March 11, 2002

Dear Shareholder:

You are cordially invited to attend the 2002 Annual Meeting of Shareholders of AtheroGenics, Inc. to be held at the Crowne Plaza Ravinia, 4355 Ashford Dunwoody Road, Atlanta, Georgia 30346, on Wednesday, April 24, 2002, at 9:00 a.m., Eastern Time.

The attached Notice of Annual Meeting and proxy statement describe the formal business to be transacted at the meeting. During the meeting, we will also report on the operations of AtheroGenics during the past year and our plans for the future. Directors and officers of AtheroGenics, as well as representatives from AtheroGenics independent auditors, Ernst & Young LLP, will be present to respond to appropriate questions from shareholders.

Please mark, date, sign and return your proxy card in the enclosed envelope at your earliest convenience. This will assure that your shares will be represented and voted at the meeting, even if you do not attend.

Sincerely,

MICHAEL A. HENOS

*Chairman of the Board*

**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS  
To Be Held April 24, 2002**

---

NOTICE HEREBY IS GIVEN that the 2002 Annual Meeting of Shareholders of AtheroGenics, Inc. will be held at the Crowne Plaza Ravinia, 4355 Ashford Dunwoody Road, Atlanta, Georgia 30346, on Wednesday, April 24, 2002, at 9:00 a.m., Eastern Time, for the purposes of considering and voting upon:

1. A proposal to elect three Class II directors to serve until the 2005 Annual Meeting of Shareholders;
2. A proposal to ratify the appointment of Ernst & Young LLP as independent auditors of AtheroGenics for the fiscal year ending December 31, 2002; and
3. Such other business as properly may come before the annual meeting or any adjournments thereof. The board of directors is not aware of any other business to be presented to a vote of the shareholders at the annual meeting.

Information relating to the above matters is set forth in the attached proxy statement. Shareholders of record at the close of business on March 1, 2002 are entitled to receive notice of and to vote at the annual meeting and any adjournments thereof.

By Order of the Board of Directors.

MICHAEL A. HENOS  
*Chairman of the Board*

Alpharetta, Georgia  
March 11, 2002

**PLEASE READ THE ATTACHED PROXY STATEMENT AND PROMPTLY COMPLETE, EXECUTE AND RETURN THE ENCLOSED PROXY CARD IN THE ACCOMPANYING POSTAGE-PAID ENVELOPE. IF YOU ATTEND THE ANNUAL MEETING, YOU MAY REVOKE YOUR PROXY CARD AND VOTE IN PERSON IF YOU SO DESIRE.**

---

**PROXY STATEMENT**

---

**FOR THE ANNUAL MEETING OF SHAREHOLDERS**

**To Be Held April 24, 2002**

---

This proxy statement is furnished to the shareholders of AtheroGenics, Inc. in connection with the solicitation of proxies by the board of directors of AtheroGenics to be voted at the 2002 Annual Meeting of Shareholders and at any adjournments thereof. The annual meeting will be held at the Crowne Plaza Ravinia, 4355 Ashford Dunwoody Road, Atlanta, Georgia 30346, on Wednesday, April 24, 2002, at 9:00 a.m., Eastern Time.

The approximate date on which we are first sending this proxy statement and form of proxy card to shareholders is March 13, 2002.

**VOTING**

**General**

The securities that can be voted at the annual meeting consist of common stock of AtheroGenics, no par value per share, with each share entitling its owner to one vote on each matter submitted to the shareholders. The record date for determining the holders of common stock who are entitled to receive notice of and to vote at the annual meeting is March 1, 2002. On the record date, 27,891,756 shares of common stock were outstanding and eligible to be voted at the annual meeting.

**Quorum and Vote Required**

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock of AtheroGenics is necessary to constitute a quorum at the annual meeting. We will determine whether a quorum exists at the annual meeting by counting the votes cast for the proposal receiving the greatest number of all votes for or against and abstentions (including instructions to withhold authority to vote).

In voting on the proposal to elect three directors (Proposal 1), shareholders may vote in favor of the nominees or withhold their votes as to the nominees. The vote required to approve Proposal 1 is governed by Georgia law and is a plurality of the votes cast by the holders of shares entitled to vote, provided a quorum is present. As a result, in accordance with Georgia law, votes that are withheld will be counted in determining whether a quorum is present but will have no other effect on the election of the director.

In voting on the proposal to ratify the directors' appointment of independent auditors (Proposal 2), shareholders may vote in favor of the proposal, vote against the proposal or abstain from voting. The vote required to approve Proposal 2 is governed by Georgia law, which provides that the proposal is approved if the number of votes cast for the proposal exceeds the number of votes cast against the proposal, provided a quorum is present. As a result, abstentions will be considered in determining whether a quorum is present but will not be considered in determining the number of votes required to obtain the necessary vote to approve the proposal.

Under the rules that govern most domestic stock brokerage firms, firms that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for shareholder action, vote in their discretion upon proposals which are considered discretionary proposals under those rules. Brokerage firms that have received no instructions

## **Table of Contents**

from their clients as to non-discretionary proposals do not have discretion to vote on these proposals. Although these broker non-votes will be considered in determining whether a quorum exists at the annual meeting, broker non-votes will not be considered as votes cast in determining the outcome of any proposal. AtheroGenics believes that Proposals 1 and 2 are discretionary.

As of March 1, 2002 (the record date for the annual meeting), the directors and executive officers of AtheroGenics beneficially owned or controlled approximately 3,149,090 shares of common stock of AtheroGenics, constituting approximately 10.8% of the outstanding common stock. AtheroGenics believes that these holders will vote all of their shares of common stock in favor of each of the two proposals.

