About EPR

We are a self-administered real estate investment trust, or REIT, that develops, owns, acquires and finances properties for consumer preferred high-quality businesses, including megaplex movie theatres, entertainment retail centers and other destination recreational and specialty properties.

Our real estate portfolio is comprised of over \$1.9 billion in assets (before accumulated depreciation) and consists of:

79 megaplex movie theatre properties (including four joint venture properties) located in 26 states and Ontario, Canada

one theatre property under development in California

eight entertainment retail centers (including two joint venture properties) located in Westminster, Colorado, New Rochelle, New York, White Plains, New York, Burbank, California, and Ontario, Canada

other specialty properties, including six wineries and six vineyards located in California and a ski property located in Ohio

a 50% joint venture interest in JERIT CS Fund I (CS Fund I), which owns 12 public charter school properties located in seven states and the District of Columbia

land parcels leased to restaurant and retail operators adjacent to several of our theatre properties

As of March 25, 2008, we had invested approximately \$19.6 million in development land and construction in progress for real-estate development.

Also, as of March 25, 2008, we had the following mortgage notes receivable:

\$107.2 million (including accrued interest) in mortgage financing for the development of Toronto Life Square, an entertainment retail center in Canada

\$123.0 million (including accrued interest) in mortgage financing for ten ski properties and development land located in New Hampshire, Vermont, Missouri, Indiana, Ohio and Pennsylvania

\$3.6 million (including accrued interest) in mortgage financing for the development of an amphitheatre located in Illinois

Table of Contents

\$107.3 million (including accrued interest) in mortgage financing for the development of a water park anchored entertainment village in the greater Kansas City area

The theatre project under development has been pre-leased to the prospective tenant under a long-term triple-net lease. The cost of development will be paid by us in periodic draws. The related timing and amount of rental payments to be received by us from the tenant under the lease correspond to the timing and amount of funding by us of the cost of development. This theatre will have 12 screens and we anticipate that the total development cost will be approximately \$13.2 million. Through March 25, 2008, we had not yet invested any funds in this project but have commitments to fund the \$13.2 million in improvements. We plan to fund development primarily with funds generated by debt financing and/or equity offerings. If we determine that construction is not being completed in accordance with the terms of the development agreement, we can discontinue funding construction draws.

We generally lease our single-tenant properties to tenants on a long-term triple-net basis that requires the tenant to assume the primary risks involved in operating the property and to pay substantially all expenses associated with the operation and maintenance of the property. We also provide secured mortgage financing and we own multi-tenant properties which are managed for us by third-party management companies.

Our theatre properties are leased to prominent theatre operators, including American Multi-Cinema, Inc. (referred to in this prospectus as AMC), Muvico Entertainment LLC, Regal Cinemas, Consolidated Theatres, Loews Cineplex Entertainment (now part of AMC), Rave Motion Pictures, Wallace Theatres, Southern Theatres, Cobb Theatres and Kerasotes Showplace Theatres. As of March 25, 2008, approximately 51% of our megaplex theatre properties were leased to AMC as a result of a series of sale-leaseback transactions relating to a number of AMC megaplex theatres, and approximately 51% of our total annual lease revenues were derived from rental payments by AMC under these leases.

Approximately 15% of our total annual revenue is derived from our four entertainment retail centers in Ontario, Canada and a mortgage note receivable secured by an additional property under development in Ontario, Canada. The Canadian entertainment retail centers combined with the carrying value of our mortgage note receivable represent approximately 23% of the Company's net assets as of March 25, 2008.

Beginning with our taxable year ended December 31, 1997, we elected to be treated as a REIT for U.S. federal income tax purposes. In order to maintain our status as a REIT, we must comply with a number of requirements under federal income tax law that are discussed in Additional U.S. federal income tax considerations on page S-17 of this prospectus supplement and U.S. Federal Income Tax Considerations on page 32 of the accompanying prospectus.

Our executive offices are located at 30 W. Pershing Road, Suite 201, Kansas City, Missouri 64108. Our telephone number is (816) 472-1700.

Growth strategies

As a part of our growth strategies, we will consider developing or acquiring additional megaplex theatre properties, and developing or acquiring single-tenant entertainment, entertainment-related, recreational or specialty properties. We will also consider developing or acquiring additional entertainment retail centers. In lieu of acquisition or development, we may also pursue opportunities to provide mortgage financing for these same property types.

Table of Contents

Our investing strategies center on certain guiding principles, which we refer to as our Five Star Principles :

Inflection opportunity

We look for a new generation of facilities emerging as a result of age, technology, or change in the lifestyle of consumers which create development, renewal or restructuring opportunities requiring significant capital.

Enduring value

We look for real estate that supports activities that are commercially successful and have a reasonable basis for continued and sustainable customer demand in the future. Further, we seek circumstances where the magnitude of change in the new generation of facilities adds substantially to the customer experience.

Excellent execution

We seek attractive locations and best-of-class executions that create market-dominant properties which we believe create a competitive advantage and enhance sustainable customer demand within the category despite a potential change in tenant. We minimize the potential for turnover by seeking quality tenants with a reliable track record of customer service and satisfaction.

Attractive economics

We seek investments that provide accretive returns initially and increasing returns over time with rent escalators and percentage rent features that allow participation in the financial performance of the property. Further, we are interested in investments that provide a depth of opportunity to invest sufficient capital to be meaningful to our total financial results and also provide a diversity by market, geography or tenant operator.

Advantageous position

In combination with the preceding principles, when investing we look for a competitive advantage such as unique knowledge of the category, access to industry information, a preferred tenant relationship, or other relationships that provide access to sites and development projects.

Recent developments

The following are principal recent developments since January 1, 2008:

Debt financing

On January 11, 2008, the Company obtained a \$17.5 million non-recourse mortgage loan maturing on February 1, 2018 and secured by a theatre property located in Garland, Texas, which bears interest at 6.19% per year, and requires monthly principal and interest payments of \$127 thousand and a final principal payment at maturity of \$11.6 million.

On March 13, 2008, the Company's subsidiary VinREIT, LLC entered into a \$65.0 million term loan and revolving credit facility with Bank of the West and various lenders. The credit facility is evidenced by a Credit Agreement dated as of March 4, 2008 and includes pricing of LIBOR plus

Table of Contents

1.5% on loans advanced against real property and LIBOR plus 1.75% on loans advanced against fixtures and equipment. The Credit Agreement provides for an aggregate advance rate of 65% based on the lesser of cost or appraised value. Term loans against real property may be drawn on through March 14, 2010. These loans are amortized over a 25-year period and mature on the earlier of ten years after disbursement or the maturity of the related real property lease. The equipment and fixture loans have a maturity date that is the earlier of ten years or the maturity of the related lease and require full principal amortization over the term of the loan. The Credit Agreement contains an accordion feature whereby, subject to lender approval, VinREIT, LLC may obtain additional revolving credit and term loan commitments in an aggregate principal amount not to exceed \$35.0 million. The Credit Agreement is secured by the existing and future personal property of VinREIT, LLC, and is jointly and severally guaranteed by two wholly-owned subsidiaries of VinREIT, LLC, Havens VinREIT, LLC and Duncan Peak VinREIT LLC. Each of these subsidiaries granted a lien on its existing real estate and its existing and future personal property to secure its guaranty. The initial disbursement under the Credit Agreement consisted of two term loans in the aggregate principal amount of approximately \$9.5 million with maturity dates of December 1, 2017 and March 13, 2018, respectively, and we simultaneously entered into interest rate swap agreements that fixed the interest rates at an average of 5.52%. On March 24, 2007, we obtained \$3.2 million of equipment loans that mature on December 1, 2017. Other wholly-owned subsidiaries of VinREIT, LLC may subsequently become eligible to join in the credit facility as secured guarantors, thus facilitating credit extensions under the Credit Agreement.

The net proceeds from the above-referenced loans were used to pay down outstanding indebtedness under our unsecured revolving credit facility.

Investments

As previously announced, on October 30, 2007, we acquired, through our wholly-owned subsidiary, EPT Schoolhouse, LLC (EPT Schoolhouse), a 50% ownership interest in CS Fund I for \$39.3 million. CS Fund I currently owns 12 public charter school properties located in Nevada, Arizona, Ohio, Georgia, Missouri, Michigan, Florida and Washington D.C. and leases them under a long-term triple net master lease. Our partner in CS Fund I is JERIT CS Fund I Member (JERIT Fund Member). On March 25, 2008, EPT Schoolhouse entered into a membership purchase agreement with JERIT Fund Member, pursuant to which EPT Schoolhouse will purchase all of JERIT Fund Member s 50% ownership interest in CS Fund I for approximately \$39.5 million. Upon completion of this transaction, CS Fund I will become a wholly-owned subsidiary of the Company. The member purchase agreement provides that EPT Schoolhouse shall pay JERIT Fund Member a monthly asset management fee of 1.875% of the monthly rent for the public charter school properties, for the six month period following the closing. The membership purchase agreement also contains an option pursuant to which JERIT Fund Member may re-acquire its 50% interest in CS Fund I within six months after the acquisition of such interest by EPT Schoolhouse. We anticipate that the acquisition of JERIT Fund Member s 50% interest in CS Fund I by EPT Schoolhouse will be completed in early April; however, we cannot assure you that this transaction will be completed or completed for the amount or on the terms summarized above. Depending on the timing of this acquisition, we may finance the purchase price with a portion of the proceeds from this offering and the concurrent offering of our 9.00% Series E cumulative convertible preferred shares of beneficial interest, or Series E preferred shares, or we may finance the purchase price with borrowings under our unsecured revolving credit facility which would be repaid using a portion of the proceeds from this offering and the concurrent Series E preferred shares offering.

Table of Contents

CS Fund I currently has an option to purchase an additional \$120 million of public charter school properties, of which \$60 million of properties would be scheduled to close within the next 60 to 90 days if such option is exercised. We cannot offer any assurance that this option will be exercised or as to the timing or terms of the transaction or that the transaction will be completed.

Concurrent offering of Series E cumulative convertible preferred shares

Concurrently with this offering, we are offering 3,000,000 shares of our Series E preferred shares pursuant to a separate offering registered under the Securities Act. We have granted the underwriters for the Series E preferred shares offering an over-allotment option to purchase up to 450,000 additional shares of Series E preferred shares. If we complete the offering of the Series E preferred shares, we expect to use the proceeds from that offering and from this offering as described in Use of Proceeds. The completion of this offering of common shares is not subject to the completion of the concurrent offering of the Series E preferred shares and the completion of the concurrent offering of the Series E preferred shares is not subject to the completion of this offering of common shares.

We will pay cumulative distributions on the Series E preferred shares from and including the date of original issuance in the amount of \$2.25 per share each year, which is equivalent to 9.00% of the \$25.00 liquidation preference per share. The Series E preferred shares will rank on a parity with our existing Series B, Series C and Series D preferred shares and will be senior to our common shares, including the common shares offered hereby.

A holder of our Series E preferred shares may convert such Series E preferred shares into our common shares subject to certain conditions summarized in the prospectus supplement and other offering materials for the Series E preferred shares filed with the SEC. On or after April 20, 2013, we may, at our option, convert some or all of the Series E preferred shares into common shares in certain circumstances based on the market price of our common shares, all of which are summarized in the prospectus supplement and other offering materials for the Series E preferred shares. Upon any conversion of Series E preferred shares, we will have the option to deliver either (1) a number of common shares based upon the applicable conversion rate, or (2) an amount of cash and common shares, as described in the prospectus supplement for the Series E preferred shares.

For a description of the Series E preferred shares, please see the prospectus supplement and other offering materials for the Series E preferred shares, all of which have been or will be filed with the SEC.

This prospectus supplement shall not be deemed to be an offer to sell or a solicitation of an offer to buy any Series E preferred shares and we cannot assure you that the concurrent offering of our Series E preferred shares will be completed or completed for the amount or on the terms contemplated.

Use of proceeds

The net proceeds to us from the sale of common shares offered hereby are expected to be approximately \$96.65 million (\$111.18 million if the underwriters exercise their over-allotment option in full), after deducting the underwriting discount and commissions and our estimated offering expenses. As summarized above in this prospectus supplement, we are concurrently offering our Series E preferred shares pursuant to a separate offering registered under the Securities Act. The net proceeds to us from the sale of our Series E preferred shares are expected to be approximately \$72.53 million (\$83.44 million if the underwriters exercise their over-allotment option in full), after deducting the underwriting discount and commissions and our estimated offering expenses. We intend to use the net proceeds from this offering and the concurrent offering of our Series E preferred shares for general business purposes, which may include funding the acquisition, development or financing of properties or the repayment of debt. We are continuously seeking acquisition, development and financing opportunities relating to megaplex movie theatres, entertainment retail centers and other destination recreational and specialty properties. We believe we have a strong pipeline of development, acquisition and financing transaction opportunities and we are a party to several letters of intent and have entered into other commitments in furtherance of these efforts, including our agreement to purchase the remaining 50% interest in CS Fund I for approximately \$39.5 million. For a description of this transaction, see Prospectus supplement summary Recent developments Investments. Pending application of net proceeds from this offering and the concurrent offering of our Series E preferred shares to the uses described above, we intend to use the net proceeds from this offering and the concurrent offering of our Series E preferred shares to reduce indebtedness under our unsecured revolving credit facility and to invest any remaining net proceeds in interest-bearing accounts and short-term interest-bearing securities which are consistent with our qualification as a REIT under the Code. The proceeds we ultimately receive from this offering of common shares and the concurrent offering of Series E preferred shares are dependent upon numerous factors and subject to general market conditions. We may not consummate the concurrent offering of the Series E preferred shares or we may not consummate it for the amount or on the terms planned. Accordingly, the amounts described above may differ materially from the actual amounts we receive. This offering of common shares is not conditioned on completion of the concurrent offering of our Series E preferred shares and the concurrent offering of our Series E preferred shares is not conditioned on

general economic conditions or conditions in the financial or real estate markets; and

our financial condition, performance and prospects.

