**PROXY STATEMENT
for the 2006 Annual Meeting of Stockholders
To Be Held On May 16, 2006**

This proxy statement and the enclosed proxy card are being furnished in connection with the solicitation of proxies by the board of directors of Open Solutions Inc. for use at the Annual Meeting of Stockholders to be held on Tuesday, May 16, 2006 at 9:30 a.m., Eastern time, at the Hilton Garden Inn, 85 Glastonbury Boulevard, Glastonbury, Connecticut 06033, and at any adjournment thereof.

All proxies will be voted in accordance with the instructions contained in those proxies. If no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of 2006 Annual Meeting of Stockholders. Any proxy may be revoked by a stockholder at any time before it is exercised by delivery of written revocation to our Secretary or by appearing at the meeting and voting in person.

Our Annual Report to Stockholders for the fiscal year ended December 31, 2005 is being mailed to stockholders with the mailing of these proxy materials on or about April 24, 2006.

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 as filed with the Securities and Exchange Commission, except for exhibits, will be furnished without charge to any stockholder upon written or oral request to David M. Henderson, Investor Relations Department, Open Solutions Inc., 455 Winding Brook Drive, Glastonbury, Connecticut 06033, telephone: (860) 652-3155. Exhibits will be provided upon request and payment of an appropriate processing fee.

Voting Securities and Votes Required

Stockholders of record at the close of business on April 3, 2006 will be entitled to notice of and to vote at the annual meeting. On that date, 20,394,165 shares of our common stock were issued and outstanding. Each share of common stock entitles the holder to one vote with respect to all matters submitted to stockholders at the meeting. We have no other securities entitled to vote at the meeting.

The representation in person or by proxy of at least a majority of the shares of common stock issued, outstanding and entitled to vote at the annual meeting is necessary to establish a quorum for the transaction of business. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

Directors are elected by a plurality of votes cast by stockholders entitled to vote at the meeting. To be approved, any other matters submitted to our stockholders, including the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm, require the affirmative vote of a majority of the shares present in person or represented by proxy at the annual meeting. The votes will be counted, tabulated and certified by a representative of Computershare Trust Company, N.A., our transfer agent and registrar. One of our employees will serve as the inspector of elections at the annual meeting.

Shares which abstain from voting as to a particular matter, and shares held in street name by banks or brokerage firms who indicate on their proxy cards that they do not have discretionary authority to vote those shares as to a particular matter, which we refer to as broker non-votes, will not be considered as present and entitled to vote with respect to a particular matter. Accordingly, neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to any matters voted on at the annual meeting, but will be counted for the purpose of determining whether a quorum exists.

Table of Contents

Stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the meeting and vote in person. Any stockholder voting by proxy has the right to revoke the proxy at any time before the polls close at the annual meeting by giving our Secretary a duly executed proxy card bearing a later date than the proxy being revoked at any time before that proxy is voted or by appearing at the meeting and voting in person. The shares represented by all properly executed proxies received in time for the meeting will be voted as specified in those proxies. If the shares you own are held in your name and you do not specify in the proxy card how your shares are to be voted, they will be voted in favor of the election as directors of those persons named in this proxy statement, in favor of the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm and in favor of any other items that may properly come before the meeting.

If the shares you own are held in street name, the bank or brokerage firm, as the record holder of your shares, is required to vote your shares in accordance with your instructions. In order to vote your shares held in street name, you will need to follow the directions your bank or brokerage firm provides you.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of our proxy statement and Annual Report to Stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you upon written or oral request to our Investor Relations Department, Open Solutions Inc., 455 Winding Brook Drive, Glastonbury, Connecticut 06033, telephone: (860) 652-3155. If you want to receive separate copies of the proxy statement or Annual Report to Stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and the holders of more than 10% of our common stock to file with the SEC initial reports of ownership of our common stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Except as reported below, based solely on a review of our records and written representations by the persons required to file these reports, all filing requirements of Section 16(a) were satisfied with respect to our most recent fiscal year.

