**PROXY STATEMENT**

**Solicitation and Voting of Proxies**

This Proxy Statement solicits proxies on behalf of Blair Corporation (the "Company") for use at the Annual Meeting of Stockholders of the Company, to be held at 11:00 a.m. on Thursday, April 20, 2006, at The Library Theatre, 302 Third Avenue West, Warren, Pennsylvania. The Company's principal executive offices are located at 220 Hickory Street, Warren, Pennsylvania 16366.

Under Delaware law, any person giving a proxy pursuant to this solicitation may revoke it at any time before it is voted by filing a written notice of revocation with the Corporate Secretary of the Company, by delivering to the Company a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

The shares represented by proxies received by the Company will be voted at the meeting, or at any adjournment thereof, in accordance with the specifications made therein. If no specifications are made on a proxy card, it will be voted FOR the nominees listed on the proxy card and FOR the other matters specified on the proxy card. Stockholders should note that while broker non-votes and votes for ABSTAIN will count toward establishing a quorum, passage of any proposal considered at the Annual Meeting will occur only if a sufficient number of votes are cast FOR the proposal. Accordingly, broker non-votes, votes to ABSTAIN and votes AGAINST will have the same effect in determining whether the proposal is approved.

Other than the matters listed on the attached Notice of Annual Meeting of Stockholders, the Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Execution of the proxy card, however, confers on the designated proxies discretionary authority to vote the shares of Common Stock in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournments thereof.

A copy of the Company's Annual Report on Form 10-K, including financial statements and a description of the Company's operations for 2005 accompanies this Proxy Statement, but is not incorporated in this Proxy Statement by this reference. This Proxy Statement and the Notice of Meeting and enclosed proxy card are first being mailed to stockholders on or about March 24, 2006.

**Voting Securities**

The securities, which may be voted at the Annual Meeting, consist of shares of common stock of the Company, without nominal or par value (the "Common Stock"), with each share entitling its owner to one vote on all matters to be voted on at the Annual Meeting. There is no cumulative voting for the election of directors.

The Board of Directors has fixed the close of business on March 3, 2006 as the record date (the "Record Date") for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and at any adjournments thereof. As reported by the transfer agent, there were 3,960,766 shares of the Company's Common Stock outstanding as of the Record Date.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding on the Record Date will constitute a quorum. In the event there are insufficient votes for a quorum or to approve or ratify any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors, the enclosed proxy card enables a stockholder to vote FOR the election of the nominees proposed by the Board, or to WITHHOLD AUTHORITY to vote for one or

---

**Table of Contents**

more of the nominees being proposed. Under Delaware law and the Company's bylaws, directors are elected by a majority of votes cast, without regard to either (i) broker non-votes; or (ii) proxies as to which authority to vote for one or more of the nominees being proposed is withheld.

As to the approval of an amendment to the Restated Certificate of Incorporation of the Company authorizing five million shares of preferred stock, by checking the appropriate box a stockholder may (i) vote FOR the item; (ii) vote AGAINST the item; or (iii) ABSTAIN from voting on such item. Under Delaware law and the Company's bylaws, an amendment to the Restated Certificate of Incorporation requires a majority vote of all of the outstanding Common Stock in favor of such amendment.

As to the ratification of Ernst & Young LLP as independent auditors of the Company and all other matters that may properly come before the Annual Meeting, by checking the appropriate box a stockholder may (i) vote FOR the item; (ii) vote AGAINST the item; or (iii) ABSTAIN from voting on such item. Under the Company's bylaws, all such matters shall be determined by a majority of the votes cast without regard to either (a) broker non-votes; or (b) proxies marked ABSTAIN as to that matter.

Proxies solicited hereby will be returned to the Company's transfer agent and will be tabulated by inspectors of election designated by the Company who will not be employed by or be directors of the Company or any of its affiliates. After the final adjournment of the Annual Meeting the proxies will be returned to the Company for safekeeping.

Officers, directors and greater than ten percent (10%) stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of Forms 3 and 4 and amendments thereto furnished to the Company during fiscal year 2005, Forms 5 and amendments thereto furnished to the Company with respect to fiscal year 2005, and any written representations provided by a director or officer that no Form 5 is required with respect to fiscal year 2005, the Company believes that during fiscal year 2005 its officers and directors complied with all filing requirements with the exception of Cynthia L. Dziendziel. Ms. Dziendziel filed a late report on Form 3 and there were no transactions reported on that report. The Company does not have any greater than ten percent (10%) beneficial owners.

