## **Table of Contents**

### ***Information Reporting and Backup Withholding***

In general, if you are a U.S. holder, information reporting requirements will apply to payments of principal and interest on, and payments of the proceeds of sales of, the notes made to you (unless you are an exempt recipient, such as a corporation). You will be required to provide (unless you are an exempt recipient), under penalties of perjury, a certificate containing your name, address, correct federal taxpayer identification number and a statement that you are a United States person and that you are not subject to backup withholding. If you are not an exempt recipient and you fail to provide the required certification, such payments will be subject to backup withholding (currently at a rate of 28%).

In general, if you are a non-U.S. holder, payments of principal and interest on, and payments of the proceeds of sales of, the notes made to you within the United States, or outside the United States by a U.S. payor or U.S. middleman (which includes certain foreign financial intermediaries with certain connections to the United States), may be subject to information reporting and backup withholding unless you provide a properly executed U.S. Internal Revenue Service Form W-8BEN or otherwise meet documentary evidence requirements for establishing your status as a non-U.S. holder, or you qualify as an exempt recipient.

You should consult your own tax advisor regarding application of backup withholding in your particular circumstance and the availability of and procedure for obtaining an exemption from backup withholding. Any amounts withheld under the backup withholding rules should be allowed as a refund or credit against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

### **Grand Duchy of Luxembourg Tax Considerations**

#### ***General***

The following is a summary of certain material Luxembourg tax consequences of purchasing, owning and disposing of the notes. It does not purport to be a comprehensive and complete description of all tax implications that might be relevant to an investment decision. It is included herein solely for preliminary information purposes. It is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the notes should consult their professional advisers with respect to the applicable tax consequences of the ownership of the notes based on their particular circumstances. The following description of Luxembourg tax law is based upon the Luxembourg law and regulations as in effect and as interpreted by the Luxembourg tax authorities on the date of this prospectus supplement and is subject to any amendments in law (or in interpretation) later introduced, whether or not on a retroactive basis.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*), as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

**Table of Contents*****Taxation of the holders of notes****Withholding Tax**Non-residents*

Under the Luxembourg tax laws currently in force and subject to the application of the Luxembourg laws dated June 21, 2005 ( *Laws* ) implementing the European Council Directive 2003/48/EC on taxation of savings income ( *Savings Directive* ) and several agreements concluded between Luxembourg and certain dependent territories of the European Union, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to a Luxembourg non-resident holder of the notes. There is also no Luxembourg withholding tax upon repayment of the principal, or subject to the application of the Laws, upon redemption or exchange of the notes. Under the Laws, a Luxembourg based paying agent (within the meaning of the Savings Directive) is required since July 1, 2005, to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity ( *Residual Entity* ) in the sense of article 4.2. of the Savings Directive (i.e., an entity without legal personality except for (1) a Finnish *avoin yhtiö* and *kommandiittiyhtiö / öppet bolag* and *kommanditbolag* and (2) a Swedish *handelsbolag* and *kommanditbolag*, and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognized in accordance with Council Directive 85/611/EEC), resident or established in another Member State of the European Union, unless the beneficiary of the interest payments elects for an exchange of information. The same regime applies to payments to individuals or Residual Entities resident or established in any of the following territories: Aruba, British Virgin Islands, Guernsey, Isle of Man, Jersey, Montserrat and the Netherlands Antilles.

The withholding tax is currently 20%, increasing to 35% as from July 1, 2011. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

*Residents*

Under the Luxembourg law of December 23, 2005 ( *2005 Law* ), payments of interest or similar income made since January 1, 2006 (but accrued since July 1, 2005) by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is resident of Luxembourg may be subject to a withholding tax of 10%. This withholding tax also applies on accrued interest received upon disposal, redemption or repurchase of the notes. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management or his/her private wealth.

