PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being mailed on or about April 8, 2005, in connection with the solicitation by the Board of Directors of Computer Task Group, Incorporated of proxies to be voted at the annual meeting of shareholders on May 11, 2005, and any adjournment or postponement of the meeting. The mailing address of the Company's executive office is 800 Delaware Avenue, Buffalo, New York 14209.

The Board has selected the close of business on March 25, 2005 as the record date for the determination of shareholders entitled to vote at the annual meeting. On that date, the Company had outstanding and entitled to vote 20,868,834 shares of common stock, par value \$.01 per share.

Each outstanding share of common stock is entitled to one vote. Shares cannot be voted at the meeting unless the shareholder is present or represented by proxy. If a properly executed proxy in the accompanying form is returned, the shares represented thereby will be voted at the meeting in accordance with the instructions contained in the proxy, unless the proxy is revoked prior to its exercise. Any shareholder may revoke a proxy either by executing a subsequently dated proxy or notice of revocation, provided that the subsequent proxy or notice is delivered to the Company prior to the taking of a vote, or by voting in person at the meeting.

Under the New York Business Corporation Law ("BCL") and the Company's By-laws, the presence, in person or by proxy, of one-third of the outstanding common stock is necessary to constitute a quorum of the shareholders to take action at the annual meeting. The shares that are present at the meeting, or represented by a proxy, will be counted for quorum purposes regardless of whether or not a broker with discretionary authority exercises its discretionary voting authority with respect to any particular matter. Once a quorum is established, under the BCL and the Company's By-laws, the directors standing for election may be elected by a plurality of the votes cast. For voting purposes, all votes cast "for," "against," "abstain," or "withhold authority" will be counted in accordance with such instructions as to each item. Broker non-votes will not be counted for any item.

ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of shareholders held in the year in which the term for their class expires. The terms for two Class II directors will expire at the 2005 annual meeting. Directors elected to Class II at the 2005 annual meeting will hold office for a three-year term expiring at the annual meeting of shareholders in 2008 and until their successors are elected and qualified. The BCL requires that all classes shall be as nearly equal in number as possible. The Board has decided to place Thomas E. Baker in Class II. Mr. Baker joined the Board in August of 2004 and filled the vacancy that existed at that time. The Board also decided to move Mr. Beitzel into Class III. If elected, Mr. Beitzel will hold office for a one-year term expiring at the annual meeting of shareholders in 2006 and until his successor is elected and qualified. The shares represented by properly executed proxies will be voted, in the absence of contrary instructions, in favor of the election of the following nominees:

- Class II directors -- James R. Boldt and Thomas E. Baker

- Class III director -- George B. Beitzel

All nominees have consented to serve as directors, if elected. However, if at the time of the meeting any nominee is unable to stand for election, the persons who are designated as nominees intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors is divided into three classes serving staggered three-year terms. The Board has seven directors and the following four committees: (i) Audit, (ii) Compensation, (iii) Governance and Nominating, and (iv) Executive. During 2004, the Board held a total of five meetings. Each director attended at least 75% of the total number of Board meetings and the total number of Board committee meetings the respective director was eligible to attend during 2004.

DIRECTOR INDEPENDENCE AND EXECUTIVE SESSIONS

The Board of Directors has affirmatively determined in January 2005 that each of the six non-management directors, Thomas E. Baker, George B. Beitzel, Randall L. Clark, Randolph A. Marks, John M. Palms and Daniel J. Sullivan is an independent director in accordance with our corporate governance policies and the standards of the New York Stock Exchange and, therefore, that a majority of our Company's seven-person Board of Directors is currently independent as so defined. The Board of Directors has determined that there are no relationships between the Company and the Directors classified as independent other than service on our Company's Board of Directors and compensation paid to directors.

The foregoing independence determination of the Board of Directors also included the conclusions of the Board of Directors that:

- each of the members of the Audit Committee, Governance and Nominating Committee, and Compensation Committee described in this proxy statement is respectively independent under the standards listed above for purposes of membership on each of these committees; and
- each of the members of the Audit Committee also meets the additional independence requirements under SEC Rule 10A-3(b).

