REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Harris Corporation Employee Benefits Committee
Harris Corporation Retirement Plan

We have audited the accompanying statements of net assets available for benefits of Harris Corporation Retirement Plan as of June 29, 2007 and June 30, 2006, and the related statement of changes in net assets available for benefits for the year ended June 29, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at June 29, 2007 and June 30, 2006, and the changes in its net assets available for benefits for the year ended June 29, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of June 29, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

HARRIS CORPORATION RETIREMENT PLAN

Notes to the Financial Statements

June 29, 2007 and June 30, 2006

NOTE 1 DESCRIPTION OF PLAN

The following description of the Harris Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

- A. **General** The Plan is a defined contribution plan with a 401(k) feature covering substantially all eligible employees of Harris Corporation and certain of its subsidiaries (collectively, the Company or Employer) as defined in the Plan document. The Plan Administrator is the Harris Corporation Employee Benefits Committee comprised of persons appointed by Harris Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
- B. **Contributions** Participants may contribute a percentage of both pre-tax and after-tax eligible compensation, as defined in the Plan document and subject to Internal Revenue Code (the Code) limitations. Participants age 50 and older by the end of the calendar year can contribute an additional amount above the annual pre-tax limitation, as defined in the Plan document and subject to the Code limitation. The Company matches 100% of pre-tax and after-tax contributions subject to a limit of 6% of eligible compensation for any eligible employee who has completed one year of service. Full-time participants who make no election with respect to pre-tax or after-tax contributions receive an automatic deferral of 6% of eligible compensation on a pre-tax basis. The Employer makes profit sharing contributions based on a formula tied to the Company s earnings per share and related financial targets. The Employer may also make additional discretionary profit sharing contributions which are allocated to eligible employees based on compensation and excess compensation as defined in the Plan document. Participants also may rollover amounts to the Plan from other qualified plans.
- C. **Payments of Benefits** Prior to termination of employment, a participant may withdraw all or any portion of his or her after-tax account balance or rollover balance. Upon retirement or other termination of employment a participant may elect to receive either a lump-sum amount equal to all or a portion of the participant s vested interest in his or her account, or installments over a future period. A participant may also receive a distribution for financial hardship or upon attainment of age 59½ per the Plan document.
- D. **Participant Loans** The loan program permits participants to borrow against their pre-tax, after-tax, designated Roth and rollover contributions. A participant may borrow in increments of \$100 from a minimum of \$500 to a maximum of 50% of the vested portion of the participant s account or \$50,000 whichever is lower, within certain limitations established by the Plan document. Payback periods range from one to five years at the option of the participant and may be as long as ten years if the loan is to be used for the purchase of a principal residence. Interest rates are established by the Company based on market rates. Loans are paid back ratably through payroll deductions. The outstanding loans have been established as a separate fund.
- E. **Participant Accounts** Each participant s account is credited with the participant s contribution and allocations of (a) the Company s matching contribution, (b) the Company s nondiscretionary profit sharing contribution, (c) the Company s additional discretionary profit sharing contribution, if any, and, (d) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Table of Contents**HARRIS CORPORATION RETIREMENT PLAN**

Notes to Financial Statements

June 29, 2007 and June 30, 2006

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

- F. **Vesting** Participants are immediately vested in their pre-tax and after-tax contributions plus actual earnings thereon. Vesting in the Employer matching, nondiscretionary profit sharing and discretionary profit sharing contributions, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service, based on the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A participant also becomes 100% vested upon his or her termination of employment after attaining age 55 or on account of his or her death or disability.

- G. **Forfeitures** A terminated participant who is not 100% vested will forfeit the non-vested portion of the Company's contributions unless the participant returns to employment within five years. The forfeited contributions are used first to restore the accounts of recently located missing participants, as defined in the Plan document; next, to restore accounts of participants who were reemployed prior to incurring a break in service of five consecutive years; next, to fund any matching or profit sharing contributions to be allocated to participants who are reemployed after a period of qualified military service, as defined in the Plan document; and finally, to reduce future contributions to the Plan by the Company. Forfeited amounts included in Plan assets at June 29, 2007 and June 30, 2006 were \$672,454 and \$96,862, respectively. For the years ended June 29, 2007 and June 30, 2006, Employer contributions were reduced by \$900,516 and \$1,487,274, respectively, from forfeited non-vested accounts.
- H. **Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
- I. **Investment Options** Upon enrollment into the Plan, a participant may direct Employer and participant contributions into any of several investment options, except that profit sharing and rollover contributions may not be invested in the Harris Stock Fund. The investment options are fully described in the summary plan description available to participants. Elections to change funds can be made daily; however, investments in the Harris Stock Fund are subject to a holding period and amounts in the Stable Value Fund, which is comprised of unallocated insurance contracts, cannot be transferred directly to the Money Market Fund. A participant may not transfer amounts from other investment funds to the Harris Stock Fund and investments are governed by other limitations described in the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accounting records of the Plan are maintained on the accrual basis. Certain prior-year data have been reclassified to conform to the 2007 presentation.