Further, Luxembourg resident individuals who are the beneficial owners of interest payments and other similar income made by a paying agent established outside Luxembourg in a Member State of the European Union or of the European Economic Area or in a jurisdiction having concluded an agreement with Luxembourg in connection with the Savings Directive, may also opt for a final 10% levy. In such case, the 10% levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agents. The option for the 10% levy must cover all interest payments made by the paying agent to the Luxembourg resident beneficial owner during the entire civil year.

In each case described here above (non-residents and residents), responsibility for the withholding tax will be assumed by the Luxembourg paying agent.

*Taxes on Income and Capital Gains**Non-residents*

A non-resident holder of notes will not become resident, or be deemed to be resident in Luxembourg by reason only of the holding of the notes.

**Table of Contents**

A non-resident holder of notes, not having a permanent establishment or a permanent representative in Luxembourg to which the notes are attributable, is not subject to Luxembourg income tax on interest received or accrued on the notes, or payments upon redemption, repayment of principal or exchange of notes. A gain realized by such non-resident holder of notes, on the sale or disposal, in any form whatsoever, of notes is also not subject to Luxembourg income tax. A non-resident holder of notes who has a permanent establishment or a permanent representative in Luxembourg to which the notes are attributable, is subject to Luxembourg income tax on interest accrued or received on the notes, on any reimbursement premium received at maturity and on any gains realized upon the sale or disposal, in any form whatsoever, of the notes.

*Residents*

*Resident individuals*

An individual holder of notes acting in the course of the management of his/her private wealth is subject to Luxembourg income tax in respect of interest received, redemption premiums or issue discounts under the notes, except if a final withholding tax has been levied thereon in accordance with the 2005 Law.

Under Luxembourg domestic tax law, gains realized upon the sale, disposal or redemption of notes by an individual holder of notes, who is a resident of Luxembourg for tax purposes and who acts in the course of the management of his/her private wealth, on the sale or disposal in any form whatsoever of notes are not subject to Luxembourg income tax, provided this sale or disposal takes place more than six months after the acquisition of the notes. An individual holder of notes, who acts in the course of the management of his/her private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid income in respect of the notes in his/her taxable income, insofar as the accrued but unpaid interest is indicated separately in the agreement.

Interest derived from as well as gains realized upon a sale or disposal, in any form whatsoever, of the notes by an individual holder acting in the course of the management of a professional or business undertaking and who is a resident of Luxembourg for tax purposes are subject to Luxembourg income taxes.

*Corporate residents*

Luxembourg resident corporate holders of notes must include any interest received or accrued, as well as any gain realized on the sale, disposal or redemption of the notes, in their taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price (including but unpaid interest) and the lower of the cost or book value of the notes sold or redeemed.

Luxembourg resident corporate holders of notes who benefit from a special tax regime, such as, for example, holding companies subject to the amended law of July 31, 1929 or undertakings for collective investment subject to the amended law of December 20, 2002 or specialized investment funds governed by the law of February 13, 2007 or family wealth management companies governed by the law of May 11, 2007 are exempt from income taxes in Luxembourg and thus income derived from the notes, as well as gains realized thereon, are not subject to Luxembourg income taxes.

**Table of Contents**

*Other Taxes*

*Registration taxes and stamp duties*

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by the holders of notes as a consequence of the issuance of the notes, nor will any of these taxes be payable as a consequence of a subsequent transfer or redemption of the notes.

*Value added tax*

There is no Luxembourg value added tax payable in respect of payments in consideration for the issuance of the notes or in respect of the payment of interest or principal under the notes or the transfer of the notes. Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer of the notes, if for Luxembourg value added tax purposes such services are rendered or are deemed to be rendered in Luxembourg and an exemption from Luxembourg value added tax does not apply with respect to such services.

*Net wealth tax*

Luxembourg net wealth tax will not be levied on a holder of notes, unless (i) such holder is a corporate entity resident in Luxembourg other than a holding company subject to the amended law of July 31, 1929, an undertaking for collective investment subject to the amended laws of December 20, 2002, a securitization company subject to the law of March 22, 2004 on securitization, a company subject to the law of June 15, 2004 on venture capital vehicles, a specialized investment fund subject to the law of February 13, 2007, or a family wealth management company governed by the law of May 11, 2007 or (ii) the notes are attributable to an enterprise or part thereof which is carried on through a permanent establishment or permanent representative in Luxembourg of a corporate entity.