Mr. Marks is currently serving as the "lead" independent director for

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

purposes of scheduling and setting the agenda for the executive sessions of the independent directors. It is presently contemplated that these executive sessions will occur at least once during the fiscal year ending December 31, 2005, in conjunction with a regularly scheduled Board meeting, in addition to the separate meetings of the standing committees of the Board of Directors.

The Board of Directors has also adopted a statement of corporate governance principles that is available on the Company's website as described under "Corporate Governance and Website Information."

Audit Committee

The Audit Committee is composed of three directors: George B. Beitzel, Chairman, Thomas E. Baker and Daniel J. Sullivan and operates under a written charter adopted by the Board of Directors. The charter of the Audit Committee is available on our Company's website as described below under "Corporate Governance and Website Information." The Audit Committee met six times during 2004.

The primary purposes of the Audit Committee are to oversee on behalf of the Company's Board of Directors: (1) the accounting and financial reporting processes of the Company and integrity of the Company's financial statements, (2) the audits of the Company's financial statements and appointment, compensation, qualifications, independence and performance of the Company's independent registered public accounting firm, (3) the Company's compliance with legal and regulatory requirements, (4) the Company's internal audit function, and (5) preparation of the audit committee report that SEC rules require to be included in the annual proxy statement. The Committee's job is one of oversight. Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accounting firm is responsible for auditing those financial statements. It is the Committee's responsibility to monitor and review these processes. It is not the Committee's duty or responsibility to conduct auditing or accounting reviews. Therefore, the Committee has relied on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles

7

generally accepted in the United States of America and on the representations of the independent registered public accounting firm included in their report on the Company's financial statements.

The Board of Directors has determined that the members of this Committee are independent as described above under "Director Independence and Executive Sessions." During 2004 the Board of Directors has also determined that all of the members of the Audit Committee meet the requirement of the New York Stock Exchange ("NYSE") listing standards that each member be financially literate. Additionally, the Board of Directors has determined that Thomas E. Baker meets the requirement of the NYSE listing standards that at least one member of the committee has accounting or related financial management expertise and that Mr. Baker is an "audit committee financial expert" as defined in SEC Regulation S-K Item 401(h). Under the rules of the SEC, the designation or identification of a person as an audit committee financial expert does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the Audit Committee and Board of Directors in the absence of such designation or identification. Moreover, the designation of a person as an audit committee financial expert does not affect the duties, obligations or liability of any other member of the

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Audit Committee or Board of Directors.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements with management and has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with such accountants their independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

SUBMITTED BY THE AUDIT COMMITTEE

Thomas E. Baker

Compensation Committee

The Compensation Committee is composed of Randall L. Clark, Chairman, George B. Beitzel and John M. Palms. During 2004, this Committee held a total of two meetings. The Board of Directors has determined that the members of this Committee are independent as described above under "Director Independence and Executive Sessions."

This Committee has a charter that is available on our Company's website as described below under "Corporate Governance and Website Information." The primary purposes of the Committee are to (1) determine and otherwise discharge the responsibilities of the Board of Directors relating to the compensation of the Company's executive officers, (2) evaluate the performance of the company's executive officers and assess management succession planning, (3) recommend to the Board of Directors the cash and non-cash compensation policies for the non-employee directors, and (4) exercise the authority of the Board of Directors with respect to the administration of the company's stock-based and other incentive compensation plans.

Executive Committee

The Executive Committee is composed of James R. Boldt, Chairman, George B. Beitzel, Randall L. Clark and Randolph A. Marks. The Committee did not meet during 2004. The Executive Committee is empowered to

8

act for the Board of Directors in intervals between Board meetings, with the exception of certain matters that by law cannot be delegated. The Committee meets as necessary.

Nominating and Corporate Governance Committee and Director Nomination Process

The Nominating and Corporate Governance Committee is composed of Randolph A. Marks, Chairman, John M. Palms, Daniel J. Sullivan and Thomas E. Baker. During 2004, this Committee held a total of three meetings.

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

This Committee has a charter that is available on our Company's website as described below under "Corporate Governance and Website Information." The primary purposes of the Committee are to (a) recommend to the Board of Directors the individuals qualified to serve on the Company's Board of Directors for election by shareholders at each annual meeting of shareholders and to fill vacancies on the Board of Directors, (b) implement the Board's criteria for selecting new directors, (c) develop, recommend to the Board, and assess corporate governance policies for the Company, and (d) oversee the evaluation of the Board.