The issuance or sale of equity, convertible or exchangeable securities in the market, including the proposed concurrent offering of our Series E preferred shares, or the perception of such future sales or issuances, could lead to a decline in the price of our common shares.

Any issuance of equity, convertible or exchangeable securities, including for the purposes of financing acquisitions and the expansion of our business, may have a dilutive effect on our existing stockholders. Concurrently with this offering of common shares, we are offering 3,000,000 shares of our Series E preferred shares in a separate offering registered under the Securities Act. As summarized in the prospectus supplement and other offering materials for the Series E preferred shares, the Series E preferred shares may be converted into shares of our common shares which may have a dilutive effect on our existing stockholders. In addition, the perceived risk associated with the possible issuance of a large number of shares or securities convertible or exchangeable into a large number of shares could cause some of our shareholders to sell their shares, thus causing the price of our shares to decline. We are not restricted from issuing additional shares or securities convertible into or exchangeable for our shares. Subsequent sales of our common shares in the open market or the private placement of our common shares or securities convertible or exchangeable into our common shares could also have an adverse effect on the market price of the shares. If our share price declines, it may be more difficult for us to or we may be unable to raise additional capital.

We may not be able to pay distributions upon events of default under our financing documents.

Some of our financing documents contain restrictions on distributions upon the occurrence of events of default thereunder. If such an event of default occurs, such as our failure to pay principal at maturity or interest when due for a specified period of time, we would be prohibited from making payments on our shares of beneficial interest, including our common shares.

We may continue to acquire, develop or finance ski properties, vineyards and wineries, and public charter school properties or real estate related companies focused on those types of properties and this may create risks.

We have made, and expect to continue to make, acquisition, development and financing investments in ski properties, vineyard and wineries, and public charter school properties, as well as, real estate related companies focused on those types of properties. These investments are subject to various risks, including those specifically attributable to the type of property involved. For instance, ski properties and vineyards and wineries are subject to risks related to weather conditions impacting such properties and the ability of the tenant or mortgagor to satisfy its obligations owed to the Company with respect to such properties. In addition, our investments in public charter schools are subject to various risks including the ability of a school to satisfy the accreditation requirements to receive or maintain its charter, as well as the potential of decreasing enrollment, all of which may impact the ability of the tenant to meet its obligations to the Company.

Use of proceeds

The net proceeds to us from the sale of common shares offered hereby are expected to be approximately \$96.65 million (\$111.18 million if the underwriters exercise their over-allotment option in full), after deducting the underwriting discount and commissions and our estimated offering expenses.

We are concurrently offering our Series E preferred shares pursuant to a separate offering registered under the Securities Act. The net proceeds to us from the concurrent offering of our Series E preferred shares are expected to be approximately \$72.53 million (\$83.44 million if the underwriters exercise their over-allotment option in full), after deducting the underwriting discount and commissions and our estimated offering expenses.

We intend to use the net proceeds from this offering and the concurrent offering of our Series E preferred shares for general business purposes, which may include funding the acquisition, development or financing of properties or the repayment of debt. We are continuously seeking acquisition, development and financing opportunities relating to megaplex movie theatres, entertainment retail centers and other destination recreational and specialty properties. We believe we have a strong pipeline of development, acquisition and financing transaction opportunities and we are a party to several letters of intent and have entered into other commitments in furtherance of these efforts, including our agreement to purchase the remaining 50% interest in CS Fund I for approximately \$39.5 million. Depending on the timing of this acquisition, we may finance the purchase price with a portion of the proceeds from this offering and the concurrent offering of our Series E preferred shares or we may finance the purchase price with borrowings under our unsecured revolving credit facility which would then be repaid using a portion of the proceeds from this offering and the concurrent Series E preferred shares offering.

For a description of this transaction see, Prospectus supplement summary Recent developments Investments. There can be no assurance as to the completion, timing or terms of any of these potential transactions.

Pending application of net proceeds from this offering and the concurrent offering of our Series E preferred shares to the uses described above, we intend to use a portion of the net proceeds from this offering and the concurrent offering of our Series E preferred shares to reduce indebtedness under our unsecured revolving credit facility and to invest any remaining net proceeds in interest-bearing accounts and short-term interest-bearing securities which are consistent with our qualification as a REIT under the Code.

The unsecured revolving credit facility bears interest at LIBOR plus 1.30% to 1.75% or the Applicable Base Rate plus 0.00% to 0.20% depending on our leverage ratio at the time of each advance. The unsecured revolving credit facility matures on January 31, 2009 and may be extended for an additional year at our option subject to certain terms and conditions, including payment of an extension fee. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, J.P. Morgan Securities, Inc., is a lender under this credit facility and will receive approximately 15% of any proceeds from this offering and the concurrent offering of our Series E preferred shares that are used to repay indebtedness under the credit facility. In addition, a holding company of JPMorgan Chase Bank, N.A. has entered into a merger agreement with a holding company of Bear Stearns Corporate Lending Inc. Bear Stearns Corporate Lending, Inc. is a lender under the credit facility and will receive approximately 4% of any proceeds from this offering and the concurrent offering of our Series E preferred shares that are used to repay indebtedness under the credit facility. Royal Bank of Canada, an affiliate of one of the

underwriters, RBC Capital Markets Corporation, is also a lender under the credit facility and will receive approximately 15% of the proceeds of this offering and the concurrent offering of our Series E preferred shares that are used to repay indebtedness under the credit facility.

The proceeds we ultimately receive from this offering of common shares and the concurrent offering of our Series E preferred shares are dependent upon numerous factors and subject to general market conditions. We may not consummate the offering of the Series E preferred shares or we may not consummate it for the amount or on the terms planned. Accordingly, the amounts described above may differ materially from the actual amounts we receive. This offering of common shares is not conditioned on completion of the concurrent offering of our Series E preferred shares and the concurrent offering of our Series E preferred shares is not conditioned on the completion of this offering of common shares.

The proceeds we ultimately receive from this offering of common shares and the concurrent offering of our Series E preferred shares are dependent upon numerous factors and subject to general market conditions. Additional U.S. federal income tax considerations

Please read the U.S. Federal Income Tax Considerations section on page 32 of the accompanying prospectus for additional U.S. federal income tax considerations that apply to this offering.

The following summary describes certain material U.S. federal income tax consequences relating to the acquisition, ownership and disposition of common shares. This summary supplements and updates the more detailed description of these matters in the U.S. Federal Income Tax Considerations section of the accompanying prospectus. Stinson Morrison Hecker LLP will render a legal opinion that the discussions in this section and in the U.S. Federal Income Tax Considerations section of the accompanying prospectus are accurate in all material respects and, taken together, fairly summarize the federal income tax consequences discussed in those sections. Specifically, subject to qualifications and assumptions contained in its opinion, Stinson Morrison Hecker LLP will give opinions to the effect that we have been organized and have qualified as a REIT under the Internal Revenue Code of 1986, as amended (the Code), for our 1997 taxable year through the date hereof, and that our actual operation through the date hereof and current investments and proposed plan of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Internal Revenue Code.

This summary is based on current law and does not address all aspects of taxation that may be relevant to particular shareholders in light of their personal investment or tax circumstances, or to certain types of shareholders (including, without limitation, dealers or traders in securities, insurance companies, financial institutions, partnerships and tax-exempt organizations and shareholders that hold our shares as part of a hedge, straddle conversion transaction or other arrangement) subject to special treatment under U.S. federal income tax laws.

It should be noted that the current tax rates referenced in this discussion are set to expire at the end of 2010. Absent legislative action, the maximum capital gains rate for U.S. Shareholders who are individuals will revert to 20% at that time and the maximum ordinary income tax rate will revert to 39.6%.

You should consult your own tax advisor regarding the specific tax consequences of the purchase, ownership and sale of the common shares.

Taxation of the company

As a REIT, the Company generally will not have to pay Federal corporate income taxes on its net income that it currently distributes to shareholders. This treatment substantially eliminates the double taxation at the corporate and shareholder levels that generally results from investment in a regular corporation, subject to general exceptions that result in corporate level tax. See U.S. Federal Income Tax Consequences Taxation of the Company General in the prospectus. In order to maintain its status as a REIT, the Company must meet certain asset and income tests. See U.S. Federal Income Tax Consequences Taxation of the Company Requirements for Qualification in the prospectus.

Foreign investments

We and our subsidiaries may hold investments in, and pay taxes to, foreign countries. Taxes we pay in foreign jurisdictions may not be passed through to, or used by, our U.S. Shareholders as a foreign tax credit or otherwise. However, such taxes would create a tax deduction which would reduce REIT taxable income. Our foreign investments might also generate foreign currency gains

Table of Contents

and losses. According to recent guidance provided by the IRS, to the extent that a REIT incurs foreign currency gain which is attributable to income recognized by a REIT that is qualifying income under the 95% and 75% income tests, then the foreign currency gain is also qualifying income under the 95% and 75% income tests. No assurance can be given that foreign currency gains that we recognize directly or through pass-through subsidiaries will be qualifying income under the 95% or 75% income tests. Furthermore, no assurance can be given that a combination of non-qualifying income, such as certain foreign currency gains, personal property rents, and other non-qualifying income, will not adversely affect our ability to satisfy the REIT qualification requirements.

Taxation of taxable domestic shareholders

As used herein, the term **U.S. Shareholder** means a holder of common shares who (for U.S. federal income tax purposes) (i) is a citizen or resident of the United States, (ii) is a corporation, partnership or other entity created or organized in or under the laws of the United States or any political subdivision thereof (except, in the case of a partnership, the Treasury provides otherwise by regulations), (iii) is an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) is a trust whose administration is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

As long as EPR qualifies as a REIT, distributions made out of our current or accumulated earnings and profits (and not designated as capital gain dividends) will generally constitute dividends taxable to our taxable corporate U.S. Shareholders as ordinary income taxed at a maximum rate of 35%, such corporate U.S. Shareholders will not be eligible for the dividends received deduction otherwise available with respect to dividends received by corporate U.S. Shareholders. It is not likely that a significant amount of our dividends paid to individual U.S. Shareholders will constitute qualified dividend income eligible for the current reduced maximum tax rate of 15%. Dividends received from a REIT generally are treated as qualified dividend income eligible for the reduced tax rate only to the extent that the REIT has received qualified dividend income from other non-REIT corporations, such as taxable REIT subsidiaries. In addition, if a REIT pays U.S. federal income tax on its undistributed net taxable income or on certain gains from the disposition of assets acquired from C corporations, the excess of the income subject to tax over the taxes paid will be treated as qualified dividend income in the subsequent taxable year.

Distributions made by us that are properly designated as capital gain dividends will be taxable to U.S. Shareholders as gains (to the extent they do not exceed our actual net capital gain for the taxable year) from the sale or disposition of a capital asset. Depending on the period of time we held the assets which produced the gains, and on certain designations, if any, which may be made by us, such gains may be taxable to noncorporate U.S. Shareholders at a 15% or 25% rate (through 2010), without regard to the period for which the U.S. Shareholder has held the common shares. U.S. Shareholders that are corporations may, however, be required to treat up to 20% of certain capital gain dividends as ordinary income. To the extent we make distributions (not designated as capital gain dividends) in excess of our current and accumulated earnings and profits, such distributions will be treated first as a tax-free return of capital to each U.S. Shareholder, reducing the adjusted basis which such U.S. Shareholder has in his common shares for tax purposes by the amount of such distribution (but not below zero). Distributions in excess of a U.S. Shareholder's adjusted basis in his shares will be taxable as capital gain (provided

Table of Contents

that the shares have been held as a capital asset) and will be taxable as long-term capital gain if the common shares have been held for more than one year. Dividends declared by us in October, November or December of any year and payable to a shareholder of record on a specified date in any such month shall be treated as both paid by us and received by the shareholder on December 31st of that year; provided the dividend is actually paid by us on or before January 31st of the following calendar year. Shareholders may not include in their own income tax returns any net operating losses or capital losses of EPR.

Distributions made by us and gain arising from the sale or exchange by a U.S. Shareholder of shares will not be treated as passive activity income, and, as a result, U.S. Shareholders generally will not be able to apply any passive losses against such income or gain. Distributions made by us (to the extent they do not constitute a return of capital) generally will be treated as investment income for purposes of computing the investment interest limitation. Gain arising from the sale or other disposition of common shares and certain qualifying dividends (or distributions treated as such), will not be treated as investment income under certain circumstances.

