### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### Results of Operations

Three Months Ended March 31, 2001 Compared to  
Three Months Ended March 31, 2000  
-----

In the third quarter of fiscal 2001, the Company had net sales of \$16.3 million compared with \$17.4 million in the corresponding period of fiscal 2000, a decrease of \$1.1 million or 6.5%. The sale of the operating assets of Niemand Industries, Inc. ("Niemand") in February 2000 accounted for \$0.3 million of the decrease. The Company also considers the remaining reduction in net sales from retained operations to be consistent with the overall slow-down in economic conditions.

Gross profit for the third quarter of fiscal 2001 increased to 20.4% of net sales from 19.3% in the corresponding period of fiscal 2000. This

## Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form 10-Q

increase was due primarily to the divestiture of low margin business from the sale of the operating assets of Niemand. Additionally, the Company still benefits from continuing cost control efforts and productivity gains carried over from the previous year. Despite the reduction in sales from retained operations, the Company was able to maintain a consistent gross profit percentage. Cost of goods sold decreased \$1.1 million, or 7.8%, to \$13.0 million in the third quarter of fiscal 2001 compared to \$14.1 million in the third quarter of fiscal 2000. The sale of the operating assets of Niemand accounted for \$0.5 million of the decrease.

Operating income for both the third quarter of fiscal 2001 and 2000 was \$1.3 million. Selling, general and administrative expenses remained consistent at \$2.0 million for both the third quarter of fiscal 2001 and 2000. This is the result of an increase in third party brokers commissions, offset by decreases from the sale of the operating assets of Niemand and reduced payroll.

Total interest expense decreased \$0.1 million, or 18.8%, to \$0.6 million in the third quarter of fiscal 2001 from \$0.7 million in the corresponding period of fiscal 2000. The decrease is primarily the result of a blend of \$4.0 million in lower average borrowings coupled with a decrease in the average interest rate of 0.8%.

The income tax provision as a percentage of pre-tax income for the third quarter of fiscal 2001 was 26.7% compared with 43.1% for the corresponding period in fiscal 2000. The effective tax rate typically differs from the statutory rate primarily as a result of non-deductible amortization of the excess of purchase price over net assets acquired. However, as a result of earnings improvements, the Company reduced its deferred income tax asset valuation allowance by \$0.1 million in the third quarter of fiscal 2001 to reflect a change in estimate related to the realizability of its deferred income tax assets.

### GIBRALTAR PACKAGING GROUP, INC. AND SUBSIDIARIES

Nine Months Ended March 31, 2001 Compared to  
Nine Months Ended March 31, 2000  
-----

In the first nine months of fiscal 2001, the Company had net sales of \$49.1 million compared with \$51.7 million in the corresponding period of fiscal 2000, a decrease of \$2.6 million or 5.0%. An increase in sales from retained operations of \$1.3 million was offset by a reduction in sales of \$3.9 million following the sale of the operating assets of GB Labels, Inc. ("GB Labels") in August 1999 and Niemand in February 2000.

Gross profit for the first nine months of fiscal 2001 increased to 20.9% of net sales from 18.8% in the corresponding period of fiscal 2000. This increase was due primarily to an influx of new business with higher margins and the divestiture of low margin business from the sale of the operating assets of Niemand. Additionally, the Company still benefits from continuing cost control efforts and productivity gains carried over from the previous year. Cost of goods sold decreased \$3.1 million, or 7.4%, to \$38.8 million in the first nine months of fiscal 2001 compared to \$42.0 million in the same period for fiscal 2000. The

## Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form 10-Q

sale of the operating assets of GB Labels and Niemand accounted for \$3.8 million of the decrease, partially offset by increases related to higher sales from retained operations.