## **Proxies**

Shareholders should specify their choices with regard to each of the two proposals on the enclosed proxy card. All properly executed proxy cards delivered by shareholders to AtheroGenics in time to be voted at the annual meeting and not revoked will be voted at the annual meeting in accordance with the specifications noted on the proxy cards. **In the absence of such specifications, the shares represented by a signed and dated proxy card will be voted FOR the election of the director nominees and FOR the ratification of the appointment of independent auditors.** If any other matters properly come before the annual meeting, the persons named as proxies will vote upon these matters according to their judgment.

Any shareholder delivering a proxy has the power to revoke it at any time before it is voted: (i) by giving written notice to Mark P. Colonnese, the Secretary of AtheroGenics, at 8995 Westside Parkway, Alpharetta, GA 30004; (ii) by executing and delivering to Mr. Colonnese a proxy card bearing a later date; or (iii) by voting in person at the annual meeting. However, under the rules of the national securities exchanges and the Nasdaq National Market, any beneficial owner of AtheroGenics common stock whose shares are held in street name by a brokerage firm that is a member of those organizations may revoke his or her proxy and vote his or her shares in person at the annual meeting only in accordance with applicable rules and procedures of those organizations, as employed by the beneficial owner's brokerage firm.

In addition to soliciting proxies through the mail, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. We may also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares held of record by them. AtheroGenics will bear all expenses incurred in connection with the solicitation of proxies.

## **Security Ownership of Certain Beneficial Owners and Management**

The following table sets forth certain information provided to us by each of the following as of March 1, 2002 regarding their beneficial ownership of our common stock:

each person who is known by us to beneficially own more than 5% of our common stock;

our Chief Executive Officer and each of the executive officers named in the Summary Compensation Table in this proxy statement;

each of our directors; and

all of our directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and includes voting and investment power with respect to the securities. Except as indicated by footnote, and subject to applicable community property laws, the persons and entities named in the table below have sole voting and sole investment power with respect to the shares set forth opposite such person's or entity's name.

Shares of common stock subject to options or warrants currently exercisable or exercisable within 60 days after March 1, 2002 are deemed outstanding for purposes of computing the percentage ownership of the person holding such options or warrants, but are not deemed outstanding for purposes of computing the

Edgar Filing: ATHEROGENICS INC - Form DEF 14A

- (16) Includes 12,500 shares subject to options exercisable within 60 days.

**Certain Relationships and Related Transactions**

In January 1995, we entered into a license agreement with Emory University. Under the terms of this agreement, Emory granted to us an exclusive right and license to make, use and sell products utilizing inventions claimed in several patents developed by employees of Emory. The Emory employees who developed the licensed patents include Russell M. Medford, M.D., Ph.D., our President, Chief Executive Officer and director and R. Wayne Alexander, M.D., Ph.D., a member of our board of directors. The license agreement requires us to make royalty payments to Emory based on certain percentages of net revenue we derive from sales of products utilizing inventions claimed in the licensed patents and from sublicensing of the licensed patents. The license agreement also provides for milestone payments to Emory upon the occurrence of certain events relating to the development of products utilizing the licensed patents. Drs. Alexander, Medford and/or Margaret K. Offermann, M.D., Ph.D., Dr. Medford's wife, will receive a portion of our payments to Emory under the license agreement. We paid a signing fee to Emory upon the execution of this agreement and an additional amount for achievement of the first milestone under the agreement. We are required to pay Emory royalties upon sales of products utilizing the patent technology and milestone payments totaling \$250,000 if all sales and milestone objections are met. We have not made any other royalty or milestone payments to Emory under this agreement to date.

We have a sublease agreement for a portion of our office and laboratory space with Inhibitex, Inc. The monthly lease payments are approximately \$20,000. The lease term ends December 31, 2005. Dr. Medford, our President and Chief Executive Officer, and Mr. Henos, the Chairman of our board of directors, are both directors of Inhibitex.

In June 2001, we completed a private placement of 3,585,000 shares of our common stock that raised gross proceeds of \$20.6 million. Clients of SAFECO Asset Management Company purchased in the aggregate 1,700,000 shares of our common stock in the private placement for an aggregate purchase price of \$9.8 million. Clients of Mazama Capital Management, Inc. purchased in the aggregate 1,000,000 shares of our common stock in the private placement for an aggregate purchase price of \$5.8 million. SAFECO Asset

**Table of Contents**

Management and Mazama Capital Management each beneficially own more than five percent of our outstanding common stock.

In December 2001, we made a secured loan in the amount of \$200,000 to Mitchell Glass, an executive officer of AtheroGenics. The loan bears an interest rate of 2.48% per annum, the applicable Federal rate at the time of the loan, and is due December 26, 2004. The loan is secured by 41,000 shares of AtheroGenics common stock.

**PROPOSAL 1 ELECTION OF DIRECTORS**

**Nominees**

Pursuant to our amended and restated articles of incorporation and amended and restated bylaws, as amended, our board of directors is divided into three classes, with each director serving a three-year term (following the transition period to a staggered board). Directors are elected to serve until they resign or are removed, or are otherwise disqualified to serve, and until their successors are duly elected and qualified. The directors in Class I, Mr. Bryson and Dr. Dagi, hold office until the 2004 annual meeting of shareholders. In accordance with the provisions of our articles of incorporation, the board of directors elected Dr. Dagi, who was previously a director in Class II, to fill one of the vacancies in Class I. The directors in Class II, Dr. Alexander, Dr. Scott and Mr. Sudovar, hold office until the 2002 annual meeting of shareholders. The directors in Class III, Mr. Henos, Dr. Medford and Mr. Pappas, hold office until the 2003 annual meeting of shareholders. No family relationships exist among any of our directors or executive officers.