New Accounting Pronouncement As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and

SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies*

Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount members would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment contracts and the adjustment from fair value to contract value for fully benefit-responsive investment contracts. Prior year balances have been retroactively adjusted for the FSP accordingly. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Table of Contents**HARRIS CORPORATION RETIREMENT PLAN**

Notes to Financial Statements

June 29, 2007 and June 30, 2006

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments The Plan's investments are stated at fair value. Quoted market prices are used when available, to value investments. Investments for which quoted market values are not available are stated at fair values as reported by the trustee or investee company. Participant loans are valued at their outstanding balances, which approximate fair value.

Investments in common/collective trusts are stated at fair value, based on quoted redemption values as determined by Northern Trust, the Trustee as defined by the Plan document. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments represents the sum of the unrealized appreciation (depreciation) in aggregate fair value of investments and the realized gain (loss) on sale of investments.

The Plan holds traditional guaranteed investment contracts (traditional GICs) and synthetic guaranteed investment contracts (synthetic GICs) in its Stable Value Fund. A corresponding contract wrapper with the issuer of the synthetic GICs is also held in order to provide a variable rate of return on the cost of the investment. The fair value of the traditional GICs and the synthetic GICs was determined using a discounted cash flow method or quoted market value of underlying investments. The fair value of the contract wrappers was based on replacement costs and were zero dollars at June 29, 2007 and June 30, 2006, respectively. As required by FSP AAG INV-1 and 94-4-1, the investments in traditional GICs and synthetic GICs are presented at fair value on the statements of net assets available for benefits in the line item Guaranteed investment contracts . An adjustment line has also been included in the statements of net assets available for benefits, so that ending net assets available for benefits are recorded at contract value.

The traditional GICs and synthetic GICs are between the respective issuers thereof and the Plan and prohibit the Plan from selling or assigning such contracts without issuer consent. Terms of such contracts allow all participant-initiated transactions to occur at book value with the conditions or limitations. The crediting interest rate is set at the time such contracts are negotiated and, depending on the terms of such contracts, is fixed through the maturity date or is re-set quarterly, semiannually or annually depending on the performance of the investments being managed. The minimum crediting rate is zero percent. Key factors that could influence future crediting interest rates include, but are not limited to, the following: (1) the level of market interest rates, (2) the amount and timing of participant contributions, transfers and withdrawals into/out of such contracts, (3) the investment returns generated by the fixed income investments that support the contract wrapper, or (4) the duration of the underlying investments supporting such contracts.

Certain events limit the ability of the Plan to make investment transactions at contract value with the issuer of the traditional GIC or synthetic GIC. These events include, but are not limited to, the following: (1) termination of the Plan, (2) a material adverse change to the provisions of the Plan, (3) if the Plan elects to withdraw from a traditional GIC or synthetic GIC in order to switch to a different investment provider, or (4) if the terms of a successor plan (in the event of a spin-off or sale of a division) do not meet the contract issuer's underwriting criteria for issuance of a clone contract. The Company does not believe that the occurrence of any event limiting the Plan's ability to make investment transactions at contract value with issuers is probable.

The traditional GIC and synthetic GIC issuers can terminate the contract and settle at an amount different from contract value under limited circumstances such as the Plan losing its qualified status, a material and adverse change to the provisions of the Plan, or uncured material breaches of responsibilities.

The average yield based on actual earnings was approximately 5.05% at June 29, 2007 and 5.03% at June 30, 2006. The average yield based on interest rate credited to participants was approximately 5.04% at June 29, 2007 and 4.63% at June 30, 2006.

Use of Estimates The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses Unless otherwise elected by Harris Corporation, all reasonable charges and expenses incurred in connection with the administration of the Plan are paid by the Trustee from the assets of the trust.