Operating income for the first nine months of fiscal 2001 was \$4.2 million compared with \$3.6 million in the corresponding period of fiscal 2000, an increase of \$0.6 million or 15.2%. This increase was the result of the operating improvements from the retained operations and the sale of the operating assets of GB Labels and Niemand. Selling, general and administrative expenses remained consistent at \$5.9 million for both the first nine months of fiscal 2001 and 2000. This is the result of an increase in third party brokers commissions, offset by a decrease due to the sale of the operating assets of Niemand and GB Labels.

Total interest expense decreased \$0.3 million, or 14.7%, to \$2.0 million in the first nine months of fiscal 2001 from \$2.3 million in the corresponding period of fiscal 2000. The decrease is primarily the result of \$4.9 million in lower average borrowings.

The income tax provision as a percentage of pre-tax income for the first nine months of fiscal 2001 was 26.7% compared with 43.8% for the corresponding period in fiscal 2000. The effective tax rate typically differs from the statutory rate primarily as a result of non-deductible amortization of the excess of purchase price over net assets acquired. However, as a result of earnings improvements, the Company reduced its deferred income tax asset valuation allowance by \$0.3 million in the first nine months of fiscal 2001 to reflect a change in estimate related to the realizability of its deferred income tax assets.

#### Financial Condition

The Company's credit facility with First Source Financial LLP ("First Source"), as amended, provides for a five-year \$25 million term loan and a five-year \$12 million working capital revolving line of credit ("Revolver"). The loan requires monthly principal payments of \$229,167 through April 2003, with the balance of \$10,023,435 due on July 31, 2003. The credit facility is secured by a first priority perfected security interest in and lien on all assets (real and personal, tangible and intangible) of the Company excluding its Burlington, North Carolina property.

The Revolver provides for a revolving line of credit under a borrowing base commitment subject to certain loan availability requirements. Loan availability under the Revolver may not exceed the lesser of (1) \$12 million or (2) the sum of (a) up to 85% of the Company's eligible accounts receivable plus (b) up to 60% of the Company's eligible inventory. At no time may the sum of aggregated loan advances outstanding under the Revolver plus the aggregate amount of extended letter of credit guarantees exceed loan availability. The Company had available to it unused borrowing capacity of \$1.6 million as of March 31, 2001.

The Revolver currently bears interest at First Source's prime rate plus

## Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form 10-Q

1.25% or the London Interbank Offered Rate ("LIBOR") plus 3.25%. The term loan currently bears interest at First Source's prime rate plus 1.75% or LIBOR plus 3.75%. The Company also pays a commitment fee of 0.5% on the unused portion of the Revolver. The interest rates at March 31, 2001 were a combination of prime and LIBOR. First Source's prime and LIBOR rates were 8.00% and 5.05%, respectively, at March 31, 2001.

As of March 31, 2001, all outstanding letters of credit were guaranteed by First Source. The Company pays a letter of credit fee of 2.75% to guarantee availability under the Revolver. Outstanding letters of credit at March 31, 2001 amounted to \$160,000 and relate to workman's compensation insurance policies.

The First Source credit facility contains certain restrictive covenants including financial covenants related to net worth, minimum interest coverage ratio, capital expenditures, debt ratio and fixed charge coverage. As of March 31, 2001, the Company was in compliance with all financial covenants. In addition, the Company's credit facility restricts the ability of the Company to pay dividends.

At March 31, 2001, the Company had working capital of \$3.1 million, as compared to \$2.3 million at July 1, 2000. Historically, the Company's liquidity requirements have been met by a combination of funds provided by operations and its revolving credit agreements. Funds provided by operations during the nine months ended March 31, 2001 were \$2.6 million compared with funds provided of \$2.0 million in the corresponding period in fiscal 2000.

7

### GIBRALTAR PACKAGING GROUP, INC. AND SUBSIDIARIES

During the nine months ended March 31, 2001, capital expenditures totaled \$0.6 million compared with \$0.3 million in the corresponding period in fiscal 2000, and consisted primarily of additions to machinery and equipment. The Company makes capital improvements to improve efficiency and product quality, and periodically upgrades its equipment by purchasing or leasing new or previously used equipment.