Redemption of common shares

Redemption of common shares for cash will likely qualify as a sale or exchange rather than being treated under Section 302 of the Code as a distribution taxable as a dividend (to the extent of our current and accumulated earnings and profits) provided the redemption satisfies one of the tests set forth in Section 302(b) of the Code for the sale or exchange of the redeemable shares. None of these dividend distributions would be eligible for the dividends received deduction for corporate shareholders. The redemption will be treated as a sale or exchange if it (i) is substantially disproportionate with respect to you, (ii) results in a complete termination of your share interest in EPR, or (iii) is not essentially equivalent to a dividend with respect to you, all within the meaning of Section 302(b) of the Code. In determining whether any of these tests have been met, common shares considered to be owned by you by reason of certain constructive ownership rules set forth in the Code, as well as common shares actually owned by you, must generally be taken into account. If you do not own (actually or constructively) any common shares of EPR, or an insubstantial percentage of our outstanding common shares, a redemption of your common shares is likely to qualify for sale or exchange treatment because the redemption would not be essentially equivalent to a dividend. However, because the determination as to whether any of the alternative tests of Section 302(b) of the Code will be satisfied with respect to your common shares depends upon the facts and circumstances at the time the determination must be made, you are advised to consult your own tax advisor to determine such tax treatment.

If a redemption of common shares is not treated as a distribution taxable as a dividend to you, it will be treated as a taxable sale or exchange of the shares. As a result, you will recognize gain or loss for federal income tax purposes in an amount equal to the difference between (i) the amount of cash and the fair market value of any property received (less any portion thereof attributable to accumulated and declared but unpaid dividends, which will be taxable as a dividend to the extent of our current and accumulated earnings and profits), and (ii) your adjusted basis in the common shares for tax purposes. Such gain or loss will be capital gain or loss if the common shares have been held as a capital asset, and will be long-term gain or loss if the common shares have been held for more than one year at the time of the redemption. If a redemption of common shares is treated as a distribution taxable as a dividend, the amount of the distribution will be measured by the amount of cash and the fair market value of any

Table of Contents

property received by you. Your adjusted basis in the redeemable common shares for tax purposes will be transferred to your remaining shares in EPR. If you do not own any of our other shares, such basis may, under certain circumstances, be transferred to a related person or it may be lost entirely.

Disposition of common shares

If you are a U.S. Shareholder and you sell or dispose of your common shares, you will recognize gain or loss for federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property you receive on the sale or other disposition and your adjusted basis in the common shares for tax purposes. This gain or loss will be capital gain or loss if you have held the common shares as a capital asset and, if you are a U.S. Shareholder, will be long-term capital gain or loss if you have held the common shares for more than one year at the time of disposition.

In general, if you are a U.S. Shareholder and you recognize loss upon the sale or other disposition of common shares that you have held for six months or less, after applying the holding period rules set forth in the Code, the loss you recognize will be treated as a long-term capital loss to the extent you received distributions from us which were required to be treated as long-term capital gains.

Capital losses recognized by a U.S. Shareholder upon disposition of our common shares that were held more than one year at the time of disposition will be considered long term capital losses and are generally available only to offset capital gain income of the U.S. Shareholder but not ordinary income (except in the case of individuals who may apply up to \$3,000 per year of the excess, if any, of capital losses over capital gains to offset ordinary income. However, if you are a U.S. shareholder and you recognize loss upon the sale or other disposition of shares that you have held for six months or less (after applying certain holding period rules), the loss you recognize will be treated as a long term capital loss, to the extent you received distributions from us or which were retained by us and which were required to be treated as long-term capital gains.

Backup withholding

We will report to our domestic shareholders and to the IRS the amount of dividends paid during each calendar year, and the amount of tax withheld, if any from those dividends. Under the backup withholding rules, a shareholder may be subject to backup withholding at the rate equal to the fourth lowest rate of tax under Section 1(c) of the Code (which is currently 28%) with respect to dividends paid and redemption proceeds unless the shareholder (a) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact, or (b) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. Notwithstanding the foregoing, we will institute backup withholding with respect to a shareholder when instructed to do so by the IRS. A shareholder that does not provide us with his correct taxpayer identification number may also be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the shareholder's U.S. federal income tax liability.

In addition, we may be required to withhold a portion of capital gain distributions to any shareholders who fail to certify their non-foreign status. See "Taxation of Non-U.S. Shareholders" in the prospectus.

Taxation of tax-exempt shareholders

The IRS has issued a revenue ruling in which it held that amounts distributed by a REIT to a tax-exempt employees pension trust do not constitute unrelated business taxable income (UBTI). Revenue rulings, however, are interpretive in nature and are subject to revocation or modification by the IRS. Based upon the ruling and the analysis therein, distributions by us to a shareholder that is a tax-exempt entity should not constitute UBTI, provided the tax exempt entity has not financed the acquisition of its common shares with acquisition indebtedness within the meaning of the Code, and the common shares are not otherwise used in an unrelated trade or business of the tax-exempt entity. In addition, REITs generally treat the beneficiaries of qualified pension trusts as the beneficial owners of REIT shares owned by such pension trusts for purposes of determining if more than 50% of the REIT's shares are owned by five or fewer individuals. However, if a pension trust owns more than 10% of the REIT's shares (by value), it can be subject to UBTI on all or a portion of REIT dividends made to it, if the REIT is treated as a pension-held REIT. A pension-held REIT is any REIT if more than 25% (by value) of its shares are owned by one pension trust, or one or more pension trusts each owns 10% (by value) of such shares, and in the aggregate, such pension trusts own more than 50% (by value) of its shares. We do not expect to be treated as a pension-held REIT. However, because our common shares are publicly traded, and it is anticipated the common shares will be publicly traded, no assurance can be given in this regard.

For social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans exempt from U.S. federal income tax under Section 501(c)(7), (9), (17) and (20) of the Code, respectively, income from an investment in EPR will constitute UBTI. However, income from an investment in EPR will not constitute UBTI for voluntary employee benefit associations, supplemental unemployment trusts and qualified group legal services plans if the organization is able to deduct amounts set aside or placed in reserve for certain purposes so as to offset the UBTI generated by its investment in EPR. Such prospective shareholders should consult with their own tax advisors concerning these set aside and reserve requirements.

Taxation of foreign shareholders

The rules governing U.S. federal income taxation of the ownership and disposition of common shares by persons who are not U.S. Shareholders (Non-U.S. Shareholders) are complex and no attempt has been made to provide more than a summary of these rules. The summary of such rules is set forth in the U.S. Federal Income Tax Considerations section of the accompanying prospectus at Taxation of Non-U.S. Shareholders. Prospective Non-U.S. Shareholders should consult with their own tax advisors to determine the impact of federal, state, local and any foreign income tax laws with regard to an investment in EPR, including any reporting requirements.

If the proceeds of a disposition of common shares are paid by or through a U.S. office of a broker, the payment is subject to information reporting and backup withholding unless the disposing Non-U.S. Shareholder certifies as to his name, address and non-U.S. status or otherwise establishes an exemption. Generally, U.S. information reporting and backup withholding will not apply to a payment of disposition proceeds if the payment is made outside the U.S. through a non-U.S. office of a non-U.S. broker. U.S. information reporting requirements (but not backup withholding) will apply, however, to a payment of disposition proceeds outside the U.S. if (i) the payment is made through an office outside the U.S. of a broker that is either (a) a U.S. person, (b) a foreign person that derives 50% or more of its gross income for certain periods from the

conduct of a trade or business in the U.S., (c) a controlled foreign corporation for U.S. federal income tax purposes, or (d) a foreign partnership more than 50% of the capital or profits of which is owned by one or more U.S. persons or which engages in a U.S. trade or business, and (ii) the broker fails to obtain documentary evidence that the shareholder is a Non-U.S. Shareholder and that certain conditions are met or that the Non-U.S. Shareholder otherwise is entitled to an exemption.

Possible legislative or other actions affecting tax consequences

Prospective investors should recognize that the present U.S. federal income tax treatment of an investment in our shares may be modified by legislative, judicial or administrative action at any time, and that any such action may affect investments and commitments previously made. The rules dealing with U.S. federal income taxation are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department, resulting in revisions of regulations and revised interpretations of established concepts as well as statutory changes. Revisions in U.S. federal tax laws and interpretations thereof could adversely affect the tax consequences of an investment in our shares.

Moreover, prospective investors should be aware that as of January 1, 2011, absent legislative action, the maximum capital gains federal income tax rate for U.S. shareholders who are individuals will revert to 20% and the maximum ordinary income tax rate will revert to 39.6%.

State tax consequences and withholding

We may be subject to state or local taxation in various state or local jurisdictions, including those in which we transact business, and our shareholders may be subject to state and local taxation or withholding in various state or local jurisdictions, including those in which they reside. The state and local tax treatment of EPR and our shareholders may not conform to the U.S. federal income tax consequences discussed above. Several states in which we may own properties may treat REITs as ordinary corporations. You should consult your own tax advisor regarding the effect of state and local tax laws on an investment in our shares.

You are advised to consult with your own tax advisor regarding the specific tax consequences to you of the ownership and sale of shares in an entity electing to be taxed as a real estate investment trust, including the federal, state, local, foreign, and other tax consequences of such purchase, ownership, sale, and election and of potential changes in applicable tax laws.

Table of Contents**Underwriting**

J.P. Morgan Securities Inc. and Morgan Stanley & Co. Incorporated are acting as the representatives of the underwriters named below. We and J.P. Morgan Securities Inc. and Morgan Stanley & Co. Incorporated, as representatives of the underwriters, have entered into an underwriting agreement concerning the common shares being offered by this prospectus supplement and the accompanying prospectus. The underwriters' obligations are several and not joint, which means that each underwriter is required to purchase a specified number of shares, but is not responsible for the commitment of any other underwriter to purchase shares. Subject to the terms and conditions of the underwriting agreement, each underwriter has severally agreed to purchase the number of common shares set forth opposite its name below at the public offering price on the cover page of this prospectus supplement less the underwriting discount.

Underwriter	Number of Shares
J.P. Morgan Securities, Inc.	840,000
Morgan Stanley & Co. Incorporated	630,000
RBC Capital Markets Corporation	630,000
Total	2,100,000

The underwriting agreement provides that the obligations of the underwriters are conditional and may be terminated at their discretion based on their assessment of the state of the financial markets. The obligations of the underwriters may also be terminated upon the occurrence of the events specified in the underwriting agreement. The underwriters are severally committed to purchase all of the common shares being offered if any shares are purchased, other than those shares covered by the over-allotment option described below.

We have granted the underwriters an option to purchase up to an additional 315,000 common shares from us at the public offering price on the cover page of this prospectus supplement less the underwriting discount and an amount per share equal to any dividends or distributions declared by the Company and payable on the common shares but not payable on such additional common shares. The underwriters may exercise this option for 30 days from the date of this prospectus supplement solely to cover over-allotments. To the extent the option is exercised, the underwriters will be severally committed, subject to certain conditions, to purchase the additional common shares in proportion to their respective commitments as indicated in the table above.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public without notice and to reject orders in whole or in part.

The underwriters propose to offer the common shares directly to the public initially at the public offering price set forth on the cover page of this prospectus supplement and to selected dealers at such price less a concession not to exceed \$1.2286 per share. The underwriters may allow, and such selected dealers may reallow, a concession not to exceed \$0.10 per share. If all of the shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

Table of Contents

The following table shows the initial public offering price, underwriting discount and proceeds, before expenses, to us. The information assumes either no exercise or full exercise by the underwriters of their over-allotment option.

	Per Share		Total		Full Exercise
			No Exercise		
Initial public offering price	\$ 48.1800	\$	101,178,000	\$	116,354,700
Underwriting discounts and commissions payable by us	\$ 2.0477	\$	4,300,170	\$	4,945,196
Proceeds, before expenses, to us	\$ 46.1323	\$	96,877,830	\$	111,409,504

We estimate that the total expenses of this offering payable by us, excluding underwriting discounts, will be approximately \$225,000.

We have agreed in the underwriting agreement to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, and, where such indemnification is unavailable, to contribute to payments that the underwriters may be required to make in respect of such liabilities.

The underwriters have advised us that they intend to make a market in the common shares, but they are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the common shares.

In order to facilitate this offering of common shares, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the market price of the common shares in accordance with Regulation M under the Exchange Act.

The underwriters have advised us that they may make short sales of common shares in connection with this offering, resulting in the sale by the underwriters of a greater number of shares than they are required to purchase pursuant to the underwriting agreement. The short position resulting from those short sales will be deemed a covered short position to the extent it does not exceed the number of shares the underwriters have the right to purchase in this offering including the 315,000 shares subject to their over-allotment option and will be deemed a naked short position to the extent it exceeds the number. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the trading price of the common shares in the open market that could adversely affect investors who purchase shares in this offering.

The underwriters may reduce or close out a covered short position either by exercising the over-allotment option or by purchasing shares in the open market. In determining which of these alternatives to pursue, the underwriters will consider the price at which shares are available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Any naked short position will be closed out by purchasing shares in the open market. Open market purchases made by the underwriters to cover all or a portion of their short position may be effected on the NYSE or otherwise. Similar to other purchase transactions, the underwriters' purchases to cover a short position or to stabilize the market price of the common shares may have the effect of raising or maintaining the market price of the common shares or preventing or mitigating a decline in the market price of the common shares following this offering. As a result, the common shares may trade at a price that is higher than the price that otherwise might prevail in the open market.

Table of Contents

No representation is made as to the magnitude or effect of any such stabilization or other activities. The underwriters are not required to engage in these activities and, if commenced, may discontinue any of these activities at any time.