**PROPOSAL 2. APPROVAL OF AN AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION AUTHORIZING PREFERRED STOCK**

On February 10, 2006, our Board of Directors unanimously approved an amendment to the Restated Certificate of Incorporation of the Company, authorizing five million shares of preferred stock and permitting the Board of Directors to issue shares of preferred stock having whatever voting powers, designations, preferences, limitations, restrictions, dividend rates, conversion prices, redemption prices and relative rights as the directors shall establish from time to time, in a resolution or resolutions approving the issuance of such preferred stock. The Board of Directors has directed that the amendment be put to a vote of the stockholders at the 2006 Annual Meeting. The Board of Directors has no present intention to issue shares of preferred stock if the amendment is approved.

In reaching its decision, the Board of Directors stated that it believes that being able to create and issue preferred stock with custom tailored terms will assist the Company to raise additional financing if and when it may be needed.

Further authorization, for future issuances of shares of preferred stock, by a vote of the stockholders of the Company's stock will not be solicited at the time of any such issuances.

**The Board of Directors recommends approval of the amendment to the Restated Certificate of Incorporation of the Company authorizing five million shares of preferred stock and granting the Board of Directors the authority to issue shares of preferred stock from time to time in a resolution or resolutions.**

- (1) On January 17, 2005, the Compensation Committee approved an incentive award schedule for fiscal year 2005. Executive officers were eligible to receive awards equal to a percentage of their salary income for 2005. The base payout goal for 2005 was \$18,000,000, such that no incentive awards would be received unless the Company's income before income taxes equaled or exceeded this threshold figure. The income before income taxes (as determined by the Company in accordance with the incentive plan) in 2005 was \$28,885,454. Therefore, incentive compensation was paid to the Company's executive officers in 2006 for fiscal year 2005. Incentive compensation was paid by the Company to its executive officers in 2005 for 2004 and in 2004 for 2003. The figure for 2005 includes the following amounts paid by the Company to the named executive officers to allow such officers to pay in full for restricted stock awards issued pursuant to the Company's Employee Stock Purchase Plan in 1997: John E. Zawacki (\$5,683); Randall A. Scalise (\$3,789); and John A. Lasher (\$3,789)
- (2) The figure for 2005 includes the sum of (i) amounts reimbursed to the named executive officers for the payment of taxes on restricted stock awards and the underlying vesting of shares, (ii) interest imputed on the deferred payment for restricted stock not yet fully paid for by the named executive officers, (iii) with respect to shares purchased by the named executive officers through the exercise of nonqualified stock options, the dollar value of the difference between the price paid by the named executive officers and the fair market value of such security at the date of purchase, (iv) amounts paid out to compensate the named executive officers for personal days, of which employee is entitled to five, not utilized during the year, and (v) amounts reimbursed to certain executive officers for a reduction in earned vacation days available for use due to a Company policy change.
- (3) The figures for restricted stock awards made prior to August 2002 under the 2000 Omnibus Stock Plan (the Omnibus Plan ) include the dollar value of the difference between the purchase price paid to date by the named executive officer for stock and the fair market value of the stock on the

**Table of Contents**

date of grant. The purchase price of shares awarded pursuant to the Omnibus Plan prior to August 2002 is paid over time out of cash dividends, when and if declared and paid by the Company. Seven years after the grant of restricted stock, the participant may elect to pay off any outstanding amount still owed for the purchase price of such restricted stock. Although the Company did not receive any cash at the time the shares were awarded, the recipient was immediately entitled to receive dividends and vote the shares. If the participant's employment with the Company is terminated for any reason other than death, retirement, termination without cause or disability, shares previously awarded are subject to reversion to the Company and in such event, the Company reimburses the participant for any dividends previously applied towards the purchase price of such restricted stock. For stock received under the employee stock purchase plan (the ESPP) or the Omnibus Plan prior to August 2002 vesting occurs when the stock has been fully paid for. Therefore, the timing of payment in full is impacted by changes to the Company's dividend policy from year to year. Dividends are paid on all shares of restricted stock received pursuant to the ESPP or the Omnibus Plan prior to August 2002 as and when dividends are declared by the Company with respect to its outstanding Common Stock. Dividends are paid on all shares of restricted stock received pursuant to the ESPP or the Omnibus Plan after August 2002 when such restricted stock is deemed outstanding pursuant to a five year vesting schedule whereby the restricted stock vests and therefore is deemed outstanding in five equal installments. After August 2002, the Company no longer issues stock subject to deferred payment for named executive officers.