*Inheritance and gift taxes*

No estate or inheritance taxes are levied on the transfer of the notes, upon death of a holder of notes in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes. Gift tax may be due on a gift or donation of notes, if the gift is recorded in a deed passed in front of a Luxembourg notary or otherwise registered in Luxembourg.

**Table of Contents****UNDERWRITING**

PGIF, Procter & Gamble and the underwriters for the offering named below have entered into an underwriting agreement and pricing agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

<u>Underwriters</u>	<u>Principal Amount</u>
Citigroup Global Markets Inc.	\$ 400,000,000
J.P. Morgan Securities Inc.	400,000,000
RBS Securities Inc.	400,000,000
Goldman, Sachs & Co.	116,000,000
Banc of America Securities LLC	114,000,000
Barclays Capital Inc.	114,000,000
Deutsche Bank Securities Inc.	114,000,000
HSBC Securities (USA) Inc.	114,000,000
Mitsubishi UFJ Securities (USA), Inc.	114,000,000
Morgan Stanley & Co. Incorporated	114,000,000
<b>Total</b>	<b>\$ 2,000,000,000</b>

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.075% of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.050% of the principal amount of the notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms of the notes.

The notes are new issues of securities with no established trading market. The notes will not be listed on any securities exchange or on any automated dealer quotation system. We have been advised by the underwriters that the underwriters may make a market in the notes after completion of the offering but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters in the foregoing three paragraphs may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Each underwriter has agreed that it will not offer, sell or deliver any of the notes in any jurisdiction outside the United States except under circumstances that will result in compliance with the applicable laws thereof. Each underwriter has acknowledged that no action has been taken to permit a public offering in any jurisdiction outside the United States where action would be required for such purpose.

**Table of Contents**

Accordingly, the notes may not be offered, sold or delivered, directly or indirectly, and neither this document nor any offering circular, prospectus, form of application, advertisement or other offering material may be distributed or published in any country or jurisdiction except under circumstances that will result in compliance with any applicable laws and regulations and the underwriters have represented that all offers, sales and deliveries by them will be made on these terms.

Each underwriter has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the issuer or the guarantor; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State ), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date ) it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- (a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;
- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer; or
- (d) in any other circumstances which do not require the publication of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication to persons in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$175,000.

To the extent any underwriter that is not a U.S.-registered broker-dealer intends to effect sales of notes in the United States, it will do so through one or more U.S.-registered broker-dealers in accordance with the applicable U.S. securities laws and regulations or foreign non-member broker or dealer which is

not eligible for membership in a U.S. registered securities association which has agreed that in making any sales to purchasers within the United States it will conform to the provisions of NASD Conduct Rules 2420(a) and (b), 2730 and 2750 administered by the Financial Industry Regulatory Authority (FINRA) to the same extent as though it were a member of the FINRA.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us and our affiliates, for which they received or will receive customary fees and expenses. In addition, certain of the underwriters and their affiliates are dealers under PGIF's short term commercial paper program.

**Table of Contents**

**DESCRIPTION OF PROCTER & GAMBLE DEBT SECURITIES**

This section describes the general terms and provisions of any debt securities that we may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series.