The board of directors has nominated R. Wayne Alexander, M.D., Ph.D., William A. Scott, Ph.D. and Stephen G. Sudovar for re-election as Class II directors to serve until the 2005 annual meeting of shareholders. As a result of the election of Dr. Dagi to Class I, Class II will have one vacancy immediately following the 2002 annual meeting while the board of directors seeks an appropriate candidate to fill the seat. Class I will also continue to have one vacancy while the board of directors seeks an appropriate candidate to fill the seat. Pursuant to AtheroGenics articles of incorporation, a vote of the majority of the board of directors may fill these vacancies. Any director chosen to fill either of these vacancies will hold office for the remaining term of the directors in the respective Class. Shareholders may only vote their shares to elect three persons as directors in Class II at the 2002 annual meeting.

The nominees have consented to serve another term as directors if re-elected. If the nominees should be unavailable to serve for any reason (which is not anticipated), the board of directors may designate substitute nominees (in which event the persons named on the enclosed proxy card will vote the shares represented by all valid proxy cards for the election of such substitute nominee), allow the vacancies to remain open until a suitable candidate is located, or by resolution provide for a lesser number of directors.

**The board of directors unanimously recommends that the shareholders vote FOR the proposal to re-elect R. Wayne Alexander, William A. Scott and Stephen G. Sudovar as Class II directors for a three-year term expiring at the 2005 Annual Meeting of Shareholders and until their successors have been duly elected and qualified.**

**Table of Contents****Executive Officers and Directors**

The following table sets forth certain information regarding our executive officers and directors as of March 1, 2002:

Name	Age	Position
Russell M. Medford, M.D., Ph.D.	47	President, Chief Executive Officer and Director
Mark P. Colonnese	46	Senior Vice President of Finance and Administration, Chief Financial Officer and Secretary
Mitchell Glass, M.D.	50	Senior Vice President of Strategic Drug Development and Chief Medical Officer
Martin A. Wasserman, Ph.D.	60	Vice President of Discovery Research and Chief Scientific Officer
Michael A. Henos(1)	52	Chairman of the Board of Directors
R. Wayne Alexander, M.D., Ph.D.	60	Director
Vaughn D. Bryson(2)	63	Director
T. Forcht Dagi, M.D.(2)	53	Director
Arthur M. Pappas(1)	54	Director
William A. Scott, Ph.D.(1)	61	Director
Stephen G. Sudovar(2)	55	Director

(1) Member of the compensation committee.

(2) Member of the audit committee.

*Russell M. Medford, M.D., Ph.D.* is our scientific co-founder, President and Chief Executive Officer and has served as a member of our board of directors since our inception in 1993. Dr. Medford has been our President and Chief Executive Officer since 1995 after serving as Executive Vice President from 1993 to 1995. He is a director of privately held Inhibitex, Inc. and Somatocor, Inc. He is an inaugural Fellow of the Council on Basic Cardiovascular Sciences of the American Heart Association and a past advisory committee member to the National Heart, Lung and Blood Institute of the National Institutes of Health. Since 1989, Dr. Medford has held a number of academic appointments at the Emory University School of Medicine, recently as Associate Professor of Medicine and Director of Molecular Cardiology, and is currently Clinical Professor of Medicine (adjunct). Dr. Medford is a molecular cardiologist whose research has focused on the molecular basis of cardiovascular disease. He has published widely in the field of molecular biology and holds 11 U.S. patents. Dr. Medford received a B.A. from Cornell University, and an M.D. with Distinction and a Ph.D. in molecular and cell biology from the Albert Einstein College of Medicine. Dr. Medford completed his residency in internal medicine at the Beth Israel Hospital and his fellowship in cardiology at the Brigham and Women's Hospital and Harvard Medical School, where he also served on the faculty of Medicine.

*Mark P. Colonnese* was promoted to Senior Vice President of Finance and Administration and Chief Financial Officer in January 2002. He had previously served as our Vice President of Finance and Administration and Chief Financial Officer since 1999. Prior to joining us, Mr. Colonnese was at Medaphis Corporation from 1997 to 1998, serving most recently as Senior Vice President and Chief Financial Officer. Previously, Mr. Colonnese was Vice President of Finance and Chief Financial Officer and a member of the executive committee at aaiPharma Inc., a pharmaceutical development company, from 1993 to 1997. Mr. Colonnese served on the board of directors of Endeavor Pharmaceuticals, Inc. from 1994 to 1997. From 1983 to 1993, Mr. Colonnese held a number of executive and management positions at Schering-Plough Corporation, culminating as Senior Director of Planning and Business Analysis. Mr. Colonnese holds an M.B.A. from Fairleigh Dickinson University and a B.S. magna cum laude from Ithaca College.

*Mitchell Glass, M.D.* has served as Senior Vice President of Strategic Drug Development and Chief Medical Officer of AtheroGenics since January 2001. He had previously served as our Vice President of

**Table of Contents**

Clinical Development and Regulatory Affairs since 1997. From 1995 to 1996, Dr. Glass served as Vice President and Director of Cardiopulmonary Clinical Research, Development and Medical Affairs at SmithKline Beecham PLC. From 1988 to 1995, Dr. Glass held various positions at ICI Pharmaceuticals PLC, subsequently Zeneca PLC, where he was responsible for developing the pulmonary therapeutics group. From 1985 to 1987, Dr. Glass served as an attending physician in Pulmonary Medicine and Critical Care at Graduate Hospital while maintaining a teaching position at the University of Pennsylvania. From 1981 to 1984, Dr. Glass was a postdoctoral Fellow and Research Associate in Pulmonary Medicine and Respiratory Physiology at the University of Pennsylvania. Dr. Glass received B.A. and M.D. degrees from the University of Chicago and completed his residency in internal medicine and clinical fellowship in Pulmonary Medicine at Presbyterian, University of Pennsylvania Medical Center.