The Company's current strategy is to continue to focus its efforts on its core business of folding cartons, as well as the supporting product lines of flexible, litho-laminated, and corrugated products. The Company intends to expand these product lines by utilizing the maximum capacity at each facility, while continually identifying, researching, and when applicable, implementing new technologies and equipment that will enable the Company to continue to improve performance, productivity, and profitability.

Under the current strategy, management believes that future funds generated by operations and borrowings available under its credit facility with First Source will be sufficient to meet working capital and capital expenditure requirements in the near term.

#### Forward-Looking Statements

Statements that are not historical facts, including statements about our confidence in the Company's prospects and strategies and our expectations about the Company's sales expansion, are forward-looking statements that involve risks and uncertainties. These risks and

## Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form 10-Q

uncertainties include, but are not limited to: (1) the Company's ability to execute its business plan; (2) market acceptance risks, including whether or not the Company will be able to successfully gain market share against competitors, many of which have greater financial and other resources than the Company, and the continuing trend of customers to increase their buying power by consolidating the number of vendors they maintain; (3) manufacturing capacity constraints, including whether or not, as the Company increases its sales, it will be able to successfully integrate its new customers into its existing manufacturing and distribution system; (4) the introduction of competing products by other firms; (5) pressure on pricing from competition or purchasers of the Company's products; (6) whether the Company will be able to pass on to its customers price increases for paper and paperboard products; (7) continued stability in other raw material prices, including oil-based resin and plastic film; (8) the impact of government regulation on the Company's manufacturing, including whether or not additional capital expenditures will be needed to comply with applicable environmental laws and regulations as the Company's production increases; (9) the Company's ability to continue to comply with the restrictive covenants in its credit facility or to obtain waivers if it is not in compliance in the future; and (10) the outcome of the Anthem Health Plans litigation. Investors and potential investors are cautioned not to place undue reliance on these forward-looking statements, which reflect the Company's analysis only as of the date of this report. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date of this report. These risks and others that are detailed in this Form 10-Q and other documents that the Company files from time to time with the Securities and Exchange Commission, including its annual report on Form 10-K and any current reports on Form 8-K, must be considered by any investor or potential investor in the Company.

8

### GIBRALTAR PACKAGING GROUP, INC. AND SUBSIDIARIES

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company's primary market risk is fluctuation in interest rates. All of the Company's debt at March 31, 2001 was at variable interest rates. A hypothetical 10% change in interest rates would have had a \$0.2 million impact on interest expense for the nine months ended March 31, 2001.

9

### GIBRALTAR PACKAGING GROUP, INC. AND SUBSIDIARIES

#### PART II. OTHER INFORMATION

##### Item 1. Legal Proceedings

From time to time, the Company is a party to lawsuits and administrative proceedings that arise in the conduct of its business. While the outcome of these lawsuits and proceedings cannot be predicted

Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form 10-Q

with certainty, management believes that, if adversely determined, the lawsuits and proceedings, either singularly or in the aggregate, would not have a material adverse effect on the financial condition, results of operations or net cash flows of the Company.

On April 28, 1999, the Company filed a lawsuit captioned Gibraltar Packaging Group, Inc. v. Anthem Health Plans, d.b.a. Anthem Blue Cross and Blue Shield of Connecticut ("Anthem"), in the United States District Court for the District of Connecticut. The Company is seeking damages for Anthem's alleged breach of a contract for health insurance for employees of the Company. In October 2000, Anthem filed a counterclaim for unpaid premiums. The amount of the counterclaim is unknown. Discovery has revealed that a third party may be liable to indemnify the Company for all or part of the counterclaim, and the Company has brought a third party claim against this party in the litigation. There can be no assurances that the outcome of the litigation would not have an adverse impact on the Company. The parties participated in a settlement mediation in December 1999. It was determined that more information be gathered through depositions, which are ongoing. The Company anticipates another settlement mediation will be scheduled before the end of calendar 2001.

Item 4. Submission of Matters to a Vote of Security Holders