**General**

We expect to issue the debt securities under an indenture, dated as of September 28, 1992, between us and The Bank of New York Trust Company, N.A., (as successor-in-interest to J.P. Morgan Trust Company, National Association), as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of Procter & Gamble. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

**Terms of a Particular Series**

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

the title of the debt securities;

any limit on the total principal amount of the debt securities;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payments;

any mandatory or optional sinking fund or similar provisions;

any optional or mandatory redemption provisions, including the price at which, the periods within which, and the terms and conditions upon which we may redeem or repurchase the debt securities;

the terms and conditions upon which the debt securities may be repayable prior to final maturity at the option of the holder;

the portion of the principal amount of the debt securities that will be payable upon acceleration of maturity, if other than the entire principal amount;

provisions allowing us to defease the debt securities or certain restrictive covenants and certain events of default under the indenture;

**Table of Contents**

if other than in United States dollars, the currency or currencies, including composite currencies, of payment of principal of and premium, if any, and interest on the debt securities;  
the federal income tax consequences and other special considerations applicable to any debt securities denominated in a currency or currencies other than United States dollars;

any index used to determine the amount of payments of principal of and premium, if any, and interest, if any, on the debt securities;

if the debt securities will be issuable only in the form of a global security as described below, the depository or its nominee with respect to the debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee; and

any other terms of the debt securities. (Section 301)

**Payment of Principal, Premium and Interest**

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at Global Corporate Trust, 2 North LaSalle Street, Suite 1020, Chicago, IL 60602. At our option, however, payment of interest may be made by:

wire transfer on the date of payment in immediately available federal funds or next day funds to an account specified by written notice to the trustee from any holder of debt securities;

any similar manner that the holder may designate in writing to the trustee; or

check mailed to the address of the holder as it appears in the security register. (Sections 301, 305 and 1002)

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$1,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

**Original Issue Discount Securities**

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

## **Table of Contents**

### **Book-Entry Debt Securities**

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

### **Restrictive Covenants**

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

#### ***Restrictions on Secured Debt***

If we or any Domestic Subsidiary shall incur, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property or on any shares of stock or debt of any Domestic Subsidiary, we will secure, or cause such Domestic Subsidiary to secure, the debt securities then outstanding equally and ratably with (or prior to) such Debt. However, we will not be restricted by this covenant if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 5% of our and our consolidated subsidiaries Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) Mortgages on property of, or on any shares of stock or debt of, any corporation existing at the time the corporation becomes a Domestic Subsidiary;
- (2) Mortgages in favor of us or a Domestic Subsidiary;
- (3) Mortgages in favor of U.S. governmental bodies to secure progress or advance payments;
- (4) Mortgages on property, shares of stock or debt existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction cost Mortgages; and
- (5) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (4), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or our subsidiaries.

#### ***Restrictions on Sales and Leasebacks***

Neither we nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 120 days prior to the transaction, unless

**Table of Contents**

we or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

we, within 120 days, apply to the retirement of our Funded Debt an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt.

This restriction will not apply to any sale and leaseback transaction

between us and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

***Definitions Applicable to Covenants***

The term **Attributable Debt** means the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means the total amount of assets, less applicable reserves and other properly deductible items, after deducting (a) all current liabilities and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as described on our and our consolidated subsidiaries most recent balance sheet and computed in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any of our subsidiaries except a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing our and our subsidiaries operations outside the United States.

The term **Funded Debt** means Debt having a maturity of, or by its terms extendible or renewable for, a period of more than 12 months after the date of determination of the amount of Debt.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by us or one of our subsidiaries and having a gross book value in excess of <sup>3</sup>/<sub>4</sub> of 1% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is a pollution control or other facility financed by obligations issued by a state or local governmental unit pursuant to Section 103(b)(4)(E), 103(b)(4)(F) or 103(b)(6) of the Internal Revenue Code of 1954, or any successor provision thereof, or (2) which, in the opinion of our board of directors, is not of material importance to the total business conducted by us and our subsidiaries as an entirety.

**Events of Default**

Any one of the following are events of default under the indenture with respect to debt securities of any series:

**Table of Contents**

- (1) our failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) our failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) our failure to perform any other of our covenants in the indenture, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) certain events involving bankruptcy, insolvency or reorganization; and
- (6) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled **Modification and Waiver** .

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We will furnish to the trustee annually a certificate as to our compliance with all conditions and covenants under the indenture. (Section 1007)

**Defeasance**

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture.