*Martin A. Wasserman, Ph.D.* joined AtheroGenics in April 2001 as Vice President of Discovery Research and Chief Scientific Officer. Prior to joining AtheroGenics, Dr. Wasserman was the Vice President and Senior Distinguished Scientist in the Respiratory and Rheumatoid Arthritis Disease Group within the U.S. Drug Innovation and Approval Organization (R&D) at Aventis Pharmaceuticals, Inc., from 1995 to 2001. He was Director of Bronchopulmonary Research at Hoffmann-LaRoche, Inc. from 1992 to 1995. From 1989 to 1991, Dr. Wasserman was Director of Biomedical Evaluation at the Bristol-Myers Squibb Pharmaceutical Research Institute. Dr. Wasserman has a B.S. in Pharmacy from Rutgers University College of Pharmacy, and received an M.A. and Ph.D. in Pharmacology and Toxicology from the University of Texas Medical Branch in addition to being honored with the Distinguished Alumnus Award. He is on the editorial boards of several journals and has published numerous articles in the areas of pulmonary, immunology, inflammation, cardiovascular, renal and gastrointestinal research.

*Michael A. Henos* has served as chairman of our board of directors since 1994 and was our Chief Financial Officer from 1994 to 1999. From 1993 to the present, Mr. Henos has served as managing general partner of Alliance Technology Ventures, L.P., a venture capital firm with \$250 million under management which principally invests in southeastern technology startup companies. Mr. Henos served as a general partner with Aspen Ventures, a \$150 million early stage venture capital partnership from 1986 to 2001. Mr. Henos previously served as a vice president of 3i Ventures Corporation, the predecessor of Aspen Ventures, from 1986 to 1991. From 1984 to 1986, Mr. Henos served as a healthcare consultant with Ernst & Young, specializing in venture financing of startup medical technology companies. Before joining Ernst & Young, Mr. Henos served in a variety of operating management positions and co-founded and served as Chief Executive Officer of ProMed Technologies, Inc. Mr. Henos previously served as a director of KeraVision, Inc.

*R. Wayne Alexander, M.D., Ph.D.* is our scientific co-founder and has served as a member of our board of directors since our inception in 1993. Dr. Alexander has been a Professor of Medicine since 1988 and Chairman of the Department of Medicine of Emory University School of Medicine and Emory University Hospital since 1999. From 1988 to 1999, Dr. Alexander served as the Director of the Division of Cardiology at the Emory University School of Medicine and Emory University Hospital. Prior to his appointment at Emory University School of Medicine, Dr. Alexander served as Associate Professor of Medicine at Harvard Medical School from 1982 to 1988. Dr. Alexander received his Ph.D. in physiology from Emory University and his M.D. from Duke University School of Medicine. Dr. Alexander completed his residency in internal medicine at the University of Washington and completed his fellowship in cardiology at Duke University.

*Vaughn D. Bryson* has served as a consultant to us since 1996 and a member of our board of directors since February 2000. Mr. Bryson is President of Life Science Advisors, a consulting firm focused on assisting biopharmaceutical and medical device companies in building shareholder value. Mr. Bryson was a 32-year employee of Eli Lilly & Company and served as President and Chief Executive Officer of Eli Lilly from 1991 to 1993. Mr. Bryson was Executive Vice President of Eli Lilly from 1986 until 1991 and served as a member of Eli Lilly's board of directors from 1984 until his retirement in 1993. Mr. Bryson was Vice Chairman of Vector Securities International from 1994 to 1996. He is also a director of Amylin Pharmaceuticals Inc., Ariad Pharmaceuticals Inc., Chiron Corporation and Quintiles Transnational Corp. Mr. Bryson received a B.S. degree in Pharmacy from the University of North Carolina and completed the Sloan Program at the Stanford University Graduate School of Business.

**Table of Contents**

*T. Forcht Dagi, M.D., M.P.H., F.A.C.S., F.C.C.M.* has served as a member of our board of directors since 1999. Dr. Dagi joined Cordova Ventures, LLP, a venture firm with over \$250 million under management, as a Managing Partner in 1996. Prior to joining Cordova, Dr. Dagi served as director and principal of Access Partners, an early stage biotechnology fund. Dr. Dagi serves as a director of the following privately-held companies: AviGenics, Inc., Inhibitex, Inc., Cogent Neuroscience, Inc., Encelle, Inc., iPhysicianNet Inc., Merix Biosciences, Inc. and Xanthon, Inc. Dr. Dagi received an A.B. from Columbia College, an M.D. from the Johns Hopkins School of Medicine, an M.P.H. from the Johns Hopkins School of Hygiene and Public Health, an M.T.S. from Harvard University, and an M.B.A. in finance and strategic planning from the Wharton School of the University of Pennsylvania. Dr. Dagi was trained in neurosurgery and neurophysiology at the Massachusetts General Hospital and Harvard Medical School, where he was a Neuroresearch Foundation Fellow. Dr. Dagi is a diplomat of American Board of Neurological Surgeons and a Fellow of both the American College of Surgeons and the College of Critical Care Medicine.

*Arthur M. Pappas* has served as a member of our board of directors since June 1995. Mr. Pappas is Chairman and Chief Executive Officer of A. M. Pappas & Associates, LLC, an international consulting, investment and venture company that works with life science companies, products and related technologies. Prior to founding A. M. Pappas & Associates in 1994, Mr. Pappas was a director on the main board of Glaxo Holdings plc with executive responsibilities for operations in Asia Pacific, Latin America, and Canada. In this capacity, Mr. Pappas was Chairman and Chief Executive of Glaxo Far East (Pte) Ltd. and Glaxo Latin America Inc., as well as Chairman of Glaxo Canada Inc. Mr. Pappas has held various senior executive positions with Abbott Laboratories International Ltd., Merrell Dow Pharmaceuticals and the Dow Chemical Company, in the United States and internationally. Mr. Pappas is a director of Quintiles Transnational Corp., Valentis Inc., Embrex, Inc., and privately held ArgoMed, Inc., EBM Solutions, Inc., Elitra Pharmaceuticals, FreeSisyphus, Inc. and Incellico, Inc. Mr. Pappas received a B.S. in Biology from Ohio State University and an M.B.A. in Finance from Xavier University.