Aggregate restricted stock holdings and the related amount owed at the end of 2005 for each of the named executive officers were:

(\*\*) Mr. Elliott joined the Company after it ceased issuing stock subject to deferred payment at less than the fair market value.

Restricted stock awards were made in 2005 under the Omnibus Plan. In January of 2005, the Company entered into restricted stock award agreements with certain of the executive officers pursuant to which awards made under the Omnibus Plan are subject to matching grants to the extent the executive officer purchases shares during the vesting period at fair market value. The award and matching grant each vest over a five-year period, commencing in 2006. The 2005 issuance is described more fully below under Report of the Compensation Committee. The Company has decided to discontinue the provision of matching grants starting in 2006.

B. *The Company's Profit Sharing and 401(k) Plan*

The Company's Profit Sharing and 401(k) Plan (the Plan) has two components, a savings component, and a profit sharing component. Under the savings component, which is available to all employees of the Company with at least six months of service, the Company matches employees' 401(k) contributions to the Plan of one percent (1%) to five percent (5%) of that employee's salary. Employee contributions and matching employer contributions are immediately one hundred percent (100%) vested. The amount allocated to each of the named executive officers in 2005 was \$10,500, in 2004 was \$10,250, and in 2003 was \$10,000 except that Mr. Elliott received no allocation in 2004 and 2003.

Under the 2005 profit sharing component of the Plan, which covers all employees of the Company with one or more years of service, the Company contributed twelve percent (12%) of its adjusted net income, as defined in the Plan, to the Plan's trust fund. Amounts contributed by the Company to the trust fund are allocated among participating employees based on salary and years of service to the Company. The salary portion of the allocations to the executive officers listed in this table were capped by the annual compensation limit which was \$200,000 in 2003, \$205,000 in 2004 and \$210,000 in 2005. The amounts allocated are invested in accordance

**Stock Option Grants**

The Compensation Committee may grant, to eligible Participants, awards of incentive stock options or nonqualified stock options; provided, however, that awards of incentive stock options shall be limited to employees of the Company or of any subsidiary of the Company. The Company did not grant any incentive stock options or nonqualified stock options during the last fiscal year.

**Severance Agreements**

John Zawacki and each of the named executive officers (with the exception of Mr. John Lasher, who retired on February 24, 2006) currently have change in control severance agreements (each a CIC Agreement and collectively referred to herein as the CIC Agreements) with the Company. The CIC Agreements are for a term of three years and will be extended by the Board of Directors of the Company for an additional year upon each annual anniversary date of the date of the CIC Agreement such that the remaining term is always three years. The CIC Agreements provide that at any time within three years following a change in control of the Company, if the Company terminates the executive's employment with the Company for any reason other than death, disability, retirement, or cause (as defined in the CIC Agreements), or the executive voluntarily terminates his employment following demotion, loss of title, office, significant authority or responsibility, any material reduction in compensation or benefits, or relocation of his principal place of employment, the executive will be entitled to receive a payment in an amount equal to three times (two times for Messrs. Rowe and Scalise) his respective base annual salary in effect immediately prior to the change in control or his termination (whichever is greater) plus the greater of (a) the executive's average annual incentive bonus over the previous three years or (b) the higher of the target incentive bonus in the year of the change in control or the year of termination. In addition, the CIC Agreements grant Messrs. Elliott and Zawacki the right to walk-away from the Company in the thirteenth month following a change in control rather than accept a demotion, loss of title, office, significant authority or responsibility, or any material reduction in compensation or benefits. The CIC Agreements also provide for the acceleration of vesting of any stock options or stock awards, the payment of three times (two times for Messrs. Rowe and Scalise) the amount of any target award

under the Program, the continuation of certain life and medical insurance benefits as well as retirement and out placement benefits. In addition, the Company will make gross up payments to the executive if any payments or benefits to be made under the CIC Agreement are subject to excise tax.

Mr. Elliott also has a severance arrangement with the Company that provides for twelve (12) months of his then current salary in the event of his involuntary separation with the company for other than material cause, retirement or death.

Robert D. Crowley and John A. Lasher (the Executives ) have each entered into a separation and release agreement with the Company, effective October 25, 2005 and February 24, 2006, respectively (the Agreements ). Pursuant to the Agreements, the Company has agreed to continue to provide each of the Executives their weekly salary for a specific severance period from the effective date of each Agreement, 66 weeks and 58 weeks for Messrs. Crowley and Lasher, respectively. Under the Agreements, the Executives will also be compensated for any unused accrued vacation or personal time, either in a lump sum or over a run-off period. The Executives may also continue coverage under any Company group health plan for a certain period of time. Additionally, any options or restricted shares granted on or before the effective date of the Agreements will vest on the effective date and the Executives will also receive a lump sum payment in consideration of participation in certain performance share plans.

**COMMITTEES OF THE BOARD OF DIRECTORS**

During 2005, the Board of Directors held thirteen meetings. Each incumbent member of the Board of Directors attended more than 75 percent of the total number of meetings of the Board of Directors and the total number of meetings of all committees of the Board on which he or she served. All members of the Board of Directors attended the prior year s annual meeting. While the Company does not have a policy with regard to board members attendance at annual meetings, the Company strongly encourages such attendance.

The Board of Directors has the following standing committees, which met during fiscal year 2005: Audit Committee, Compensation Committee, Executive Committee and Nominating and Corporate Governance Committee.

During 2005 a Special Committee was established to assist the Board of Directors respond to an unsolicited takeover bid, negotiate the sale of the Company s credit portfolio and commence a tender offer. The Special Committee consisted of Bryan J. Flanagan, Craig N. Johnson, Thomas P. McKeever, Ronald L. Ramseyer, Michael A. Schuler, and John E. Zawacki. Two of the non-management members of the Special Committee, Ronald L. Ramseyer and Michael A. The Special Committee was dissolved after termination of the tender offer.

**Audit Committee**

The Audit Committee consists of Harriet Edelman, John O. Hanna, Craig N. Johnson, and Michael A. Schuler. The Audit Committee met seven times during 2005. The Audit Committee assists the Board of Directors in fulfilling its responsibilities concerning corporate accounting, the reporting practices of the Company and the integrity and quality of financial reports of the Company. All members of the Audit Committee are independent as that term is defined by the American Stock Exchange. Michael A. Schuler is the Audit Committee Financial Expert as that term is defined in Item 401(h) of Regulation S-K.

In addition, the Audit Committee considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee, or its Chairman on behalf of the Audit Committee, has discussed the interim financial information contained in the Company's quarterly earnings announcements with management and the independent auditors prior to public release. The Audit Committee has reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2005, with management and the independent auditors.

Based on the above-mentioned reviews and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005. The Audit Committee also recommended the reappointment, subject to shareholder ratification, of Ernst & Young LLP as independent public accountants of the Company for fiscal year 2006 and the Board of Directors concurred in such recommendation.

*General.* The Compensation Committee of the Board of Directors is responsible for salary levels, bonuses and other compensation components for all officers of the Company deemed by the Board of Directors to be within the SEC's definition of executive officer, i.e., a company's president, any vice president in charge of a principal business unit, division or function or any other officer or person who performs similar policymaking functions for the Company. All named executive officers of the Company are considered executive officers.

The Compensation Committee's decisions on compensation levels for the Chief Executive Officer and other executive officers with respect to all compensation, with the exception of compensation received pursuant to the incentive programs (see discussion below under Incentive Awards and Restricted Stock Awards), ultimately were subjective and were based on consideration of a number of qualitative factors. A market analysis for each executive position is performed by Towers Perrin, including an assessment of market based compensation at the 50th percentile (base salary), benchmarking target total annual compensation (base salary and target annual incentive), and target total direct compensation (base salary, targeted annual incentive and long term incentives). No one factor was determinative of the compensation level of any of the executive officers. Moreover, the Compensation Committee did not weigh any one factor against any other in the determination of the salaries, bonuses and other compensation components of the executive officers.

**Table of Contents**

John E. Zawacki, President and Chief Executive Officer of the Company, participated, at the request of the Compensation Committee, in the evaluation and discussion of appropriate salary levels for all executive officers, except his own compensation. Mr. Zawacki does not participate in the evaluation or determination of his own compensation except that he has requested, and the Compensation Committee has agreed, to receive no increases in his own base salary. This has occurred in both 2005 and 2004.

*Executive Salaries and Bonuses.* The Compensation Committee annually reviews and evaluates base salaries and annual bonuses for its Chief Executive Officer and other executive officers pursuant to a compensation schedule (the Schedule ), which is based both upon the recommendations of internal management and upon those of an outside compensation consultant. The Schedule was most recently updated in 2005 when a review was conducted of the compensation paid to the Company's exempt employees, inclusive of all executive officers. The Schedule includes compensation ranges for differing position grades and levels based upon a review process that included a proxy analysis and a survey of compensation levels of related position responsibilities among similar industries, as well as the regional market, provided by the Company's outside compensation consultant.

Individual salaries for the Chief Executive Officer and other executive officers are determined on the basis of the executive officer's job grade, experience, and individual performance. The Chief Executive Officer and executive officers' salary ranges are reviewed annually, with assistance from the Company's outside compensation consultant, to provide for as-needed and market-based adjustments. Ongoing market benchmarking relative to the placement of individual executive officer positions within the compensation structure is performed commensurate with changes in assigned duties and responsibilities. With the assistance of the Company's outside compensation consultant, a comprehensive and market-based assessment of the Chief Executive Officer and other executive officer compensation structure is performed every three to four years.

In 2005, the Compensation Committee reviewed the base salary ranges of the Chief Executive Officer and other executive officer levels and compared the Company's base salary ranges with documented market ranges provided by the Company's outside compensation consultant. The Chief Executive Officer and all executive officer base salaries fell within the market ranges for their respective salary levels.

*Incentive Awards.* On January 17, 2005, the Compensation Committee reviewed and approved the incentive award schedule for fiscal year 2005. Under this incentive award schedule, executive officers, including the Chief Executive Officer, were eligible to receive awards equal to a percentage of their base salary income for the year. The percentage is dependent upon the Company's income before income taxes for the year. The threshold income before income taxes figure for 2005 was \$18,000,000. No incentive awards are received unless the Company's income before income taxes equals or exceeds this threshold figure. If the Company's income before income taxes exceeds the threshold incentive awards are increased within a graduated range. The Company's income before income taxes in 2005 (as determined by the Company in accordance with the incentive plan) was \$28,885,454; consequently, incentive compensation was paid by the Company to its executive officers, including its Chief Executive Officer, for fiscal year 2005.

*Stock Option Grants.* The Omnibus Plan, a comprehensive benefits plan adopted at the Company's April 18, 2000 Annual Meeting of Stockholders, gives the Company the ability to offer a variety of equity-based incentives to persons who are key to the Company's growth, development, and financial success. There were no stock option grants in 2005.

*Restricted Stock Awards.* Restricted stock awards under the Omnibus Plan are designed to recognize the contributions of individual employees, key to the Company's performance and to align the interests of management with that of our stockholders. For many years, the Company has endorsed the view that management and key employees of the Company should be stockholders of the Company, so that they will be motivated to increase stockholder value. This policy is implemented through the award

of rights to purchase shares of Common Stock under the Omnibus Plan to selected employees of the Company.

In 2004, the Compensation Committee adopted a new long-term compensation program (the Program) for executive officers, which provides for the grant of restricted stock and performance shares. On January 17, 2005, the Compensation Committee reviewed and approved the award schedule for the Program for 2005. The Program provides for executive officers to be paid an amount, which is a percentage of the employee's base salary, and is dependent in part on the cumulative results of the Company's pre-tax net income for the three years beginning in 2005. The percentage is determined using market survey data provided by an outside consultant. The compensation is payable in two equal parts: half is an award of restricted stock; and the other half is an award of performance shares payable in cash or stock at the end of the performance period, with the decision as to whether cash, stock or a combination of both should be paid is within the discretion of the Compensation Committee as ratified by the Board of Directors. The amount of the latter half is determined on the basis of a comparison of the Company's actual three-year results against cumulative goals set by the Board of Directors at the initiation of the three-year period. Please see the Long Term Incentive Plans Awards in Last Fiscal Year table on page for the threshold, target and maximum share amounts under the Program.

On January 18, 2005, in accordance with the Program, restricted stock awards were made to sixteen executive officers totaling 18,575 shares, with individual grants ranging from 275 to 5,125 shares. All awards made to executive officers in 2005 (under the Program) are subject to a five-year vesting schedule, whereby shares vest in five equal annual installments. Executive officers were also eligible to qualify for matching share awards based on their purchases of Common Stock in the open market or through their personal dividend reinvestment plan accounts, during the period from February 18, 2005 to December 15, 2005. These awards were granted on December 16, 2005, to six qualifying participants. A total of 7,821 restricted share awards were granted as fully paid at the closing price on December 16, 2005 (\$39.79). The Company has decided to discontinue the provision of matching grants starting in 2006.

Decisions of the Committee are final and binding on the Company, subject to ratification by the Board of Directors.

### **Executive Committee**

The Executive Committee of the Board of Directors consists of John O. Hanna, Craig N. Johnson, Harriet Edelman and John E. Zawacki. Mr. Johnson is the Chairman of the Executive Committee. The Executive Committee has the power to act on behalf of the board and to direct and manage the business and affairs of the Company whenever the board is not in session. The Executive Committee held five meetings during 2005.

### **Nominating and Corporate Governance Committee**

The Nominating and Corporate Governance Committee, which consists of Cynthia A. Fields, Murray K. McComas, Ronald L. Ramseyer and Michael A. Schuler, held four meetings during 2005. All members of the Nominating and Corporate Governance Committee are independent as that term is defined by the American Stock Exchange. The Nominating and Corporate Governance Committee is responsible for considering and recommending the nominees for director to stand for election at the Company's Annual Meeting of Stockholders, as well as recommending director candidates in the interim and reviewing recommendations of nominees for executive officer positions. In addition, the

Nominating and Corporate Governance Committee is responsible for developing, recommending, reviewing and evaluating various corporate governance principles and practices.

Effective March 23, 2004, the Nominating and Corporate Governance Committee adopted a Nominating and Corporate Governance Committee charter. A copy of the Nominating and Corporate Governance Committee charter is available on the Company's website: [www.blair.com](http://www.blair.com).

The Company does not have a policy with regard to the consideration of any director candidates recommended by security holders. The Board of Directors believes a policy specific to candidates recommended by security holders is not necessary because the Board follows the same evaluation procedures whether directors or stockholders recommend a candidate.

In identifying and evaluating nominees for director, the Nominating and Corporate Governance Committee considers whether the candidate has the highest ethical standards and integrity and sufficient education, experience and skills necessary to understand and wisely act upon the complex issues that arise in managing a publicly-held company.

The Nominating and Corporate Governance Committee annually assesses the qualifications, expertise, performance and willingness to serve of existing directors. If at any time during the year the Nominating and Corporate Governance Committee determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, an independent director, within the meaning of the American Stock Exchange and SEC rules, designated by the Nominating and Corporate Governance Committee, will initiate a search, working with staff support and seeking input from other directors and senior management, and considering any nominees previously submitted by stockholders. The assistance of a corporate recruiting firm specializing in director level searches may be employed to assist in this process.

The Nominating and Corporate Governance Committee is responsible for identifying an initial slate of candidates satisfying the qualifications set forth above for election at each annual meeting of stockholders. The Nominating and Corporate Governance Committee will then determine if other directors or members of senior management have relationships with the candidates and can initiate contact. To the extent feasible, all of the members of the Nominating and Corporate Governance Committee will evaluate the prospective candidates. Evaluations and recommendations of the Nominating and Corporate Governance Committee will be submitted to the whole Board for final evaluation. The Board will meet to consider such information and to select candidates for election or appointment to the Board.

With the exception of Jerel G. Hollens, each of the nominees approved by the Nominating and Corporate Governance Committee for inclusion on the Company's Proxy Card are nominees who are directors standing for re-election. A non-management director recommended Mr. Hollens for nomination.

**PROPOSAL 3. APPOINTMENT OF INDEPENDENT  
CERTIFIED PUBLIC ACCOUNTANTS**

The Company's independent public accountants for the year ended December 31, 2005 were Ernst & Young LLP. The Audit Committee of the Company's Board of Directors has reappointed Ernst & Young LLP to continue as independent public accountants for the Company for the year ending December 31, 2006, subject to the ratification of such appointment by the stockholders. Fees for the last two fiscal years were:

	2005	2004
Audit Fees	\$ 718,448	\$ 823,974
Audit-Related Fees(1)		
44,800 50,200		
Tax Fees(2)		
14,398 57,964		
All Other Fees		

(1) Fees billed for assurance and related services relating to audit and financial statements (Profit Sharing and Savings Plan Audit).

(2) Fees billed for professional services rendered for foreign tax services.

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent public accountant. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent public accountant is engaged to perform it. The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services provided that the Chair reports any decisions to the Committee at its next scheduled meeting.

All audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

A resolution calling for the ratification of the appointment of Ernst & Young LLP will be presented at the Annual Meeting. Representatives of Ernst & Young LLP will be present at the Annual Meeting to make a statement if they desire to do so and to respond to appropriate questions.

**The Audit Committee of the Board of Directors recommends ratification of the appointment of Ernst & Young LLP.**