We have agreed that, except pursuant to the underwriting agreement or the concurrent offering of our Series E preferred shares, we will not offer, sell, contract to sell, pledge, grant any option to purchase or otherwise dispose of, directly or indirectly, or file with the SEC or cause to be declared effective a registration statement under the Securities Act relating to, any common shares, any other equity security of ours or any of our subsidiaries on parity with or senior to the common shares (with respect to distribution rights or payments upon our liquidation, dissolution or winding up) or any securities that are convertible into, that are exchangeable or exercisable for, or that represent the right to receive, any such securities, or publicly disclose the intention to make any such offer, sale, pledge, grant, disposition or filing, in each case for a period of 90 days after the date of this prospectus supplement, without the prior written consent of the underwriters subject to certain exceptions and the extension described below.

Our executive officers have agreed that they will not offer, sell, contract to sell, pledge, grant any option to purchase or otherwise dispose of, directly or indirectly, any of our common shares or securities convertible into, exchangeable or exercisable for, or that represent the right to receive any of our common shares, any other equity security of ours or any of our subsidiaries on parity with or senior to the common shares (with respect to distribution rights or payments upon our liquidation, dissolution or winding up) or any securities that are convertible into, that are exchangeable or exercisable for, or that represent the right to receive, any such securities, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common shares, whether any of these transactions are to be settled by delivery of our common shares or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge, grant or disposition, or enter into any transaction, swap, hedge or other arrangement without, in each case, the prior written consent of the underwriters for a period of 90 days after the date of this prospectus supplement, subject to certain exceptions and to the extension described below.

In the event that either (1) during the last 17 days of the lock-up period applicable to us or our executive officers, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the applicable lock-up period, we announce that we will release earnings results during the 16-day period beginning on the last day of the applicable lock-up period, then in either case the expiration of the applicable lock-up period will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless the underwriters waive, in writing, such an extension.

From time to time, the underwriters and/or their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us for which they have received, and expect to receive, customary fees and commissions for these transactions. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, J.P. Morgan Securities, Inc., is a lender under our unsecured revolving credit facility and will receive approximately 15% of any proceeds from this offering and the concurrent offering of our Series E preferred shares that are used to repay indebtedness under the credit facility. In addition, a holding company of JPMorgan Chase Bank, N.A. has entered into a merger agreement with a holding company of Bear Stearns Corporate Lending Inc. Bear Stearns

An investment in our securities involves certain risks. See the **Risk Factors** section of our most recent annual report on Form 10-K and, to the extent applicable, our quarterly reports on Form 10-Q, to read about factors you should consider before investing in our securities.

THE COMPANY

We are a self-administered real estate investment trust, or **REIT**. As of February 26, 2007, our real estate portfolio consists of:

megaplex movie theatre properties (including joint venture properties)

entertainment retail centers (including joint venture properties)

other specialty properties

megaplex movie theatre properties, entertainment retail centers and other specialty properties under development

land parcels leased to restaurant and retail operators adjacent to several of our theatre properties

We generally lease our single-tenant properties to tenants on a long-term triple-net basis that requires the tenant to assume the primary risks involved in operating the property and to pay substantially all expenses associated with the operation and maintenance of the property. We also provide secured mortgage financing, as appropriate, and we own multi-tenant properties which are managed for us by third-party management companies.

Table of Contents

Beginning with our taxable year ended December 31, 1997, we elected to be treated as a REIT for U.S. federal income tax purposes. In order to maintain our status as a REIT, we must comply with a number of requirements under federal income tax law that are discussed in U.S. Federal Income Tax Considerations.

Our executive offices are located at 30 W. Pershing Road, Suite 201, Kansas City, Missouri 64108. Our telephone number is (816) 472-1700.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement or other applicable offering materials, EPR intends to use the net proceeds from any sale of common shares, preferred shares, depositary shares, warrants or debt securities under this prospectus for general business purposes, which may include funding the acquisition, development or financing of properties and repayment of debt. Further details relating to the use of net proceeds from any specific offering will be described in the applicable prospectus supplement or other applicable offering materials.

**RATIO OF EARNINGS TO FIXED CHARGES AND
RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED
SHARE DISTRIBUTIONS**

The table below presents our ratio of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, earnings is the sum of net income before equity in earnings of unconsolidated subsidiaries, minority interest in earnings and fixed charges (excluding capitalized interest) plus distributed income from unconsolidated joint ventures. Fixed charges consist of interest incurred on all indebtedness. The ratios are based solely on historical financial information and no pro forma adjustments have been made.

Ratio of earning to fixed charges	2.7X	2.6X	2.3X	2.2X	2.2X

The table below presents our ratio of earnings to combined fixed charges and preferred share distributions by dividing earnings by combined fixed charges and preferred share distributions. The terms earnings and fixed charges have the meanings assigned above. The ratios are based solely on historical financial information and no pro forma adjustments have been made.

DESCRIPTION OF DEBT SECURITIES

The following description, together with the additional information we include in any applicable prospectus supplements or other applicable offering materials, summarizes the material terms and provisions of the debt securities that we may offer under this prospectus. Because it is a summary, it does not contain all information that may be important to you. If you want more information, you should read the forms of indentures we have filed as exhibits to the registration statement of which this prospectus is a part. While the terms we have summarized below will apply generally to any future debt securities we may offer, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement or other offering materials. This summary is also subject to and qualified by reference to the descriptions of the particular terms of the securities described in the applicable prospectus supplement or other applicable offering materials and by the terms of the applicable final indenture, applicable indenture supplement and debt security. See Available Information.

General

The debt securities that we may issue will constitute debentures, notes, bonds or other evidences of indebtedness of the Company, to be issued in one or more series, which may include senior debt securities, subordinated debt securities and senior subordinated debt securities. The particular terms of any series of debt securities we offer, including the extent to which the general terms set forth below may be applicable to a particular series, will be described in a prospectus supplement relating to such series.

Debt securities that we may issue will be issued under one or more separate indentures between us and a trustee to be named in the related prospectus supplement. Senior debt securities will be issued under a senior indenture and subordinated debt securities will be issued under a subordinated indenture. Together the senior indenture and the subordinated indenture are called indentures. We have filed the forms of the indentures as exhibits to the registration statement of which this prospectus is a part. If we enter into any indenture supplement, we will file a copy of that supplement with the SEC.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be our direct obligations. The senior debt securities will rank equally with all of our other senior and unsubordinated debt. The subordinated debt securities will have a junior position to certain of our debt, as described in the subordinated securities themselves or under the supplemental indenture under which they are issued. Unless we otherwise provide, we may reopen a series, without the consent of the holders of the series, for issuances of additional securities of that series.

We conduct a significant portion of our operations through our subsidiaries. Therefore, holders of debt securities will have a position junior to the prior claims of creditors of our subsidiaries, including trade creditors, debtholders, secured creditors, taxing authorities and guarantee holders, and any preferred stockholders, except to the extent that we may ourselves be a creditor with recognized and unsubordinated claims against any subsidiary. Our ability to pay principal of and premium, if any, and interest on any debt securities is, to a large extent, dependent upon the payment to us of dividends, interest or other charges by our subsidiaries.

The following description is a summary of the material provisions of the forms of indentures. It does not restate the indentures in their entirety. The indentures are governed by the Trust Indenture Act of 1939. The terms of the debt securities include those stated in the indentures and those made part of the indentures by reference to the Trust Indenture Act. We urge you to read the indentures because they, and not this description, define your rights as a holder of the debt securities. The following description is subject to and qualified by reference to the terms of the final indentures and any supplement thereto.

Information You Will Find in the Prospectus Supplement or Other Offering Materials

The indentures provide that we may issue debt securities from time to time in one or more series and that we may denominate the debt securities and make them payable in foreign currencies. The indentures do not limit the aggregate principal amount of debt securities that can be issued thereunder. The prospectus supplement or other

Subordination

We will describe in the applicable prospectus supplement or other offering materials the terms and conditions, if any, upon which any series of subordinated securities is subordinated to debt securities of another series or to our other indebtedness. The terms will include a description of:

the indebtedness ranking senior to the debt securities being offered;

the restrictions, if any, on payments to the holders of the debt securities being offered while a default with respect to the senior indebtedness is continuing;

the restrictions, if any, on payments to the holders of the debt securities being offered following an event of default; and

provisions requiring holders of the debt securities being offered to remit some payments to holders of senior indebtedness.

Interest Rate

Debt securities that bear interest will do so at a fixed rate or a floating rate.

Original Issue Discount

One or more series of debt securities offered by this prospectus may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates. The material federal income tax consequences and special considerations applicable to any series of debt securities generally will be described in the applicable prospectus supplement or other applicable offering materials.

Registered Global Securities

We may issue registered debt securities of a series in the form of one or more fully registered global securities. We will deposit the registered global security with a depository or with a nominee for a depository identified in the prospectus supplement or other offering materials relating to such series. The global security or global securities will represent and will be in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding registered debt securities of the series to be represented by the registered global security or securities. Unless otherwise specified in the applicable prospectus supplement or other applicable offering materials, unless it is exchanged in whole or in part for debt securities in definitive registered form, a registered global security may not be transferred, except as a whole in three cases:

- by the depository for the registered global security to a nominee of the depository;
- by a nominee of the depository to the depository or another nominee of the depository; and
- by the depository or any nominee to a successor of the depository or a nominee of the successor.

The prospectus supplement or other offering materials relating to a series of debt securities will describe the specific terms of the depository arrangement concerning any portion of that series of debt securities to be represented by a registered global security. We anticipate that the following provisions will generally apply to all depository arrangements.

Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the principal amounts of the debt securities represented by the registered global security to the accounts of persons that have accounts with the depository. These persons are referred to as participants. Any underwriters, agents or debtors participating in the distribution of debt securities represented by the registered global security will designate the accounts to be credited. Only participants or persons that hold interests through participants will be able to beneficially own interests in a registered global security. The depository for a global security will maintain records of beneficial ownership interests in a registered global security for participants. Participants or persons that hold through participants will maintain records of beneficial ownership interests in a global security for persons other than participants. These records will be the only means to transfer beneficial ownership in a registered global security.

The laws of some states may require that specified purchasers of securities take physical delivery of the securities in definitive form. These laws may limit the ability of those persons to own, transfer or pledge beneficial interests in global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, the depository or its nominee will be considered the sole owner or holder of the debt securities represented by the registered global security for all purposes under the indenture. Except as set forth below, or in the applicable supplemental indenture, owners of beneficial interests in a registered global security:

- may not have the debt securities represented by a registered global security registered in their names;
- will not receive or be entitled to receive physical delivery of debt securities represented by a registered global security in definitive form; and
- will not be considered the owners or holders of debt securities represented by a registered global security under the indenture.

Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for the registered global security and, if the person is not a participant, on the procedures of the participant through which the person owns its interests, to exercise any rights of a holder under the indenture applicable to the registered global security.

Payment of Interest on and Principal of Registered Global Securities

Unless otherwise specified in the applicable prospectus supplement or other applicable offering materials, we will make payments of principal, premium, if any, interest on and additional amounts with respect to debt securities

Table of Contents

represented by a registered global security registered in the name of a depository or its nominee to the depository or its nominee as the registered owner of the registered global security. None of the Company, the trustee, or any paying agent for debt securities represented by a registered global security will have any responsibility or liability for

any aspect of the records relating to, or payments made on account of, beneficial ownership interests in such registered global security;

maintaining, supervising, or reviewing any records relating to beneficial ownership interests;

the payments to beneficial owners of the global security of amounts paid to the depository or its nominee; or

any other matter relating to the actions and practices of the depository, its nominee or any of its participants.

Generally, a depository, upon receipt of any payment of principal, premium, interest on or additional amounts with respect to the global security, will immediately credit participants' accounts with payments in amounts proportionate to their beneficial interests in the principal amount of a registered global security as shown on the depository's records. Generally, payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing instructions and customary practices. This is currently the case with the securities held for the accounts of customers registered in street name. Such payments will be the responsibility of participants.

Exchange of Registered Global Securities

We may issue debt securities in definitive form in exchange for the registered global security if both of the following occur:

the depository for any debt securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act; and

we do not appoint a successor depository within 90 days.

In addition, we may, at any time, determine not to have any of the debt securities of a series represented by one or more registered global securities. In this event, we will issue debt securities of that series in definitive form in exchange for all of the registered global security or securities representing those debt securities.

Covenants by the Company

The indenture includes covenants by us, including among other things that (i) we will make all payments of principal and interest at the times and places required and (ii) we will do or cause to be done all things necessary to preserve and keep in full force our existence, subject to certain terms as generally described under Mergers, Consolidations and Certain Sales of Assets. The board resolution or supplemental indenture establishing each series of debt securities may contain additional covenants, including covenants which could restrict our right to incur additional indebtedness or liens and to take certain actions with respect to our businesses and assets.

The indentures contain no covenant or provision which affords debt holders protection in the event of a highly leveraged transaction.

Events of Default

Unless otherwise indicated in the applicable prospectus supplement or other applicable offering materials, the following will be events of default under the indenture with respect to each series of debt securities issued under the indenture:

failure to pay when due any interest on or additional amounts with respect to any debt security of that series, continued for 30 days;

failure to pay when due the principal of, or premium, if any, on, any debt security of that series at its maturity;

default in the payment of any sinking fund installment with respect to any debt security of that series when due and payable, continued for 30 days;

Table of Contents

failure to perform any other covenant or agreement of ours under the indenture or the supplemental indenture with respect to that series or the debt securities of that series, continued for 60 days after written notice to us by the trustee or holders of at least 25% in aggregate principal amount of the outstanding debt securities of a series to which the covenant or agreement relates;

certain events of bankruptcy, insolvency or similar proceedings affecting us; and

any other event of default specified in any supplemental indenture under which such series of debt securities is issued.