*William A. Scott, Ph.D.* has served as a member of our board of directors since 1997 and served in a consulting role as our Vice President of Research from May 2000 to May 2001. Dr. Scott was Chief Executive Officer and a member of the board of directors of Physiome Sciences, Inc., a company that specializes in the design of computer models of human organs, from 1997 to 1999. From 1983 to 1996, Dr. Scott held numerous positions at the Bristol-Myers Squibb Research Institute, most recently as Senior Vice President of Drug Discovery from 1990 until 1996. Dr. Scott has served as an Adjunct Professor at the Rockefeller University since 1983 and as an Associate Dean and Associate Professor at Rockefeller University. Dr. Scott is currently a director of Variagenics, Inc. and Deltagen, Inc.

*Stephen G. Sudovar* joined our board of directors in June 2001. Mr. Sudovar has served as President and Chief Executive Officer of EluSys Therapeutics, Inc., a biopharmaceutical company focused on treatments for blood-borne diseases, since 1999. From 1997 until joining EluSys Therapeutics, Mr. Sudovar served as President of Roche Laboratories, Inc., a U.S. division of Hoffmann-La Roche. From 1988 to 1996, Mr. Sudovar held a number of executive and management positions at Roche Laboratories, Inc. From 1977 to 1988, Mr. Sudovar was President, Chief Executive Officer and Chairman of Pracon, Inc., a healthcare consulting and communications firm that he founded. Earlier in his career Mr. Sudovar was selected by the President's Commission on Personnel Exchange to participate in the President's Executive Interchange Program. As a Presidential appointee, he worked as Deputy Administrator for planning evaluation and legislation for the Environmental Protection Agency. He received a special recognition award from the President of the United States for his work at the agency. Mr. Sudovar received his B.S. from St. Peter's College and M.B.A. from Fairleigh Dickinson University.

## **Table of Contents**

### **Board Meetings and Committees**

During the year ended December 31, 2001, the board of directors held ten meetings. The board has also established two committees: an audit committee and a compensation committee. During the year ended December 31, 2001, the audit committee held four meetings and the compensation committee held three meetings. Each director attended at least 75% of the aggregate meetings of the board of directors and any committee on which he served.

*Audit Committee.* The audit committee, which consists of Mr. Bryson, Dr. Dagi and Mr. Sudovar, is responsible for nominating our independent auditors for approval by the board of directors and reviewing the scope, results and costs of the audits and other services provided by our independent auditors. The audit committee members are independent directors as defined by Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards.

*Compensation Committee.* The compensation committee, which consists of Dr. Scott, Mr. Henos and Mr. Pappas, reviews and approves the compensation and benefits for our executive officers, administers our 1995 Stock Option Plan, our 1997 Equity Ownership Plan and our 2001 Equity Ownership Plan, and makes recommendations to the board of directors regarding such matters.

### **Report of the Audit Committee**

The audit committee operates in accordance with its written charter, as filed with our March 20, 2001 proxy statement, which sets forth the responsibilities of the audit committee. The audit committee oversees our financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements as of and for the period ended December 31, 2001 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee has discussed with the independent auditors the auditors' independence from management and AtheroGenics, including the matters in the written disclosures required by the Independence Standards Board.

The committee discussed with the independent auditors the overall scope and plans for their respective audits. The committee met with independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

Based on the reviews and discussions referred to above, the committee recommended to the board of directors (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The committee and the board have also recommended, subject to the shareholder approval, the selection of Ernst & Young LLP as AtheroGenics' independent auditors for fiscal 2002.

Audit Committee:

Vaughn D. Bryson, Chairman

T. Forcht Dagi

Stephen G. Sudovar

**Table of Contents**

**Director Compensation**

Non-employee directors receive \$2,000 for each board meeting attended in person, \$750 for each committee meeting attended in person and \$500 for each teleconference in which they participate. Upon initial election to the board of directors, each non-employee director is granted a non-qualified stock option to acquire up to 20,000 shares of common stock. The exercise price is equal to the fair market value of our common stock on the date of grant and the option vests one-third at the time of election and one-third on each of the first and second anniversaries of election. These directors also receive annually non-qualified stock options having an aggregate value of \$30,000 using the Black Scholes model. In addition, we reimburse all of our directors for ordinary and necessary travel expenses to attend board and committee meetings.

In September 2001, we granted Mr. Henos, the Chairman of our board of directors, an option to purchase 66,800 shares of our common stock at an exercise price of \$5.68 per share in consideration of his efforts as Chairman since 1994 and his continuing efforts through the end of his current term. This grant was in addition to the grant in June 2001 of an option to purchase 13,200 shares of common stock at an exercise price of \$6.00 per share pursuant to the annual grant to non-employee directors discussed above. Due to personal financial and tax reasons, Mr. Henos declined the grant of both options, which we canceled in February 2002. Subsequently, we granted Mr. Henos a new option to purchase 80,000 shares of common stock at an exercise price of \$6.10 per share to replace the canceled options. A portion of the new option vested immediately upon grant, with the remainder vesting on April 18, 2002 and April 18, 2003, consistent with the vesting periods of the June and September 2001 grants.

Dr. Alexander, a member of our board of directors and our scientific co-founder, also serves as the chairman of our scientific advisory board, which provides guidance and counsel on various aspects of our business. Dr. Alexander received a stipend of \$36,000 in 2001 for his services as chairman of the scientific advisory board, in addition to reimbursement for expenses incurred in connection with attending advisory board meetings.