The Board of Directors has determined that the members of this committee are independent as described above under "Director Independence and Executive Sessions."

Director Nominations Made by Shareholders. The Committee will consider nominations timely made by shareholders pursuant to the requirements of our Company's Bylaws referred to in the "Stockholder Proposals" section near the end of past proxy statements and this Proxy Statement. This Committee has not formally adopted any specific elements of this policy, such as minimum specific qualifications or specific qualities or skills that must be possessed by qualified nominees, beyond the Committee's willingness to consider candidates proposed by shareholders.

Procedure for Stockholders to Nominate Directors. Any shareholder who intends to present a director nomination proposal for consideration at the 2006 Annual Meeting and intends to have that proposal included in the proxy statement and related materials for the 2006 Annual Meeting, must deliver a written copy of the proposal to the Company's principal executive offices no later than the deadline, and in accordance with the notice procedures, specified under "Shareholder Proposals" in this Proxy Statement and in accordance with the applicable requirements of SEC Rule 14a-8.

If a shareholder does not comply with the foregoing Rule 14a-8 procedures, the shareholder may use the procedures set forth in the Company's Bylaws, although the Company would in the latter case not be required to include the nomination proposal as a proposal in the proxy statement and proxy card mailed to shareholders in connection with the next annual meeting of shareholders. For shareholder nominations of directors to be properly brought before an annual meeting by a shareholder pursuant to the Bylaws, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, any shareholder entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if written notice of such shareholder's intent to make such nomination is given, either by personal delivery or by United States mail, postage prepaid, to and received by the Secretary of the Company not later than 60 days in advance of the originally scheduled date of the annual meeting of shareholders.

The shareholder's notice referred to above must set forth (1) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (2) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (3) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (4) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated by the Board of Directors; and (5) the consent of each nominee to serve as a director of the Company if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Process for Identifying Director Candidates. The Committee's current process for identifying and evaluating nominees for director consists of general periodic evaluations of the size and composition of the Board

9

of Directors with a goal of maintaining continuity of appropriate industry expertise and knowledge of the Company. Since neither the Board nor this Committee has received any shareholder nominations in the past, the Committee has not considered whether there would be any differences in the manner in which the Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder.

Source of Recommendation for Current Nominees. The nominees for director included in this Proxy Statement have been formally recommended by the incumbent independent directors who serve on the Nominating and Governance Committee (the members of which include one of the nominees). The Company did not pay a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

Past Nominations from More Than 5% Stockholders. Under the recently adopted SEC rules referred to above (and assuming consent to disclosure is given by the proponents and nominee), the Company must disclose any nominations for director made by any person or group beneficially owning more than 5% of the Company's outstanding common stock by the date that was 120 calendar days before the anniversary of the date on which its proxy statement was sent to its shareholders in connection with the previous year's annual meeting. The Company did not receive any such nominations.

CORPORATE GOVERNANCE AND WEBSITE INFORMATION

The NYSE listing standards generally require that our company implement the revised corporate governance requirements by the date of the Annual Meeting. Our Company believes that it will be in compliance with the corporate governance requirements of the NYSE listing standards as of the date of the Annual Meeting, assuming the Nominees for director are elected and the absence of circumstances beyond our control that would adversely affect such compliance. The principal elements of these governance requirements as implemented by our Company are:

- affirmative determination by the Board of Directors that a majority of the directors is independent;
- regularly scheduled executive sessions of independent directors;
- Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee comprised of independent directors and having the purposes and charters described above under the separate committee headings;
- internal audit function;
- corporate governance principles of our Board of Directors;
- specific Audit Committee authority and procedures outlined in the charter of the Audit Committee; and
- a code of business conduct and ethics applicable to directors, officers and employees of our company. This code also contains a sub-section that constitutes a code of ethics specifically applicable to the Chief Executive Officer, Chief Financial Officer and other members of the our company's finance department based on their special role in promoting fair and timely public reporting of financial and business information about our company.

The charters of the three committees described above, the corporate governance principles of the Board of Directors, and the code of conduct are available without charge on the Company's website at www.ctg.com, by clicking on "Investors," and then "Corporate Governance." We will also send these documents without charge and in print to any stockholder who requests them.