***Defeasance and Discharge***

We will be discharged from any and all obligations in respect of the debt securities of any series if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If we defease a series of debt securities, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

**Table of Contents**

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

our obligation to register the transfer or exchange of debt securities of the series,

our obligation to replace stolen, lost or mutilated debt securities of the series,

our obligation to maintain paying agencies,

our obligation to hold monies for payment in trust and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

We may defease a series of debt securities only if, among other things:

we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred, and

we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit, defeasance and discharge. (Section 403)

***Defeasance of Covenants and Events of Default***

We may omit to comply with the covenants described above under *Restrictions on Secured Debt* (Section 1004) and *Restrictions on Sales and Leasebacks* (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

We may defease the covenants and the related events of default described above only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred, and

the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit and defeasance. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under *Events of Default*, the amount of money and U.S.

**Table of Contents**

government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable for these payments.

**Modification and Waiver**

Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least 66 2/3% in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults.

(Section 902)

Without the consent of any holder of debt securities, we and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities as required by Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of

**Table of Contents**

debt securities in any material respect.

The holders of at least 66 2/3% in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

**Consolidation, Merger and Sale of Assets**

If the conditions below are met, we may, without the consent of any holders of outstanding debt securities: consolidate or merge with or into another entity, or

transfer or lease our assets as an entirety to another entity.

We have agreed that we will engage in a consolidation, merger or transfer or lease of assets as an entirety only if the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is a corporation, partnership or trust organized and existing under the laws of any United States jurisdiction and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

**Regarding the Trustee**

The Bank of New York Trust Company, N.A., (as successor-in-interest to J.P. Morgan Trust Company, National Association), is the trustee under the indenture, and also serves as trustee under the indenture relating to the debt securities of PGIF. The Bank of New York Trust Company is a depository of Procter & Gamble. In addition, affiliates of The Bank of New York Trust Company may perform various commercial banking and investment banking services for Procter & Gamble and its subsidiaries from time to time in the ordinary course of business.

**Table of Contents**

**General**

We expect to issue the debt securities under an indenture, dated as of July 6, 2007, among PGIF, as issuer, Procter & Gamble, as guarantor and The Bank of New York Trust Company, N.A., as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of PGIF and will be fully and unconditionally guaranteed by The Procter & Gamble Company. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

**Terms of a Particular Series**

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

**Payment of Principal, Premium and Interest**

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at Global Corporate Trust, 2 North LaSalle Street, Suite 1020, Chicago, IL 60602. At our option, however, payment of interest may be made by:

wire transfer on the date of payment in immediately available federal funds or next day funds to an account specified by written notice to the trustee from any holder of debt securities;

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$2,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

**Guarantee**

Procter & Gamble will fully and unconditionally guarantee the due and punctual payment of principal of and premium, if any, and interest on the debt securities on a senior unsecured basis, when and as the same become due and payable, whether on a maturity date, by declaration or acceleration, upon redemption, repurchase or otherwise, and all other obligations of PGIF under the indenture.

**Original Issue Discount Securities**

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount

**Table of Contents**

would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

**Additional Amounts**

All payments made by PGIF under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, levies, imposts, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of Luxembourg (or any political subdivision or taxing authority thereof or therein) and any interest, penalties and other liabilities with respect thereto (hereinafter collectively, Taxes) unless PGIF is required to withhold or deduct Taxes by law (including any law or directive of the European Union) or by the interpretation or administration thereof. In the event that PGIF is required to so withhold or deduct any amount for or on account of any Taxes from any payment under or with respect to the debt securities PGIF will pay such additional amounts (referred to herein as Additional Amounts) as may be necessary so that the net amount (including Additional Amounts) received by each holder of the debt securities after such withholding or deduction will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted; provided, however, that PGIF will not be required to pay any such Additional Amounts with respect to any payment to a holder of a debt security for or on account of:

- (a) any Taxes that would not have been so imposed, deducted or withheld but for the existence of any present or former personal or business connection between such holder or the beneficial owner of such debt security, as the case may be, and Luxembourg (or any political subdivision or taxing authority thereof or therein) other than the mere receipt of such payment or the ownership or holding of such debt security;
- (b) any estate, inheritance, net wealth, gift, sales, value added, transfer, stamp, excise or personal property tax or any similar Taxes;
- (c) any Taxes that are payable otherwise than by withholding or deduction from a payment to such holder or the beneficial owner of such debt security;
- (d) any Taxes imposed, deducted or withheld as a result of the failure of such holder or the beneficial owner of such debt security to duly and timely comply with any applicable certification, information, identification, documentation or other reporting requirements concerning the nationality, residence, identity or connection with Luxembourg (or any political subdivision or taxing authority thereof or therein) of such holder or the beneficial owner of such debt security, as the case may be, or to make any valid or timely declaration or similar claim, if such compliance or such declaration or similar claim is required by a statute, treaty, regulation or administrative practice of Luxembourg (or any political subdivision or taxing authority thereof or therein) as a precondition to relief or exemption from all or part of such Taxes;
- (e) any Taxes which would not have been so imposed, deducted or withheld but for the presentation of such debt security for payment on a date more than 10 days after the date on which such payment became due and payable or the date on which payment is duly provided for, whichever occurs later;
- (f) any Taxes required to be withheld pursuant to a law in effect as of the date hereof, including any withholding under the European Council Directive 2003/48/EC or any other Directive on the taxation of savings implementing the conclusions of the ECOFIN council meeting of 26th-27th November, 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (g) any Taxes required to be deducted or withheld by any paying agent from any payment in respect of such debt security if such payment could be made without such withholding by at least one other paying agent;

**Table of Contents**

(h) any Taxes imposed on or deducted or withheld from a payment to such holder or the beneficial owner of such debt security that is not the sole beneficial owner of such debt security or is a fiduciary, partnership, limited liability company or other similar entity, but only to the extent that a beneficial owner of such debt security, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of Additional Amounts had such beneficial owner, settlor, beneficiary or member received directly its beneficial or distributive share of such payment; or

(i) any combination of (a), (b), (c), (d), (e), (f), (g) and (h) above.

PGIF will also make any applicable withholding or deduction and remit the full amount deducted or withheld to the relevant taxing authority in accordance with applicable law. PGIF will furnish to the trustee, within 30 days after the date the payment of any Taxes deducted or withheld is due pursuant to applicable law, certified copies of tax receipts evidencing payment of such Taxes or, if such tax receipts are not reasonably available to PGIF, such other documentation reasonably acceptable to the trustee evidencing such payment by PGIF.

PGIF will pay any issue, registration, documentation, stamp or other similar taxes or duties imposed by Luxembourg (or any political subdivision or taxing authority thereof or therein) in connection with the execution, delivery, payment or performance of the indenture, the debt securities or the guarantee and shall indemnify each holder and beneficial owner of the debt securities for all liabilities arising from any failure to pay, or delay in paying, such taxes or duties.

**Redemption for Changes in Withholding Taxes**

The debt securities also may be redeemed at the option of PGIF, in whole but not in part, at a redemption price equal to 100% of the principal amount of the debt securities to be redeemed, together with interest accrued and unpaid to the date fixed for redemption, at any time, on giving not less than 30 nor more than 60 days notice (which notice shall be irrevocable), if (a) PGIF has or will become obligated to pay Additional Amounts as a result of any change in or amendment to the laws, treaties, regulations or rulings of Luxembourg or any political subdivision or any taxing authority thereof or therein affecting taxation, or any change in or amendment to an official application, interpretation, administration or enforcement of such laws, treaties, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date hereof or (b) any action shall have been taken by any taxing authority, or any action has been brought in a court of competent jurisdiction, in Luxembourg or any political subdivision or taxing authority thereof or therein, including any of those actions specified in (a) above (whether or not such action was taken or brought with respect to PGIF) or any change, clarification, amendment, application or interpretation of such laws, treaties, regulations or rulings shall be officially proposed, in any case on or after the date hereof, which results in a substantial likelihood that PGIF will be required to pay Additional Amounts on the next interest payment date; provided, however, that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which PGIF would be, in the case of a redemption for the reasons specified in (a) above, or there would be a substantial likelihood that PGIF would be, in the case of a redemption for the reasons specified in (b) above, obligated to pay such Additional Amounts if a payment in respect of the debt securities were then due. Prior to the publication of any notice of redemption pursuant to this paragraph, PGIF shall deliver to the trustee a certificate signed by a duly authorized officer of PGIF stating that PGIF is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent of the right of PGIF so to redeem have occurred.