Except as to certain events of bankruptcy, insolvency or similar proceedings affecting us and except as provided in the applicable prospectus supplement, if any event of default shall occur and be continuing with respect to any series of debt securities under the indenture, either the trustee or the holders of at least 25% in aggregate principal amount of outstanding debt securities of such series may accelerate the maturity of all debt securities of such series. Upon certain events of bankruptcy, insolvency or similar proceedings affecting us, the principal, premium, if any, and interest on all debt securities of each series shall be immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration has been obtained by the trustee, the holders of a majority in aggregate principal amount of each affected series of debt securities may waive all defaults with respect to such series and rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal, have been cured, waived or otherwise remedied.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under an indenture. The trustee may withhold notice to the holders of debt securities of any default (except in the payment of principal, premium, if any, interest on or any additional amounts with respect to such debt securities) if it considers such withholding of notice to be in the best interests of the holders.

No holder of any debt securities of any series will have any right to institute any proceeding with respect to the applicable indenture or for any remedy under such indenture, unless:

an event of default with respect to such series shall have occurred and be continuing and such holder shall have previously given to the trustee written notice of such continuing event of default;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the relevant series shall have made written request and offered reasonable indemnity to the trustee to institute such proceeding as trustee;

the trustee shall not have received from the holders of a majority in aggregate principal amount of the outstanding debt securities of such series a direction inconsistent with such request; and

the trustee shall have failed to institute such proceeding within 60 days.

However, such limitations do not apply to a suit instituted by a holder of a debt security for enforcement of payment of the principal of and premium, if any, interest on or any additional amounts with respect to such debt security on or after the respective due dates expressed in such debt security.

Supplemental Indentures

We and the applicable trustee may, at any time and from time to time, without prior notice to or consent of any holders of debt securities, enter into one or more indentures supplemental to the indentures, among other things to:

add additional obligors on, guarantees to or secure any series of debt securities;

evidence the succession of another person pursuant to the provisions of the indentures relating to consolidations, mergers and sales of assets and the assumption by such successor of our covenants and obligations or those of any guarantor;

surrender any right or power conferred upon us under the indentures or to add to our covenants for the protection of the holders of all or any series of debt securities;

Table of Contents

add any additional events of default for the benefit of the holders of any one or more series of debt securities;

add to or change any of the provisions of the indentures to such extent as shall be necessary to permit or facilitate the issuance of debt securities in bearer form, or to permit or facilitate the issuance of debt securities in global form or uncertificated form;

add to, change or eliminate any of the provisions of the indentures in respect of one or more series of debt securities, provided that any such addition, change or elimination (a) shall neither (1) apply to any outstanding debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision, or (2) modify the rights of any holder of any outstanding debt security with respect to such provision, or (b) shall become effective when there is no debt security then outstanding;

correct or supplement any provision which may be defective or inconsistent with any other provision or to cure any ambiguity or omission or to correct any mistake;

make any other provisions with respect to matters or questions arising under the indentures, provided such action shall not adversely affect the rights of any holder of debt securities of any series;

evidence and provide for the acceptance of appointment by a successor or separate trustee; or

establish the form or terms of debt securities of any series and to make any change that does not adversely affect the rights of any holder of debt securities.

With the consent of the holders of at least a majority in principal amount of debt securities of each series affected by such supplemental indenture (voting as one class), we and the trustee may enter into one or more supplemental indentures for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indentures or modifying in any manner the rights of the holders of debt securities of each such series.

Notwithstanding our rights and the rights of the trustee to enter into one or more supplemental indentures with the consent of the holders of debt securities of the affected series as described above, no such supplemental indenture shall, without the consent of the holder of each outstanding debt security of the affected series, among other things:

change the maturity of the principal of or any installment of principal of, or the date fixed for payment of interest on, any additional amounts or any sinking fund payment with respect to, any debt securities;

reduce the principal amount of any debt securities or the rate of interest on or any additional amounts with respect to any debt securities;

change the place of payment or the currency in which any debt securities are payable;

impair the right of the holders to institute a proceeding for the enforcement of any right to payment on or after maturity; or

reduce the percentage in principal amount of any series of debt securities whose holders must consent to an amendment or supplemental indenture or any waiver provided in the indenture.

Unless otherwise provided in a supplemental indenture with respect to any series of debt securities, under the indenture, the holders of at least a majority of the principal amount of debt securities of each series may, on behalf of

that series:

waive compliance by the Company of certain restrictive covenants of the indenture; and

waive any past default under the indenture, except

a default in the payment of principal of or any premium or interest, or any additional amounts with respect to such series; or

a default under any provision of the indenture which itself cannot be modified or amended without the consent of the holder of each outstanding debt security affected.

Table of Contents

Satisfaction and Discharge of the Indenture; Defeasance

Except to the extent set forth in a supplemental indenture with respect to any series of debt securities, we, at our election, may discharge the applicable indenture and such indenture shall generally cease to be of any further effect with respect to that series of debt securities if (i) we have delivered to the trustee for cancellation all debt securities of that series or (ii) all debt securities of that series not previously delivered to the trustee for cancellation shall have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee the entire amount sufficient to pay at maturity or upon redemption all such debt securities.

In addition, to the extent set forth in a supplemental indenture with respect to a series of debt securities, we may have a legal defeasance option (pursuant to which we may terminate, with respect to the debt securities of a particular series, all of our obligations under such debt securities and the indenture with respect to such debt securities) and a covenant defeasance option (pursuant to which we may terminate, with respect to the debt securities of a particular series, our obligations with respect to such debt securities under certain specified covenants contained in the indenture). If we have and exercise a legal defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default. If we have and exercise a covenant defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default related to the specified covenants.

To the extent set forth in a supplemental indenture with respect to a series of debt securities, we may exercise a legal defeasance option or a covenant defeasance option with respect to the debt securities of a series only if we irrevocably deposit in trust with the trustee cash or U.S. government obligations (for debt securities denominated in U.S. dollars) or certain foreign government obligations (for debt securities denominated in a currency other than U.S. dollars) for the payment of principal, premium, if any, and interest and any additional amounts with respect to such debt securities to maturity or redemption, as the case may be. In addition, to exercise either of the defeasance options, we must comply with certain other conditions, including for debt securities denominated in U.S. dollars the delivery to the trustee of an opinion of counsel to the effect that the holders of debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred (and, in the case of legal defeasance only, such opinion of counsel must be based on a ruling from the Internal Revenue Service or other change in applicable federal income tax law).

The trustee will hold in trust the cash or government obligations deposited with it as described above and will apply the deposited cash and the proceeds from deposited government obligations to the payment of principal, premium, if any, and interest and any additional amounts with respect to the debt securities of the defeased series.

Mergers, Consolidations and Certain Sales of Assets

Except to the extent set forth in a supplemental indenture with respect to any series of debt securities, we may not:

consolidate with or merge into any other person or entity or permit any other person or entity to consolidate with or merge into us in a transaction in which we are not the surviving entity, or

transfer, lease or dispose of all or substantially all of our assets to any other person or entity; unless in the case of both preceding clauses:

the resulting, surviving or transferee entity shall be a corporation organized and existing under the laws of the United States or any state thereof or the District of Columbia and such resulting, surviving or transferee entity shall expressly assume, by supplemental indenture, all of our obligations under the debt securities and the applicable indenture;

immediately after giving effect to such transaction, no default or event of default would occur or be continuing; and

Table of Contents

we shall have delivered to the trustee an officers certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the applicable indenture.

Governing Law

The indentures and the debt securities will be governed by the laws of the State of New York, except as may be provided as to any series in a supplemental indenture.

Conversion or Exchange Rights

Any debt securities that we may issue pursuant to this prospectus may be convertible into or exchangeable for shares of our equity or other securities. The terms and conditions of such conversion or exchange will be set forth in the applicable prospectus supplement or other offering materials. Such terms may include, among others, the following:

the conversion or exchange price;

the conversion or exchange period;

restrictions on conversion, including to maintain REIT status;

provisions regarding our ability or that of the holder to convert or exchange the debt securities;

events requiring adjustment to the conversion or exchange price; and

provisions affecting conversion or exchange in the event of our redemption of such debt securities.

Concerning the Trustee

The indentures provide that there may be more than one trustee with respect to one or more series of debt securities but we need not designate more than one trustee. If there are different trustees for different series of debt securities, each trustee will be a trustee of a trust under a supplemental indenture separate and apart from the trust administered by any other trustee under such indenture. Except as otherwise indicated in this prospectus or any prospectus supplement, any action permitted to be taken by a trustee may be taken by the trustee only with respect to the one or more series of debt securities for which it is the trustee under an indenture. Any trustee under an indenture or a supplemental indenture may resign or be removed with respect to one or more series of debt securities. All payments of principal or, premium, if any, interest on and any additional amounts with respect to, and all registration, transfer, exchange authentication and delivery of, the debt securities of a series will be effected with respect to such series at an office designated by us.

The indentures contain limitations on the rights of any trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. If any trustee acquires an interest that conflicts with any duties with respect to the debt securities, such trustee is required to either resign or eliminate such conflicting interest to the extent and in the manner provided by the applicable indenture.

Notices

Notices to holders of debt securities will be given by mail to the addresses of such holders as they appear in the security register.

DESCRIPTION OF SHARES OF BENEFICIAL INTEREST

The following description of our shares of beneficial interest (shares) is only a summary and is subject to, and qualified in its entirety by reference to, the provision governing such shares contained in our Declaration of Trust and Bylaws, copies of which we have previously filed with the SEC. Because it is a summary, it does not contain all of the information that may be important to you. See Available Information for information about how to obtain copies of the Declaration of Trust and Bylaws. This summary also is subject to and qualified by reference to the descriptions of the particular terms of the securities described in the applicable prospectus supplement or other applicable offering materials.

Our Declaration of Trust authorizes us to issue up to 50,000,000 common shares, par value \$0.01 per share, and 15,000,000 preferred shares, par value \$0.01 per share, 2,300,000 of which are designated as Series A Preferred Shares, 3,200,000 of which are designated as Series B Preferred Shares, and 6,000,000 of which are designated as Series C Preferred Shares, and authorizes our Board of Trustees to determine, at any time and from time to time the number of authorized shares of beneficial interest, as described below. As of February 26, 2007, we had 26,458,875 common shares issued and outstanding, 2,300,000 Series A Preferred Shares issued and outstanding, 3,200,000 Series B Preferred Shares issued and outstanding, and 5,400,000 Series C Preferred Shares issued and outstanding. As of the date of this prospectus no other class or series of preferred shares has been established. For a summary of restrictions on ownership and transfers of shares, see Description of Certain Provisions of Maryland Law and EPR's Declaration of Trust and Bylaws Restrictions on Ownership and Transfers of Shares.

Our Declaration of Trust contains a provision permitting our Board of Trustees, without any action by our shareholders, to amend the Declaration of Trust at any time to increase or decrease the aggregate number of shares or the number of shares of any class that we have authority to issue. Our Declaration of Trust further authorizes our Board of Trustees to cause us to issue our authorized shares and to reclassify any unissued shares into other classes or series. We believe that this ability of our Board of Trustees will provide us with flexibility in structuring possible future financings and acquisitions and in meeting other business needs which might arise. Although our Board of Trustees has no intention at the present time of doing so, it could authorize us to issue a new class or series that could, depending upon the terms of the class or series, delay, defer or prevent a change of control of EPR.

The transfer agent and registrar for our shares is UMB Bank, n.a.

Common Shares

All of our common shares are entitled to the following, subject to the preferential rights of any other class or series of shares which may be issued and to the provisions of our Declaration of Trust regarding the restriction of the ownership of shares:

to receive distributions on our shares if, as and when authorized by our Board of Trustees and declared by us out of assets legally available for distribution;

upon our liquidation, dissolution, or winding up, to receive all remaining assets available for distribution to common shareholders after satisfaction of our liabilities and the preferential rights of any preferred shares.

Subject to the provisions of our Declaration of Trust on restrictions on transfer, each outstanding common share entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of trustees. Holders of our common shares do not have cumulative voting rights in the election of trustees.

Holders of our common shares have no preference, conversion, exchange, sinking fund, redemption or, except to the extent expressly required by the law pertaining to Maryland real estate investment trusts, appraisal rights. Shareholders have no preemptive rights to subscribe for any of our securities.

For other information with respect to our common shares, including effects that provisions in our Declaration of Trust and Bylaws may have in delaying, deferring or preventing a change in our control, see Description of Certain Provisions of Maryland Law and EPR's Declaration of Trust and Bylaws below.

