Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Stock Option Awards and Restricted Stock Grants. On May 31, 2007, the Compensation Committee of the Board of Directors of Graham Corporation (the Company) approved the grant of stock option awards and restricted stock grants in the amounts set forth below to certain of the Company's named executive officers. On the same day, the Compensation Committee approved the grant of stock options in the amounts set forth below to the Company's directors. All such stock option awards and restricted stock grants were made under the 2000 Graham Corporation Incentive Plan to Increase Shareholder Value (the Plan). Each stock option has an exercise price of \$17.25 per share (that being that closing price of the Company's Common Stock on the American Stock Exchange on the date of grant), vests 25% per year over four years and expires ten years from the date of grant. The restricted stock vests 10% on the first anniversary of the date of grant, 20% on the second anniversary of the date of grant, 30% on the third anniversary of the date of grant, and 40% on the fourth anniversary of the date of grant.

The number of stock options awarded to the below-listed named executive officers was determined by multiplying each such officer's base salary by 20%, and then dividing the product by the per share option value (determined using the Black-Scholes valuation method).

The number of shares of restricted stock granted to the below-listed named executive officers was determined in accordance with the Company's Executive Bonus Plan in effect for the fiscal year ended March 31, 2007 (Fiscal 2007) and based on the achievement by the Company of net income and working capital objectives during Fiscal 2007.