**Book-Entry Debt Securities**

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the

**Table of Contents**

debt securities. We will describe in the prospectus supplement the terms of any depositary arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

**Restrictive Covenants**

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

***Restrictions on Secured Debt***

If Procter & Gamble or any Domestic Subsidiary shall incur, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property or on any shares of stock or debt of any Domestic Subsidiary, we will cause Procter & Gamble or such Domestic Subsidiary to secure the debt securities then outstanding and/or the Procter & Gamble guarantee of the debt securities then outstanding, as the case may be, equally and ratably with (or prior to) such Debt. However, this restriction will not apply if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 15% of Procter & Gamble's and its consolidated subsidiaries' Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) Mortgages on property of, or on any shares of stock or debt of, any corporation existing at the time the corporation becomes a Domestic Subsidiary;
- (2) Mortgages in favor of Procter & Gamble or a Domestic Subsidiary;
- (3) Mortgages in favor of U.S. governmental bodies to secure progress or advance payments;
- (4) Mortgages on property, shares of stock or debt existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction cost Mortgages; and
- (5) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (4), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or the incurrence of unsecured debt by Procter & Gamble or its other subsidiaries.

***Restrictions on Sales and Leasebacks***

Neither Procter & Gamble nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 120 days prior to the transaction, unless

Procter & Gamble or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under **Restrictions on Secured Debt** in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

within 120 days, Procter & Gamble applies to the retirement of Funded Debt of Procter & Gamble an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing

**Table of Contents**

Property leased pursuant to such arrangement or (2) the fair value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt of Procter & Gamble.

This restriction will not apply to any sale and leaseback transaction

between Procter & Gamble and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

***PGIF***

PGIF may not engage in any business activities other than those related to (a) financing the business and operations of Procter & Gamble or any of its subsidiaries, (b) the establishment and maintenance of its existence, and (c) any activities related or ancillary thereto or necessary in connection therewith.

***Definitions Applicable to Covenants***

The term **Attributable Debt** means the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means the total amount of assets, less applicable reserves and other properly deductible items, after deducting (a) all current liabilities and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as described on Procter & Gamble's and its consolidated subsidiaries' most recent balance sheet and computed in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any subsidiary of Procter & Gamble except (i) PGIF and (ii) a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing Procter & Gamble and Procter & Gamble's subsidiaries' operations outside the United States.

The term **Funded Debt** means Debt having a maturity of, or by its terms extendible or renewable for, a period of more than 12 months after the date of determination of the amount of Debt.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by Procter & Gamble or one of its subsidiaries and having a gross book value in excess of  $\frac{3}{4}$  of 1% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is a pollution control or other facility financed by obligations issued by a state or local governmental unit pursuant to Section 103(b)(4)(E), 103(b)(4)(F) or 103(b)(6) of the Internal Revenue Code of 1954, or any successor provision thereof, or (2) which, in the opinion of the board of directors of Procter & Gamble, is not of material importance to the total business conducted by Procter & Gamble and its subsidiaries as an entirety.