Table of Contents

Preferred Shares

General

Our Declaration of Trust authorizes our Board of Trustees to determine the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms and conditions of redemption of our authorized and unissued preferred shares. These may include:

the distinctive designation of each series and the number of shares that will constitute the series;

the voting rights, if any, of shares of the series;

the distribution rate on the shares of the series, any restriction, limitation or condition upon the payment of the distribution, whether distributions will be cumulative, and the dates on which distributions accumulate and are payable;

the prices at which, and the terms and conditions on which, the shares of the series may be redeemed, if the shares are redeemable;

the purchase or sinking fund provisions, if any, for the purchase or redemption of shares of the series;

any preferential amount payable upon shares of the series upon our liquidation or the distribution of our assets;

if the shares are convertible, the price or rates of conversion at which, and the terms and conditions on which, the shares of the series may be converted into other securities; and

whether the series can be exchanged, at our option, into debt securities, and the terms and conditions of any permitted exchange.

The issuance of preferred shares, or the issuance of any rights or warrants to purchase preferred shares, could discourage an unsolicited acquisition proposal. In addition, the rights of holders of common shares will be subject to, and may be adversely affected by, the rights of holders of any preferred shares that we may issue in the future.

The following describes some general terms and provisions of the preferred shares to which a prospectus supplement or other applicable offering materials may relate. The statements below describing the preferred shares are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our Declaration of Trust, including the articles supplementary for the applicable series of preferred shares, and our Bylaws.

The applicable prospectus supplement or other applicable offering materials will describe the specific terms as to each issuance of preferred shares, including:

the description or designation of the preferred shares;

the number of the preferred shares offered;

the voting rights, if any, of the holders of the preferred shares;

the offering price of the preferred shares;

whether distributions will be cumulative and, if so, the distribution rate, when distributions will be paid, or the method of determining the distribution rate if it is based on a formula or not otherwise fixed;

the date from which distributions on the preferred shares shall accumulate;

the provisions for any auctioning or remarketing, if any, of the preferred shares;

the provision, if any, for redemption or a sinking fund;

the liquidation preference per share;

any listing of the preferred shares on a securities exchange;

whether the preferred shares will be convertible and, if so, the security into which they are convertible and the terms and conditions of conversion, including the conversion price or the manner of determining it;

whether interests in the preferred shares will be represented by depositary shares as more fully described below under *Description of Depositary Shares* ;

a discussion of material federal income tax considerations;

the relative ranking and preferences of the preferred shares as to distribution and liquidation rights;

any limitations on issuance of any preferred shares ranking senior to or on a parity with the series of preferred shares being offered as to distribution and liquidation rights;

any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to preserve our status as a real estate investment trust or otherwise; and

any other specific preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms and conditions of redemption of the preferred shares.

As described under *Description of Depositary Shares*, we may, at our option, elect to offer depositary shares evidenced by depositary receipts. If we elect to do this, each depositary receipt will represent a fractional interest in a share of the particular series of the preferred shares issued and deposited with a depositary. The applicable prospectus supplement or other applicable offering materials will specify that fractional interest.

Rank

Unless our Board of Trustees otherwise determines and we so specify in the applicable prospectus supplement or other applicable offering materials, we expect that the preferred shares will, with respect to distribution rights and rights upon liquidation or dissolution, rank senior to all of our common shares.

Distributions

Holders of preferred shares of each series will be entitled to receive dividends at the rates and on the dates shown in the applicable prospectus supplement or other offering materials. Even though the preferred shares may specify a fixed rate of distribution, our Board of Trustees must authorize and declare those distributions and they may be paid only out of assets legally available for payment. We will pay each distribution to holders of record as they appear on our share transfer books on the record dates fixed by our Board of Trustees. In the case of preferred shares represented by depositary receipts, the records of the depositary referred to under *Description of Depositary Shares* will determine the persons to whom distributions are payable.

Distributions on any series of preferred shares may be cumulative or noncumulative, as provided in the applicable prospectus supplement or other offering materials. We refer to each particular series, for ease of reference, as the applicable series. Cumulative distributions will be cumulative from and after the date shown in the applicable prospectus supplement or other applicable offering materials. If our Board of Trustees fails to authorize a distribution on any applicable series that is noncumulative, the holders will have no right to receive, and we will have no obligation to pay, a distribution in respect of the applicable distribution period, whether or not distributions on that series are declared payable in the future.

Unless otherwise provided in the applicable prospectus or other applicable offering materials, if the applicable series is entitled to a cumulative distribution, we may not declare, or pay or set aside for payment, any full distributions on any other series of preferred shares ranking, as to distributions, on a parity with or junior to the applicable series, unless we declare, and either pay or set aside for payment, full cumulative distributions on the applicable series for all past distribution periods and the then current distribution period. If the applicable series does not have a cumulative distribution, we must declare, and pay or set aside for payment, full distributions for the then current distribution period only unless otherwise provided in the applicable prospectus supplement or other applicable offering materials. Unless otherwise provided in the applicable prospectus or other applicable offering materials, when distributions are not paid, or set aside for payment, in full upon any applicable series and the shares

Table of Contents

of any other series ranking on a parity as to distributions with the applicable series, we must declare, and pay or set aside for payment, all distributions upon the applicable series and any other parity series proportionately, in accordance with accrued and unpaid distributions of the several series. Unless otherwise provided in the applicable prospectus supplement or other applicable offering materials, for these purposes, accrued and unpaid distributions do not include unpaid distribution periods on noncumulative preferred shares. No interest will be payable in respect of any distribution payment that may be in arrears unless otherwise provided in the applicable prospectus or other applicable offering materials.

Unless otherwise provided in the applicable prospectus supplement or other applicable offering materials, except as provided in the immediately preceding paragraph, unless we declare, and pay or set aside for payment, full cumulative distributions, including for the then current period, on any cumulative applicable series, we may not declare, or pay or set aside for payment, any distributions upon common shares or any other equity securities ranking junior to or on a parity with the applicable series as to distributions or upon liquidation. The foregoing restriction does not apply to distributions paid in common shares or other equity securities ranking junior to the applicable series as to distributions and upon liquidation, unless otherwise provided in the applicable prospectus supplement or other applicable offering materials. Unless otherwise provided in the applicable prospectus supplement or other applicable offering materials, if the applicable series is noncumulative, we need only declare, and pay or set aside for payment, the distribution for the then current period, before declaring distributions on common shares or junior or parity securities. In addition, under the circumstances that we could not declare a distribution, we may not redeem, purchase or otherwise acquire for any consideration any common shares or other parity or junior equity securities, except upon conversion into or exchange for common shares or other junior equity securities, unless otherwise provided in the applicable prospectus supplement or other applicable offering materials. We may, however, make purchases and redemptions otherwise prohibited pursuant to certain redemptions or pro rata offers to purchase the outstanding shares of the applicable series and any other parity series of preferred shares, unless otherwise provided in the applicable prospectus supplement or other applicable offering materials.

We will credit any distribution payment made on an applicable series first against the earliest accrued but unpaid distribution due with respect to the series.

Redemption

We may have the right or may be required to redeem one or more series of preferred shares, as a whole or in part, in each case upon the terms, if any, and at the times and at the redemption prices shown in the applicable prospectus supplement or other applicable offering materials.

If a series of preferred shares is subject to mandatory redemption, we will specify in the applicable prospectus supplement or other applicable offering materials the number of shares we are required to redeem, when those redemptions start, the redemption price, and any other terms and conditions affecting the redemption. The redemption price will include all accrued and unpaid distributions, except in the case of noncumulative preferred shares. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement or other applicable offering materials. If the redemption price for preferred shares of any series is payable only from the net proceeds of our issuance of shares of beneficial interest, the terms of the preferred shares may provide that, if no shares of beneficial interest shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, the preferred shares will automatically and mandatorily be converted into shares of beneficial interest pursuant to conversion provisions specified in the applicable prospectus supplement or other applicable offering materials.

Liquidation Preference

The applicable prospectus supplement or other applicable offering materials will show the liquidation preference of the applicable series. Upon our voluntary or involuntary liquidation, before any distribution may be made to the holders of our common shares or any other shares of beneficial interest ranking junior in the distribution of assets upon any liquidation to the applicable series, the holders of that series will be entitled to receive, out of our assets legally available for distribution to shareholders, liquidating distributions in the amount of the liquidation preference, plus an amount equal to all distributions accrued and unpaid. In the case of a

Table of Contents

noncumulative applicable series, accrued and unpaid distributions include only the then current distribution period. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred shares will have no right or claim to any of our remaining assets. If liquidating distributions shall have been made in full to all holders of preferred shares, our remaining assets will be distributed among the holders of any other shares of beneficial interest ranking junior to the preferred shares upon liquidation, according to their rights and preferences and in each case according to their number of shares.

If, upon any voluntary or involuntary liquidation, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of that series and the corresponding amounts payable on all shares of beneficial interest ranking on a parity in the distribution of assets with that series, then the holders of that series and all other equally ranking shares of beneficial interest shall share ratably in the distribution in proportion to the full liquidating distributions to which they would otherwise be entitled.

For these purposes, our consolidation or merger with or into any other trust or corporation or other entity, or the sale, lease or conveyance of all or substantially all of our property or business, or a statutory share exchange, will not be a liquidation unless otherwise provided in the applicable prospectus supplement or other applicable offering materials.

Voting Rights

Holders of our preferred shares will not have any voting rights, except as shown below or as otherwise from time to time specified in the applicable prospectus supplement or other applicable offering materials.

Unless otherwise specified in the applicable prospectus supplement or other applicable offering materials, holders of our preferred shares (voting separately as a class with all other series of preferred shares with similar voting rights) will be entitled to elect two additional trustees to our Board of Trustees at our next annual meeting of shareholders or at a special meeting called for such purpose, if at any time distributions on the applicable series are in arrears for six or more quarterly periods. If the applicable series has a cumulative distribution, the right to elect additional trustees described in the preceding sentence shall remain in effect until we declare and pay or set aside for payment all distributions accrued and unpaid on the applicable series. In the event the preferred shareholders are so entitled to elect trustees, the entire Board of Trustees will be increased by two trustees.

Unless otherwise specified in the applicable prospectus supplement or other applicable offering materials, so long as any preferred shares are outstanding, we may not, without the affirmative vote or consent of two-thirds of the shares of each series of preferred shares (and other shares having like voting rights) outstanding at that time:

effect a share exchange, consolidation or merger into another entity unless the series remains outstanding and its terms are not materially and adversely changed or the series is converted into or exchanged for preferred shares having identical terms (except for changes that do not materially and adversely affect the holders of such series);

amend, alter or repeal the provisions of our Declaration of Trust or Bylaws that materially and adversely affects the series of preferred shares;

increase the authorized amount of such series of preferred shares or decrease the authorized amount of such series of preferred shares below the number then issued and outstanding;

authorize, create or increase the authorized or issued amount of any class or series of shares ranking senior to that series of preferred shares;

reclassify any class or series of shares ranking senior to that series of preferred shares or any security or obligation convertible into any class of shares ranking senior to that series of preferred shares; and

create, authorize or increase the authorized or issued amount of any security or obligation convertible into or evidencing the right to purchase any shares ranking senior to that series of preferred shares.

The authorization, creation, increase or decrease of the authorized amount of any class or series of shares ranking on parity or junior to a series of preferred shares with respect to distribution and liquidation rights, or the issuance of such shares, will not be deemed to materially and adversely affect that series.

Table of Contents

The foregoing voting provisions will not apply if, at or prior to the time of such amendment, provisions are made for the redemption of all of the outstanding shares of the series of preferred with the right to vote.

As more fully described under *Description of Depositary Shares* below, if we elect to issue depositary shares, each representing a fraction of a share of a series, each depositary will in effect be entitled to a fraction of a vote per depositary share.

Conversion Rights

We will describe in the applicable prospectus supplement or other applicable offering materials the terms and conditions, if any, upon which you may, or we may require you to, convert shares of any series of preferred shares into common shares or any other class or series of securities. The terms will include the number of common shares or other securities into which the preferred shares are convertible, the conversion price (or the manner of determining it), the conversion period, provisions as to whether conversion will be at the option of the holders of the series or at our option, the events requiring an adjustment of the conversion price, and provisions affecting conversion upon the redemption of shares of the series.

Our Exchange Rights

We will describe in the applicable prospectus supplement or other applicable offering materials the terms and conditions, if any, upon which we can require you to exchange shares of any series of preferred shares for debt securities. If an exchange is required, you will receive debt securities with a principal amount equal to the liquidation preference of the applicable series of preferred shares. The other terms and provisions of the debt securities will not be materially less favorable to you than those of the series of preferred shares being exchanged.

Series A Cumulative Redeemable Preferred Shares

Our Series A Preferred Shares provide for quarterly payments of cumulative dividends at the rate of 9.50% of the \$25 per share liquidation preference of the Series A Preferred Shares, or a fixed rate of \$2.375 per share each year. Dividends not declared or paid in any quarter continue to accumulate. On liquidation of the Company, holders of the Series A Preferred Shares are entitled to a liquidation preference of \$25 per share plus all accumulated, accrued and unpaid dividends before any amount is payable to the holders of our common shares. The Series A Preferred Shares are not redeemable prior to May 29, 2007, except in limited circumstances relating to the preservation of our status as a REIT. On or after that date, we may at our own option redeem the Series A Preferred Shares in whole or in part by paying the \$25 per share liquidation preference plus all accumulated, accrued and unpaid dividends. The Series A Preferred Shares rank senior to our common shares and on a parity with our Series B Preferred Shares, Series C Preferred Shares and other parity securities we may issue in the future with respect to the payment of dividends and amounts on liquidation, dissolution and winding up. Holders of Series A Preferred Shares generally have no voting rights, except that if dividends on the Series A Preferred Shares have not been paid for six or more quarterly periods (whether or not consecutive), holders of the Series A Preferred Shares (together with other shares having like voting rights) are entitled to elect two additional trustees to the Board of Trustees to serve until all unpaid dividends have been paid or declared and set aside for payment. In addition, certain material and adverse changes to the terms of the Series A Preferred Shares cannot be made without the affirmative vote of at least two-thirds of the outstanding Series A Preferred Shares and the holders of all other shares on a parity with the Series A Preferred Shares and having like voting rights.

