2005 ANNUAL MEETING

April 28, 2005

THE PROXY AND SOLICITATION

This Proxy Statement is being mailed on or about April 11, 2005, to the shareholders of Olympic Steel, Inc. (the Company) in connection with the solicitation by the Board of Directors of the enclosed form of Proxy for the 2005 Annual Meeting of Shareholders to be held on Thursday, April 28, 2005, at 3:00 p.m. local time, at Olympic Steel, Inc., 5096 Richmond Road, Bedford Heights, OH 44146. Pursuant to the Ohio General Corporation Law, any shareholder signing and returning the enclosed Proxy has the power to revoke it by giving notice of such revocation to the Company in writing or in the open meeting before any vote with respect to the matters set forth therein is taken. The representation in person or by Proxy of at least a majority of the outstanding shares of Common Stock entitled to vote is necessary to provide a quorum at the Annual Meeting. The election of Directors requires approval only by a plurality of the votes cast. As a result, although abstentions and broker non-votes will not be counted in determining the outcome of the vote, they will be counted in determining whether a quorum has been achieved. The cost of soliciting the Proxy will be borne by the Company.

PURPOSES OF ANNUAL MEETING

The Annual Meeting has been called for the purposes of (1) electing three Directors of the class whose two-year terms of office will expire in 2007, and (2) transacting such other business as may properly come before the meeting.

The two persons named in the enclosed Proxy have been selected by the Board of Directors and will vote Common Shares represented by valid Board of Directors Proxies. Unless otherwise indicated in the enclosed Proxy, they intend to vote for the election of the Director nominees named herein.

VOTING SECURITIES

The Board of Directors has established the close of business on March 22, 2005, as the record date for determining shareholders entitled to notice of the meeting and to vote. On that date, 10,141,915 shares of Common Stock were outstanding and entitled to one vote on all matters properly brought before the Annual Meeting.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

The Board of Directors is divided into two classes, whose members serve for a staggered two-year term. The term of one class, which currently consists of three Directors, expires in 2005; the term of the other class, which consists of four Directors, expires in 2006.

The Board of Directors has nominated Michael D. Siegal, Thomas M. Forman, and James B. Meathe to stand for reelection as Directors for a two-year term. The two-year term will end upon the election of Directors at the 2007 Annual Meeting of Shareholders.

At the Annual Meeting, the shares of Common Stock represented by valid Proxies, unless otherwise specified, will be voted to elect the three Director-nominees. Each individual nominated for election as a Director of the Company has agreed to serve if elected. However, if any nominee becomes unable or unwilling to serve if elected, the Proxies will be voted for the election of such other person as may be recommended by the Board of Directors. The Board of Directors has no reason to believe that the persons listed as nominees will be unable or unwilling to serve.

The Board of Directors recommends that each shareholder vote FOR the Board of Directors nominees. Directors will be elected by a plurality of the votes cast at the Annual Meeting.

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

The Board of Directors of the Company held eight meetings in 2004. The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating Committee. The Audit Committee and Compensation Committee each held five meetings in 2004 and the Nominating Committees held two meetings in 2004. The Committees receive their authority and assignments from the Board of Directors and report to the Board of Directors.

All of the current Directors attended at least seventy-five percent of the Board meetings and all applicable committee meetings held during 2004. In addition to holding regular committee meetings, the Board members also reviewed and considered matters and documents and communicated with each other wholly apart from the meetings. The Board of Directors has determined that Messers. Della Ratta, Elrad, Forman, Goldstein and Meathe are independent directors as defined in the National Association of Securities Dealers, Inc. listing standards.

Audit Committee. The committee is chaired by Mr. Goldstein and is responsible for monitoring and overseeing the Company's internal controls and financial reporting processes, as well as the independent audit of the Company's consolidated financial statements by the Company's independent auditors. Each committee member is an independent director as defined in the National Association of Securities Dealers, Inc. listing standards. Mr. Goldstein has been designated by the Board as the audit committee financial expert under SEC rules and he also meets the NASD's professional experience requirements. The Audit Committee operates pursuant to a

written charter, which complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the SEC and NASD. A copy of the Audit Committee charter can be found on the Company's website at www.olysteel.com.

AUDIT COMMITTEE REPORT

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for 2004 with management and discussed those matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with the Company's independent auditors. The Audit Committee received the written disclosures and the letter required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committee) from PricewaterhouseCoopers, LLP and discussed that firm's independence with representatives of the firm.