## **Table of Contents**

### **Events of Default**

Any one of the following are events of default under the indenture with respect to each series of debt securities:

- (1) the failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) the failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) the failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) the failure by us or Procter & Gamble to perform any other of the covenants in the indenture, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) release of Procter & Gamble from its obligations in respect of its guarantee of any debt security of that series;
- (6) certain events involving bankruptcy, insolvency or reorganization of us or Procter & Gamble; and
- (7) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled **Modification and Waiver** .

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During a default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We and Procter & Gamble will furnish to the trustee annually a certificate as to the compliance by us and Procter & Gamble with all conditions and covenants under the indenture. (Section 1007)

### **Defeasance**

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture and Procter & Gamble's obligations in respect of its guarantee of the debt securities.

**Table of Contents**

***Defeasance and Discharge***

We will be discharged from any and all obligations in respect of the debt securities of any series, and Procter & Gamble will be discharged from any and all obligations in respect of its guarantee of the debt securities of any series, if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If a series of debt securities is defeased, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

the rights of holders to receive any Additional Amounts,

the obligation to register the transfer or exchange of debt securities of the series,

the obligation to replace stolen, lost or mutilated debt securities of the series,

the obligation to maintain paying agencies,

the obligation to hold monies for payment in trust and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

A series of debt securities may be defeased only if, among other things:

we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred, and

we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit, defeasance and discharge. (Section 403)

***Defeasance of Covenants and Events of Default***

We and Procter & Gamble may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series, and Procter & Gamble's obligations in respect of its guarantee of the debt securities of the series, will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

**Table of Contents**

The covenants and the related events of default described above may be defeased only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred, and

the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit and defeasance. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we and Procter & Gamble will remain liable for these payments.

**Modification and Waiver**

PGIF, Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

releases Procter & Gamble from its obligation in respect of the guarantee of any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Without the consent of any holder of debt securities, PGIF, Procter & Gamble and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us or Procter & Gamble, as the case may be, and the assumption by that person of the covenants in the indenture,

**Table of Contents**

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities or the Procter & Gamble guarantee of the securities as required by Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us or Procter & Gamble with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

**Consolidation, Merger and Sale of Assets**

If the conditions below are met, PGIF and Procter & Gamble, as the case may be, may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease their assets as an entirety to another entity.

PGIF may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is either Procter & Gamble or a corporation, partnership, limited liability company, or trust wholly owned by Procter & Gamble and organized and existing under the laws of any United States jurisdiction or any member country of the European Union and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met.

**Table of Contents**

In addition, Procter & Gamble may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

the entity formed by the consolidation or into which Procter & Gamble is merged or which acquires or leases Procter & Gamble's assets is a corporation, partnership, limited liability company or trust organized and existing under the laws of any United States jurisdiction and assumes all obligations of Procter & Gamble under the indenture and its guarantee of the debt securities,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

The Bank of New York Trust Company, N.A. is the trustee under the indenture, and also serves as trustee under the indenture relating to the debt securities of Procter & Gamble. The Bank of New York Trust Company is a depository of Procter & Gamble. In addition, affiliates of The Bank of New York Trust Company may perform various commercial banking and investment banking services for Procter & Gamble and its subsidiaries from time to time in the ordinary course of business.

any underwriting discounts and other items constituting underwriters' compensation,

any initial public offering price and

The distribution of the debt securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

**Underwriting Compensation**

In connection with the sale of debt securities, underwriters may receive compensation from us, PGIF or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell debt securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

**Indemnification**

We and/or PGIF may enter agreements under which underwriters and agents who participate in the distribution of debt securities may be entitled to indemnification by us and/or PGIF against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

We and PGIF may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase debt securities from us and/or PGIF pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we and/or PGIF must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the debt securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

**No Established Trading Market**

The debt securities, when first issued, will have no established trading market. Any underwriters or agents to or through whom we and/or PGIF sell debt securities for public offering and sale may make a market in the securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities.

**Price Stabilization and Short Positions**

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering, i.e., if they sell more securities than are set forth on the cover page of the prospectus supplement, the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We and PGIF make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we and PGIF make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.