Director Compensation

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Each non-employee director receives a \$15,000 annual retainer, a \$1,500 per meeting fee for attending Board meetings, a \$1,500 per day fee for each day a committee meeting is held, and \$5,000 annual fee for each chairman of a committee. Directors are also reimbursed for expenses they incur while attending board and committee meetings. Directors who are employees of the Company do not receive additional compensation for their services as directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than 10% of the Company's common stock, to file with the Securities and Exchange Commission and the New York Stock Exchange reports of ownership and changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

The Company believes that all Section 16(a) filing requirements applicable to its officers, directors and beneficial owners of more than 10% of its outstanding common stock were complied with for 2004. This belief is based solely on the Company's review of copies of the reports furnished to it and written representations that no other reports were required.

Appointment of Auditors for Fiscal 2004 and Fees

The Audit Committee of the Company's Board of Directors reappointed KPMG LLP ("KPMG") as the independent registered public accounting firm to audit the Company's financial statements for fiscal 2004.

11

A representative of KPMG will be present at the annual meeting of shareholders of the Company. The representative will be given the opportunity to make a statement if the representative desires to do so, and will be available to respond to appropriate questions. To the best of the Company's knowledge, no member of that firm has any past or present interest, financial or otherwise, direct or indirect, in the Company or any of its subsidiaries. Matters involving auditing and related functions are considered and acted upon by the Audit Committee. The Audit Committee has determined that the provision of services described under "All Other Fees," below is compatible with maintaining the independent registered public accounting firms independence.

Audit Fees -- The aggregate fees billed for professional services rendered by KPMG for the audit of the Company's annual financial statements for the last two fiscal years, including the Company's foreign subsidiaries, the reviews of the financial statements included in the Company's Form 10-Q's, and services rendered in connection with the Company's obligations under Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations was approximately \$855,600 and \$208,881 in 2004 and 2003, respectively. Included in the 2004 balance was approximately \$508,000 related to services rendered in connection with Section 404 of the Sarbanes-Oxley Act.

Audit-Related Fees -- The aggregate fees billed for assurance and related services rendered by KPMG for the last two fiscal years that are reasonably related to the performance of the audit or review of the Company's financial statements was \$0 in both 2004 and 2003.

Tax Fees -- The aggregate fees billed in each of the last two fiscal years for professional services rendered by KPMG for tax compliance work were \$7,150 and \$0 in 2004 and 2003, respectively.

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

All Other Fees -- Other than the fees described above, the Company did not pay any other fees in either 2004 or 2003 to KPMG.

Previous Change in Independent Registered Public Accounting Firm

On September 23, 2003, the Company engaged KPMG as the independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending December 31, 2003 and dismissed Deloitte & Touche LLP ("Deloitte"). During the two most recent fiscal years and any interim period prior to their engagement, the Company did not consult with KPMG on any matter. The decision to change accountants was made by the Audit Committee.

Deloitte had been the independent registered public accounting firm auditing the financial statements of the Company since July 7, 1998. Deloitte's report on the financial statements of the Company as of December 31, 2002 and 2001 and for the years then ended, did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years and any subsequent interim period preceding the dismissal, there were no disagreements between the Company and Deloitte on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte would have caused Deloitte to make reference to the subject matter of the disagreement in connection with its report. Also, during the aforementioned period, there occurred no "reportable event" within the meaning of Item 304(a) (1) (v) of Regulation S-K.

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee pre-approves 100% of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Committee pre-approves each particular service on a case-by-case basis.

Incorporation by Reference. The Compensation Committee Report, the Audit Committee Report, references to the independence of directors, and the Stock Performance Graph are not deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission, are not subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended and shall not be deemed incorporated by reference into any of the filings previously made or made in the future by the Company under the Exchange Act or the Securities

12

Exchange Act of 1933, as amended, except to the extent the Company specifically incorporates any such information into a document that is filed.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed of Randall L. Clark (Chairman), George B. Beitzel, and John M. Palms, each of whom are "non-employee directors" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934. The Committee is responsible for overseeing the administration of the Company's employee stock and benefit plans, establishing policies relating to the compensation of employees and setting the terms and conditions of employment for executive officers. This Committee report describes the various components of the Company's executive officer compensation program and the basis on which 2004 compensation was paid to such executive officers, including the executive officers named in the compensation table set forth above.