Based upon the Audit Committee's review of the audited consolidated financial statements and its discussions with management and the Company's independent auditors, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements for the fiscal year ended December 31, 2004 in the Company's Annual Report on form 10-K filed with the Securities and Exchange Commission.

Compensation Committee. This committee is chaired by Mr. Forman and also consists of Messrs. Elrad, Goldstein and Meathe. This committee reviews and approves the Company's executive compensation policy, makes recommendations concerning the Company's employee benefit policies, and has authority to administer the Company's Stock Option Plan.

Nominating Committee. This committee is chaired by Mr. Elrad and also consists of Messrs. Della Ratta and Goldstein. This committee functions to advise and make recommendations to the Board concerning the selection of candidates as nominees for Directors, including those individuals recommended by shareholders. The Nominating Committee operates pursuant to a written charter which can be found on the Company's website at www.olysteel.com. Shareholders wishing to suggest nominees for election to the Board at the 2006 Annual Meeting may do so by providing written notice to the Company in care of Marc H. Morgenstern, Secretary, no later than December 30, 2005.

COMPENSATION OF DIRECTORS

During 2004, each Director who was not an employee of the Company received a Director's fee in the amount of \$3,500 per quarter and reimbursement for out-of-pocket expenses incurred in connection with attending such meetings. Directors also receive \$1,000 for each special Board or Committee meeting attended, excluding telephonic meetings. No additional compensation was paid for committee meetings held on the same day as Board meetings. Upon appointment to the Board, each outside Director is entitled to a stock option grant of 10,000 shares. Each outside Director may also be entitled to an annual stock option grant from time-to-time, based on overall Company performance. Directors who are also employees of the Company receive no additional remuneration for serving as Directors.

Effective January 1, 2005, non-employee Directors will receive a \$45,000 annual retainer, payable in quarterly installments. The Audit Committee Chairman will receive an additional \$10,000 per year and the Chairmen of the Compensation and Nominating Committees will each receive an additional \$5,000 per year.

BOARD POLICIES

The Board of Directors has not yet established a separate process for shareholders to communicate with the Board but will review this matter to determine if there should be a separate process for communication with individual Board members or with the Board of Directors as a whole. Any shareholder who wishes to send a written communication to any member of the Board may do so in care of the Secretary of the Company, who will forward any communications directly to the Director(s) in question.

The Board of Directors does not have a policy with regard to directors' attendance at the annual meeting of shareholders. However, because a Board meeting usually precedes the annual meeting of shareholders, all directors are urged to attend the annual meeting of shareholders.

¹ Stock Options were awarded with an exercise price equal to the fair market value per share of the Common Stock on the grant date.

² In accordance with the rules of the SEC, the Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in this table. The Company cannot predict or estimate the future price of the Company's Common Stock, and neither the Black-Scholes model nor any other model can accurately determine the value of an option. Accordingly, there is no assurance that the value realized by an officer, if any, will be at or near the value estimated in the Black-Scholes model. The Black-Scholes valuation was determined using the following assumptions: an average volatility of 59%, no dividend yield, a risk-free interest rate of 4.49% and a projected exercise period of 10 years.

The following table sets forth certain information concerning the number and value of unexercised options held by each of the Named Executive Officers at December 31, 2004.

**Aggregated Option Exercises in 2004
And December 31, 2004 Values**

Richard A. Manson	14,000	\$ 206,340	13,666	6,334	\$ 234,739	\$ 143,371

¹ These values are based on the spread between the respective exercise price of outstanding stock options and the fair market value of the Company's Common Stock at December 31, 2004 (\$26.51). These amounts may not represent amounts actually realized by the Named Executive Officers.

Retention Agreements. The Company has executed Management Retention Agreements (the "Retention Agreements") with Messrs. Siegal, Wolfort, and Marabito. Under the Agreements, which do not become operative unless there is a Change-in-Control of the Company (as defined in the Retention Agreements), the Company agrees to continue the employment of the Officer for a certain period (the "Contract Period") following the Change-in-Control in the same position with the same duties and responsibilities and at the same compensation level as existed prior to the Change-in-Control. If during the Contract Period the Officer's employment is terminated without cause, or the Officer terminates his employment for good reason, the Officer shall receive a lump-sum severance payment (the "Severance Amount") with continuation of insurance coverage for one year. The Contract Period for Messrs. Siegal and Wolfort is two years and their Severance Amount equals 2.99 times the average of the last three years' compensation. The Contract Period for Mr. Marabito is one year and his Severance Amount equals one times the average of his last three years' compensation. The option vests in annual installments of 20%, commencing January 1, 2002. If the Company terminates Mr. Wolfort's employment without cause during the employment term, he shall continue to receive his compensation under the agreement for a period ending on the earlier of (i) December 31, 2005 or (ii) the second anniversary of his termination of employment. EMPLOYEE BENEFIT PLANS

Senior Manager Compensation Plan. Each of the Executive Officers participates in the Senior Management Compensation Program which focuses on pre-tax income and other key operating metrics. Under the program, each of the Executive Officers can be granted stock options based on the Company's performance. The determination of the stock option grants is made by the Compensation Committee. The Compensation Committee believes that this program further aligns the interests of management and shareholders and will provide long-term incentive for maximizing shareholder value.

