our common stock on the date of grant. As adjusted for the August 2008 stock dividend, each of these stock options currently represents 1,080 shares of common stock with an exercise price of \$18.93 per share. These stock options will vest in five equal annual installments beginning on January 10, 2009.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Banking Transactions. Most of our directors and officers, as well as the firms and businesses with which they or members of their immediate families are associated, are customers of our bank subsidiaries. Our bank subsidiaries have engaged in a variety of loan transactions in the ordinary course of business with these individuals and their families and businesses, and it is anticipated that such transactions will occur in the future. In the case of all such related party transactions, each transaction was approved by either the Audit Committee, the Nominating and Corporate Governance Committee, the Board of Directors or the bank subsidiary's board of directors. In addition, these loans were made on the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions of others. In the opinion of our management, those loan transactions do not involve more than a normal risk of collectability or present other unfavorable features.

As of December 31, 2008, the loans made by our bank subsidiaries to their respective directors and officers and to directors and officers of the Company, either directly or as guarantors, amounted to \$158.6 million. We believe that all such extensions of credit were made in conformity with the requirements of Federal Reserve Board Regulation O.

Real Estate Transactions. We lease certain of our properties from persons who are affiliated with us. The property used by our Marketing and Sales Department in Conway, Arkansas, is leased from First Real Estate LTD Partnership LLLP, which includes one of our directors, Robert H. Adcock, Jr. Prior to November 13, 2008, we leased the property for the First State Bank branch located on Hogan Lane in Conway, Arkansas, from Allison, Adcock & Rankin, LLC, a limited liability company owned in part by John W. Allison and Robert H. Adcock, Jr. Mr. Allison is our Chairman and Chief Executive Officer. On November 13, 2008, we purchased the Hogan Lane property, which includes a commercial shopping center, from Allison, Adcock & Rankin, LLC for a purchase price of \$3.4 million based on an appraisal obtained for the purpose of the transaction. Additionally, we lease the land for Twin City Bank's principal office in Lakewood Village Shopping Center from Conservative Development Company, a corporation controlled, through common ownership, by Richard H. Ashley, who is one of our directors. During 2008, the aggregate payments we made, directly or indirectly, to the named persons for the various leases described above were less than \$120,000.

We also lease the property for the Centennial Bank office located at Pavilion in the Park in Little Rock, Arkansas, from a Company owned by S. Gene Cauley, who is one of our directors. During 2008, we paid rent payments of an aggregate of approximately \$230,000 in connection with this lease.

We believe the terms of each of the agreements and the purchase of the Hogan Lane property described above are no less favorable to us than we could have obtained from an unaffiliated third party. We expect we will continue to engage in similar banking and business transactions in the ordinary course of business with our directors, executive officers, principal shareholders and their associates. All proposed related party transactions are presented to the Nominating and Corporate Governance Committee of our Board of Directors for consideration and approval. The Committee approved each of the transactions described above. The Committee does not currently have any formal policies or procedures with respect to its review, approval, or ratification of related party transactions, but considers each related party transaction or proposed related party transaction on a case-by-case basis. According to its charter, the Committee follows the definition of related party transaction provided in the SEC's regulations under the Securities Act of 1933.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities and Exchange Act of 1934, as amended, requires each director, officer, and any individual beneficially owning more than 10 percent of the Company's common stock to file reports on Forms 3, 4, and 5 disclosing beneficial ownership and changes in beneficial ownership of the common stock of the Company with the SEC within specified time frames. These specified time frames require the Form 3's to be filed on or before the effective date of the issuer's registration statement. Changes in ownership must be filed on Form 4 within two business days of the transaction. Based solely on information provided to the Company by individual directors and officers, we believe that all our Section 16 filers complied with the filing requirements during the fiscal year, except as follows: Robert H. Adcock, Jr., C. Randall Sims, and William G. Thompson each failed to timely file a Form 4 disclosing, in each case, a disposition of shares of the Company's common stock. S. Gene Cauley failed to timely file three Form 4 reports disclosing three acquisitions of shares of the Company's common stock and five Form 4 reports disclosing five dispositions of shares of the Company's common stock. Additionally, an otherwise timely filed Form 4 for Mr. Cauley

stated an incorrect amount of an acquisition of shares of the Company's common stock. An amended Form 4 stating the correct share amount was filed upon discovery of the error.

Table of Contents**PRINCIPAL SHAREHOLDERS OF THE COMPANY**

The authorized common stock of the Company consists of 50,000,000 shares at \$0.01 par value. As of the close of business on March 6, 2009, there were 19,864,647 shares outstanding held by approximately 3,177 registered and beneficial shareholders.

