Criticare Systems, Inc. Reports Strong Revenue Growth for First Quarter of Fiscal 2007

MILWAUKEE--(BUSINESS WIRE) October 19, 2006--CRITICARE SYSTEMS, INC. (AMEX:CMD News). Criticare Systems Inc. today announced its unaudited first quarter revenue for fiscal 2007.

The company recorded revenue of approximately \$8.1 million compared to \$7.6 million for the comparable period in fiscal 2006. Revenue for the fourth quarter of fiscal 2006 was \$7.1 million. Sales were particularly strong in Criticare's domestic initiatives as well as efforts in Latin America. A major success was seen with the company's new Acute Care monitoring line and the nGenuity, which was introduced this past May. This product line offers many innovative features, at a very attractive acquisition cost, raising the bar for an economic solution.

Thanks in part to the introductory relationship with Kodak Dental, Criticare experienced record sales during the annual Oral and Maxillofacial Surgery convention, held on October 5, 6 and 7 at the San Diego convention center. Traditionally, this has been Criticare's most productive convention, both in terms of orders taken during the convention

and in later residual sales.

Strong revenue growth in our first quarter of fiscal 2007, on the heels of our double digit revenue growth for fiscal 2006, validates the continued successful implementation of our business strategy, said Emil Soika, the company's President and Chief Executive Officer.

CSI (www.csiusa.com) designs, manufactures, and markets cost-effective patient monitoring systems and noninvasive sensors for a wide range of hospitals and alternate health care environments throughout the world.