Stock Option Plan. Pursuant to the provisions of the Company's Stock Option Plan (the Plan), key employees of the Company, non-employee Directors of the Company and consultants may be offered the opportunity to acquire shares of Common Stock by the grant of stock options including both incentive stock options (ISOs), within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, and nonqualified stock options. ISOs are not available to consultants. The Plan will terminate in January 2009; however, termination of the Plan will not affect outstanding options. The Compensation Committee administers the Plan. The Compensation Committee has broad discretion to set the terms and conditions of the options, provided that no option may be exercisable more than ten years after the date of grant. Currently, there are approximately 30 employees and outside directors eligible to participate in the Plan.

The following table provides information as of December 31, 2004 regarding shares outstanding and available for issuance under the Company's existing stock option plan:

The lease expires in 2010.

Mr. Wolfort purchased 300,000 shares of the Company's Common Stock from treasury on February 22, 2001. The shares were purchased pursuant to a 5-year, full recourse promissory note payable to the Company due and payable on or before January 1, 2006 bearing interest at 5.07% per annum. The note was collateralized by a pledge of the underlying shares. The note and all accrued interest were repaid in the third quarter of 2004.

**COMPENSATION COMMITTEE REPORT
ON EXECUTIVE COMPENSATION**

The Compensation Committee is responsible for setting and administering the policies that govern the base salaries, bonuses and other compensation matters of the executive officers of the Company. The Compensation Committee consists entirely of independent Directors of the Company. The Compensation Committee meets at least once annually to review the compensation program for the executive officers of the Company. This report documents the basis of compensation for 2004, with regard to the Company's Chief Executive Officer and other executive officers.

Compensation Policy. The executive compensation policy of the Company is based on the following philosophy: (i) the need to retain and, as necessary, attract highly qualified executives with a compensation plan that is competitive with both public and privately held steel and steel-related companies; (ii) emphasizing variable, performance-based compensation tied to the overall profitability of the Company; (iii) creating a system that would not be overly complicated or conflict with the bonus system used at the senior manager level; and (iv) devising a compensation program that appropriately aligns the interests of executive officers with those of the Company's shareholders in increasing shareholder value.

Base Salaries. The annual base salary of the executive officers is based upon an evaluation of their significant contributions as individuals and as a team, as subjectively determined by the Compensation Committee. The Committee reviewed the cash compensation of numerous senior executives in positions in other steel and steel-related companies, as well as other similar sized companies outside of the steel industry, to determine the range of the base salaries. Base salaries for 2004 were reviewed and approved by the Compensation Committee, and the amounts paid are included in the Summary Compensation Table.

Incentive Compensation. A significant portion of the executive officers' compensation is incentive bonus-based and tied to the overall pretax income of the Company. Bonuses paid in 2004 are included in the Summary Compensation Table. For years after 2004, the Compensation Committee adjusted the payment of bonuses under the Senior Manager Compensation Plan to provide for payments over three years with active employment, subject to certain exceptions, being a prerequisite for payment. The Company considers stock options to be another award of compensation. Stock options were granted to each of the executive officers and are included in the 2004 Individual Option Grants table.

Chief Executive Officer Compensation. The Chief Executive Officer participates in the same compensation plan provided to the other executive officers of the Company. During 2004, a nationally-recognized compensation consultant was engaged to aid the Compensation Committee in establishing a proper compensation level. The base salary for the Chief Executive Officer, Michael D. Siegal, was based upon the Compensation Committee's subjective evaluation of his performance, considering his years of experience, contributions and accomplishments, his commitment to increasing shareholder value and information provided by the compensation consultant. The Compensation Committee also considered the base compensation packages of other chief executive officers for comparable companies. Consistent with the philosophy of the Senior Manager Compensation Plan, the overall pretax income of the Company is a primary variable in determining the total compensation paid to the Chief Executive Officer. Mr. Siegal owns a significant number of shares of the Company, which provides additional long-term incentive for maximizing shareholder value.