The following table sets forth certain information as of January 31, 2009, concerning the number and percentage of shares of our common stock beneficially owned by our directors, our named executive officers, and all of our directors and executive officers as a group, and by each person known to us who beneficially owned more than 5% of the outstanding shares of our common stock.

Information in this table is based upon beneficial ownership concepts described in the rules issued under the Securities Exchange Act of 1934. Under these rules, a person is deemed to be a beneficial owner of any shares of our common stock if that person has or shares voting power, which includes the power to vote or direct the voting of the shares, or investment power, which includes the right to dispose or direct the disposition of the shares. Thus, under the rules, more than one person may be deemed to be a beneficial owner of the same shares. A person is also deemed to be a beneficial owner of any shares as to which that person has the right to acquire beneficial ownership within 60 days from January 31, 2009.

Except as otherwise indicated, all shares are owned directly, and the named person possesses sole voting and investment power with respect to his shares. The address for each of our directors and named executive officers is c/o Home BancShares, Inc., 719 Harkrider, Suite 100, Conway, Arkansas 72032.

Table of Contents**PROPOSAL TWO RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our consolidated financial statements as of and for the fiscal year ended December 31, 2008, were audited by BKD, LLP, an independent registered public accounting firm. In 2008, the Audit Committee of the Board of Directors and our shareholders approved the engagement of BKD, LLP to be our independent registered accounting firm for fiscal year 2008. The Audit Committee intends to approve the re-engagement of BKD, LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2009, subject to the ratification of the appointment by our shareholders at the Annual Meeting and our formal acceptance of an engagement letter from BKD, LLP after the Annual Meeting.

Shareholders' ratification of the selection of BKD, LLP to be our independent registered public accounting firm for fiscal year 2009 is not required by our Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of BKD, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if it determines that such change is in the best interests of the Company and our shareholders.

Representatives of BKD, LLP are expected to attend the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The Board of Directors Recommends that Shareholders Vote***FOR*****the Ratification of the Appointment of BKD, LLP

for the 2009 Calendar Year****AUDIT AND NON-AUDIT FEES**

The following table represents aggregate fees billed for professional audit services rendered by BKD, LLP to provide the audit of our annual financial statements for the years ended December 31, 2008, and December 31, 2007, respectively.

	2008	2007
Audit fees ⁽¹⁾	\$487,286	\$642,662

Tax fees ⁽³⁾	48,867	50,243
All other fees ⁽⁴⁾	31,834	34,585

- (2) Audit related fees included SAS70 review of the Company's data processing subsidiary and research and conferences regarding various matters.
- (3) Tax fees for 2008 primarily related to preparation of the Company's income tax returns.
- (4) Other fees related to fees paid by the Company on behalf of the Company's retirement plan for third-party administration of the Company's defined contribution plan.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning and tax advice.
- (4) **Other fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.

**PROPOSAL THREE ADVISORY (NON-BINDING) VOTE
APPROVING EXECUTIVE COMPENSATION**

On February 17, 2009, the American Recovery and Reinvestment Act of 2009 (the ARRA) was enacted. The ARRA imposes a number of requirements on financial institutions that received an investment under the Capital Purchase Program of the United States Department of the Treasury s Troubled Asset Relief Program (TARP). One of the requirements is that at each annual meeting of shareholders during the period in which any obligation arising from TARP financial assistance remains outstanding TARP recipients shall permit a separate non-binding say-on-pay shareholder vote to approve the compensation of executives. Accordingly, the Company presents the resolution set forth below for approval by the shareholders.

We believe that our compensation policies and procedures are competitive, are focused on pay for performance principles and are strongly aligned with the long-term interests of our shareholders. The Compensation Committee, which is comprised entirely of independent directors, oversees our executive compensation program and monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with shareholder interests.

The following resolution gives you as a shareholder the opportunity to endorse or not endorse the compensation we pay to our named executive officers by voting to approve or not approve such compensation as described in this Proxy Statement:

RESOLVED, that the shareholders of Home BancShares, Inc. (the Company) approve the compensation of the Company s executives named in the Summary Compensation Table of the Company s Proxy Statement for the 2009 Annual Meeting of Shareholders, including the Compensation Discussion and Analysis, the Executive Compensation tables and the related disclosure contained in the Proxy Statement.

The ARRA provides that because your vote is advisory, it will not be binding upon the Board of Directors and may not be construed as overruling any decision by the Board. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Our Board of Directors and our Compensation Committee believe that our commitment to responsible compensation practices as described in this Proxy Statement justifies a vote by shareholders FOR the resolution approving the compensation of our executives as disclosed in this Proxy Statement.

We encourage you to closely review our Compensation Discussion and Analysis and the tabular disclosure which follows it, including the footnotes and narratives which accompany each table, as they describe our compensation policies and procedures and the components and amounts comprising the compensation paid to our named executive officers.
