Plan Administrator
Fidelity National Corporation Tax Deferred 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of Fidelity National Corporation Tax Deferred 401(k) Savings Plan as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

December 31, 2002

1. Description of Plan

The following description of Fidelity National Corporation Tax Deferred 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan s provisions.

General

The Plan is a defined contribution plan for the benefit of the employees of Fidelity National Corporation (the Company or the Parent), Fidelity National Bank (FNB or the Bank), and Fidelity National Capital Investors, Inc. (collectively referred to as the Companies).

Effective January 1, 2001, the Plan was amended to change the match formula from 50% of the first 2% and 25% of the next 4% of employee contributions to a match of 50% of the first 6% of employee contributions. Under the Plan, all employees of the Companies who have attained age 21, completed one year of service as defined in the Plan are eligible to participate in the Plan.

Effective September 20, 2002, the Company appointed a new trustee in order to consolidate the Plan s recordkeeping and trust functions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions to the Plan are made by both the participants and the Companies. Participants may contribute through payroll deductions from 1% to 15% of their aggregate compensation.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

The Companies make a matching contribution at a rate of 50% of the first 6% of each participant's aggregate compensation contributed to the Plan subject to limitations as set forth in the Plan provisions. In addition, the Companies may make discretionary contributions to the Plan for participants employed on the last day of the Plan's fiscal year. The Companies' discretionary contributions are allocated based on a participant's proportionate share of the total compensation paid during the Plan year to all participants in the Plan. The Companies did not make a discretionary contribution to the Plan in 2002.

Participant Accounts

Each participant's account is credited with the participant's contributions, investment earnings/losses thereon, and each participant's interest in the Companies' matching and any discretionary contributions.

Vesting

Participants are immediately 100% vested in their contributions plus actual investment earnings/losses thereon. Participants are vested in the Companies' regular matching and discretionary contributions at a rate of 20% per year for each year of service (1,000 hours or more) after one year of service and accordingly, are fully vested after six years of service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce the Companies' future contributions to the Plan. The total available forfeitures were \$6,576 and \$55,985 at December 31, 2002 and 2001, respectively. For the year ended December 31, 2002, employer contributions to the Plan were reduced by \$47,246 from forfeited nonvested accounts.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Distributions

Participants may receive distributions equal to the fair value of their vested account balances upon death, disability, retirement, or termination. Distributions may be in the form of an annuity, a lump sum, installments or a combination of a lump sum and installments.

Administrative Expenses

The Company pays all administrative costs associated with the operation of the Plan.

Participant Loans

Participants may borrow up to an amount equal to the lesser of \$50,000 or 50% of their vested account balances, but not less than \$1,000. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate as posted in the Wall Street Journal, plus one percent. Principal and interest are paid through semi-monthly payroll deductions.

Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds and Fidelity National Corporation common stock are valued based on the quoted market price on the last business day of the year. Securities transactions are accounted for on the trade date. Participant loans are valued at their outstanding balances, which approximates fair value.

Investment income is allocated to participants based on their proportionate investment balances during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated August 13, 1986, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