Compensation Policy -- The Committee's compensation policies are designed to maintain a direct relationship among executive pay, financial performance of the Company and the creation of shareholder value. Such policies seek to:

- Provide compensation opportunities that enable the Company to attract and retain qualified executives;
- Provide compensation that is directly related to the performance of both the Company and the individual;
- Integrate the compensation programs with the Company's annual and long-term financial and operating objectives; and

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

- Align the interests of executive officers with the long-term interests of the Company's stockholders through stock-based award opportunities that can result in ownership of the Company's common stock.

The Company's executive compensation program attempts to achieve the foregoing objectives by integrating annual base salary with annual cash and stock-based incentives based on both Company and individual performance. Measurement of Company performance is based on operating and financial objectives set at the beginning of each year. As a result, executive compensation tends to be higher in years in which the performance goals are achieved or exceeded. In addition, as an executive's level of responsibility increases, a substantial portion of his or her annual compensation is based on performance incentives. Accordingly, there will be greater variability in an executive's total compensation from year to year based on both the individual's and the Company's actual performance.

Components of Executive Compensation -- The compensation paid to the Company's executive officers, as reflected in the tables set forth in this Proxy Statement, consisted of annual base salary, annual cash incentive compensation, long-term stock-based incentive compensation and deferred compensation.

Annual Base Salary -- With respect to determining the base salary of executive officers, the Committee takes into consideration a variety of factors including the executive's level of responsibility, individual performance and the salaries of similar positions in the Company and in comparable companies both within and outside our industry who compete for executive talent. The Committee also engages a compensation consultant to advise it with respect to such matters.

Annual Cash Incentive Compensation -- Each executive officer's total annual compensation consists in part of annual cash incentive compensation. Awards of cash incentive compensation are based on the attainment of one or more specified targeted levels of (i) gross profit, (ii) operating income, (iii) specific targeted objectives, (iv) earnings per share, and (v) individual objectives. The Committee, in awarding cash incentive compensation, considers the recipient's individual contribution toward Company operating profitability, cost containment, leadership, teamwork and the successful implementation of business strategy. The objective of this form of annual compensation is to provide an incentive to certain executives to achieve operating and financial objectives that the Committee believes are primary determinants of shareholder value over time.

Long-Term Stock-Based Incentive Compensation -- The third component of executive compensation consisted of grants of stock options under the Company's 2000 Equity Award Plan. In making grants of stock options, the Committee considered an executive's contribution toward past and the expected contribution toward future Company performance. Any value that might be received from an option grant depends upon increases in the price of the Company's common stock. Accordingly, the amount of compensation to be received by an executive is directly aligned with increases in shareholder value. Grants of stock options are made to key employees of the Company who, in the opinion of the Committee, have had and are expected to continue to have a significant impact on the long-term performance of the Company. The awards are also intended to reward individuals who remain with the Company and to further align their interests with those of the Company's shareholders. The Committee strongly believes that stock ownership by management and stock-based performance compensation are beneficial in aligning management's and shareholders' interests in the enhancement of shareholder value.

Stock Options Granted During 2004 -- The Committee granted stock options to

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

various executive officers named in the following table (see Options/SAR Grants in 2004). In general, recipients of the stock options receive the right to purchase shares of common stock of the Company in the future at a price equal to their fair market value determined on the date of grant. The Committee determines the dates and terms upon which option may be exercised, as well as whether the options will be incentive stock options or nonqualified stock options. In determining whether to grant an individual stock options, the Committee considers an executive's contribution toward Company performance, expected future contribution and the number of options and shares of common stock presently held by the executive.

Deferred Compensation -- The fourth component of executive compensation may consist of the Company's contribution under the CTG Non-Qualified Key Employee Deferred Compensation Plan for those executives chosen to participate in the Plan. Executives chosen to participate in the Plan are eligible to elect to defer a

14

percentage of their annual cash compensation. In addition, executives are also eligible to receive a Company contribution under the Plan in an amount equal to a specified percentage of the sum of the executive's 2004 base salary and bonus compensation. The Company's contribution percentage and criteria used to determine performance targets are based on the recommendations of the Chairman, President and CEO, subject to the approval of the Committee. The contribution is made in cash or CTG common stock, as determined by the Committee. No contributions were made in 2004 under this Plan.

