### SELLING SECURITYHOLDERS

The notes were originally issued by us in a private placement and were resold by the initial purchasers thereof to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended. Selling securityholders, including any non-sale transferees, pledges or donees or their successors, may from time to time offer and sell any or all of the notes and common stock into which the notes are convertible pursuant to the prospectus and this prospectus supplement.

The selling securityholders may offer all, some or none of the notes or common stock into which the notes are convertible. Because the selling securityholders may offer all or some portion of the notes or the common stock, no estimate can be given as to the amount of the notes or the common stock that will be held by the selling securityholders upon termination of any sales.

(1) Includes common stock into which the notes are convertible.

(2) Assumes conversion of the notes into shares of common stock at a conversion rate of 22.9690 shares of common stock per each \$1,000 principal amount of notes. The conversion rate and the number of shares of common stock issuable upon conversion of the notes is subject to adjustment under certain circumstances. See Description of Notes Conversion Rights in the prospectus. Accordingly, the number of shares of common stock issuable upon conversion of the notes may increase or decrease from time to time.

- (3) We do not know when or in what amounts a selling securityholder may offer the notes or shares of common stock for sale. The selling securityholders might not sell any or all of the notes or shares of common stock offered by the prospectus and this prospectus supplement. Because the selling securityholders may offer all or some of the notes or shares of common stock pursuant to the prospectus and this prospectus supplement, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the notes or shares of common stock, we cannot estimate the number of the notes or shares of common stock that will be held by the selling securityholders after completion of this offering. However, for purposes of this table, we have assumed that, after completion of the offering pursuant to the prospectus and this prospectus supplement, none of the notes or shares of common stock covered by the prospectus and this prospectus supplement will be held by the selling securityholders.

- (4) Information about additional selling securityholders will be set forth in further amendments to the registration statement of which this prospectus supplement is a part or in post-effective amendments to the prospectus before those securityholders make any offers or sales pursuant to the prospectus and this prospectus supplement. We have assumed that any other selling securityholders, or any non-sale future transferee, pledge, donee or successor of any such other selling securityholders, do not beneficially own any shares of our common stock other than the shares of common stock issuable upon conversion of the notes. The information included with respect to each selling securityholder included in this table, and the aggregate principal amount of notes owned by each selling securityholder, have been so included in reliance on information provided to us by such selling securityholder. We have received questionnaires from selling securityholders representing notes in an aggregate principal amount in excess of the amount that we issued in the private placement. We cannot verify whether any questionnaires were received from selling securityholders who have subsequently sold their notes, and therefore have included in the table all selling securityholders from whom we received questionnaires.
- (5) We will issue cash for all fractional shares of common stock based on the closing sale price of the common stock on the trading day immediately preceding the conversion date.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of Securities offered (if the total dollar value of Securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

II-2

---

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

**B. Subsequent Documents Incorporated By Reference**

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the Securities offered therein, and the offering of such Securities at that time shall be deemed to be the initial bona fide offering thereof.

**C. Indemnification of Officers, Directors and Controlling Persons**

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this post-effective amendment no. 3 to the registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Atlanta, State of Georgia, on August 21, 2007.