In connection with joining our board of directors in February 2000, we entered into a four-year consulting agreement with Mr. Bryson pursuant to which he will assist management in assessing growth opportunities and strategic direction. Our board of directors agreed to pay Mr. Bryson for his consulting services a non-qualified stock option to acquire up to 20,000 shares of common stock with an exercise price equal to the fair market value of our common stock on the date of grant. The option vests 25% on the first anniversary of the date of grant and approximately 2% per month thereafter.

In May 2000, we entered into a consulting agreement with Dr. Scott, a member of our board of directors, to engage him to serve as Vice President of Research for a period of up to six months. We extended the consulting agreement for an additional six months. Under the agreement, we paid Dr. Scott \$900 per day onsite, plus we awarded him 1,000 shares of common stock for each month of service. The agreement expired in May 2001. We awarded Dr. Scott a total of 13,000 shares of common stock under the agreement.

**Table of Contents****Executive Compensation**

The following table summarizes the compensation paid to or earned during the years ended December 31, 2001, 2000 and 1999 by our Chief Executive Officer and each of our most highly compensated executive officers whose total salary and bonus exceeded \$100,000 for services rendered to us in all capacities during 2001, 2000 and 1999 (as applicable). The executive officers listed in the table below are referred to as the named executive officers.

**Summary Compensation Table**

Name and Principal Position	Fiscal Year	Annual Compensation		Long-Term Compensation	All Other Compensation(1)
		Salary	Bonus	Securities Underlying Options (Number of Shares)	
Russell M. Medford, M.D., Ph.D. President and Chief Executive Officer	2001	\$ 275,000	\$ 124,500	120,000	\$ 30,229(2)
	2000	237,000	150,000	590,000	4,992
	1999	237,000		300,000	4,990
Mark P. Colonnese Senior Vice President of Finance and Administration Chief Financial Officer and Secretary	2001	225,000	56,250	60,000	5,250
	2000	190,000	75,000	160,000	5,250
	1999	182,083	30,000	140,000	3,681(3)
Mitchell Glass, M.D. Senior Vice President of Strategic Drug Development and Chief Medical Officer	2001	245,000	135,000	60,000	9,537(4)
	2000	229,129	20,000	155,000	8,657(4)
	1999	210,000		20,000	27,508(4)
Martin A. Wasserman, Ph.D.(6) Vice President of Discovery Research and Chief Scientific Officer	2001	153,334	37,950	90,000	89,786(5)

- (1) Includes a 401(k) plan matching contribution by us for 2001, 2000 and 1999, respectively, in the amounts of \$5,229, \$4,992 and \$4,990 for Dr. Medford and \$5,250, \$5,250 and \$1,420 for Mr. Colonnese.
- (2) Includes \$25,000 for a one-time allowance for financial and tax planning assistance.
- (3) Includes \$2,256 for consulting services prior to employment.
- (4) Represents reimbursement for personal travel.
- (5) Includes reimbursement for moving and relocation expenses.
- (6) Dr. Wasserman joined AtheroGenics in April 2001.

**Option Grants in Year Ended December 31, 2001**

The following table sets forth information concerning the individual grants of stock options to each of the named executive officers during the fiscal year ended December 31, 2001. All options were granted under our 1997 Equity Ownership Plan and our 2001 Equity Ownership Plan. Each option has a ten-year term, subject to earlier termination if the optionee's service with us terminates. Options vest at the rate of 25% on the first

**Table of Contents**

anniversary of the vesting commencement date and 1/48 monthly thereafter in 36 installments. All options were granted with exercise prices equal to the fair market value on the date of the grant.

Name	Individual Grant			Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)		
	No. of Securities	Percent of Total Options Granted	Exercise	Expiration Date	5%	10%
	Underlying Options Granted (#)	to Employees in Fiscal Year(1)	Price (\$/Share)			
Russell M. Medford, M.D., Ph.D.	120,000	14.9%	\$6.05	12/31/11	\$ 456,578	\$ 1,157,057
Mark P. Colonnese	60,000	7.4	6.05	12/31/11	228,289	578,529
Mitchell Glass, M.D.	60,000	7.4	6.05	12/31/11	228,289	578,529
Martin A. Wasserman, Ph.D.	50,000	6.2	6.04	4/30/11	189,926	481,310
	40,000	5.0	6.05	12/31/11	152,193	385,686
	<u>330,000</u>				<u>\$ 1,255,275</u>	<u>\$ 3,181,111</u>

- (1) In 2001, we granted options to employees to purchase an aggregate of 807,050 shares of common stock.
- (2) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The 5% and 10% assumed rates of appreciation are used in accordance with the rules of the Securities and Exchange Commission. These assumptions are not intended to forecast future appreciation of our stock price. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock. The actual gains, if any, on the stock option exercises will depend on the future performance of the common stock, the optionee's continued employment through applicable vesting periods and the date on which the options are exercised and the underlying shares are sold.

**Aggregate Option Exercises in Fiscal Year Ended December 31, 2001 and Year-End  
Option Values**

The following table sets forth option exercises by the named executive officers during the 2001 fiscal year, including the aggregate value of gains on the date of exercise. The table also sets forth (i) the number of shares covered by options (both exercisable and unexercisable) as of December 31, 2001 and (ii) the respective value for in-the-money options, which represents the positive spread between exercise price of existing options and the fair market value of AtheroGenics' common stock at December 31, 2001.