NOTE 3 INVESTMENTS

During the year ended June 29, 2007, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	June 29, 2007
Net appreciation in fair value as determined by quoted market prices:	
Common stocks	\$ 133,837,729
Registered investment companies	67,937,435
Corporate bonds and debentures	119,113
	201,894,277
Net appreciation in fair value as determined by investee company/trustee:	
Real estate investments	131,331
Common/collective trusts	144,156,640
Guaranteed investment contracts	23,023,261
	167,311,232
Total net appreciation in fair value	\$ 369,205,509

The fair value of individual investments that represent 5% or more of Plan net assets at June 29, 2007 and June 30, 2006 is as follows:

	June 29, 2007	June 30, 2006
MFB NTGI-QM Collective Daily Russell 1000 Equity Index Fund	\$ 232,370,374	\$ 210,377,575
MFB NTGI-QM Collective Daily S&P 500 Equity Index Fund	291,468,618	258,641,075
MFO Bank of New York Collective TR Aggregate Index Fund	300,849,810	262,613,561
MFO Columbia FDS SER TR Intl. Fund	239,422,460	161,920,365
Harris Corporation common stock	158,203,946	125,800,040

Table of Contents**HARRIS CORPORATION RETIREMENT PLAN**

Notes to Financial Statements

June 29, 2007 and June 30, 2006

NOTE 4 RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of common stock of Harris Corporation and balances in a common/collective trust fund are managed by Northern Trust. Harris Corporation is the Plan sponsor and Northern Trust is the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions.

Harris Corporation common stock is included with other common stock at June 29, 2007 and June 30, 2006 as follows:

	June 29, 2007		June 30, 2006	
	Shares	Fair Value	Shares	Fair Value
Harris Corporation common stock	2,900,164	\$ 158,203,946	3,030,596	\$ 125,800,040

Transactions in shares of the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA. During the year ended June 29, 2007, the Plan made purchases of \$14,124,092 and sales of \$18,765,960 of the Company's common stock.

NOTE 5 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated April 21, 2004, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations in compliance with the Code.

NOTE 6 CONCENTRATION OF CREDIT RISK

Cash amounts at the Trustee may exceed the \$100,000 federally insured limit from time to time. The Plan provides for investments in various investment securities, which, in general, are exposed to certain risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO THE FORM 5500

Form 5500 requires the recording of a liability for benefit amounts processed prior to year-end but not yet paid. This requirement conflicts with accounting principles generally accepted in the United States and the presentation of such amounts in the financial statements where they remain as part of net assets available for benefits until paid.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at June 29, 2007 and at June 30, 2006:

	June 29, 2007	June 30, 2006
Net assets available for benefits per the financial statements	\$ 2,790,542,535	\$ 2,466,349,178
Due to participants	(2,956,866)	(347,347)
Adjustment to fair value from contract value for fully-benefit responsive investment contracts	(11,141,939)	
Net assets available for benefits per the Form 5500	\$ 2,776,443,730	\$ 2,466,001,831

The following is a reconciliation of investment income per the financial statements to the Form 5500 for the year ended June 29, 2007:

	June 29, 2007
Investment income per the financial statements	\$ 383,310,012
Adjustment to fair value from contract value for fully-benefit responsive investment contracts	(11,141,939)
Investment income per the Form 5500	\$ 372,168,073

The following is as reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended June 29, 2007:

	June 29, 2007
Benefits paid to participants per the financial statements	\$ 220,732,791
Add: benefits due but unpaid at June 29, 2007	2,956,866
Less: benefits due but unpaid at June 30, 2006	(347,347)
Benefits paid to participants per the Form 5500	\$ 223,342,310

NOTE 8 SUBSEQUENT EVENT

The Plan was amended and restated in its entirety effective July 1, 2007. The Plan as amended and restated no longer provides for a nondiscretionary profit sharing contribution based upon earnings per share. Instead, a participant may elect a special, unmatched pre-tax or after-tax contribution to the Plan of 0%, 50% or 100% of the amount, if any, payable to the participant under the new cash-based Performance Reward Plan, subject to Code limitations. The Plan as amended and restated also accelerates the graduated vesting schedule for matching and profit sharing contributions to 4 years, replacing the previous 6-year vesting term. Other changes in the Plan as amended and restated include allowing participants to use all sources of contributions for investment in the Harris Stock Fund provided that no more than 20% of a participant's account be invested in the Harris Stock Fund. The holding period related to the Harris Stock Fund also has been eliminated. The Plan as amended and restated also includes the refinement of certain Plan terms and provides for modifications to satisfy regulation requirements. The Plan as amended and restated also provides for different matching contributions, with different eligibility requirements applicable thereto, for various categories of participants. By amendment the Plan sponsor has accepted the merger of three plans into the Plan with effective dates after June 29, 2007.