Chief Executive Officer Compensation -- The Committee, in setting the compensation for the position of Chief Executive Officer, sought to provide a compensation package which depended in part upon the attainment of both annual and long-term objectives, thereby linking the annual compensation of the CEO to individual performance and the Company's performance. Compensation for the position of CEO consisted of the following: (i) annual base compensation established by the Committee, (ii) cash incentive compensation measured by Company financial performance and the CEO's attainment of specific strategic and organizational objectives, together with an assessment by the Committee and the Board of Directors of the effectiveness of the CEO, (iii) long-term stock-based incentive compensation, and (iv) a contribution under the CTG Non-Qualified Key Employee Deferred Compensation Plan. Mr. Boldt's 2004 compensation consisted of base compensation of \$400,000, a bonus of \$208,234 and a grant of 40,000 stock options at \$4.90 per share.

Section 162(m) of the Internal Revenue Code -- Section 162(m) of the Code generally disallows a tax deduction for compensation in excess of \$1 million paid to any "covered employee" in any taxable year. The term "covered employee" is defined as the Chief Executive Officer and the four other highest paid executive officers of the corporation. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is "performance based" as defined in Section 162(m). The 2000 Equity Award Plan has been designed to meet the requirements for deductibility.

The calculations exclude trading commissions and taxes.

Executive Supplemental Benefit Plan

The Company maintains an Executive Supplemental Benefit Plan (Supplemental Plan) which provides one current and certain former executives with deferred compensation benefits. The Supplemental Plan was amended as of December 1, 1994 in order to freeze the then current benefits, provide no additional benefit accruals for participants and to admit no new participants. As a result of this action, the Company reduced its annual Supplemental Plan expense from approximately \$1.1 million in 1994 to approximately \$0.6 million in 2004. Generally, the Supplemental Plan provides for retirement benefits of up to 50% of a participating employee's base compensation at termination or as of December 1, 1994, which ever is earlier, and pre-retirement death benefits calculated using the same formula that is used to calculate normal and early retirement benefits. Benefits are based on service credits earned each year of employment prior to and subsequent to admission to the Supplemental Plan through December 1, 1994. Retirement benefits and pre-retirement death benefits are paid during the 180 months following retirement or death, respectively, while disability benefits are paid until normal

retirement age. Normal retirement is age 60. For any participant who is a member of a successor plan, the normal retirement age is increased to 65.

On November 30, 1994, the Supplemental Plan was also amended to provide that in the event of a change of control, participants employed at that time shall be entitled to receive a lump sum benefit equivalent to the present value of 50% of their base compensation as of the date of the change of control. A change of control will occur if (1) any person (other than the Company, any

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as the ownership of stock of the Company) is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 30% or more of combined voting power of the Company's then outstanding voting securities; (2) during any period of 24 consecutive months, individuals who at the beginning of the period constitute the Board and any new director whose election by the Board, or whose nomination for election by the Company's stockholders, was approved by a vote of at least two-thirds of the directors (other than in connection with the contested election), before the beginning of the period cease, for any reason, to constitute at least a majority thereof; or (3) the stockholders of the Company approve a plan of complete liquidation of the Company or the sale or disposition by the Company of all or substantially all of the Company's assets unless the acquirer of the assets or its directors shall meet the conditions for a merger or consolidation described in the Supplemental Plan.

Plan participants may request the Committee to begin the payment of retirement benefits beginning at age 55. It is within the discretion of the Compensation Committee as to whether or not a participant will be permitted to receive early retirement benefits.

Mr. Boldt did not participate in the Supplemental Plan. One current director and one current employee and 19 former employees are covered by the Supplemental Plan.

Non-Competition and Employment Agreements

On July 16, 2001, the Company entered into an employment agreement with Mr. Boldt. The agreement will continue in effect until either party provides 60 days prior written notice to the other that it does not wish to continue Mr. Boldt's employment. The agreement provides for an annual base salary of \$400,000. In the event the Company terminates Mr. Boldt's employment for other than cause (as defined in the agreement) or Mr. Boldt terminates his employment for good reason (as defined in the agreement) or he dies or becomes disabled, the Company will pay as severance to Mr. Boldt an amount equal to the average annual total compensation paid to Mr. Boldt during the three prior years (which includes the current year). The severance is payable in 26 consecutive bi-weekly installments. The Company will also continue certain medical benefits during such period. If at the end of the twelve-month period, Mr. Boldt is not employed, he will continue to receive such compensation and benefits for up to an additional six months. The agreement also prohibits Mr. Boldt from competing with the Company for a period of one-year following the termination of employment.