Series B Cumulative Redeemable Preferred Shares

Our Series B Preferred Shares provide for quarterly payments of cumulative dividends at the rate of 7.75% of the \$25 per share liquidation preference of the Series B Preferred Shares, or a fixed rate of \$1.9375 per share each year. Dividends not declared or paid in any quarter continue to accumulate. On liquidation of the Company, holders of the Series B Preferred Shares are entitled to a liquidation preference of \$25 per share plus all accumulated, accrued and unpaid dividends before any amount is payable to the holders of our common shares. The Series B Preferred Shares are not redeemable prior to January 19, 2010, except in limited circumstances relating to the preservation of our status as a REIT. On or after that date, we may at our own option redeem the Series B Preferred

Shares in whole or in part by paying the \$25 per share liquidation preference plus all accumulated, accrued and unpaid dividends. The Series B Preferred Shares rank senior to our common shares and on a parity with our Series A Preferred Shares, Series C Preferred Shares and other parity securities we may issue in the future with respect to the payment of dividends and amounts on liquidation, dissolution and winding up. Holders of Series B Preferred Shares generally have no voting rights, except that if dividends on the Series B Preferred Shares have not been paid for six or more quarterly periods (whether or not consecutive), holders of the Series B Preferred Shares (together with other shares having like voting rights) are entitled to elect two additional trustees to the Board of Trustees to serve until all unpaid dividends have been paid or declared and set aside for payment. In addition, certain material and adverse changes to the terms of the Series B Preferred Shares cannot be made without the affirmative vote of at least two-thirds of the outstanding Series B Preferred Shares and the holders of all other shares on a parity with the Series B Preferred Shares and having like voting rights.

Series C Cumulative Convertible Preferred Shares

Our Series C Preferred Shares provide for quarterly payments of cumulative dividends at the rate of 5.75% of the \$25 per share liquidation preference of the Series C Preferred Shares, or a fixed rate of \$1.4375 per share each year. Dividends not declared or paid in any quarter continue to accumulate. On liquidation of the Company, holders of the Series C Preferred Shares are entitled to a liquidation preference of \$25 per share plus all accumulated, accrued and unpaid dividends before any amount is payable to the holders of our common shares. The Series C Preferred Shares are not redeemable. Holders of Series C Preferred Shares may, at their option, convert the Series C Preferred Shares into our common shares subject to certain conditions at the then applicable conversion rate. The conversion rate is subject to adjustment upon the occurrence of specified events. On or after January 15, 2012, we may, at our option, convert some or all of the Series C Preferred Shares into common shares at the then applicable conversion rate in certain circumstances based on the market price of our common shares. Upon any conversion of Series C Preferred Shares, we will have the option to deliver either (1) a number of common shares based upon the applicable conversion rate, or (2) an amount of cash and common shares as specified in the articles supplementary for such shares. If the holders of Series C Preferred Shares elect to convert their Series C Preferred Shares in connection with a fundamental change that occurs on or prior to January 15, 2017, we will increase the conversion rate for the Series C Preferred Shares surrendered for conversion to the extent described in the articles supplementary for the Series C Preferred Shares. In addition, upon a fundamental change, when the actual applicable price of our common shares, as determined in accordance with the article supplementary, is less than \$59.45 per share, the holders of Series C Preferred Shares may require us to convert some or all of their Series C Preferred Shares at a conversion rate equal to the liquidation preference of the Series C Preferred Shares being converted plus accrued and unpaid distributions divided by 98% of the market price of our common shares. We will have the right to repurchase for cash some or all of the Series C Preferred Shares that would otherwise be required to be converted. The Series C Preferred Shares rank senior to our common shares and on a parity with our Series A Preferred Shares, Series B Preferred Shares and other parity securities we may issue in the future with respect to the payment of dividends and amounts on liquidation, dissolution and winding up. Holders of Series C Preferred Shares generally have no voting rights, except that if dividends on the Series C Preferred Shares have not been paid for six or more quarterly periods (whether or not consecutive), holders of the Series C Preferred Shares (together with shares having like voting rights) are entitled to elect two additional trustees to the Board of Trustees to serve until all unpaid dividends have been paid or declared and set aside for payment. In addition, certain material and adverse changes to the terms of the Series C Preferred Shares cannot be made without the affirmative vote of at least two-thirds of the outstanding Series C Preferred Shares and the holders of all other shares on a parity with the Series C Preferred Shares and having like voting rights.

DESCRIPTION OF DEPOSITARY SHARES

The following is a summary of the material provisions of any deposit agreement and of the depositary shares and depositary receipts representing depositary shares. Because it is a summary, it does not contain all of the information that may be important to you. If you want more information, you should read the form of deposit agreement and depositary receipts which we will file as exhibits to the registration statement of which this prospectus is part prior to an offering of depositary shares. See Available Information. This summary also is subject to and qualified by reference to the descriptions of the particular terms of the securities described in the applicable prospectus supplement or other applicable offering materials and by the terms of the applicable final deposit agreement and depositary receipts.

General

We may, at our option, elect to offer fractional interests in shares of preferred shares, rather than shares of preferred shares. If we exercise this option, we will appoint a depositary to issue depositary receipts representing those fractional interests. Preferred shares of each series represented by depositary shares will be deposited under a separate deposit agreement between us and the depositary. The prospectus supplement or other offering materials relating to a series of depositary shares will show the name and address of the depositary. Subject to the terms of the applicable deposit agreement, each owner of depositary shares will be entitled to all of the distribution, voting, conversion, redemption, liquidation and other rights and preferences of the preferred shares represented by those depositary shares.

Depositary receipts issued pursuant to the applicable deposit agreement will evidence ownership of depositary shares. Upon surrender of depositary receipts at the office of the depositary, and upon payment of the charges provided in and subject to the terms of the applicable deposit agreement, a holder of depositary shares will be entitled to receive the preferred shares underlying the surrendered depositary receipts.

Distributions

A depositary will be required to distribute all cash distributions received in respect of the applicable preferred shares to the record holders of depositary receipts evidencing the related depositary shares in proportion to the number of depositary receipts owned by the holders. Fractions will be rounded down to the nearest whole cent.

If the distribution is other than in cash, a depositary will be required to distribute property received by it to the record holders of depositary receipts entitled thereto, unless the depositary determines that it is not feasible to make the distribution. In that case, the depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Depositary shares that represent preferred shares converted or exchanged will not be entitled to distributions. The deposit agreement also will contain provisions relating to the manner in which any subscription or similar rights we offer to holders of the preferred shares will be made available to holders of depositary shares. All distributions will be subject to obligations of holders to file proofs, certificates and other information and to pay certain charges and expenses to the depositary.

Withdrawal of Preferred Shares

You may receive the number of whole shares of your series of preferred shares and any money or other property represented by those depositary receipts after surrendering the depositary receipts at the corporate trust office of the depositary. Partial shares of preferred shares will not be issued. If the depositary shares that you surrender exceed the number of depositary shares that represent the number of whole preferred shares you wish to withdraw, then the depositary will deliver to you at the same time a new depositary receipt evidencing the excess number of depositary shares. Once you have withdrawn your preferred shares, you will not be entitled to re-deposit those preferred shares under the deposit agreement in order to receive depositary shares. We do not expect that there will be any public trading market for withdrawn preferred shares.

Table of Contents

Redemption of Depositary Shares

If we redeem a series of the preferred shares underlying the depositary shares, the depositary will redeem those shares from the proceeds received by it. The depositary will mail notice of redemption not less than 30 days, and not more than 60 days, before the date fixed for redemption to the record holders of the depositary receipts evidencing the depositary shares we are redeeming at their addresses appearing in the depositary's books. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable with respect to the series of the preferred shares. The redemption date for depositary shares will be the same as that of the preferred shares. If we are redeeming less than all of the depositary shares, the depositary will select the depositary shares we are redeeming by lot or pro rata as the depositary may determine.

After the date fixed for redemption, the depositary shares called for redemption no longer will be deemed outstanding. All rights of the holders of the depositary shares and the related depositary receipts will cease at that time, except for the right to receive the money or other property to which the holders of depositary shares were entitled upon redemption. Receipt of the money or other property is subject to surrender to the depositary of the depositary receipts evidencing the redeemed depositary shares.

Voting of the Preferred Shares

Upon receipt of notice of any meeting at which the holders of the applicable preferred shares are entitled to vote, a depositary will be required to mail the information contained in the notice of meeting to the record holders of the applicable depositary receipts. Each record holder of depositary receipts on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the amount of preferred shares represented by the holder's depositary shares. The depositary will try, as practical, to vote the shares as you instruct. We will agree to take all reasonable action that the depositary deems necessary in order to enable it to do so.

If you do not instruct the depositary how to vote your shares, the depositary will abstain from voting those shares. The depositary will not be responsible for any failure to carry out an instruction to vote or for the effect of any such vote made so long as the action or inaction of the depositary is in good faith and is not the result of the depositary's gross negligence or willful misconduct.

Liquidation Preference

Upon our liquidation, whether voluntary or involuntary, each holder of depositary shares will be entitled to the fraction of the liquidation preference accorded each preferred share represented by the depositary shares, as shown in the applicable prospectus supplement or other applicable offering materials.

Conversion or Exchange of Preferred Shares

The depositary shares will not themselves be convertible into or exchangeable for common shares, preferred shares or any of our other securities or property. Nevertheless, if so specified in the applicable prospectus supplement or other applicable offering materials, the depositary receipts may be surrendered by holders to the applicable depositary with written instructions to it to instruct us to cause conversion of the preferred shares represented by the depositary shares. Similarly, if so specified in the applicable prospectus supplement or other applicable offering materials, we may require you to surrender all of your depositary receipts to the applicable depositary upon our requiring the conversion or exchange of the preferred shares represented by the depositary shares into our debt securities. We will agree that, upon receipt of the instruction and any amounts payable in connection with the conversion or exchange, we will cause the conversion or exchange using the same procedures as those provided for delivery of preferred shares to effect the conversion or exchange. If you are converting only a part of the depositary shares, the depositary will issue you a new

depository receipt for any unconverted depository shares.

Federal Income Tax Consequences Relating to Depository Shares

As an owner of depository shares, you will be treated for U.S. federal income tax purposes as if you were an owner of the series of preferred shares represented by the depository shares. Therefore, you will be required to take

Table of Contents

into account, for U.S. federal income tax purposes, income and deductions to which you would be entitled if you were a holder of the underlying series of preferred shares. In addition:

no gain or loss will be recognized for U.S. federal income tax purposes upon the withdrawal of preferred shares in exchange for depositary shares provided in the deposit agreement;

the tax basis of each preferred share to you as an exchanging owner of depositary shares will, upon exchange, be the same as the aggregate tax basis of the depositary shares exchanged for the preferred shares; and

if you held the depositary shares as a capital asset at the time of the exchange for preferred shares, the holding period for the preferred shares will include the period during which you owned the depositary shares.

Amendment and Termination of a Deposit Agreement

We and the applicable depositary will be permitted to amend the provisions of the depositary receipts and the deposit agreement. However, the holders of at least a majority of the applicable depositary shares then outstanding must approve any amendment that adds or increases fees or charges or prejudices an important right of holders. Every holder of an outstanding depositary receipt at the time any amendment becomes effective, by continuing to hold the receipt, will be bound by the applicable deposit agreement, as amended.

Any deposit agreement may be terminated by us upon not less than 30 days prior written notice to the applicable depositary if (1) the termination is necessary to preserve our status as a Maryland real estate investment trust or (2) a majority of each series of preferred shares affected by the termination consents to the termination. When either event occurs, the depositary will be required to deliver or make available to each holder of depositary receipts, upon surrender of the depositary receipts held by the holder, the number of whole or fractional shares of preferred shares as are represented by the depositary shares evidenced by the depositary receipts, together with any other property held by the depositary with respect to the depositary receipts. In addition, a deposit agreement will automatically terminate if:

all depositary shares have been redeemed;

there shall have been a final distribution in respect of the related preferred shares in connection with our liquidation and the distribution has been made to the holders of depositary receipts evidencing the depositary shares underlying the preferred shares; or

each related preferred share shall have been converted or exchanged into securities not represented by depositary shares.

Charges of a Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of a deposit agreement. In addition, we will pay the fees and expenses of a depositary in connection with the initial deposit of the preferred shares and any redemption of preferred shares. However, holders of depositary receipts will pay any transfer or other governmental charges and the fees and expenses of a depositary for any duties the holders request to be performed that are outside of those expressly provided for in the applicable deposit agreement.

Resignation and Removal of Depositary

A depositary may resign at any time by delivering to us notice of its election to do so. In addition, we may at any time remove a depositary. Any resignation or removal will take effect when we appoint a successor depositary and it

accepts the appointment. We must appoint a successor depositary within 60 days after delivery of the notice of resignation or removal.

