All statements contained in this Current Report on Form 8-K, other than statements of historical fact, are forward-looking statements, including those regarding: our guidance on future financial results and other projections or measures of our future performance; the amount and timing of the benefits expected from acquisitions or other transactions or from new or updated products or services; other potential sources of additional revenue. These statements speak only as of the date of this Current Report and are based on our current plans and expectations, and they involve risks and uncertainties that could cause actual future events or results to be different from those described in or implied by such forward-looking statements. These risks and uncertainties include those relating to: market acceptance of our products and services; relationships with customers and strategic partners; difficulties in integrating acquired businesses; changes in economic, political or regulatory conditions or other trends affecting the healthcare, Internet, information technology and plastics industries, including matters relating to the Health Insurance Portability and Accountability Act of 1996 (HIPAA); our ability to attract and retain qualified personnel; and uncertainties regarding the outcome of the previously-announced process of exploring alternatives with respect to Emdeon Business Services and Emdeon Practice Services and its effects on those segments. Exhibit 99.1 furnished with this Current Report on Form 8-K includes historical and forward-looking financial measures in accordance with U.S. generally accepted accounting principles, or GAAP, as well as non-GAAP financial measures. The non-GAAP financial measures include: our earnings before interest, taxes, non-cash and other items (which we refer to as Adjusted EBITDA); and related per share amounts. Exhibit 99.2 furnished with this Current Report includes: a reconciliation of historical non-GAAP financial measures to historical GAAP financial measures; and a reconciliation of forward-looking non-GAAP financial measures to forward-looking GAAP financial measures. We believe that the above non-GAAP measures, and changes in those measures, are meaningful indicators of our company's performance and provide additional information that our management finds useful in evaluating such performance and in planning for future periods. Accordingly, we believe that such additional information may be useful to investors. The non-GAAP financial measures should be viewed as supplemental to, and not as an alternative for, the GAAP financial measures.
