Report of Independent Registered Public Accounting Firm
Employee Benefit Plans Committee of the Board of Directors of Badger Meter, Inc.
Badger Meter Employee Savings and Stock Ownership Plan
Milwaukee, Wisconsin

We have audited the accompanying statements of net assets available for benefits of Badger Meter Employee Savings and Stock Ownership Plan as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2006 and reportable transactions for the year ended December 31, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

Note 1 Description of the Plan

General

The following description of Badger Meter Employee Savings and Stock Ownership Plan (the Plan) is for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan. The Plan is a defined-contribution plan adopted under Section 401(k) of the Internal Revenue Code (the Code). The Plan was established as of January 1, 1991, to consolidate the Badger Meter Savings Plan, the Badger Meter Payroll-Based Employee Stock Ownership Plan, and the Badger Meter Employee Stock Ownership Plan into a single plan.

Substantially all domestic employees of Badger Meter, Inc. (the Company) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions may be made up to a maximum of 20% of their compensation on a pretax basis, not to exceed the amount allowed by the Code. Company contributions are made at a rate of 25% of the participant contributions, with the Company contribution percentage applying to a maximum of 7% of the participant s compensation for the year. The Company may also contribute additional amounts over and above the required contribution at the discretion of the Company s Board of Directors. No such contributions were made in 2006.

Participant contributions are directed into various investment options (currently totaling nine) at the participant s discretion. Company contributions are made in cash and are used by the Plan to repay principal and interest on the note payable (see Note 5). As principal and interest payments are made on the note payable, unallocated shares of Badger Meter, Inc. common stock, which serve as collateral for the note payable, are released to Plan participants and provide the Company matching contribution at current market values. Participant contributions may be temporarily invested in a money market common trust fund before being invested in the aforementioned investments.

Notes to Financial Statements

Note 1 Description of the Plan (Continued)

Contributions (Continued)

All participant contributions are excluded from the participant's current wages for federal income tax purposes.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's discretionary contribution, if any, and Plan earnings. The Company's discretionary contribution (excluding the matching contribution) is allocated equally to all participants. Plan earnings are allocated based on the participant's account balances in relation to total participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. There were no discretionary contributions during 2006.

Vesting

Participants are fully vested in all amounts in their accounts.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, the participant's account shall generally be distributed in a single lump sum at the participant's option. Final distributions will be made either in shares of Company common stock plus cash in lieu of fractional shares or entirely in cash.

Note 1 Description of the Plan (Continued)

Withdrawals

A participant's contribution may not be withdrawn prior to retirement, death, disability, termination of employment, or termination of the Plan, except for financial hardship, a one-time distribution after age 59^{1/2}, or in the form of loans to participants. The Plan defines financial hardship as expenses related to college education, uninsured major medical expense, purchase of the participant's principal residence, or other financial need that cannot be met from other resources of the participant. All withdrawals are subject to approval by the Plan Administrator.

Loans to Participants

Participants are allowed to borrow from their separate account balance. The amount of a loan shall not be less than \$1,000 or more than \$50,000 and shall not exceed 50% of the participant's account balance.

Loan maturities cannot exceed 60 months and are secured by the participant's vested interests in the Plan. Amounts loaned to a participant do not share in the allocations of Plan earnings (see Participant's Accounts above), but are credited with the interest earned on the loan balance payable by the participant charged at a reasonable rate as determined by the Plan Administrator.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The financial statements are based on information provided to the Company and certified as complete and accurate by its Custodian, Marshall and Ilsley Trust Company N.A. Certain adjustments have been made to the financial statements provided by the Custodian in order for them to conform to the accrual basis of accounting.

Investment Valuation

The investment in the guaranteed income group annuity insurance contract is valued at contract value as reported by Massachusetts Mutual Life Insurance Company (Mass Mutual). Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay benefits and the insurance company s administrative expenses. The Mass Mutual contract is a fully benefit-responsive investment contract. This contract is stated at fair value as reported by the insurance company, which approximates its contract value as of December 31, 2006 and December 31, 2005. Crediting interest rates are adjusted annually on January 1.

The investments in mutual funds are valued at the redemption price established by the fund s trustee based upon the quoted prices of the underlying assets.

Units of common trust funds are valued at the quoted redemption price.

The investment in Badger Meter, Inc. common stock, which is traded on the American Stock Exchange, is valued at the last reported sales price on the last business day of the Plan year.

The money market fund is valued at fair value based on quoted market or redemption price on the last business day of the Plan year.

Loans receivable from participants are reported at their unpaid principal balance, which approximates fair value.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in conformity with U.S. generally accepted accounting principles, requires the administrators to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from these estimates.

Expenses

Expenses related to the administration of the Plan are paid by the Company. Investment expenses are payable by the Plan and reimbursed by the Company at its discretion.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Guaranteed Income Group Annuity Contract No. IG 4178

This contract is an unallocated insurance contract with Mass Mutual, which is credited at least annually for interest earned. Interest rates for 2006 and 2005 were 3.3% 4.15% and 3.75%, respectively. Mass Mutual determines the annual guaranteed interest rate each January 1. The average yields for 2006 and 2005 were 3.83% and 3.75%, respectively.

The insurance contract is subject to certain restrictions that may affect the plan's ability to fully realize the insurance contract's value under certain conditions.

Note 5 Note Payable

At December 31, 2006, the outstanding balance on the loan is \$743,405. The terms of the loan allow variable payments of principal with the final principal and interest payment due April 30, 2008. Interest is payable at the prime interest rate (effective rate of 8.25% at December 31, 2006) or at the LIBOR rate plus 1.50% (effective rate of 6.83% at December 31, 2006). At December 31, 2006, the Plan has exercised its option to designate the outstanding balance as a LIBOR rate loan. The note payable is secured by the unallocated shares of Badger Meter, Inc. common stock held by the Plan (see summary below). In addition, the Company has guaranteed the note payable and is obligated to contribute sufficient cash to the Plan to enable it to repay the loan principal and interest in the event the Plan is unable to settle its obligation.

The pledged unallocated shares of Badger Meter, Inc. common stock are released as principal and interest payments are made on the note payable. The shares released, less any shares that are distributed as benefit payments, are considered available and are allocated to the participants accounts just prior to each annual principal due date on the note payable.

The note agreement contains certain restrictions and covenants, including a limitation on additional borrowings.

The Company contributions are used to make principal and interest payments on the note payable. The Plan will release unallocated shares with a value in excess of the principal payments made due to appreciation of the Company's stock.

As of December 31, 2005, \$915,000 was due under the note payable.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated August 3, 1995, stating that the Plan is qualified under Section 401(a) and 401(k) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. A new determination letter has been requested in 2002 but not yet received. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8 Subsequent Distribution

During 2006, participants requested lump-sum distributions for approximately \$322,000, which was paid in 2007.

Note 9 Related Party Transactions

During 2006, the Plan received \$340,245, in common stock dividends from the Company.

Note 10 Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account. Unallocated shares are voted on by the Plan's administrative committee on behalf of the collective best interest of plan participants and beneficiaries.