On December 14, 2005, Louis Hernandez, Jr., our Chairman of the Board and Chief Executive Officer, filed a Form 4/A to correct a Form 4 that had been filed on October 4, 2005. The Form 4 filed on October 4, 2005 reported the acquisition of 10,000 shares of our common stock following a stock option exercise, but inadvertently only reported the subsequent sale of 9,000 of such shares. The Form 4/A filed on December 14, 2005 corrected the initial Form 4 to report the sale of the additional 1,000 shares of our common stock. The transaction reported on this Form 4/A was the only transaction by Mr. Hernandez that was not reported on a timely basis during the fiscal year ended December 31, 2005.

PROPOSAL ONE ELECTION OF DIRECTORS

We have a classified board of directors consisting of three Class I Directors, two Class II Directors and two Class III directors. At each annual meeting of stockholders, one class of directors is elected for a full term of three years to succeed those directors whose terms are expiring. The nominees have indicated their willingness to continue to serve if elected. However, if any director nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by our board of directors. CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that Open Solutions is managed for the long-term benefit of its stockholders. We regularly review our corporate governance policies and the practices

of other public companies, as well as those suggested by various authorities in corporate governance. We have also considered the provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and the listing standards of the Nasdaq Stock Market.

Board of Directors Meetings

The board of directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. Our board of directors' primary responsibility is to oversee the management of the company and, in doing so, to serve the best interests of Open Solutions and its stockholders. The board of directors selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. Our board of directors also participates in decisions that have a potential major economic impact on Open Solutions. Management keeps the directors informed of company activity through regular communications, including written reports and presentations at board and committee meetings.

During the fiscal year ended December 31, 2005, our board of directors met seventeen times. Each of our directors attended at least 75% of the aggregate of the total number of meetings of the board of directors and the total number of meetings held by all committees of the board of directors on which he served during the fiscal year ended December 31, 2005. Resolutions adopted by the board of directors provide that directors are encouraged to attend our annual meetings of stockholders. Two of our directors, Messrs. Anderson and Carver, attended our 2005 Annual Meeting of Stockholders.

Board Determination of Independence

Under applicable rules of the Nasdaq Stock Market, a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Messrs. Anderson, Carver, Lynch, McKay, Naudon or Yanak has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of the Nasdaq Stock Market, Inc. Marketplace Rules.

Board Committees

Our board of directors has established three standing committees—audit, compensation and nominations—each of which operates under a charter that has been approved by the board. Current copies of each committee's charter are posted on the Investor Relations section of our website, www.opensolutions.com.

The board of directors has determined that all of the members of each of the board's three standing committees are independent as defined under the rules of the Nasdaq Stock Market, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934.

Audit Committee

The audit committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm,

overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from such firm,

pre-approving audit and non-audit services to be provided by our independent registered public accounting firm,

Table of Contents

reviewing and discussing with our management and independent registered public accounting firm our annual and quarterly financial statements and related disclosures,

monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics,

overseeing our internal audit function,

establishing policies regarding procedures for the receipt, retention and treatment of complaints and concerns regarding accounting, internal accounting controls or auditing matters,

meeting independently with our independent registered public accounting firm and management,

reviewing all related party transactions, and

preparing the audit committee report required by SEC rules (which is included in this proxy statement).

The board of directors has determined that Douglas K. Anderson and Howard L. Carver are audit committee financial experts as defined in Item 401(h) of Regulation S-K. The members of the audit committee are Messrs. Anderson, Carver (chairman), McKay and Naudon. The audit committee met ten times during 2005.

Compensation Committee

The compensation committee's responsibilities include:

annually reviewing and approving corporate goals and objectives relevant to CEO compensation,

determining our CEO's compensation,

reviewing and approving, or making recommendations to the board of directors with respect to, the compensation of our other executive officers,

overseeing an evaluation of our senior executives,

overseeing and administering our cash and equity incentive plans, and

reviewing and making recommendations to the board of directors with respect to director compensation.

The members of the compensation committee are Messrs. Anderson (chairman), McKay and Yanak. The compensation committee met seven times during 2005.

Nominations Committee

The nominations committee's responsibilities include:

identifying individuals qualified to become members of our board of directors, and

recommending to the board of directors the persons to be nominated for election as directors and to each of the board's committees.

The members of the nominations committee are Messrs. Carver, Lynch, Naudon and Yanak (chairman). The nominations committee met six times during 2005.

Director Nomination Process

The process followed by the nominations committee to identify and evaluate director candidates includes requests to current directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the nominations committee and the board of directors.

Table of Contents

In considering whether to recommend any particular candidate for inclusion in the board of directors slate of recommended director nominees, the nominations committee applies the criteria attached to its charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The nominations committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities.

Stockholders may recommend individuals to the nominations committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to Nominations Committee, c/o Secretary, Open Solutions Inc., 455 Winding Brook Drive, Glastonbury, Connecticut 06033. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominations committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If our board of directors determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the proxy card for the next annual meeting of stockholders.

Stockholders also have the right under our by-laws to directly nominate director candidates, without any action or recommendation on the part of the nominations committee or the board of directors, by following the procedures set forth in the second paragraph under "Stockholder Proposals" below. Candidates nominated by stockholders in accordance with the procedures set forth in our by-laws will not be included in the proxy card for the next annual meeting of stockholders.

Communicating with the Independent Directors

The board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the nominations committee, with the assistance of our general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the nominations committee considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our board of directors should address such communications to Board of Directors, c/o Secretary, Open Solutions Inc., 455 Winding Brook Drive, Glastonbury, Connecticut 06033.

Compensation of Directors

We pay each of our non-employee directors an annual retainer consisting of (i) \$15,000 in cash and (ii) restricted stock units granted pursuant to our 2003 Stock Incentive Plan with an initial value of \$15,000. The number of restricted stock units granted is determined by dividing \$15,000 by the last sale price of our common stock on the Nasdaq National Market on the date of grant. The restricted stock units vest on the earlier of (i) the date on which the non-employee director leaves the board of directors, (ii) the ninth anniversary of the January 1 immediately following the date of grant, (iii) the death or disability of the non-employee director and (iv) a change in ownership or effective control of Open Solutions. Each non-employee director may elect annually to receive all or part of the cash portion of the annual retainer in the form of restricted stock units as described above.

Table of Contents

We also pay each non-employee director an amount equal to \$1,000 for each board meeting that the non-employee director personally attends, or \$750 for each board meeting that the non-employee director participates in by telephone. In addition, we pay each non-employee director who serves on the audit committee a retainer of \$10,000 per year, each non-employee director who serves on the compensation committee a retainer of \$7,500 per year and each non-employee director who serves on the nominations committee a retainer of \$5,000 per year. We pay the chairman of the audit committee an additional \$10,000 per year, the chairman of the compensation committee an additional \$7,500 per year and the chairman of the nominations committee an additional \$5,000 per year. In addition, we pay our lead director, Mr. Anderson, a retainer of \$30,000 per year.

Each non-employee director will receive (i) upon initial election to the board of directors and upon any reelection to the board of directors at an annual meeting of stockholders, 5,000 shares of restricted stock and an option to purchase 15,000 shares of common stock, (ii) on the date of the 2006 Annual Meeting of Stockholders, 1,667 shares of restricted stock and an option to purchase 5,000 shares of common stock (except for Messrs. Anderson, McKay, Naudon and Yanak, who will each receive 2,500 shares of restricted stock and an option to purchase 7,500 shares of common stock because they did not receive an annual grant at the 2005 Annual Meeting of Stockholders) and (iii) on the date of each annual meeting of stockholders after the 2006 Annual Meeting of Stockholders, 1,667 shares of restricted stock and an option to purchase 5,000 shares of common stock. Such restricted stock will vest in five equal annual installments beginning on the first anniversary of the date of grant. The stock options will have an exercise price equal to the last sale price of our common stock on the Nasdaq National Market on the date of grant. One-third of the shares of common stock underlying each option will vest on the first anniversary of the date of grant, and the remaining shares will vest monthly thereafter over a two-year period.

We reimburse our non-employee directors for reasonable out-of-pocket expenses incurred in attending board or committee meetings. We also offer our non-employee directors reimbursement for reasonable out-of-pocket expenses if they choose to attend our client conferences and other company events. No director who is also an employee of ours receives separate compensation for services rendered as a director. Mr. Hernandez's compensation for service as our chief executive officer is discussed under the heading Information About Executive Compensation.

Certain Relationships and Related Transactions

We have adopted a policy providing that all material transactions between us and our officers, directors and other affiliates must be:

approved by a majority of the members of our board of directors,

approved by a majority of the disinterested members of our board of directors, and

on terms no less favorable to us than could be obtained from unaffiliated third parties.

Mr. Anderson's brother, Eric Anderson, is employed by us as Vice President, National Sales Operations and earned total compensation of \$221,790 for the year ended December 31, 2005.

These numbers are calculated based on rules promulgated by the SEC and do not reflect our estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings are dependent on the timing of the exercise and the future performance of our common stock.

Table of Contents**Employment and Severance Arrangements**

We are party to an employment agreement, dated April 21, 2005 and amended on February 17, 2006, with Louis Hernandez, Jr., our Chairman of the Board and Chief Executive Officer. Under this agreement, which has a three-year term, we agreed to pay Mr. Hernandez an annual base salary of \$400,000, subject to increase at the discretion of our board of directors. Effective April 1, 2006, our compensation committee approved an increase of Mr. Hernandez's annual base salary to \$475,000. We have also agreed to pay Mr. Hernandez an annual cash bonus based on the achievement of certain performance targets, with a target payment of 75% of his base salary and a maximum payment of 150% of his base salary. For the year ending December 31, 2006, our compensation committee has increased Mr. Hernandez's target payment to 100% of his base salary and his maximum payment to 200% of his base salary. Our compensation committee determines Mr. Hernandez's annual cash bonus based on targets it sets for our revenue and earnings before interest, taxes, depreciation and amortization. The agreement also includes a covenant by Mr. Hernandez not to compete with our business or to solicit any of our employees or clients during the 12-month period following his employment termination. If Mr. Hernandez's employment is terminated without cause or with good reason, he will receive a payment equal to the full amount of his target bonus for that year and will continue to receive his base salary and benefits for one year after termination. If Mr. Hernandez's employment is terminated following a change of control (as defined in the employment agreement, as amended), he will receive a payment on the date of his termination equal to two times the sum of his base salary at the time and his target bonus for the year of termination. Upon his termination following a change of control, Mr. Hernandez will also continue to receive benefits for two years and any outstanding stock options and restricted stock held by him will become fully vested.

We are also a party to an employment letter agreement, dated December 19, 2005, with Kenneth J. Saunders, our Executive Vice President and Chief Financial Officer. Mr. Saunders is an at-will employee and is paid an annual base salary of \$300,000. Mr. Saunders is eligible to receive an annual cash bonus based on the achievement of certain performance targets, with a target payment of 60% of his base salary and a maximum payment of 120% of his base salary. Our compensation committee determines Mr. Saunders' annual cash bonus based on targets it sets for our revenue and earnings before interest, taxes, depreciation and amortization. If Mr. Saunders' employment is terminated without cause, he will receive a payment equal to one year of his then-current base salary.

We have also adopted a change in control protection plan that provides that if an executive officer, other than our Chief Executive Officer, is terminated without cause or for good reason within two years after a change in control, the executive officer will receive (i) benefits for 12 months after the date of termination as if the executive officer had remained actively employed, (ii) on the date of termination, a lump sum payment equal to (a) the base salary then in effect for the executive officer (calculated for 12 months) plus (b) the executive officer's target bonus for the year of termination (calculated for 12 months) plus (c) the executive officer's annual bonus for the year of termination, prorated for the number of days worked during the year (or, if in the fourth quarter, the greater of the actual or the target, as prorated), and (iii) full acceleration of any stock options and restricted stock awards previously granted to the executive officer.

Report of the Compensation Committee

Our executive compensation program is administered by the compensation committee, which is currently composed of three non-employee directors.

Our executive compensation program is designed to attract, retain and reward executives who can help us achieve our business objectives in this competitive and rapidly changing industry and thereby maximize stockholder returns. The compensation committee establishes compensation policies for Mr. Hernandez, our chairman of the board and chief executive officer. In addition, Mr. Hernandez recommends compensation packages for the remaining executive officers, which the compensation committee reviews and approves or denies.

The compensation committee regularly engages the services of outside compensation consultants to assist with independent reviews of competitive market compensation levels, total compensation reasonableness, efficient plan design, the alignment of our executive compensation program with long term stockholder value creation, annual performance and emerging practice trends.

During 2005 and early 2006, the compensation committee engaged Pearl Meyer & Partners and Thomas E. Shea & Associates, LLC to independently review our compensation practices and philosophy, to recommend a new competitive market peer group appropriate to our larger size and industry sector, to assess our stock option practices and to recommend competitive and cost effective pay levels for 2006. The compensation committee met with the consultants in person four times and conducted several conference calls.

Table of Contents

For 2006, based upon the consultants' recommendations and peer company compensation data, we:

reaffirmed our historical philosophy of limiting executive officer salaries to the 40th percentile and total annual cash compensation to the 60th percentile amongst our peers, with bonus payments primarily based upon the achievement of operating growth and profit goals, and

maintained our practice of granting equity awards at historical levels in order to align the interests of management with the interests of stockholders, but decided to grant a mix of stock options and restricted stock to better control stockholder dilution and to increase executive retention value from the grants.

This report is submitted by the compensation committee and addresses the compensation policies for the fiscal year ended December 31, 2005 as they affected Mr. Hernandez and our other executive officers.

Compensation Philosophy

The objectives of the executive compensation program are to align the interests of management with the interests of stockholders through a system that relates compensation to business objectives and individual performance. Our executive compensation philosophy is based on the following two principles:

Competitive and Fair Compensation. We are committed to providing an executive compensation program that helps us to attract, motivate and retain highly qualified and industrious executives. Our policy is to provide total compensation that is competitive for comparable work and comparable corporate performance. To this end, we regularly compare our compensation packages with those of other companies in the industry and set our compensation guidelines based on this review. We also seek to achieve a balance of the compensation paid to a particular individual and the compensation paid to our other executives and employees.

Sustained Performance. Executive officers are rewarded based upon an assessment of corporate, business group and individual performance. Corporate performance and business group performance are evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as achievement of operating budgets, timely development and introduction of new products, and performance relative to competitors. Individual performance is evaluated by reviewing attainment of specified individual objectives and the degree to which teamwork and our other values are fostered.

In evaluating each executive officer's performance, we generally conform to the following process:
business and individual goals and objectives are set for each performance cycle,

at the end of the performance cycle, the accomplishment of the executive's goals and objectives and his contributions to Open Solutions are evaluated,

the executive's performance is then compared with peers within Open Solutions and the results are communicated to the executive, and

the comparative results, combined with comparative compensation practices of other companies in the industry, are then used to determine salary, bonus and stock compensation levels.

Annual compensation for our executives generally consists of three elements: salary, bonus and equity awards. Bonuses totaling \$1,193,544 were paid to our executive officers for the fiscal year ended December 31, 2005.

Salary for our executives is generally set by reviewing compensation for comparable positions in the market and the historical compensation levels of our executives. Increases in annual salaries are based on actual corporate and individual performance vis-à-vis targeted performance criteria and various subjective performance criteria. Targeted performance criteria vary for each executive based on his business group or area of responsibility, and may include:
achievement of the operating budget for Open Solutions as a whole or of a business group of Open Solutions,

Table of Contents

continued innovation in development and commercialization of our technology,

timely development and introduction of new products or processes,

development and implementation of successful marketing and commercialization strategies, and

implementation of financing strategies and establishment of strategic development alliances with third parties.

Subjective performance criteria include an executive's ability to motivate others, develop the skills necessary to grow as we mature, recognize and pursue new business opportunities and initiate programs to enhance our growth and success. The compensation committee does not rely on a formula that assigns a pre-determined value to each of the criteria, but instead evaluates an executive officer's contribution in light of all criteria. Base salaries for our executive officers increased approximately 25% for the fiscal year ended December 31, 2005 as compared to the fiscal year ended December 31, 2004.