Name	Number of Shares Acquired on Exercise	Value Realized of Shares Acquired on Exercise	Number of Securities Underlying Unexercised Options at December 31, 2001		Value of Unexercised In-the-Money Options December 31, 2001	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Russell M. Medford, M.D., Ph.D.		\$	562,500	547,500	\$ 3,128,085	\$ 2,120,415
Mark P. Colonnese	25,000	152,500	99,850	190,750	527,897	623,354
Mitchell Glass, M.D.	41,000	235,750	126,050	146,250	678,863	367,763
Martin A. Wasserman, Ph.D.				90,000		500
	<u>66,000</u>	<u>\$ 388,250</u>	<u>788,400</u>	<u>974,500</u>	<u>\$ 4,334,845</u>	<u>\$ 3,112,032</u>

**Employment Agreement**

## Edgar Filing: ATHEROGENICS INC - Form DEF 14A

We have entered into an employment agreement with Dr. Medford, our President and Chief Executive Officer, dated as of March 1, 2001.

Our employment agreement with Dr. Medford has an initial term of three years, commencing on the effective date of the agreement. The initial term extends automatically for one year on the second anniversary of the effective date of the agreement and on each anniversary thereafter, unless, prior to such anniversary,

## **Table of Contents**

either party gives notice that it wishes to terminate the agreement at the end of the then current employment term. The agreement provides for a base salary of not less than \$275,000 per year and annual incentive compensation to be determined by our board of directors in its discretion. However, for the first year of the agreement, the target annual incentive compensation is \$104,500, or 38% of base salary. Our board of directors will grant annually to Dr. Medford (subject to availability) additional stock or stock options having a value of at least 60% of Dr. Medford's then current base salary. The employment agreement provided Dr. Medford with a one-time allowance for financial and tax planning assistance in a lump sum payment not to exceed \$25,000. The employment agreement also provided Dr. Medford with a one-time signing bonus of \$20,000.

If we terminate Dr. Medford's employment agreement other than for cause or we choose not to extend the agreement, or if Dr. Medford terminates the agreement as a result of a constructive discharge or a change of control of AtheroGenics, we must pay Dr. Medford an amount equal to two times the sum of his then current base salary and the pro rata portion of his target annual incentive compensation for the year in which the termination occurs. In the event that Dr. Medford voluntarily resigns or is discharged for cause, he will receive no special severance benefits or compensation. Dr. Medford's employment agreement also has post-termination noncompetition and nonsolicitation provisions which prohibit him from competing with AtheroGenics or soliciting its customers or employees for one year following his termination.

### **Report of the Compensation Committee**

#### *General Philosophy on Executive Compensation*

AtheroGenics' executive compensation program is administered by the compensation committee of the board of directors, which is composed of three non-employee directors. The committee is responsible for establishing and administering the policies that govern both executive annual compensation and all employee equity ownership programs. All decisions by the committee relating to the compensation of AtheroGenics' executive officers are reviewed by the full board of directors.

#### *Overview and Philosophy*

The goals of AtheroGenics' executive compensation program are to:

provide competitive compensation that will help attract, retain and reward highly qualified executives who contribute to the long-term success of AtheroGenics;

align management's interests with the success of AtheroGenics by placing a portion of the executive's compensation at risk in relation to AtheroGenics' performance; and

align management's interests with shareholders by including long-term equity incentives.

The committee believes that AtheroGenics' executive compensation program provides an overall level of compensation that is competitive within its industry and among companies of comparable size and complexity. To ensure that compensation is competitive, AtheroGenics regularly compares its compensation practices with those of other similar companies and sets its compensation guidelines based on this review. The committee also seeks to achieve an appropriate balance of the compensation paid to a particular individual and the compensation paid to other executives both inside AtheroGenics and at comparable companies and attempts to maintain an appropriate mix of salary and incentive compensation. While compensation data are useful guides for comparative purposes, AtheroGenics believes that a successful compensation program also requires the application of judgment and subjective determinations of individual performance.

#### *Executive Compensation Program*

AtheroGenics' executive compensation program consists of base salary, periodic incentive compensation and long-term equity incentives in the form of stock options. Executive officers also are eligible to participate in certain benefit programs that are generally available to all employees of AtheroGenics, such as medical insurance programs, life insurance programs and 401(k) plans.

**Table of Contents**

*Base Salary*

At the beginning of each fiscal year, the committee establishes an annual salary plan for AtheroGenics' senior executive officers based on recommendations made by AtheroGenics' Chief Executive Officer. The committee attempts to set base salary compensation within its perceived range of salaries of executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses and of comparable size and success. The committee has reviewed compensation for comparable positions by reviewing published compensation data as part of its efforts to set the annual cash compensation for AtheroGenics' executives. The committee has attempted to base salary determinations both upon AtheroGenics' financial performance and upon the individual's performance as measured by certain subjective non-financial objectives. These non-financial objectives include the individual's contribution to AtheroGenics as a whole, including his or her ability to motivate others, develop the skills necessary to grow as AtheroGenics matures, recognize and pursue new business opportunities and initiate programs to enhance AtheroGenics' growth and success.

*Annual and Long-Term Incentive Compensation*

AtheroGenics has no formal bonus program for its key employees, although the committee may consider adopting such a program in the future. Bonus payments may be made to key employees based on the achievement of agreed upon performance objectives or as a part of the recruitment process.

AtheroGenics' 2001 and 1997 Equity Ownership Plans are designed to promote the harmonization of long-term interests between AtheroGenics' employees and its shareholders and to assist in the retention of executives and employees. The size of option grants is generally intended by the committee to reflect the executive's position with us and his or her contributions to AtheroGenics. Stock options generally vest over a period not to exceed four years from the date of the grant in order to encourage key employees to continue in the employ of AtheroGenics. Stock options are granted with an option exercise price equal to the fair market value of AtheroGenics' common stock on the date of the grant.

*Benefits*

AtheroGenics' executive officers are entitled to receive life and medical insurance benefits on the same basis as other full-time employees of AtheroGenics. They are also eligible to participate in our 401(k) plan.

