Independent Auditors' Report

To the Board of Trustees  
World Acceptance Corporation Retirement Savings Plan:

We have audited the financial statements of the World Acceptance Corporation Retirement Savings Plan (the "Plan") as of December 31, 2000 and 1999 and for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied

in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WORLD ACCEPTANCE CORPORATION  
RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2000 and 1999

(1) Description of Plan

The following description of the World Acceptance Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was formed in February 1993, is a defined contribution plan and is subject to the provisions of the Employee

## Edgar Filing: WORLD ACCEPTANCE CORP - Form 11-K

Retirement Income Security Act of 1974 ("ERISA"). On January 1 and July 1 of each year, employees of World Acceptance Corporation (the "Plan Sponsor" or "Company") who meet certain eligibility requirements become participants in the Plan.

(b) Administrative Costs

Substantially all administrative costs of the Plan are paid by the Plan Sponsor.

(c) Contributions

The Plan provides for participant contributions on a pretax compensation reduction basis. Participants may elect to contribute to the Plan by deferring one to fifteen percent of annual compensation up to specified maximum amounts. The Company matches specified percentages, as determined by the Company's Board of Directors, of employee contributions. In applying the matching percentage, only employee contributions up to a maximum of 6 percent of compensation are eligible. Additional employer contributions are determined annually by the Board of Directors.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution. Additional employer contributions and forfeitures are allocated to individual participant accounts based on the proportion that each participant's annual compensation, as defined by the Plan, bears to the total annual compensation of all participants. Investment income is allocated to the individual participant accounts in the proportion which the account of each participant bears to the total of the accounts of all participants within each fund.

(e) Vesting

Participants are immediately vested in their voluntary contribution plus earnings thereon. Vesting of employer contributions is based on years of continuous service. A participant is 100% vested after seven years of credited service, according to the following schedule:

Years of Service	Percent of Nonforfeitable Interest
-----	-----
Less than 1	0%
1	0%
2	0%
3	20%
4	40%
5	60%
6	80%

7 or more

100%

Notwithstanding the aforementioned, upon reaching normal retirement age or upon death or disability, participants become 100% vested.

(f) Payment of Benefits

Participants are entitled to receive a distribution of their vested accounts upon the occurrence of retirement, death, total and permanent disability, or termination of employment for any other reason. Vested participants are also entitled to leave their benefits in the Plan until retirement. The method of payment is a lump-sum distribution.

(g) Forfeitures

The Plan allocates participant forfeitures of employer matching contributions as a reduction of the matching contributions otherwise made for the plan year following the plan year in which the forfeiture occurs. Forfeitures of other employer contributions are treated as if the forfeitures were additional Plan Sponsor nonelective contributions for the plan year in which the forfeitures occur.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements have been prepared on an accrual basis of accounting in accordance with generally accepted accounting principles.

RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2000 and 1999

In September 1999, the American Institute of Certified Public Accountants issued Statement of Position 99-3, Accounting for and Reporting of Certain Defined Contributions Plan Investments and Other Disclosure Matters (SOP 99-3). SOP 99-3 simplifies the disclosure for certain investments and is effective for plan years ending after December 15, 1999 with earlier application encouraged. The Plan adopted SOP 99-3 during the Plan year ending December 31, 1999. Accordingly, information previously required to be disclosed about participant-directed fund investment programs is not presented in the Plan's 1999 and 2000 financial statements.

(b) Investments

Effective January 1, 1999, PaineWebber is the designated trustee of the Plan. The investments and changes therein of this trust fund have been reported to the Plan by PaineWebber as having been determined through the use of fair values. Fair value is determined through the use of quoted market values for the underlying investments. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

## Edgar Filing: WORLD ACCEPTANCE CORP - Form 11-K

- (c) Contribution Refund  
Refunds payable to participants at December 31, 2000 and 1999 were \$2,017 and \$30,943, respectively. These refunds were due to excess contributions, which were refunded to participants in 2001 for the year ended December 31, 2000 and in 2000 for the year ended December 31, 1999.
- (d) Payment of Benefits  
Benefits are recorded when paid. On termination of service, a participant will become eligible to receive a lump-sum amount equal to the value of his or her vested account balance.
- (e) Use of Estimates  
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (f) Reclassification  
Certain reclassifications have been made to the 1999 information to conform to the 2000 presentation. These reclassifications had no impact on net assets or the change in net assets as previously reported.

### (3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

### (4) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated November 12, 1993, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and believes that the Plan continues to qualify and to operate as designed.

Investments at December 31, 2000 and 1999 greater than 5% of net assets are as follows:
