(1) See "Report of the Compensation Committee," which describes performance-based bonuses awarded under the Company's management incentive compensation program to the Named Executive Officers. Amounts indicated represent bonuses earned with respect to the fiscal year, which were paid or deferred (under the Company's deferred compensation plan) in the following year.

(2) The amounts reported as restricted stock awards were calculated by multiplying the number of units of the Company's Performance Accelerated Restricted Stock (or "PARS") granted on May 25, 2001 to the Named Executive Officer by \$4.30, the closing price of the Company's Common Stock on the grant date. Messrs. Weil, Schloss and Huntley were granted 2,586, 340 and 131 units of PARS, respectively, in exchange for their consenting to extend the scheduled vesting date with respect to 25,859, 3,403 and 1,308 units of PARS, respectively, (representing 20% of the PARS granted to them in May 1995) from May 2001 until May 2003. SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

The Company adopted a Supplemental Executive Retirement Plan, or "SERP," as of September 2000, in order to provide supplemental retirement benefits for senior executives of the Company. The SERP provides for retirement benefits according to a formula based on each participant's years of service with the Company and average rate of compensation.

Payments under the SERP will commence upon a participant's termination of employment with the Company after reaching the age of at least 55 and having at least 10 years of full-time employment with the Company. The annual retirement benefit will be an amount equal to 3% of the participant's average compensation for the three highest consecutive calendar years in the last ten years before termination of employment, multiplied by the participant's years of full-time employment with the Company up to a maximum of 15 years. Accordingly, the maximum annual payment under the SERP would be 45% of a participant's highest average annual compensation. A participant may receive a total of 15 annual payments in that amount, or may elect to receive the discounted present value of those 15 annual payments in equal installments over a period of 5 or 10 years or in a single lump sum. The date for payment of benefits may be accelerated in the event of a participant's death or total permanent disability, and certain additional provisions will apply in the event of a change of control of the Company. A participant whose highest average annual compensation is \$500,000 and who is credited with at least 15 years of full-time employment with the Company would receive 15 annual payments of \$225,000 under the SERP. If their highest average compensation were based on compensation through December 31, 2001, the Named Executive Officers who are participants in the SERP would be expected to receive annual retirement benefits for 15 years in the following estimated amounts assuming their retirement after at least 15 years of service with the Company: Mr. Weil, \$575,000; Mr. Schloss, \$183,000; Mr. Laird, \$146,500; and Mr. Huntley, \$154,500. These amounts would be subject to an offset for Social Security benefits. Messrs. Weil, Schloss, Laird and Huntley have 11, 9, 5 and 28 years of credited service, respectively, under the SERP.

DEFERRED COMPENSATION PLAN

During fiscal 1998, the Board adopted a non-qualified deferred compensation plan, and established a grantor trust to assist it in meeting its obligations under the plan. The deferred compensation plan enables eligible employees to defer receipt of up to 100% of the bonus which may be payable under the Company's management incentive compensation program, and enables all of the non-employee directors to defer receipt of up to 100% of the fees which may be payable for director services. Accounts are maintained for each of the participants, who elect to have their accounts mirror the performance of investment options that the Company may offer from time to time. It is intended that amounts deferred under the plan will not be

subject to any federal and, in most cases, state and local income taxes until participants receive payment from the plan. Unless participants elect to extend a deferral period, deferrals and related earnings will be paid as soon as practicable following the end of the deferral period. Accounts may be distributed prior to that date if a participant leaves the Company, dies or

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

becomes disabled, if there is a change in control, if the Company terminates the plan or, under extremely limited circumstances, in the event of an "unforeseeable emergency". None of the non-employee directors has elected to participate in the plan. Of the Named Executive Officers, Mr. Weil is the only current participant, having elected to defer his entire fiscal 1998 bonus, a portion of his fiscal 2000 bonus and his entire fiscal 2001 bonus into the plan. Such compensation is held in a self-directed deferred compensation account.

EMPLOYEE AGREEMENTS

A. Lorne Weil. Mr. Weil serves as Chairman of the Board and Chief Executive Officer pursuant to an employment agreement dated as of November 1, 2000, which provides for an annual base salary of \$750,000 (subject to increases on each January 1 to reflect increases in the Consumer Price Index for the Greater New York area), participation in the SERP, the opportunity to earn annually up to 100% of his base salary as incentive compensation pursuant to the terms of the Company's management incentive compensation program, and a term of employment ending December 31, 2004. The term of employment extends automatically for an additional year on December 31, 2004 and on each succeeding December 31 thereafter unless either party serves written notice upon the other party six months prior to the date upon which such extension would become effective. In the event Mr. Weil's employment is terminated by the Company without Cause (which includes the Company's election not to extend the term), or by Mr. Weil for Good Reason (which includes Mr. Weil's election not to extend the term due to the failure of the parties to agree to the terms of his continued employment), or by reason of Total Disability (as such capitalized terms are defined in Mr. Weil's employment agreement), Mr. Weil will be entitled to receive the following: (a) cash severance in a lump sum equal to three times the sum of his then current base salary and the higher of the average annual incentive compensation paid for the prior three years and the amount payable upon achievement of maximum performance targets for the year of termination; (b) a lump sum cash payment equal to the cash value of all payments and benefits to which Mr. Weil would have been entitled under the SERP upon termination, or if he had 15 years of service with the Company, whichever is greater (the "SERP Payment"); (c) a pro rata annual incentive amount for the year of termination; (d) stock options will become fully vested and exercisable at the date of termination, and any options which were granted on or after November 1, 1997 (the effective date of his prior employment agreement) or, if previously granted, were not "in the money" on such effective date, will remain exercisable until the scheduled expiration date of such options; (e) full vesting and settlement of all deferred stock held at termination; (f) continued participation in certain employee benefit plans for a period of three years after termination other than due to Total Disability, in which case the period shall be until age 65, and if such plans do not allow continuation, receive payment in lieu of such benefits; and (g) a payment to Mr. Weil to fund any excise tax that may be imposed under Section 4999 of the Internal Revenue Code with respect to payments made in connection with a change in control, as well as an amount to fund any income taxes payable with respect to such payment by the Company. If Mr. Weil's employment terminates due to retirement or death, Mr. Weil will be entitled to receive the following: (a) the SERP Payment; (b) a pro rata annual incentive amount for the year of termination; (c) stock options will become fully vested and exercisable at the date of termination, and any options which were granted on or after November 1, 1997 (the effective date of his prior employment agreement) will be exercisable until the earlier of three years and the scheduled expiration date of such options; and (d) full vesting and settlement of all deferred stock held at termination.

DeWayne E. Laird. By letter dated January 11, 2001, the Company entered into an agreement with Mr. Laird, the Company's Vice President and Chief Financial Officer, pursuant to which his annual base salary was increased to \$250,000 (subject to annual increases in accordance with the Consumer Price Index for Philadelphia, Pennsylvania). The terms, which will be memorialized in

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

a formal employment agreement, include participation in the SERP and a term of employment ending August 31, 2003. If Mr. Laird's employment is terminated without cause within two years of a Change in Control (as defined in the Change in Control Agreement discussed below), he will be entitled to receive, in lieu of any payment under said agreement, a cash payment in an amount equal to three times the sum of his annual base salary on the date of termination and the higher of the average incentive compensation paid to him for the three prior years, and the amount payable to him upon achievement of the target level of performance for the year of termination.

Martin E. Schloss. By letter dated January 11, 2001, the Company entered into an agreement with Mr. Schloss, the Company's Vice President, General Counsel and Secretary, pursuant to which his annual base salary was increased to \$300,000 (subject to annual increases in accordance with the Consumer Price Index for New York, New York). The terms, which will be memorialized in a formal employment agreement, include participation in the SERP and a term of employment ending August 31, 2003. If Mr. Schloss's employment is terminated without cause within two years of a Change in Control (as defined in the Change in Control Agreement discussed below), he will be entitled to receive, in lieu of any payment under said agreement, a cash payment in an amount equal to three times the sum of his annual base salary on the date of termination and the higher of the

7

average incentive compensation paid to him for the three prior years, and the amount payable to him upon achievement of the target level of performance for the year of termination.

Employment and Severance Benefits Agreements. As of September 6, 2000, Scientific Games International, Inc., a subsidiary of the Company, entered into an employment and severance benefits agreement with each of Messrs. William J. Huntley and Clifford O. Bickell, pursuant to which they serve as Systems Division President and Printed Products Division President, respectively, of Scientific Games International and its subsidiaries. Each agreement provides for an annual base salary of \$275,000 (subject to annual increases in the percentage generally provided to the Company's executive officers), a transportation allowance of \$16,000, a term of employment ending September 5, 2003, and an opportunity to receive an annual cash bonus and an annual grant of stock options in amounts commensurate with, and based on substantially the same criteria as, those awarded to executive officers of the Company. Such agreements also provide that if the executive's employment is terminated without cause or in the event of a constructive termination that occurs on or before the second anniversary of the agreement, he will be entitled to receive a sum each month for a period of two years after termination equal to one-twelfth of the highest annual rate of base salary plus bonus paid during the twenty-four month period preceding the date of termination; and if such a termination occurs during the third year of the agreement, he will be entitled to receive the aforesaid monthly severance payment for a period of one year. (Had such a termination occurred on or before September 5, 2001, the first anniversary of the agreement, he would have been entitled to receive the aforesaid monthly sum for a period of three years.) If such a termination occurs, the executive will also be entitled to receive a pro rata bonus for the year of termination and to continue participation in certain employee benefit plans for a period of time not to exceed the applicable period in which severance is being paid, and if such plans do not allow continuation and the Company is unable to obtain substantially similar benefits, he would be entitled to receive a payment in lieu of such benefits. If the executive's employment is terminated due to disability, he will be entitled to receive a pro rata bonus for the year of termination and to continue to receive all disability, life and medical insurance benefits for a period of twelve months as

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

well as his base salary for such period (to the extent payments under the Company's disability plan do not cover 100% of base salary); and in the event of the executive's death, his beneficiary will be paid a lump sum payment equal to six months of base salary and a pro rata bonus for the year of termination.

Change in Control Agreements. The Company entered into a Change in Control Agreement with each of Messrs. DeWayne E. Laird, Martin E. Schloss and William J. Huntley as of November 1, 1997. Each of the Change in Control Agreements has a term ending on October 31, 2002, which extends automatically for an additional year on October 31, 2002 and on each succeeding October 31 thereafter unless either party serves written notice upon the other party six months prior to the date upon which such extension would become effective. Pursuant to the agreements, if the Company terminates the employment of any of these executives without Cause, or the executive terminates his employment for Good Reason, at the time of or within two years following a Change in Control (as such capitalized terms are defined in the agreements), such executive will be entitled to receive the following: (a) cash severance in a lump sum equal to two times the sum of his then current base salary and the higher of the average annual incentive compensation paid to him for the three prior years, and the amount payable to him upon achievement of the target level of performance for the year of termination; (b) a pro rata annual incentive amount for the year of termination; (c) stock options will become fully vested and exercisable at the date of termination, and any options which were granted on or after November 1, 1997 (the effective date of the agreement) or, if previously granted, were not "in the money" on such effective date, will remain exercisable until the earlier of 36 months after termination and the scheduled expiration date of such options; (d) full vesting and settlement of all deferred stock held at termination; and (e) continue participation in certain employee benefit plans until the earliest of 18 months, the date equivalent benefits are provided by a subsequent employer, and age 65, and if such plans do not allow continuation, to receive payment in lieu of such benefits. The agreements also provide that if the executive's employment with the Company is terminated without Cause and he is not entitled to the severance described above, he will be entitled to receive a lump sum cash payment equal to his then current base salary.

DIRECTORS' COMPENSATION

Directors who are not employees of the Company receive the following compensation:

- (1) an annual cash retainer of \$30,000;
- (2) an additional annual cash retainer of \$50,000 for members of the Executive Committee;
- (3) an additional annual cash retainer of \$15,000 for Committee Chairmen;
- (4) meeting fees of \$1,000 for each Board meeting attended in person and for each Committee meeting attended in person that is held on a day other than one on which a Board meeting is held (except for Executive Committee meetings, which carry no meeting fees); and \$500 for each meeting attended by telephone conference call and for each Committee meeting attended in person if held on the same day as a Board meeting; and

- (5) an annual grant of restricted stock in an amount equal to the

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

lesser of (x) 10,000 shares and (y) that number of shares having a value of \$30,000 on the date of grant. The restrictions on these awards lapse in three equal installments, one-third of the total on each of the first, second and third anniversaries of the date of grant, or in full if the director ceases to serve as a director due to death, disability, retirement at or after the age of 65, the failure to be renominated or reelected, or in the event of a change in control.

In addition, upon joining the Board directors are granted a stock option to purchase 50,000 shares at a price equal to the fair market value of the Company's Common Stock on the date of grant. Such options become exercisable in four equal installments, one-quarter of the total on each of the first, second, third and fourth anniversaries of the date of grant, and expire on the tenth anniversary of the date of grant.

Directors who serve on the Company's Compliance Committee also receive fees for attending meetings thereof at the rates described above for attending meetings held by Committees of the Board.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors currently consists of Alan J. Zakon (Chairman), Larry J. Lawrence and Luciano La Noce.

None of the members on the Committee is or has been an officer or employee of the Company or a subsidiary of the Company or had any relationship or transaction with the Company requiring disclosure under this item.

No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity which has one or more executive officers serving as a member of our Board or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors administers the Company's executive compensation program. The Committee's responsibilities include approving awards under the Company's incentive compensation and stock option plans, approving the compensation of the Company's executives and making recommendations to the Board of Directors with regard to the adoption of new employee benefit plans and new executive compensation plans. The Committee is comprised of three members of the Board of Directors who are not officers or employees of the Company.

COMPENSATION COMPONENTS AND PHILOSOPHY

The principal components of the Company's compensation program consist of base salaries, performance-based bonuses and stock options. The Company's compensation program is designed to provide executives with compensation that is competitive with other companies, reward executives based on Company and individual performance and to align management and stockholder interests by providing incentive compensation through stock option awards and performance-based bonuses.

EXECUTIVE OFFICER COMPENSATION

Base salaries for the Company's executives other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer and other senior managers and reviewed on an annual basis in conjunction with the Company's budget for the upcoming fiscal year, taking into account such factors as competitive industry

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

salaries, a subjective assessment of the nature of the position and the contribution and experience of the executive and the length of the executive's service.

The Company's management incentive compensation program (the "MICP"), which was established in fiscal 1996, provides annual bonus opportunities for the Company's key executive personnel based on three criteria: (1) the Company's overall financial performance relative to the budget for a given fiscal year as approved by the Board of Directors, (2) the financial performance of individual business units of the Company for executives directly involved with the operation of those units, and (3) a qualitative assessment by the Committee of individual performance not directly measurable by financial results pursuant to recommendations made by the Chief Executive Officer and other senior managers in the Company. The purpose of the MICP is to reward employees who have made significant contributions to the Company's achievement of its objectives and to provide an incentive for further contributions. The financial performance of the Company and its business units is principally measured under the MICP by the attainment of "EBITDA" (Earnings Before Interest, Taxes, Depreciation and Amortization) targets established for the year. If the financial performance targets are met or exceeded, participants will be eligible to receive

9

year-end cash bonuses based on a percentage of their base salaries, subject to adjustment by the Committee after consideration of various objective and subjective factors. Potential payments under the MICP during fiscal 2001 ranged from 25% to 50% of base salary for participants other than the Chief Executive Officer, with each of Messrs. DeWayne E. Laird, Martin E. Schloss, William J. Huntley and Clifford O. Bickell having the opportunity to earn a bonus in an amount equal to 50% of base salary. In awarding bonuses for fiscal 2001, the Company considered the achievement by the Company and its business units of financial performance targets as well as various strategic objectives during the fiscal year which significantly strengthened and expanded the Company's businesses, including the following:

- o The integration of Scientific Games Holdings Corp. and Autotote, which has enabled the Company to achieve substantial cost reduction and increased marketplace effectiveness.
- o The award of new instant ticket and/or Cooperative Service contracts in Italy, Norway, Ohio and South Carolina, as well as contract renewals or extensions in six US states.
- o The award of on-line lottery equipment or service contracts in South Carolina, Jamaica, Ontario and Atlantic Canada, together with the simultaneous start-up of the Maine and Iowa lotteries in July 2001.
- o The commercial launch of our business-to-business account wagering platform "Trackplay" that has been adopted by a number of leading operators in the US and abroad.
- o The re-signing of several pari-mutuel customers including Woodbine Entertainment and the Atlantic City Casinos, as well as the award of the Turf Paradise totalizator contract.
- o Successful restructuring of our pari-mutuel operations in Germany, France and the Netherlands resulting in significant profit improvements.

While base salary and the annual incentive compensation components are

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

tied to employee responsibility and the Company's financial performance and progress in achieving strategic goals, the purpose of stock option grants is to align stockholder and employee interests by providing a component of compensation tied directly to the performance of the Company's stock price. In January 2001, the Committee granted each of the Named Executive Officers and other participants in the MICP stock options to purchase the number of shares equal to approximately 50% of the maximum cash incentive award payable to such executive for fiscal 2001, divided by the fair market value of the Company's Common Stock on the date of grant.

CEO COMPENSATION

The Company and Mr. Weil entered into a new employment agreement as of November 1, 2000, which provides for an annual base salary of \$750,000, a term of employment ending December 31, 2004 and participation in the SERP. Mr. Weil's employment agreement also provides him with the opportunity to earn annually up to 100% of his base salary as incentive compensation pursuant to the terms of the Company's MICP. Mr. Weil received his maximum incentive award for the fiscal year ended December 31, 2001 and for the two-month transition period ended December 31, 2000, as a result of the Company and Mr. Weil having achieved the financial and performance objectives referred to above. (For additional information relating to Mr. Weil's employment agreement, see "Employee Agreements".)

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The Company expects that the compensation paid to executive officers during fiscal 2001 will qualify for income tax deductibility under Section 162(m) of the Internal Revenue Code. In addition, the Company has a general policy of awarding stock options to its executive officers only pursuant to plans that the Company believes will satisfy the requirements of Section 162(m).

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return over the sixty-two month period from October 31, 1996 through December 31, 2001 on (a) the Company's Common Stock, (b) the Nasdaq National Market ("Nasdaq"), on which the Company's shares of Common Stock commenced trading as of January 29, 2002, having previously traded on the American Stock Exchange Market Value Index ("Amex"), (c) Amex and (d) a peer group index of companies that provide services similar to those of the Company, consisting of International Lottery and Totalisator Systems, Inc., Churchill Downs, Inc. and GTECH Holdings Corp. (the "Peer Group Index"). The Company elected to use a peer group index rather than a published industry or line-of-business index because the Company is not aware of any such published index of companies which, in terms of their businesses, are as comparable to the Company as those included in the peer group index. The peer group companies have been weighted based upon their relative market capitalization each year. The graph assumes that \$100 was invested on October 31, 1996 in the Company's Common Stock, the Nasdaq, Amex and the Peer Group Index and that all dividends were reinvested. The Company changed its fiscal

Edgar Filing: SCIENTIFIC GAMES CORP - Form 10-K/A

year-end from an October 31 year-end to a calendar year-end, beginning with the year ending December 31, 2001, so that the measurement period for the performance graph covers the fiscal years ended October 31, 1997, 1998, 1999 and 2000, the two-month transition period ended December 31, 2000 and the last completed fiscal year ended December 31, 2001.