*Compensation of Chief Executive Officer*

In fiscal 2001, Dr. Medford, our President and Chief Executive Officer, received cash compensation of \$399,500, which represented his base salary for 2001 and bonuses of \$124,500. In addition, Dr. Medford received an incentive grant of options to purchase 120,000 shares of AtheroGenics' common stock at an exercise price of \$6.05 per share. The amount of Dr. Medford's base salary is set annually by the board of directors. See Employment Agreement for a description of the employment agreement between Dr. Medford and AtheroGenics.

*Compliance with Internal Revenue Code Section 162(m)*

Section 162(m) of the Internal Revenue Code disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's chief executive officer or to any of the other named executive officers in the proxy statement. The deductibility of executive compensation in excess of the limit set in Section 162(m) of the Internal Revenue Code 1986, as amended, was not a factor in the committee's determination of 2001 compensation levels. The committee will continue to review

**Table of Contents**

AtheroGenics executive compensation plans to determine what changes, if any, may be advisable in connection with Section 162(m).

Compensation Committee:

William A. Scott, Ph. D., Chairman

Michael A. Henos

Arthur M. Pappas

**Compensation Committee Interlocks and Insider Participation**

None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our board of directors or compensation committee.

**Stock Performance Graph**

The following graph shows the total shareholder return of an investment of \$100 in cash in AtheroGenics common stock since AtheroGenics initial public offering of common stock on August 9, 2000 through December 31, 2001, compared to the total return of the same investment in the Nasdaq Composite (U.S.) Index and the Nasdaq Index Biotech for that same period. All values assume reinvestment of the full amount of all dividends although dividends have never been declared on AtheroGenics common stock.

	Aug 9	2000	2001
AtheroGenics, Inc.	100.00	60.61	73.33
Nasdaq Composite Index	100.00	64.11	50.61
Nasdaq Index Biotech	100.00	88.80	74.41

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers to file reports of holdings and transactions in AtheroGenics stock with the Securities and Exchange Commission. Based on a review of written representations from the executive officers and directors, we believe that all Section 16(a) filing requirements were met during 2001, with the following exceptions: (i) R. Wayne

**Table of Contents**

Alexander filed one report on Form 4 after the due date of the Form, reporting sixteen transaction that took place in one month; (ii) Michael A. Henos filed one report on Form 4 after the due date of the Form, reporting three transactions that took place in one month; and (iii) Arthur M. Pappas filed one report on Form 4 reporting one transaction after the due date of the Form.

**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The board of directors of AtheroGenics, upon the recommendation of the audit committee, has appointed the firm of Ernst & Young LLP to serve as independent auditors of AtheroGenics for the fiscal year ending December 31, 2002, and has directed that such appointment be submitted to the shareholders of AtheroGenics for ratification at the annual meeting. Ernst & Young LLP has served as independent auditors of AtheroGenics since 1994, and is considered by management of AtheroGenics to be well qualified. If the shareholders do not ratify the appointment of Ernst & Young LLP, the board of directors will reconsider the appointment.

Representatives of Ernst & Young LLP will be present at the annual meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from shareholders.

**Fees Billed to AtheroGenics by Ernst & Young LLP in 2001**

*Audit Fees*

Audit fees billed to AtheroGenics by Ernst & Young LLP during the fiscal year ended December 31, 2001 for the audit of AtheroGenics annual financial statements and the review of the quarterly financial statements included in the Quarterly Reports on Form 10-Q totaled \$91,350.

*Financial Information Systems Design and Implementation Fees*

AtheroGenics did not engage Ernst & Young LLP to provide advice regarding financial information systems design and implementation during the fiscal year ended December 31, 2001.

*All Other Fees*

Fees billed to AtheroGenics by Ernst & Young LLP during the fiscal year ended December 31, 2001 for all other non-audit services rendered to AtheroGenics, including services relating to our private placement, our 2001 option plan and tax-related services, totaled \$47,522. The audit committee of the board of directors has determined that the provision of these services is compatible with the maintenance of the independence of Ernst & Young LLP.

**The board of directors unanimously recommends that the shareholders vote FOR the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of AtheroGenics for fiscal 2002.**

**SHAREHOLDER PROPOSALS**

Shareholders proposals intended to be presented at the 2003 annual meeting of shareholders must be delivered to our offices at 8995 Westside Parkway, Alpharetta, GA 30004, addressed to Mark P. Colonnese, no later than November 13, 2002, in order to be considered for inclusion in our proxy statement and form of proxy for that meeting. In accordance with Article I, Section 1 of our bylaws, any proposals presented by a shareholder must satisfy all of the conditions set forth in Rule 14a-8 under the Securities Exchange Act of 1934, as amended. Pursuant to Article I, Section 3(c) of our bylaws, a shareholder who presents a proposal for a meeting other than the annual meeting must deliver written notice to us at the address above, addressed to Mr. Colonnese, no earlier than the 90th day prior to such meeting and no later than the close of business on the 60th day prior to such meeting or the tenth day following the day on which public announcement is made of the date of such meeting. The notice must include the information required by Article I, Section 3(c) of the bylaws.

**Table of Contents**

**OTHER MATTERS THAT MAY COME BEFORE THE ANNUAL MEETING**

The board of directors of AtheroGenics knows of no matters other than those referred to in the accompanying Notice of Annual Meeting of Shareholders which may properly come before the annual meeting. However, if any other matter should be properly presented for consideration and voting at the annual meeting or any adjournments thereof, it is the intention of the persons named as proxies on the enclosed form of proxy card to vote the shares represented by all valid proxy cards in accordance with their judgment of what is in the best interest of AtheroGenics.

By Order of the Board of Directors.

MICHAEL A. HENOS

*Chairman of the Board*

Alpharetta, Georgia

March 11, 2002

AtheroGenics is mailing its 2001 Annual Report to its shareholders with these proxy materials. The Annual Report does not form any part of the material for the solicitation of proxies.