Compensation for executive officers also includes the long-term incentives afforded by stock options. Our stock option program is designed to align the long-term interests of our employees and our stockholders and assist in the retention of executives. The size of option grants is generally intended to reflect the executive's position with us and his contributions to us, including his success in achieving the individual performance criteria described above. We generally grant options with monthly vesting schedules over a four-year period (however, the options may not be exercised during the first year after they are granted) to encourage key employees to continue their employment with us. During the fiscal year ended December 31, 2005, we granted stock options to purchase an aggregate of 344,950 shares of our common stock to executive officers, all of which were at an exercise price of \$23.30 per share. All stock options granted to executive officers during the fiscal year ended December 31, 2005 were granted at fair market value as determined by our board of directors on the date of grant, which was equal to the last sale price of our common stock on the Nasdaq National Market on such date. For 2006, we have altered our equity compensation program to include the granting of both stock options and restricted stock. The stock options vest as described above, while the restricted stock vests in five equal annual installments beginning on the first anniversary of the date of grant.

Executive officers are also eligible to participate in our employee stock purchase plan. The purchase plan is available to virtually all of our employees and generally permits participants to purchase shares of our common stock at a discount of 5% from the fair market value at the end of the applicable purchase periods permitted under the purchase plan.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the corporation's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. Our compensation committee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the long-term incentive compensation granted to our executive officers through option issuances under our plans in a manner that is intended to avoid disallowance of deductions under Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under such plans will be treated as qualified performance-based compensation under Section 162(m). In addition, our compensation committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when it believes such payments are appropriate and in the best interests of Open Solutions and our stockholders, after taking into consideration changing business conditions and the performance of our employees.

Mr. Hernandez's 2005 Compensation

Mr. Hernandez is eligible to participate in the same executive compensation plans available to our other executive officers. The compensation committee believes that Mr. Hernandez's annual compensation,

including the portion of his compensation based upon our stock option program, has been set at a level competitive with other companies in the industry.

On April 21, 2005, Open Solutions entered into a new employment agreement with Mr. Hernandez that increased his annual salary to \$400,000, subject to further increase at the discretion of the board of directors. Effective April 1, 2006, the compensation committee approved an increase of Mr. Hernandez's annual salary to \$475,000. Mr. Hernandez received a bonus of \$379,000 in February 2006 for his performance during the fiscal year ended December 31, 2005. In determining Mr. Hernandez's compensation, the compensation committee considered a number of factors, including the commercial introduction of new products and services, Mr. Hernandez's efforts in identifying appropriate product and business acquisition candidates, and Open Solutions' performance compared to our corporate objectives, specifically with respect to revenues and earnings.

Our independent registered public accounting firm also issues a report on the results of their audits. The audit committee is responsible for providing independent, objective oversight of these processes.

potential impact on the financial statements of any significant risks and exposures,

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates,

disagreements with management over the application of accounting principles, and

the basis for management's accounting estimates and the disclosures in our financial statements.

Our independent registered public accounting firm also provided the audit committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The audit committee has discussed with the independent registered public accounting firm their independence from Open Solutions.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the audit committee recommended to the board of directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2005.

PROPOSAL TWO RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Although stockholder approval of the audit committee's selection of PricewaterhouseCoopers LLP is not required by law, our board of directors believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the annual meeting, our audit committee will reconsider its selection of PricewaterhouseCoopers LLP. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting and will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions from our stockholders.

Subject to the terms and conditions set forth in this proxy statement, all proxies received by us will be effective, notwithstanding any transfer of the shares to which those proxies relate, unless prior to the closing of the polls at the annual meeting of stockholders, we receive a written notice of revocation signed by the person who, as of the record date, was the registered holder of those shares. The notice of revocation must indicate the certificate number and numbers of shares to which the revocation relates and the aggregate number of shares represented by the certificate(s).

STOCKHOLDER PROPOSALS