Table of Contents

Miscellaneous

A depositary will be required to forward to holders of depositary receipts any reports and communications from us that it receives with respect to the related preferred shares. Holders of depositary receipts will be able to inspect the transfer books of the depositary and the list of holders of depositary receipts upon reasonable notice.

Neither a depositary nor our company will be liable if it is prevented from or delayed in performing its obligations under a deposit agreement by law or any circumstances beyond its control. Our obligations and those of the depositary under a deposit agreement will be limited to performing duties in good faith and without gross negligence or willful misconduct. Neither we nor any depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary receipts, depositary shares or related preferred shares unless satisfactory indemnity is furnished. We and each depositary will be permitted to rely on written advice of counsel or accountants, on information provided by persons presenting preferred shares for deposit, by holders of depositary receipts, or by other persons believed in good faith to be competent to give the information, and on documents believed in good faith to be genuine and signed by a proper party.

If a depositary receives conflicting claims, requests or instructions from any holders of depositary receipts, on the one hand, and us, on the other hand, the depositary shall be entitled to act on the claims, requests or instructions received from us.

DESCRIPTION OF WARRANTS

The following is a summary of the material terms of our warrants and the warrant agreement. Because it is a summary, it does not contain all of the information that may be important to you. If you want more information, you should read the forms of warrants and the warrant agreement which we will file as exhibits to the registration statement of which this prospectus is part. See Available Information. This summary also is subject to and qualified by reference to the descriptions of the particular terms of the securities described in the applicable prospectus supplement or other applicable offering materials and the terms of the applicable final warrant agreement and warrants.

We may issue, together with any other securities being offered or separately, warrants entitling the holder to purchase from or sell to us, or to receive from us the cash value of the right to purchase or sell, debt securities, preferred shares, depositary shares or common shares. We and a warrant agent will enter a warrant agreement pursuant to which the warrants will be issued. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. We will file a copy of the forms of warrants and the warrant agreement with the SEC at or before the time of the offering of the applicable series of warrants.

In the case of each series of warrants, the applicable prospectus supplement or other applicable offering materials will describe the terms of the warrants being offered thereby. These include the following, if applicable:

the title of the warrants

the offering price for the warrants

the aggregate number of the warrants

the designation and terms of the securities purchasable upon exercise of the warrants

if applicable, the designation and terms of the securities that the warrants are issued with and the number of warrants issued with each security

if applicable, the date after which the warrants and any securities issued with them will be separately transferable

the number or amount of securities that may be purchased upon exercise of a warrant and the price at which the securities may be purchased upon exercise

the dates on which the right to exercise the warrants will commence and expire

if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time

whether the warrants represented by the warrant certificates or securities that may be issued upon exercise of the warrants will be issued in registered or bearer form

information relating to book-entry procedures

anti-dilution provisions of the warrants, if any

redemption, repurchase or analogous provisions, if any, applicable to the warrants

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Warrants may be exercised at the appropriate office of the warrant agent or any other office indicated in the applicable prospectus supplement or other applicable offering materials. Before the exercise of warrants, holders will not have any of the rights of holders of the securities purchasable upon exercise and will not be entitled to payments made to holders of those securities.

Table of Contents

The warrant agreement may be amended or supplemented without the consent of the holders of the warrants to which the amendment or supplement applies to effect changes that are not inconsistent with the provisions of the warrants and that do not adversely affect the interests of the holders of the warrants. However, any amendment that materially and adversely alters the rights of the holders of warrants will not be effective unless the holders of at least a majority of the applicable warrants then outstanding approve the amendment. Every holder of an outstanding warrant at the time any amendment becomes effective, by continuing to hold the warrant, will be bound by the applicable warrant agreement as amended thereby. The prospectus supplement or other offering materials applicable to a particular series of warrants may provide that certain provisions of the warrants, including the securities for which they may be exercisable, the exercise price, and the expiration date, may not be altered without the consent of the holder of each warrant.

**DESCRIPTION OF CERTAIN PROVISIONS OF MARYLAND LAW AND EPR S
DECLARATION OF TRUST AND BYLAWS**

We are organized as a Maryland real estate investment trust. The following is a summary of our Declaration of Trust and Bylaws and several provisions of Maryland law. Because it is a summary, it does not contain all the information that may be important to you. If you want more information, you should read our entire Declaration of Trust and Bylaws, copies of which we have previously filed with the SEC, or refer to the provisions of Maryland law. See Available Information for information about how to obtain copies of our Declaration of Trust and Bylaws.

Trustees

Our Declaration of Trust and Bylaws provide that only our Board of Trustees will establish the number of Trustees, provided however that the term of office of a Trustee will not be affected by any decrease in the number of Trustees. Any vacancy on the Board of Trustees may be filled only by a majority of the remaining Trustees, even if the remaining trustees do not constitute a quorum, or by the sole Trustee. Any Trustee elected to fill a vacancy will hold office until the next annual meeting of shareholders and until a successor is elected and qualified.

Our Declaration of Trust divides our Board of Trustees into three classes. Shareholders elect the Trustees of each class for three-year terms upon the expiration of their current terms. Shareholders elect only one class of Trustees each year.

We believe that classification of our Board of Trustees helps to assure the continuity of our business strategies and policies. There is no cumulative voting in the election of Trustees. Consequently, at each annual meeting of shareholders, the holders of a majority of our common shares are able to elect all of the successors of the class of Trustees whose term expires at that meeting. The classified Board of Trustees provision could have the effect of making the replacement of our incumbent Trustees more time consuming and difficult. At least two annual meetings of shareholders are generally required to effect a change in a majority of our Board of Trustees.

Our Declaration of Trust provides that, subject to the rights of holders of one or more classes of preferred shares to elect or remove one or more Trustees, a Trustee may be removed for cause by the affirmative vote of the holders of at least two-thirds of our common shares entitled to be cast in the election of trustees. This provision precludes shareholders from removing our incumbent Trustees unless cause, as defined in the Declaration of Trust, exists, and they can obtain a substantial affirmative vote of shares.

Advance Notice of Trustee Nominations and New Business

Our Bylaws provide that nominations of persons for election to our Board of Trustees and business to be transacted at shareholder meetings may be properly brought pursuant to our notice of the meeting, by our Board of Trustees, or by a shareholder who (i) is a shareholder of record at the time of giving the advance notice and at the time of the meeting, (ii) is entitled to vote at the meeting and (iii) has complied with the advance notice provisions set forth in our Bylaws.

Under our Bylaws, a shareholder's notice of nominations for Trustee or business to be transacted at an annual meeting of shareholders must be delivered to our secretary at our principal office not later than the close of business on the 60th day and not earlier than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting. In the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date of the preceding year's annual meeting, a shareholder's notice must be delivered to us not earlier than the close of business on the 90th day prior to such annual meeting and not later than the later of: (i) the 60th day prior to such annual meeting, or (ii) the 10th day following the day on which we first make a public

announcement of the date of such meeting. The public announcement of a postponement or of an adjournment of such annual meeting to a later date or time will not commence a new time period for the giving of a shareholder's notice. If the number of Trustees to be elected to our Board of Trustees is increased and we make no public announcement of such action at least 70 days prior to the first anniversary of the preceding year's annual meeting, a shareholder's notice also will be considered timely, but only with respect to nominees for any new positions created by such increase, if the notice is delivered to our secretary at

our principal office not later than the close of business on the 10th day immediately following the day on which such public announcement is made.

For special meetings of shareholders, our Bylaws require a shareholder who is nominating a person for election to our Board of Trustees at a special meeting at which Trustees are to be elected to give notice of such nomination to our secretary at our principal office not earlier than the close of business on the 90th day prior to such special meeting and not later than the close of business on the later of: (1) the 60th day prior to such special meeting or (2) the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Trustees to be elected at such meeting. The public announcement of a postponement or adjournment of a special meeting to a later date or time will not commence a new time period for the giving of a shareholder's notice as described above.

Meetings of Shareholders

Under our Bylaws, our annual meeting of shareholders will take place during the second quarter of each year following delivery of the annual report. Our Chairman, President, or one-third of our Trustees may call a special meeting of the shareholders. Our secretary also may call a special meeting of shareholders upon the written request of holders of at least a majority of the shares entitled to vote at the meeting.

Liability and Indemnification of Trustees and Officers

The laws relating to Maryland real estate investment trusts (the Maryland REIT Law) permit a real estate investment trust to indemnify and advance expenses to its trustees, officers, employees and agents to the same extent permitted by the Maryland General Corporation Law (the MGCL) for directors and officers of Maryland corporations. The MGCL permits a corporation to indemnify its present and former directors and officers against judgments, penalties, fines, settlements and reasonable expenses incurred in connection with any proceeding to which they may be made, or are threatened to be made, a party by reason of their service in those capacities. However, a Maryland corporation is not permitted to provide this type of indemnification if the following is established:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Additionally, a Maryland corporation may not indemnify a director or officer for an adverse judgment in a suit by or in the right of that corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. The MGCL permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of the following:

a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation; and

a written undertaking by him or on his behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that this standard of conduct was not met.

Our officers and trustees are and will be indemnified under our Declaration of Trust against certain liabilities. Our Declaration of Trust provides that we will, to the maximum extent permitted by Maryland law in effect from time to time, indemnify: (a) any individual who is a present or former trustee or officer of EPR; or (b) any individual who, while a trustee or officer of EPR and at the request of EPR, serves or has served as a director, officer, shareholder, partner, trustee, employee or agent of any real estate investment trust, corporation, partnership, joint venture, trust, employee benefit plan or any other enterprises against any claim or liability, together with reasonable expenses actually incurred in advance of a final disposition of a legal proceeding, to which such person may become subject or which such person may incur by reason of his or her status as such. We have the power, with the approval of our Board of Trustees, to provide such indemnification and advancement of expenses to a person who served a

predecessor of EPR in any of the capacities described in (a) or (b) above and to any employee or agent of EPR or its predecessors.

We have also entered into indemnification agreements with our trustees and certain of our officers providing for procedures for indemnification by us to the fullest extent permitted by law and advancements by us of certain expenses and costs relating to claims, suits or proceedings arising from their service to us.

We have obtained trustee s and officers liability insurance for the purpose of funding the provision of any such indemnification.

The SEC has expressed the opinion that indemnification of trustees, officers or persons otherwise controlling a company for liabilities arising under the Securities Act is against public policy and is therefore unenforceable.

Shareholder Liability

Under Maryland law, a shareholder is not personally liable for the obligations of a real estate investment trust solely as a result of his or her status as a shareholder. Despite this, our legal counsel has advised us that in some jurisdictions the possibility exists that shareholders of a trust entity such as ours may be held liable for acts or obligations of the trust. While we intend to conduct our business in a manner designed to minimize potential shareholder liability, we can give no assurance that you can avoid liability in all instances in all jurisdictions. Our Trustees have not provided in the past and do not intend to provide insurance covering these risks to our shareholders.

Actions by Shareholders by Written Consent

Our Bylaws provide procedures governing actions by shareholders by written consent. The Bylaws specify that any written consents must be signed by shareholders entitled to cast a sufficient number of votes to approve the matter, as required by statute, our Declaration of Trust or our Bylaws, and such consent must be filed with minutes of the proceedings of the shareholders.

Restrictions on Ownership and Transfer of Shares

Our Declaration of Trust restricts the number of shares which may be owned by shareholders. Generally, for us to qualify as a REIT under the Code, not more than 50% in value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (defined in the Code to include certain entities and constructive ownership among specified family members) at any time during the last half of a taxable year. The shares also must be beneficially owned by 100 or more persons during at least 335 days of a taxable year. In order to maintain our qualification as a REIT, our Declaration of Trust contains restrictions on the acquisition of shares intended to ensure compliance with these requirements.

Our Declaration of Trust generally provides that any person (not just individuals) holding more than 9.8% in number of shares or value, of the outstanding shares of any class or series of our common stock or preferred stock (the Ownership Limit) may be subject to forfeiture of the shares (including common shares and preferred shares) owned in excess of the Ownership Limit. We refer to the shares in excess of the Ownership Limit as Excess Shares. The Excess Shares may be transferred to a trust for the benefit of one or more charitable beneficiaries. The trustee of that trust would have the right to vote the voting Excess Shares, and dividends on the Excess Shares would be payable to the trustee for the benefit of the charitable beneficiaries. Holders of Excess Shares would be entitled to compensation for their Excess Shares, but that compensation may be less than the price they paid for the Excess Shares. Persons who hold Excess Shares or who intend to acquire Excess Shares must provide written notice to us.

Our Ownership Limit may also act to deter an unfriendly takeover of the Company.

Business Combinations

The MGCL contains a provision which regulates business combinations with interested shareholders. This provision applies to Maryland real estate investment trusts like us. Under the MGCL, business combinations such as

mergers, consolidations, share exchanges and the like between a Maryland real estate investment trust and an interested shareholder or an affiliate of an interested shareholder are prohibited for five years after the most recent date on which the shareholder becomes an interested shareholder. Under the MGCL the following persons are deemed to be interested shareholders:

any person who beneficially owns 10% or more of the voting power of the trust's shares; or

an affiliate or associate of the trust who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting shares of the trust.

After the five-year prohibition period has ended, a business combination between a trust and an interested shareholder must be recommended by the board of trustees of the trust and must receive the following shareholder approvals:

the affirmative vote of at least 80% of the votes entitled to be cast; and