Change in Control Agreements

On July 16, 2001, the Company entered into a change in control agreement with Mr. Boldt. The agreement provides that upon the occurrence of a change in control, Mr. Boldt will become fully vested in and entitled to exercise immediately all stock related awards he has been granted under any plans or agreements of the Company. The Agreement goes on to provide that upon the termination of Mr. Boldt's employment (a) without cause by the Company or by himself with good reason within 24 months following a change in control or (b) by himself for any reason within 6 months after a change in control, Mr. Boldt will receive three times his full salary and bonus as well as a lump sum to cover fringe benefits. A change in control will occur if (1) the Company's stockholders approve (a) the dissolution or liquidation of the Company, (b) the merger or consolidation or other reorganization of the Company with any other entity other than a subsidiary of the Company, or (c) the sale of all or substantially all of the Company's business or assets or (2) any person other than the Company or its subsidiaries or employee benefit plans becomes the

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

beneficial owner of more than 20% of the combined voting power of the Company's then outstanding securities or (3) during any period not longer than two consecutive years, individuals who at the beginning of such period constituted the Board cease to constitute at least a majority

18

thereof, unless the election of each new Board member was approved by a vote of at least three-quarters of the Board members then still in office who were Board members at the beginning of such period.

Each of the named executives in the cash compensation table has entered into a change of control agreement with the Company. These agreements contain provisions that are generally similar to that of Mr. Boldt except that in the event their employment is terminated by the Company without cause by themselves with good reason within 24 months after a change in control, such executives would receive two times their salary and bonus.

Non-Qualified Key Employee Deferred Compensation Plan

On February 2, 1995 the Compensation Committee approved the creation of a Non-Qualified Key Employee Deferred Compensation Plan. The Deferred Compensation Plan is intended as a successor plan to the Supplemental Plan. Participants in the Deferred Compensation Plan are eligible to (1) elect to defer a percentage of their annual cash compensation and (2) receive a Company contribution of a percentage of their base compensation and annual bonus if the Company attains annual defined performance objectives.

The Chief Executive Officer, subject to the approval of the Compensation Committee, recommends (1) those key employees who will be eligible to participate and (2) the percentage of a participant's base and bonus compensation which will be contributed each year to the Deferred Plan if the Company attains annual defined performance objectives. All amounts credited to the participant are invested, as determined by the Compensation Committee, and the participant is credited with actual earnings of the investments. Company contributions, including investment earnings, may be cash or the stock of the Company.

Plan participants have a 100% nonforfeitable right to the value of their corporation contribution account after the fifth anniversary of the employment with the Company. If a participant terminates employment due to death, disability, retirement at age 65, or in the event a change of control (as defined in the CTG Executive Supplemental Benefit Plan previously recited) occurs, the participant or his or her estate will be entitled to receive the benefits accrued for the participant as of the date of such event. Company contributions will be forfeited in the event a participant incurs a separation from service for cause. Participants are 100% vested in their own contributions. All amounts in the Deferred Plan, including elective deferrals, are held as general assets of the Company and are subject to the claims of creditors of the Company. In 2004, as the Company did not attain defined operating income objectives, no award for eligible participants was made to the plan.

Directors' and Officers' Liability Insurance

The Company indemnifies its directors and officers to the extent permitted by law in connection with civil and criminal proceedings against them by reason of their service as a director or officer. As permitted by Section 726 of the New York Business Corporation Law, the Company has purchased directors' and officers' liability insurance to provide indemnification for the Company and all its directors and officers. The current liability insurance policy, with a policy period effective April 1, 2004, was issued by The Chubb Group of

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Insurance Companies at an annual premium of approximately \$416,000.

Certain Relationships and Related Transactions

During 2004 Mr. Marks, a director of the Company, received an annual sum of \$90,000 payable monthly under the terms of the Supplemental Plan.
